1 Introduction

1.1 Purpose

This document provides a high level overview of the contents found on the Hematologic and Lymphatic Conditions, including Leukemia Disability Benefits Questionnaire (DBQ). The DBQ can be populated via an online template within the CAPRI C&P Worksheets tab and then printed OR it can be printed via AMIE (AUTOMATED MEDICAL INFORMATION EXCHANGE) and then manually populated. This document contains the edit rules for the template as well as an example of how the template will look online in CAPRI or printed from CAPRI. It also contains the layout for the AMIE worksheet to depict how it will look when printed from AMIE.

For more detailed information on standard template functionality not covered in this document, please refer to the C&P Worksheet Tab Functionalities section of the CAPRI GUI User Guide.

1.2 Overview

The Hematologic and Lymphatic Conditions, including Leukemia DBQ provides the ability to capture information related to Hematologic and Lymphatic Conditions (including Leukemia) and its treatment.

Each DBQ template contains a standard footer containing a note stating that “VA may request additional medical information, including additional examinations if necessary to complete VA’s review of the Veteran’s application.” (see Figure 1 and 2).

Figure 1: Template Example: DBQ - Standard VA Note

NOTE: VA may request additional medical information, including additional examinations if necessary to complete VA’s review of the Veteran’s application.

Figure 2: Print Example: DBQ – Standard VA Note

NOTE: VA may request additional medical information, including additional examinations if necessary to complete VA’s review of the Veteran’s application.

A number of fields on the Hematologic and Lymphatic Conditions template are mandatory and require a response (value) prior to the exam being marked as completed. Some questions may activate a Pop-up window displaying information as to each question that needs to be answered before the template can be completed.
2 Hematologic and Lymphatic Conditions DBQ

2.1 Name of patient/Veteran

All questions in this section may be answered as described by the rules below. If all mandatory questions are not answered, the error message(s) will appear in a popup window as depicted below.

Your patient is applying to the U.S. Department of Veterans Affairs (VA) for disability benefits. VA will consider the information you provide on this questionnaire as part of their evaluation in processing the Veteran’s claim.
2.2 **Section 1. Diagnosis**

The question “Does the Veteran now have or has he/she ever been diagnosed with a hematologic and/or lymphatic condition?” must be answered before the template can be completed.

- If it is answered with Yes, all other questions requiring an answer as described by the rules in this document must be answered before the template can be completed.
- If it is answered with No, the rationale supporting this is required. The remainder of the template may be completed without answering any additional questions or the user may input answers to any of the optional questions as indicated by the rules described in this document.

All questions will be printed even if they have not been answered.

If all mandatory questions are not answered, the error message(s) will appear in a popup window as depicted below and must be answered before this template can be completed.

Figure 5: Template Example: DBQ – Hemic and Lymphatic – 1. Diagnosis

Your patient is applying to the U.S. Department of Veterans Affairs (VA) for disability benefits. VA will consider the information you provide on this questionnaire as part of their evaluation in processing the Veteran’s claim.

1. Diagnosis

Does the Veteran now have or has he/she ever been diagnosed with a hematologic and/or lymphatic condition?

- Yes  - No

[If no, provide rationale (e.g., Veteran does not currently have any known hematologic or lymphatic condition(s)].

*Figure 9: Template Example: DBQ – Hemic and Lymphatic – 3. Treatment*
3. Treatment
a. Has the Veteran completed any treatment or is the Veteran currently undergoing any treatment for any lymphatic or hematologic condition, including leukemia?
  - Yes
  - No. Watchful waiting

If yes, indicate treatment type(s) (check all that apply):
- Treatment completed; currently in watchful waiting status
- Bone marrow transplant
  - If checked, provide:
    - Date of hospital admission and location:
    - Date of hospital discharge after transplant:
- Surgery
  - If checked, describe:
  - Date(s) of surgery:
- Radiation therapy
  - Date of most recent treatment:
  - Date of completion of treatment or anticipated date of completion:
- Antineoplastic chemotherapy
  - Date of most recent treatment:
  - Date of completion of treatment or anticipated date of completion:
- Other therapeutic procedure and/or treatment (describe):
  - Date of procedure:
  - Date of completion of treatment or anticipated date of completion:

b. Does the Veteran have anemia, including anemia caused by treatment for a hematologic or lymphatic condition?
  - Yes
  - No. If "yes", answer both questions 3.b.i and 3.b.ii

  i. Is the anemia caused secondary to treatment of another hematologic or lymphatic condition?
    - Yes
    - No
    - If yes, provide the name of the other condition:
  
  ii. Is continuous medication required for control of the anemia?
    - Yes
    - No
    - If yes, list medication(s): 

 c. Does the Veteran have thrombocytopenia, including thrombocytopenia caused by treatment for a hematologic or lymphatic condition?
  - Yes
  - No. If "yes", answer both questions 3.c.i and 3.c.ii

  i. Is the thrombocytopenia caused secondary to treatment of another hematologic or lymphatic condition?
    - Yes
    - No
    - If yes, provide the name of the other condition:
  
  ii. Is continuous medication required for control of the thrombocytopenia?
    - Yes
    - No
    - If yes, list medication(s):
### 3. Treatment

**a.** Has the Veteran completed any treatment or is the Veteran currently undergoing any treatment for any lymphatic or hematologic condition, including leukemia?

- [X] Yes  [ ] No; watchful waiting

If yes, indicate treatment type(s) (check all that apply):

- [ ] Treatment completed; currently in watchful waiting status
- [X] Bone marrow transplant
  - If checked, provide:
    - Date of hospital admission and location:
    - Date of hospital discharge after transplant:
- [X] Surgery
  - If checked, describe:
    - Date(s) of surgery:
- [X] Radiation therapy
  - Date of most recent treatment:
  - Date of completion of treatment or anticipated date of completion:
- [X] Antineoplastic chemotherapy
  - Date of most recent treatment:
  - Date of completion of treatment or anticipated date of completion:
- [X] Other therapeutic procedure and/or treatment (describe):
  - Date of procedure:
  - Date of completion of treatment or anticipated date of completion:

**b.** Does the Veteran have anemia, including anemia caused by treatment for a hematologic or lymphatic condition?

- [X] Yes  [ ] No  (if "yes", answer both questions 3.b.i and 3.b.ii)

  **i.** Is the anemia caused secondary to treatment of another hematologic or lymphatic condition?

- [X] Yes  [ ] No

  If yes, provide the name of the other condition:

  **ii.** Is continuous medication required for control of the anemia?

- [X] Yes  [ ] No

  If yes, list medication(s):

**c.** Does the Veteran have thrombocytopenia, including thrombocytopenia caused by treatment for a hematologic or lymphatic condition?

- [X] Yes  [ ] No  (if "yes", answer both questions 3.c.i and 3.c.ii)

  **i.** Is the thrombocytopenia caused secondary to treatment of another hematologic or lymphatic condition?

- [X] Yes  [ ] No

  If yes, provide the name of the other condition:

  **ii.** Is continuous medication required for control of the thrombocytopenia?

- [X] Yes  [ ] No

  If yes, list medication(s):

-----------------------------
3 Hemic and Lymphatic DBQ-AMIE Worksheet

The DBQ-AMIE worksheets are accessed via the Print Blank C&P Worksheet menu [DVBA C PRINT BLANK C&P WORKSHE] option. Select the “DBQ HEMIC AND LYMPHATIC CONDITIONS INCLUDING LEUKEMIA” worksheet. DBQ-AMIE worksheets should be sent to a printer.

Hematologic and Lymphatic Conditions
Including Leukemia
Disability Benefits Questionnaire

Name of patient/Veteran: _______________________   SSN: ________________

Your patient is applying to the U. S. Department of Veterans Affairs (VA) for disability benefits. VA will consider the information you provide on this questionnaire as part of their evaluation in processing the Veteran's claim.

