1. Introduction

1.1. Purpose

The purpose of this User Guide is to provide information and a detailed walkthrough of processing a Veteran Health Identification Card request submitted by the veteran through the VA Access Self-Service application.

1.2. Document Orientation

1.2.1. Organization of the Manual

This User Guide is divided into six sections to allow you to obtain quickly the information you need.

The first section will provide an overview of what a VHIC is and what the eligibility requirements are, and the various user roles and their accessibility within the VHIC application.

In order to be able to receive a VHIC, a Veteran must meet the following eligibility criteria:

- Be eligible for VA medical benefits
- Be enrolled in the VA Healthcare system
- Be Level 2 proofed at a VA medical facility
- Veteran identity must be recognized in the Master Veteran Index (MVI), which is managed by the Identity and Access Management (IAM) of the VA

 **NOTE:** The level 2 proofing process is a method to verify the identity of Veterans. VA requires Veterans to provide approved identification documents to access Personal Identifiable Information (PII), Personal Health Information (PHI) and request a Veterans Health Identification Card (VHIC).

The second and third sections will explain system requirements and log in instructions

The fourth section review and discuss the information found on the VHIC Menu/Home page.

The fifth section will give the user step-by-step details of how to complete the Identity Proofing process for a Veteran that has submitted a VHIC Card request remotely. The VHIC user must verify the Veteran's Identity Proofing Level is at Level 2 in the Identity Management Toolkit.

The last section covers some troubleshooting issues and solutions that will help the VHIC user to better able to support the Veteran and ensure that the VHIC requests are processed properly.

1.2.2. Assumptions

This guide has been written with the following assumed experience/skills of the audience:

- User has basic knowledge of the operating system (such as log in, the use of commands, menu options, and navigation tools).
- User has understanding of the roles within VHIC
- User has been provided the appropriate active roles required for the VHIC application.
- User is using *Google Chrome or Microsoft Edge* to do their job of either Creating a VHIC Card Request, Running Reports, or Managing VHICs depending on user roles.
- User has validated access to the VHIC application.
- User has completed any prerequisite training.

1.2.3. Disclaimers

1.2.3.1. Software Disclaimer

This software was developed at the Department of Veterans Affairs (VA) by employees of the Federal Government in the course of their official duties. Pursuant to title 17 Section 105 of the United States Code this software is not subject to copyright protection and is in the public domain. VA assumes no responsibility whatsoever for its use by other parties, and makes no guarantees, expressed or implied, about its quality, reliability, or any other characteristic. We would appreciate acknowledgement if the software is used. This software can be redistributed and/or modified freely provided that any derivative works bear some notice that they are derived from it, and any modified versions bear some notice that they have been modified.

1.2.3.2. Documentation Disclaimer

The appearance of external hyperlink references in this manual does not constitute endorsement by the Department of Veterans Affairs (VA) of this Web site or the information, products, or services contained therein. The VA does not exercise any editorial control over the information you may find at these locations. Such links are provided and are consistent with the stated purpose of the VA.

1.2.4. Documentation Conventions

This manual uses several methods to highlight different aspects of the material.

- Various symbols are used throughout the documentation to alert the reader to special information. The following table gives a description of each of these symbols:

Table 1: Documentation Symbols and Descriptions

Symbol	Description
	NOTE: Used to inform the reader of general information including references to additional reading material

- Descriptive text is presented in a proportional font (as represented by this font).
- “Screenshots” of computer online displays (i.e., character-based screen captures/dialogs) and are shown in a non-proportional font and enclosed within a box. Also included are Graphical User Interface (GUI) Microsoft Windows images (i.e., dialogs or forms).
- User’s responses to online prompts (e.g., manual entry, taps, clicks, etc.) will be **[boldface]** type and enclosed in brackets.

1.3. Enterprise Service Desk and Organizational Contacts

The support contact information documented herein is intended to restore normal service operation as quickly as possible and minimize the adverse impact on business operations, ensuring that the best possible levels of service quality and availability are maintained.

The following table lists the contact information needed by site users for troubleshooting purposes. Support contacts are listed by description of the incident escalation and contact information (phone number and options to select).

Table 2: Enterprise Service Desk Contact Information

Issue	Contact Info
For Provisioning Issues	Contact the Enterprise Service Desk at REDACTED, option 3 (Applications), then option 1. When contacted by a support specialist, be ready to supply the employee’s full name, VA user ID and email address.
For Proofing Issues	Contact the Enterprise Service Desk at REDACTED, option 3 (Applications), then option 1. When contacted by a support specialist, be ready to supply the Veterans’ full name, full SSN, and DOB.
For All Other VHIC System Issues	Contact the Enterprise Service Desk at REDACTED, option 3 (Applications), then option 1 When contacted by a support specialist, be ready to supply the Veterans’ full name, full SSN, and DOB.

2. Self-Service VHIC Card Request – What is it?

The VHIC Self-Service Application was created to allow Veterans to request VHIC card(s) without having to visit their local facilities offering them convenience and safely limiting exposure to Covid 19. VHIC users will be responsible for monitoring and processing new card requests submitted through the Self-Service Tool. Self-Service New Card Requests require remote veteran proofing the process will be outlined in this user guide.

3. Getting Started

3.1. Single Sign-On Internal (SSOi)

Once users are logged into their VA desktop, they will access VHIC using *Google Chrome or Microsoft Edge (IE)* by either entering the REDACTED listed above or via the bookmark saved during an earlier session.

Users will be presented with the Single Sign On – internal (SSOi) login screen (*shown below*).

Here the VHIC user will need to use their PIV card to log into the VHIC application.

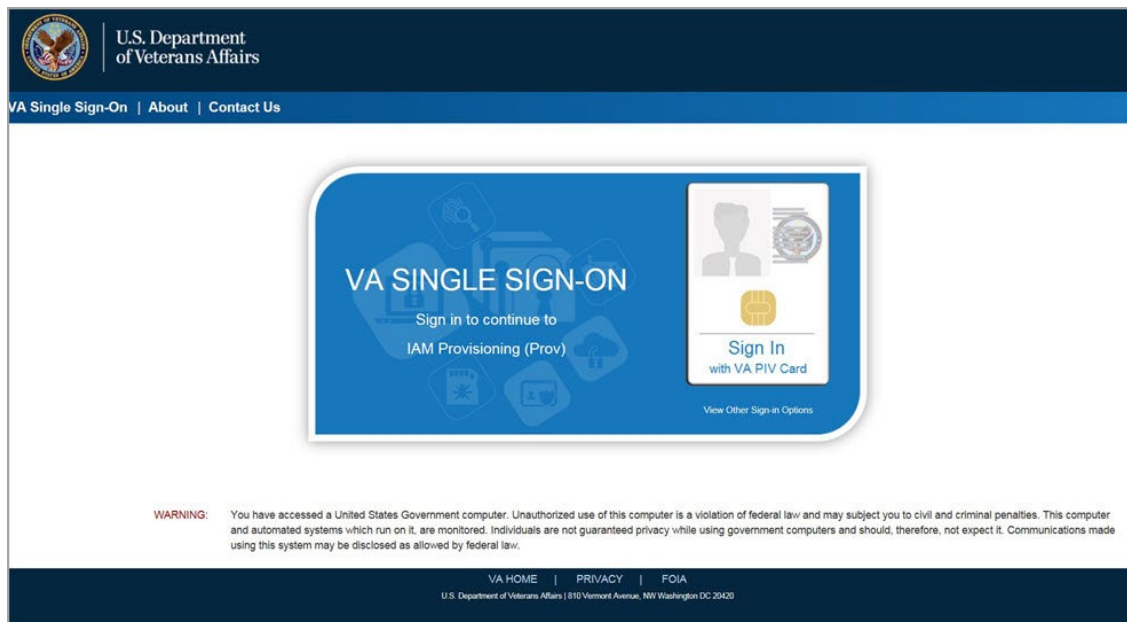

Figure 3-1: SSOi Login Screen

3.2. Accessing the VHIC Application

VHIC is a web-based application that users will access via a web browser. The recommended browser is *Google Chrome or Microsoft Edge* (currently version 11). The VHIC URL is

Veteran Health Identification Card 4.21

User Guide – Volume 6 Self-Service New Card Request

Processing

REDACTED and is case sensitive – it must be entered exactly as shown. After successfully logging in to the VHIC application, users should bookmark this site for easy access in the future. Instructions on how to do just that can be found here: REDACTED

The best time to bookmark the site is after the user is in the application itself rather than attempting to bookmark the Login screen.

3.3. Logging On

The VHIC application is built to accommodate a specific set of pre-established user roles. During the provisioning process, the VHIC user will have a role assigned to them, which will determine what aspects of the VHIC application are available to them. The roles are listed below. For more information on the areas of access that accompanies each role, please refer to **VHIC Roles and Access** document.

