Table 2: Enterprise Service Desk Contact Information.....	7

1. Introduction

1.1. Purpose

The purpose of this User Guide is to provide general system information, as well as accessibility and user roles with the VHIC application. This User Guide will provide a detailed walkthrough of creating a Veteran Health Identification Card replacement request using the VHIC application.

1.2. Document Orientation

1.2.1. Organization of the Manual

This User Guide is divided into sections to allow you to quickly obtain the information you need.

The first section will provide an overview of the documentation.

The second section explains what a VHIC is and what the eligibility requirements are.

The third section reviews the various user roles and their accessibility within the VHIC application and will walk the user through the steps needed to access the VHIC application, as well as some general guidelines on using the VHIC application.

The fourth section will give the user step-by-step details of how to complete the Replacement Card Request. Once all the required information has been provided, the final step in the process will allow a VHIC request to be submitted for processing.

Each day, these card requests are transmitted from the VHIC system to a vendor to print and mail the cards to the Veterans, the preferred facility, or the requesting facility. Typically, the cards are received in 7-10 business days from date of request. To ensure the VHIC is received at the appropriate address, the VHIC Associate must verify that the correct address is used, and the Print Vendor verifies that the address is valid. If the U.S. Postal Service cannot deliver the card, it is returned to the requesting facility.

1.2.2. Assumptions

This guide has been written with the following assumed experience/skills of the audience:

- User has basic knowledge of the operating system (such as the use of commands, menu options, and navigation tools).
- User has been provided the appropriate active roles required for the VHIC application.
- User is using *Google Chrome or Microsoft Edge* to do their job of either Creating a VHIC Card Request, Running Reports, or Managing VHICs depending on user roles.
- User has validated access to the VHIC application.
- User has completed any prerequisite training.

1.2.3. Disclaimers

1.2.3.1. Software Disclaimer

This software was developed at the Department of Veterans Affairs (VA) by employees of the Federal Government in the course of their official duties. Pursuant to title 17 Section 105 of the United States Code this software is not subject to copyright protection and is in the public domain. VA assumes no responsibility whatsoever for its use by other parties, and makes no guarantees, expressed or implied, about its quality, reliability, or any other characteristic. We would appreciate acknowledgement if the software is used. This software can be redistributed and/or modified freely provided that any derivative works bear some notice that they are derived from it, and any modified versions bear some notice that they have been modified.

1.2.3.2. Documentation Disclaimer

The appearance of external hyperlink references in this manual does not constitute endorsement by the Department of Veterans Affairs (VA) of this Web site or the information, products, or services contained therein. The VA does not exercise any editorial control over the information you may find at these locations. Such links are provided and are consistent with the stated purpose of the VA.

1.2.4. Documentation Conventions

This manual uses several methods to highlight different aspects of the material.

Various fonts and symbols are used throughout the documentation to alert the reader to special information. The following table gives a description of each of these symbols:

- Descriptive text is presented in a proportional font (as represented by this font).
- “Screenshots” of computer online displays (i.e., character-based screen captures/dialogs) and are shown in a non-proportional font and enclosed within a box. Also included are Graphical User Interface (GUI) Microsoft Windows images (i.e., dialogs or forms).
- Screen shot and section cross references will be seen in italic font (*such as this*)
- User's responses to online prompts (e.g., manual entry, taps, clicks, etc.) will be **[boldface]** type and enclosed in brackets.

1.3. Enterprise Service Desk and Organizational Contacts

The support contact information documented herein is intended to restore normal service operation as quickly as possible and minimize the adverse impact on business operations, ensuring that the best possible levels of service quality and availability are maintained.

The following table lists the contact information needed by site users for troubleshooting purposes. Support contacts are listed by description of the incident escalation and contact information (phone number and options to select).

Table 1: Enterprise Service Desk Contact Information

Issue	Contact Info
For Provisioning Issues	Contact the Enterprise Service Desk at REDACTED. When contacted by a support specialist, be ready to supply the employee's full name, VA user ID and email address.
For Proofing Issues	Contact the Enterprise Service Desk at REDACTED. When contacted by a support specialist, be ready to supply the Veterans' full name, full SSN, and DOB.
For All Other VHIC System Issues	Contact the Enterprise Service Desk at REDACTED. When contacted by a support specialist, be ready to supply the Veterans' full name, full SSN, and DOB.

2. Veteran Health Identification Card – What is it?

The VHIC serves as an identification mechanism for Veterans that are enrolled in the VA Healthcare system and supports efficiencies at VA medical facilities throughout the United States. Although not required by Veterans to receive medical care at a VA facility, it does enable Veterans to check in for VA appointments more quickly. The VHIC system is a web-based application that VHIC Associates use to issue VHICs to enrolled Veterans.

Figure 1: Example of what the VHIC looks like

To be able to receive a VHIC, a Veteran must meet the following eligibility criteria:

- Be eligible for VA medical benefits
- Be enrolled in the VA Healthcare system
- Be Level 2 proofed at a VA medical facility

- Veteran identity must be recognized in the Master Person Index (MPI), which is managed by the Identity and Access Management (IAM) of the VA

3. Getting Started

3.1. Roles Within VHIC

The VHIC application is built to accommodate a specific set of pre-established user roles. During the provisioning process, the VHIC user will have a role assigned to them, which will determine what aspects of the VHIC application are available to them. The following breaks down the specific roles and the areas of access that accompany each role.

If, while utilizing the VHIC application, a user finds they do not have access to items they feel they should have access to or find that they have access to items they should not, based on the definitions listed below, the VHIC user should report this information to their VHIC Supervisor. The VHIC Supervisor should then verify that the proper role has been assigned.

For a complete list of Roles and Access levels please refer to the **VHIC Roles and Access** document.

3.2. Proper Navigation of the VHIC Application

The correct way to navigate through the VHIC application is to use the buttons that are located at the bottom of each screen instead of using the Browser's built in Back button. Please do **NOT** use the *Back* button at the top of your browser window to navigate back to a previous screen; this will cause errors to occur.

3.3. Logging On: VHA Enrollment System Link to VHIC

Once users are logged into the Enrollment System, an eligible user will be able to click on a hyperlink in the VHA Enrollment System and be directed to VHIC. Their VHIC role of Card Replacement User provides access to features in the VHIC application for VES Users use only.

REDACTED

Figure 2: VHIC VES Hyperlink

3.4. VHIC Home Screen

After the hyperlink has been selected, a second browser tab will be opened and VHIC Users will be directed to the Home screen assigned to their roles. To the eligible HEC VES users (Card Replacement Role), the Veteran Card Details page serves as their Home page for the application.

Home Logged in as:

Card Replacement option is only available for cards with current status of 'Replaced' or 'Requested', MVI status 'Active', and Print Status 'Mailed' and have not been requested within the last 10 days after the request was submitted.

3.4.1. Veteran Card Details Page

The Veteran Card Details page provides the latest Card Status information based on the card ID received from the VHA Enrollment System and provides capability to request a replacement VHIC card based on the business rules for card replacement.

The Veteran Card Details page is broken into three sections.

1. Veteran Identity Information

This section provides the Veteran Identity Information including:

- Veteran’s Full Name
- Date of Birth
- Gender

- Branch of Service
- Enrollment Status
- Person ID

4. Requesting a Replacement VHIC Card

4.1. Card Replacement Eligibility

The Card Replacement option is only available to veterans with an active VHIC card.

A card replacement request may not be made within 10 days of the submission of a previous card request.

If the replacement requirements are not met, the user will see a notification at the top of the page, and the [**Get Replacement Card**] button will be shown but greyed out and not available.

REDACTED

Veteran Health Identification Card 4.26

Volume 5 – Card Replacement User

13

September 2023

After clicking the [Get Replacement Card] button, you will be directed to the Veteran Identity Confirmation page. This screen displays the information retrieved from the Master Person Index (MPI) and the VHA Enrollment System (VES) for the selected Veteran. The purpose of this screen is to verify the displayed information, select the reason for replacement, and to determine where the Veteran’s card should be mailed.

Figure 11: Veteran Identity Confirmation Page

NOTE: If the Veteran has a Preferred Name on file it will appear in the Veteran Identity Attribute section as seen in *Figure 12. Veteran Identity Attributes with Preferred Name*.

The screenshot shows a web interface for a five-step process. Step 4, 'Select Mailing Address', is highlighted with a yellow arrow. Below the steps is a 'Veteran Identity Confirmation' section. It contains a 'Status' section with 'Card Request Status' set to 'Replacement' and a 'Replacement Reason' dropdown menu set to 'Lost'. Below this is the 'Veteran Identity Attributes' section, which includes text input fields for 'First Name' (FOUR), 'Last Name' (MVIPATIENT), 'Preferred Name' (PREFERREDNAME), and 'Date of Birth' (8/22/1985). A red arrow points to the 'Preferred Name' field.

Figure 12. Veteran Identity Attributes with Preferred Name

Select the reason for replacement from the drop-down menu. Confirm the Veteran and Facility information and move down to the Address section of the screen to select where the replacement card will be delivered.

This screenshot shows the same 'Veteran Identity Confirmation' form as Figure 12, but with the 'Replacement Reason' dropdown menu open. The menu lists several options: 'NOT SELECTED', 'Damaged', 'Expired', 'Incorrect Information', 'Lost', 'Poor Quality', and 'Stolen'. A red arrow points to the 'Lost' option, which is currently selected in the dropdown. The 'Veteran Identity Attributes' section is partially visible below the dropdown.

