

NATIONAL DRUG FILE (NDF)

USER MANUAL

Version 4.0 October 1998

(Revised April 2011)

Department of Veterans Affairs _____ Product Development

Revision History

The table below lists changes made since the initial release of this manual. Each time this manual is updated, the Title Page lists the new revised date and this page describes the changes. Either update the existing manual with the Change Pages document, or replace it with the updated manual.

Note: The Change Pages document may include unedited pages needed for two-sided copying. Only edited pages display the patch number and revision date in the page footer.

| Date | Revised Pages | Patch Number | Description |
|---------|-------------------------------------|-----------------|---|
| 04/2011 | i-iv, 40b-d, 41a-f | PSN*4*262 | Added text and screen captures for options <i>Inquire to</i> <i>National Files</i> [PSNACT] and <i>Inquire to VA Product</i> <i>Info for Local Drug</i> [PSNLOOK] to display the three new fields created by PSN*4*261. These fields reflect enhancements to prevent the inadvertent creation of supra-therapeutic possible dosages for high risk medications during the dosage creation segment of Pharmacy Data Management and National Drug File updates. Updated Table of Contents. REDACTED |
| 04/2011 | i-iii, 45-46, 46a-46d | PSN*4*263 | Modifications to section on Displaying an FDA Medication Guide. New examples added. Documentation released with PSN*4*262. REDACTED |
| 05/2010 | i-iv, 4, 45-46, 47, 54 | PSN*4*108 | Added a new option, Display FDA Medication Guide [PSN MED GUIDE]. Added a new section, Printing an FDA Medication Guide. Added FDA Medication Guide to the Glossary and Index. REDACTED |
| 02/2009 | 40, 40A-B, 41A-D | PSN*4*169 | Updated screen captures for options Inquire to VA Product Info For Local Drug [PSNLOOK] and Inquire to National Files [PSNACT] to reflect additional data displayed and minor changes to the display. REDACTED |
| 09/03 | iii, 4, 7, 16, 37B-37D, 53-54 | PSN*4*70 | Added the new options, Local Drugs Excluded from Drug-Drug Interactions and VA Products Excluded from Drug-Drug Interactions to the Menu list and the Reports section. Corrected the name of the DEA, SPECIAL HDLG field. Corrected a drug name in the Local Drug/VA Print Name Report. Updated the TOC and the Index with the new reports. |

| Date | Revised Pages | Patch Number | Description |
|---------|--|-----------------|---|
| 07/03 | Title Page, i, | PSN*4*65 | -Replaced the Title Page and Revision History page. |
| | 25-26, 41A-C | | -Updated introduction to include DEA/PKI changes. |
| | | | -Updated screen captures changed by this patch. |
| 02/2003 | Title Page, | PSN*4*62 | -Replaced the Title Page and Revision History page. |
| | i-ii, 41D-46, 51, 52 | | -Updated the Print a PMI Sheet option and example. |
| | | | -Updated the Glossary for the PMI Sheet term. |
| | | | - (Included pages for double-sided printing.) |
| 09/2001 | Title Page, | Developer | - Replaced the Title Page (and associated blank page) |
| | i, ii, 41D,42 | Request | and the Revision History page (and associated blank page after it p. ii.) |
| | | | - The <i>Print a PMI Sheet</i> option stated that a specific vendor supplied the information for these sheets and the verbiage was changed to a "commercial vendor". |
| 03/2001 | Title Page, i, ii, iii, iv, 4, 37A-B, 53 | PSN*4*48 | Replaced the Title Page (and associated blank page), and pages i, ii (blank), iii, and iv (blank), which include the Revision History and Table of Contents. Pages ii and iv have no changes, but were included for two-sided printing only. |
| | | | Replaced pages 4 and 53 with the new pages. Pages 3 and 54 have no changes, but were included for two- sided printing only. |
| | | | - Inserted pages 37A-37B, which introduce the new <i>Local Drug/VA Print Name Report</i> option. Pages 37 and 38 have no changes, but were included for two-sided printing only. |
| 02/2000 | 4, 5, 6, 8, 9, 17, 34, 41, 41A-C | PSN*4*22 | Added a new option called <i>Inquire to National Files</i> . |

Auto-Creation of Supra-Therapeutic Possible Dosages

In order to prevent inadvertent creation of supra-therapeutic possible dosages for high risk medications during the dosage creation segment of Pharmacy Data Management and National Drug File updates, three patches have been released. Patch PSN*4*261 added three new fields to the VA PRODUCT file (#50.68). Patch PSN*4*262, in conjunction with Pharmacy Data Management patch PSS*1*155, provides the functionality to determine if possible dosages should be auto-created or not during the match/re-match process.

PSN*4*262 contains changes to the *Inquire to VA Product Info For Local Drug* [PSNLOOK] option to include the display of the new fields.

For more information about the new fields, refer to PSN*4*261. For information on how the new fields affect auto-creation of possible dosages during the match and re-match process, refer to patch PSS*1*155. For more information about the supra-therapeutic dosages project, refer to the Release Notes for these patches.

Example 1: Auto-Create Default Possible Dosage=Yes [PSNLOOK] Select OPTION NAME: PSNLOOK This option will allow you to look up entries in your local DRUG file. It will display National Drug File software match information. NDC/UPN Inquiry [PSNUPN] Synonym: NDCU

With this option you can enter an NDC or UPN to get the corresponding information displayed to the screen. This data comes from the NDC/UPN file (#50.67).

Example: Inquiry using an NDC

Select Inquiry Options Option: NDC NDC/UPN Inquiry This option allows you to pick an NDC or UPN and the corresponding information from NDC/UPN file will be displayed to the screen. Do you want to Inquire on an NDC or UPN: Select one of the following: Ν NDC U UPN Enter response: NDC// <ENTER> Select NDC/UPN: 510002014150 1 510002014150 86849 2 510002014150 86850 CHOOSE 1-2: 2 86850 NDC: 510002014150 OTX/RX Indicator: Manufacturer: FEDERAL SUPPLY Trade Name: COTTON BALL Package Size: 2000 Package Type: BAG Do you want to Inquire on an NDC or UPN: Select one of the following: Ν NDC U UPN Enter response: NDC// **<ENTER>** Select NDC/UPN: **<ENTER>**

Inquire to National Files

[PSNACT] Synonym: NAT

The Inquire to National Files displays information related to products contained within the national files. The product may be selected by entering the VA Product Name, CMOP ID or NDC.

Select Inquiry Options Option: <u>NAT</u> Inquire to National Files

This option allows you to lookup NDF file information three ways (VA Product Name, NDC, or CMOP ID number).

LOOKUP BY (VA) PRODUCT, (N)DC, OR (C)MOP ID ?

Auto-Creation of Supra-Therapeutic Possible Dosages

In order to prevent inadvertent creation of supra-therapeutic possible dosages for high risk medications during the dosage creation segment of Pharmacy Data Management and National Drug File updates, three patches have been released. Patch PSN*4*261 added three new fields to the VA PRODUCT file (#50.68). Patch PSN*4*262, in conjunction with Pharmacy Data Management patch PSS*1*155, provides the functionality to determine if possible dosages should be auto-created or not during the match/re-match process.

PSN*4*262 contains changes to the *Inquire to National Files* [PSNACT] option to include the display of the new fields.

For more information about the new fields, refer to PSN*4*261. For information on how the new fields affect auto-creation of possible dosages during the match and re-match process, refer to patch PSS*1*155.

Printing a Patient Medication Information Sheet

Print a PMI Sheet [PSNPMIS] Synonym: PMIS

This option allows you to print a Patient Medication Information Sheet (PMI).

These medication information sheets can be provided to patients, explaining how and why to take a medication and the possible side effects. A commercial vendor supplies the information provided in the Patient Medication Information Sheets. This information is updated periodically to provide new medication information sheets and changes to existing sheets.

If the PMI Sheet does not print and the message "Drug is not linked to a valid Medication Information Sheet for language selected" is printed instead, the user should select another language and re-print the medication sheet. If this still does not work, then the user should contact the NDF Manager for further assistance.

Example: Print a PMI Sheet

| Select National Drug File Menu Option: PMIS Print a | a PMI Sheet | | | |

Displaying an FDA Medication Guide

Display FDA Medication Guide [PSN MED GUIDE] Synonym: FDA

This option allows you to display a Food and Drug Administration (FDA) Medication Guide.

Medication guides are paper handouts that come with many prescription medicines. These guides address issues that are specific to particular drugs and drug classes, and they contain FDA approved information that can help patients avoid serious adverse events. The FDA requires that medication guides be issued with certain prescribed drugs and biological products when the agency determines that: certain information is necessary to prevent serious adverse effect; patient decision-making should be informed by information about a known serious side effect with a product; or patient adherence to directions for the use of a product are essential to its effectiveness.

The system allows the user to select the appropriate document through the generic drug name. If there is no associated medication guide, the system shall inform the user and allow the user to select another drug.

If there is no medication guide associated with the medication, the message: "There is no FDA Medication Guide associated with this medication" is displayed.

If the FDA Medication Guide does not automatically open in a .pdf format when the user presses <Enter>, the desktop may not have the required software installed. The user should contact local technical support for assistance.

Example 1: Displaying an FDA Medication Guide for a VA Product without a Medication Guide Associated

Enter RETURN to continue, '?' for HELP, or '^' to exit: ? When unable to get the FDA Medication Guide to display, review the following suggestion(s) for troubleshooting potential problems: 1) If no FDA Medication Guide exists for a product that you believe should have one, confirm that one is required by visiting the FDA website (www.fda.gov). If one is required, log a support ticket to request its addition. Please understand that there may be a delay between the time that a new Medication Guide is posted to the FDA website and when it is made available in VistA through a National Drug File data update patch.

The following URL provides the link to the FDA Medication Guide associated with this medication. Thin Client users: copy/paste the URL below into a browser to access the FDA Medication Guide for this drug:

vaww.national.cmop.va.gov/FDAMedGuides/Lindane Lotion (Generic) (2008).pdf

Please wait...

The system is unable to display FDA Med Guide automatically.

The FDA Medication Guide will not automatically open on Thin Client and some types of encrypted sessions. If you do not believe this is the reason contact your local technical support for assistance.

You can copy/paste the link above into your browser's address bar to retrieve the FDA Medication Guide.

Enter RETURN to continue, '?' for HELP, or '^' to exit: ?

When unable to get the FDA Medication Guide to display, review the following suggestion(s) for troubleshooting potential problems:

The browser did not open automatically. This may be due to the following:

 You might be connected to VistA via Thin Client or an encrypted session that prevents the FDA Med Guide from automatically displaying. Please copy and paste the URL link below into your browser's address bar to retrieve the FDA Medication Guide:

vaww.national.cmop.va.gov/FDAMedGuides/Lindane_Lotion_(Generic)_(2008).pdf

- The computer might not have the required Java software component installed or the software might not be functioning properly. Please, contact technical support for assistance.
- 2) When doing a copy/paste of the link into the browser's address and an HTTP 404 - File Not Found error is received. This may be due to the following:
 - A common issue exists when the link is displayed in two lines in the terminal screen. When you copy both lines at the same time and paste it into the browser's address, the second line is ignored by the browser resulting in a 'broken' link. To resolve this issue, copy and paste one line at a time from the terminal screen into the browser's address to make sure the complete link is used.
 - The FDA Medication Guide Server may be down at the moment. Please, wait a few minutes and try again. If the problem persists, contact technical support for assistance.
- 3) The browser opened automatically, however you receive an HTTP 404 File Not Found error. This may be due to the following:
 - The FDA Medication Guide Server may be down at the moment. Please, wait a few minutes and try again. If the problem persists, contact technical support for assistance.

Enter RETURN to continue, '?' for HELP, or '^' to exit:

Enter RETURN to continue, '?' for HELP, or '^' to exit: ?

When unable to get the FDA Medication Guide to display, review the following suggestion(s) for troubleshooting potential problems:

 The browser did not open automatically. This may be due to the following:
 You might be connected to VistA via Thin Client or an encrypted session that prevents the FDA Med Guide from automatically displaying. Please copy and paste the URL link below into your browser's address bar to retrieve the FDA Medication Guide:

vaww.national.cmop.va.gov/FDAMedGuides/Lindane Lotion (Generic) (2008).pdf

- The computer might not have the required Java software component installed or the software might not be functioning properly. Please, contact technical support for assistance.
- 2) When doing a copy/paste of the link into the browser's address and an HTTP 404 File Not Found error is received. This may be due to the following:A common issue exists when the link is displayed in two lines in the
 - terminal screen. When you copy both lines at the same time and paste it into the browser's address, the second line is ignored by the browser resulting in a 'broken' link. To resolve this issue, copy and paste one line at a time from the terminal screen into the browser's address to make sure the complete link is used.
 - The FDA Medication Guide Server may be down at the moment. Please, wait a few minutes and try again. If the problem persists, contact technical support for assistance.
- 3) The browser opened automatically, however you receive an HTTP 404 File Not Found error. This may be due to the following:
 - The FDA Medication Guide Server may be down at the moment. Please, wait a few minutes and try again. If the problem persists, contact technical support for assistance.