3.4. System Menu

Depending on the VHIC users' role, they will be presented different Home screens upon logging into the VHIC application.

NOTE: Some features of the VHIC application will not function correctly in IE. You will need to copy the URL link and open in Chrome or Edge.

3.5. Accessing the Identity Management Toolkit

3.5.1. Accessing the Identity Management Toolkit Directly

The VHIC user will need to go to the Identity Management Toolkit application to look up the Veteran and verify their proofing level and if needed complete the proofing process. The Identity Management Toolkit can be accessed by using the URL in the next section entitled “SSOi.”

3.5.1.1. SSOi

SSOi: REDACTED

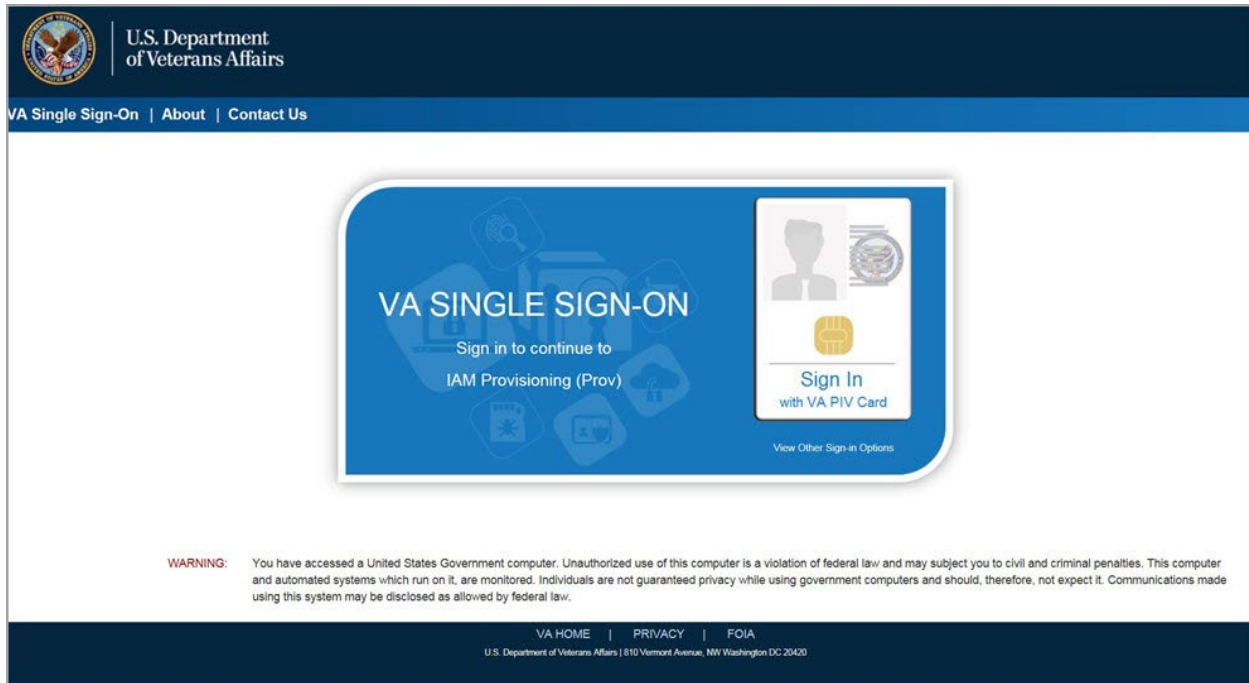

Figure 3:2: Identity Management Toolkit SSOi Logon Screen

The URLs are case sensitive – they must be entered exactly as shown. After successfully logging into the Identity Management Toolkit application, users should bookmark this site for easy access in the future. Instructions on how to do just that can be found here: REDACTED.

The best time to bookmark the site is after the user is in the application itself rather than attempting to bookmark the Login screen.

3.5.2. Accessing Identity Management Toolkit from within the VHIC Application

3.5.2.1. Step 1 of the VHIC Application

When the VHIC user starts the Card Request process, they will see a message on Step 1: Enter Search Terms. **“IMPORTANT: Have you Identity Proofed the Veteran in Identity Management Toolkit? (Click here to open REDACTED in another window)”**

The VHIC user can click on the blue words “REDACTED” which is a hyperlink that will take the user to the Identity Management Toolkit application.

IMPORTANT Have you Identity Proofed the Veteran in Identity Management Toolkit?
 (Click here to open [Identity Management Toolkit](#) in another window)

For optimal search results, copy the Veteran's ICN from Identity Management Toolkit and paste into the ICN field on this screen. Other search methods include:

- The Member ID from the front of the Veteran's VHIC.
- Last Name, First Name, DOB and SSN.

