Introduction

DESCRIPTION:

1. The offices of Infectious Disease, Surgery, GI, Population Health, Emergency Medicine, and Nursing have worked together to provide the following changes to the Screening COVID note template – in reflection of the current recommendations for VA national needs (as of 06/03/20).
 - a. The screen question for diarrhea was changed to include nausea and vomiting. If yes is chosen, the list of symptoms displays to choose which one.
 - b. A new screen question was added asking about headache, loss of taste or loss of smell. If yes is chosen, the list of symptoms displays to choose which one.
2. Based on feedback from the field, the COVID-19 return to work template was updated to include the following changes:
 - a. A local element was included for sites to add site specific information in the letter header area
 - b. Changed “tense” to be had not has for the status question.
 - c. Added new status option of Patient Tested Negative with date tested and a text field for comments (optional)
 - d. Changed the provider signature area to be local so that sites could either add a free text or dropdown field.

A new reminder dialog group named VA-UPDATE 148 COVID SCREEN UPDATE is included in this update, it contains only the reminder dialog elements and groups that changed in the COVID-19 screening template. This new dialog group was created so that when you install the exchange file, any local edits you had previously made to the local components in the screening template would not be impacted.

When you install it will update the COVID-19 screen template in multiple places including ED, Nursing Admission and SCI Screen as well as anywhere you have the COVID-19 screening template embedded.

UPDATE_2_0_148 contains 1 Reminder Exchange entry:

UPDATE_2_0_148 VA-COVID-19 TEMPLATE UPDATES

The exchange file contains the following components:

TIU TEMPLATE FIELDS

BLANK SPACE1
VA COVID COMMENT
COVID-19 CDC RISK ASSESSMENT

Install Details

This update is being distributed as a web host file. The address for the host file is:
https://vaww.va.gov/reminders/docs/UPDATE_2_0_148.PRD

The file will be installed using Reminder Exchange, programmer access is not required.

If your site is unable to use LWH, you will have a vista mail message with subject of UPDATE 148.

Installation:

=====

This update can be loaded with users on the system. Installation will take less than 10 minutes.

Install Example

To Load the Web Host File. Navigate to Reminder exchange in Vista

```
+          + Next Screen  - Prev Screen  ?? More Actions  >>>
CFE Create Exchange File Entry      LHF Load Host File
CHF Create Host File                 LMM Load MailMan Message
CMM Create MailMan Message           LR  List Reminder Definitions
DFE Delete Exchange File Entry       LWH Load Web Host File
IFE Install Exchange File Entry      RI  Reminder Definition Inquiry
IH  Installation History              RP  Repack
Select Action: Next Screen// LWH    Load Web Host File ←
Input the URL for the .prd file: https://vaww.va.gov/reminders/docs/UPDATE_2_0_148.PRD
```

At the **Select Action:** prompt, enter **LWH** for Load Web Host File

At the **Input the url for the .prd file:** prompt, type the following web address:

https://vaww.va.gov/reminders/docs/UPDATE_2_0_148.PRD

You should see a message at the top of your screen that the file successfully loaded.

Search and locate an entry titled **UPDATE_2_0_148 VA-COVID TEMPLATE UPDATES** in reminder exchange.