Figure 13: Select Replacement Reason

Figure 14: Select Mailing Address

This step provides several mailing options for the card:

- Mail to the address received from Enrollment Services
- Mail to the address received from MPI
- Mail to the requesting facility If requesting facility is not known a message will be displayed above for the on-hold condition and the Requesting facility button will be grayed out as seen in Figure 15: Select Next Button
- Mail to the preferred facility

NOTE: If Enrollment has flagged the Veteran’s address as bad, a message stating why, as well as additional guidance on how to proceed, will be displayed near the top of the screen. At this point, if the Veteran opts to **not** update their information with VES, the Associate **MUST** choose one of the remaining viable address options for mailing the card in order to proceed with the card request process.

NOTE: If MPI has flagged the Veteran’s address as bad, a message stating why, as well as additional guidance on how to proceed, will be displayed near the top of the screen. At this point, if the Veteran opts **not** to update their information with MPI or VES, the Associate **MUST** choose one of the remaining viable address options for mailing the card in order to proceed with the card request process. Selecting a radio button will automatically update the address information based on the selection. The process cannot continue until the appropriate radio button has been selected.

NOTE: If no preferred facility information has been received from VES or the preferred facility address is flagged as bad, a message stating why, as well as additional guidance on how to proceed, will be displayed near the top of the screen. The Associate **MUST** choose one of the remaining viable address options for mailing the card in order to proceed with the card request process. Selecting a radio button will automatically update the address information based on the selection. The process cannot continue until the appropriate radio button has been selected.

Selecting a radio button will automatically update the address information based on the selection. The process cannot continue until the appropriate radio button has been selected.

If the information on the screen is a correct match, select the **[Next]** button in the lower right hand to move forward.

Is the address displayed on screen where the Veteran is to receive his/her new VHIC card?

? Back Next

Figure 15: Select Next Button

You will be directed to the Save Card Request page (*Figure 20: Save Card Request*) which gives the VHIC user and the Veteran one more opportunity to review all the information on the screen for accuracy.

This screen contains the following information for review:

- Name as it will appear on card
- Address card will be mailed to (*this also contains the name as it will appear in the mailing address*)

- Replacement reason (*if applicable*)
- Reason for hold (*if applicable*)
- Service connected status
- Medal of Honor status
- Purple Heart status
- Prisoner of War status
- Branch of Service selection
- Date of Birth

Other fields that either will be populated or will populate upon final submission are:

- Card Number (populates upon final submission)
- Member ID
- ICN
- Member Benefit Plan ID
- VISN and Facility where request is being processed

4.2.1.1. Branch of Service

If available, the Veteran's Branch of Service options will be displayed on screen. The Veteran should be given the opportunity to select which logo they would prefer to appear on their card or if they would like to decline the logo option altogether (*decline is the default option*). The appropriate radio button should be selected based upon the Veteran's preference. Only those branches of service that are listed in the VHA Enrollment System and in which the Veteran has served will be shown. This will need to be chosen before submitting the card request.

NOTES:

- Only one Branch of Service logo can appear on the card; those with more than one branch will have to select one or decline to show any logo.
- The Preferred Name listed on the preview screen will not be printed on the card. It is only housed in the VHIC system.

The screenshot shows a web form titled "Veteran Card Details" with a progress bar at the top indicating five steps. Step 5, "Save Card Request", is highlighted in yellow. The form contains the following fields and options:

- Service Connected:** N
- Medal of Honor:** N
- Purple Heart:** N
- Prisoner of War:** N
- Card Number:** (blank)
- Member ID:** 2107398875
- ICN:** 1012896256V941508
- Plan ID:** 7346-243-588
- VISN:** 7
- Facility:** 508
- Date of Birth:** 8/8/1950
- Name as it will appear on card:** VGTSTONE T TESTTHIRTEEN
- Preferred name:** THIRTEEN
- Address card will be mailed to:** VGTSTNINETYFIVE TESTSIX, 2-19-23 AOBADAI, MEGURO, TOKYO 153-0042 JPN
- Foreign Mailing Address?**
- Branch Of Service:**
 - United States Public Health Service (USPHS)
 - Coast Guard
 - Merchant Seamen
 - Space Force
 - Navy
 - Army
 - Air Force
 - Marine Corps
 - Veteran Declines Branch of Service Logo
- Replacement Reason:** Lost
- Reason for Hold:** Bad data

Buttons for "Back" and "Submit" are located at the bottom right of the form.

Figure 16: Branch of Service Selection

NOTE: If the Veteran has a Preferred Name on file, it will appear as seen in *Figure 17. Branch of Service Selection Preferred Name Highlighted* Though Preferred Name appears in the system; it does NOT appear on the VHIC card at this time.

