ANNUAL REPORT OF THE BOARD OF MANAGERS OF THE
NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS
FOR THE YEAR ENDING JUNE 30, 1882.

*To the honorable the Senate and House of Representatives of the United
States in Congress assembled:*

The Board of Managers of the National Home for Disabled Volunteer

Soldiers, in conformity to law make the following report of the institution for the fiscal year ending June 30, 1882:

Since the last annual report the Board has lost one member by death, the President of the United States, James A. Garfield, whose place has been filled under the organic law by Chester A. Arthur, his successor in that office. The terms of office of three other members of the Board, viz, Leonard A. Harris, Richard Coulter, and John A. Martin, expired on April 21, 1882, and Congress appointed Leonard A. Harris, James S. Negley, and John A. Martin to fill their places, in an act approved August 7, 1882. Their terms will expire on April 21, 1888.

During the year the Board has performed its duties under the organic law, as it understands them, with a view of promoting the happiness and best interests of the members of the Home, and at the same time protecting the interests of the United States. In the opinion of the Board all these interests are identical.

Quarterly sessions have been held, each Branch has been once visited by the Board, the discipline and needs of the institution have been cared for, the expenditures regulated, the necessary estimates made, and the accounts audited.

It is the opinion of the Board that the discipline is good; that the members of the Home are in general as happy as men can be in the unfortunate conditions in which their disabilities have placed them; that they are well and kindly cared for, and that the money appropriated by Congress for the support of the Home has been honestly expended.

The increase in the number of members during the past year has been 680, or about 9 per cent. That of the preceding year was 483, or about 7 per cent., which was less than it had been in any previous year. The opinion of the Board, as expressed in the last report, that the number of members of the Home on the existing basis of admission has nearly arrived at its maximum, is therefore not borne out by the facts, although the death rate increases from year to year.

The organic law of the Home concerning the pensions of the members enacts: "Such of these as have neither wife, child, nor parent dependent upon them, on becoming inmates of the Home, or receiving relief therefrom, shall assign thereto their pensions when required by the Board of Managers during the time they shall remain therein or receive its benefits." (Revised Statutes, title 49, chap. 3, sec. 4832, edition of 1878.) This act authorized the Board to take all of the pensions from members of the Home except in the single case specified. No advantage has been taken of this authority except to exact a part of a pension for fines for flagrant violations of rules of the Home by pensioners, and to pay for articles of clothing when the pensioner exceeded \$5 monthly.

Section 2 of the act approved February 26, 1881, for payment of pensions for the fiscal year ending June 30, 1882, enacts that "All pensions payable or to be paid under this act to pensioners who are inmates of the National Home for Disabled Volunteer Soldiers shall be paid to the treasurer or treasurers of said Home, upon security given to the satisfaction of the managers, to be disbursed for the benefit of the pensioners, without deduction for fines or penalties, under regulations to be established by the managers of the Home; said payment to be made by the pension agent upon a certificate of the proper officer of the Home that the pensioner is an inmate thereof, and is still living. Any balance of the pension which may remain at the date of the pensioner's discharge shall be paid over to him, and in case of his death at the Home the same

shall be paid to the widow or children, or in default of either, to his legal representatives." This act expired on June 30, 1882, and was revived by the act approved August 7, 1882. Although there was dissatisfaction on the part of pensioner members of the Home, and particularly among those whose pensions were partly confiscated, under the organic law, the passage of the law quoted above does not seem to have satisfied a large number of the pensioner members, who do not wish to have the expenditure of their pensions regulated in any way by the authorities of the Home.

The clause of the law requiring the balance of the pension money belonging to a member to be paid by the Home to his legal representatives at his death is a great source of trouble and annoyance to the authorities of the Home, who, for their own protection, as custodians of the money, find themselves obliged to determine who are the legal representatives of the deceased pensioner, and in many cases there are several claimants to the money, rendering the decision no easy matter, and creating an unanticipated source of expense to the Home. As arrearages of pensions are paid in larger numbers this source of expense will increase.

In the opinion of the Board much ill feeling will be avoided, and much unjust suspicion of the Board of Managers and the other authorities of the Home dispelled, if the Board and its subordinates have nothing whatever to do with the pensions of the members of the Home; and besides, the treasurers of the Home will then be relieved of much hard work and responsibility, and loss of time, for which they receive no compensation. The Board, therefore, respectfully recommends the passage of an act repealing all laws which authorize or require the Board of Managers, or its subordinates, to receive or become custodians of the pensions of the members of the Home, enabling each pensioner to draw his money precisely as do all others who do not belong to the Home. Should such an act be passed, it is likely that those pensioner members who desire to spend their money, will be enabled to do so sooner than they now are, and those members who desire to save it can have access to the nearest reliable savings bank, enabling them to place it at interest as soon as it is paid. It is not the opinion of the Board that such a law will permanently injure the discipline of the Home.

In the last report of the Board it was recommended that the benefits of the Home be extended to destitute deserving soldiers unable to earn their living, who could not trace their disabilities to their service, and that sailors who served the United States during the War of Secession should be placed upon the same footing of admission to the Home as are soldiers and sailors who served in preceding wars. Both propositions have been rejected by Congress, as we think, under a misapprehension, but in any event the persons included in these recommendations are in general as deserving of care by the general government as are the present members of the Home. Men are daily becoming prematurely disabled from disease, the seeds of which were sown in service, although when they were discharged they were able-bodied. The manager before whom such a case comes, if he act according to existing law, must refuse the man admission, and in general the applicant can only go to the nearest poor-house. If the manager admit the man, making a strained interpretation of the law on the side of humanity, the Home, without further legislation, will soon overflow, and admissions must cease.

The case of disabled sailors requires only to be mentioned. Under existing law there is no place where a United States sailor disabled in

the late war, can be cared for, unless he had previously enlisted as a soldier.

It is a mistake to suppose that there will soon be any material diminution of the number of members of the Home. Many soldiers discharged for disability, without pensions as well as pensioners, who have hitherto supported themselves or lived with their families now grown up, begin to look to the Home as the place where they wish to pass their declining years. They all, under the law, are eligible for admission, and such cases will arise for the next generation.

Nearly 50 per cent. of the present members of the Home are under fifty years of age, and although this expectation of life is not as great as is that of able-bodied men of the same age, yet when the facts are considered that these men are not troubled about the care of themselves or their families, are better fed, better housed, and better clothed than are civilians in the same social condition, it is doubtful whether the average duration of their lives will be much smaller than that of able-bodied men in the same conditions of life.

During the past year several additional buildings have been erected at the Branches, and extensive repairs and alterations have been made. These additions have become necessary on account of the gradual increase in the number of members, and the dilapidated state of some of the old buildings, but much still remains to be done in the same direction. The fact that 3,600 men at the Central Branch take their meals in one room which was only intended for seating about 1,100 men, shows that at least one other room of about the same size, with additional kitchen apparatus, should be erected at once.

The action of Congress in permitting the admission of the insane of the Home to the Government Hospital for the Insane was timely and humane. This class of members of the Home cannot properly be cared for at the Home, and their number increases in an increasing ratio. There are already 58 cases awaiting admission to the hospital, and by the time the additional building authorized by Congress is completed, this number will be materially increased.

The Board of Managers has in several reports called the attention of Congress to the fact that as the management of the Home has been kept in the control of Congress, no other department of the government is responsible for it, and consequently no department, bureau, or office in Washington is interested in its welfare. The whole business of the corporation is done by the Board of Managers, and the Board is anxious that its doings shall be carefully watched by Congress, and any mistakes that it may make be corrected by law. It therefore again respectfully invites such investigation of its proceedings and management as Congress may consider proper.

The estimate for the support of the Home for the fiscal year ending June 30, 1884, has been submitted through the honorable Secretary of War. Its amount is \$1,122,088.03, the same as that for the current year. The number of members of the Home will probably increase about 500 during the year, but no increase of appropriation is asked, because the sale of the clothing voted to the Home for the last fiscal year has turned out better than was expected, and the Board therefore began the current fiscal year with a surplus which it hopes to carry through to the next year. Should Congress, however, authorize the admission to the Home of destitute soldiers whose disabilities cannot be traced to their service, or to the sailors of the United States disabled in the late war, not otherwise provided for, an increase of appropriation will be required and will be formally requested.

The statement of accounts of the acting treasurer for the fiscal year ending June 30, 1882, is appended hereto. All of his expenditures have been audited, and have been approved by the Board. The secretary's report, which accompanies this, gives the history of the Home for the past year. It has appended to it the printed journal of the Board of Managers, which shows the manner in which its duties have been performed.

By direction of the Board of Managers, a list giving the names, regiments by States, ages, disabilities, and Home histories of all persons who have been or are now members of the Home, has been prepared, and was ordered to be printed at the Central Branch. The printing office at this Branch is so constantly employed with the routine business of the Home that several years will be required to print the list (which contains more than 13,000 names) without an unwarrantable increase in the printing plant.

The list is submitted to Congress with this report, and with the recommendation that 2,500 copies of it be printed by Congress. It furnishes the fullest information possible of the *personnel* of the Home from its organization, and its publication will materially assist the members of the Board in their labors, and will be useful to all persons who take an interest in the Home and in the disabled soldiers who have been its members.

With the manuscript list is the first signature of the work as the Board intended to print it.

Home for Disabled Volunteer Soldiers.*

I certify that the above is a correct statement of my account with the National Home for Disabled Volunteer Soldiers for the fiscal year ending June 30, 1882.

W. B. FRANKLIN,
President and Acting Treasurer.

Report of the Secretary.

OFFICE SECRETARY, 93 NASSAU STREET,
NEW YORK CITY, December 1, 1882.

GENERAL: I forward herewith documents to accompany the annual report of the Board to Congress.

They consist of—

- 1st. The consolidated annual report in tabular form.
- 2d. The proceedings of the Board of Managers during the year.
- 3d. The reports of the governors of the several branches.

4th. A list of all the inmates of the Home from the time of its organization to June 30, 1881, giving nativity, State, regiment, character of disability, and present status of each.

This list was prepared under the direction of the Board with a view of having it printed at the Central Branch. It was found, however, that the printing facilities of the Home were wholly inadequate to the publication of so voluminous a document within any reasonable time. It was decided, therefore, at the last meeting of the Board, that the list as prepared should be transmitted to Congress, with a recommendation that it be printed with the annual report.

The papers referred to above contain all the information that can be furnished in regard to the management and condition of the Home. The reports of the governors show in detail all that is important or desirable to know as to their respective branches.

The proceedings of the Board of Managers at its various meetings exhibit in full everything that has been done by the Board in performance of its duties.

The annual report is a consolidation of the annual reports of the several branches.

Very respectfully, your obedient servant,

M. T. McMAHON,
Secretary.

National Home for Disabled Volunteer Soldiers.

PROCEEDINGS OF THE BOARD OF MANAGERS OF THE NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, JULY 6, 1881.

BOSTON, MASS., *July 6, 1881*—10 o'clock a. m.

The board met pursuant to adjournment in regular quarterly meeting at the Brunswick Hotel.

Present, General William B. Franklin, president; Col. Leonard A. Harris, first vice-president; General Richard Coulter, second vice-president; General Martin T. McMahon, secretary; Maj. David C. Fulton, and General Charles W. Roberts.

Absent, the President of the United States, the Chief Justice, the Secretary of War, General John M. Palmer, and General John A. Martin.

No quorum present.

Letters and dispatches were read from the President of the United States, the Chief Justice, the Secretary of War, General Palmer, and General Martin, giving the reasons for their absence.

It was also stated that General McClellan was in Europe.

The Chief Justice wrote that if notified by telegraph that his presence was necessary to make a quorum he would make every effort to attend. He was accordingly telegraphed that his presence would constitute a quorum.

The Board, after an informal discussion as to matters of routine, proceeded to visit the Eastern Branch of the Home, at Togus, Me., arriving there July 7, at 11 a. m.

After inspection of the Home and hearing complaints of the inmates the members returned the same night to Boston.

The Board reconvened at the Brunswick Hotel the 8th of July, at 10 a. m.

Present, those heretofore named as present and the Chief Justice.

A quorum being present, the board proceeded to business.

A dispatch having been received from Washington giving a hopeful account of the condition of the President of the United States, the following dispatch was ordered to be sent to the Secretary of State:

Hon. JAMES G. BLAINE,
Secretary of State :

The Board of Managers of the National Home for Disabled Volunteer Soldiers desire to express, through the Secretary of State, their sympathy with the President and his

family in the great affliction which has fallen upon them and the country, and to offer their heartfelt congratulations on the encouraging bulletin received this morning.

W. B. FRANKLIN, *President*.

Colonel Harris, from the committee appointed at the last meeting to consider the application of the Toledo, Delphos, and Burlington Railroad to enter the grounds of the Central Branch, submitted the contract prepared and executed between that corporation and the proper officers of the Home.

The contract was received and directed to be entered on the minutes, and filed with the president of the Board.

This agreement, made this — day of —, A. D. 1881, by and between The National Home for Disabled Volunteer Soldiers, a corporation under the laws of the United States, named herein as the party of the first part, and The Toledo, Delphos and Burlington Railroad Company, a corporation under the laws of Ohio, named herein as the party of the second part, witnesseth:

That whereas said party of the first part is the owner of a large tract of land in Jefferson Township, Montgomery County, State of Ohio, now occupied by and known as The National Home for Disabled Volunteer Soldiers, which said party of the first part claim to hold free of and from any right in the State of Ohio, or any corporation created under the laws thereof, to condemn and use any part thereof for railway or other purposes of a public nature; and,

Whereas the party of the second part is desirous of laying a branch of its railway tracks into and upon a part of the lands so held by the party of the first part, and to erect suitable depot buildings at a convenient point on the line of said railway, or at the terminus of said branch or stem within the inclosure of said National Home for Disabled Volunteer Soldiers; and

Whereas said party of the first, in granting unto said party of the second part permission to enter upon said lands and occupy a right of way for a necessary number of tracks, the party of the first part may be required to change its fences and some of its buildings, involving thereby considerable expense, and as indemnity for such expense, and as part consideration for this agreement, the party of the second part proposes to erect and maintain the necessary transfer facilities to transfer cars from the standard-gauge railroads to the narrow-gauge railroad now building and to be operated by the party of the second part, at its junctions with the Cincinnati, Hamilton and Dayton Railroad, in or near the city of Dayton, Ohio, and with the Dayton and Western Railroad at Stillwater Junction, Montgomery County, Ohio, whereby loaded cars from any standard-gauge railroad may be speedily transferred to and upon the tracks of the Toledo, Delphos and Burlington Railroad, so that the party of the first may obtain freights more cheaply than at present, and also to conduct the business of the party of the second part within the grounds and in their vicinity, in conformity to such rules and regulations as may from time to time be made by the party of the first part; to carry the officers, employés, and inmates of said National Home for Disabled Volunteer Soldiers, as there maintained by the party of the first part, between said Home and Dayton, Ohio, at half the rates of fare that shall be charged the public; and also to deliver freights and cars to and from any railroad, from and to either of said junctions, into and upon the grounds of the party of the first part, to such point as may be designated by its officers, at uniform rates and charges, from either junction, speedily and without delay:

Now, therefore, said parties hereto doth agree as follows:

First. That for and in consideration of the premises, and the agreements hereinafter made by the parties hereto, the National Home for Disabled Volunteer Soldiers doth grant permission, and that only, to the Toledo, Delphos and Burlington Railroad Company to enter upon so much of the land and grounds of the party of the first part, located in Jefferson Township, Montgomery County, State of Ohio, as lies north of the hospital, and between the Cemetery avenue and the Dayton and Eaton turnpike, and occupy sufficient space for three railway tracks sufficiently equi-distant apart to allow cars of the standard gauge to pass on all or either of said tracks if occupied by cars, it being expressly understood that said three railway tracks, for the general use of the party of the second, are to be laid only between Cemetery avenue and the Dayton and Eaton turnpike and east of the ravine. The depot building or buildings within the grounds and land of the party of the first part are to be placed on the line of said railroad at such points as may be designated by the said party of the first part, and are to be erected and maintained by the party of the second part in good order and condition.

Second. In consideration of the permission hereby granted by the party of the first part to the party of the second part, said party of the second part doth hereby agree

to construct, lay, and maintain on such grade as may be ordered by the said party of the first part a single-track railway, with all necessary switches and appliances for the delivery of freights and cars from the main line of the Toledo, Delphos and Burlington Railroad to such points within the grounds of the party of the first part, located as aforesaid, as may be designated and directed by the said party of the first part, said railroad within said grounds to be constructed, maintained, and kept in good repair by the party of the second part so long as the permission hereby granted is unrevoked and in force.

Third. It is hereby agreed by and between the parties hereto, in consideration of such permission as aforesaid, that the party of the second part shall, within four months from the date of this agreement, provide, at its own expense, and thereafter maintain at Stillwater Junction of the Toledo, Delphos and Burlington Railroad with the Dayton and Western Railroad, the necessary appliances and facilities to transfer the standard-gauge cars, when loaded or otherwise, from the railway tracks of the Dayton and Western Railroad to the narrow-gauge railway tracks of the Toledo, Delphos and Burlington Railroad; and shall also, in like manner and within the same period of time after the date hereof, provide and thereafter maintain at some point on the Cincinnati, Hamilton and Dayton Railroad, in or near the city of Dayton, Ohio, at its junction with the railroad of the party of the second part, like appliances and facilities for the transfer of standard-gauge cars, loaded or empty, from said Cincinnati, Hamilton and Dayton Railroad to the narrow-gauge railroad tracks of the Toledo, Delphos and Burlington Railroad. It is further agreed by and between the parties hereto that said party of the second part shall, at any and all times, when thereto requested by any of the officers of the party of the first part, transfer and haul such cars so by the party of the first part requested to be transferred and hauled from any line of railroad to the Toledo, Delphos and Burlington Railroad from either or both of said two places of transfer, and transport the same into the grounds of the National Home for Disabled Volunteer Soldiers, situated as aforesaid, and deliver the same at such points therein as may be directed or required by the said party of the first part, or any officer duly authorized to so direct the same; and in like manner to return said cars to the proper junction, and transfer them to the railroad from which received, whenever so ordered in like manner, speedily and without unnecessary delay. The charges made by the party of the second part for such transfer and hauling shall be fair and reasonable, and shall be agreed upon between the parties hereto, and shall in no instance be greater than charged the public regularly for like service; and it is expressly stipulated that the charges for transfer and hauling shall be the same from either of said junctions for cars or freights received from any railroad whatever, namely, Stillwater Junction and the junction of the Toledo, Delphos and Burlington Railroad with the Cincinnati, Hamilton and Dayton Railroad to the National Home for Disabled Volunteer Soldiers, and that no charge, directly or indirectly, shall be made for the return and retransfer of empty cars from the National Home aforesaid to the railroad track from whence received at either of said junctions.

Fourth. The party of the second part doth hereby agree with the party of the first part, in further consideration of the permission hereby granted, that it will run sufficient well ordered and equipped trains of cars for passengers between its depot in the National Home for Disabled Volunteer Soldiers, located as aforesaid, and the Union Depot, in Dayton, Ohio, to conveniently accommodate the public travel and the convenience of the officers, employes, and inmates of the National Home aforesaid, and increase such facilities as the demand of public travel between said two points may require, and that it will carry to and from the National Home for Disabled Soldiers, located as aforesaid; and the Union Railroad Depot, in the city of Dayton, Ohio, the officers, employes, and inmates of said Home at one-half the usual rates of fare charged generally to the public by the party of the second part between said two points. Should the party of the second part establish a schedule of rates of fare at a certain price per mile, or should make a special rate between said National Home and the city of Dayton, for either single trip or for round trips, then the officers, employes, and inmates of the party of the first part are to be charged only one-half of the lowest rates so given to the public by the party of the second part.

Fifth. The party of the first part hereby reserves to itself the right to establish, change, and alter at pleasure such rules and regulations for the management of the operation of said railroad of the party of the second part as to the hours and days when the trains of cars of the party of the second part, either for freight or passengers, may enter the grounds of said National Home for Disabled Volunteer Soldiers.

Sixth. It is hereby expressly understood that no refreshments of any kind are to be sold or given away in the cars of the party of the second part, or in any building or buildings inside the grounds of the party of the first part, or in the vicinity or connected therewith; nor is the party of the second part to permit any amusements, games of chance, shows of any kind, or business of any nature whatever to be conducted in its cars or buildings in or immediately connected with the grounds of the party of the first part.

Seventh. It is further expressly agreed that said party of the first part may at any time rescind this agreement, and may remove said tracks off its lands should it desire so to do. In the event said party of the first part determine to withdraw this permission, then said party of the second part doth hereby agree to waive and relinquish all claims of right to occupy said land hereunder, either in law or equity, and not to bring any action in any court of law or equity to prevent such forfeiture and removal of said tracks.

Eighth. It is hereby expressly understood that the right of way hereby granted is a permission at the sufferance of the party of the first part, only terminable at the will of the said party of the first part, and in so granting the same no rights of the party of the first part to hold said land intact and not subject to the jurisdiction, either voluntary or involuntary, of the State of Ohio, or the party of the second part as a railroad corporation under the laws thereof, is hereby admitted; and it is not intended or meant to be waived in any manner whatever, nor is any implication of such rights to be asserted against the party of the first part by reason of this agreement or such permission; nor shall this agreement be construed to give the party of the second part any permanent or vested right or interest in said lands of the party of the first part so by it occupied, except a right of way simply at the sufferance of the party of the first part.

In testimony whereof The National Home for Disabled Volunteer Soldiers, by its president and secretary, duly authorized thereto, and the Toledo, Delphos and Burlington Railroad Company, by its president and secretary, duly authorized thereto, have hereunto subscribed the names of said corporations and affixed the seals of each respectively, in duplicate, this 30th day of May, A. D. 1881.

TOLEDO, DELPHOS AND BURLINGTON RAILROAD COMPANY,

By JNO. M. CORSE, *President*.

[L. s.] Attest:

HERBERT STEWARD,

Secretary Toledo, Delphos and Burlington Railroad Company.

THE NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS,

By W. B. FRANKLIN, *President Board of Managers*.

[L. s.] Attest:

M. T. MCMAHON,

Secretary Board of Managers, N. H. D. V. S.

The president submitted his accounts as acting treasurer for the quarters ending March 31 and June 30, 1881, also his final account of the pension fund and statement of the Ward fund, which were referred to the auditing committee heretofore appointed.

The president submitted the regulations prepared by the committee heretofore appointed to govern the payment of pensions in accordance with recent legislation by Congress.

The regulations were received and ordered to be entered on the minutes.

SYSTEM OF REGULATIONS GOVERNING PAYMENT OF PENSIONS.

The pensions to be paid to the beneficiaries of the National Home for Disabled Volunteer Soldiers, under the act approved February 26, 1881, making appropriations for the payment of invalid and other pensions of the United States for the fiscal year ending June 30, 1882, &c., shall be held by the treasurers of Branches, and be paid over to the pensioners at such times and in such amounts as the governors may direct, with the following reservations:

1st. A pensioner having a wife, child, or parent dependent upon him, may send or may direct that all of his pension money shall be sent to such dependent relative, enough being retained by the treasurer to guard the Home against any loss that might occur on account of issues of clothing or tobacco made to the pensioner, when the pension is large enough to justify such retention.—(Printed Minutes, page 263.)

