Introduction

Description:
The Comprehensive Suicide Risk Evaluation (CSRE) was developed by the Veterans Affairs Office of Mental Health and Suicide Prevention (OMHSP) with input from field providers, suicide prevention leadership, mental health leadership and suicide risk assessment subject-matter-experts.

For Veterans who have indicated potential risk of suicide, the CSRE is a five-step evaluation used to gather information on suicide history, risk and protective factors, as well as, addresses patient’s levels of risk and suggests appropriate interventions. The National Comprehensive Suicide Risk Evaluation Note Template is based largely on the SAFE-T (Suicide Assessment Five-step Evaluation and Triage), due to its evidence base and its recognition by Joint Commission.

The development of a National Comprehensive Suicide Risk Evaluation Note Template will standardize the process of risk evaluation across VA and ensure that Veterans receive high-quality, evidence-based, validated comprehensive risk assessments.

It is anticipated the template will be completed during an encounter with a provider after positive suicide risk screenings and/or clinical judgment.

One reminder dialog is being distributed with this update:
VA-OSP SUICIDE RISK ASSESSMENT

UPDATE_2_0_43 contains 1 Reminder Exchange entry:
UPDATE_2_0_43 VA-SUICIDE RISK EVALUATION

The exchange file contains the following components:

Install Details

This update is being distributed as a web host file. The address for the host file is:
http://vista.med.va.gov/reminders/UPDATE_2_0_43.PRD

The file will be installed using Reminder Exchange, programmer access is not required.

Installation:
============
This update can be loaded with users on the system. Installation will take between 30-45 minutes.

Pre-Install Instructions

If you installed Update_2_0_39 VA-SUICIDE SAFETY PLAN, then you should have already completed the pre-install step below. Both templates use the same hyperlink field.

The install guide is available from the VDL:
This template uses the functionality of setting up a hyperlink in Microsoft Outlook to enable staff to start an email from the template to a national program office contact for questions or assistance. Creating this hyperlink in Outlook before installing the update will make it available for all staff in your facility.

1. In Microsoft Outlook, start a New Email message (as if you are going to send an email).
2. In the body of the email, right-click on the mouse and select “Hyperlink” or “Link” (different versions of Microsoft Office display this differently). The “Link to:” will default to “Existing File or Web Page” (see below).

To create an email hyperlink, on the left side under “Link to:”, choose: “E-mail Address”. Type the following email address in the “E-mail Address:” field: srmconsult@va.gov. As you begin to type, you will see the phrase mailto: appear in front of the email address along with the “Text to display” filling in with the same information. When done typing the email address in, click “OK”. You can leave the “Subject:’’ blank. See below for demonstration of the dialog box filled out.

After creating this hyperlink in Outlook, pre-installation is complete.
Install Example

To Load the Web Host File. Navigate to Reminder exchange in Vista

At the **Select Action:** prompt, enter **LWH** for Load Web Host File

At the **Input the url for the .prd file:** prompt, type the following web address:

http://vista.med.va.gov/reminders/UPDATE_2_0_43.PRD

http://vista.med.va.gov/reminders/UPDATE_2_0_43.PRD successfully loaded.

You should see a message at the top of your screen that the file successfully loaded.

Search and locate an entry titled UPDATE_2_0_43 VA-SUICIDE RISK EVALUATION in reminder exchange

At the **Select Action** prompt, enter **IFE** for Install Exchange File Entry

Enter the number that corresponds with your entry titled UPDATE_2_0_43 VA- SUICIDE RISK EVALUATION (in this example it is entry 90, it will vary by site)
At the Select Action prompt, type **IA** for Install all Components and hit enter.

Select Action: Next Screen/ IA

**You will see several prompts, for all new entries you will choose I to Install**

You will be prompted to install the reminder dialog component:

At the Select Action prompt, type **IA** to install the dialog – **VA-OSP SUICIDE RISK ASSESSMENT**

Select Action: Next Screen/ IA

All dialog components for VA-OSP SUICIDE RISK ASSESSMENT are new.

Install reminder dialog and all components with no further changes: **Y** // **Yes**
When the dialog has completed installation, you will then be returned to this screen. At the **Select Action** prompt, type **Q**.

**You will then be prompted to install the health summary components.**
Choose I to install each component.

You will then be returned to this screen. At the **Select Action** prompt, type **Q**.

