Clinical Reminders

VA-COMPREHENSIVE SUICIDE RISK EVALUATION UPDATE

Install Guide

August 2019

Product Development
Office of Information Technology
Department of Veterans Affairs

Table of Contents

Introduction

Description:

In 2018 a national comprehensive suicide risk assessment/evaluation (CSRE) was released.

Based on feedback from the field, the Office of Mental Health and Suicide Prevention (OMHSP) organized a workgroup to review and make recommendations to streamline the CSRE. This updated version of the CSRE template contains the core required components to comprehensively evaluate patient risk for suicide. The very-detailed questions about the suicide attempt method(s) have been removed. Other sections contain wording updates and simplifications. Overall, the revised CSRE template was re-designed to be easier and more streamlined to complete than the previous CSRE version.

One reminder dialog is being distributed with this update:
VA-OSP SUICIDE RISK ASSESSMENT

UPDATE_2_0_77 contains 1 Reminder Exchange entry:
UPDATE_2_0_77 VA-OSP CSRE UPDATE

The exchange file contains the following components:
REMINDER DIALOG
VA-OSP SUICIDE RISK ASSESSMENT

Pre-Install

1. Using the Vista menu, Reminder Dialog Management, Reminder Dialogs, change your view to dialog element and do an inquire/print on the following reminder elements; you will need to use these as references during post-install:
   a. VAL-SUICIDE ACTION REF PSYCHOTHERAPY
   b. VAL-SUICIDE ACTION REF CHAMPLAIN.
   c. VAL-SUICIDE ACTION REF PEER SUPPORT
   d. VAL-SUICIDE ACTION CONSULT OTHER
   e. VAL-SUICIDE ACTION VOC REHAB CON
   f. VAL-SUICIDE ACTION SMI CONSULT
   g. VAL-SUICIDE ACTION RESID CONSULT

2. You should have installed UPDATE_2_0_49 VA-SUICIDE BEHAVIOR AND OVERDOSE REPORT prior to installing this update. You can confirm that this is installed by checking the install history of the exchange file.

   If you need to install it, here is a link to the install guide:
   https://www.va.gov/vdl/documents/Clinical/CPRS-Clinical_Reminders/update_2_0_49_ig.pdf

Install Details

This update is being distributed as a web host file. The address for the host file is:
http://vista.med.va.gov/reminders/UPDATE_2_0_77.PRD

The file will be installed using Reminder Exchange, programmer access is not required.

Installation:
=============
This update can be loaded with users on the system. Installation will take around an hour.

Install Example

To Load the Web Host File. Navigate to Reminder exchange in Vista

```
+          + Next Screen   - Prev Screen   ?? More Actions            >>>
CFE   Create Exchange File Entry      LHF   Load Host File
CHF   Create Host File                LMM   Load MailMan Message
CMM   Create MailMan Message          LR    List Reminder Definitions
DFE   Delete Exchange File Entry      LWH   Load Web Host File
IFE   Install Exchange File Entry     RI    Reminder Definition Inquiry
IH    Installation History            RP    Repack
Select Action: Next Screen// LWH   Load Web Host File
Input the URL for the .prd file: http://vista.med.va.gov/reminders/UPDATE_2_0_77.PRD
```

At the **Select Action:** prompt, enter **LWH** for Load Web Host File
At the **Input the url for the .prd file:** prompt, type the following web address:
http://vista.med.va.gov/reminders/UPDATE_2_0_77.PRD

You should see a message at the top of your screen that the file successfully loaded.

```
http://vista.med.va.gov/reminders/UPDATE_2_0_77.PRD successfully loaded.
```

Search and locate an entry titled **UPDATE_2_0_77 VA-OSP CSRE UPDATE** in reminder exchange.

```

Select Action: Next Screen// Q
```

You will then be returned to this screen. At the **Select Action** prompt, type **Q.**

Install complete.

Post Installation

1. **Add the orderable items and local information within the dialog:**
   There are several components for local information, identification of local contacts, and/or referrals. These groups and elements are all classified as local so that you can update, add to, or remove elements if needed. If you are unsure what information and/or order(s) to add, consult with your local services to determine what is appropriate for each section.

   Using the menu, Reminder Dialog Management → Reminder Dialogs, Change the view to dialog and search for the reminder dialog VA-OSP SUICIDE RISK ASSESSMENT. Within that dialog, you can search for the following components and edit.

   For several of the elements listed below, please review your saved inquiry from the pre-install. Do NOT remove the national health factors attached to these elements.

   a. If your site has a quick order that is used to notify your suicide prevention coordinators, you can add this quick order as an additional finding to the dialog group VA-SBOR FOR MOST RECENT ATTEMPT N. This will alert your team when a new suicide attempt is documented if your order is set up appropriately.
   b. If your site has a quick order that is used to notify your opioid risk review team when an overdose has been reported, you can add this quick order as an additional finding to the dialog element VA-MOST RECENT METHOD OVERDOSE. This will alert your team when a new suicide attempt with a method of overdose is documented if your order is set up appropriately.
   c. Add a quick order that represents a referral or consult for evidence-based psychotherapy as an additional finding to the element VAL-SUICIDE ACTION REF PSYCHOTHERAPY.
   d. Add a quick order that represents a referral or consult to your Chaplain/Pastoral service as an additional finding to the element VAL-SUICIDE ACTION REF CHAMPLAIN.
   e. Add a quick order that represents a referral or consult to your peer support program as an additional finding to the element VAL-SUICIDE ACTION REF PEER SUPPORT. This is a local element and you can change the wording if appropriate to best match your local service. You can also disable this element if your site does not offer this service.
   f. Add the menu name for your consult menu to the option VAL-SUICIDE ACTION CONSULT OTHER if appropriate. In the dialog, this represents Other Referral/Consult. If you do not want a menu to automatically open when the user clicks finish, do not map anything.
   g. Add a quick order that represents a referral or consult to vocational rehabilitation/occupational rehabilitation services as an additional finding to the element VAL-SUICIDE ACTION VOC REHAB CON.

    h.   Add a quick order that represents a referral or consult to PRRC and/or MHICM services as an additional finding to the element VAL-SUICIDE ACTION SMI CONSULT.

    i.   Add a quick order that represents a referral or consult to residential mental health services as an additional finding to the element VAL-SUICIDE ACTION RESID CONSULT.

NOTE: If you require further technical assistance, if there are any questions or problems during the installation, please notify your local IT support to log a national help desk ticket or contact the VA Service Desk and have them submit a national ticket to:
