Artifact Rationale

Per the Veteran-focused Integrated Process (VIP) Guide, the Quick Start User Guide is required to be completed prior to Critical Decision Point #2 (CD2), with the expectation that it will be updated as needed. A Quick Start User Guide is a technical communication document intended to give assistance to people using a particular system, such as the Veterans Health Administration (VHA) Enrollment System (VES). Technical writers generally compose, update, and maintain the Quick Start User Guide; however, programmers, product and project managers, or other technical staff can also compose, update, and maintain the Quick Start User Guide. Most quick start guides contain both a written guide and the associated images. In the case of computer applications, it is usual to include screenshots of the human-machine interfaces, and hardware manuals often include clear, simplified diagrams. The language used is matched to the intended audience, with jargon kept to a minimum or explained thoroughly. The Quick Start User Guide is a mandatory, build-level document, and should be updated to reflect the contents

of the most recently deployed build. The sections documented herein are required if applicable to your product.

1. Introduction

The Veterans Health Administration (VHA) Enrollment System (VES) is the primary Veterans Affairs (VA) system used to manage VA health benefits.

VES allows staff at the Health Eligibility Center (HEC), located in Atlanta, Georgia, to work more efficiently and determine patient eligibility in a timelier manner. Messaging with the VAMC (Department of Veterans Affairs Medical Center) allows for the adding and updating of beneficiary records to the enterprise enrollment system to be shared with the field.

VES is one component of the "system of systems" needed to implement the Vista/GUI Hybrids (formerly Health_eVet) REE (Registration, Eligibility & Enrollment) environment.

VES's two main functions are:

- Expert System (Messaging) provides a seamless bi-directional interface with external Veterans Health Administration (VHA) and non-VHA systems for data exchange of Veterans' information.
- Workflow (Case Management) that provides authorized VHA case representatives at the HEC and VAMC with a web interface to easily track, maintain, and manage cases associated with Veteran benefits. HEC and VAMC staff utilize VES to manage these "cases" to completion so that verified Eligibility & Enrollment can be determined.

1.1. Purpose

The purpose of this user guide is to familiarize users with important features and navigational elements of the VES application.

1.2. Overview

President George W. Bush established a task force for returning Global War on Terror (GWOT) heroes who resulted in enhancements that improved delivery of Federal services and benefits to GWOT service members and Veterans. Among recommendations associated with task force was to focus on enhancing delivery of services and information to GWOT service members and Veterans within existing authority and resource levels.

1.2.1. Release Updates and Enhancements

Click the [link](#) to view current and past VES release updates and enhancements on the Online Help.

1.2.2. Organization of the Manual

This Quick Start User Guide contains the following:

- Introduction
- System Summary
- Getting Started
- Significant Additions and Updates to VES Version

- Troubleshooting

1.2.3. Assumptions

This quick start was written with the following assumed experience/skills of the audience:

- User has basic knowledge of VES (such as the use of commands, menu options, and navigation tools).
- User has been provided the appropriate active roles, menus, and security keys required for VES.
- User is using VES to do their job.
- User has validated access to VES.
- User has completed any prerequisite training.

1.2.4. Installation, Maintenance, & Monitoring

Installation, maintenance, and monitoring of VES updates are performed at the Austin Information Technology Center (AITC) on the third Saturday of each month.

1.2.5. Software Disclaimer

This software was developed at the Department of Veterans Affairs (VA) by employees of the federal government in the course of their official duties. Pursuant to title 17 Section 105 of the United States Code this software is not subject to copyright protection and is in the public domain. VA assumes no responsibility whatsoever for its use by other parties, and makes no guarantees, expressed or implied, about its quality, reliability, or any other characteristic. We would appreciate acknowledgement if the software is used. This software can be redistributed and/or modified freely if any derivative works bear some notice that they are derived from it, and any modified versions bear some notice that they have been modified.

1.2.6. User Guide Disclaimer

The appearance of external hyperlink references in this User Guide does not constitute endorsement by VA of this Web site or the information, products, or services contained therein. The VA does not exercise any editorial control over the information you may find at these locations. Such links are provided and are consistent with the stated purpose of the VA.

1.2.7. Project References

Refer to the following VES references:

- VES 6.3 Release Notes
- VES 6.3 Online Help

2. System Summary

NOTE: *Users require group membership to access SharePoint and Teams' links. To request access, contact the E&E Program Management Office (PMO) or use the request access option at the SharePoint site and specify group membership.*

2.1. System Design Document

Please refer the System Design Document (SDD). Please submit a [ServiceNow](#) ticket to the NTL MNT EDB/ESR group for access to the SDD.

2.2. User Access Levels

See the **Buttons/Admin** section where **User Accounts, Profiles, Roles and Capability Sets** explain the different user access levels of the VES.

2.3. ESM Application Information System Contingency Plan

The Enrollment System Modernization (ESM) Application Information System Contingency Plan is stored in eMASS and is available upon request. Please submit a [ServiceNow](#) ticket to the NTL MNT EDB/ESR group for access.

2.4. ESM Project Artifacts (VDL)

Click the following [link](#) to access the ESM Project Artifacts located in the VA Software Document Library (VDL). Scroll down to VA Enrollment System (VES) to access VES artifacts.

3. Getting Started

3.1. VES Layout

VES displays a beneficiary's record data. The "Menu Bar" and the "Person Search Tabs" provide access to various screens for viewing, updating, adding, and deleting information on VES.

Menu Bar

Menu Bar is where utility buttons for VES are located.

From the Menu Bar, users view Worklists, perform Veteran Merges, perform Health Level 7 (HL7), Community Care Network (CCN), Third-Party Administrator (TPA) and Military Service Data Sharing (MSDS) Message Searches, Load Registries, do an Undeliverable Mail Search, Generate/View Reports, Reference Thresholds/Enrollment Group Threshold (EGT) Settings, view Veterans Online Application (VOA) Re-submissions, Search and Add a New Person, and perform general Administrative functions such as enable or disable Veterans Community Care Eligibility (VCE) parameters.

Figure 1: Menu Bar

Summary

The Summary displays the beneficiary's Name, social security number (SSN), date of birth (DOB), date of death (DOD), Enrollment Status, Member ID (if available), and any other important information such as Open Work Items, Pending Merges, Sensitive Records, etc.

Sensitive Record information, if disclosed to the individual, may have serious adverse effects on the individual's mental or physical health. Such information may require explanation or interpretation by an intermediary or assistance in the information's acceptance and assimilation in order to preclude adverse impacts on the individual's mental or physical health.

Figure 2: Summary with a Sensitive Record

Person Search Tabs

Person Search Tabs are the area of the screen where the user may access the various kinds of information on record for the beneficiary to aid in determining his or her eligibility for enrollment in the VA healthcare system.

Figure 3: Person Search Tabs

NOTE: *The terms Veteran, beneficiary, patient, and applicant are used interchangeably throughout VES. While not all applicants are Veterans or patients, not all applicants are beneficiaries either. Whether they are a Veteran, patient or beneficiary is determined AFTER the application for benefits is received and processed.*

Figure 4: Summary and Main Screen on VES

Sorting Columns

For screens that contain listed data, ascending and descending sorting may be performed for any category by clicking on the category name or on the symbol . Re-clicking the category name or symbol re-sorts the previous sort.

316 Total - Page (1 of 7). [First][Prev] 1 2 3 4 5 6 7 [Next][Last]					
CCN Transmission Date	Status	Type	Contractor	Record Count	Comments
04/02/2021 2:23:04PM	Sent	Daily	All	0	Add/Edit

Figure 5: Sorting Columns

VES Online Help is an Online Help system built in Adobe RoboHelp, an authoring and publishing tool. The VES Online Help delivers an output to VES users when clicking the context-sensitive help buttons, **System Help** or **Screen Help**.

3.2. VES Online Help

In VES, you can obtain information about windows or dialogs clicking the context-sensitive help button  available VES in the upper right-hand corner of the “System Help” and “Screen Help”.

System Help:

System Help is the top upper-right context-sensitive help button .

Screen Help:

Screen Help is the lower upper-right context-sensitive help button .

NOTE: *If you roll over the Help icons in VES, screen tips will appear distinguishing between “System Help” and “Screen Help”.*

Figure 6: System Help and Screen Help

(an online Table of Contents (TOC) is a summary of your project with topics arranged by category)

VES Online Help Tool Bar

To the left of the VES Online Help, above the table of contents pane, a tool bar contains *Contents*, *Index*, *Search* and *Glossary* links.

Table of Contents: 

Contents displays an expanded table of contents.

- Collapse / Expand (\oplus , \ominus)
- Topics () are categories of information in the VES Online Help. Clicking  , you can view the contents of topic in the main screen located to the right.

Index: 

Index displays a multi-level list of keywords and keyword phrases. These terms are associated with topics in the VES Online Help, and the keywords are intended to direct you to specific topics within the VES Online Help. Click the keyword to launch a topic from the TOC to the main screen. If the keyword is used with more than one topic, a list of topics displays under the keyword or keyword phrase in which the keyword or keyword phrase appears.

Search: 

Search provides a way to explore the content of the VES Online Help and find matches to VES-defined words. Unlike Index that lists author-defined keywords such as terms, synonyms, and

cross-references, Search lists words used within the content of topics. To find a topic in which the word appears, click the letter link to display the words that begin with the letter being searched for. Words that appear once are in bold. Words that appear in multiple topics are listed with numbers. Click on a number to display the topic in the right-hand pane in which the word appears.

Glossary:

Glossary provides a list of terms and definitions related to the subject-matter in VES. Click a letter in the top pane and see corresponding definitions that begin with the letter clicked in the lower pane.

The VES Online Help uses Adobe RoboHelp's 2017 WebHelp as its output and is 508-compliant. The Online Help opens in your web browser as a new window.

Other buttons and functions

Hide/Show the left pane

Provides a larger viewing area of the open topic and hides the left pane.

1. Click the **Hide** link in the upper left side of the right pane to hide the left pane.
2. Click the **Show** link in the upper left side of the pane to show the left pane.

Browser Toolbar

Since there is not a browser toolbar at the top of the VES Online Help window, right-click within VES Online Help window and select either **Back** or **Forward** to go back and forward through the history of visited topics, print a topic, or perform other tasks available within the Windows context-sensitive commands.

NOTE: *The **Forward** command is only available if the **Back** command has been used first. At that point the **Forward** command becomes available.*

The TOC on the left side of the VES Online Help can also be used to navigate throughout the VES Online Help.

WebHelp Build Date

Click the **Systems Parameters** topic to view the WebHelp Build Date. The build date is next to the topic title.

Adjusting the main screen and TOC size

Adjust the width and height of the main screen window by dragging the edges of the window in or out.

Adjust the width of the table of contents pane by pointing to the right edge of the left pane until the mouse pointer turns into a line with arrows on each end:  Drag the pane to the right or left with the left mouse button held down.

Navigating Help Topics

NOTE: *The following navigational techniques generally refer to the Online Help, where indicated, and not the written documentation:*

Links (Online Help)

* symbol indicates a required field in the Online Help.

★ symbol indicates a required field in the user guide.

⊗ symbol is displayed when a submitted field has an error.

 symbol ("data changed") is displayed when a type of data has changed on the *History*, *Veteran Merge*, and user-related confirmation windows.

NOTE: *Indicates a note or item of special interest.*

3.3. 508 Compliance & Accessibility

With every release, the Department of Veterans Affairs strives to improve accessibility in VES through the World Wide Web Consortium (W3C)'s Web Content Accessibility Guidelines (WCAG) 2.0, Levels A and AA.

It's important to mention that because Adobe RoboHelp displays a leveled hierarchy of contents through expanded and collapsed icons. VES users must click the collapsed  icon to display contents  for that section and re-click the expanded  icon to close the contents of that section.

3.3.1. Accessibility Software

The table below lists accessibility software used to assist disabled users with VES.

Table 1: Accessibility Software

Accessibility Software	Description	Keyboard Shortcuts
Jaws (Job Access with Speech)	Assists blind and visually impaired Veterans with reading screens on VES either with a	JAWS Keystrokes

Accessibility Software	Description	Keyboard Shortcuts
	text-to-speech output or a Braille display.	
ZoomText Magnifier / Reader	Magnifies VES screens to varying levels and assists Veterans with screen reading.	ZoomText Tutorial
Dragon Naturally Speaking	Through dictating VES functions, assists disabled Veterans with VES document downloads and exports.	Dragon NaturallySpeaking User Documentation

If you have questions or comments regarding Adobe RoboHelp 2017 accessibility, please contact the [Adobe Accessibility Team](#) and provide feedback on their feedback form. For further information on Adobe accessibility, please refer to the following link:

<https://www.adobe.com/accessibility/508standards.html>

3.4. Standard Data Service (SDS) Lookup Tables

The SDS is a repository of enterprise-level reference tables. The SDS Lookup Tables contain information needed to define requirements and research the E&E process. The SDS Lookup Tables page enables a user to view information about a specific table (for example, table name, code, description, active status, date when a code became inactive). VES uses SDS tables in several of its applications.