2d. Pensioners who have no dependent relatives may have withheld from them an amount sufficient to pay for all issues of clothing and tobacco (under restrictions (see Printed Minutes, page 263), and to defray any reasonable expenses likely to be incurred by the pensioner during the quarter, the non-payment of which would cause a loss to the Home.

3d. The governors may prevent a hurtful or wasteful or extravagant use of the pension money in any case by retaining a sufficient amount until in their opinion the danger of harm or waste or extravagance has passed.

4th. Any balance which may remain in the hands of the treasurers at the end of

the quarter shall be invested as is prescribed by the resolution of the Board of Managers of July 2, 1877 (Printed Minutes, page 405), and the modification of that resolution adopted by the Board on September 21, 1880 (Printed Minutes, page 612). And any balance due the pensioner at the date of his discharge or death shall be disposed of as directed by the act of Congress approved February 26, 1881.

5th. These regulations, which are made by the committee appointed by resolution of the Board of Managers at the March meeting, 1881 (see Printed Minutes, page 655), may be at any time modified in accordance with existing provisions of law, either by action of the Board of Managers or of the committee.

WM. B. FRANKLIN,
President Board of Managers.
MARTIN T. MCMAHON,
Secretary Board of Managers.

Several applications were presented in regard to the appointment of the surgeon for the Northwestern Branch.

On motion, the action of the president in appointing Dr. S. J. F. Miller as acting surgeon of that Branch, in place of Dr. Hare, resigned, was approved, and Dr. Miller was thereupon duly elected surgeon of the Northwestern Branch.

Other applications for appointment were presented, and ordered to be placed on file.

A communication from General Patrick, governor of the Central Branch, requesting the appointment of a civilian clerk, was read, and, the action of the president in authorizing such appointment was approved, and the salary was ordered to be fixed at the same rate as that paid to the predecessor of such appointee.

An application was presented by an inmate to establish an exchange office at the Southern Branch for the accommodation of inmates, and after consideration was denied.

The secretary presented a large number of papers, printed and in manuscript, from the various branches of the Land League, protesting against the action of the governor of the Central Branch in connection with the subject of the proposed lecture of Mr. James Redpath.

After a discussion and full consideration, the papers were referred to the president of the Board.

The application of C. M. Martin to be allowed an opportunity of testing a fire extinguisher before the Board or a committee thereof was granted.

It was resolved that such opportunity be furnished in September next, at the meeting of the Board at the Central Branch.

The president submitted a contract duly made and executed between P. T. Woodfin and Holtzelaw Bros., dated June 14, 1881, providing for the construction of the buildings heretofore authorized by the Board at the Southern Branch, for the sum of \$26,555.

On motion the contract was approved.

On motion, Dr. J. G. Maxfield, acting surgeon and acting secretary of the Eastern Branch, was appointed surgeon and secretary of said Branch.

The reports of the medical examining boards heretofore authorize (Printed Minutes, page 659), were received, and the following action was taken:

The report of the Northwestern Branch was referred to Major Fulton, local manager, with power to take such action in the premises as he may deem advisable after full consideration of the subject.

The report of the Eastern Branch was approved, and the discharges recommended therein were ordered, as follows:

No report was received from the Southern Branch, and, upon motion, General Coulter, in the absence of General McClellan, was directed to select an examining board for that Branch.

The report of the inspector-general in the case of White, heretofore referred to him (Printed Minutes, page 648), was received and accepted, and ordered to be sent to the governor of the Northwestern Branch for his information, and to be filed.

An application from the governor of the Northwestern Branch was received and read, asking for a further appropriation of \$6,000, in addition to that already made, for the building of an amusement hall, &c., at the Northwestern Branch. He states that the architect has represented that a building such as is required cannot be constructed for the sum appropriated.

After discussion, it was ordered, on motion, that \$6,000 be appropriated out of the general fund, in addition to the amounts heretofore appropriated, for the purposes indicated.

The president submitted the following papers, which were received and ordered to be printed in the minutes :

W. B. FRANKLIN,
President and Acting Treasurer N. H. for D. V. S.

Togus, ME, July 7, 1881.

We, the undersigned, have examined and audited this day the above account of General W. B. Franklin, acting treasurer of the National Home for Disabled Volunteer Soldiers, with the pension fund, and find the same correct and supported by proper vouchers.

R. COULTER,
L. A. HARRIS,
Committee.

Colonel Harris offered the following resolution, which, after full discussion, was adopted :

Resolved, That \$5,000 be appropriated, or as much thereof as may be required, for the construction of an avenue from the Home grounds of the Central Branch to the "Old Eaton Road," provided the citizens of Dayton, or their representatives, construct the balance of said avenue from the said "Old Eaton Road" to the corporation line of Dayton; provided, also, that arrangements satisfactory to the local manager be made for keeping the avenue in repair without expense to the Home.

Colonel Harris also reported that the work on Memorial Hall, at the Central Branch, is progressing favorably, and that the building will be occupied the first of October next, and completed within the estimates.

On motion, it was resolved, after discussion, that the president be authorized to dispose of the clothing appropriated by Congress for the benefit of the Home (act approved March 3, 1881) in such manner and at such times and in such quantities as he may deem for the best interests of the Home.

On motion, it was resolved that the annual report of the Board to Congress be prepared and submitted to the Board at their next meeting.

The president submitted the following estimates for the quarter ending September 30, 1881, which, after careful revision, were agreed upon as follows :

Central Branch, for current expenses and repairs.....	\$154, 109 82
Northwestern Branch, for current expenses and repairs.....	26, 130 00
Eastern Branch, for current expenses and repairs	29, 937 59
Southern Branch, for current expenses and repairs	20, 000 00
For out-door relief and incidental expenses.....	4, 000 00
Total	234, 177 41

Whereupon the following resolution was adopted :

Resolved, That the Board of Managers of the National Home for Disabled Volunteer Soldiers estimate and appropriate, out of the moneys which may be provided by law, the sum of \$234,177.41, as necessary to meet the current expenses of the four Branches of the Home for the quarter ending September 30, 1881, and for construction and repairs, clothing and bedding, out-door relief, and incidental expenses of the National Home for the quarter; and that the acting treasurer be, and he is hereby, authorized and empowered to take such means as may be necessary to obtain the sum of \$234,177.41, the amount so appropriated, from the Treasury of the United States, and to receipt for the same in the name and behalf of the National Home.

On motion, it was ordered that when the Board adjourn it be to meet at 10 o'clock a. m. on Wednesday, the 7th day of September, at the Central Branch, near Dayton, Ohio.

The Board then proceeded to the consideration of applications for readmission to the various Branches of the Home, for remission of penalties, and for the effects of deceased inmates, and made the following orders thereon :

READMISSIONS TO CENTRAL BRANCH.

The following named soldiers, heretofore discharged, are, for sufficient reasons, readmitted unconditionally :

M. T. McMAHON, *Secretary*.

PROCEEDINGS OF THE BOARD OF MANAGERS OF THE NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, SEPTEMBER 7, 1881.

DAYTON, OHIO, *September 7, 1881.*

The Board met in regular quarterly meeting at the Central Branch, near Dayton, Ohio, September 7, 1881, at 10 o'clock a. m.

Present: General William B. Franklin, president of the Board, General Richard Coulter, General John A. Martin, General Charles W. Roberts, Maj. D. C. Fulton, General Martin T. McMahon.

Absent: The President of the United States, the Chief Justice, the Secretary of War, Col. Leonard A. Harris, General George B. McClellan, and General John M. Palmer.

No quorum being present, the Board proceeded to inspect the men, the hospital, and other buildings, and also heard the personal complaints of inmates.

Information being received by telegraph from the Chief Justice and General Palmer, that they would join the Board in Chicago, the Board proceeded, on the 8th instant, to Milwaukee, where the Home buildings and hospital of the Northwestern Branch were duly inspected, and the complaints of inmates heard.

On the 9th instant the Board proceeded to Chicago and reconvened at the Grand Pacific Hotel.

Present: The Chief Justice, General William B. Franklin, General John A. Martin, General Charles W. Roberts, Maj. David C. Fulton, General John M. Palmer, General Martin T. McMahon.

A quorum being present, General Coulter submitted the report of the auditing committee of the Southern Branch, which was received and ordered to be entered on the minutes, as follows :

The visiting committee of the Southern Branch report :

That they visited the Branch and audited the accounts of the treasurer for the several quarters not previously audited, including the quarter ending June 30, 1881, and find the same correct, and supported by proper vouchers.

They further audited the Home store account up to June 30, 1881, and find the same correct, and would beg leave to furnish the following detailed account of the Home store :

It was originally started with a capital of \$500, borrowed from the pension fund, which has long since been refunded.

The first audit of that account by the Board included the quarter ending September 30, 1880, showing—

Cash on hand	\$5,487 03	
Appraised value of stock	2,103 09	
		\$7,590 12

Result of audit by your committee to June 30, 1881, shows:

Cash on hand	\$7,868 34	
Appraised value of stock	2,351 86	
		\$10,220 20

Thus showing a liberal profit after the expenditure of ample funds for amusement purposes.

Your committee further examined into the erection of a cottage by Captain Woodfin, on the grounds, and which is now occupied by the Home engineer, and they find—

That though a somewhat irregular proceeding, it was done under orders of General Butler. That the cottage was necessary, and has been and is now used by the Home engineer. That Captain Woodfin expended therefor \$977.91 out of his own private funds. They therefore recommend a special appropriation of \$1,000 to reimburse Captain Woodfin therefor.

CHARLES W. ROBERTS.
R. COULTER.

General Martin presented the report of the auditing committee for the Central Branch, which was received and ordered to be entered on the minutes, as follows:

The committee appointed to audit the accounts of the Central Branch would respectfully report that we have examined the books and accounts of Col. J. B. Thomas, treasurer, for the twelve months ending June 30, 1881, and find them correct and supported by proper vouchers. Voucher No. 104, Abstract C, mentioned in our report of September, 1880, as absent, has since that date been received, and was exhibited to us by the treasurer.

The books of the treasurer show funds on hand, June 30, 1881, as follows:

General fund	\$72,881 91
Pension fund	13,072 52
Posthumous fund	13,971 92
Contingent fund	211 69
Home store fund	2,675 00

The committee were also shown and examined United States four per cent. bonds in the hands of the treasurer, as follows:

Belonging to posthumous fund	\$11,100
Belonging to pension fund	63,300
Total	74,400

The books of the secretary show that on the 30th of June, 1881, the store account was as follows:

Merchandise in store	\$3,982 42
Merchandise in restaurant	866 44
Fixtures in store	149 63
Fixtures in restaurant	7,474 18
Total	12,472 67

The liabilities of the Home store, June 30, 1881, aggregating, as shown by the books of the secretary, \$6,209, and the credits, \$3,198.17, making the net liability, June 30, 1881, \$3,010.83, a reduction of liabilities during the past twelve months of \$6,970.52.

JOHN A. MARTIN,
D. C. FULTON,
Committee.

Callahan, James, Company A, Sixty-fifth New York Volunteers.

Major Fulton, to whom was referred the claim of Koch & Co., architects, for compensation, made report, which was duly considered, and the petitioners heard in person by the Board. After consideration, it was resolved that the president and acting treasurer of the Board be authorized to pay said petitioners the sum of \$350, in full settlement of their claim.

Upon motion, the following resolutions, after full consideration were adopted:

Resolved, That no inmate of the Home shall be discharged for desertion, nor declared a deserter, except by order of the president of the Board of Managers.

Resolved, That hereafter no inmate of the Home who has been dishonorably discharged shall be readmitted to the Branch of the Home from which he was so discharged, except by order of the Board of Managers.

