Introduction

The Visual Impairment Service Team (VIST) program is designed to enhance the efficiency of the Visual Impairment Service Team programs within the Department of Veterans Affairs (VA). With this program, Visual Impairment Service Teams are able to easily manage and track activities and services provided to blinded veterans in their service area. This program integrates several fields of patient data to produce a variety of reports. The VIST patient record printout can be used in place of VA Form (10-1371) and is a more versatile document than the card. Semi-annual Automated Management Information System (AMIS) reports can be run and veterans can be added or deleted from the rolls quickly.

During the installation of VIST V. 4.0, all data entered using the class III Blind Rehabilitation software will be moved into the new files created for VIST V. 4.0. This conversion time will vary depending on the amount of patient information that was entered into the class III files.

The VIST Coordinator is the primary user of this program.

Icons

Icons used to select key points in this manual are defined as follows:

- Required security keys
- Indicates the user should take note of the information.

**Entering and Editing VIST Options**

*Edit VIST Options Menu*

[ANRV EDIT VIST OPTIONS] [Synonym:1]

This menu allows you to access the options to edit various fields within the VIST database.

If this is the first time your site is using this software, you need to use the *Enter/Edit the VIST Parameters* option to enter site parameters first for the program to work properly.

*Enter/Edit VIST Patient Record*

[ANRV ENTER/EDIT VIST PATIENT] [Synonym:1]

With this option you are able to enter/edit the social data for the VIST veterans.

**Example: Enter/Edit VIST Patient Record**

Select VIST Menu Option: 

1. Edit VIST Options Menu ...
2. Print Individual Records ...
3. Print VIST Roster Menu ...
4. VIST Letter Menu ...

Select VIST Menu Option: 1 Edit VIST Options Menu

Select Edit VIST Options Menu Option: 

1. Enter/Edit VIST Patient Record
2. Enter/Edit VIST Referral Roster
3. Enter/Edit Inactive VIST Roster
4. Enter/Edit VARO Claims Roster
5. Enter/Edit VIST Benefits Checklist
6. Enter/Edit VIST Parameters

Select Edit VIST Options Menu Option: 1 Enter/Edit VIST Patient Record

Select VIST ROSTER NAME: **OAT, WILLIE** 09-01-50 123456789

Are you adding 'OAT, WILLIE' as a new VIST ROSTER (the 17TH)? No/ Y (Yes)

Choose from:
047  BLIND CENTER (047)
048  BLIND CLINIC (048)
049  OTHER NON VA (049)

TYPE OF DISCHARGE: 047  BLIND CENTER (047)

Select REFERRAL DATE: <ENTER>

Select VIST REFERRAL ROSTER NAME: <ENTER>
Select Edit VIST Options Menu Option: <ENTER>
**Enter/Edit Inactive VIST Roster**

[ANRV ENTER/EDIT INACTIVE LIST]  [Synonym:3]

You can keep track of veterans removed from the VIST Roster due to death, relocation, or change in legal blindness status with this option. It is recommended that veterans not be deleted from the VIST Roster until after they have been considered inactive for a period of time. The period of time is up to the VIST Coordinator’s discretion. This will ensure accurate AMIS reporting.

- Don’t inactivate a veteran until after the AMIS period is completed, otherwise statistical records regarding the veteran will not be counted on your semiannual AMIS report.

- Make sure you change the veteran’s VIST Eligible status to INACTIVE in the *Enter/Edit VIST Patient Record* option. Otherwise, the veteran will be counted on the AMIS report.

**Example: Enter/Edit Inactive VIST Roster**

Select Edit VIST Options Menu Option: 3  Enter/Edit Inactive VIST Roster

Select VIST ROSTER NAME: OAT, WILLIE
Select INACTIVATION DATE: 0501  MAY 01, 1998
REASON: 2
Enter the reason that this veteran was inactivated.
Choose from:
1    DECEASED
2    RELOCATED
3    NOT LEGALLY BLIND
REASON: 2  RELOCATED

Select VIST ROSTER NAME: <ENTER>

Select Edit VIST Options Menu Option: <ENTER>
Enter/Edit VARO Claims Roster
[ANRV ENTER/EDIT VARO CLAIMS] [Synonym:4]

This option allows you to keep track of Veterans Affairs Regional Office (VARO) claims filed to the regional office.

The veteran should be listed on the VIST Roster for you to be able to add him to the VARO Claims Roster.

Example: Enter/Edit VARO Claims Roster

Select Edit VIST Options Menu Option: 4 Enter/Edit VARO Claims Roster

Select VARO CLAIMS NAME: OAT, WILLIE
Are you adding 'OAT, WILLIE' as a new VARO CLAIMS (the 8TH)? No// Y (Yes)
NAME: OAT, WILLIE/<ENTER>
Select DATE OF CLAIM: 0327 MAR 27, 1998
Are you adding 'MAR 27, 1998' as a new DATE OF CLAIM (the 1ST for this VARO CLAIMS)? No// Y (Yes)
CLAIM: ?
Enter the type of claim being filed.
Choose from:
01 A&A/HB (IMPROVED PENSION)
02 INCREASE SC RATING
03 INITIAL SC RATING
04 SWITCH TO IMPROVED PENSION
05 OTHER
CLAIM: 01 A&A/HB (IMPROVED PENSION)
REGIONAL OFFICE: ATLANTA, GA/<ENTER>
VARO DECISION: ?
Enter the VARO decision, accepted, denied, or pending, regarding this claim.
Choose from:
A ACCEPTED
D DENIED
P PENDING
VARO DECISION: A ACCEPTED
Select DATE OF CLAIM: <ENTER>

Select VARO CLAIMS NAME: <ENTER>

Select Edit VIST Options Menu Option: <ENTER>
Entering and Editing VIST Options

Enter/Edit VIST Benefits Checklist
[ANRV ENTER/EDIT CHECKLIST] [Synonym:5]

You are able to keep track of each VIST veteran’s eligibility for and use of various benefits and services for the blind with this option.

The veteran should be listed on the VIST Roster for you to be able to add him to the VARO Claims Roster.

Example: Enter/Edit VIST Benefits Checklist

Select Edit VIST Options Menu Option: 5 Enter/Edit VIST Benefits Checklist

Select VIST BENEFITS AND SERVICES CHECKLIST NAME: OAT,WILLIE
Are you adding 'OAT,WILLIE' as a new VIST BENEFITS AND SERVICES CHECKLIST (the 2ND)? No// Y (Yes)
NAME: OAT,WILLIE/<ENTER>

STATUS:  PENDING
Select LOCAL BENEFITS AND SERVICES:  STATE SERVICES FOR THE BLIND
Are you adding 'STATE SERVICES FOR THE BLIND' as
a new LOCAL BENEFITS AND SERVICES (the 2ND for this VIST BENEFITS AND
SERVICES CHECKLIST)? No//  Y  (Yes)
STATUS:
Select LOCAL BENEFITS AND SERVICES:  <ENTER>

Select VIST BENEFITS AND SERVICES CHECKLIST NAME:  <ENTER>

Select Edit VIST Options Menu Option:  <ENTER>
Enter/Edit VIST Parameters
[ANRV ENTER/EDIT VIST PARAMETER]  [Synonym:6]

You can customize the VIST program using this option. The VIST Coordinator’s name should be entered as you want it to look on the VIST Patient Record. It should include any title or other information you wish to see as a part of the name. The telephone extension and/or routing symbol, whichever you prefer, will be printed on the VIST Veteran Record directly under the name of the VIST Coordinator. When you enter VARO claims, you will be asked which regional office the claim was submitted to. Enter the name of the regional office you use most often at the “DEFAULT REGIONAL OFFICE” prompt and it will appear as the default whenever you enter VARO claims.

First time users should use the Enter/Edit VIST Parameters option before using other options. The fields shown in the example below will be blank and must be answered for the program to work properly. Once set, this option can be ignored until there is a change in VIST Coordinators.

Example: Enter/Edit VIST Parameters

Select Edit VIST Options Menu Option: 6  Enter/Edit VIST Parameters

The site name, BIRMINGHAM, AL., is already defined in the VIST PARAMETERS file.

Do you want to edit the SITE NAME in the VIST PARAMETER file? No// Y  YES

SITE NAME: BIRMINGHAM, AL.// <ENTER>
VIST COORDINATOR: Fred Smith// JOHN GROVENER
ROUTING SYMBOL OR PHONE: 111// <ENTER>
DEFAULT REGIONAL OFFICE: ATLANTA, GA// <ENTER>

Select Edit VIST Options Menu Option: <ENTER>
**Delete VIST Referral Roster**  
[ANRV DELETE REFERRAL]  [Synonym:7]

This option allows the VIST Coordinator to delete a veteran from the VIST REFERRAL ROSTER file (#2042.5).

**Delete VIST Patient Record**  
[ANRV DELETE ROSTER]  [Synonym:8]

This option allows the VIST Coordinator to delete a veteran from the VIST ROSTER file (#2040). It also deletes the corresponding entries for the veteran in the VIST BENEFITS AND SERVICES CHECKLIST (#2041.7), VIST REFERRAL ROSTER (#2042.5), and VARO CLAIMS (#2043.5) files.
**Printing Individual Records**

*Print Individual Records*
[ANRV INDIVIDUAL RECORDS] [Synonym:2]

This menu contains options that allow the VIST Coordinator to print information for one VIST veteran.

*Individual Patient Record*
[ANRV PRINT PATIENT RECORD] [Synonym:1]

This is the electronic version of the VIST Record, VA FORM 10-1371. This option provides you with a printout of a combination of information from the VIST patient record file and the main hospital database file.

**Example: Individual Referral Record**

Select VIST Menu Option: 2  Print Individual Records

Select Print Individual Records Option: 1  Individual Patient Record
Select VIST PATIENT: OAT,WILLIE  09-01-50  123456789

Printing the VIST Roster

Print VIST Roster Menu
[ANRV PRINT VIST OPTIONS] [Synonym:3]

This menu contains options that enable the VIST Coordinator to print the records of veterans referred for VA, state, and local blind rehabilitation services.

VIST Roster List
[ANRV VIST ROSTER PRINT] [Synonym:1]

This printout is an alphabetic printout of every veteran being served by your VIST program. It includes each veteran’s name, social security number, VIST eligibility, period of service, and VA eligibility.

If you choose to print this list by All patients, patients with a date of death entry in Medical Administration Service (MAS) will not appear on the VIST Roster List. If you choose to print this list by individual patient and that patient has a date of death entry in MAS, a message will be displayed with the date of death.

Example: VIST Roster List

Select Print VIST Roster Menu Option: 1 VIST Roster List

VIST ROSTER PRINTOUT

Do you want the report to list:
(A)ll patients, or
(S)elect patients

Choose A or S: ALL

The right margin for this report is 132.

DEVICE: [Select Print Device]
Do you want your output QUEUED? NO// <ENTER> (NO)

........................................................................ report follows .....................................................................
## VIST Referral List

**[ANRV REFERRAL PRINT]**  
**[Synonym:2]**

This option provides you with a printout of referrals for blind rehabilitation based on the date of referral. You have the choice of how far back in time (i.e., one day, one month, one year, two years, etc.) the roster will be printed out. This printout is helpful for double checking the semi-annual AMIS report.

### Example: VIST Referral List

Select Print VIST Roster Menu Option: 2  
VIST Referral Roster List

**VIST Roster Sorts...**

[ANRV ROSTER SORTS]  [Synonym:11]

This menu includes various options for sorting the VIST Roster.

**State**

[ANRV STATE LIST]  [Synonym:1]

This option provides an alphabetic printout of the entire VIST Roster by state of residence. You can sort by a particular state, or the report will print alphabetically by state.

**City**

[ANRV CITY LIST]  [Synonym:2]

This option provides an alphabetic printout of the entire VIST Roster by city of residence. You can sort by a particular city, or the report will print alphabetically by city.

**ZIP**

[ANRV ZIP CODE LIST]  [Synonym:3]

This option provides an alphabetic printout of the entire VIST Roster by ZIP code of residence. You can sort by a ZIP code, or the report will print numerically by ZIP code (smallest number listed first, i.e., 94304 would be listed before 94305).

**County**

[ANRV COUNTY LIST]  [Synonym:4]

This option provides an alphabetic printout of the entire VIST Roster by county of residence. You can sort by a particular county, or the report will print alphabetically by county.

**Address/Phone List**

[ANRV ADDRESS LIST]  [Synonym:5]

This option provides an alphabetic printout of the entire VIST Roster listing each veteran’s name, address, and phone number.
**Birthdate**

[ANRV BIRTH LIST]  [Synonym:6]

This option provides an alphabetic printout of the entire VIST Roster by birthdate. You can sort by a particular month, or the report will print alphabetically by month (i.e., August would be listed before February).

**Age**

[ANRV AGE LIST]  [Synonym:7]

This option provides an alphabetic printout of the entire VIST Roster by age. You can sort by a particular age, or the report will print numerically by age (i.e., youngest would be listed first).

**Eye Diagnosis**

[ANRV EYE DIAG PRINT]  [Synonym:8]

This option provides an alphabetic printout of the entire VIST Roster by eye diagnosis. You can sort by a particular eye diagnosis, or the report will print alphabetically by diagnosis (i.e., Cataract would be listed before Retinitis Pigmentosa).

**Eye Diagnosis Narrative**

[ANRV EYE DIAG NARRATIVE]  [Synonym:9]

This option provides an alphabetic printout of the entire VIST Roster by eye diagnosis narrative. This option uses the old eye diagnosis field (which was an open narrative) to help users complete an updated listing of the new eye diagnosis field. You can sort by a particular eye diagnosis, or the report will print alphabetically by diagnosis (i.e., Cataract would be listed before Retinitis Pigmentosa).

**Fee Basis List**

[ANRV FEE PT]  [Synonym:10]

This option provides an alphabetic printout of VIST eligible veterans with Fee Bases eligibility.
Period of Service
[ANRV POS LIST] [Synonym:11]

This option provides an alphabetic printout of the entire VIST Roster by period of service. You can sort by a particular period of service, or the report will print alphabetically by period of service (i.e., Korean Era would be listed before Vietnam War).

Referral Source List
[ANRV REFERRAL SOURCE LIST] [Synonym:12]

This option provides an alphabetic printout of the entire VIST Roster by referral source (who referred veteran to VIST). A date range can be entered for this printout. You can sort by a particular referral source, or the report will print alphabetically by referral source.

Annual Review Dates List
[ANRV ANNUAL REVIEW LIST] [Synonym:13]

This option provides a printout of past VIST Reviews sorted by date. The printout includes the Review date, veteran’s name, last four social security numbers, and the status of the review and the type of review. A date range can be entered for this printout.

VIST Eligible (AMIS) List
[ANRV VIST ELIG LIST] [Synonym:14]

This option provides an alphabetic printout of the entire VIST Roster sorted by VIST eligible (AMIS) category (001,002,003, NO-NOT LEGALLY BLIND). The report includes the veteran’s name, social security number, and VIST Eligible (AMIS) category.
AMIS Report
[ANRV AMIS REPORT] [Synonym:12]

This option provides a printout of the calculated totals for every category from 001 through 049 of the semi-annual AMIS report. If the VIST Roster contains incomplete AMIS (mandatory category) information, this option will print a list of those records by patient name and social security number at the end of the AMIS report.

This option may also be used to transmit the AMIS report to the program office.

Double check all figures to ensure the accuracy of the results.

Example: Transmission of AMIS Report

Select Print VIST Roster Menu Option: 12 AMIS Report
I WILL PRINT THE AMIS REPORT FOR PERIOD SPECIFIED.

BEGINNING AMIS DATE: T-10 (APR 10, 1998)
ENDING AMIS DATE: T (APR 20, 1998)

Do you want to email the AMIS report to the program office?(Y/N)? Y (Yes)

Enter Average Man Hours Expensed by VIST Coordinator Per Week or ^ to exit: ?

Field 050 - Average Man Hours must be entered
Must be a number between 1 and 9999.99
Up to 2 decimal precision is allowed.

Enter Average Man Hours Expensed by VIST Coordinator Per Week or ^ to exit: 1

Example: AMIS Report Printout

Select Print VIST Roster Menu Option: 12 AMIS Report
I WILL PRINT THE AMIS REPORT FOR PERIOD SPECIFIED.

BEGINNING AMIS DATE: T-10 (APR 10, 1998)
ENDING AMIS DATE: T (APR 20, 1998)

Do you want to email the AMIS report to the program office?(Y/N)? N (No)

DEVICE: [Select Print Device]
Do you want your output QUEUED? NO// <ENTER> (NO)

Using the VIST Letter Menu

**VIST Letter Menu**

[ANRV LETTER MENU]  [Synonym:4]

The *VIST Letter Menu* allows you to edit and print letters and mailing labels for various functions related to VIST. This feature has been added as a convenience for VIST Coordinators. There are 5 different letter options:

- **BRC Application Letter**
  This is a cover letter for a Blind Rehabilitation Center (BRC) Application packet. This letter requires editing and is meant to be printed for a particular veteran.

- **BRC Follow-up Letter**
  This is a questionnaire sent to the veteran following blind rehabilitation training. It is used to assist the center or clinic in following-up on the veteran.

- **Claim Letter**
  This is a cover letter to a VARO when filing a claim on behalf of a VIST veteran. This letter is meant to be printed for a particular veteran.