Users access the SDS Lookup Tables screen by clicking the Reference Tables link at the top right of any VES screen.

To display the SDS Lookup Tables:

1. Click the Reference Tables link and the SDS Lookup Tables page displays. SDS table and SDS History table names are listed in alphabetical order in the Navigation Bar.
2. Select an SDS table name from the navigation bar. The right panel displays the first five columns in the selected table and the Table Name contains a link for downloading the whole table as an Excel spreadsheet. The Excel spreadsheet will display all the columns in the table.

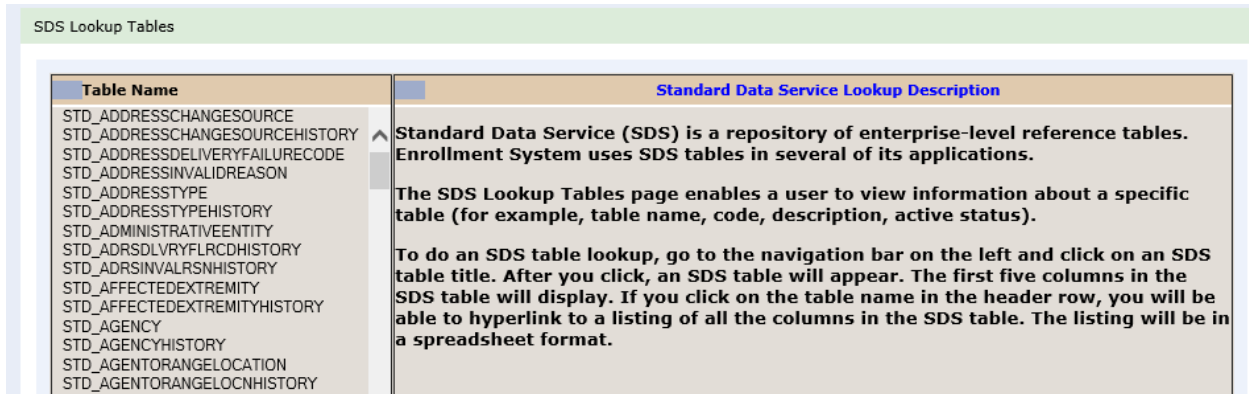

Figure 7: SDS Lookup Table

No data found for the selected table displays if there is no data in an SDS Lookup Table.

3.5. Exiting VES

To exit VES, click on the **Sign Out** link at the top of any page.

3.6. Caveats and Exceptions

None.

4. Significant Additions and Updates to VES Version 6.3

Please refer to VES 6.3 additions below in the Online Help.

4.1. CC Determination Date on screens:

4.1.1. Overview

Confirm the following Online Help updates.

Step	Action
1	Click the Person Search Tabs section on the table of contents on the Online Help
2	Click the Overview section.
3	Scroll all the way down to the bottom of the Overview topic.
4	Confirm the updated Overview screen shot with the added CC Determination Date is correct and accurate.

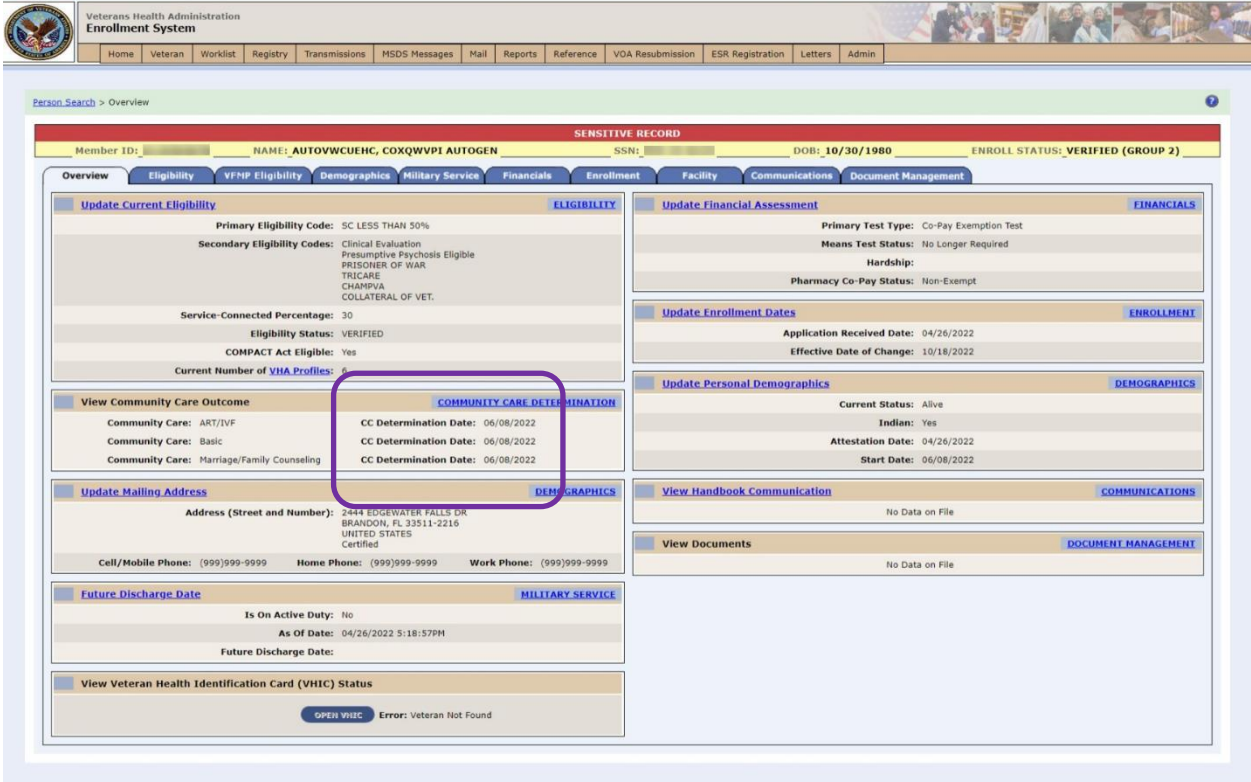

Step	Action
	 <p>The screenshot displays the 'Overview' page for a SENSITIVE RECORD in the Veterans Health Administration Enrollment System. The record is for a member with the name AUTOVWCUHC, COXQWVPI AUTOGEN, born on 10/30/1980, with a verified enrollment status in Group 2. The page is divided into several sections, each with a corresponding tab: Eligibility, Financials, Demographics, Military Service, and Future Discharge Date. A purple box highlights the 'COMMUNITY CARE DETERMINATION' section, which lists three 'CC Determination Date' entries as 06/08/2022. Other sections include 'Update Current Eligibility' (Primary Eligibility Code: SC LESS THAN 50%), 'Update Financial Assessment' (Primary Test Type: Co-Pay Exemption Test), 'Update Enrollment Dates' (Application Received Date: 04/26/2022), 'Update Personal Demographics' (Current Status: Alive), 'Update Mailing Address' (Address: 2444 EDGEWATER FALLS DR, BRANDON, FL 33511-2216), and 'View Veteran Health Identification Card (VHIC) Status' (Error: Veteran Not Found).</p>