Resolved, That hereafter inmates of the Home who are undergoing punishments shall not be discharged until the penalty shall have been completed or remitted, except by order of the Board.

Resolved, That the president of the Board and the treasurer of a Branch of the Home be authorized to assign and transfer United States bonds held on account of the pension fund, whenever the condition of such fund requires that the same, or any portion thereof, be converted into money, and that the signature of the said president and treasurer, with the seal of the National Home for Disabled Volunteer Soldiers shall be

sufficient to make such transfer, and to appoint one or more attorneys for that purpose; also that all investments of moneys hereafter made on behalf of the Home, or any Branch thereof, may be made in the discretion of the president of the Board in any securities of the United States Government, which said securities he shall cause to be duly registered, in accordance with previous resolutions of the Board.

Resolved, That Col. L. A. Harris, General M. R. Patrick, governor Central Branch, and Col. E. F. Brown, inspector-general, are hereby appointed a committee to examine and report upon a proper system of water supply for the Central Branch, with estimates. The report to be made at the next meeting of the Board.

Resolved, That the same committee is directed to report a plan and estimates to increase the laundry facilities at the Central Branch.

Resolved, That the question of the erection of a commissary building at the Central Branch be referred to the president and local manager, with power.

General Martin presented a petition on behalf of the Historical and Monumental Society of the Central Branch for financial aid toward completing the Soldiers' Monument in the cemetery of the Home.

Upon motion it was resolved that 1,000 be appropriated from the posthumous fund of the Central Branch for that purpose.

The president submitted the draft of the annual report of the Board to Congress, which was read and approved.

The secretary presented the bond of General W. S. Tilton, treasurer of the Eastern Branch, which was approved.

The president presented estimates for the quarter ending December 31, 1881, which, after careful revision, were agreed upon as follows:

Central Branch for current expenses and repairs	\$143,937 72
Northwestern Branch, for current expenses and repairs	35,204 55
Eastern Branch, for current expenses and repairs	30,008 50
Southern Branch, for current expenses and repairs.....	27,540 00
For clothing and bedding	
For out-door relief and incidental expenses.....	4,000 00
Total	240,690 77

Whereupon the following resolution was adopted:

Resolved, That the Board of Managers of the National Home for Disabled Volunteer Soldiers estimate and appropriate, out of the moneys which may be provided by law, the sum of \$240,690.77, as necessary to meet the current expenses of the four Branches Home for the quarter ending December 31, 1881, and for construction and repairs, clothing and bedding, out-door relief, and incidental expenses of the National Home for the quarter; and that the acting treasurer be, and he is hereby, authorized and empowered to take such measures as may be necessary to obtain the sum of \$240,690.77, the amount so appropriated, from the Treasury of the United States, and to receipt for the same in the name and behalf of the National Home.

On motion, it was resolved that when the Board adjourn it be to meet at Willard's Hotel, at Washington, D. C., on Wednesday, the 18th of January, 1882, at 11 a. m.

The Board then proceeded to the consideration of applications for readmission, for remission of penalties, for effects of deceased inmates, and other petitions from the several Branches.

Letters were read from Generals Coulter and Martin, informing the Board that they could not be present.

A quorum being present, the Board proceeded to the consideration of business.

RESOLUTIONS AND REPORTS.

Upon motion, it was resolved that the committee on clothing, heretofore appointed, be authorized to make the necessary contracts for clothing for the ensuing year.

On motion of General Roberts, it was

Resolved, That the question of building an insane hospital at the Central Branch, with the estimates and plans prepared, in accordance with the act of March 3, 1881, be referred to the committee heretofore appointed by the Board to confer with the appropriation and other committees of Congress, with a view to securing the necessary appropriation

Upon motion of Major Fulton, it was

Resolved, That the president of the Board be authorized, upon the recommendation of the local manager of either Branch, to direct such expenditure from the store and posthumous funds of such Branch as in his judgment may be necessary and proper.

Upon motion of General McClellan, it was

Resolved, That the president of the Board and the local manager be authorized to make such changes in and additions to the main barracks at the Southern Branch as they may find necessary, provided the cost thereof shall not exceed the sum of \$32,500.

Upon motion, it was

Resolved, That the president of the Board be authorized to issue a new style of uniforms; also, that he be authorized to sell such clothes as may be unfit for use.

Colonel Harris reported that he had employed a book-keeper, in accordance with the previous direction of the Board, who had visited the Central Branch and arranged a system of keeping the books, which appears to be simple and safe, and the same has been submitted to experts and approved, and asks authority to put it into operation.

Upon motion, it was resolved that the requisite authority be given.

Colonel Harris also reported a contract made by him with the National Avenue Company of Dayton, transferring certain lands outside of the gate on the proposed avenue.

After discussion, on motion, it was resolved that the contract be approved.

On motion, it was

Resolved, That the president be authorized to take such action in regard to the application of the clothing contractors for extension of time as may be just and proper, having due regard to the interests of the Home.

On motion of General McMahon, it was

Resolved, That the yearly salaries of the governors of the various branches be fixed as follows, to date from January 1, 1882:

The governor of the Central Branch.....	\$3,000
The governor of the Northwestern Branch.....	2,500
The governor of the Eastern Branch.....	2,500
The governor of the Southern Branch.....	2,500

On motion of Colonel Harris, the salary of the treasurer of the Central Branch was fixed at \$2,400 per annum, dating from January 1, 1882.

On motion, it was

Resolved, That the next meeting of the Board shall take place at Washington on Tuesday, the 11th of April, at 11 a. m.

The resignation of Capt. William Thompson, steward of the Central Branch, was presented, and, on motion of Colonel Harris, it was

Resolved, That we accept with regret the resignation of Captain Thompson. He has proved himself an active, energetic, honest, and efficient officer, and his long and faithful services entitle him to our favorable commendation.

Colonel Harris, from the committee on auditing the accounts of the acting treasurer of the Board, submitted the following report:

WASHINGTON, D. C., January 18, 1882.

The undersigned have examined and audited this day the accounts of General William B. Franklin, acting treasurer of the National Home for Disabled Volunteer Soldiers, for the quarters ending 30th September, 1881, and 31st December, 1881, and find the same correct, and supported by proper vouchers.

The balance in his hands on the 31st of December, 1881, was \$77,247.78.

We have also examined the disbursements of the Ward fund, and find them correct and supported by the proper vouchers.

L. A. HARRIS.
D. C. FULTON.
GEO. B. McCLELLAN.

Colonel Harris also submitted the following report from the committee on auditing the accounts of the Eastern Branch:

JULY 12, 1881.

I hereby certify that I have this day examined the accounts and expenditures of the Eastern Branch from July 1, 1880, to June 30, 1881, and find the same correct and supported by proper vouchers.

I also certify that I have examined the store accounts of same Branch for same time, and find balance on hand as follows, viz:

Bonds 4 per cent., registered	\$3,358 00
Cash	1,590 01
Merchandise	1,925 48
All of which is respectfully submitted.	

L. A. HARRIS, *Committee.*

Major Fulton reported back the case of Mary A. Schweistal, for the effects of her father, with the recommendation that it be denied.

On motion, the recommendation was adopted.

Major Fulton also reported on the application of the postmaster of the Northwestern Branch for increase of pay, with the same recommendation, which, on motion, was adopted.

MISCELLANEOUS.

The secretary submitted the bonds of the treasurer of the Central Branch and the treasurer of the Southern Branch, which, upon motion, were duly approved.

The following application was received, and, on motion, referred to the secretary for examination and report:

HEADQUARTERS ANNA M. ROSS POST, 94, G. A. R.,
SOUTHEAST CORNER GIBBARD AVENUE AND HUTCHINSON STREET,
Philadelphia, October 18, 1881.

SUPERINTENDENT NATIONAL SOLDIERS' HOME, DAYTON, OHIO:

DEAR SIR AND COMRADE: The late William M. Cooper, just previous to his death, presented this post with the deed of and the "Cooper Shop" burial lot in Mount Moriah Cemetery, this city. The same adjoins, *direct*, the lot belonging to the Home at Dayton. Thinking it can be of little or no service to you for burial purposes, I would ask in behalf of this post, for its transfer as a gift, where it will be of service to those of the late war who are among us without a place of burial or means to purchase one. Our lot (the old Cooper Shop lot) is pretty well filled, and under direct supervision of the post, and kept green in memory of those whom we will all soon follow. I ask this of soldiers for soldiers, which will be but carrying out its design.

Again, I would state our post has mustered to date, 1,009 soldiers of the late rebellion, and have nearly 700 now in good standing, being the largest post in this department, and some of those who have dropped out will eventually look to us to extend to them that last charity.

If not in your power to grant this request, you will confer a favor by setting me right as through what channel I shall proceed to better this end. An early reply will oblige.

Yours in F., C., and L.,

GEORGE K. MECKE,
C. of A. of Anna M. Ross Post, 94, G. A. R.

An application was received in relation to furnishing marble headstones to the cemetery of the Central Branch, which was referred to Colonel Harris for report.

The president submitted the following estimates for the quarter ending March 31, 1882, which, after careful revision, were agreed upon as follows:

Central Branch	\$147,575 37
Northwestern Branch	34,938 27
Eastern Branch	31,550 30
Southern Branch	39,226 50
Central Branch water supply	35,500 00
Laundry	14,000 00
Southern Branch, alteration of building	32,500 00
Incidental expenses Board of Managers and out-door relief	4,000 00
Total	339,290 44

Whereupon the following resolution was adopted :

Resolved, That the Board of Managers of the National Home for Disabled Volunteer Soldiers estimate and appropriate, out of the moneys which may be provided by law, the sum of \$339,290.44, as necessary to meet the current expenses of the four Branches of the Home for the quarter ending March 31, 1892, and for construction and repairs, clothing and bedding, out-door relief, and incidental expenses of the National Home for the quarter; and that the acting treasurer be, and he is hereby, authorized and empowered to take such means as may be necessary to obtain the sum of \$239,290.44 from the Treasury of the United States, and to receipt for the same in the name and behalf of the National Home; and to expend the sum of \$100,000 from the amount realized from the sale of condemned clothing turned over to the Home under the act approved March 3, 1881 (Printed Minutes, page 686), the above two amounts making together the whole amount appropriated.

The Board then proceeded to the consideration of applications for re-admission to the Home, remission of penalties, and effects of deceased inmates, and made the following orders :

There being no further business, on motion, the Board adjourned, to meet in Washington, on the 11th of April, at 11 a m.

M. T. McMAHON,
Secretary.

PROCEEDINGS OF THE BOARD OF MANAGERS OF THE NATIONAL HOME
FOR DISABLED VOLUNTEER SOLDIERS, APRIL 11, 1882.

WASHINGTON, D. C., *April 11, 1882.*

The board met in regular meeting at Willard's Hotel, at 11 a. m.

Present, the President of the United States; the Chief Justice; the Secretary of War; General William B. Franklin, president of the Board; Col. L. A. Harris, first vice-president; General Richard Coulter, second vice-president; General Martin T. McMahon, secretary; General John A. Martin; Maj. David C. Fulton; General Charles W. Roberts.

Absent, General George B. McClellan; General John M. Palmer.

A letter was read from General McClellan, announcing that he was detained by illness in his family, but would join the Board at the Southern Branch, on its arrival there.

The first business in order was declared to be the election of officers. A ballot was thereupon had. General William B. Franklin was re-elected president of the Board. Col. L. A. Harris was re-elected first vice-president. General Richard Coulter, upon being placed in nomination, declined to be a candidate for re-election as second vice-president; whereupon General John A. Martin was elected to that office. General Martin T. McMahon was re-elected secretary of the Board.

MOTIONS, RESOLUTIONS, AND GENERAL BUSINESS.

The application of General Patrick, governor of the Central Branch, for a special appropriation of \$5,000, for the erection of an insane ward in the hospital at said branch, was referred to Colonel Harris, with power.

General McMahon presented the papers in connection with the application of Anna M. Ross Post, No. 94, Department of Pennsylvania, G. A. R., to have a lot in Mount Moriah Cemetery, in the city of Philadelphia, now held in the name of the National Home for Disabled Volunteer Soldiers, transferred to Anna M. Ross Post, to be used for the burial of soldiers, under the auspices and direction of said post; which application was referred, at the last meeting of the Board, to the secretary for examination and report. After discussion, it was, on motion,

Resolved, That the consent of the Board be given to such transfer for the purposes indicated in said application (printed Minutes, page 710), and that the secretary be directed to notify the authorities of the Mount Moriah Cemetery of the action of the Board, and request that the transfer be made; provided, however, it be understood that in case of the dissolution or disbandment of the post the lot shall revert to the National Home.

General McMahon presented the report of the auditing committee of the Northwestern Branch, as follows:

We respectfully report that we have examined and audited the accounts of the Northwestern Branch of the National Home for Disabled Volunteer Soldiers, from

October 20, 1880, when the present governor and treasurer took charge, to June 30, 1881, and find as follows:

Cash receipts for the quarter ending December 31, 1880, were as follows:

Balance from General Hincks, retiring treasurer.....	\$4,258 78
From general treasurer.....	28,000 00
From all other sources.....	3,910 77
That the credits allowed the various departments—subsistence, stable, farm, household, and manufacturers, &c.—for supplies and work done, amounted to.....	6,028 68
Making total cash receipts and credits, as above.....	42,198 23

That the expenses for the same period were:

Cash.....	38,738 16
That the various departments of the Home—subsistence, construction, and repairs, stable, manufactures, hospital, &c.—were credited with..	6,028 68

Making a total of cash expenditures and credits given as above to the different departments of.....	44,766 84
Showing a balance against the Home and due the treasurer of the Northwestern Branch of.....	2,568 01

That the cash receipts for the quarter ending March 31, 1881, were as follows:

From the general treasurer.....	\$29,000 00
From subsistence, stable, farm, transportation, manufactures, &c.....	4,486 16
Credits given to various departments for supplies, &c.....	4,491 17
Making a total of.....	37,977 33

That the expenditures during the same period were.....	28,743 09
Credits given various departments—subsistence, construction and repairs.....	4,491 17

Making a total of.....	33,234 26
Leaving a balance on hand after deducting balance due treasurer at close of last quarter of.....	2,174 46

That the receipts for the quarter ending June 30th, 1881, were:

Balance from last quarter.....	2,174 46
Receipts from general treasurer.....	35,575 00
Cash receipts for subsistence, stable, transportation, manufactures, &c.....	3,491 76
By credits to the various departments—subsistence, stable, farm, manufactures, &c.....	5,378 45
Making a total of.....	47,019 67

That the expenditures during same period were:

Cash expenditures.....	33,096 92
By credits to the various departments—subsistence, current expenses, stable, construction and repairs, household, manufactures, &c.....	5,378 45

Making a total of.....	38,475 37
Leaving a balance on hand on the 30th of June, 1881, of.....	8,544 30

We find that the accounts for each of the above quarters are supported by the proper vouchers, except that three vouchers of the last quarter of 1880, viz:

Voucher 18, Abstract E.....	\$125 00
Voucher 13, Abstract I.....	1 50
Voucher 18, Abstract L.....	76 78

are missing from the files; and, also, that in the second quarter of 1881 there is an error of \$1, caused, no doubt, by a mistake in entering a voucher in the internal account.

Since the examination was made the committee have been informed that the three missing vouchers have been replaced, and that the error of \$1, referred to above, and also referred to in the certificate placed by the committee on the treasurer's books of the Home, has been discovered and corrected, and that the balance on hand June 30, 1881, is as above stated.

The auditing committee of the Northwestern Branch further report

that they examined the accounts of the store fund of said Branch, and find for the three quarters ending June 30, 1881, balances as follows :

Quarter ending December 31, 1880, balance	\$5, 792 37
Quarter ending March 31, 1881, balance	3, 440 87
Quarter ending June 30, 1881, balance	8, 231 36

M. T. McMAHON,

E. F. BROWN,

Inspector-General.

The case of the application of the executor and legatees of Joseph H. McCoy, late Company C, Fifteenth Ohio Volunteers, for the balance of money in the hands of the treasurer of the Central Branch, was then taken up, and Hon. John W. Foster, as counsel for the said executor, was heard in person on the subject. After discussion, action was postponed, and the matter referred to the Chief Justice of the United States for advice. Subsequently, at the suggestion of the Chief Justice, and because of the large amount involved, it was resolved that the necessary means be taken to have a judicial interpretation of the statute, and that the secretary be directed to unite with the representatives of the claimants in an agreed case, to be submitted to the courts for final decision.

Pending the consideration of this case, a letter was received from L. P. Coman, esq., attorney, Newark, Ohio, giving notice that the heirs of McCoy had taken measures to contest the will, and requesting the Board to make no payments pending the decision of the courts.

General Sharpe, governor of the Northwestern Branch, submitted plans and correspondence in relation to improvements in the hospital at the Northwestern Branch.

Upon motion, it was—

Resolved, That the sum of \$2,400 be appropriated for the purpose of making such improvement, viz: The addition of a second story to the corridor connecting the hospital wings with the kitchen, in order that food may be served in the upper stories of the hospital more expeditiously.

The secretary presented to the Board the proposition of the trustees and founders of Fitch's Home for Soldiers, Darien, Conn., to transfer the same, with the library, art gallery, and furniture pertaining thereto, to the National Home for Disabled Volunteer Soldiers, in accordance with the terms of an act of the Connecticut legislature recently passed, authorizing such transfer. After a full discussion of the subject, the following resolution was adopted :

Resolved, That this board, while gratefully appreciating the patriotic motives of the authorities of the State of Connecticut, of the trustees of Fitch's Home, and of its founder, Mr. Benjamin Fitch, in their munificent offer of that institution and its endowments to the National Home for Disabled Volunteer Soldiers, is desirous of accepting the same for the purposes expressed in the proposed deed of gift, provided it can be done under existing laws, and in accordance with the established policy of this Board in regard to the number of its Branches ; and, therefore, it is further

Resolved, That the subject be referred to the president and secretary of the Board to examine the terms of the legislative enactment of the State of Connecticut authorizing the proposed transfer, and also the conditions of deed of gift, with full power and authority to accept the same in the name of the Board, upon being fully satisfied that nothing in the said enactment or in the said deed of gift, or in anything connected with the proposed transfer in any manner commits the Board to the maintenance of the said Fitch Home as a separate Branch of the said National Home ; and upon accepting the same, in accordance with the foregoing authority and instructions, the said president and secretary shall communicate the fact to the governor of Connecticut, the trustees of the Fitch Home, and to Mr. Benjamin Fitch, the venerable founder of that institution, with the grateful acknowledgments of this Board.

Upon motion, it was

Resolved, That the governor of the Central Branch be authorized to organize a

special force from the inmates for guard duty at the Home, and to select and appoint as officers thereof a captain, one first lieutenant, and one second lieutenant, who shall be known respectively as the captain and lieutenants of the guard, and who shall receive a compensation hereafter to be fixed by the president of the Board.

Upon motion, it was

Resolved, That the governor of the Northwestern Branch be authorized to appoint an assistant to the postmaster at that Branch at a salary not to exceed \$12 per month, upon the removal of the post-office to Memorial Hall.

Upon motion, it was

Resolved, That the president of the Board be authorized to prepare and publish regulations to govern the issue of, and charges for, clothing at the various Branches.

The president of the Board reported that, in accordance with the authority given at the last meeting, he had extended the time for the completion of the contract for sale of clothing until June 30, 1882, the contractor having deposited, as a condition of such extension, the sum of \$12,000, which is to apply on the last payment for such clothing.

On motion, it was

Resolved, That the sum of \$4,600 be appropriated for the purpose of erecting a suitable office at the Southern Branch.

On motion, it was

Resolved, That the president of the Board be authorized to appoint a matron for the Southern Branch, and regulate her duties and fix her compensation, whenever proper accommodations can be furnished for her use.

Colonel Harris submitted special estimates from the governor of the Central Branch for wings on barracks 15, 16, and on Amusement Hall, viz, \$6,600. After careful examination of the papers submitted, on motion the sum of \$6,600 was appropriated for that purpose.

Also special estimates for commissary building at Central Branch, namely, \$6,130. After examination the sum of \$6,130 was appropriated for this purpose, as requested.

A special estimate for repairs and additions to the gas works at the Central Branch was submitted by the governor of that branch, and, on motion, was referred to Colonel Harris, with power to authorize such repairs and additions, if, upon examination, he deems it for the best interests of the Home.

The governor of the Central Branch submitted the proposals of the Gem City Lightning Protection Company for supplying the Homes with lightning-rods. Upon motion, the application was denied.

On motion of Colonel Harris, it was

Resolved, That the governors of the Central, Northwestern, and Southern Branches be authorized and directed to insure the Memorial Halls at the irrelative Branches to a reasonable amount, the cost of such insurance to be defrayed from the store fund.

The petition of the inmates of the Southern Branch, for the increase of salary of Rev. Thomas J. Murray, was referred to the local manager, General McClellan, for report.

General Coulter submitted the report of the auditing committee upon the accounts of the acting treasurer of the Home, as follows:

We, the undersigned, have this day examined and audited the accounts of General W. B. Franklin, acting treasurer of the National Home for Disabled Volunteer Soldiers, for the quarter ending the 31st of March, 1882, and find the same correct and supported by proper vouchers. The balance in his hands on the 31st of March, 1882, was \$136,680.76.

R. COULTER,
JNO. A. MARTIN,
L. A. HARRIS,
Auditing Committee.

The president of the Board submitted the following estimates for the quarter ending June 30, 1882, which, after careful revision, were agreed upon, as follows:

Central Branch	\$135,012 47
Northwestern Branch	31,224 68
Eastern Branch	37,917 65
Southern Branch	39,682 46
Clothing	110,000 00
Bedding	30,000 00
Out-door relief	4,000 00
	<hr/>
	388,737 25

Whereupon the following resolution was adopted:

Resolved, That the Board of Managers of the National Home for Disabled Volunteer Soldiers estimate and appropriate, out of the moneys which may be provided by law, the sum of \$388,737.25, as necessary to meet the current expenses of the four Branches of the Home for the quarter ending June 30, 1882, and for construction and repairs, clothing and bedding, out-door relief, and incidental expenses of the National Home for the quarter; and that the acting treasurer be, and he is hereby, authorized and empowered to take such means as may be necessary to obtain the sum of \$235,841.38, from the Treasury of the United States, and to receipt for the same in the name and behalf of the National Home: and to expend such amount realized from the sale of condemned clothing turned over to the Home under the act approved March 3, 1881 (Printed Minutes, page 686), as may be necessary to make up the full amount appropriated as above.

Pending the consideration of applications for readmission, &c., the Board took a recess and proceeded to Fortress Monroe.

The Board reconvened at the Southern Branch, Thursday, the 13th instant, at 10 o'clock a. m.

Present, the President of the United States, the Secretary of War, General William B. Franklin, Col. L. A. Harris, General Richard Coulter, General Martin T. McMahon, General John A. Martin, Maj. David C. Fulton, General George B. McClellan, General Charles W. Roberts.

Absent, the Chief Justice, General John M. Palmer.

After a review of the inmates and an inspection of the buildings, hospital and grounds, the Board proceeded to consider the applications for readmission, remission of penalties, and effects of deceased inmates, and made the following orders:

CENTRAL BRANCH.—READMISSIONS.

The following named soldiers, heretofore discharged, are, for sufficient reasons, readmitted unconditionally:

Of the whole number present June 30, 1882, 3,299 could read and write, and 321 could neither read nor write; of the latter, 22 per cent. were native born and 72 per cent. were foreign born.

HEALTH.

The whole number of deaths from all causes in the Home during the past year was 298, as against 261 last year; number treated in hospital 1,149, as against 1,076 last year. Nearly all these cases were chronic, and much the largest proportion was of old men; indeed, the mean age of those treated in hospital is over sixty years, four having reached nearly one hundred years of age, 14 over eighty, and 34 over seventy. Within the last two years we have lost two men who were over one hundred years of age. Fortunately, the Home has escaped the ravages of small-pox, which has been prevalent in our neighborhood; such precautionary measures were early taken that only one or two cases (and those doubtful ones) were permitted to enter the Home grounds, where they were kept isolated for several weeks until all danger had passed away. All inmates were required to submit to vaccination as a preventive. The recent action of the Military Committee in Congress renders it almost certain that our insane inmates are hereafter to be cared for at the Washington Asylum. This is a matter of vast importance, as the number of insane is rapidly increasing and our facilities for taking care of them are but a tithe of what are required for their treatment and our safety, as will be seen from the report of the surgeon, marked A, herewith inclosed. Our accommodations are not suffi-

cient to meet the wants of our inmates, who are increasing in number and becoming more and more enfeebled by age as well as from the disabilities which brought them to this Home. Authority has been given for the erection of a cheap building (similar to that in which are wards 8 and 9) for immediate and temporary hospital use. In this connection I desire to say that the comfort and well-being of the sick in hospital have been conscientiously cared for by the medical officers and attendants, by the matron, and by both the Protestant and Catholic ministers on duty at the Home.

STEAM ENGINEERING, &C.

Since the 1st of June last great changes have been made and others are in progress in the department of steam engineering, hydraulics, and gas. The report of the chief engineer, which is herewith inclosed, marked B, enters into the details of the works under his charge very fully and clearly.

STEAM BOILERS.

An inspection of the steam boilers in the Home had already been completed by the Hartford Steam Boiler Inspection and Insurance Company. The report of that company I inclose, as a proof of the absolute necessity which then existed for a thorough overhauling of almost every boiler in use at this branch. A second report made certifies to a widely different and very satisfactory condition of these boilers and their connections, copy inclosed, marked C.

WATER SUPPLY.

The extraordinary drought of last season impressed upon us more strongly than ever the conviction that our water supply for the general use of the Home was insufficient to meet our wants, although there was at all times a sufficient quantity of water in the lower lake, the capacity of our pumping engines, the contracted size of the water pipes and their imperfect distribution through the grounds now occupied by barracks and other buildings made it impossible to adequately supply water in sufficient quantities at points where most needed, whether for general use or to guard against fire. To meet the increasing demands for water supply, a special appropriation was made by your honorable Board at your meeting of January 11, 1882. As it was certain that much larger pipes must be laid from the deep lower lake up through the smaller lake, whatever system should be adopted, advantage was taken of the extreme low water to lay such pipe without waiting the action of the Board. This was done before the fall rains set in, at less cost than would now be required even to build the coffer-dam. It having been decided within the past month to adopt the stand pipe-system to guard against fires, the contracts have been made and the work is now in progress. (See report of chief engineer.)

SEWERAGE.

In my last report reference was made to the distribution of sewerage over the grounds of the Home not having their drainage in the direction of the lakes. This distribution was carried out in a most satisfactory manner, and the pump working regularly through the winter; but an unex-

pected result has followed. The vast amount of sewerage thrown out by the pump (averaging 130,000 gallons per day), after saturating our own grounds, filtered through into the small water-courses to the south and west of the Home grounds, poisoning the waters which supplied the stock on the farms through which they passed, and creating a nuisance of the same character as that which had formerly existed on the north of the Home grounds in the small tributary to the Wolf River. Threats of lawsuits and injunctions caused me to have a survey made of a route to the Miami River, some miles below Dayton and above Carrollton. As this has been regarded from the first as the only route by which the river could be reached at such a point as would make the delivery of our surplus sewerage into its waters unobjectionable, I would respectfully recommend an appropriation for this work. (See special estimates forwarded with board papers on the 5th instant.)

GAS.

As our numbers are constantly increasing, the capacity of our gas-works is entirely insufficient to meet the demands that are made for light. They have been forced to the utmost for nearly three years, every appliance for making and purifying gas having been worked to its extreme capacity, not leaving a single retort in reserve to meet accident. An entire overhauling of the works and the placing therein of an additional number of retorts has been contracted for. It is not intended to do more in this line than will be needful to meet our wants for the next three or four years, in the hope that the electric light may be introduced and utilized in this Home.

NEW BUILDINGS.

The new building for the subsistence department is nearly completed, and will soon be ready for occupation. The new laundry building is going up as rapidly as possible, the foundations being already laid, and a large part of the superstructure already up and inclosed. We regard this work as one of very great importance, and believe that it will be productive of the best results in securing to our men the entire control of their own underclothing, which it has not been possible thus far to do for want of the needful facilities. Ground has not yet been broken for the new machine-shops, adjoining the laundry, all our men being employed in connection with the water-works and other imperious demands for present labor, to which reference will be made hereafter.

The report of Chaplain Earnshaw gives a general idea of the religious instruction and services of himself as well as of Dr. Kemper, the Catholic priest, and the Ladies' Christian Association of Dayton. Religious services are also held at 6 o'clock on Sunday evening during the summer months, upon the campus, by the Young Men's Christian Association of Dayton. Two hundred and nine funerals were attended by Chaplain Earnshaw, and 42 by the Catholic priest. The condition of both the Thomas Library and the Putnam Library is very satisfactory. Taken in connection with the large reading-room, which is amply furnished with the daily papers, no community is better supplied with reading matter of every kind than our own. The school term of Miss Eaton closed on the 20th instant. Her duties have been performed in a most faithful, painstaking, and satisfactory manner, but, as the inmates age very rapidly, it is simply a question of time as to the discontinuance of the school in its present form (D).

A glance at the report of Mrs. E. L. Miller, matron in charge of linen-room, &c., marked E, is sufficient to show the absolute necessity for increased facilities in doing the vast amount of work connected with her department. The new laundry building is rapidly approaching completion; so soon as it can be occupied an entire change in the laundry system will be inaugurated, which will add much to the comfort and contentment of the inmates.

The report of the postmaster, marked F, shows the large amount of postal matter passing through this post-office at the Central Branch. With the facilities we now enjoy for dispatching and receiving our mails by railroad, there is no reason why we should be forced to perform the mail service for this office by wagon. Of late we have endeavored, by notices to correspondents and by printed letter-heads, envelopes, &c., to have mail matter directed to "National Military Home, Montgomery County, Ohio," our own proper post-office address, instead of "Soldiers' Home, near Dayton, Ohio." By this means the delay at Dayton of twelve or twenty-four hours will be avoided and much fault-finding saved. In this connection it may be proper to say that while the postmaster at Dayton is doing his best in urging these changes we find a steady resistance on the part of the telegraph lines to afford us relief from unjust charges. In the Home we have our own instruments, pay our own operator, and give all the profits to the telegraph company, yet on the immense number of "paid messages" received at the Home we are charged 25 cents each as delivery from Dayton.

FARM AND GARDEN.

The products of farm and garden cannot well be separated, and are therefore tabulated by the secretary and inclosed herewith, marked G. The inventory of the farm shows the following number of dairy stock kept on the Home farm and working animals for all purposes: Of fine short-horn cows, 20; short-horn heifers (not in milk), 16; common milch cows, 43; common heifers, 7; bull-calf, 1; Jersey cows, 8; bulls, 1; stock sheep, 52; mutton sheep (on hand to-day) 85; hogs, 72; pigs, 73; chickens (old and young), 179; horses (working), 8; mules, 37; 1 yoke steers. All of these mules are valuable animals for Home purposes, with the exception of two or three old ones, used on lawn mowers and at light work. Several of the mule teams are worth from \$300 to \$400. The drought of last year, which extended over such a wide area in these States, affected, to some extent, our returns from crops, while the exceptional character of the present season thus far has affected our early vegetables, sales of flowers, &c., but has given us increased grass and soiling crops much needed, while beef and mutton remain at their present high prices. Our dairy animals are showing up finely, and make us fair returns. Our working animals are in excellent condition and doing a vast amount of work connected with the Home. The management of the farm and stables by the present superintendent has been most satisfactory.

SHOPS, MECHANICAL TRADES, ETC.

The secretary's report of shops and their products, marked H, gives 15 shops and 338 men employed, at a cost of \$97,751.02, returning a value of \$109,411.17. Within the last three months the manufacture of cigars has been closed out, as it had ceased to be profitable, and the men there employed were required to meet the increased demands upon

the knitting-shop. With the introduction of the new system of manufacturing our own clothing, it became necessary to obtain larger accommodations for the tailor-shop; an old cheap wooden building in the edge of the woods was repaired and arranged to meet these increased demands upon the clothing department, and possession was taken by the tailors about January 8, 1882. We are now running about three machines and employing 53 men. Thus far only pants, blouses, and vests have been made for issue to beneficiaries. These articles have given the very best satisfaction to the men, and the few sacks which have been manufactured according to the new pattern for pensioners and laborers are exceedingly popular among all classes of the inmates of this Branch; all these articles are made of the very best material, such as I have never before seen delivered under contract for the Army. Of the blankets received under the last contract none have as yet been issued, as we are rapidly replacing bed-sacks by wire mattresses, on which three of the old and very much worn blankets are laid, and as many as are needed of the best already issued and ready for issue of the old pattern, allowed for covering. Should our numbers increase for the next few months as rapidly as in the past, one of the new contract blankets will, early in the winter, be allowed each bed for a covering. One of these is equal in warmth to two of the old issue.

The treasurer's report of the money value of clothing issued and sold to beneficiaries during the last year, inclosed herewith, marked I, shows the free issue to impecunious beneficiaries of \$63,910.35, as against \$79,702.39 last year, and sales to beneficiaries (receiving from pensions or labor over \$5 per month), \$1,338, as against \$923.28 last year. Number of beneficiaries drawing, 3,220; average value to each, \$19.85, a saving to the Home of \$15,792.04 on free issues, and increasing our sales by \$414.72. This saving is due largely to the system of checks that prevents beneficiaries from selling their clothing outside and recklessly destroying it while in their own possession. Further than this, as it is necessary for a beneficiary to turn over to the property sergeant his worn-out garments before they can be replaced by a new issue, the Home becomes possessed of a large quantity of rags, the greater portion of which has heretofore been lost or otherwise wasted; a report of the property sergeant shows the sales of rags turned over to him within the last year to amount to \$1,942.65, besides furnishing the needful quantity for use in the steam departments, for pipe laying, and for mops, &c., as heretofore required in the Home. To this sum should be added the value of working mittens made from old clothes, and of clothing turned over to the quartermaster for reissue, the whole sum amounting to over \$3,000.

PENSIONS.

The total number of pensioners at this Branch is 1,776. The treasurer reports \$254,279.04 amount of pensions received; \$83,744.73 amount paid to families; \$71,800 held by Home, at interest; \$18,756.37 retained by Home; and \$1,068.34 amount of fines, &c., collected. (See treasurer's report, marked J.)

SUBSISTENCE.

The report of Major Watson, in charge of subsistence, marked K, inclosed herewith, gives 19.49, as the cost of ration for first quarter, 21.69 for second quarter, 20.30 for third quarter, and 22.36 for fourth

quarter, making the average cost of ration for the year 20.95. The extraordinary rise in prices for all articles of food, especially of meats, sufficiently accounts for the increased cost of the ration over that of last year, which was 18.10. It is to be hoped that the abundant harvests now coming in, with the unusual amount of green forage, will soon reduce the cost of both the bread and meat ration.

