Airborne Hazard and Open Burn Pit Initial Evaluation Reminder Dialog

PXRM*2.0*39

INSTALLATION and SETUP GUIDE

November 2014

Product Development
Department of Veterans Affairs

Contents

Introduction

This patch releases the Airborne Hazard and Open Burn Pit Registry Initial Evaluation reminder dialog without any changes to routines, data dictionaries, or other package functions – "content" only. The reminder dialog is VA-AH-BPR INITIAL EVALUATION NOTE

Airborne Hazard and Open Burn Pit Registry Initial Evaluation

The Airborne Hazard and Burn Pit Registry Clinical Reminder Dialog Template was developed by the War-Related Illness and Injury Study Center (WRIISC) and Office of Public Health - Post-Deployment Health. The purpose of this template is to support the provider in a focused evaluation of a Veteran who requests an examination after completing the Airborne Hazards and Open Burn Pit Registry Self-Assessment. The template may also be useful for encounters where deployment health concerns are expressed regardless of whether the Veteran is participating in the registry. The template may be completed by a primary care provider, environmental health clinician, post-deployment champion, or a pulmonologist. This template is critical to improving the process and documentation of clinical care, and facilitating high quality care and programmatic quality improvement.

1. **Recommendations**

    It is recommended that the reminder dialog first be installed into TEST account. After installation into TEST account the CAC/HIS will need to provide the appropriate stakeholder(s) access to TEST account so the dialog can be reviewed. The stakeholders should be familiar with the functionality and content of the dialog before implementing into Production.

    This dialog should be linked to the progress note title, AIRBORNE HAZARD/BURN PIT REGISTRY INITIAL EVALUATION NOTE. The CAC/HIS will need to create the note title and link it to the VHA Enterprise Standard Title, PERSIAN GULF REGISTRY E & M NOTE. Instructions are included.

2. **Component Inventory**
    The VA-AH-BPR INITIAL EVALUATION NOTE Reminder Dialog contains:
    - 1 dialog
    - 3 branching terms
    - 21 TIU objects
    - 7 Health Factor categories
    - 68 Health Factors
    - 2 TIU template fields
    - 1 Sponsor

    2.1 Reminder Dialog Name:

    VA-AH-BPR INITIAL EVALUATION NOTE

    2.2 Terms:

The following three branching reminder terms are exported with the reminder. **These terms require local modification and mapping.** Instructions are included.

VA-AH-BPR AUDIT C DUE (BRANCHING LOGIC)
VA-AH-BPR PTSD SCREEN DUE (BRANCHING LOGIC)
VA-AH-BPR DEPRESSION SCREEN DUE (BRANCHING LOGIC)

2.3 Local Order Dialogs
The dialog has eight elements used for ordering appropriate interventions through the note. The "Additional findings" field in the elements will need to be mapped to the correct local order dialog (quick order, generic order, order set, or order menu). Instructions are included below.

2.4 Local Groups/Elements
The dialog has several "Local" groups and elements, so each site can configure the section as necessary. The local groups/elements begin with the namespace AH-BPR and are not prefixed with VA-.

A. The dialog has a group named AH-BPR MEDS LOCAL RECONCILIATION designated as local", so each site can add local groups/elements to meet medication reconciliation documentation requirements. The group is active with installation. If it is not needed it must be inactivated, so it doesn't display in the dialog.

B. All groups and elements that include a TIU object are designated "local" in case a site can't map to their documentation methods. An example is the element AH-BPR PFT RESULTS. If a site captures PFT results in a method that proves impossible to map a TIU Object, then this element can be inactivated at the site, so that option does not display in CPRS. Another option is for the site to include information in the element directing the provider to the PFT results.

2.5 Patient data objects:
Twenty-one TIU/health summary objects/types will install with this patch; however, only twelve are new. **The new health summary types will need to be mapped to local items**. Instructions are included. The nine existing TIU objects should not require local modification, but are included below for reference.