Note: If using LN/FN/DOB/SSN combination, at a minimum, supply the Veteran's Last Name, plus values from at least two of the other three sections (Person, Address, Identification).

Name Last Name <input type="text"/> First Name <input type="text"/> Middle Name <input type="text"/>	Person Date of Birth <input type="text"/> (DOB format: YYYYMMDD) Gender <input type="text"/> Home Phone <input type="text"/>
Address Street Address <input type="text"/> City <input type="text"/> State <input type="text"/> Zip Code <input type="text"/>	Identification SSN <input type="text"/> (format: #####-####) EDIPI / Member ID <input type="text"/> ICN <input type="text"/>

4. VHIC Application Home Page

4.1. VHIC System Status Banner

The VHIC System will display a Status Banner at the top of the screen to notify users of reported issues with the system and/or during maintenance activities that do not require downtime such as high volume or preferred browser reminder.

Figure 4:1. VHIC System Banner Page

4.2. VHIC Self-Service Request Notifications

When the VHIC User logs into the VHIC Application, they will see Self-Service request information for their facility listed on the Home page. This information includes:

1. The number of **facility specific** requests that have been submitted through the Self-Service Application for that have not been assigned to a proofer for review.

2. The number of requests that the user has assigned to them
3. The number of requests that are in an on hold status that will expire within seven days.

Figure 4-4. List of Requests Submitted by VISN

Users with the appropriate access will have the ability to view and filter the unassigned lists of other VISNs by selecting the VISN from the dropdown list.

The screenshot displays the VA Department of Veterans Affairs web interface. At the top, it says "UNITED STATES DEPARTMENT OF VETERANS AFFAIRS". Below that, it says "Veteran Health Identification Card (VHIC)" and "Skip to Content". The navigation bar includes "Home", "Card Request", "Reports", "Card Management", and "Site Management". The user is logged in as "Logged in as: [redacted]".

The main heading is "All Unassigned Self Service Requests For Manual Review By VISN". Below this, there is a instruction: "Select veteran name hyperlink to assign the manual review task to yourself and remove it from the unassigned listing." A dropdown menu for "VISN" is open, showing a list of 23 options, including "1 - VA New England Health Care System", "10 - VA Healthcare System of Ohio", "11 - Veterans in Partnership", "12 - VA Great Lakes Healthcare System", "15 - VA Heartland Network", "16 - South Central VA Healthcare Network", "17 - VA Heart of Texas Healthcare System", "18 - VA Southwest Healthcare Network", "19 - VA Rocky Mountain Network", "2 - VA Healthcare Network Upstate New York", "20 - VA Northwest Health Network", "21 - VA Sierra Pacific Network", "22 - VA Desert Pacific Healthcare Network", "23 - VA Midwest Healthcare Network", "3 - NY/NJ Veterans Healthcare Network", "4 - VA Healthcare - VISN 4", "5 - VA Capitol Healthcare Network", "6 - VA Mid-Atlantic Health Care Network", and "7 - VA Southeast Network".

Below the dropdown, there is a table with the following columns: "Picture", "Full Name", "Hold Date", "Hold Reasons", "Facility", and "VISN". The table contains three rows of data:

Picture	Full Name	Hold Date	Hold Reasons	Facility	VISN
	VAPATIENT, ONE	5/2022	REVIEW	483	6
	VAPATIENT, TWO	22/2022	REVIEW	626	9
	VAPATIENT, THREE	22/2022	REVIEW	626	9

At the bottom of the page, there is a footer with the text: "VA Home Privacy FOI U.S. Department of Veterans Affairs VHIC 4.22.1 bld 25 All Unassigned Self Service Requests For Manual Review By VISN Screen".

Figure 4-5. Unassigned Self Service Requests by VISN, additional VISN Selection List

. To delete the current MVI Value, enter "@" in the New Value column for the field that should be null.

Figure 5:8. Data Review Tab

NOTE:

The Veteran is informed during the Request Process that if a trait needs to be modified (for example, Last Name changes), they must come in to the facility. If the Veteran submits a request under the following conditions:

- Photo submitted is not acceptable
- Verification document uploaded is not acceptable
- Identification traits do not match

The POC will need to make a note under the **Task Notes Tab** and continue through the *Rejection Process page 26*

7. The verification will move to the **Documentation tab** where the Proofer enters the **Verification Document(s)** details normally