1. Diagnosis

Does the Veteran now have or has he/she ever been diagnosed with a hematologic and/or lymphatic condition?
___ Yes   ___ No

If no, provide rationale (e.g., Veteran does not currently have any known hematologic or lymphatic condition(s)): _____________________________________

If yes, select the Veteran's condition:

___ Acute lymphocytic leukemia (ALL)  
ICD code: __________    Date of diagnosis: _____________

___ Acute myelogenous leukemia (AML)  
ICD code: __________    Date of diagnosis: _____________

___ Chronic myelogenous leukemia (CML)  
ICD code: __________    Date of diagnosis: _____________

___ Hodgkin's disease  
ICD code: __________    Date of diagnosis: _____________

___ Non-Hodgkin's lymphoma  
ICD code: __________    Date of diagnosis: _____________

___ Anemia  
ICD code: __________    Date of diagnosis: _____________

___ Thrombocytopenia  
ICD code: __________    Date of diagnosis: _____________

___ Polycythemia vera  
ICD code: __________    Date of diagnosis: _____________

___ Sickle cell anemia  
ICD code: __________    Date of diagnosis: _____________

___ Splenectomy  
ICD code: __________    Date of diagnosis: _____________

___ Hairy cell and other B-cell leukemia: If checked, complete Hairy cell and other B-cell leukemias Questionnaire.

___ Other hematologic or lymphatic condition(s):
Other diagnosis #1: ____________________________  ICD code: __________    Date of diagnosis: _____________

Other diagnosis #2: ____________________________  ICD code: __________    Date of diagnosis: _____________
Other diagnosis #3: ___________________________
ICD code: _____________________________
Date of diagnosis: _____________________

If there are additional diagnoses that pertain to hematologic or lymphatic condition(s), list using above format: ______________________________________

2. Medical history

a. Describe the history (including onset, course and status) of the Veteran's current condition(s) (brief summary): ________________________________

b. Indicate the status of the primary condition:
   ___ Active
   ___ Remission
   ___ Not applicable

3. Treatment

a. Has the Veteran completed any treatment or is the Veteran currently undergoing any treatment for any lymphatic or hematologic condition, including leukemia?
   ___ Yes   ___ No; watchful waiting

If yes, indicate treatment type(s) (check all that apply):
   ___ Bone marrow transplant
      If checked, provide:
         Date of hospital admission and location: ______________________________
         Date of hospital discharge after transplant: __________________________
   ___ Surgery
      If checked, describe: ______________________________
      Date(s) of surgery: ___________________________
   ___ Radiation therapy
      Date of most recent treatment: ___________
      Date of completion of treatment or anticipated date of completion: ____
   ___ Antineoplastic chemotherapy
      Date of most recent treatment: ___________
      Date of completion of treatment or anticipated date of completion: ______
   ___ Other therapeutic procedure and/or treatment (describe): ____________
      Date of procedure: ___________
      Date of completion of treatment or anticipated date of completion: ________
b. Does the Veteran have anemia, including anemia caused by treatment for a hematologic or lymphatic condition?
   ___ Yes   ___ No (if "yes", answer both question 3.b.i and 3.b.ii)
   
   i. Is the anemia caused secondary to treatment of another hematologic or lymphatic condition?
      ___ Yes   ___ No
      If yes, provide the name of the other condition: ____________________
   
   ii. Is continuous medication required for control of the anemia?
      ___ Yes   ___ No
      If yes, list medication(s): _______________________________________

   c. Does the Veteran have thrombocytopenia, including thrombocytopenia caused by treatment for a hematologic or lymphatic condition?
      ___ Yes   ___ No (if "yes", answer both question 3.c.i and 3.c.ii)
      
      i. Is the thrombocytopenia caused secondary to treatment of another hematologic or lymphatic condition?
         ___ Yes   ___ No
         If yes, provide the name of the other condition: _____________________
      
      ii. Is continuous medication required for control of the thrombocytopenia?
         ___ Yes   ___ No
         If yes, list medication(s): _______________________________________