The statement of the secretary, showing the average cost per capita, is herewith inclosed, marked L. From causes referred to in the preceding article, the cost per capita during the present year amounts to 114.10, as against 103.24 last year. The secretary's report of contingent fund, herewith enclosed, marked M. The secretary's financial statement of Home store account places our assets at \$13,320.70, with liabilities amounting to \$1,502.25, marked N. The statement of expenditures and receipts of Home store fund, reported by the secretary, is inclosed, marked O.

The report of the chairman of the amusement committee inclosed, marked P, gives the number of dramatic companies giving entertainments at the Home, 28; free plays, 16; paid plays, 53; Home band concerts, 41; total 138.

Statement of the number of visitors to the Home is inclosed, marked Q, showing an increase over last year of 7,488.

CONDUCT AND DISCIPLINE.

It gives me great pleasure to be able to report most favorably of the conduct of the inmates of this Branch for the last year, especially since September last, when the stand taken by the Board of Managers seemed to establish the principle that this is a national, and not a partisan institution. The question then settled, that the National Home is not to be controlled by local politicians and for party purposes, has given to its government a stability and a character not heretofore known. The inmates are quiet, well-behaved, and contented, with only such cases of misconduct as arise from habits of intemperance, mental weakness, and loss of will-power. It has been long since anything like insubordination or disaffection has arisen within the Home, not resulting directly from outside influence. A reorganization of the police guard, and a higher character given it by the appointment of its present efficient head, has done much to preserve the needful order and discipline. A statement of the number of offenses committed within the last year is inclosed, marked R. Of these offenses a very small number were from causes other than intemperance, involving as penalties only a stoppage of passes to town for a limited period or a few days of dump labor. Following the September meeting of the board, and for some weeks thereafter, several attempts were made by shyster lawyers and civil authorities to bring about collisions with the officers of the Home, and vexatious lawsuits were instituted to annoy them; but as these suits amounted to nothing, and the beneficiaries in whose pretended interest they were instituted pleaded to be received back to the Home from which they had been discharged, a needed lesson was taught to all parties concerned.

As will be seen from the various reports herewith inclosed, a vast amount of labor has been performed by our own men within the last year. The increasing disabilities of our men has affected the amount of inmate labor, of which they are capable, very materially. In those kinds of labor which can be let in jobs or piece-work inmate labor is a saving, but the average cost of inmate labor, performed by the day,

is probably greater than if performed by contract. In certain lines of skilled labor (plumbing for example) it has become necessary to call in citizen labor from the outside. The new buildings for the subsistence department, for the laundry, and for the new pump houses have been largely carried forward by contract, the excavations and preparations having been already made by our own men. The large amount of excavation and filling in connected with the pipe-laying for the new system of water supply, the grading of the cemetery, and the opening of quarries has made it necessary to keep a large force of men employed whenever the changeable weather of the season would permit out-door labor. The unfinished condition of the lower lake, which affords our only reliable water supply, has made extensions and excavations a necessity. Grading and completing the avenue around the lake, turbing its borders, &c., also involved a large amount of labor. To keep our avenues, roadways, sewers, and grounds generally in order, aside from the regular work of farm, garden, &c., gives constant employment to a large number of men. From these causes, as also from the character of the season, which has prevented us from working the low grounds on the new avenue to town, we are not as far advanced with that work as was anticipated; but with the completion of pipe-laying, lake work, &c., we will soon be able to put on as large a force as can work advantageously. Owing to the heavy fill which is required through all the low grounds, and the distance from the cut which supplies material, the work must progress rather slowly at best, but will probably be all the better, as giving more time for the road-bed to settle.

The attention of the Board is again called to the insufficiency of barrack room for the inmates. Having taken possession of the old cigar-shop, and fitted it up for the reception of beds, we have to-day forty-three beds vacant, which may be filled within forty-eight hours by the return of men on pass and furlough or of men returned from hospital for duty. We have had within the last six weeks as many as forty or fifty men without beds, lying upon barrack-floors. On the removal of the laundry to the new building the old can be remodelled for barracks, giving about one hundred and sixty-five beds; but this will give an insufficient number of beds to meet the influx of disabled men who flock hither at the approach of winter. The increased number of beds obtained through cigar-shop and laundry will be only two hundred and eight, which will be some thirty or forty below the highest number of inmates in the Home last winter.

In this connection it may be well, also, to say that our facilities for handling over three thousand men at the great dining-hall are very imperfect. We are obliged to seat, say, 1,100 men, three times, at each meal. To do this the employés at the kitchen and dining-room must be up a large portion of the night, and the men must turn out very early in the morning in order that the third table may get through breakfast in any reasonable time for work. A building for the storage of the large amount of public property at the Home is very much needed, much of this property being now insecure and without covering. A special estimate for a store building will be forwarded for the consideration of the Board.

All of which is respectfully submitted.

M. R. PATRICK,
Governor.

NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS,
MONTGOMERY COUNTY, OHIO,
Surgeon's Office, July —, 1882.

General M. R. PATRICK, *Governor* :

I have the honor to submit herewith the following report relative to the working of the hospital department of this Home for the year ending with the 30th June ultimo :

Number treated in hospital.....	1,149
Number treated in quarters.....	3,550
Number of insane treated.....	85
Total	4,784

In explanation of the apparent discrepancy of "men treated in quarters," in my report of 1881, and in the report of the present year, I will say that in the report of the year 1881, the estimate was based on the number of visits and prescriptions made, while the estimate in the report for the present year was made from the number of men treated, and as almost all of these men are old and feeble, and invalids from injuries or diseases contracted years ago, and some of them hypochondriacs or monomaniacs on the subject of their infirmities, and the great efficacy of drugs in such cases, they are constant attendants at "sick call," and are never happy or satisfied unless liberally supplied with medicines, and thus we show for 1881 32,950 cases, while for 1882 only 3,550 cases.

Number of deaths in hospital.....	251
Number of deaths on furlough.....	47
Total number of deaths.....	298

Making the proportion of deaths to the number cared for or death rate 6.22.

Permit me to call your attention to the extreme age of the patients in the hospital. No other public institution in the civilized world, except only a very few that are organized especially for the care and protection of aged people, presents so great a number of valitudinarians with such extreme age; as an illustration take the inmates of wards 1, 2, 3, and 4, about one-third have passed that good old age "three score and ten." Two years ago we lost Benjamin F. La Roy at the great age of one hundred years, and only last winter we lost by death Robert Warnick, who, by well authenticated evidence, had reached the remarkable age of one hundred and three years, showing the mean age of our inmates to be over sixty years. Four have reached almost the 100; fourteen are over 80; thirty-four are over 70.

During the past winter our Home has escaped most of the suffering, terrors, and excitement necessarily attending the terrible pest, small-pox, which has so long and seriously afflicted many of the cities and villages of this locality.

It has been feared by many medical men that from the peculiar habit and inclination of a large class of the inmates of the National Homes to wander over the country without a thought of the dangers of contagion, these institutions would be greatly subjected to all forms of contagious diseases, but time has proved the fallacy of this opinion, and although inmates were constantly coming in during the pest, only one suspicious case developed itself in the Home, and that, by the prompt and intelligent orders of our governor, General M. R. Patrick, was at once isolated, and not a case resulted therefrom.

Having in my first annual report fully explained the great want experienced at that time for more and better buildings and facilities for the proper care and treatment of the insane inmates, and more now, even, than when that report was made, I can only further urge the importance to this class of patients of more and better accommodations and facilities for their proper care and treatment. Almost every week we are receiving one or more of these unfortunate people, whose friends, having an ignorant horror for the very name of lunatic asylum, will use every means to obtain admission to this Home, where the facilities are almost *nil*, rather than send their patients to a well-regulated asylum, where their comforts and treatment are a hundred fold superior to what they can possibly have here with our meager facilities. At this time we have ten or fifteen delirious or violent patients, who, for safety to themselves and others, and for proper treatment, should have special and appropriate quarters and isolation. All these men we are compelled to shut up in six small, illy-ventilated rooms, or else keep them in the ordinary sick-wards, where they are a source of constant trouble to the sick inmates as well as the nurses and attendants of the wards.

In conclusion, I hope that the Board of Managers will fully consider the fact that this hospital was planned and constructed when the inmates of the Home numbered only hundreds, but since that time a constantly increasing number of wounded and suffering, but brave and noble men, who "rallied at their country's call," have sought and are now receiving the benefits and comforts of its sheltering walls, until its in-

mates are numbered by the thousands, and for the future proper care and treatment of this increased number of gallant men, I beg the Board of Managers will generously heed my respectful call for more room and improved facilities.

B.

NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS,
Central Branch, June 30, 1882.

General M. R. PATRICK, *Governor:*

In compliance with your order of date June 1, 1882, I have the honor to submit the following report of the permanent work and improvements made in the engineer department of this Home during the fiscal year ending June 30, 1882.

About June 1, 1881, I assumed charge of the engineer department of this Home, under your direction and management as governor, and I found many changes and improvements necessary to be made for the comfort and safety of those quartered at the Home, and, with your approval and support, much has been accomplished for the betterment of the department, leaving a great deal yet to be done before matters get into smooth working order. The first thing requiring attention immediately was the steam boilers doing service on the Home grounds. On examination I found some of them in a dangerous condition, and others so far gone that repairs must be made at once or serious results were likely to follow, all of which was largely due to the heavy incrustation of lime and other impurities within the boilers, which had manifested itself in cracks, blisters, and laminated places on the shell, requiring new sheets and patches on most of the boilers, and in some cases the removal of tubes for the more thorough cleaning of the same, and to facilitate repairs. Many of the boilers were very much out of level, owing to the tumble-down condition of the furnace walls and insecure support of the boilers. All the valves were in a leaky condition, and all pipe connections badly corroded, making it necessary, after renovating and repairing the boilers, to rebuild the furnaces and repipe the same throughout, using new and improved valves in all connections, all of which was accomplished in ample time for use before cold weather set in. The steam boilers of the Home are now in excellent condition, and, with the exception of a rusted-out breeching at the central boiler-house, which will have to be remedied, no expense of consequence will have to be incurred on them this season.

The next matter requiring attention was the care of and utilization of the sewerage, for which an appropriation had been made some time before and plans approved for its consummation. This work has been accomplished by the construction of a large receiving cistern with pump-house attached, in which has been placed a double-acting plunger-pump, having an easy capacity of delivering a half million gallons in twenty-four hours, taking steam to operate the pumping engine from the hospital boiler-house. From the pump leading out on the farm there has been put down below the frost line 5,124 feet of 6-inch cast-iron pipe, from which there has been put down as laterals 2,136 feet of 4-inch cast-iron pipes with 12 4-inch uprights, so situated as to distribute the sewerage over a large area of tillable land for irrigating and fertilizing purposes.

The average sewerage pumped each twenty-four hours amounts to 130,000 gallons, with a tendency to a material increase, rather than a diminution, which necessitates the extension contemplated to get rid of the nuisance.