NOTICE: The GMTSMGR security key is necessary for the staff responsible for mapping the health summary types.

TIU Object Name	Health Summary Object Name	Health Summary Type Name
AH-BPR PULM CONSULT RESULTS;1;2Y	AH-BPR PULM CONSULT RESULTS;1;2Y	AH-BPR PULM CONSULT;1;2Y
AH-BPR ENT CONSULT RESULTS;1;2Y	AH-BPR ENT CONSULT RESULTS;1;2Y	AH-BPR ENT CONSULT;1;2Y
AH-BPR ABG;1;2Y	AH-BPR ABG;1;2Y	AH-BPR ABG;1;2Y
AH-BPR ECHO;1;2Y	AH-BPR ECHO;1;2Y	AH-BPR ECHO;1;2Y
AH-BPR CHEST CT;1;2Y	AH-BPR CHEST CT;1;2Y	AH-BPR CHEST CT;1;2Y
AH-BPR PFT RESULTS;1;2Y	AH-BPR PFT RESULTS;1;2Y	AH-BPR PFT RESULTS;1;2Y
AH-BPR CHEST 2 VIEWS;1;2Y	AH-BPR CHEST 2 VIEWS;1;2Y	AH-BPR CHEST 2 VIEWS;1;2Y
AH-BPR CBC W/DIFF;1;2Y	AH-BPR CBC W/DIFF;1;2Y	AH-BPR CBC W/DIFF;1;2Y
AH-BPR PULSE OX	AH-BPR PULSE OX	AH-BPR PULSE OX

AH-BPR AUDIT-C	AH-BPR AUDIT-C	AH-BPR AUDIT-C
AH-BPR PC-PTSD PCL	AH-BPR PC-PTSD PCL	AH-BPR PC-PTSD PCL
AH-BPR DEPRESSION SCREEN	AH-BPR DEPRESSION SCREEN	AH-BPR DEPRESSION SCREEN

New TIU objects:

Existing TIU objects: These should require no local configuration.

PATIENT WEIGHT
PATIENT HEIGHT
PAIN
BLOOD PRESSURE
RESPIRATION
PULSE
TEMPERATURE
ACTIVE MEDICATIONS
VA-WRIISC ACTIVE PROBLEMS

2.6 Health Factors:
There are 7 new health factors categories containing 68 new health factors.
Three health factors should already exist; CURRENT SMOKER, PREVIOUS SMOKER, and
LIFETIME NON-SMOKER.

Pre-Installation

*Required Software for PXRM*2*39*

Installation

This patch can be installed with users on the system, but it should be done during non-peak hours. Estimated Installation Time: 10-15 minutes

1. **Retrieve the host file from one of the following locations (with the ASCII file type):**

Albany	ftp.fo-albany.med.va.gov	<ftp://ftp.fo-albany.med.va.gov>
Hines	ftp.fo-hines.med.va.gov	<ftp://ftp.fo-hines.med.va.gov>
Salt Lake City	ftp.fo-slc.med.va.gov	<ftp://ftp.fo-slc.med.va.gov>

2. **Install the patch first in a training or test account.**
    Installing in a non-production environment will give you time to get familiar with new functionality and complete the setup for reminders and dialogs prior to installing the software in production.

3. **Load the distribution.**
    In programmer mode type, D ^XUP, select the Kernel Installation & Distribution System menu (XPD MAIN), then the Installation option, and then the option LOAD a Distribution. Enter your directory name.KID at the Host File prompt.

Example

```
Select Installation <TEST ACCOUNT> Option: 1  Load a Distribution
Enter a Host File: <your directory>PXRM_2_0_39.KID

KIDS Distribution saved on Jan 21, 2014@10:07:41
Comment: AIRBORNE HAZARD

This Distribution contains Transport Globals for the following Package(s):
   PXRM*2.0*39
Distribution OK!

Want to Continue with Load? YES//
Loading Distribution...

   PXRM*2.0*39
Use INSTALL NAME: PXRM*2.0*39 to install this Distribution.
```

From the Installation menu, you may elect to use the following options:

4. **Backup a Transport Global**
    This option will create a backup message of any routines exported with the patch. It will NOT back up any other changes such as DDs or templates.

a. **Compare Transport Global to Current System**
    This option will allow you to view all changes that will be made when the patch is installed. It compares all components of the patch (routines, DDs, templates, etc.).

5. **Install the build.**
    From the Installation menu on the Kernel Installation and Distribution System (KIDS) menu, run the option Install Package(s). Select the build PXRM*2.0*36 and proceed with

---

the install. If you have problems with the installation, log a Remedy ticket and/or call the National Help Desk to report the problem.

```
Select Installation & Distribution System Option: Installation
Select Installation Option: INSTALL PACKAGE(S)
Select INSTALL NAME: PXRM*2.0*39
```

Answer "NO" to the following prompt:

Want KIDS to INHIBIT LOGONs during install? NO// **NO**

Want to DISABLE Scheduled Options, Menu Options, and Protocols? NO// **NO**

Installation Example
See [Appendix A.](#)

6. Install File Print
Use the KIDS Install File Print option to print out the results of the installation process. You can select the multi-package build or any of the individual builds included in the multi-package build.

```
Select Utilities Option: Install File Print
Select INSTALL NAME: PXRM*2.0*39
```

7. **Build File Print**
   Use the KIDS Build File Print option to print out the build components.

```
Select Utilities Option:  Build File Print
Select BUILD NAME: PXRM*2.0*39
DEVICE: HOME//
```

8. **Post-installation routines**

   After successful installation, the following init routines may be deleted:

   PXRMP39E
   PXRMP39I

Post-Installation Setup

1. **Post Install Details**
   The CAC/HIS has several steps to complete after the patch is installed before the dialog should be deployed. Detailed instructions for each step are below.   PXRM_2_0_39_CAC_CKLIST.PDF is available as part of the documentation for this patch. This is a checklist that will help ensure you have done everything correctly.

2. **Configure three reminder terms for branching logic**
    Three reminder terms need to be modified to local practice before deployment.
    Before beginning, identify the local reminder definitions in use for Depression screening (PHQ-2), PTSD screening, and Alcohol Use screening (AUDIT-C). All have been deployed nationally; however, sites may have created local versions.

3. **Configure the 12 new TIU objects/Health Summary objects/types**

   NOTICE: The GMTSMGR security key is necessary for the staff responsible for mapping the
   health summary types.

   If the following message is displayed when accessing the health summary types you will need to
   have the GMTSMGR security key added to your profile before beginning:

   > "Alteration of this summary report is restricted to its owner.
   > See the Clinical Coordinator if you need additional help."

   All of the TIU objects are already embedded in the dialog, but will not display information until
   the health summary type for each one is mapped to local items. **Before beginning, identify the
   following local information for each object/type.** Detailed instructions for editing the health
   summary types follow.

   1. HEALTH SUMMARY TYPE: AH-BPR PULM CONSULT;1;2Y
        a. What note title is used to result Pulmonary consults?

   2. HEALTH SUMMARY TYPE: AH-BPR ENT CONSULT;1;2Y
        a. What note title is used to result ENT consults?

   3. HEALTH SUMMARY TYPE: AH-BPR ABG;1;2Y
        a. What are the local lab test name(s) for an ABG?

   4. HEALTH SUMMARY TYPE: AH-BPR ECHO;1;2Y
        a. How are echo results stored locally?
        b. If a note title, then what is the title?