Figure 8: Overview

4.1.2. Community Care

Confirm the following Online Help updates.

Step	Action
1	Click the Person Search Tabs section on the table of contents on the Online Help
2	Click the Eligibility section.
3	Click the Community Care section.
4	Scroll down to the CC Determination Date definition.
5	<p>Confirm the added CC Determination Date definition and screen shot are correct and accurate.</p> <p>CC Determination Date: "CC Determination Date" is the date the VCE is set, and is used as an effective date for care.</p>  <p>Community Care</p>

4.1.3. Community Care Determination

Confirm the following Online Help updates.

Step	Action
1	Click the Person Search Tabs section on the table of contents on the Online Help
2	Click the Eligibility section.
3	Click the Community Care section.
4	Click the Community Care Determination topic (still under the Community Care section).
5	Scroll down to the Community Care Outcome panel section.
6	Scroll down to the CC Determination Date definition (under the Community Care Program Collateral VCEs table).
7	<p>Confirm the added CC Determination Date definition is correct and accurate.</p> <p>CC Determination Date: "CC Determination Date" is the date the VCE is set, and is used as an effective date for care.</p> <p>Note:</p> <ul style="list-style-type: none"> • For data sent to CCN, the "CC Determination Date" is the date the VCE is set to, and is used as an effective date for care. • For data sent to TPA, the "Effective Date" is the date the VCE is set to, and is used as an effective date for care. The "Effective Date" displays on the Community Care Determination History → View Data Sent to TPA → TPA Message Log panel in the View transmission details.
8	Scroll down to the bottom of the topic.
9	Confirm the updated Community Care Determination screen shot with the added CC Determination Date screen shot is correct and accurate.

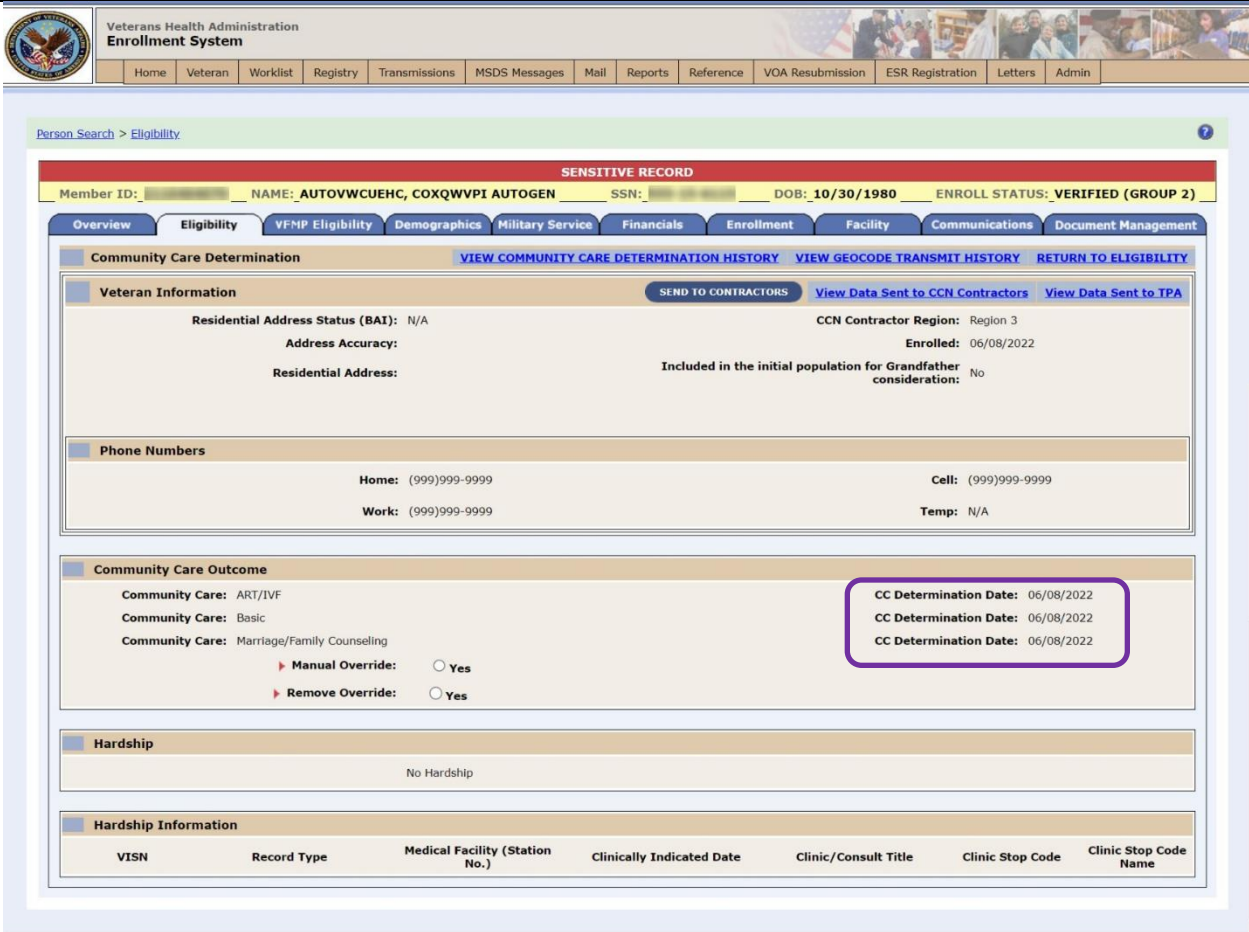

Step	Action
	 <p>The screenshot displays the 'Community Care Determination' page for a veteran. At the top, it shows the member's name as AUTOVWCUEHC, COXQWVPI AUTOGEN, with a DOB of 10/30/1980 and an enrollment status of VERIFIED (GROUP 2). The page is divided into several sections:</p> <ul style="list-style-type: none"> Veteran Information: Includes Residential Address Status (BAI) as N/A, Address Accuracy, and Residential Address. It also shows CCN Contractor Region as Region 3, Enrolled on 06/08/2022, and a note that the veteran is not included in the initial population for Grandfather consideration. Phone Numbers: Lists Home, Work, and Cell numbers as (999)999-9999, and Temp as N/A. Community Care Outcome: Shows Community Care types as ART/IVF, Basic, and Marriage/Family Counseling. It includes Manual and Remove Override options, both set to 'No'. A purple box highlights the 'CC Determination Date' field, which is 06/08/2022. Hardship: Indicates 'No Hardship'. Hardship Information: A table with columns for VISN, Record Type, Medical Facility (Station No.), Clinically Indicated Date, Clinic/Consult Title, Clinic Stop Code, and Clinic Stop Code Name.

Figure 9: Community Care Determination

4.1.4. Community Care History

Confirm the following Online Help updates.

Step	Action
1	Click the Person Search Tabs section on the table of contents on the Online Help
2	Click the Eligibility section.
3	Click the Community Care section.
4	Click the Community Care Determination History topic (still under the Community Care section).
5	Scroll down to the Community Care Outcome panel section.
6	Confirm the added CC Determination Date definition is correct and accurate. CC Determination Date: "CC Determination Date" is the date the VCE is set, and is used as an effective date for care.
7	Scroll down to the bottom of the topic.
8	Confirm the updated Community Care Determination History screen shot with the added CC Determination Date field is correct and accurate.

Step	Action
18	Scroll down to the Presumptive Psychosis panel.
19	<p>Confirm the added text for “Presumptive Psychosis” and notes are correct and accurate.</p> <p>Presumptive Psychosis</p> <p>Veterans (or former service members) who experience psychosis within a specific timeframe are presumed to have a “service-connected” psychosis. For treatment of an active psychosis, eligibility for VA medical benefits are first established. Presumptive psychosis screening and care are exempt from copayments per legislative guidelines. Presumptive Psychosis displays when VES receives positive screening information, (Screened, Reports PP).</p> <ol style="list-style-type: none"> 1. "PP Status Indicator", "Status Date" and "Facility Making Determination" display. <ul style="list-style-type: none"> a. The "PP Status Indicator" displays any of the following: Screened, Reports PP (Y), Screened does not report PP (N), Screened Declines to answer (D) or Unknown, not screened (U) 2. Presumptive Psychosis clinical determination (indicator) details are shared with VA Profile. 3. Presumptive Psychosis clinical determination (indicator) details received from Cerner (through VA Profile), saved in VES and are shared with VistA. 4. Assignments of the "Presumptive (38 USC 1702-38 CFR 17.109)" carveout VHAP, and the "Clinical Evaluation" carveout VHAP of are shared with VA Profile/Cerner, as applicable. 5. E&E Service updates to include Presumptive Psychosis clinical determination (indicator) details. <p>Note: Messaging with Cerner will be updated once Cerner implements the Presumptive Psychosis clinical determination data fields in a later release.</p>
20	Scroll down to the bottom of the topic.
21	<p>Confirm the updated Clinical Determination screen shot with the added Presumptive Psychosis panel is correct and accurate.</p> 

Figure 13: Clinical Determination

4.2.2. Edit Current Eligibility

Confirm the following Online Help updates.

Step	Action
1	Click the Person Search Tabs section on the table of contents on the Online Help
2	Click the Eligibility section.
3	Click the Edit Current Eligibility section.
4	Scroll down to the Presumptive Psychosis Screening definition (under Clinical Evaluations).
5	<p>Confirm the added Presumptive Psychosis Screening definition is correct and accurate.</p> <p><i>Presumptive Psychosis Screening:</i> Click the red expand icon to display the Presumptive Psychosis Screening field. Radio button options of "Yes" and "No" display. Defaults to "No". If the VES user selects "Yes", the Presumptive Psychosis Category dropdown displays.</p>
6	Scroll down to the Presumptive Psychosis Category definition.
7	<p>Confirm the added Presumptive Psychosis Category definition is correct and accurate.</p> <p><i>Presumptive Psychosis Category (Required when "Yes" is selected):</i> The following Presumptive Psychosis Category dropdown categories display in the following order:</p> <ol style="list-style-type: none"> 1. ACDUTRA 2. FSM with OTH (PP Only) 3. Less Than 24 Months Service 4. Rejected Due to Income 5. Veteran Declines Enrollment 6. DVA 12D w/Ch17, Seen for SC/MST 7. Enrolled
8	Scroll down to the Rules... (under the Presumptive Psychosis Category definition).
9	Confirm the added Rules... and Note are correct and accurate.

Step	Action
	<p>Rules...</p> <p>While requesting for Presumptive Psychosis screening and assigning a category,</p> <ul style="list-style-type: none"> • Select only one Presumptive Psychosis (PP) category from the dropdown. • If left unselected, the following error message displays indicating that a category must be assigned: <i>"A category selection is required when Presumptive Psychosis screening is being requested"</i>. • A "Yes" presumptive psychosis screening request (with a category assigned) saves only if the record has the "Clinical Evaluation" secondary eligibility. • A "No" presumptive psychosis screening request saves regardless of the user's selections if the record does NOT have the "Clinical Evaluation" secondary eligibility. • The Presumptive psychosis screening request and category assignment (and removal) save in Eligibility History. • The Presumptive Psychosis Screening Request and Category assignment (and removal) are available only in VES. VES shares the screening request and category assignment with VistA. • If no screening data exists in VES, VES still accepts and stores Presumptive Psychosis Category data from VistA. • VES users with the "Edit Eligibility" capability can select the "Presumptive Psychosis (PP) Screening" option, and a respective presumptive psychosis category. <p>Note: No VHAPs are associated with a presumptive psychosis screening request.</p>
10	Scroll down to the bottom of the Edit Current Eligibility topic.
11	Confirm the updated Edit Current Eligibility screen shot with the added fields of "Presumptive Psychosis Screening" and "Presumptive Psychosis Category".

4.2.4. Secondary Eligibility Codes

Confirm the following Online Help updates.

Step	Action
1	Click the Person Search Tabs section on the table of contents on the Online Help.
2	Click the Eligibility section.
3	Click the Primary and Secondary Eligibility Codes topic.
4	Scroll down to the Clinical Evaluation secondary eligibility code definition.
5	<p>Confirm the added text regarding the Clinical Evaluation carveout VHAP assignment below is correct and accurate.</p> <p>9. Clinical Evaluation: Clinical Evaluation secondary eligibility code is sent to CPRS so that it triggers a clinical reminder for Military Sexual Trauma (MST) screening. VES auto-assigns "Clinical Evaluation" as a secondary eligibility and the "Clinical Evaluation" carveout VHAP to all records where the "COMPACT Act Eligible" indicator is set to "YES". VES sends the "Clinical Evaluation" eligibility code of "27", and the "Clinical Evaluation" carveout VHAP to VistA on a Z11 in the ZEL segment. If a person's record has the secondary eligibility code of "Clinical Evaluation" assigned but, the "COMPACT Act Eligible" indicator is set to "NO", the "Clinical Evaluation" secondary eligibility is removed, and VES sends a Z11 ZEL segment to VistA to remove the "Clinical Evaluation" secondary eligibility code.</p>
6	Scroll down to the Presumptive Psychosis secondary eligibility code definition.
7	<p>Confirm the text under "Presumptive Psychosis secondary eligibility code" is correct and accurate.</p> <p>10. Presumptive Psychosis Eligible: The "Presumptive Psychosis Eligible" secondary eligibility code will be assigned to records when a clinician is able to set the presumptive psychosis (PP) indicator to "positive" (Screened, Reports PP (Y)). Records with a bar-to-benefits ineligible reason ("Bad Conduct General Court Martial", "Dishonorable Discharge", "DVA 12D w/o Chapter 17", "DVA 12C", or "Fugitive Felon Program (FFP)") are excluded from receiving this secondary eligibility code.</p> <p>The "Presumptive Psychosis Eligible" secondary eligibility code is removed when the PP indicator sets to anything other than a positive; furthermore, records with an ineligible reason listed above, the "Presumptive Psychosis Eligible" secondary eligibility code is removed. VES shares this secondary eligibility code removal with VistA.</p> <p>For records with service-connected (SC) code "9410", the PP indicator sets to positive (Screened, Reports (Y)). VES, therefore, assigns the "Presumptive Psychosis Eligible" secondary eligibility code and the Presumptive (38 USC 1702-38 CFR 17.109) carveout VHAP. VES shares both assignments with VistA. Removal of SC code "9410" removes the positive PP indicator thereby removing the secondary eligibility code and the carveout VHAP. VES shares both removals with VistA.</p> <p>VES sends the eligibility code of "28" for "Presumptive Psychosis Eligible" on the Z11/ZEL segment to VistA.</p> <p>NAME: Presumptive Psychosis Eligible / ABBREVIATION: "PP" / VA CODE NUMBER: "12".</p> <p>Note: PP indicator details are not sent to VistA until the Computerized Patient Record System (CPRS) updates are available in a later release.</p>

4.3. “Presumptive (38 USC 1702-38 CFR 17.109)” Carveout VHAP

Confirm the following Online Help updates.

Step	Action
1	Click the Menu Bar section on the table of contents on the Online Help.
2	Click the Reference section.
3	Click the Carveout VHAPs topic.
4	Scroll down to the Presumptive (38 USC 1702-38 CFR 17.109) carveout VHAP (profile code 135) definition.
5	<p>Confirm the text for the Presumptive (38 USC 1702-38 CFR 17.109) carveout VHAP is correct and accurate.</p> 

4.4. “Clinical Evaluation” Carveout VHAP

Confirm the following Online Help updates.

Step	Action					
1	Still on the Carveout VHAPs topic, scroll down to the Clinical Evaluation carveout VHAP (profile code 308) definition.					
2	<p>Confirm the text for the Clinical Evaluation carveout VHAP is correct and accurate.</p> <table border="1" data-bbox="293 590 1533 873"> <tr> <td data-bbox="293 590 591 873">Clinical Evaluation</td> <td data-bbox="591 590 745 873">CE01</td> <td data-bbox="745 590 915 873">308</td> <td data-bbox="915 590 1414 873"> <p>Veterans being registered for a Registry exam (i.e. Burn Pit, Agent Orange, etc.) or a Compensation and Pension (C&P) exam as requested by the Veterans Benefits Administration (VBA). Eligible individuals are Veterans who served in the active military service, regardless of length of service, and who were discharged, excluding anyone who received a dishonorable discharge or was discharged or dismissed by reason or while serving in the Armed Forces, was the victim of a physical assault of a sexual nature, a battery of a sexual nature, or sexual harassment.</p>	CE01001
Clinical Evaluation	CE01	308	<p>Veterans being registered for a Registry exam (i.e. Burn Pit, Agent Orange, etc.) or a Compensation and Pension (C&P) exam as requested by the Veterans Benefits Administration (VBA). Veterans are not subject to copayment requirements for a Registry or C&P exam.</p> <p>Non-Veterans and Veterans assigned this VHAP meet one of the following conditions:</p> <ul style="list-style-type: none"> • Enrollment Status is: <ul style="list-style-type: none"> ◦ Rejected, Below Enrollment Group Threshold (EGT) ◦ Closed Application, for reason Pending Means Test Required ◦ Not Eligible; Ineligible Date ◦ Not Eligible; Refuse to pay copay • Veterans being registered and enrollment status is "Registration Only" • Veterans enrolled <p>For eligible individuals, under the Veterans Comprehensive Prevention, Access to Care, and Treatment Act of 2020 (COMPACT), Section 201, VA will furnish, reimburse, pay for emergent suicide care, make referrals, as appropriate, for care following the period of emergent suicide care. Eligible individuals are Veterans who served in the active military service, regardless of length of service, and who were discharged, excluding anyone who received a dishonorable discharge or was discharged or dismissed by reason or while serving in the Armed Forces, was the victim of a physical assault of a sexual nature, a battery of a sexual nature, or sexual harassment.</p>	CE01001		

4.5. 1010 EZ / 1010 EZR 2022 Form Updates:

4.5.1. Overview

Confirm the following Online Help updates.