REDACTED

Figure 20: Save Card Request

4.2.1.3. Photograph Verification

After reviewing and approving the card details the VHIC user will click the **[Submit]** button. A pop-up box will appear requiring the clerk to acknowledge that they have approved the final picture that will be submitted for card printing. Selecting ok will allow the process to continue and submitting the request possible.

The screenshot shows a web form for a VA Veteran Health Identification Card (VHIC) replacement. A pop-up dialog box titled "Validate Veteran Photo" is centered on the screen. The dialog contains the text: "I acknowledge that the veteran picture meets VHIC standards for quality and clarity of features." Below this text are two buttons: "OK" and "Cancel". The "OK" button is highlighted with a red box. In the background, the form displays a preview of a card with a photo of a man. To the right of the photo, there is a table of service details:

Service Connected	Y	Card Number	
Medal of Honor	N	Member ID	2110317517
Purple Heart	N	ICN	1013629589V434443
Prisoner of War	N	Plan ID	7346-243-588
		VISN	7
		Facility	508
		Date of Birth	12/26/1955

Below the table, the form shows the name as it will appear on the card: "VGTESTFIFTYONE TESTSIXTYTHREE". There is also a "Preferred name:" field. The address card will be mailed to: "VGTESTNINETYFIVE TESTSIX 2-19-23 AOBADAI MEGURO, TOKYO 153-0042 JPN". A checkbox for "Foreign Mailing Address?" is checked. There are also fields for "Replacement Reason:" (Lost) and "Reason for Hold:" (Bad data). A "Pending" status bar is visible at the bottom right. A red arrow points to the "Submit" button.

Figure 21: Validate Veteran Photo

Should a new photograph be needed, the user clicks the **[Cancel]** button and will need to refer the veteran to the VHIC office for a new photo and replacement card.

The screenshot shows a similar web form for a VA VHIC card replacement. A pop-up dialog box titled "Validate Veteran Photo" is centered on the screen. The dialog contains the text: "I acknowledge that the veteran picture meets VHIC standards for quality and clarity of features." Below this text are two buttons: "OK" and "Cancel". The "Cancel" button is highlighted with a red box. In the background, the form displays a preview of a card with a photo of a woman. To the right of the photo, there is a table of service details:

Service Connected	N	Card Number	
Medal of Honor	N	Member ID	2107346530
Purple Heart	N	ICN	1012991005V582194
Prisoner of War	N	Plan ID	7346-243-588
		VISN	7
			508
		Birth	8/22/1985

Below the table, the form shows the name as it will appear on the card: "FOUR O MVI PATIENT III". There is also a "Preferred name:" field. The address card will be mailed to: "VGTESTNINETYFIVE TESTSIX 2-19-23 AOBADAI MEGURO, TOKYO 153-0042 JPN". A checkbox for "Foreign Mailing Address?" is checked. There are also fields for "Replacement Reason:" (Lost) and "Reason for Hold:". A "Pending" status bar is visible at the bottom right. A "Card Request Date" field is also present.

Figure 22: Photo Does Not Meet VHIC Standards

NOTE: Greyscale pictures are not permitted to appear on the VHIC card.

Should the Veteran photo be Black and White or Greyscale, the VES User should select the **[Cancel]**

And refer the veteran to the VHIC office.

REDACTED

Figure 23: Cancel Black and White Photo

Once veteran photo has been approved and clicks the **[Submit]** button, the request will now show a Submitted status.

Upon submission, a Card Number will be generated as well as an Expiration Date and Card Request Date. The colored field will change from yellow to green and the corresponding Card Status will change from Pending to Submitted as seen below.

Card Request Date 03/06/2023

Figure 24: Card Request Submitted

This action has been completed. To exit the application, click the **[X]** button to close this browser window.

Figure 25: Close Browser Window

NOTE: If the veteran does not have an EDIPI number, the card request will be marked as Pending and saved for thirty (30) days. A request will be generated for HC IdM to investigate and resolve once you select the hold button.

REDACTED

Figure 26: Pending Request No EDIPI

A Confirmation message will appear, select the **[OK]** button.

Figure 27: On Hold Request Confirmation Box

The VHIC REQUEST ON HOLD – EDIPI request number will be displayed in a message that can be used for tracking purposes in the Tool Kit. Should anything prevent the card hold from resolving in 30 days an email will be generated to the VHIC Team for additional action.

REDACTED

Figure 28: HC IdM Request Confirmation

If a second request is generated before the thirty (30) days the user will get a message indicating that a request is open in the system.

REDACTED

Figure 29: Active Request Exists in System Message

NOTE: If the VA received an imprecise Date of Birth, such as Month/year instead of Month/Date/Year. A request needs to be created for HC IdM remediation. Select the Branch of

Service (if available) and click on the **[Hold]** button. This will save the card request for thirty (30) days and generate the remediation request for HC IdM.