Install complete.
Post Installation

1. **Make the Dialog able to be attached to a Personal/Shared template or to a progress note title.**
   
   From the Reminders Manager Menu:
   
   Select Reminder Managers Menu Option: **CP CPRS Reminder Configuration**
   
   - CA Add/Edit Reminder Categories
   - CL CPRS Lookup Categories
   - CS CPRS Cover Sheet Reminder List
   - MH Mental Health Dialogs Active
   - PN Progress Note Headers
   - RA Reminder GUI Resolution Active
   
   **TIU** TIU Template Reminder Dialog Parameter
   
   - DL Default Outside Location
   - PT Position Reminder Text at Cursor
   
   Select CPRS Reminder Configuration Option: **TIU TIU Template Reminder Dialog Parameter**
   
   Reminder Dialogs allowed as Templates may be set for the following:
   
   1. User USR [choose from NEW PERSON]
   2. Service SRV [choose from SERVICE/SECTION]
   3. Division DIV [choose from INSTITUTION]
   4. System SYS [NATREM.FO-SLC.MED.VA.GOV]
   
   Enter selection: **5 Choose the appropriate number for your site. Your site may do this by System or other levels. The example below uses SYSTEM level**
   
   Setting Reminder Dialogs allowed as Templates for System:
   
   Select Display Sequence: ?
   
   148 VA-VETERANS CHOICE NOTE
   149 VA-TBI SCREENING
   
   *When you type a question mark above, you will see the list of #’s (with dialogs) that are already taken. Choose a number NOT on this list. For this example, looking above I see the number 150 is not present, so I will use 150.*

   Select Display Sequence: **150**
   
   Are you adding 150 as a new Display Sequence? Yes/ Y YES
   
   Display Sequence: 150/ <Enter> 150
   
   Clinical Reminder Dialog: **type in the name of the dialog**
   
   VA-OSP SUICIDE RISK ASSESSMENT then <enter> reminder dialog NATIONAL OK? Yes/ <Enter> (Yes)
2. Setup of Note title
The Comprehensive Suicide Risk Evaluation should be set up as a note title. Add it to the same document class as your other Mental Health notes.

Name: **SUICIDE RISK EVALUATION - COMPREHENSIVE**
VHA Enterprise Standard Title: **SUICIDE RISK ASSESSMENT NOTE** or **SUICIDE PREVENTION RISK ASSESSMENT SCREENING NOTE**

Comprehensive information on Creating Document Definitions can be found beginning on page 47 of the TIU/ASU Implementation Guide

3. Associate the reminder dialog with the note title or shared template in CPRS.
To do this, go to Template Editor, then Document Titles, select the appropriate folder (if applicable), and choose New Template (top right-hand corner).
1. Type in the following information:
   Name: **Suicide Risk Evaluation - Comprehensive**
   Template Type: **Reminder Dialog**
   Reminder Dialog: **VA-OSP SUICIDE RISK ASSESSMENT**

   Next, type in the Associated Title, which in this case is:
   **SUICIDE RISK EVALUATION - COMPREHENSIVE**
   Hit Apply and OK
4. **Add the orderable items within the dialog:**
   There are several sections for referrals, these groups and elements are all classified as local so that you can update or add to or remove elements if needed. Please review with your local services to determine what would be the appropriate order for each section.

   Using the menu, Reminder Dialog Management, Reminder Dialogs, Change the view to dialog and search for the reminder dialog VA-OSP SUICIDE RISK ASSESSMENT. Within that dialog, you can Search for the following components and edit.

   - Add a quick order that represents a referral or consult for evidence based psychotherapy as an additional finding to the element VAL-SUICIDE ACTION REF PSYCHOTHERAPY.
   - Add a quick order that represents a referral or consult to your Chaplain/Pastoral service as an additional finding to the element VAL-SUICIDE ACTION REF CHAMPLAIN.
   - Add a quick order that represents a referral or consult to your peer support program as an additional finding to the element VAL-SUICIDE ACTION REF PEER SUPPORT. This is a local element and you can change the wording if appropriate to best match your local service. You can also disable this element if your site does not offer this service.
   - Add the menu name for your consult menu to the option VAL-SUICIDE ACTION CONSULT OTHER if appropriate. In the dialog, this represents Other Referral/Consult. If you do not want a menu to automatically open when the user clicks finish, do not map anything.
   - Add a quick order that represents a referral or consult to vocational rehabilitation/occupational rehabilitation services as an additional finding to the element VAL-SUICIDE ACTION VOC REHAB CON.
   - Add a quick order that represents a referral or consult to PRRC and/or MHICM services as an additional finding to the element VAL-SUICIDE ACTION SMI CONSULT.
   - Add a quick order that represents a referral or consult to residential mental health services as an additional finding to the element VAL-SUICIDE ACTION RESID CONSULT.

**NOTE:** If you require further technical assistance, if there are any questions or problems during the installation, please notify your local IT support to log a national help desk ticket or contact the VA Service Desk and have them submit a national ticket to:
