| January 2014 |          | Patch PRC*5.1*174 (IFCAP/eCMS Interface):  
• Updated section 2.2.2 replacing “Agent of Manager” with “Agent or Manager”  
• Updated section 2.3.2 replacing “Sent to eCMS” with “Accepted by eCMS”  
• Replaced heading for “Chapter 5. Monitor the Status of POs, RFQs, and Requisitions” with “Chapter 5. Monitor the Status of 2237s, POs, RFQs, and Requisitions”  
• Updates to Section 5.2 Prompts. Added Cancelled, Returned to Accountable Officer by eCMS (P&C), Returned to Service by eCMS (P&C), Sent to eCMS (P&C), and To IFCAP Ordering Officer  
• Added section 5.4 Outstanding 2237s  
• Added flow charts in Section 5.2 | Robert Miller, Project Manager;  
Mavis McGaugh, Subject Matter Expert;  
Marge Norris and Susan Strack, Writers |
| Sept 2012 6.0 |          | Patch PRC*5.1*167 (eCMS Interface to IFCAP) updates:  
• Updated various menu options and commands with updated eCMS labels.  
• Performed general editorial review to improve grammar, punctuation, and formatting.  
• Updated section 2.3.2 Prompts, added “Select REQUEST WORKSHEET 2237 TRANSACTION NUMBER: 561-12-4” command and results to VistA screen display.  
• Added “eCMS” and “AITC” terms to Glossary. | Robert Miller, Project Manager;  
Mavis McGaugh, Subject Matter Expert;  
Dan Navarra, Writer |
<p>| October 2011 5.0 |          | Patch PRC<em>5.1</em>158 Modification of title for IFCAP VA Form 1358. | Mary A. Anthony, C. Arceneaux |</p>

Preface

This document is for VA procurement personnel assigned the user category of Purchasing Agent in the Integrated Funds Distribution, Control Point Monitoring, Accounting and Procurement (IFCAP) system.

In IFCAP, Department of Veteran Affairs (VA) employees request goods and services by creating electronic requests. Those requests are funded by an operating budget called a Control Point, and IFCAP sends transactions of those requests to Purchasing Agents, who are responsible for creating purchase orders to fulfill those requests. This document explains how to use IFCAP to create and amend purchase orders. Once accepted by a vendor, purchase orders become contracts between that vendor and the United States Government.

Chapter 14. Index .............................................................................................................................. 14-1
Chapter 1. Introduction

1.1 The Role of the Purchasing Agent

Purchasing Agents are VA employees who have been appointed to procure goods for the VA from vendors. Purchasing Agents act as materials brokers and liaisons between VA employees that request goods and the vendors responsible for supplying the goods. Purchasing Agents are charged with the responsibility for procurement of supplies, equipment and services and for replenishment of warehouse stock. Purchasing Agents determine whether to obtain goods from vendors under General Services Administration or National Acquisition Center contracts, by purchase from Federal Prison Industries, the Government Printing Office, minority suppliers, suppliers in labor service areas or by purchase from the open market.

1.2 How to Use This Manual

This manual explains how to perform the role of the Purchasing Agent by dividing that role into small, manageable tasks. The authors of this manual have listed these tasks in successive order so that each instruction builds on the functionality and information from the previous instructions. This will allow new Purchasing Agents to use this manual as a tutorial by following the instructions from beginning to end. Experienced Purchasing Agents can use this manual as a reference tool by using the index and table of contents.

1.3 Reference Numbering System

This manual uses a special paragraph numbering system to allow users to understand how the sections of the manual relate to each other. For example, this paragraph is section 1.3. This means that this paragraph is the main paragraph for the third section of Chapter 1. If there were two subsections to this section, they would be numbered sections 1.3.1 and 1.3.2. A paragraph numbered 1.3.5.4.7 would be the seventh subsection of the fourth subsection of the fifth subsection of the third subsection of Chapter 1. All clear? Actually, all this means is that users that want to divide their reading into manageable lessons can concentrate on one section and all of its subsections, e.g., section 1.3.5.4 and all of its subsections would make a coherent lesson.

1.4 Package Management, Legal Requirements and Security Measures

In order to use IFCAP to create purchase orders, Purchasing Agents are given access to a set of IFCAP menu options designed for their use. Some of these menu options, e.g., the option to reprint purchase orders, are additionally controlled by the use of access "keys". These access keys are administered to individual Purchasing Agents by the Information Resources Management Service at their facility. Also, each Purchasing Agent is assigned a "signature
code" that functions legally as their signature. Purchasing Agents must enter this signature to create any form in IFCAP that would require an authorizing signature if they created the form manually.

1.5 Package Operation

This document explains how to use IFCAP to create and amend purchase orders. Novice Purchasing Agents will be unfamiliar with the information that some of the IFCAP prompts require. IFCAP provides three levels of explanations for the prompts. Enter a question mark at the prompt to read a description of the prompt, two question marks to read a more complex explanation of the prompt, and three question marks to read a complete description of the prompt and read a list of acceptable responses to the prompt.

1.5.1 Document Creation

IFCAP will create and transmit FMS documents instead of CALM code sheets.

1.5.2 Vendor Request/Vendor Update Functionality

To keep the IFCAP and FMS vendor files in sync, the Procurement Module automatically requests additions or edits to the FMS Vendor file. In turn, FMS automatically updates the IFCAP vendor file with new information FMS receives.

1.5.3 New Purchase Order/Requisition Processing

IFCAP prompts the user for required fields, which are passed to FMS upon obligation, as well as “rolling up” IFCAP commodity line data with the same accounting significance to the same FMS document “accounting” lines 1.6.9 Required Fields File

1.5.4 FMS Document Creation

IFCAP creates and transmits FMS documents.

<table>
<thead>
<tr>
<th>FMS Document</th>
<th>Purpose</th>
</tr>
</thead>
<tbody>
<tr>
<td>Miscellaneous Order (MO)</td>
<td>Obligation of order for goods</td>
</tr>
<tr>
<td>Service Order (SO)</td>
<td>Obligation of order for services</td>
</tr>
<tr>
<td>Vendor Request (VRQ)</td>
<td>Vendor Request</td>
</tr>
<tr>
<td>Internal Voucher (IV)</td>
<td>Internal sale of goods (from Supply Warehouse to a service)</td>
</tr>
<tr>
<td>Receiving Report (RT)</td>
<td>Fiscal “sign-off” of Receiving Report indicating receipt of goods into Warehouse</td>
</tr>
</tbody>
</table>
While these FMS documents are *initiated* by processes in the Procurement Module, they are not actually created by the Procurement Module. That is because they are sent to FMS upon obligation, or Fiscal approval. All relevant data for the FMS documents are collected and stored during the Procurement Module processing, but it is the Accounting Module (Fiscal/Accounting Technician) that actually triggers the creation and transmission of these documents. The only exceptions are the Vendor Request (VRQ) document and the obligation documents for Supply Fund orders, which *are* created and transmitted immediately upon adding or editing a vendor in IFCAP, but only through use of IFCAP options (i.e., *not* by using VA FileMan).

### 1.5.5 Sub-cost Center Change

IFCAP uses the last two digits of the cost center as the **sub-cost center**. Most cost centers currently end in “00”, but, if they end in some other numerical combination, the value of the last two digits will be the sub-cost center that is sent to FMS. IFCAP will continue to have only one field (cost center), but will send FMS two values. For example, if the cost center in IFCAP were 870011, IFCAP would send FMS the value of 870000 as the cost center, and 11 as the sub-cost center. VA Central Office will define and provide any sub-cost centers to IFCAP stations.
Introduction
Chapter 2. How to Issue a Purchase Order

2.1 Introduction

As services create requests for supplies and services, IFCAP will display transactions of those requests for the lead Purchasing Agent or Chief of Purchasing and Contracting, who will assign the transactions to Purchasing Agents for processing. Purchasing Agents turn these request transactions into purchase orders.

2.2 Assign a Purchasing Agent

2.2.1 Menu Path

From the Purchasing Agent Menu, select Assign a Request to Purchasing Agent. Select a station number and a 2237 transaction number. If you do not know the entire transaction number, the last four digits of the transaction will do.

2.2.2 Prompts

IFCAP will display the name of the item on the transaction. If the transaction has already been assigned to a Purchasing Agent, it will list the Purchasing Agent’s name. Hit the Return key to keep the name or enter a new name at the prompt.
2.3 Assign a Purchase Order Number

2.3.1 Menu Path

From the Purchase Orders Menu, select New Purchase Order. At the Purchase Order: prompt, enter the common numbering series, which is a two- or three-character code for the category of the purchase. Generally, the second digit will be the last number of the fiscal year. These categories are based on the appropriation, the method of payment, and the source of procurement (vendor, GSA, etc.). IFCAP will assign a purchase order number to the transaction and ask you to verify it.

Select Purchasing Agent Option: PURCHASE Orders Menu

ENTER A NEW PURCHASE ORDER NUMBER OR A COMMON NUMBERING SERIES
PURCHASE ORDER: 4E 688-4E PC AUTHORIZED BUYER
Are you adding '688-4E0326' as a new Purchase Order number? Y (YES)

2.3.2 Prompts

1. Enter the date of the purchase order at the P.O. Date: prompt.

2. IFCAP will ask you for the method of processing, or how the vendor will be paid for the purchase. INVOICE/RECEIVING REPORT means that the order will be received by the warehouse, the warehouse will create a receiving report for the order, and the order will be paid via FMS. CERTIFIED INVOICE means that the order is for a service; the Control Point Official will certify that the service has been rendered, and the station that
generated the purchase order will pay the vendor. PAYMENT IN ADVANCE is an order that Fiscal Service forwards to a vendor with a check included. GUARANTEED DELIVERY orders are for goods and services that go directly to a veteran. IMPREST FUNDS/CASHIER orders are paid with cash, a GELCO draft (third party check), or a credit card. Only vendors that are listed as guaranteed delivery vendors in the vendor file can receive guaranteed delivery orders.

3. IFCAP will ask you if the order is an estimated order. Estimated orders are orders that have an unknown cost at the time the Control Point Official transmitted the order. Orders for services, i.e., equipment repair, are often estimated orders, since the vendor doesn’t determine the actual cost until the vendor completes the repair.

4. IFCAP will ask for the invoice address. The invoice address indicates where the vendor is to mail the invoice. Invoice/Receiving Report orders for subsistence (perishable food items) list the local VA facility as the recipient of the invoice. All other Invoice/Receiving Report orders will send the invoice to FMS. Certified Invoices are sent to Fiscal Service at the local VA facility. Guaranteed Delivery invoices are forwarded to FMS. Payment in Advance and Imprest Funds/Cashier orders do not require invoices, so you would accept the address shown on the order.

5. Enter a vendor name or number at the Vendor: prompt. You may add a new vendor if you wish. If you add a new vendor, IFCAP will create a vendor request (VRQ) document and transmit it to FMS, ensuring that IFCAP and FMS vendor records correspond.

6. Enter the source code for the purchase order. The source code identifies what type of source the vendor represents, e.g., a Government source, a private source, a contract source, etc. Source codes are listed in MP-4 Part V, Appendix B-1.

7. If you choose "Open Market" at the Source Code: prompt, IFCAP will display the Local Procurement Reason Code: prompt. Enter an explanation at this prompt as to why you’re making the purchase from the open market, as opposed to purchasing it from a mandatory source.

8. IFCAP will ask for the "Request Worksheet 2237 Transaction Number", or the number of the transaction that you’re turning into a purchase order. Enter the last four numbers of the transaction number. Enter the 2237 transaction number that lists the items you are going to purchase. If you do not know the 2237 transaction number, enter the Control Point, fiscal year and fiscal quarter (for example, 688-95-4) and IFCAP will list the available transaction numbers. If you do not know any part of the transaction number, enter three question marks and IFCAP will list the available transaction numbers.

9. Enter another 2237 transaction number if you like.

10. Enter the Fund Control Point for the purchase if IFCAP prompts you for it. Enter the cost center at the Cost Center: prompt if this purchase is assigned to a section or service
that has a cost center defined in IFCAP for their expenses. Cost centers allow Fiscal staff to create total expense records for a section or service.

11. Enter the name of the service that will use the items you are purchasing at the Requesting Service: prompt.

12. Enter N at the Expendable/Nonexpendable: if the item is defined as nonexpendable property as per VA Catalog 3. Otherwise, enter E. Nonexpendable property is usually items that are not consumable and not a part of another item.

13. Enter the final destination of the purchase at the Delivery Location: prompt. Enter PATIENT at this prompt if the vendor will deliver the purchase directly to the patient.

14. If you enter PATIENT at the Delivery Location: prompt, IFCAP will display the Direct Delivery Patient: prompt. Enter the name of the patient at this prompt, or enter two question marks to see a list of available patients. Enter the address of the patient.

15. At the Verbal Purchase Order: prompt, enter Y if this purchase order was negotiated verbally with a vendor representative.

16. At the Confirmation Copy?: prompt, enter Y if you want IFCAP to print a copy of the purchase order for the vendor.

17. Enter O for origin at the F.O.B. (Freight On Board) Point: prompt if additional freight charges are due to the carrier at the time of delivery.

18. Enter the date that the purchase is due at the Delivery Date: prompt.

19. Enter the name of the vendor representative that quoted the purchase price, and the date of the quote or a quote number if they are available (for example, 'telephone quote John Doe quote #001 dated 3-10-95') at the Proposal: prompt.

20. Enter the method of purchase for these items at the Select Purchase Method: prompt. If you do not know the method category, enter three question marks and IFCAP will list the available purchase methods. You may enter multiple purchase methods if you like.

21. Enter the estimated shipping or handling charges for the order at the Est. Shipping And/Or Handling: prompt.

22. Enter the discount terms for prompt payment at the Prompt Pay Type: prompt.

23. Enter your name at the PA/PPM/Authorized Buyer: prompt.

24. Enter Y at the Certified P.O.: prompt if the receiving service has certified that the goods and services have been received and are satisfactory.

25. Enter the line item number of the item on the 2237 that you want to purchase at the Select Line Item Number: prompt.
26. Enter the item master file number of the item.

27. You may enter or edit the description of the item if you like.

28. Enter the quantity of units (boxes, cases, etc.) that you want to purchase at the Quantity: prompt.

29. Enter the unit of purchase (boxes, cases, etc.) If you do not know the unit of purchase, enter three question marks at the prompt and IFCAP will list the available units of purchase.

30. Enter the cost per unit at the Actual Unit Cost: prompt.

31. Enter the minimum number of units you can order per shipping package at the Packaging Multiple: prompt.

32. Enter the stock-keeping unit of the item at the SKU: prompt. The stock-keeping unit is the unit that the warehouse uses to store the item.

33. Enter the factor that you use to convert the SKU to the unit of purchase at the Unit Conversion Factor: prompt.

34. Enter the stock number supplied by the vendor for the item at the Vendor Stock Number: prompt.

35. Enter the national stock number (NSN) of the item at the NSN: prompt.

36. Enter the Federal Supply Classification (FSC) for an item, or the Product Service Code (PSC) for a service. IFCAP might display some additional prompts based on your entry.

37. At the Contract: prompt, enter a contract number if the purchase price and vendor is established by a purchasing contract with that vendor.

38. Enter the budget object code classification for the item at the BOC: prompt. If you do not know the budget object code, enter three question marks at the prompt and IFCAP will display the available budget object codes.

39. At the Enter/Edit Delivery Schedule for this Item?: prompt, press the Enter key or enter N if you want all of the items on your request delivered on the required delivery date of the RFQ. If you enter a delivery schedule for the item, you are notifying the vendor that you want them to deliver different amounts of the items on different days. Make sure that the total number of items among all of the delivery dates equals the total number of items you are ordering.

40. Enter another line item number if you like.

41. Enter any special administrative forms of payment at the Select Administrative Certifications: prompt. If you do not know the administrative certification categories,
enter three question marks and IFCAP will list the available categories. You may enter additional administrative certifications if you like, and add comments to explain the certifications.

42. If there is a discount available for any item on the purchase order, enter the line item number at the Select Discount Item: prompt and enter the discount for the item.

43. If the entire purchase order is subject to a percent discount for prompt payment, enter the percent of the discount at the Select Prompt Payment Percent: prompt.

44. Enter the number of days before the prompt payment term expires at the Days (Term): prompt.

45. At the Is this P.O. to be reported to the FPDS system (Under $25,000 report)?: prompt, enter Y to report the order to the Federal Procurement Data System (FPDS) if the purchase order qualifies for reporting. Do not report the purchase order to FPDS for purchases over $25,000, unless the Source Code used is 4 (VA Decentralized Schedule), 6 (Fed. Supply Sched. or OGA Contracts), 7 (Consolidated Procurement), or B (a combination of 2, 4, & 6). Enter three question marks at the prompt to read the other exceptions to FPDS reporting. The General Services Administration uses FPDS data to compile statistics of compliance to minority and small business purchasing requirements as per the Competition in Contracting Act. Enter the appropriate business category codes at the prompts. If you do not know the category codes, enter three question marks at the prompts and IFCAP will list the available codes.

46. At the EXTENT COMPETED: prompt, enter a description of the acquisition method. Double question marks may be entered for a list.

47. Enter the REASON NOT COMPETED, if applicable. Double question marks may be entered for a list.

48. Enter the SOLICITATION PROCEDURE, if applicable. Double question marks may be entered for a list. Solicitation procedures should be entered for orders under and over $25K.

49. Enter an EVALUATED PREFERENCE, if applicable. This is a short name for the preference. Double questions marks may be entered for a list.

50. Enter a FUNDING AGENCY OFFICE CODE. Double questions marks may be entered for a list.

51. Enter Y at the Review Purchase Order?: prompt to have IFCAP display the order to your screen.

52. If the purchase order is ready for approval, enter Y at the Send To Fiscal Service?: prompt. If you need to make corrections to the purchase order before you send it to Fiscal
Service, enter N at the Send to Fiscal Service? prompt and use the Edit an Incomplete Purchase Order option.

53. If you answered Y at the Send To Fiscal Service: prompt, IFCAP will prompt you for your electronic signature code.

54. Enter a purchase order number at the Purchase Order: prompt [to transmit another purchase order] or enter a caret (^) at the prompt to return to the Purchase Orders Menu.

2.4 What Happens to Obligated Purchase Orders  
After Fiscal obligates a purchase order, it comes back to the Purchasing Agent for distribution. Some stations have adopted a "paperless" method of tracking purchase orders, and the only hard copies used are copies sent to the vendor. At other stations, one copy of the purchase order is filed with the original 2237 transaction and one copy is returned to the Control Point.
How to Issue a Purchase Order

Note: All copies of purchase orders sent to vendors must be signed by the Purchasing Agent. Signature codes are inadequate.

2.5 Amending a Purchase Order

2.5.1 Introduction

Occasionally, a purchase order will have to be amended. Control Points add items to requests, quantities change, and vendors ship greater quantities than the amount on the order. Follow the instructions in this section to make these changes to a purchase order.

2.5.2 Menu Path

1. Select Purchase Orders Menu from the Purchasing Agent Menu.

2. Select Amendment to Purchase Order from the Purchase Orders Menu.

Select Purchase Orders Menu Option: Amendment to Purchase Order

2.5.3 Prompts

Enter a station number. Enter a purchase order number. You may not use a purchase order with a status of 'Transaction Complete.' If you do not know the purchase order number, enter three question marks and IFCAP will list the available purchase orders. Enter the effective date of the amendment, or enter the default of T for today. Enter the authority by which you amend the purchase order. If you do not know the applicable authorization, enter three question marks and
IFCAP will list the available authority categories. Enter comments about the amendment if you like at the Type Comments: prompt.

At the Contractor Required to Sign: prompt, enter Y if the contractor has to sign the amendment showing that they accept the terms of the amendment. Enter your name at the Purchasing/PPM Agent: prompt. Choose which type of amendment you are making to the purchase order. If you do not know which type is applicable, enter three question marks at the prompt and IFCAP will display the list of available amendment types. You may see additional prompts not described here, depending on which amendment type you choose.

IFCAP will display a set of prompts that allow you to make the amendment you specified. You may select another type of amendment if you like. You may change the status of the purchase order at the Amendment/Adjustment Status: prompt. The following is a table of each status that you can assign to the purchase order and its definition.

**Cancelled Order (Amended)**
- You are creating the amendment to cancel the order.

**Complete Order Received (Amended)**
- You are reporting that all items on the purchase order have been received. Also, if you cancel all outstanding items because they are unavailable from the vendor, this is the status you would choose.

**Ordered and Obligated (Amended)**
- You are reporting that the items on the purchase order have been ordered, and that funds have been obligated from the Control Point for the purchase.

**Partial Order Received (Amended)**
- You are reporting that one or more items have been received, but the complete order has not yet been received.

**Transaction Complete (Amended)**
- The complete order has been received.

Enter a justification for the amendment. Edit the Federal Procurement Data System (FPDS) data if you like. You may also review the amendment you just created. Approve the amendment, print it if you want, and enter your electronic signature code. The amendment will print on your printer or your screen, and return to the Purchase Orders Menu.

Chapter 3. How to Expedite Purchase Orders

3.1 Introduction

This section will explain how to obtain a report that lists purchase orders either overdue for delivery or due for delivery within the next few days. You can use this report to contact all of the vendors with late or imminent delivery obligations.

3.2 Menu Path

1. Select Management Reports Menu from the Purchasing Agent Menu.
2. Select Statistics Menu from the Management Reports Menu.
How to Expedite Purchase Orders

3.3 Prompts

1. Enter the Supply Employee type.

   Supply Employee type selection:
   1: WAREHOUSE
   2: PPM ACCOUNTABLE OFFICER
   3: PURCHASING AGENT
   4: MANAGER
   5: PURCHASE CARD HOLDER
   6: ALL OF THE ABOVE

2. Enter the earliest delivery date that you want the report to print at the Start With Delivery Date: prompt, or press the Enter key for IFCAP to print the oldest outstanding delivery date on record.

3. Enter the latest delivery date that you want the report to print at the Go To Delivery Date: prompt, or press the Enter key for IFCAP to print the latest delivery date on record. You can configure these two date entries to print overdue purchase orders and/or purchase orders with upcoming delivery dates. For example, if you enter T-30 at the Start With Delivery Date: prompt, and T+7 at the Go To Delivery Date: prompt, IFCAP will list all of the purchase orders that are 30 days late or less, due today, or due a week from today or less. IFCAP will print the 'Delinquent Purchase Orders' report, listing the purchase orders due for the range that you specified. The report will list the purchase orders for each purchasing agent separately. For each purchasing agent, the report will list the
purchase orders for each vendor that are due in the date range that you specified. After printing the report, IFCAP will return to the Statistics Menu.

3.4 Contact the Vendor

Notify the vendor of delinquent shipments. Advise vendors that you may have to cancel orders that they cannot deliver within a reasonable amount of time. Some vendors that are late on delivery will pay for express delivery of their delinquent orders. Sometimes, vendors cannot ship the entire order, but can ship a partial quantity or a similar item that meets the specifications of the request. Fiscal Service at your station also may have a formal station policy for responding to delinquent purchase orders.

3.5 How to Change the Delivery Date of an Item

3.5.1 Introduction

Often, after you call a vendor to inquire about a delinquent item, you will have to change the delivery date and record an explanation of the delivery change. Follow the steps below to change a delivery date and record an explanation.
3.5.2 Menu Path

1. Select P&C Utilities Menu from the Purchasing Agent Menu.
2. Select Change Delivery Date on P.O. from the P&C Utilities Menu.

<table>
<thead>

Select P&C Utilities Menu Option: Change Delivery Date on P.O.

3.5.3 Prompts

Enter a station number. Enter a purchase order number. If you do not know the purchase order number, enter three question marks and IFCAP will list the available purchase order numbers.

**Note:** You will only be able to select purchase orders with outstanding items.

You may review the order or a receiving report if you like. Enter the new delivery date. Explain the reason for the new delivery date in the Comments: field. To change the delivery date on another purchase order, enter another purchase order at the Purchase Order: prompt or enter a caret (^) to return to the P&C Utilities Menu.
3.6 Print Obligated 1358s

3.6.1 Introduction

This report includes information such as P.O. #, date and amount; requestor; and vendor and contract information, if it was entered when the 1358s were created.

3.6.2 Menu Path
1. Select Management Reports Menu from the Purchasing Agent Menu.
2. Select FPDS Reports Menu from the Management Reports Menu.
3. Select Print Obligated 1358s from the FPDS Reports Menu.

### 3.6.3 Prompts

Enter a date range and device to obtain a list of purchase orders from obligated 1358s with a dollar value of $0 and higher. Your previous entries for the START and GO TO P.O. DATES will appear as the defaults. This option should be printed at 132 columns.

Chapter 4. Make Purchases Using Requests for Quotations

4.1 Introduction

This chapter will explain how to create, edit, delete, transmit and print requests for quotations (RFQs). RFQs are announcements of intent by the VA to buy products or services, and solicit vendors to present the VA with quotes of prices, item descriptions, and delivery schedules. There are two submenus under the Request for Quotation Main Menu. The first submenu, the Process Menu, contains the options for creating and editing a request for quotations. The second submenu, the Evaluation and Award Menu, contains options that allow you to create RFQ reports and evaluate quotes for an RFQ.

4.2 The Process Menu

4.2.1 Introduction

The Process Menu contains the options for creating and editing a request for quotations. Here are the options under the Process Menu, in the order they will be explained in this manual.

Add Text Message

This option enables the user to enter an 864 transaction Text Message, specify recipients, and transmit the message electronically to the recipients.

Cancel RFQ

This option sets the RFQ status to 'Cancelled', the Request Worksheet file's entry back to 'Sent to Purchasing & Contracting', and if the RFQ has been transmitted electronically, it sends a RFQ Cancellation 840 Transaction.

Close RFQ to Further Quotes

This option enables the Purchasing Agent to set the status of the RFQ to 'CLOSED'. If the RFQ has been transmitted electronically, this option also sends an 864 Message Text transaction informing vendors that the RFQ is now closed.

Edit Incomplete RFQ

This option enables the user to edit an existing, but still incomplete, RFQ.

Edit Mode Preference

This option enables the user to specify whether editing should be done via FileMan Input Templates or ScreenMan Forms. The user can alternately select to be prompted for edit mode within the editing options.

Manual Print of RFQ

This option is used to print a manual RFQ.
<table>
<thead>
<tr>
<th>Feature</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>New RFQ</td>
<td>This option imports information from a 2237 and supporting documents into a Request for Quotation entry and enables the Purchasing Agent to edit the information.</td>
</tr>
<tr>
<td>Reopen Closed RFQ</td>
<td>This option enables the Contracting Officer/Purchasing Agent to reopen a closed Request for Quotation.</td>
</tr>
<tr>
<td>Retransmit RFQ</td>
<td>This option enables the user to retransmit an RFQ in 'PENDING QUOTES' status in the event of a transmission error during an earlier attempt.</td>
</tr>
<tr>
<td>RFQs Due Report</td>
<td>This option is used to create a report of your RFQs that are due on or before the current date.</td>
</tr>
<tr>
<td>Transmit Unsent /</td>
<td>This option enables the user to transmit an entered, but not sent, 864 Text Message or to retransmit an already sent 864 Text Message.</td>
</tr>
<tr>
<td>Retransmit 864 Message</td>
<td></td>
</tr>

</tr>
<tr>
<td>View RFQ</td>
<td>This option enables the user to view the request portion of a Request for Quotation (RFQ) entry.</td>
</tr>
</tbody>
</table>

### 4.2.2 New RFQ

#### 4.2.2.1 Introduction

This option imports information from a 2237 and supporting documents into a Request for Quotation entry and enables the user to edit the information.

**Note:** Prior to using a 2237 to generate an RFQ, the Purchasing Agent must have split off any items which are not to be included in the RFQ. The "New RFQ" option imports all items on a 2237 into the RFQ entry.

#### 4.2.2.2 Menu Path

1. Select Request for Quotation Main Menu from the Purchasing Agent menu.
2. Select Process Menu from the Request for Quotation Main Menu.
Enter I at the Enter Desired Input Mode: prompt if you want IFCAP to display the prompts for this option one at a time. Enter S at the Enter Desired Input Mode: prompt if you want IFCAP to display screens of prompts.

---

Enter I at the Enter Desired Input Mode: prompt if you want IFCAP to display the prompts for this option one at a time. Enter S at the Enter Desired Input Mode: prompt if you want IFCAP to display screens of prompts.

Select Process Menu Option: New RFQ
Enter Desired Input Mode: ?

Here you can indicate if you wish to edit in scroll mode with FileMan Input Templates or screen mode with ScreenMan

Select one of the following:

i Input Template
s ScreenMan Form

Enter Desired Input Mode: i Input Template

---

4.2.2.3 Input Template Prompts

Throughout the RFQ module the string ‘(W)’ indicates that the field is a word processing field.

1. At the Enter Primary 2237 Transaction #: prompt, enter the form 2237 that you want to assign to the RFQ. If you do not know the 2237 number, you can enter the first set of digits that you remember, or enter three question marks to see a list of valid 2237s.

2. You may import items from as many 2237s as you like. Enter Y at the Do You Wish To Import Items From An Additional 2237?: prompt to continue assigning 2237s to the new RFQ.
3. Enter your electronic signature code.

4. Enter the date you want to assign to the RFQ at the Reference Date: prompt.

5. Enter the date that you want the items on the RFQ to be delivered at the Reqd Delivery Date: prompt.

6. Enter the date that quotes are due from the vendors at the Quote Due Date/Time: prompt.

7. Enter the priority associated with receipt of the RFQ items at the Priority of Request: prompt.

8. Enter the receiving location of the goods or services at the Ship To: prompt, or enter a question mark to see a list of available receiving locations.

9. Enter the individual's name and/or the room number for delivery at the Deliver To: prompt.

10. Enter D for destination or O for Origin at the FOB: prompt. An FOB (Freight on Board) of "Destination" means that the vendor's item price includes shipping and handling and that the vendor is responsible for the item up to its delivery at the facility. An FOB of "Origin" means that shipping charges are due to the shipper, and generally that the shipper, not the vendor, is responsible for the items in transit.

11. At the Set Aside?: prompt, enter Y for 'YES' if the award will be influenced by a set-aside (i.e. race or gender) program.

12. Enter the name of the Purchasing Agent processing this RFQ at the Contracting Officer: prompt. The Contracting Officer must be a Purchasing Agent or manager in Supply Service, and must have a commercial phone number on file.

13. Enter the line item number of the item on the 2237 that you want to purchase at the Select Line Item Nbr: prompt.

14. You can change the number assigned to the item at the Line Item Nbr: prompt.

15. If the item has an Item Master File number assigned to it, enter the number at the Item Master File Nbr: prompt.

16. Enter a one-line description of the item at the Description: prompt.

17. Enter the unit of purchase (boxes, cases, etc.) for the item at the Unit of Purchase: prompt. If you do not know the unit of purchase, enter a question mark at the prompt and IFCAP will list the available units of purchase.

18. Enter the quantity of units (boxes, cases, etc.) that you want to purchase at the Quantity: prompt.
19. Enter the Standard Industrial Classification code for the business providing this product at the SIC Code: prompt. The SIC code will help vendor systems direct the RFQ to potential vendors.

20. If the item is a drug, enter the drug code for the item at the National Drug Code: prompt.

21. Enter the national stock number for the item at the NSN: prompt.

22. Enter the Federal Supply Classification (FSC) for an item, or the Product Service Code (PSC) for a service. IFCAP might display some additional prompts based on your entry.

23. Enter the part number assigned to the item by the manufacturer at the Mfg Part No.: prompt.

24. Enter the lot number assigned to the item by the manufacturer at the Lot Nbr.: prompt.

25. Enter the serial number assigned to the item by the manufacturer at the Serial Nbr.: prompt.

26. Enter H at the Hazardous Material: prompt if the item qualifies as hazardous material.

27. Enter the Budget Object Code for the item at the BOC: prompt. The Budget Object Code is an accounting code that describes what kind of item or service is being procured.

28. Press the Enter key at the Select Delivery Schedule: prompt if you want all of the items on your request delivered on the required delivery date of the RFQ. To define a delivery schedule for the items on the RFQ, enter a number to represent the delivery schedule. If you enter a delivery schedule for the item, you are notifying the vendor that you want them to deliver different amounts of the items on different days. Make sure that the total number of items among all of the delivery dates equals the total number of items you are ordering.

29. Enter the delivery date of the item at the Delivery Date: prompt.

30. Enter the quantity you are ordering at the Quantity: prompt.

31. Enter the location for delivery of the item at the Location: prompt.

32. You can enter additional delivery schedules if you like.

33. You can enter another line item if you like at the Select Line Item Nbr: prompt.

34. Enter the vendor solicited for this RFQ at the Select Solicited Vendor: prompt.

35. Enter Y at the Transmit to ‘Public’: prompt if you want to broadcast the RFQ to all possible vendors for the item.

36. You can enter or edit special remarks for this RFQ if you like.
37. Enter Y at the Do You Wish To Add A Standard Administrative Certification Phrase?: prompt to add an administrative certification phrase to this RFQ. Administrative certification phrases are ‘boilerplate’ paragraphs that IFCAP users add to orders and requests.

38. Enter Y at the Do You Wish To View The RFQ?: prompt to view the new RFQ.

39. If you chose to view the RFQ, enter the output device at the Device: prompt. Enter a margin length (in characters) at the Right Margin: prompt. IFCAP will display the new RFQ on the output device you selected.

40. Inspect the RFQ for validity and correctness. If the RFQ is ready to transmit, enter Y at the Do You Wish To Transmit This RFQ To Vendors?: prompt. IFCAP will display the MailMan message number assigned to the RFQ transmission. Enter another RFQ number, or enter a caret (^) to return to the Process Menu.

4.2.2.4 ScreenMan Form Prompts

Note: required fields are underlined in the screen captures that follow.

1. Enter the transaction number of the 2237 you wish to assign to the new RFQ at the Enter Primary 2237 Transaction #: prompt.

2. You can import items from additional 2237s if you like. IFCAP will create a new RFQ with cross-references to the 2237(s) you selected.

3. IFCAP will display an RFQ Enter/Edit Screen.

4. Use the tab key to move the cursor to the prompts on the screen. Required prompts are underlined. Word-processing prompts are followed by a (W).

5. At the RFQ Reference Date: prompt, enter the effective date for the RFQ.

6. At the Req'd Delivery Date: prompt, enter the date that you want to receive the goods or services.

7. At the Priority of Request: prompt, enter the priority of receipt of the goods or services. Valid priorities are Emergency, Special, and Standard. Consult your Supply Service for guidance regarding the use of request priorities.

8. At the Quote Due Date/Time: prompt, enter the date and time that quotes are due for receipt from the vendors.
9. At the Ship To: prompt, enter the receiving location of the goods or services, or enter a question mark to see a list of available receiving locations.

10. At the Deliver To: prompt, enter the individual's name and/or the room number for delivery.

11. At the FOB: prompt, enter D for destination or O for origin. An FOB (Freight on Board) of "Destination" means that the vendor item price includes shipping and handling and that the vendor is responsible for the item up to its delivery at the facility. An FOB of "Origin" means that shipping charges are due to the shipper, and generally that the shipper, not the vendor, is responsible for the items in transit.

12. At the Special Remarks: prompt, enter any remarks you want to make about this RFQ.

13. At the Do you wish to add an Administrative Certification?: prompt, enter Y if you wish to use predefined Administrative Certification phrases for inclusion in the RFQ. IFCAP will copy the phrases you choose to the Administrative Certifications word processing field.

14. At the Administrative Certifications(W) prompt, press the Enter key to enter the Administrative Certifications word processing field for editing.

15. At the Set Aside?: prompt, enter Y for 'YES' if the award will be influenced by a set-aside (i.e. race or gender) program.

16. At the Contracting Officer: prompt, enter the name of the Purchasing Agent processing this RFQ. The Contracting Officer must be a Purchasing Agent or manager in Supply Service, and must have a commercial phone number on file.

17. Enter N to see the next page of prompts. IFCAP will display a second edit screen, listing information about the new RFQ.

18. To edit an existing line item, move the cursor until it rests on the line item number and then press the Enter key.

19. To add another line item, move the cursor to the end of the line item list and enter a line number. To delete a line item, move the cursor over the line item number and enter @. If you want to renumber a line item, move the cursor over a line item number and enter a new number. IFCAP will display another edit screen with information about the line item. Most of the items on the RFQ will have probably been imported from a form 2237, but IFCAP allows users to add and delete line items.

20. Use the tab key to move forward through the prompts or the PF4 key to move back to the previous field. You may also enter a caret (^) and the name of a prompt to move to a field you wish to edit. <PF1>+H will display online help on how to navigate through the screens. Required fields are underlined. You can also enter a question mark at these prompts to read help text about each prompt.
21. At the Item Master File #: prompt, enter the item master file number of the item if this item is in the Item Master File. If you do not know the Item Master File number, enter a question mark at the prompt to see the item master list, or enter the first letters in the description of the item to see a list of items beginning with those letters.

22. At the Descr(W): prompt, enter a comprehensive description of the item. This is the description transmitted to the vendors.

23. At the Short: prompt, enter a brief description of the item. This description is displayed internally on some reports and data entry screens within the RFQ options.

24. At the Unit of Purchase: prompt, enter the unit of purchase (boxes, cases, etc.) If you do not know the unit of purchase, enter a question mark at the prompt and IFCAP will list the available units of purchase.

25. At the Quantity: prompt, enter the quantity of units (boxes, cases, etc.) that you want to purchase.

26. At the SIC Code: prompt, enter the Standard Industrial Classification code for the business providing this product. The SIC code will help vendor networks to direct the RFQ to potential vendors.

27. At the Natl Drug Code: prompt, enter the National Drug Code if the item is a drug.

28. At the Natl Stock #: prompt, enter the National Stock Number of the item.

29. Enter the Federal Supply Classification (FSC) for an item, or the Product Service Code (PSC) for a service. IFCAP might display some additional prompts based on your entry.

30. At the Mfg Part #: prompt, enter the manufacturer's part number.

31. At the Lot #: prompt, enter the lot number of the item.

32. At the Serial #: prompt, enter the serial number of the item.

33. At the Hazmat Code: prompt, enter the code for that hazardous material if the item is a hazardous material.

34. At the BOC: prompt, enter the Budget Object Code for the item. The Budget Object Code is an accounting code that describes what kind of item or service is being procured. IFCAP will use the BOC(s) you enter for the RFQ to generate the purchase orders after a vendor is awarded the purchase.

35. At the Select Delivery Schedule: prompt, press the Enter key if you want all of the items on your request delivered on the required delivery date of the RFQ. To define a delivery schedule for the items on the RFQ, enter a number to represent the delivery schedule. If you enter a delivery schedule for the item, you are notifying the vendor that you want them to deliver different amounts of the items on different days. Make sure that the total
number of items among all of the delivery dates equals the total number of items you are ordering.

36. When you are done responding to the prompts, tab to the cursor at the bottom of the screen and select Close. IFCAP will display the item list. Tab to the cursor at the bottom of the screen and select Next Page. IFCAP will display another RFQ screen.

37. At the Select Solicited Vendor: prompt, enter the vendor you will solicit with this RFQ.

38. At the Solicitation Method: prompt, enter the code to indicate whether you want IFCAP to contact this vendor electronically or if you are going to provide information to the vendor manually.

39. At the Transmit to 'Public': prompt, enter Y if you want IFCAP to transmit the RFQ to all potential vendors for the items.

40. When you are finished entering vendors, tab to the Command: prompt at the bottom of the screen, type Close and press the Enter key. IFCAP will display the Command: prompt again, with different choices. Type Save and press the Enter key. Enter a caret (^) to return to the Process Menu.

Make Purchases Using Requests for Quotations
4.2.3 Edit Incomplete RFQ

4.2.3.1 Introduction

This option enables the user to edit an existing, incomplete RFQ.

4.2.3.2 Menu Path

1. Select Request for Quotation Main Menu from the Purchasing Agent menu.
2. Select Process Menu from the Request for Quotation Main Menu.
4.2.3.3 Prompts

1. Enter an RFQ number or a question mark to see a list of available RFQs. Throughout IFCAP, you can enter the fiscal year and reference number (e.g., 96-00075) when IFCAP prompts you for an RFQ number. IFCAP will display an edit screen listing information about the new RFQ. Use the tab key to move forward through the prompts or the PF4 key to move back to the previous field. You may also enter a caret (^) and the name of a prompt to move to a field you wish to edit. <PF1>+H will display online help on how to navigate through the screens. Required fields are underlined. You can also enter a question mark at these prompts to read help text about each prompt. Throughout the RFQ module the string ‘(W)’ indicates that the field is a word processing field.

2. At the RFQ Reference Date: prompt, enter the effective date for the RFQ.

3. At the Quote Due Date/Time: prompt, enter the date and time that quotes are due for receipt from the vendors.

4. At the Priority of Request: prompt, enter the priority of receipt of the goods or services. Valid priorities are Emergency, Special, and Standard. Consult your Supply Service for guidance regarding the use of request priorities.
5. At the Reqd Delivery Date: prompt, enter the date that you want to receive the goods or services.

6. At the Ship To: prompt, enter the receiving location of the goods or services, or enter a question mark to see a list of available receiving locations.

7. At the Deliver To: prompt, enter the individual's name and/or the room number for delivery.

8. At the FOB: prompt, enter D for destination or O for origin. An FOB (Freight on Board) of "Destination" means that the vendor item price includes shipping and handling and that the vendor is responsible for the item up to its delivery at the facility. An FOB of "Origin" means that shipping charges are due to the shipper, and generally that the shipper, not the vendor, is responsible for the items in transit.

9. At the Special Remarks(W): prompt, enter any remarks you want to make regarding this RFQ.

10. At the Do you wish to add an Administrative Certification?: prompt, enter Y if you wish to use predefined Administrative Certification phrases for inclusion in the RFQ. IFCAP will copy the phrases you choose to the Administrative Certifications word processing field.

11. Administrative Certifications(W): Press the Enter key to enter the Administrative Certifications word processing field for editing.

12. At the Set Aside?: prompt, enter Y for 'YES' if the award will be influenced by a set-aside (i.e. race or gender) program.

13. At the Contracting Officer: prompt, enter the name of the Purchasing Agent processing this RFQ. The Contracting Officer must be a Purchasing Agent or manager in Supply Service, and must have a commercial phone number on file.

14. Enter N to see the next page of prompts. IFCAP will display a second edit screen, listing information about the new RFQ.

15. To edit an existing line item, move the cursor until it rests on the line item number and then press the Enter key.

16. To add another line item, move the cursor to the end of the line item list and enter a line number. To delete a line item, move the cursor over the line item number and enter @. If you want to renumber a line item, move the cursor over a line item number and enter a new number. IFCAP will display another edit screen with information about the line item. Most of the items on the RFQ will have probably been imported from a form 2237, but IFCAP allows users to add and delete line items.
17. Use the tab key to move forward through the prompts or the PF4 key to move back to the previous field. You may also enter a caret (^) and the name of a prompt to move to a field you wish to edit. <PF1>+H will display online help on how to navigate through the screens. Required fields are underlined. You can also enter a question mark at these prompts to read help text about each prompt.

18. At the Item Master File #: prompt, enter the item master file number of the item if this item is in the Item Master File. If you do not know the Item Master File number, enter a question mark at the prompt to see the item master list, or enter the first letters in the description of the item to see a list of items beginning with those letters.

19. At the Descr(W): prompt, enter a comprehensive description of the item. This is the description transmitted to the vendors.

20. At the Short: prompt, enter a brief description of the item. This description is displayed internally on some reports and data entry screens within the RFQ options.

21. At the Unit of Purchase: prompt, enter the unit of purchase (boxes, cases, etc.) If you do not know the unit of purchase, enter a question mark at the prompt and IFCAP will list the available units of purchase.

22. At the Quantity: prompt, enter the quantity of units (boxes, cases, etc.) that you want to purchase.

23. At the SIC Code: prompt, enter the Standard Industrial Classification code for the business providing this product. The SIC code will help vendor networks to direct the RFQ to potential vendors.

24. At the Natl Drug Code: prompt, enter the National Drug Code if the item is a drug.

25. At the Natl Stock #: prompt, enter the National Stock Number of the item.

26. Enter the Federal Supply Classification (FSC) for an item, or the Product Service Code (PSC) for a service. IFCAP might display some additional prompts based on your entry.

27. At the Mfg Part #: prompt, enter the manufacturer's part number.

28. At the Lot #: prompt, enter the lot number of the item.

29. At the Serial #: prompt, enter the serial number of the item.

30. At the Hazmat Code: prompt, enter the code for that hazardous material if the item is a hazardous material.

31. At the BOC: prompt, enter the Budget Object Code for the item. The Budget Object Code is an accounting code that describes what kind of item or service is being procured.
IFCAP will use the BOC(s) you enter for the RFQ to generate the purchase orders after a vendor is awarded the purchase.

32. At the Select Delivery Schedule: prompt, press the Enter key if you want all of the items on your request delivered on the required delivery date of the RFQ. To define a delivery schedule for the items on the RFQ, enter a number to represent the delivery schedule. If you enter a delivery schedule for the item, you are notifying the vendor that you want them to deliver different amounts of the items on different days. Make sure that the total number of items among all of the delivery dates equals the total number of items you are ordering.

33. When you are done responding to the prompts, tab to the cursor at the bottom of the screen and select Close. IFCAP will display the item list. Tab to the cursor at the bottom of the screen and select Next Page. IFCAP will display another RFQ screen.

34. At the Select Solicited Vendor: prompt, enter the vendor you will solicit with this RFQ.

35. At the Solicitation Method: prompt, enter the code to indicate whether you want IFCAP to contact this vendor electronically or if you are going to provide information to the vendor manually.

36. At the Transmit to 'Public': prompt, enter Y if you want IFCAP to transmit the RFQ to all potential vendors for the items.

37. When you are finished entering vendors, tab to the Command: prompt at the bottom of the screen, type Close and press the Enter key. IFCAP will display the Command: prompt again, with different choices. Type Save and press the Enter key. Enter a caret (^) to return to the Process Menu.
4.2.4 Manual Print of RFQ

4.2.4.1 Introduction

This option is used to print a manual RFQ.

4.2.4.2 Menu Path

1. Select Request for Quotation Main Menu from the Purchasing Agent menu.
2. Select Process Menu from the Request for Quotation Main Menu.
4.2.4.3 Prompts

1. Enter an RFQ number or a question mark to see a list of available RFQs.

2. Enter an output device for the RFQ. IFCAP will send the RFQ to the output device you selected for every vendor declared to receive manual solicitation for this RFQ.

3. Enter another RFQ number at the Select Request for Quotation RFQ Nbr: prompt, or press the Enter key to return to the Process Menu.

METRIC PRODUCTS - Products manufactured to metric dimensions will be considered on an equal basis with those manufactured using inch-pound units, providing they fall
within the tolerances specified using conversion tables contained in the latest revision
of Federal Standard No. 376 and all other requirements of this document are met.

If a product is manufactured to metric dimensions and those dimensions exceed the
tolerances specified in the inch-pound units, a request should be made to the
Contracting Officer to determine if the product is acceptable. The Contracting Officer, in
concert with COTR (Contracting Officer's Technical Representative) will accept
or reject the product.

REPRESENTATIONS, CERTIFICATIONS, AND PROVISIONS

The following representation applies when the contract is to be performed inside
the United States, its territories or possessions, the Trust Territory
of the Pacific Islands, or the District of Columbia.

52.219-1 SMALL BUSINESS CONCERN REPRESENTATION (JAN 1991)

The offeror represents and certifies as part of its offer that it
is, is not a small business concern and that all, not all
end items to be furnished will be manufactured or produced
by a small business concern in the United States, its territories or
possessions, Puerto Rico, of the Trust Territory of the Pacific Islands.

"Small business concern," as used in this provision, means a concern
including its affiliates, that is independently owned and operated
not dominant in the field of operation in which it is
bidding on Government contracts, and qualified as a small business
under the criteria and size standards in this solicitation.

Under 15 U.S.C. 645(d), any person who misrepresents a firm's
status as a small business concern in order to obtain a contract
to be awarded under the preference programs established pursuant
to section 8(a), 8(d), 9, or 15 of the Small Business Act
or any other provision of Federal law that specifically references
section 8(d) for a definition of program eligibility, shall--
(1) Be punished by imposition of fine, imprisonment or both;
(2) Be subject to administrative remedies, including
suspension and debarment; and
(3) Be ineligible for participation in programs conducted
under authority of the Act.

The following provision is applicable if required on the first page of this form:

52.219-4 NOTICE OF SMALL BUSINESS-SMALL PURCHASE SET-ASIDE (AUG 88)

Quotations under this acquisition are solicited from small business concerns only. If this purchase is for supplies, it will be made only from a small business concern furnishing its own manufactured product, or from a small business concern providing the product of another manufacturer. In either case, such product must be manufactured or produced in the United States, its territories or possessions, Puerto Rico, or the Trust Territory of the Pacific Islands. Quotations that are not from a small business shall not be considered and shall be rejected.

PAGE 3

852.219-70 VETERAN-OWNED SMALL BUSINESS (DEC 90)

The offeror represents that the firm submitting this offer is not, a veteran-owned small business, is not, a Vietnam era veteran-owned small business, and is not, a disabled veteran-owned small business. A veteran-owned small business is defined as a small business, at least 51 percent of which is owned by a veteran, who also controls and operates the business. Control in this context means exercising the power to make policy decisions. Operate in this context means actively involved in day-to-day management. For the purpose of this definition, eligible veterans include:

(a) A person who served in the U.S. Armed Forces and who was discharged or released under conditions other than dishonorable.
(b) Vietnam era veterans who served for a period of more than 180 days, any part of which was between August 5, 1964 and May 7, 1975, and were discharged under conditions other than dishonorable.
(c) Disabled veterans with a minimum of compensable disability of 30 percent, or a veteran who was discharged for disability.

Failure to execute this representation will be deemed a minor informality and the bidder or offeror shall be permitted to satisfy the requirement prior to award (see FAR 14.405)

Exception to SF-18

SF-18 ADP (Rev 10-83)

4.2.5 View RFQ

4.2.5.1 Introduction

This option enables the user to view the request portion of a Request for Quotation (RFQ) entry.

4.2.5.2 Menu Path

Select Process Menu Option: View RFQ
4.2.5.3 Prompts

1. Enter an RFQ number, or enter a question mark to see a list of available RFQs.
2. Enter an output device. IFCAP will send the RFQ to the output device that you selected.
3. Enter another RFQ number at the Select Request for Quotation RFQ Nbr: prompt, or press the Enter key to return to the Process Menu.
4.2.6 Add Text Message

4.2.6.1 Introduction

This option enables the user to enter an 864 transaction Text Message, specify recipients, and transmit the message electronically to the recipients.

4.2.6.2 Menu Path

1. Select Request for Quotation Main Menu from the Purchasing Agent menu.
2. Select Process Menu from the Request for Quotation Main Menu.

4.2.6.3 Prompts

1. Enter your electronic signature code.
2. Enter an RFQ number, or enter a question mark to see a list of available RFQs. You can also select an RFQ by entering the number of a Form 2237 associated with that RFQ. IFCAP will display a screen listing the RFQ number and the explicit recipients of the original RFQ. Use the tab key to move forward through the prompts or the PF4 key to move back to the previous field. You may also enter a caret (^) and the name of a prompt to move to a field you wish to edit. <PF1>+H will display online help on how to navigate through the screens. Required fields are underlined. You can also enter a question mark at these prompts to read help text about each prompt.
3. At the Message Description: prompt, enter the subject of the message.
4. At the Text(W): prompt, press the Enter key at this prompt to enter your message.
5. At the Public Transmission: prompt, enter Y to broadcast this message to all vendors on the network.
6. At the Explicit Recipients: prompt, enter any additional electronic vendors whom you want to receive this message.
7. Use the tab key to move to the Command: prompt at the bottom of the screen. Enter save at the prompt.

8. Enter Exit at the Command: prompt.

9. IFCAP will ask you if you want to transmit the message to the vendors. If you answer yes, IFCAP will display the MailMan message number assigned to your message. IFCAP will return to the Process Menu.

Do you wish to transmit this message to the vendors? YES// .
4.2.7 Cancel RFQ

4.2.7.1 Introduction

This option sets the RFQ status to 'Cancelled', and the worksheet file entry back to 'Sent to Purchasing and Contracting.' If the RFQ has been transmitted electronically, IFCAP sends an RFQ Cancellation 840 Transaction. The user can copy a cancelled RFQ into a new RFQ for editing and transmission. In this case, IFCAP attaches the 2237s to the new RFQ and applies the status ‘Held in P&C Pending Return of Quotations’ to the Request Worksheet file entries.

4.2.7.2 Menu Path

1. Select Request for Quotation Main Menu from the Purchasing Agent menu.
2. Select Process Menu from the Request for Quotation Main Menu.
Make Purchases Using Requests for Quotations

4.2.7.3 Prompts

1. Enter the number of the RFQ you want to cancel. If you do not know the entire number, you can enter the suffix ('0625' in the example below) or enter a question mark and IFCAP will list the available RFQs.

2. Enter N at the Do You Wish To Review A Synopsis Of This RFQ?: prompt to skip the RFQ synopsis.

3. If you enter Y at the Do You Wish To Review A Synopsis Of This RFQ?: prompt, IFCAP will show the identification codes associated with the RFQ, the status of the RFQ, the delivery dates, and information about the items on the RFQ.

4. If you enter N at the Is This The Correct RFQ?: prompt, IFCAP will prompt you for another RFQ number.

5. If you enter Y at the Is This The Correct RFQ?: prompt, IFCAP will prompt you for your electronic signature code. Enter your signature code. If IFCAP transmitted the RFQ electronically, IFCAP will display the reason for cancellation that it generates from a template.

6. If you enter Y at the Edit?: prompt, IFCAP will display a word processing screen with the default cancellation message. IFCAP will display the MailMan message number of the cancellation message and ask you if you want to copy the RFQ into a new RFQ entry.
7. If you answer Y at the Do You Wish To Copy This RFQ Into A New RFQ Entry?: prompt, IFCAP will display the new RFQ number and allow you to edit the new RFQ (see the section in this chapter entitled 'Edit Incomplete RFQ'.)

8. If you answer N at the Do You Wish To Copy This RFQ Into A New RFQ Entry?: prompt, IFCAP will display the change in the status of the 2237 on which the cancelled RFQ was based.

9. If you answer N at the Do You Wish To Copy This RFQ Into A New RFQ Entry?: prompt, IFCAP will display the Select RFQ To Cancel: prompt. Enter another RFQ to cancel at the Select RFQ To Cancel: prompt, or press the Enter key to return to the Process Menu.

10. If you answer Y at the Do You Wish To Copy This RFQ Into A New RFQ Entry?: prompt, IFCAP will copy the RFQ into a new entry and display the number of the new RFQ. You may edit the new RFQ, or enter N at the Do You Wish To Edit This New RFQ Now?: prompt to return to the Process Menu.

4.2.9 Close RFQ to Further Quotes

4.2.9.1 Introduction

This option enables the Purchasing Agent to set the status of the RFQ to 'CLOSED'. If the RFQ has been transmitted electronically, this option also sends an 864 Text Message informing vendors that the RFQ is now closed.

Note: Information Resources Management Service can schedule a background task that will automatically close RFQs on their due dates.

4.2.9.2 Menu Path

1. Select Request for Quotation Main Menu from the Purchasing Agent menu.
2. Select Process Menu from the Request for Quotation Main Menu.
3. Select Close RFQ to Further Quotes from the Process Menu.
4.2.9.3 Prompts

1. Enter the number of the RFQ you want to close. IFCAP will display a brief description of the item(s) on the RFQ.

2. Enter N at the Do You Wish To Review A Synopsis Of This RFQ?: prompt to skip the RFQ synopsis. If you enter Y at the Do You Wish To Review A Synopsis Of This RFQ?: prompt, IFCAP will show the identification codes associated with the RFQ, the status of the RFQ, the delivery dates, and information about the items on the RFQ.

3. If you enter N at the Is This The Correct RFQ?: prompt, IFCAP will prompt you for another RFQ number.

4. If you enter Y at the Is This The Correct RFQ?: prompt, IFCAP will prompt you to enter your electronic signature code. After you enter your electronic signature code, IFCAP will display the MailMan message number assigned to the notification message that indicated that the RFQ is now closed.

5. Enter another RFQ number at the Select RFQ To Close: prompt, or press the Enter key to return to the Process Menu.

4.2.10 Reopen Closed RFQ

4.2.10.1 Introduction

This option enables the Contracting Officer/Purchasing Agent to reopen a closed Request for Quotation.

4.2.10.2 Menu Path

1. Select Request for Quotation Main Menu from the Purchasing Agent menu.
2. Select Process Menu from the Request for Quotation Main Menu.
4.2.10.3 Prompts

1. Enter the number of the RFQ you want to reopen. If you do not know the entire number, you can enter the suffix ('0331' in the example below) or enter a question mark and IFCAP will list the available RFQs.

2. Enter N at the Do You Wish To Review A Synopsis Of This RFQ?: prompt to skip the RFQ synopsis.

3. If you enter Y at the Do You Wish To Review A Synopsis Of This RFQ?: prompt, IFCAP will show the identification codes associated with the RFQ, the status of the RFQ, the delivery dates, and information about the items on the RFQ.

4. If you enter N at the Is This The Correct RFQ?: prompt, IFCAP will prompt you for another RFQ number.

5. If you enter Y at the Is This The Correct RFQ?: prompt, IFCAP will prompt you to enter your electronic signature code.

6. After you enter your electronic signature code, IFCAP will prompt you to enter a delivery date for the items on the RFQ, and the date that quotes are due in response to the RFQ. The delivery date has to be later than the quote due date. You may also transmit an electronic notification to the vendors associated with the RFQ. IFCAP will display the default message that indicates that the RFQ is reopened.

7. Enter Y at the Edit?: prompt to edit the default message. After you edit the message, IFCAP will display the MailMan message number assigned to the message.
8. Enter another RFQ number at the Select RFQ To Reopen: prompt, or press the Enter key to return to the Process Menu.

Select Process Menu Option:

4.3 The Evaluation and Award Menu

4.3.1 Introduction

The Evaluation and Award Menu contains options that allow you to create RFQ reports, evaluate quotes for an RFQ, and award an RFQ. Here are the options under the Evaluation and Award Menu, in the order they will be explained in this manual.

Note: Vendors must be listed in the VENDOR File (#440) to receive awards. If an award is to be made to a vendor who is not in the VENDOR File (#440), Use the Vendor File Edit option in the Evaluation and Award Menu to add the vendor.

Manual Entry of Vendor's Quote

This option enables the Purchasing Agent to enter a manually submitted vendor's quote so IFCAP can rank it and include it in the award process.

Line Item Abstract

Use this option to create a report of quotes sorted by RFQ line item, and within line item from lowest to highest price.

Aggregate Abstract

Use this option to create a report of vendor quotes for an RFQ, sorted from lowest to highest price.

View Single Vendor Quote

This option enables the Purchasing Agent to view the details of a quote.

Quote Vendor Inquiry

This option enables to user to view information about vendors on a selected RFQ. The information includes what is on file for ordering address, payment address, and socioeconomic factors.

</tbody>
</table>

4.3.2 Manual Entry of Vendor's Quote

4.3.2.1 Introduction

This option enables the Purchasing Agent to enter a manually submitted vendor's quote so IFCAP can rank it and include it in the award process.

4.3.2.2 Menu Path

1. Select Request for Quotation Main Menu from the Purchasing Agent menu.
2. Select Evaluation and Award Menu from the Request for Quotation Main Menu.
4.3.2.3 Prompts

1. Enter the RFQ number of the manual quote you wish to enter. IFCAP will display a screen listing information about the quote.

2. Use the tab key to move forward through the prompts or the PF4 key to move back to the previous field. You may also enter a caret (\^) and the name of a prompt to move to a field you wish to edit. \langle\text{PF1}\rangle+\text{H} will display online help on how to navigate through the screens. Required fields are underlined. You can also enter a question mark at these prompts to read help text about each prompt.

3. At the Seller's Ref #: prompt, enter the reference number assigned to the quote by the vendor.

4. At the Effective Date: prompt, enter the date that the vendor offered the quote.

5. At the Receipt Date/Time: prompt, enter the time and date that the quote was received. Time is a required value for this prompt.

6. At the Govt Cont: prompt, enter the government contract number applicable to the entire quote.

7. At the Quote Contact: prompt, enter the contact name for the vendor providing the quote.

8. At the Phone#: prompt, enter the phone number of the contact name for the vendor providing the quote.

9. At the FOB: prompt, enter D for destination or O for origin. An FOB (Freight on Board) of "Destination" means that the vendor item price includes shipping and handling and
that the vendor is responsible for the item up to its delivery at the facility. An FOB of "Origin" means that shipping charges are due to the shipper, and generally that the shipper, not the vendor, is responsible for the items in transit.

10. At the Estimated S/H Charges prompt, enter the estimated shipping and handling charges for the item(s) on the quote. If there are no shipping and handling charges expected, enter a zero (0) at this prompt.

11. At the Prompt Pay Terms Term prompt, enter the percent discount for prompt payment of the item(s) on the quote. Under the term 'header', enter a percentage or the word NET.

12. At the Prompt Pay Terms Days prompt, enter the number of days of the prompt payment term. To add additional terms, move the cursor to the bottom of the term list and enter the next term. You can change terms by typing over the previous values. You can delete a term by moving the cursor over the term and entering the at symbol (@).

13. At the Line Item prompt, assign a line item number to each line item on the quote.

14. If you add a new line item at the Line Item prompt, IFCAP will display another screen with prompts that describe the item.

15. At the Vendor's Product #: prompt, enter the number assigned by the vendor to the product.

16. At the Description(W) prompt, enter a description of the item. This is the description that the vendor provides.

17. At the FOB prompt, enter D for destination or O for origin. An FOB (Freight on Board) of "Destination" means that the vendor item price includes shipping and handling and that the vendor is responsible for the item up to its delivery at the facility. An FOB of "Origin" means that shipping charges are due to the shipper, and generally that the shipper, not the vendor, is responsible for the items in transit.

18. At the Hazmat Code prompt, enter the code for the hazardous material if the item is a hazardous material.

19. At the Govt Contract prompt, enter the government contract assigned to this item, if any.

20. At the Quantity prompt, enter the quantity of units (boxes, cases, etc.). This is a required field.

21. At the Unit of Purchase prompt, enter the unit of purchase (boxes, cases, etc.). If you do not know the unit of purchase, enter a question mark at the prompt and IFCAP will list the available units of purchase. This is a required field.

22. At the Unit Cost prompt, enter the cost per unit.

23. At the Volume Discount % prompt, enter the percent discount for purchasing this item in volume.

24. At the Volume Discount Amount prompt, enter the dollar discount amount.

25. At the Natl Stock # prompt, enter the National Stock Number of the item.

26. Enter the Federal Supply Classification (FSC) for an item, or the Product Service Code (PSC) for a service. IFCAP might display some additional prompts based on your entry.
27. At the Natl Drug Code: prompt, enter the National Drug Code for the item, as provided in the quote.

28. At the Mfg Part #: prompt, enter the number from the item quoted.

29. At the Lot #: prompt, enter the lot number assigned to the item by the manufacturer as provided in the quote.

30. At the Serial #: prompt, enter the serial number assigned to the item by the manufacturer as provided in the quote.

31. At the SIC Code: prompt, enter the Standard Industrial Classification code for the business providing this product as provided in the quote. This is the code to which the vendor responded.

32. At the Select Delivery Schedule: prompt, enter the vendor's proposed delivery schedule. Press the Enter key if you want all of the items on your request delivered on the required delivery date of the RFQ. To define a delivery schedule for the items on the RFQ, enter a number to represent the delivery schedule. Enter the amounts and dates as repeated by the vendor.

33. Use the tab key to move the cursor to the Command: prompt at the bottom of the screen. Type C and press the Enter key. You may enter another line item or move the cursor to the Command: prompt, type S and press the Enter key.

34. Enter your electronic signature code.

35. Enter another vendor at the Select Quote's Vendor: prompt, or press the Enter key.

36. Enter another RFQ number at the Select Request for Quotation #: prompt, or press the Enter key to return to the Evaluation and Award Menu.

### 4.3.6 Quote Vendor Inquiry

**4.3.6.1 Introduction**

This option enables the user to view information about vendors on a selected RFQ. The information includes what is on file for ordering address, payment address, and socioeconomic factors.

**4.3.6.2 Menu Path**

1. Select Request for Quotation Main Menu from the Purchasing Agent menu.
2. Select Evaluation and Award Menu from the Request for Quotation Main Menu.
3. Select Quote Vendor Inquiry from the Evaluation and Award Menu.
4.3.6.3 Prompts

1. Enter an RFQ number at the prompt.

2. Enter a vendor at the Select Quote Vendor: prompt, or enter a question mark to see all of the vendors associated with this RFQ.

3. Enter an output device for the list. IFCAP will display the 'Vendor List', listing demographic information, Federal category and identification information, and transaction information for the vendor you selected.

4. Enter another vendor name at the Select Quote Vendor: prompt to view or print another quote, or press the Enter key.

5. Enter another RFQ at the Select RFQ: prompt, or press the Enter key to return to the Evaluation and Award Menu.
4.3.7 View RFQ

4.3.7.1 Introduction

This option enables the user to view the request portion of a request for quotation (RFQ) entry.

4.3.7.2 Menu Path

1. Select Request for Quotation Main Menu from the Purchasing Agent menu.
2. Select Evaluation and Award Menu from the Request for Quotation Main Menu.
3. Select View RFQ from the Evaluation and Award Menu.

Select Evaluation and Award Menu Option:
4.3.8 View 864 Text Messages for RFQ

4.3.8.1 Introduction

This option enables the user to view a range of text messages for a RFQ.

4.3.8.2 Menu Path

1. Select Request for Quotation Main Menu from the Purchasing Agent menu.
2. Select Evaluation and Award Menu from the Request for Quotation Main Menu.
3. Select View 864 Text Messages for RFQ from the Evaluation and Award Menu.
4.3.8.3 Prompts

1. Enter the number of the RFQ you want to view.

2. Enter the sequence number of the first and last message you want to view. For example, if you want to view the second through the ninth message associated with the RFQ you chose, enter 2 at the Start With Message Sequence Nbr: prompt and enter 9 at the Go To Message Sequence Nbr: prompt.

3. Enter an output device for the messages. IFCAP will display the text messages for the RFQ in the range you selected.

4. Enter another RFQ number at the Select RFQ: prompt, or press the Enter key to return to the Evaluation and Award Menu.

Select RFQ:
4.3.9 Complete Quote Evaluation & Award

4.3.9.1 Introduction

This option enables the user to assign vendors to items on the RFQ in preparation for the award.

4.3.9.2 Menu Path

1. Select Request for Quotation Main Menu from the Purchasing Agent menu.
2. Select Evaluation and Award Menu from the Request for Quotation Main Menu.
3. Select Complete Quote Evaluation & Award from the Evaluation and Award Menu.

Note: Prior to making an award, make sure that the vendor is in the Vendor File (file #440.) If any of the items on the award are in the Item Master File, those items must be associated with the vendor. The vendor must also have any referenced contract information recorded for it in IFCAP. Use the IFCAP options "Vendor File Edit," and "Item File Edit," explained in this chapter, to enter this data. Even if the vendor is listed in the RFQ temporary vendor file, you will have to add this vendor to the Vendor File.
4.3.9.3 Prompts

1. Enter the number of the RFQ you want to evaluate, or a sequence number and fiscal year, e.g., 65-97. If you do not know the entire number, you can enter the suffix (‘0253 in the example below) or enter a question mark and IFCAP will list the available RFQs.

2. At the Selected: prompt, enter the number that corresponds to the quote that you want to select to receive the award, or enter a question mark to see a list of available quotes. IFCAP will display the name of the vendor(s) corresponding to the quote(s) you selected.

3. Enter a justification for the item(s) at the Justification(W): prompt.

4. Enter S at the Command: prompt to save your work.

5. Enter your electronic signature code.

6. Enter E at the Command: prompt to exit the input screen. IFCAP will change the status of the RFQ to Evaluation Complete.

7. Enter Y at the Do You Wish To Now Award Items Assigned To Vendors?: prompt. IFCAP will create a 2237 for the award.

8. At the Purchase Order: prompt, enter the common numbering series, which is a two- or three-character code for the category of the purchase. Generally, the second digit will be the last number of the fiscal year. These categories are based on the appropriation, the method of payment, and the source of procurement (vendor, GSA, etc.) After IFCAP generates purchase orders for all items on the RFQ, IFCAP will change the status of the RFQ from Evaluation Complete to Awarded.
9. Enter another RFQ to award at the Select Request For Quotation RFQ Nbr: prompt, or press the Enter key to return to the Evaluation and Award Menu.

Note: You do NOT have to wait until you have assigned vendors to all items before you award specific items on an RFQ to vendors.
4.3.10 Award an Evaluation Complete RFQ

4.3.10.1 Introduction

This option enables the user to award an RFQ, which has previously been set to Evaluation Complete.

4.3.10.2 Menu Path

1. Select Request for Quotation Main Menu from the Purchasing Agent menu.
2. Select Evaluation and Award Menu from the Request for Quotation Main Menu.
3. Select Award an Evaluation Complete RFQ from the Evaluation and Award Menu.
4.3.10.3 Prompts

1. Enter the number of the RFQ you want to view. If you do not know the entire number, you can enter the suffix (‘00002’ in the example below) or enter a question mark and IFCAP will list the available RFQs.

2. You may review the RFQ if you like.

3. Verify that the RFQ you have chosen is correct.

4. Enter your electronic signature code.

5. Enter another RFQ at the Select RFQ to Award: prompt, or press the Enter key to return to the Evaluation and Award Menu.
Select RFQ to Award: 658-96-RFQ-00002

Select Evaluation and Award Menu Option:

4.3.11 Vendor File Edit

4.3.11.1 Introduction
This function allows Supply Service to maintain a file of vendors. For each vendor, data is specified for the address, phone number, account number, method of business, contract number, type of ownership and special factors. This file is maintained by Supply Service.

Note: Many of the prompts in this option ask for information that you can derive from a recent quote supplied by the vendor.

4.3.11.2 Menu Path

1. Select Request for Quotation Main Menu from the Purchasing Agent menu.
2. Select Evaluation and Award Menu from the Request for Quotation Main Menu.
3. Select Vendor File Edit from the Evaluation and Award Menu.
Make Purchases Using Requests for Quotations

4.3.11.3 Prompts

1. Enter a station number.

2. Enter the name of the vendor you wish to add or edit. If you want to edit an existing vendor, but do not know the name, enter as many of the first characters of the vendor name that you know. If you do not know the name at all, enter three question marks and IFCAP will list the available vendors. If you are adding a new vendor, enter the new vendor name. When IFCAP asks, 'Are you adding '(Vendor Name)' as a new vendor ?', enter Y.

   Note: When you add or edit a vendor in IFCAP, IFCAP sends a Vendor Request (VRQ) document to FMS, ensuring that IFCAP and FMS vendor records correspond.

3. Enter or edit the name, the address where the purchase order is sent, and the fax number.

4. Enter or edit the tax identification number or social security number of the vendor.

5. Enter N at the Non-Recurring/Recurring Vendor: prompt if you anticipate that IFCAP will only use the vendor one time.

6. Enter or edit the address where the payment is sent.

7. Enter Y at the 1099 Vendor Indicator: prompt if a 1099 form is completed for the vendor. A 1099 form is an IRS form for reporting self-employed income.
8. Enter or edit the vendor type. If you do not know the vendor type, enter three question marks at the prompt and IFCAP will list the available vendor types.

9. Enter or edit the phone number for the vendor and the representative of the vendor that accepts telephone solicitations for Government purchase orders.

10. Enter or edit the account number.

11. Enter the contract number, the beginning date of the contract, and its expiration date.

12. Enter the terms of the contract. For example, if the vendor offers a 2% discount if the net payment is received in 10 days, and requires payment in full in 30 days, the terms of the contract are '2%/10 NET 30'.

13. Enter another contract number if you like.

14. Enter or edit whether the vendor is located in a designated Labor Surplus Area. Labor Surplus Areas are geographic areas defined by the Department of Labor as having a labor surplus. To determine whether the vendor is in a Labor Surplus Area, look up the city, county and state of the vendor in "Area Trends in Employment and Unemployment," published by the U.S. Department of Labor.

15. Enter or edit the Federal Procurement Data System (FPDS) business category that applies to the vendor at the Business Type: prompt.

16. Enter or edit the Federal Procurement Data System (FPDS) socioeconomic group that applies to the vendor.

17. Enter any applicable special factors to be considered when ordering from the vendor, for example, minimum or maximum order, written purchase orders required, whether the freight-on-board charges are charged to the origin or destination, etc.

18. Enter whether the vendor has entered into a guaranteed delivery agreement with the Government. Guaranteed delivery is applicable only to vendors who deliver to locations other than a VA receiving area, such as the home of a veteran. Guaranteed delivery is required in the vendor file before you place a direct delivery order with that vendor.

19. Enter or edit the synonym for the vendor.

20. Enter whether there is an SF-129 on file for the vendor, or if an SF-129 is not applicable for the vendor. An SF-129 is application from a vendor to be placed on a mailing list to receive announcements for bids. Vendor applicants submit these forms to Purchasing and Contracting, which keeps them on file for one year.

21. Enter a Dun & Bradstreet number for the vendor, if one is available.

22. Enter another station number at the Select Station Number: prompt, or enter a caret (^) to return to the Evaluation and Award Menu.

Note: The Dun and Bradstreet number is a unique number used to identify vendors in electronic communication and transactions. IFCAP users can communicate with vendors electronically using a Dun and Bradstreet number and registration with the EDI office in Austin or electronically through public broadcast.

4.3.13 Edit an Incomplete Purchase Order

4.3.13.1 Introduction

Use this option to complete a purchase order that has not been signed by the contracting officer.

4.3.13.2 Menu Path

1. Select Request for Quotation Main Menu from the Purchasing Agent menu.
2. Select Evaluation and Award Menu from the Request for Quotation Main Menu.
3. Select Edit an Incomplete Purchase Order from the Evaluation and Award Menu.
4.3.13.3 Prompts

1. Enter a station number.

2. Enter the purchase order number.

3. IFCAP will ask you for the method of processing, or how the vendor will be paid for the purchase. INVOICE/RECEIVING REPORT means that the order will be received by the warehouse, the warehouse will create a receiving report for the order, and the order will be paid via FMS. CERTIFIED INVOICE means that the order is for a service; the Control Point Official will certify that the service has been rendered, and the station that generated the purchase order will pay the vendor. PAYMENT IN ADVANCE is an order that Fiscal Service forwards to a vendor with a check included. GUARANTEED DELIVERY orders are for goods and services that go directly to a veteran. IMPREST FUNDS/CASHIER orders are paid with cash, a GELCO draft (third party check), or a credit card.

   Note: Only vendors that are listed as guaranteed delivery vendors in the vendor file can receive guaranteed delivery orders.

4. IFCAP will ask you if the order is an estimate order. Estimate orders are orders that have an unknown cost at the time the Control Point Official transmitted the order. Orders for services, i.e., equipment repair, are often estimated orders, since the vendor doesn’t determine the actual cost until the vendor completes the repair.
5. IFCAP will ask for the invoice address. The invoice address indicates where the vendor is to mail the invoice. Invoice/Receiving Report orders for subsistence (perishable food items) list the local VA facility as the recipient of the invoice. All other Invoice/Receiving Report orders will send the invoice to FMS. Certified Invoices are sent to Fiscal Service at the local VA facility. Guaranteed Delivery invoices are forwarded to FMS. Payment in Advance and Imprest Funds/Cashier orders do not require invoices, so you would accept the address shown on the order.

6. Enter a vendor name or number at the Vendor: prompt. You may add a new vendor if you wish.

Note: If you add a new vendor, IFCAP will create a vendor request (VRQ) document and transmit it to FMS, ensuring that IFCAP and FMS vendor records correspond.

7. Enter the source code for the purchase order. The source code identifies what type of source the vendor represents, e.g., a Government source, a private source, a contract source, etc. Source codes are listed in MP-4 Part V, Appendix B-1.

8. If you choose "Open Market" at the Source Code: prompt, IFCAP will ask you to explain why you’re making the purchase from the open market, as opposed to purchasing it from a mandatory source.

9. IFCAP will ask for the "Request Worksheet 2237 Transaction Number", or the number of the transaction that you’re turning into a purchase order. Enter the last four numbers of the transaction number if you are adding another 2237 to the order other than the one already assigned to the purchase order by awarding the RFQ.

10. Enter the 2237 transaction number that lists the items you are going to purchase. If you do not know the 2237 transaction number, enter the Control Point, fiscal year and fiscal quarter (for example, 688-95-4) and IFCAP will list the available transaction numbers. If you do not know any part of the transaction number, enter three question marks and IFCAP will list the available transaction numbers.