- **Invitation for VIST Review**
  This is an invitation for blinded veterans to notify VIST that they would like to participate in an annual review. This letter satisfies the requirements of M-2, Part XXIII and is meant to be printed as a mass mailing.

- **IRS Exemption Letter**
  This letter is to be used for any other purpose needed by VIST.

**Edit VIST Letter**

[ANRV ENTER/EDIT VIST LETTER]  [Synonym:1]

With this option, you can edit one or all of the VIST letters. The VIST letter choices include BRC Application Letter, BRC Follow-up Letter, Claim Letter, Invitation for VIST Review, and Miscellaneous.
Edit the letter as you would an e-mail or FORUM message. It is recommended that you switch to a full-screen editor to fully utilize the edit letter option.

***IMPORTANT***

Do not edit any of the special header features or fields that appear when editing a VIST letter. These areas of text are bracketed by the vertical line symbol (|). Some of these fields are used to pull out identifying information on each veteran that will receive a letter or are also used to center a header. When data is bracketed with “< >”, you must edit this information by entering data that pertains to a particular veteran and your facility. You must remove the “< >” symbols while editing so that they do not appear in the letter.

Example of Edit VIST Letter

Select VIST Menu Option: 4  VIST Letter Menu

Select VIST Letter Menu Option: 1  Edit VIST Letter
Select VIST LETTER NAME: ?
Answer with VIST LETTER NAME

Select VIST LETTER NAME: <ENTER>
Using the VIST Letter Menu

**Print VIST Letter**
[ANRV PRINT LETTER] [Synonym:2]

This option allows you to print one or more of the VIST letters.

Select VIST Letter Menu Option: 2  Print VIST Letter
Select Form Letter to Print: **CLAIM** LETTER
If you wish to print a letter for a single patient
Select Patient: **OAT, WILLIE**  09-01-50  449345555
DEVICE:  [Select Print Device]

**Test Label Alignment**
[ANRV TEST LABEL] [Synonym:3]

This option allows the VIST Coordinator to print a test mailing label to check the alignment of the labels in the printer before printing other mailing labels.

**Print Mailing Labels by Patient**
[ANRV MAIL LABELS] [Synonym:4]

With this option you can generate a set of mailing labels for mass mailings. You can print labels for all patients, or select patients. This option is designed to work with 3½” by 15/16”, fanfold strip (1 wide) size labels.

**Print Mailing Labels by City**
[ANRV LABELS BY CITY] [Synonym:5]

With this option you can generate a set of mailing labels for mass mailing by city. You can print labels for all patients, or select patients. This option is designed to work with 3½” by 15/16”, fanfold strip (1 wide) size labels.

**Print Mailing Labels by County**
[ANRV LABELS BY COUNTY] [Synonym:6]

With this option you can generate a set of mailing labels for mass mailing by county. You can print labels for all patients, or select patients. This option is designed to work with 3½” by 15/16”, fanfold strip (1 wide) size labels.
**Print Mailing Labels by State**

[ANRV LABELS BY STATE]  [Synonym:7]

With this option you can generate a set of mailing labels for mass mailing by state. You can print labels for all patients, or select patients. This option is designed to work with 3½” by 15/16”, fanfold strip (1 wide) size labels.

APR 20, 1998

Willie Oat
2700 Guadalupe St.
Austin, TX 76893

Dear Mr. Oat:

We hope you enjoyed your recent blind rehabilitation training and were able to take some new found knowledge home with you that will make living with your visual loss easier. For the benefit of the VIST Coordinator as well as the Blind Rehabilitation Center or Clinic, we would appreciate your assistance with answering the following questions as they relate to your return from Blind Rehabilitation:

1. Has there been a change in your vision or medical condition?

____________________________________________________________________

2. Has there been a change in your financial situation?

____________________________________________________________________

3. How are you using the skills learned at the Blind Rehabilitation Center or Clinic?

____________________________________________________________________

4. What did your spouse or family member think of the family program at the Blind Center or Clinic?

____________________________________________________________________

5. Are you using the low vision aids issued to you? If so how?

____________________________________________________________________

6. Are you continuing to have major problems coping with your vision loss?

____________________________________________________________________

7. What are your goals and future plans?

____________________________________________________________________

Thank you for your assistance. Please return this completed letter in the enclosed envelope.

Sincerely Yours,

<VIST Coordinator’s Name>, VIST COORDINATOR

Example of a Claim Letter
APR 20, 1998

SUBJ: Re-evaluation of SC Condition

1. Identifying Information: Veteran: OAT, WILLIE
   Claim #: c-
   SS #: 123456789

2. Willie Oat was seen by the VIS Team on <Enter Date Veteran was seen by VIS Team>. He reports having decreased vision in both eyes and is requesting a re-evaluation of his current VA rating for vision loss. The veteran is currently rated <Enter SC Percentage> SC for vision loss. Our eye clinic found the veteran’s best corrected central acuity to be <Enter Best Corrected Central Acuity> in both eyes. Enclosed with this letter is a copy of the VIST eye exam.

3. If you have any questions or concerns regarding this request please don't hesitate to contact me at FTS: <Enter Your Facility’s Phone Number>. Please send me a copy of your rating decision.

Example of Invitation for VIST Review

 APR 20, 1998

Willie Oat
2700 Guadalupe St.
Austin, TX 78693

Dear Mr. Oat:

The Visual Impairment Service Team (VIS Team), <Enter Your VAMC> is pleased to offer your annual appointment to evaluate your overall health status and to make certain you are receiving the specialized benefits available through the Department of Veterans Affairs. This appointment includes the following: (1) A complete physical examination; (2) An eye examination; (3) A hearing evaluation; (4) A review of your prosthetic needs as they relate to your blindness; and (5) An interview with the VIST Coordinator who may be able to assist you with specific problems as they relate to your sight loss.

This annual review is entirely VOLUNTARY ON YOUR PART. IT DOES NOT IN ANY WAY affect your status with the VA if you choose not to participate. However, we sincerely encourage you to take advantage of this opportunity.