Step	Action
1	Click the Person Search Tabs section on the table of contents on the Online Help.
2	Click the Overview topic.
3	Scroll down to the Indian field.
4	<p>Confirm the added second bullet is correct and accurate.</p> <p><i>Indian:</i></p> <p>Displays the "Yes" or "No" response from the Demographics → Personal screen. If neither "Yes" or "No" are selected from the "Personal" screen, this status field is blank, and VES hides the "Attestation Date", "Start Date", "End Date", and "Reversal Reason" until the "Indian" field is set to "Yes" or "No" on the Personal screen.</p> <p>Native Americans receive free copays. In earlier versions of VES, VES did not accept "Indian" question updates because of copays, however, VES now accepts "Indian" question updates from the VOA 10-10EZ and VOA 10-10EZR, "ARE YOU AN INDIAN?" question even if the "Indian" status fields are already populated. VES verifies the "Indian" question on the Demographics → Personal screen, and displays the updated "Indian" status on the Overview screen.</p>

4.5.2. Identity Traits

Confirm the following Online Help updates.

Step	Action
1	Click the Person Search Tabs section on the table of contents on the Online Help.
2	Click the Demographics section.
3	Click the Identity Traits topic.
4	Scroll down to the Self-Identified Gender Identity (SIGI) field definition.
5	<p>Confirm the updated Self-Identified Gender Identity (SIGI) field definition is correct and accurate.</p> <p>Self-Identified Gender Identity (SIGI):</p> <p>The gender by which the Veteran identifies. VES displays the SIGI value received from the Veteran's Online Application (VOA), but the value can be updated by VES users (who have permissions) or systems integrated with the Master Person Index (MPI).</p>
6	Scroll down to the Race field definition.
7	<p>Confirm the updated Race field definition is correct and accurate.</p> <p>Race:</p> <p>Race or racial group to which the Beneficiary belongs. Select all that apply.</p> <p>VES displays the applicant's Veteran's Online Application (VOA) choice for Race.</p> <p>Race is shared with VistA.</p> <p>Race is shared with VA Profile.</p> <p>Rules...</p> <ol style="list-style-type: none"> 1. Race can be edited outside of "Add a Person" in VES. 2. An add or change to the "Race" field sends an update message to VistA and VA Profile. 3. VistA sends updates to VES when the "Race" field is modified. 4. Race is not a required field.
8	Scroll down to the Ethnicity field definition.
9	Confirm the updated Ethnicity field definition is correct and accurate.

Step	Action
	<p><i>Ethnicity:</i></p> <p>The ethnicity to which the Beneficiary belongs. Select from the dropdown. VES displays the applicant's Veteran's Online Application (VOA) choice for Ethnicity. Ethnicity is shared with VistA. Ethnicity is shared with VA Profile.</p> <p><i>Rules...</i></p> <ol style="list-style-type: none"> 1. Ethnicity can be edited outside of "Add a Person" in VES. 2. An add or change to the "Ethnicity" field sends an update message to VistA and VA Profile. 3. VistA sends updates to VES when the "Ethnicity" field is modified. 4. Ethnicity is not a required field.

4.5.3. Personal

Confirm the following Online Help updates.

Step	Action
1	Click the Person Search Tabs section on the table of contents on the Online Help.
2	Click the Personal section (still under the Demographics section).
3	Scroll down to the Indian field definition.
4	<p>Confirm the updated Indian field text is correct and accurate (third bullet).</p> <p><i>Indian:</i></p> <ul style="list-style-type: none"> • "Yes", "No", and "No Data" radio buttons display. • "Yes" or "No" are the only user responses. "No Data" is the "no action taken has been taken to set the Indian status" default. • VES displays the Veteran's "Yes" or "No" response to the ARE YOU AN INDIAN? question from the 10-10EZ or 10-10EZR form. • Attestation Date, Start Date, End Date, and Reversal Reason are hidden until the "Indian" field is set to "Yes" or "No". • Start Date, End Date, and Reversal Reason are hidden until the "Indian" field is set to "Yes", and the Enrollment Status is VERIFIED. • A first reversal, which changes the "Indian" status from "Yes" to "No", provides an End Date and a Reversal Reason. A second reversal changes the "Indian" status from "No" back to "Yes", blanks out the End Date to reinstate the prohibition, and provides a Reversal Reason (Audit, Data Entry Error, Other, or Updated Attestation). • The Reversal Reason does not get shared with VistA or VA Profile. • A reversal does not remove the "Indian" status entirely. A reversal only changes the "Indian" status and provides Integrated Billing (IB) (through VistA), the information needed to reverse billing using the End Date field to reinstate or start the prohibition when "Enrollment Status" is VERIFIED, "Indian" is YES, and the "End Date" is blank. • The "Reverse Indian Designation" capability supports reversing the Indian status after it has been saved. Users must be granted this capability. Users without the "Reverse Indian Designation" capability will see an enabled "Indian" field when defaulted to "No Data", but the "Indian" field disables after the "Indian" field is set to "Yes" or "No" and saved. Users with the "Reverse Indian Designation" capability will see the Indian field as enabled and initially set by the Veteran's Online Application (VOA), VistA, or manually in VES.

4.5.4. Financials

Confirm the following Online Help updates.

Step	Action
1	Click the Person Search Tabs section on the table of contents on the Online Help.
2	Click the Financials section.
3	Scroll down to the "Print 1010EZ" and "Print 1010EZR" fields definition.
4	<p>Confirm the updated text of both field definitions are correct and accurate.</p> <p>PRINT 1010EZ:</p> <p>Click the Print 1010EZ button to print the Veteran's populated 1010EZ form (July 2022) for the Income Year selected. VES prints all pages of the 10-10EZ form excluding the instruction sheets. VES prints all questions, choice options, and responses (where applicable) that are on the forms. Questions without responses are also printed.</p> <p>PRINT 1010EZR:</p> <p>Click the Print 1010EZR button to print the Veteran's populated 1010EZR form (July 2022) for the Income Year selected. VES prints all pages of the 10-10EZR form excluding the instruction sheets. VES prints all questions, choice options, and responses (where applicable) that are on the forms. Questions without responses are also printed.</p> <p>Note: Clicking either PRINT button displays the form as a .pdf file in the browser window, at which time the user may elect to "Print" or "Save" the file.</p>

4.5.5. Enrollment

Confirm the following Online Help updates.