11. Enter the line item on the 2237 that you want to purchase, or enter A for all of the items on the 2237. If the purchase is funded by a multi-year appropriation, IFCAP will ask you to specify the first year of the appropriation. If you do not select all of the items on the original 2237, IFCAP will create a new 2237 with the item(s) you specified and ask you if you want to print it.

12. Enter another 2237 transaction number if you like.

13. Enter the Fund Control Point for the purchase if IFCAP prompts you for it.

14. Enter the cost center at the Cost Center: prompt if this purchase is assigned to a section or service that has a cost center defined in IFCAP for their expenses. Cost centers allow Fiscal staff to create total expense records for a section or service.

15. Enter the name of the service that will use the items you are purchasing.

16. Enter the final destination of the purchase at the Delivery Location: prompt.

17. Enter where you want the VENDOR to deliver the purchase at the Ship To: prompt.
18. Enter Y at the Verbal Purchase Order: prompt if the order was made verbally, and no written purchase order will be sent to the vendor.

19. Enter O for origin at the F.O.B. (Freight On Board) Point: prompt if additional freight charges are due to the carrier at the time of delivery.

20. Enter the date that the purchase is due at the Delivery Date: prompt.

21. Enter the method of purchase for these items at the Select Purchase Method: prompt. If you do not know the method category, enter three question marks and IFCAP will list the available purchase methods. You may enter multiple purchase methods if you like.

Note: During the RFQ award, IFCAP populates the Proposal: field with the seller's reference number.

22. Edit the estimated shipping and handling charges.

23. If there are estimated shipping and/or handling charges, enter the budget object code (BOC) that will pay the charges at the Est. Shipping BOC: prompt.

24. Edit the discount terms for prompt payment at the Prompt Pay Type: prompt. Edit your name at the Purchasing/PPM Agent: prompt.

25. Edit whether the purchase order is certified.

26. Edit the line item number of the item on the 2237 that you want to purchase.

27. Edit the item master file number of the item.

28. Edit a description of the item.

29. Edit the quantity of units (boxes, cases, etc.) that you want to purchase.

30. Edit the unit of purchase (boxes, cases, etc.)

31. If you do not know the unit of purchase, enter three question marks at the prompt and IFCAP will list the available units of purchase.

32. Edit the cost per unit at the Actual Unit Cost: prompt.

33. Edit the minimum number of units you can order per shipping package at the Packaging Multiple: prompt.

34. Edit the stock-keeping unit of the item at the SKU: prompt. The stock-keeping unit is the unit that the warehouse uses to store the item.

35. Edit the factor that you use to convert the SKU to the unit of purchase at the Unit Conversion Factor: prompt.

36. Edit the stock number supplied by the vendor for the item.

37. Edit the national stock number (NSN).

38. Enter the Federal Supply Classification (FSC) for an item, or the Product Service Code (PSC) for a service. IFCAP might display some additional prompts based on your entry.

39. At the Contract: prompt, enter a contract number if the purchase price and vendor is established by a purchasing contract with that vendor.
40. Edit the budget object code classification for the item at the BOC: prompt. If you do not
know the budget object code, enter three question marks at the prompt and IFCAP will
display the available budget object codes.

41. At the Enter/Edit Delivery Schedule for this Item?: prompt, press the Enter key. If you
enter a delivery schedule for the item, you are notifying the vendor that you want them to
deliver different amounts of the items on different days. Make sure that the total number
of items among all of the delivery dates equals the total number of items you are
ordering.

42. Enter another line item number if you like.

43. Enter any special administrative forms of payment at the Select Administrative
Certifications: prompt. If you do not know the administrative certification categories,
enter three question marks and IFCAP will list the available categories.

44. Enter comments if you like.

45. If there is a discount available for any item on the purchase order, enter the line item
number at the Select Discount Item: prompt and enter the discount for the item.

46. If the entire purchase order is subject to a percent discount for prompt payment, enter the
percent of the discount at the Select Prompt Payment Percent: prompt.

47. Enter the type of prompt payment discount at the Prompt Pay Type: prompt.

48. Enter the amount of days that the payment has to be made to receive the discount at the
Days (Term): prompt. IFCAP lists the business type of the vendor assigned to the vendor
in the vendor file. You cannot edit the business type of the vendor here.

49. Report the purchase order to the Federal Procurement Data System (FPDS) if the
purchase order qualifies for reporting. Do not report the purchase order to FPDS for
purchases over $25,000. Enter three question marks at the prompt to read the other
exceptions to FPDS reporting. The General Services Administration uses FPDS data to
compile statistics of compliance to minority and small business purchasing requirements
as per the Competition in Contracting Act. Enter the appropriate business category codes
at the prompts. If you do not know the category codes, enter three question marks at the
prompts and IFCAP will list the available codes.

50. Review the purchase order if you like.

51. If the purchase order is ready for approval, send it to Fiscal Service and enter your
electronic signature code. If you need to make corrections to the purchase order before
you send it to Fiscal Service, enter N at the Send to Fiscal Service? prompt and use the
Edit an Incomplete Purchase Order option

52. Enter a purchase order number at the Purchase Order: prompt to transmit another
purchase order or enter a caret (^) at the prompt to return to the Evaluation and Award
Menu.

Select Purchase Orders Menu Option: Purchase Order Display

5.2 Prompts

1. Enter a station number, or enter three question marks to see a list of available station numbers.
2. Enter the purchase order number at the P.O./Req. No.: prompt. If you do not know the purchase order number, enter three question marks (???) and IFCAP will display a list of the available purchase orders and requisitions.
3. Enter another purchase order number or requisition number at the P.O./Req. No.: prompt, or press the enter key to return to the Purchase Orders menu.

4. Find the status of the purchase order or requisition on the chart below. The first column on the chart lists each IFCAP status. The second column lists the node on the flowchart that represents that status. For example, if the status of the transaction is 'Assigned to PPM Clerk,' the request is pending action at node number 17 on the flowchart, 'Personal Property Management Requisition Clerk creates and submits a Requisition.' Contact the Personal Property Management Requisition Clerk and ask when they plan to create the requisition.

<table>

5.3 EDI/RFQ Reports

5.3.1 Introduction

Occasionally, an RFQ or PHA transaction will be rejected by the Austin Automation Center system. Transactions can have the wrong vendor ID, lack-required data, or have invalid data. The EDI/RFQ Reports option allows the user to monitor EDI/RFQ transactions sent to and from Austin.

5.3.2 Menu Path

Select EDI/RFQ Reports from the Purchasing Agent Menu.

```
Purchase Orders Menu ...
Display/Print Menu ...
P&C Utilities Menu ...
Management Reports Menu ...
Request Further Clarification or Return to Service
EDI/RFQ Reports
Request for Quotation Main Menu ...
```

Select Purchasing Agent Option: EDI/RFQ Reports

5.3.3 Prompts

IFCAP will display a set of transactions grouped by levels of processing. Level III transactions are reconciliations generated by vendors in response to an electronic order; these are listed first. Level II transactions are reconciliations generated by the Austin Electronic Data Interface (EDI) system; these are listed after the Level III reconciliations. Level I transactions are purchase orders, RFQs or RFQ-related text messages created by IFCAP or an IFCAP user; these are listed last. The report lists the purchase order number or request for quotation number assigned to the transaction, the transaction type, the vendor assigned to the transaction, and the date that the vendor sent the transaction (Level III), the date processed by the Austin EDI system (Level II), or the date that the purchase order, RFQ or text message was created (Level I). Below is a table that lists the transaction types for each level.

<table>
<thead>
<tr>
<th>Level</th>
<th>PHA, RFQ, TXT</th>
</tr>
</thead>
<tbody>
<tr>
<td>Level I</td>
<td>PHA, RFQ, TXT</td>
</tr>
<tr>
<td>Level II</td>
<td>ACT, PRJ</td>
</tr>
<tr>
<td>Level III</td>
<td>POA</td>
</tr>
</tbody>
</table>

The T/R column lists whether the transaction represents the original purchase order or RFQ (the letter ‘O’), a cancellation transaction (the letter ‘C’), or a text message in response to an RFQ (the number ’1’ represents the first response to an RFQ; the number ‘2’ is the second response, etc.)
The RJ column lists the reason why a transaction was rejected. Here is the list of error codes, current to the date of this publication.

<table>
<thead>
<tr>
<th>PRJ exception code (Level II transactions)</th>
<th>PRJ exceptions</th>
</tr>
</thead>
<tbody>

The E column lists the reasons for errors on some Level III transactions. An A5 in the E column means that there is no reject reason code from the EDI system in Austin. An A6 in the E column means that the error code can not be found in the EDI error codes file (443.76). Only Level III error transactions will feature a code in the E column.

Chapter 6. How to Return a Purchase Order

6.1 Introduction

Sometimes, Control Point users will order the wrong item, order items that cost more than is in
the Control Point, order an item that is no longer manufactured, enter incorrect information on a
transaction, or enter information that you cannot interpret. In these situations, you may have to
return the transaction to the Control Point. Follow the instructions in this chapter to return a
transaction to the Control Point.

6.2 Prompts

1. Select Request Further Clarification or Return to Service from the Purchasing Agent
   menu.

2. Enter a station number, or enter three question marks to see a list of valid stations.

3. Enter a transaction number. If you do not know the transaction number, enter three
   question marks (???) at the 2237 Transaction Number: prompt and IFCAP will list the
   available purchase orders. IFCAP will display the current status and allow you to change
   the status of the purchase order.

4. Choose Request Clarification by Service for P&C if you have called the vendor and the
   vendor does not have exactly what you ordered, or the description that the Requestor
   gave is unclear or incomplete. Choose Returned To Service by P&C if the transaction is
   for the wrong fiscal quarter, the Control Point is out of money or the Control Point asks
   you to return it.

5. If you enter Returned To Service, IFCAP will display a Reason For Return: prompt. You
   may also see some other IFCAP messages that list the actions IFCAP is taking to return
   the purchase order.

6. If you want to change the status of another purchase order, enter another purchase order
   number at the 2237 Transaction Number: prompt. Otherwise, press the Enter key to
   return to the Purchasing Agent menu.

Chapter 7. Amending a Receiving Report

7.1 Introduction

Sometimes, receiving reports have to be corrected. As a Purchasing Agent, it is your responsibility to correct erroneous receiving reports. This chapter will explain how to use IFCAP to correct receiving reports.

7.2 Prompts

1. Select Purchase Orders Menu from the Purchasing Agent Menu.

2. Select Adjustment Voucher to Receiving Report from the Purchase Orders Menu.

3. Enter a Station number, or enter three question marks to see a list of valid stations.

4. Enter a purchase order number. If you do not know the purchase order number, enter three question marks and IFCAP will list the available purchase orders.

5. Enter the effective date of the adjustment (usually "T" for today).

6. Enter your name at the Purchasing/PPM Agent: prompt.

7. Enter the status you wish to assign to the purchase order at the Amendment/Adjustment Status: prompt. Each IFCAP status is defined elsewhere in this manual (see "Status of a Purchase Order" in the Index).

8. Select a date of a receiving report at the Select Partial Date: prompt. If you do not know the report date, enter three question marks and IFCAP will list the available dates.

9. Enter an item on the receiving report. If you do not know the item, enter three question marks and IFCAP will list the available items.

10. You may review the adjustment if you like.

11. You may edit the description of the receiving report if you like.

12. Approve the adjustment and enter your electronic signature code. IFCAP will print the adjustment voucher you created.

13. Press the Enter key at the Purchase Order: prompt to return to the Purchase Orders Menu.

---

### 8.3 How to Add a Vendor or Edit Vendor Information

#### 8.3.1 Menu Path

1. Select P&C Utilities Menu from the Purchasing Agent Menu.
2. Select Vendor File Edit from the P&C Utilities Menu.
8.3.2 Prompts

1. Enter a station number, or enter three question marks to see a list of valid station numbers.

2. Enter the name of the vendor you wish to add or edit. If you want to edit an existing vendor, but do not know the name, enter as many of the first characters of the vendor name that you know. If you do not know the name at all, enter three question marks and IFCAP will list the available vendors. If you are adding a new vendor, enter the new vendor name. When IFCAP asks, 'Are you adding '(Vendor Name)' as a new vendor ?', enter Y.

Note: When you add or edit a vendor in IFCAP, IFCAP sends a Vendor Request (VRQ) document to FMS, ensuring that IFCAP and FMS vendor records correspond.

3. Enter or edit the name of the vendor.

4. Enter or edit the address where the purchase order is sent.

5. Enter or edit the fax number of the vendor.

6. Enter or edit the tax identification number or social security number of the vendor.

7. Enter N at the Non-Recurring/Recurring Vendor: prompt if you anticipate that IFCAP will only use the vendor one time.

8. Enter or edit the address where the payment is sent.

9. Enter Y at the 1099 Vendor Indicator: prompt if a 1099 form is completed for the vendor. A 1099 form is an IRS form for reporting self-employed income.
10. Enter or edit the vendor type. If you do not know the vendor type, enter three question marks at the prompt and IFCAP will list the available vendor types.