Please complete the form at the bottom of this letter and return it in the enclosed prepaid envelope. Even if you choose not to request an appointment, it would be appreciated if you would complete and return the form.

I personally look forward to an opportunity to meet with you if I have not already done so.

Sincerely,

<VIST Coordinator’s Name>, VIST Coordinator

Appendix B: Blind Rehabilitation VIST Patient Review (ANRV 4.0.5.1)

Introduction to VIST Patient Review Software

VIST Patient Review software (VIST Patch ANRV, Version 4.0.5.1) collects Blind Rehabilitation data in two (2) interview formats in order to analyze Blind Rehabilitation services. By conducting interviews, the quality of care given to Blind Rehabilitation patients is greatly improved by improving the efficiency of the staff.

The VIST Patient Review application has been developed to improve the Blind Rehabilitation data collection process as well as to address VA Directive 2000-16 and VA Circular 96-057. In an effort to implement a user-friendly data collection environment, VIST Patient Review has been developed as a Graphical User Interface (GUI). Hence, this application is not integrated within VIST Version 4.0, (a roll-and-scroll application). However, it will be interfaced with Blind Rehabilitation Version 5.0, upon its release. The Blind Rehabilitation Version 5.0 upgrade is in the planning stage at the time of this document publication.

NOTE:
For Text to Speech Software Users: JAWS (Job Access with Speech) version 4.0 is the text to speech software package supported for integration with the VIST Patient Review 4.0.5.1 package. Default installation settings should be used (refer to the JAWS installation manual). If default settings are NOT used, choosing instead non-standard options, explanatory screen text within VIST Patient Review may not be automatically read. In the event that JAWS is not installed using default settings, entire screens of text may be read by using the \texttt{<Insert>} + \texttt{B} keys or the JAWS Review Cursor. Specific areas such as combo box contents or individual lines of text, can be read by using the \texttt{<Insert>} + \texttt{Tab} keys.

Orientation of VIST Patient Review Controls

The Enter key is illustrated as \texttt{<ENTER>} and is included when the \texttt{<ENTER>} keystroke is needed.

The Tab key is illustrated as \texttt{<TAB>} and is included when the \texttt{<TAB>} keystroke is needed.

The Delete key is illustrated as \texttt{<DELETE>} and is included when the \texttt{<DELETE>} keystroke is needed.

The Up and Down arrow keys are illustrated as \texttt{<} and \texttt{<↓>} and are included when the up and down arrow keystrokes are needed.
The Page Up key is illustrated as <Page Up> and is included when the <Page Up> keystroke is needed.

The Alt key is illustrated as <ALT> and is used in conjunction with other designated keys to quickly activate control keys (i.e. Next, Cancel, Review, Back) minimizing necessary keystrokes.
Next = <ALT>+N
Back = <ALT>+B
Cancel = <ALT>+C
Review = <ALT>+R
Help = <ALT>+H

The Escape key is illustrated as <Esc> and is included when the <Esc> keystroke is needed.

**Next> Button**

The Next> Button moves the cursor to the next sequential page, maintaining provided settings.

Using a mouse:
1. Proceed to next screen by clicking the 'Next>' button using a mouse.

Using a keyboard:
Use keyboard shortcut: <ALT>+N

**OR**

1. Select the 'Next>' Button by pressing <TAB> until the 'Next>' Button is selected.
2. Proceed by pressing <ENTER>.

**OK Button**

The OK Button applies entered values into an active dialog box, then closes the current window.

Using a mouse:
1. Apply entered information or choices by clicking the 'OK' button using a mouse.

Using a keyboard:
1. Select the 'OK' Button by pressing <TAB> until the 'OK' Button is selected.
2. Proceed by pressing <ENTER>.

**<Back Button**

The <Back Button is used to return to the previous screen.

Using a mouse:
1. Return to previous screen by clicking the '<Back' button using a mouse.

Using a keyboard:
Use keyboard shortcut: <ALT>+B

OR

1. Select the '<Back' Button by pressing <TAB> until the '<Back' Button is selected.
2. Proceed by pressing <ENTER>.

**Cancel Button**

The Cancel Button is used to discard selected settings, terminating the current process, and returning the user to the first screen of the active area.

Using a mouse:
1. Clear current actions and return to section starting screen by clicking the 'Cancel' button using a mouse.

Using a keyboard:
Use keyboard shortcut: <ALT>+C

OR

1. Select the 'Cancel' Button by pressing <TAB> until the 'Cancel' Button is selected.
2. Proceed by pressing <ENTER>. 
The Exit Button stops any further processing and closes the entire application.

Using a mouse:
1. Close the application completely by clicking the 'Exit' button using a mouse.

Using a keyboard:
1. Select the 'Exit' Button by pressing <TAB> until the 'Exit' Button is selected.
2. Proceed by pressing <ENTER>.
Radio Buttons

- Create a new Outcome.
- Complete or review an Outcome.

A Radio Button, also referred to as an Option Button, represents the ability to select one option within a set of choices.

Using a mouse:
1. Choose an option by clicking within the circle to the left of the chosen option.

Using a keyboard:
1. Move to the area containing the radio buttons by pressing <TAB> until the area is selected.
2. Choose an option by pressing the <↑> and <↓> (up/down arrow) keys.
3. Proceed by pressing <ENTER>.

Drop Down Lists

Drop Down List Boxes allow selection of a single item from a list, while conserving space until the list is needed.

Using a Mouse:
1. Type the first few characters of the requested information in the empty text box. This will display a list of available options.
2. Browse available options by sliding the scroll bar up or down the list.
3. Make a choice by clicking on one of the options in the list, then pressing <ENTER>.

Using a Keyboard:
1. Type the first few characters of the requested information in the empty text box.
2. Browse available options by pressing the <↑> and <↓> (up/down arrow) keys.
3. Make a choice by highlighting the selected choice, then pressing <ENTER>. 
**Electronic Signatures**

Electronic Signature

An Electronic Signature is a unique code assigned to each System User by the System Administrator, allowing the submission & saving of Patient Review Interviews and/or sections of Patient Review Interviews.