Step	Action
1	Click the Person Search Tabs section on the table of contents on the Online Help.
2	Click the Enrollment section (still under the Person Search Tabs section).
3	Click the Veteran's Online Application topic.
4	<p>Confirm the updated Veteran's Online Application text is correct and accurate.</p> <p>Veteran's Online Application</p> <p>VES accepts, stores, and displays information received from the Veteran's Online Application (VOA) using the July 2022 version of the 10-10EZ form or 10-10EZR form.</p> <p>View:</p> <p>Click the View button to review the Veteran's July 2022 10-10EZ or 10-10EZR online application. Clicking either PRINT button displays the form as a .pdf file in the browser window, at which time the user may elect to "Print" or "Save" the file. VES prints all pages of the 10-10EZ or 10-10EZR forms excluding the instruction sheets. VES prints all questions, choice options, and responses (where applicable) that are on the forms. Questions without responses are also printed.</p>

4.6. Updated TPA Message Log description

Confirm the following Online Help updates.

Step	Action
1	Click the Person Search Tabs section on the table of contents on the Online Help
2	Click the Eligibility section.
3	Click the Community Care section.
4	Click the TPA Message Log topic.
5	<p>Confirm the added note is correct and accurate.</p> <p>TPA Message Log</p> <p style="text-align: right;">[back to Community Care Determination]</p> <div style="border: 1px solid purple; border-radius: 10px; padding: 10px; margin: 10px 0;"> <p>Note: Eligibility files are no longer created for Third-Party Administrator (TPA) contracts, but users can still access TPA Message Logs for Beneficiary troubleshooting tasks.</p> </div> <p>On the TPA Message Log, users can view records sent to TPAs. However, because contractor searches are no longer at the patient level, the TPA Message Log is only accessed at the patient level on the patient record within the Community Care Determination screen.</p> <p>Note: TPA negative files are sent to TPA for deceased Veterans or Collaterals who were Community Care eligible.</p>

4.7. Updated VCE Description

Confirm the following Online Help updates.

Step	Action
1	Click the Menu Bar section on the table of contents on the Online Help
2	Click the Admin section.
3	<p>Click the VCE Parameter topic.</p> <p>Note: Veteran's Choice Eligibility (VCE).</p>
4	<p>Confirm the updated VCE Parameters definition is correct and accurate.</p> <p>VCE Parameters</p> <p>Veteran's Choice Eligibility (VCE) parameters are data used by VES to evaluate either the course of action for a Veteran, or the predefined constraint determination (such as a Veteran's already calculated mileage from a VA medical center, or lives closest to a VA medical facility that does not offer comprehensive medical services).</p> <p>IMPORTANT: Changes to VCE parameter(s) will affect all eligible Veteran records; therefore, proceed with caution.</p> <p>When changing a VCE parameter, select a new VCE parameter and a desired effective date. VES will then determine when the ETL batch job runs, (as close to that desired effective date as possible). In most cases, records are processed over the weekend because VCE recalculations are only performed on weekends. All changes to VCE parameters are sent to Vista.</p> <p>Only VES users with special administrative permissions can modify VES parameters.</p>

4.8. Updated COMPACT Act Error Message on UI description

Confirm the following Online Help updates.

Step	Action
1	Click the Person Search Tabs section on the table of contents on the Online Help
2	Click the Eligibility section.
3	Click the Current Eligibility section.
4	Click the Edit Current Eligibility section.
5	Scroll down to the Non-Veteran Eligibility Codes section.
6	<p>Scroll down to the COMPACT Act (Override) radio button definition.</p> <p>Note: Veterans Comprehensive Prevention, Access to Care, and Treatment (COMPACT) Act of 2020.</p>
7	<p>Confirm the added COMPACT Act (Override) radio button definition is correct and accurate (located at the very bottom of topic).</p> <p>COMPACT Act (Override):</p> <ol style="list-style-type: none"> 1. The COMPACT Act manual override radio button displays options of: <ol style="list-style-type: none"> a. Yes b. No c. No Data 2. Defaults to "No Data". 3. The radio button only displays when: <ol style="list-style-type: none"> a. Veteran Indicator is "Yes", Eligibility Status is "Verified", and Do You Wish To Enroll is "No", OR; b. Veteran Indicator is "No", Enrollment Status is "Not Applicable", and Do You Wish To Enroll is blank or "No Data" 4. The COMPACT Act (Override) radio button is only editable for Eligibility & Enrollment Legal Administrative Specialist (EE LAS) users with the "Edit COMPACT Act Eligibility" capability. 5. Upon the user clicking the "Accept Changes" button (with the COMPACT Act radio button as "Yes"), VES validates that one of the scenarios below occurs: <ol style="list-style-type: none"> a. Veteran Indicator is "Yes", Eligibility Status is "Verified", and the Do You Wish To Enroll is "No" b. Veteran Indicator is "No", Enrollment Status is "Not Applicable", and the Do You Wish To Enroll is "No Data" <ol style="list-style-type: none"> i. If neither scenario occurs above, VES displays the following error message: <ul style="list-style-type: none"> • "One of the following scenarios must be true (Veteran Indicator is Yes, Eligibility is Verified, and Do You Wish To Enroll is No) Or (Veteran indicator is No, Enrollment Status is Not Applicable, and Do You Wish To Enroll is No Data) when the COMPACT Act (Override) is set to Yes" <div data-bbox="402 1381 1502 1470" data-label="Image"> </div> <p>COMPACT Act Error Message</p> 6. Once the COMPACT Act (Override) radio button is set to "Yes" or "No", the "No Data" button disables. <ol style="list-style-type: none"> a. If "Yes", the "COMPACT Act Eligible" secondary eligibility (followed by the "COMPACT Eligible" carveout VHAP) automatically assigns to "not enrolled" Veteran records. b. If a Veteran no longer qualifies for COMPACT Act eligibility, the COMPACT Act radio button automatically updates from "Yes" to "No" <p>Note: The "Yes/No/No Data" COMPACT Act radio button values do not display on Eligibility History.</p>

5. Troubleshooting

5.1. National Service Desk and Other Contacts

Table 2: Support Contact Information

Name	Org	Contact Info
OIT National Service Desk	OIT	<ul style="list-style-type: none">• Agent Live Chat: Click the "Chat with us now" button in the lower right corner of the yourIT Service portal to launch Abel the Chatbot and type "chat with agent"• Self-Service: Create Incident• Phone: 855-673-4357• TTY (hearing-impaired only): 844-224-6186
Vista Patch Maintenance	OIT	Use the yourIT Service portal – A ServiceNOW (SNOW) ticket is entered and the ticket assigned to the "NTL SUP Admin Team".

5.2. Browser & Operating System Compatibility

VES is functional through Windows using Chrome or Edge.

NOTE: *Internet Explorer (IE) and Firefox are not supported browsers. Users who have permission to have Firefox should not be using it to access VES.*