4. Conditions, complications and/or residuals

   a. Does the Veteran currently have any conditions, complications and/or residuals due to a hematologic or lymphatic disorder or due to treatment for a hematologic or lymphatic disorder?
      ___ Yes   ___ No
      If yes, check all that apply:
      ___ Weakness
      ___ Easy fatigability
      ___ Light-headedness
      ___ Shortness of breath
      ___ Headaches
      ___ Dyspnea on mild exertion
      ___ Dyspnea at rest
      ___ Tachycardia
      ___ Syncpe
      ___ Cardiomegaly
      ___ High output congestive heart failure
      ___ Complications or residuals of treatment requiring transfusion of platelets or red blood cells
         If checked, indicate frequency:
         ___ At least once per year but less than once every 3 months
         ___ At least once every 3 months
         ___ At least once every 6 weeks

   b. Does the Veteran currently have any other conditions, complications and/or residuals of treatment from a hematologic or lymphatic disorder?
      ___ Yes   ___ No
      
      If yes, describe (brief summary): _______________________________________

5. Recurring infections
Does the Veteran currently have any conditions, complications and/or residuals of treatment for a hematologic or lymphatic disorder that result in recurring infections?
___ Yes   ___ No

If yes, indicate frequency of infections:
___ Less than once per year
___ At least once per year but less than once every 3 months
___ At least once every 3 months
___ At least once every 6 weeks

6. Thrombocytopenia (primary, idiopathic or immune)

Does the Veteran have thrombocytopenia?
___ Yes   ___ No

If yes, check all that apply:
___ Stable platelet count of 100,000 or more
___ Stable platelet count between 70,000 and 100,000
___ Platelet count between 20,000 and 70,000
___ Platelet count of less than 20,000
___ With active bleeding
___ Requiring treatment with medication
___ Requiring treatment with transfusions

7. Polycythemia vera

Does the Veteran have polycythemia vera?
___ Yes   ___ No

If yes, check all that apply:
___ Stable, with or without continuous medication
___ Requiring phlebotomy
___ Requiring myelosuppressant treatment

NOTE: If there are complications due to polycythemia vera such as hypertension, gout, stroke or thrombotic disease, also complete appropriate Questionnaire(s).

8. Sickle cell anemia

Does the Veteran have sickle cell anemia?
___ Yes   ___ No

If yes, check all that apply:
___ Asymptomatic
___ In remission
___ With identifiable organ impairment
___ Following repeated hemolytic sickling crises with continuing impairment of health
___ Painful crises several times a year
___ Repeated painful crises, occurring in skin, joints, bones or any major organs
___ With anemia, thrombosis and infarction
___ Symptoms preclude other than light manual labor
9. Other pertinent physical findings, complications, conditions, signs and/or symptoms

a. Does the Veteran have any other pertinent physical findings, complications, conditions, signs and/or symptoms?
   ___ Yes   ___ No
   If yes, describe (brief summary): ___________________________________________

b. Does the Veteran have any scars (surgical or otherwise) related to any conditions or to the treatment of any conditions listed in the Diagnosis section above?
   ___ Yes   ___ No
   If yes, also complete a Scars Questionnaire for each scar.

10. Diagnostic testing

   If testing has been performed and reflects Veteran's current condition, no further testing is required.
   Provide most recent CBC, hemoglobin level or platelet count appropriate to the Veteran's condition:
   a. CBC: ___________________________ Date: ____________
   b. Hemoglobin level (gm/100ml): ___________ Date: ____________
   c. Platelet count: _________________________ Date: ____________

11. Functional impact

   Does the Veteran's hematologic and/or lymphatic condition(s) impact his or her ability to work?
   ___ Yes   ___ No
   If yes, describe impact of each of the Veteran's hematologic and/or lymphatic conditions, providing one or more examples: _______________________

12. Remarks, if any:_________________________________________________________
_________
_________

   Physician signature: _____________________________________ Date: ____________

   Physician printed name: ________________________ Phone: ___________

   Medical license #: ________________________ Fax: ____________
Physician address: __________________________________________________________

NOTE: VA may request additional medical information, including additional examinations if necessary to complete VA’s review of the Veteran's application.