Using a Mouse:
1. Type the Electronic Signature in the text box.
2. Submit the section or Patient Review by pressing <ENTER>.

Using a Keyboard:
1. Type the Electronic Signature in the text box.
2. Submit the active section or Patient Review by pressing <ENTER>.

**Review**

The Review button allows the review of entered interview answers prior to saving them into a database. Reviewing must be done prior to entering an electronic signature.

Using a Mouse:
1. Click the Review button.
2. Review answers, clicking on answer drop down boxes to change answers.
3. Click the 'Next>' button to proceed to the next page.
4. Upon acceptance of all answers, enter the electronic signature in the appropriate text box to save the answers.

Using a Keyboard:
Use keyboard shortcut: <ALT>+R

OR
1. Press <TAB> until the ‘Review’ button is selected, then press <ENTER>.
2. Review answers, using the <TAB> key to move between questions, and using the <↑> and <↓> (up and down arrow keys) to move through answer options.
3. Select other answers by highlighting them, then moving to the next question pressing the <TAB> key.
4. Proceed to the next page by pressing <TAB> until the Next> button is selected, then pressing <ENTER>.
5. Upon acceptance of all answers, enter the electronic signature in the appropriate text box to save the answers.
Getting Started

Logging into VIST

1. Choose the VIST Patient Review icon or .exe file from your desktop.

2. Browse the names of the servers by clicking the drop down list arrow using a mouse or by pressing the up and down arrow keys.

3a. Select a server by clicking it with a mouse or selecting it using the up and down arrow keys (Refer to the System Administrator), then pressing <ENTER>.

OR

3b. Cancel Login by clicking the 'Cancel' button with a mouse or by pressing <ALT> +C (Cancel button shortcut keys).

NOTE: If you are not sure of the proper server to log into, please refer to the Network or System Administrator.

VIST Signon

After initial login, the VIST Sign On screen displays. It provides important messages pertinent to VIST system users as well as confirming Access and Verify codes.

1. Review the displayed message(s) in the dialog box.

2. Type your assigned Access Code in the 'Access Code' text box then press Tab to go to the Verify Code text box.

3. Type a valid Verify Code (Passcode) in the 'Verify Code' text box.

4a. Process entered data by clicking the 'OK' button using a mouse or by pressing <ENTER>.

OR

4b. Cancel Signon by clicking the 'Cancel' button with a mouse or by pressing <ALT> +C (Cancel button shortcut keys).

NOTE: If you are not sure of your Access Code or Verify Code please refer to your System Administrator or department administrative staff.
Patient Selection

Selecting a Patient

1. Type the first characters of the patient's last name, or the patients last 4 of their SSN, or the patients full SSN, or the patient last name initial plus the last 4 of their SSN (Last 5) in the 'Select a Patient' text box. A list of matching and/or similar patient names will display.

2. Choose a patient file by selecting a name in the alphabetic list. Do this by clicking on it using a mouse or by scrolling through the names using the up/down arrow keys.

3. Activate choice by pressing <ENTER>.

NOTE: The patient will only be chosen upon pressing the <ENTER> key.

NOTE: To search for an entirely different name than the originally entered criteria, the current criteria must be deleted from the text box by selecting the entry then pressing the <DELETE> key or by backspacing several times until the contents are cleared.

These actions will display a ‘Confirm Patient Selection’ screen, allowing confirmation or cancellation of the chosen patient.
Confirming Patient Selection

The ‘Confirm Patient Selection’ dialog box displays patient information of the chosen patient. It is used to verify that the displayed patient is the one to be activated; hence, the one data is collected from or about. The following data is displayed on the ‘Confirm Patient Selection’ screen:

**Name:** Lists the chosen patient's name in Last Name, First Name format.

**Sex:** Lists the sex of the chosen patient.

**Date of Birth:** Lists the date of birth of the chosen patient in mm/dd/yyyy format as well as their calculated age.

**Social Security Number:** Lists the entire social security number of the chosen patient.

**Service Connected:** Indicates if the patient is service connected using Yes or No answers.

**Type:** Indicates the type of service the patient is or was affiliated with.

**Veteran:** Indicates if patient is a veteran of the United States military using Yes or No answers.

The Confirm Patient Selection screens display differently for Unrestricted access patient files, Restricted access patient files, and criteria searches that return multiple matches.

**Unrestricted Access Patient File**

The Unrestricted Access Confirm Patient Selection screen displays patient information of the chosen unrestricted patient. It is used to verify that the displayed patient file is the one to be activated, hence, the one that data is collected from or about.
1. Verify displayed patient information.

2a. Continue activating the chosen patient by clicking the 'Next>' button with a mouse or pressing <TAB> until the 'Next>' button is selected then pressing <ENTER>.

OR

2b. Return to the 'Patient Select' list to choose another patient by clicking the 'Cancel' button with a mouse or by pressing <TAB> until the 'Cancel' button is selected, then pressing <ENTER>. 
**Restricted Access Patient File**

This Restricted Access patient file dialog box displays patient information of a chosen Restricted Access patient file. It is used to verify that the displayed patient file is the desired one to be activated, and to inform the user of security issues involved.

1. Verify the non-sensitive patient information that is displayed (sensitive data is blocked at this point).

2a. Return to the 'Patient Select' list to choose another patient by clicking the 'Cancel' button with a mouse or by pressing <TAB> until the 'Cancel' button is selected, then pressing <ENTER>.

OR
2b. Continue activating the chosen patient by clicking the 'I understand the security issues' button with a mouse or pressing <TAB> until the 'I understand the security issues' button is selected, then pressing <ENTER>. Pressing the 'I understand the security issues' button displays the 'Sensitive Record Access' warning screen which displays all of the sensitive data previously blocked, as well as notifying the assigned Station Security Officer that you are accessing this file.