11. Enter or edit the phone number for the vendor and the representative of the vendor that accepts telephone solicitations for Government purchase orders.

12. Enter or edit the account number.

13. Enter the contract number, the beginning date of the contract, and its expiration date.

14. Enter the terms of the contract. For example, if the vendor offers a 2% discount if the net payment is received in 10 days, and requires payment in full in 30 days, the terms of the contract are '2%/10 NET 30'.

15. Enter another contract number if you like.

16. Enter or edit whether the vendor is located in a designated Labor Surplus Area. Labor Surplus Areas are geographic areas defined by the Department of Labor as having a labor surplus. To determine whether the vendor is in a Labor Surplus Area, look up the city, county and state of the vendor in "Area Trends in Employment and Unemployment," published by the U.S. Department of Labor.

17. Enter or edit the Federal Procurement Data System (FPDS) business category that applies to the vendor at the Business Type: prompt.

18. Enter or edit the Federal Procurement Data System (FPDS) socioeconomic group that applies to the vendor.

19. Enter any applicable special factors to be considered when ordering from the vendor, for example, minimum or maximum order, written purchase orders required, whether the freight-on-board charges are charged to the origin or destination, etc.

20. Enter whether the vendor has entered into a guaranteed delivery agreement with the Government. Guaranteed delivery is applicable only to vendors who deliver to locations other than a VA receiving area, such as the home of a veteran. Guaranteed delivery is required in the vendor file before you place a direct delivery order with that vendor.

21. Enter or edit the synonym for the vendor.

22. Enter whether there is an SF-129 on file for the vendor, or if an SF-129 is not applicable for the vendor. An SF-129 is application from a vendor to be placed on a mailing list to receive announcements for bids. Vendor applicants submit these forms to Purchasing and Contracting, which keeps them on file for one year.

23. Enter a Dun & Bradstreet number for the vendor, if one is available.

24. Enter a caret (^) at the Select Station Number: prompt to return to the P&C Utilities Menu.

Chapter 9. How to Prepare for System Crashes

Control Points need medical supplies and copier paper regardless of the functioning state of IFCAP. With a bit of preparation, you can prevent system crashes from causing duplicate orders and inaccurate expense reporting.

One reason that system crashes caused inaccurate expense reporting is that Control Point Clerks reconciled their Control Point balances by entering the requests as No Form Requests. Using a No Form Request allowed clerks to enter the request into IFCAP without worrying that Fiscal or A&MM might fulfill their request again, duplicating the order. This was bad practice, however, because it misrepresented how the money for that Control Point was spent.

“No Form” requests no longer exist in IFCAP. However, you can still make orders without IFCAP and reconcile your IFCAP records later, if you create a logbook of emergency purchase order numbers.

<table>
<thead>
<tr>
<th>Purchase Order Number</th>
<th>Item Description</th>
<th>Vendor Description</th>
<th>Date Ordered</th>
<th>Date rec’d in IFCAP</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

If IFCAP is not functioning, Control Point Clerks can telephone their requests. Assign one of the emergency purchase order numbers and place the order. When IFCAP is functioning again, the Control Point Clerks enter the requests with a special warning in the Comments field, like this.

```
Comments: // System Failure reconciliation -- DO NOT ORDER -- DO NOT ORDER
```

This tells you that you have already ordered and obligated this transaction manually. Change the status of the transaction to Ordered and Obligated.
Chapter 10. The Logistics Data Query Tool

The Logistics Data Query Tool is designed to assist Chief Logistics Officers; Materiel Managers; Purchasing Agents; and members of the Facility Logistics Staff (including Inventory Managers; Supply, Processing, and Distribution (SPD) Technicians; Management Analysts; Warehouse Clerks; or Supply System Analysts). The Query Tool can be used to quickly access, analyze and verify IFCAP and Prosthetics procurement data and display it using a graphical user interface to the VistA data. You can sign-on to VistA, find data, view the data, or easily move the data into a Microsoft® Excel® spreadsheet.

The Query Tool is a Windows software application that acts as a “front-end” to enable you to more easily find, display, and export VistA data. The Query Tool is an alternative to the VA FileMan utility program which has traditionally been used to look directly at the MUMPS globals (files) which store VistA data. The Query Tool enables you to…

- Search for data and display data by a range of dates
- Sort and rearrange the view of the data; display the data in a custom view
- Export the data into a Microsoft Excel spreadsheet file

Information on what the Query Tool can do for you can be found in the Logistics Data Query Tool User Manual.

The Logistics Data Query Tool User Manual is available online: at…
Chapter 11. Error Messages and Their Resolution

The following are errors that you may encounter when processing a purchase order. Each error is listed alphabetically by code. While some of the problems may be fixed by the user, many must be fixed by your Information Resources Management Service. If this is the case, record the error code and message and report the error immediately to your Information Resources Management Service.

11.1 Error Messages

The errors listed in Table 11-1 are error codes or messages that you or users may encounter when entering delivery orders, purchase orders, or purchase card orders. The errors are listed alphabetically by error code. You or the user may be capable of resolving some of the problems, and in other instances the assistance of IRM staff may be required.

If neither the user nor you can resolve the problem, record the error code and message and immediately report the error to IRM staff.

<tr>
<td><strong>Clinical Logistics Report Server (CLRS)</strong></td>
<td>The CLRS project allows the extraction of selected procurement and inventory data from VHA facilities to a centralized Clinical Logistics Report Server. The server supports the collection, tracking, and reporting of National Performance Measures, assisting the Under Secretary for Health (USH) in evaluating facility performance in the areas of consolidation of high tech equipment, standardization, socioeconomic goal accomplishment, acquisition, and inventory management.</td>
</tr>
<tr>
<td><strong>CLRS</strong></td>
<td>See Clinical Logistics Report Server (CLRS).</td>
</tr>
<tr>
<td>Common Numbering Series</td>
<td>This is a pre-set series of Procurement and Accounting Transaction (PAT) numbers used by Purchasing and Contracting, Personal Property Management, Accounting Technicians and Imprest Funds Clerks to generate new Purchase Orders/Requisitions/Accounting Transactions on IFCAP. The Application Coordinators establish the Common Numbering Series used by each facility.</td>
</tr>
<tr>
<td><strong>Control Point</strong></td>
<td>Financial element, existing ONLY in IFCAP, which corresponds to a set of elements in FMS that include the Account Classification Code (ACC) and define the Sub-Allowance on the FMS system. Used to permit the tracking of monies to a specified service, activity or purpose from an Appropriation or Fund.</td>
</tr>
<tr>
<td>C</td>

<tr>
<td>Control Point Clerk</td>
<td>The user within the service who is designated to input requests (2237s) and maintain the Control Point records for a Service.</td>
</tr>
<tr>
<td>Control Point Official</td>
<td>The individual authorized to expend government funds for ordering of supplies and services for their Control Point(s). This person has all of the options the Control Point Clerk has plus the ability to approve requests by using their electronic signature code.</td>
</tr>
<tr>
<td>Control Point Official’s Balance</td>
<td>A running record of all the transactions generated and approved for a Control Point from within IFCAP and also. Effects changes to the control point that are initiated directly from within the FMS system. Provides information that shows the total amount of funds committed, obligated and remaining to be spent for a specified fiscal quarter.</td>
</tr>
<tr>
<td>Control Point Requestor</td>
<td>The lowest level Control Point user, who can only enter temporary requests (2237s, 1358s) to a Control Point. This user can only view or edit their own requests. A Control Point Clerk or Official must make these requests permanent before they can be approved and transmitted to A&amp;MM.</td>
</tr>
<tr>
<td>Cost Center</td>
<td>Cost Centers are unique numbers which define a service. One cost center must be attached to every Fund Control Point. This enables costs to be captured by service. Cost centers are listed in VA Handbook 4671.1.</td>
</tr>
</tbody>
</table>

<tr>
<td>Justification</td>
<td>A written explanation of why the Control Point requires the items requested. Adequate justification must be given if the goods are being requested from other than a mandatory source.</td>
</tr>
</tbody>
</table>
| Kernel     | The Kernel is the software “scaffolding” that supports all VistA applications. The Kernel system permits any VistA software application to run without modification to its base structure no matter what hardware or software vendor the application was built on.  

The Kernel includes a number of management tools including device, menu, programming, operations, security/auditing, task, user, and system management. Its framework provides a structurally sound computing environment that permits controlled user access, menus for choosing various computing activities, the ability to schedule tasks, application development tools, and numerous other management and operation tools.  

*Source:* [http://hardhats.org/kernel/KRNmain.html](http://hardhats.org/kernel/KRNmain.html) |
<p>| Liquidation | The amount of money posted to the 1358 or Purchase Order as a payment to the vendor. They are processed through payment/invoice tracking.                                                                                       |
| LOG I       | LOG I is the name of the Logistics A&amp;MM computer located at the Austin Automation Center. This system continues to support the Consolidated Memorandum of Receipt.                                                                    |</p>

<tr>
<td>Program Code</td>
<td>Accounting element that identifies the VA initiative or program that the purchase will support.</td>
</tr>
<tr>
<td>Prompt Payment Terms</td>
<td>The discount given to the VA for paying the vendor within a set number of days (e.g., 2% 20 days means the VA will save 2% of the total cost of the order if the vendor is paid within 20 days of receipt of goods).</td>
</tr>
<tr>
<td>Purchase Card</td>
<td>A card, similar to a credit card, that Purchase Card Users use to make purchases. Purchase Cards are not credit cards but debit cards that spend money out of a deposited balance of VA funds.</td>
</tr>
<tr>
<td>Purchase Card Coordinator</td>
<td>A person authorized by a VA station to monitor and resolve delinquent purchase card orders, help VA services record, edit and approve purchase card orders in a timely manner, assign purchase cards to IFCAP users, and monitor the purchase card expenses of VAMC services.</td>
</tr>
<tr>
<td>Purchase Card Orders</td>
<td>Orders funded by a purchase card.</td>
</tr>
<tr>
<td>Purchase Card User</td>
<td>A person who uses a purchase card. Purchase Card Users are responsible for recording their purchase card orders in IFCAP.</td>
</tr>
<tr>
<td>Purchase History Add (PHA)</td>
<td>Information about purchase orders which is automatically sent to Austin for archiving. This same transaction is also used to send a PO for EDI processing.</td>
</tr>
<tr>
<td>Purchase History Modify (PHM)</td>
<td>Information about amendments which is automatically sent to Austin for archiving.</td>
</tr>
<tr>
<td>Purchase Order</td>
<td>A government document authorizing the purchase of the goods or services at the terms indicated.</td>
</tr>
<tr>
<td>Purchase Order Acknowledgment</td>
<td>Information returned by the vendor describing the status of items ordered (e.g., 10 CRTs shipped, 5 CRTs backordered).</td>
</tr>
<tr>
<td>Purchase Order Status</td>
<td>The status of completion of a purchase order (e.g., Pending Contracting Officer’s Signature, Pending Fiscal Action, Partial Order Received, etc.).</td>

<tr>
<td>Total Liquidations</td>
<td>The total amount of the liquidations against the 1358 obligation.</td>
</tr>
<tr>
<td>Transaction Number</td>
<td>The number of the transaction that funded a Control Point (See Budget Analyst User’s Guide). It consists of the Station Number – Fiscal Year – Quarter – Control Point – Sequence Number.</td>
</tr>
<tr>
<td>Transfer of Disbursing Authority</td>
<td>The method used to allocate funds to a VA facility.</td>
</tr>
<tr>
<td>Transmission Number</td>
<td>A sequential number given to a data string when it is transmitted to the Austin DPC; used for tracking message traffic.</td>
</tr>
<tr>
<td>Type Code</td>
<td>A set of A&amp;MM codes that provides information concerning the vendor size and type of competition sought on a purchase order.</td>
</tr>
</tbody>
</table>
### Glossary

<table>
<thead>
<tr>
<th>Term</th>
<th>Definition / Discussion</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Unit of Issue</strong></td>
<td>A description of the quantity/packaging combination in which the item is issued to the end user; it may be different from the Unit of Purchase, which is the combination used when the item is procured from the vendor. For example, a vendor may sell an item in cases of 24 cans, but the end user receives individual cans from that case.</td>
</tr>
<tr>
<td><strong>Unit of Purchase</strong></td>
<td>A description of the quantity/packaging combination in which VA purchases the item from the vendor; it may be different from the Unit of Issue, which is the combination used to actually issue the item to the end user. See also Unit Conversion Factor.</td>
</tr>
<tr>
<td><strong>Unit Conversion Factor</strong></td>
<td>A number which expresses the ratio between the unit of measure and the unit of issue. Among other things, the conversion factor (which is part of the vendor data) is used at order release to calculate the due-ins and due-outs. Supply stations receive the conversion factor at the time of order release and use it to translate the order quantities into supply station amounts. If an item is procured, stocked and issued using the same units, then the conversion factor would be 1.</td>
</tr>