   5. HEALTH SUMMARY TYPE: AH-BPR CHEST CT;1;2Y
        a. What are the local imaging test names for CT THORAX with and/or
           without contrast?

```
  6. HEALTH SUMMARY TYPE: AH-BPR PFT RESULTS;1;2Y
        a. How are PFT results stored locally?
        b. If a note title, then what is the title?

  7. HEALTH SUMMARY TYPE: AH-BPR CHEST 2 VIEWS;1;2Y
        a. What are the local imaging test names for chest PA & LAT x-rays?

  8. HEALTH SUMMARY TYPE: AH-BPR CBC W/DIFF;1;2Y
        a. What are the local lab test name(s) for a CBC w/diff?

  9. HEALTH SUMMARY TYPE: AH-BPR PULSE OX
        a. Nothing needed

  10. HEALTH SUMMARY TYPE: AH-BPR AUDIT-C
         a. Nothing needed

  11. HEALTH SUMMARY TYPE: AH-BPR PC-PTSD PCL
         a. Nothing needed

  12. HEALTH SUMMARY TYPE: AH-BPR DEPRESSION SCREEN
         a. What is the local name of the depression screening reminder
            definition?

5. **Enabling the dialog:**
   Before linking the dialog to a note title you must first add into the TIU Template Reminder Dialog Parameter list.

Adding dialog to the TIU Reminder Dialog Parameter (starting from the Reminder Manager Menu)

Select Reminder Managers Menu <TEST ACCOUNT> Option: CP   CPRS Reminder Configuration

            CA   Add/Edit Reminder Categories
            CL   CPRS Lookup Categories
            CS   CPRS Cover Sheet Reminder List
            MH   Mental Health Dialogs Active
            PN   Progress Note Headers
            RA   Reminder GUI Resolution Active
            TIU   TIU Template Reminder Dialog Parameter

DL   Default Outside Location
            PT   Position Reminder Text at Cursor
            NP   New Reminder Parameters
            GEC   GEC Status Check Active
            WH   WH Print Now Active

       Select CPRS Reminder Configuration <TEST ACCOUNT> Option: **TIU**

       Reminder Dialogs allows as Templates may be set for the following:
            1 User   USR [choose from NEW PERSON]
            3 Service   SRV [choose from SERVICE/SECTION]
            4 Division   DIV [NAME OF YOUR DIVISION]
            5 System   SYS [YOURSERVER.YOURSITE.MED.VA.GOV]

       Enter selection: **5**   System [YOURSERVER.YOURSITE.MED.VA.GOV]

       Select Display Sequence: **?**   **← enter ? to determine last number in sequence**

       Display Sequence Value
       ---------------- -----
       1   TOBACCO CESSATION NOTE
       2   PATIENT EDUCATION ASSESSMENT
       3   TEST CLINIC DIALOG
       ….
       412   NON VA CARE COORDINATION NOTE (D)   **← last sequence number**
       on my list yours will be different (con't next page)

This list is
condensed for
space reasons.

Select Display Sequence: **Select appropriate Display Sequence number**
Are you adding 413 as a new Display Sequence? Yes//   **YES**
Display Sequence: 413//   413
Clinical Reminder Dialog: **VA-AH-BPR INITIAL EVALUATION NOTE**   reminder dialog
NATIONAL
     ...OK? Yes//   **Yes**

       a.   Remove "disabled" from Reminder Dialog
       Open reminder dialog manager, change view to 'DIALOG' locate VA-AH-BPR
       INITIAL EVALUATION NOTE dialog on the list.
            a.   Edit the VA-AH-BPR INITIAL EVALUATION NOTE entry and remove the
                 DISABLE field.
            b.   Remember VA-AH-BPR INITIAL EVALUATION NOTE will not have an
                 associated source reminder.

Select Item: Next Screen// **ED**   Edit/Delete Dialog

```
NAME: VA-AH-BPR INITIAL EVALUATION NOTE (Disabled)  Replace
DISABLE: DISABLED IN EXCHANGE Replace @
SURE YOU WANT TO DELETE? YES