These actions will display the full screen of restricted patient information.

3. Review the full screen of information to verify that this is the desired patient file.

4. Take note of the 'Restricted Record' warning.

5a. Return to the 'Patient Select' list to choose another patient by clicking the 'Cancel' button using a mouse or by pressing <TAB> until the 'Cancel' button is selected, then pressing <ENTER>.

OR

5b. Continue activating the chosen patient by clicking the 'Next>' button with a mouse or pressing <TAB> until the 'Next>' button is selected, then pressing <ENTER>.
Multiple Matches

If more than one patient file matches the search criteria, the Multiple Match Confirm Patient Selection dialog box is displayed. This dialog box lists detailed data for the most closely matching patient as well as a brief listing of other matching patients. All displayed data is used to choose the correct patient.

1. Verify the detailed patient information (this is information belonging to the most closely matching patient), as well as the other matching patient information, noting the patient which best matches the criteria.

2a. CONFIRM CHOICE OF DISPLAYED PATIENT (detailed data displayed at the top of dialog box) by clicking on the 'Next>' button using a mouse or by pressing <ALT> +N (Next button shortcut keys).

OR

2b. SELECT A DIFFERENT PATIENT by clicking the 'Cancel' button using a mouse or by pressing <ALT> +C (Cancel button shortcut keys).
Actions

If more than one (1) action option is available for the contents of a patient file, the ‘Choose an Action to Perform’ screen displays. This screen allows users to indicate if they want to Create A New Patient Review or if they want to Complete Or Review An Existing Patient Review.

1. Make sure the desired action radio button is chosen – either ‘Create a new Patient Review’ or ‘Complete or Review a completed Patient Review’. Do this by clicking in the circle to the left of the action title with a mouse or by pressing <TAB> until the action title area is selected. Once highlighting the action title area, use the <↑> and <↓> (up/down arrow) keys to select the desired action title.

2. Proceed by either pressing <ENTER> or clicking the 'Next' button with a mouse.
Create a New Patient Review

Create a New Patient Review: Creating a New Patient Review requires the user to choose the type of interview they want to conduct: a Rehabilitation or Annual Interview. The interview type determines the question layout while the assigned file security (i.e. Restricted or Unrestricted file) will determine the Confirmation screen that is displayed.

Rehabilitation Interview:
Rehabilitation Patient Review Interviews consist of questions that address a patient’s physical abilities at a given point in time. These questions compare a patient’s abilities prior to and then after rehabilitation services. This interview is designed to be started and finished during one conversation between the patient and a Blind Rehabilitation staff member.

Annual Review:
Annual Review Interviews consist of extensive, categorized questions asked of each Blind Rehabilitation patient annually. The interview addresses all areas of a patient’s status, and allows the system user to stop the interview at any point, saving answers thus far selected. Incomplete interviews can be re-accessed at any time to complete unfinished sections or to review previously selected answers. Annual interviews can be re-accessed at any time to complete unfinished sections or to review previously selected answers.
1. Proceed through each Patient Review by selecting answers from drop down boxes adjacent to each question, then by clicking the Next> button with a mouse or by pressing <ALT>+N (Next button shortcut keys).

These actions will display the next page of questions. Repeat these steps for all pages.

These actions will eventually display the ‘Completion’ screens.

**Review a Completed Patient Review**

When reviewing a completed Patient Review, it should be noted that originating date and time, status of interview, and the interview type are all used as criteria to choose a Patient Review. Refer to the ‘Select a Patient Review’ and the ‘Select a Patient Review section’ screens. After indicating the Patient Review and the Patient Review Section that you wish to access the ‘Review completed responses’ screen will display the submitted and saved questions & answers.

1. Review the displayed questions and answers.

Page layout displays the Section title (i.e. Living Skills), the ‘TASK’ which is a summary of the actual question (i.e. TASK: Communicated in writing), and the responses that were chosen and saved (i.e. 0-No Response).

**NOTE:** Rehabilitation Reviews (Pre/Post) contain Pre-Rehab and Post Rehab answers to each question, where as Annual Reviews only contain one (1) response to each question.
2a. Choose another existing Patient Review Interview for the active patient by selecting the ‘<Back’ button using a mouse or by pressing the <ALT>+B keys (the Back button shortcut keys).

OR

2b. Select a different patient by selecting the ‘Cancel’ button using a mouse or by pressing the <ALT>+C keys (the Cancel button shortcut keys).

**Selecting a Patient Review**

The Select a Review screen is used to select a Patient Review to be completed or reviewed.

1. Select a Patient Review by highlighting a row of data. Do this by clicking on a row of data using a mouse or by pressing <TAB> until the data list area is activated then press the < up or < down > (up/down arrow) keys to select the chosen Patient Review.

NOTE: The JAWS Version 4.0 text to speech software will verbally indicate when a text to speech user tabs into the data list area.

2. Proceed by clicking the ‘Next>’ button with a mouse or pressing <ALT>+N (Next> button shortcut keys).
NOTE: ‘Incomplete’ Patient Reviews require that a section within the interview be indicated. ‘Complete’ Patient Reviews display one scrolling screen containing all submitted/saved answers.

Selecting a Patient Review Section

The Choose A Section screen lists the sections within a chosen Patient Review that are available for completion or review. This screen also indicates the status of each section (i.e., Complete or Incomplete). Question sections depend upon type of interview (i.e. Annual or Rehabilitation).

1. Make sure the radio button for the desired section is chosen. Do this by clicking in the circle to the left of the section title using a mouse or by pressing <TAB> until the section title area is selected. Once highlighting the section title area, use the <↑> and <↓> (up/down arrow) keys to select the chosen section.

2. Proceed by either clicking the ‘Next’ button with a mouse or pressing <ALT>+N (Next button shortcut keys).

These actions will display the first page of the chosen section of the Incomplete Patient Review. If the section status is ‘Complete’ the ‘Review Completed Responses’ screen will be displayed.
Patient Review Interviews

Section Summaries
The following are sections of questions found within Patient Reviews:

OTHER HEALTH PROBLEMS:
This section contains questions that confirm major medical conditions, self-administration of injectable and oral meds, and the ability of the patient to monitor his/her own blood sugar.

LIVING SKILLS:
This section contains questions that address the ability to communicate by writing, typing, or word processing, ability to pay own bills, maintain own bank account, measure using common measuring devices, use the internet or use e-mail.

ORIENTATION AND MOBILITY:
This section contains questions that address the need to avoid obstacles while walking and crossing streets.

VISUAL SKILLS:
This section contains questions that address the ability to watch TV comfortably, read magazines, newspapers, books, or mail.

MANUAL SKILLS:
This section contains questions that address the ability to assemble things, measure things, organize things, or perform home maintenance.

BLIND REHAB EXPERIENCES:
This section contains questions that address prior Blind Rehab experiences.

Answering Questions
All Patient Reviews contain questions that display a drop down box listing available answer options.
1. Read each question thoroughly.
2. Review answer options and choose answer using:

**Mouse:**
Click on the answer text box arrow at the right side of the answer text box. This action expands the answer option list.

<table>
<thead>
<tr>
<th>1. Some assistance</th>
<th>2. Little assistance</th>
<th>3. No assistance or independently</th>
</tr>
</thead>
</table>

*Expanded answer option list.*

**OR**

**Keyboard:**
Press <TAB> until the answer text box is selected.

*Selected answer text box using <TAB>.*

Press the < ▲ ▼ > or < ▼ ▲ > (up/down arrow) keys to view answer options individually in the text box. Choose an answer by leaving that answer selected in the text box, tabbing to the next question.

*Answer options display in the text box.*

3. Repeat step 2 for each question.
4a. Proceed to next page of questions after all the answers are chosen. Click the ‘Next’ button using a mouse or press <ALT> + N (Next button shortcut keys).

OR

4b. Choose a different patient review to work in by clicking the ‘<Back’ button using a mouse or pressing <ALT>+B (Back button shortcut keys).

OR

4c. Select an entirely new patient by clicking the ‘Cancel’ button using a mouse or pressing <ALT>+C (Cancel button shortcut keys).
Completing Sections / Interviews

There are two (2) screens which display after answering all interview questions: 1.) the Completion Action screen and 2.) the Electronic Signature screen. These screens display upon completing questions in each section, at the end of Annual reviews, and at the end of Rehabilitation reviews.

1. The Completion Action screen:

This screen allows the user to:

- Review questions and answers prior to answers being saved into the VistA database by selecting the ‘Choose to go back and review the interview from the beginning’ option.

OR

- Save the finished interview into the VistA database immediately by choosing ‘choose to go forward to the electronic signature page to save the review onto VistA’.
1. The Electronic Signature Screen:

The Electronic Signature screen is displayed after selecting the ‘Choose to go forward to the electronic signature page...’ option on the ‘Completion Action’ screen. This screen allows the user to:

- Send the interview answers into the VistA database by typing a valid electronic signature in the Electronic Signature text box then pressing <ENTER>. This will add a new record into the ANRV Patient Review file on the VistA database.

**Messages**

The ‘Signon cancelled by user’ message will display when you cancel signin at the ‘VIST Login' screen.

1. Click on ‘OK’ button using a mouse or press <ENTER>.

These actions will close the login screen, closing the application completely.
The 'Not a valid ACCESS CODE / VERIFY CODE pair' message will display when you enter invalid login information.

1. Click on the 'OK' button using a mouse or press <ENTER>.

These actions will clear the invalid Access Code (Login Name) and Verify Code (Password) from the text boxes, allowing re-entry of codes.

The 'Electronic Signature is Incorrect' or an 'Electronic Signature was not found' messages display when you attempt to proceed from the 'Completion' screen without entering a valid electronic signature.

1. Click on the 'OK' button using a mouse or by press <ENTER>.
2. Re-enter a valid electronic signature in the Electronic Signature text box by clicking in the text box using a mouse, then typing a signature, or, if using the keyboard, press <TAB> until the text box is activated, then type a valid electronic signature in the text box.

'The Patient Review has been updated to complete' message will display after a Patient Review is completed and saved locally.
1. Click on the 'OK' button by using a mouse or by press <ENTER>.

The 'Would you like to continue to the next section?' dialog box will display after completing each section of an Annual Patient Review. Proceed by answering the prompts.

![Dialog box displayed after completing a Patient Review](image)

1. Select the appropriate answer by clicking 'Yes' or 'No' using a mouse or press <TAB> to highlight the appropriate answer, then press <ENTER>.

The 'Please complete all questions before continuing' message will display when you attempt to proceed to the next page of Patient Review questions without answering all questions on the page.

![Dialog box displayed after completing a section within an incomplete Patient Review](image)

1. Click the 'OK' button using a mouse or by press <ENTER>.
2. Select an answer from each of the question drop down boxes.
3. Select the 'Next>' button using a mouse or if using a keyboard press <ALT> +N (Next> button shortcut keys).
A standard dialog box is used to display numerous error messages at various intervals throughout the VIST Patient Review application. They include:

'An error occurred during lookup', 'An error occurred while receiving patient information', 'An error occurred while getting the list of outcomes', 'An error occurred while getting the Outcome text', 'An error occurred while retrieving the text', 'An error occurred while setting the record status', 'An error occurred while sending data', 'An error occurred while creating the Outcome', 'An error occurred while saving the Outcome', 'An error occurred during the update', 'Error Encountered', 'The Section was not saved properly', 'An error has occurred during transmission'.

Required actions will depend upon the severity of the error. These errors may close the program completely, requiring a user to re-login. If the error does not shut down the program, some general guidelines are:
1. Click on the 'OK' button using a mouse or press <ENTER>.
2a. Validate the data you are entering, then re-enter it into the provided area(s), then follow prompts.
OR
2b. Contact your System Administrator for further assistance.