During the very dry season of last summer and fall much difficulty was experienced in furnishing a supply of water for the general use of the Home, owing to the inadequacy of the pumping engines in use and the contracted size of the pipes leading from the pumps up to the distributing system of pipes in the populated portion of the grounds, and feeling assured that the time was near at hand when enlarged pumping engines and pipes must be put in, I recommended and you approved of the laying of larger pipes through the lake during the low water, which was done at comparatively small expense with what the same work would cost now with the lake full of water and the necessity for their use so near at hand. Since the appropriation was made for an increased water supply for the Home there has been placed in the ground 324 feet of 12-inch, 276 feet of 10-inch, 1,680 feet of 8-inch, 3,300 feet of 6-inch, and 1,800 feet of 4-inch cast-iron pipe, together with 345 feet of old 4-inch and 545 feet of old 3-inch cast-iron pipe which had formerly been used in the old distribution, with all necessary fittings, valves, fire-hydrants and service cocks, from which latter nearly all service pipes 1½-inch in diameter have been extended into all main buildings, from which a supply of water will be obtained for general use as well as for stand-pipe connections for fire purposes. The contracts have been awarded for pump-house and stack, pumping-engines, boilers, and stand-pipe, with every as-

surance that the new works for an increased water supply will be completed and in use early this fall. The completion of the stand-pipe may be delayed later, but I have every promise from the contractors that it will be pushed to completion before cold weather, if it is possible to do so.

The gas-works are in a very precarious condition, but, as you are aware, and with your approval, steps are being taken which will not only put the works in good order, but add materially to their productive capacity, as well as improve the quality of the gas. It is contemplated, when the gas-works are remodeled, to be able to tell within a fraction of what each 1,000 cubic feet of gas costs, and so arranged as not to be at the mercy of coal dealers any longer as to the quality of coal they are pleased to furnish.

I hope the time is not far distant when the Home grounds and buildings will be illuminated with the electric light, and all heating and cooking on the grounds will be done with gas, which, after the plant is provided, can be done much more satisfactorily, at less cost, and vastly less expense for maintenance.

During the fiscal year just closed there has been expended in the engineer department for material, supplies, and labor on the permanent improvements of the Home the following, to wit:

Steam boilers.—For the general repair of all steam boilers on the Home grounds, and the rebuilding of all furnace walls, two new iron boiler fronts and the repair of others; the repiping of all boilers, including new valves and fittings, cost in the aggregate the sum of \$4,208.88.

Sewerage.—There has been expended for the collection of sewerage from the slaughter-house and from sundry other points on the grounds, together with making repairs and the general care and maintenance of the system, the sum of \$1,129.82; also for the distribution of the sewerage there have been expended for large steam-pump with connections, together with all cast-iron pipe, fittings, valves, and other material in connection with said sewerage system, including labor on same, the sum of \$5,465.24.

Water works.—There has been expended on account of water supply, in repairs to mains and valves entering into the distribution of water, the sum of \$229.55. On a count of the new water supply there has been expended to date, for cast-iron pipe fittings, valves, fire-hydrants, and other material entering into the laying of pipe, including labor on rolls of engineer department, the sum of \$8,761.25.

Gas.—There has been expended during the past year on account of repairs to gas works, putting in additional lamp-posts, the extension of gas-mains and service-pipes, together with the general repair of lamps, and labor of maintenance and gas making, the sum of \$2,364.68.

Slaughter-house.—It has cost to extend a 3-inch water main to the slaughter-house, with necessary branches for the domestic as well as for fire purposes, including 250 feet of 1½-inch 4-ply fire hose, together with all material, connections, and labor, the sum of \$710.37.

Hospital and wards.—There has been expended in the renewal of main steam pipe through the tunnel, the enlargement of the supply pipes within the main building, the putting in of a large hot-water boiler (to replace a leaky one), the putting in of steam and water pipes at insane ward, and the general repair and maintenance of steam, water, and gas service for the past fiscal year, the sum of \$1,212.23.

Memorial Hall.—It has cost to fit up Memorial Hall with steam-heating apparatus, including all appurtenances thereunto belonging, together with the water supply for domestic as well as for fire purposes, including all necessary fire-hose and connections complete, the sum of \$1,783.05.

Hotel and restaurant.—There has been expended on the hotel for extension of steam heating to new rooms, including pipes, valves, &c.; also for two bath-tubs, changing of water-closets and urinals, with additional water supply and drainage from the same, together with the extension of gas-pipes with gas-fixtures, globes, and all necessary appurtenances with labor added, the sum of \$528.36.

Barracks.—For steam, water, and gas repairs, including all pipes, valves, fittings, appurtenances; also plumber's work in the case of closets, urinals, and sinks, together with repairs of locks, new keys, and other general work in and about the barracks, there has been expended the sum of \$1,518.53.

Dining-hall and kitchen.—There has been expended during the year for new hot-water boiler and all connections, new steam and return connections to meat-kettles, together with the general repairs to steam heating, steam cooking, plumbing, gas and water supply, the sum of \$496.43.

Officers' residences and quarters.—There has been expended on new work and repairs during the past year, for steam heating, water supply, gas service, plumbing and locksmith work, including all material used and labor for maintenance, the sum of \$52.62.

Laundry.—Repairs to steam engine and shafting, including general machinery and belting, together with steam, water, and gas repairs, embracing all labor and material expended during the past year, the sum of \$143.82.

Conservatory and green-house.—There has been expended for material and repairs in refitting furnaces at green-house, grates and iron work, also for plumbing at conservatory and locksmith work, including hose for use in watering lawns, flowers, &c., the sum of \$202.25.

Farm.—During the year there has been steam heating put in at south dairy; also an extension of water pipe at stable and for the care of animals in winter quarters, with repairs to steam heating, gas service, and farm implements, there has been expended the sum of \$198.03.

Bath-house.—The repairs to water pipes, gas service, and plumbing work at the bath-house, has cost during the year the sum of \$33.56.

Shops.—There has been expended during the past year for steam heating, and the introduction of gas into the new tailor-shop, which, together with the general repairs incident to steam heating, water supply, gas service, and plumbing in the several shops of the Home, for material and labor, the sum of \$675.83.

Steam fire department.—There has been purchased for use of the fire department during the year 600 feet of new hose at a cost of \$510. The repairs to fixtures in engine house and repairing bursted hose, has incurred an additional expense of \$20.92, making in all \$538.92.

Steam main.—During the past winter there has been sundry breaks in the steam main and return pipes, largely owing to the expansion and contraction incident to under-ground steam heating, and partly owing to the corroded condition of the pipes, which has occasioned an expenditure for repairs the sum of \$373.09.

Church.—There has been expended for repairs on steam-heating apparatus in the church, also on water supply and gas service, including all material and labor, together with the repair and care of church clock, the sum of \$47.84.

New commissary building.—The introduction of water and gas into this building has involved an expenditure up to the present time of \$176.03.

Post-office.—The placing of an additional radiator in the post-office, together with additional gas lights and ordinary repairs, has cost the sum of \$18.62.

Home avenue railroad.—On changing the terminus of the Home Avenue Railroad on the grounds, made it necessary to put in a new service pipe and arrangements for supplying their engines with water, which was consummated at a cost of \$83.92.

Construction and repair.—There has been a small amount of material furnished and work done not chargeable to any of the above accounts, such as the repair of locks and keys for outside places, the putting up of railing around area at restaurant, the repair of underground leader-pipes to cisterns, the expense of pumping out cess-pools and sewerage cisterns, the supply of oil for general uses, all of which amounts to the sum of \$274.50.

In conclusion I would report that the efficiency of this department is very much impaired for the want of a competent plumber to look after and do this class of work, but in all other branches I have had but little trouble in securing the services of inmates possessing the requisite skill to fill the several positions, and to no one am I under greater obligations for faithful, and efficient service, than to Mr. Thomas Hinton, who has not only been prompt to respond to every request, but from his long connection with the engineer department, coupled with his varied mechanical skill, makes him a valuable assistant.

Respectfully submitted.

J. K. RUGG,
Chief Engineer.

[Hartford Steam Boiler Inspection and Insurance Company, of Hartford, Conn. Organized in 1866. J. M. Allen, president; W. B. Franklin, vice-president; J. B. Pierce, secretary.]

AGENCY AT CHICAGO,
May 18, 1881.

DEAR SIR: The Hartford Steam Boiler Inspection and Insurance Company make the following report of the condition of your steam boilers (No. 16) at the Soldiers' Home, situate in Dayton, Ohio, inspected on the 10th day of May, 1881, viz. by Inspector Aid Collins: There are six boilers in central boiler-house, known as east and west batteries. The east battery, or section, are as follows: No. 1 has one burned sheet over fire; No. 2 presents externally a good appearance; No. 3, "tubular," has one plate badly burned and giving down, also tubes leaking in rear head. These defects are caused by an accumulation of incrustation and scale. Should advise that the tubes be taken out, also the burnt sheet repaired; the tubes cleaned and replaced, leaving out four tubes on each side. These tubes are too close to shell. Unless these suggestions are carried out, it will be only a question of time when

more extended repairs on this boiler would be compulsory. The west battery (Nos. 1, 2, and 3) each have burned plates (slight) over fire, caused by an accumulation of scale. The burns are not dangerous, and will not affect the safety of the boiler if properly cared for in the way of scaling and the removal of all incrustation. The boilers and all connections have been sadly neglected, and everything about them has had no especial care with a view to safety or economy. The furnace walls are in a tumble-down and dangerous condition. The boilers are heavily incrustated. All the stop-valves are leaking, so it is impossible for a man to get into the boilers to clean or take care of them. The try-cocks are all out of order, none of them in working condition, they depending upon glass gauges exclusively. The center of fire-fronts Nos. 1 and 2, also pedestals under rear end same boiler, want removing on account of being burned and warped out of shape.

LAUNDRY BOILERS—TWO HORIZONTAL TUBULAR.

Aside from incrustation and scale, these boilers are in a very fair condition. The furnace walls are badly out of shape. They want rebuilding. In reference to their fittings and connections, they are dangerous—of the worst kind.

STOP-VALVES BETWEEN BOILERS AND SAFETY-VALVES.

These must be changed. Would call attention to the water-tanks over these boilers. Find that at times the tanks overflow, which keeps the brick-work wet, which will certainly cause external corrosion and ruin the top of the boilers. This evil should be obviated.

PUMP-HOUSE—ONE FIRE-BOX AND ONE "ROOT."

The fire-box boiler (horizontal) is in very fair condition; rather above the average on the grounds. Still there is some incrustation and scale, and slight corrosion at hand-hole in rear head.

GAS-HOUSE.

This boiler is of the upright tubular type. It is leaking badly in lower tube or crown sheet. It would be advisable to remove the tubes and have it thoroughly cleaned. It would be advisable to have four hand-holes cut opposite the lower tube sheet, so as to remove any accumulation of scale or deposit in the future. This boiler should be placed so as to admit of room to get at openings for cleaning.

HOSPITAL BOILER-HOUSE.

These boilers have had but little attention as regards management. Find third joint No. 1, third to fourth joints of No. 2, leaking badly; also blister on third sheet No. 1. The boilers are heavily incrustated, and *dangerously so*. The stop-valves are all out of order, so much so that the steam cannot be shut off for a thorough internal inspection, much less to remove the accumulation and dirt. The brick-work is badly out of order and all require rebuilding. Gauge-cocks, none of them in working order; glass gauge used exclusively. The fire-fronts are burned and sprung to such an extent, that would recommend new fronts for these boilers (Nos. 1 and 2). Would say thirty-pound fronts instead of the forty-eight now in use.

PORTABLE BOILER, USED FOR VARIOUS PURPOSES.

This is a small portable boiler, used about the grounds and farm for pumping water, sawing wood, cutting feed, &c. Its general condition is good, and has had very fair care, and if properly cared for in the future, do not apprehend any danger in the future.

FINAL.

In conclusion, would say that all the brick-work in central boiler-house, laundry and hospital boiler-house must be rebuilt, all boilers thoroughly scaled, and all incrustations removed; each and every boiler to be provided with three (3) gauge-cocks direct to the boilers; a refitting of the safety-valves on laundry boilers, and all stop-valves in steam pipes to be refitted so as to shut off all steam at any and all times. All these are necessary for a more successful management and a surer guarantee of a higher per centage of safety, to say nothing of economy.

Very truly, yours,

H. D. P. BIGELOW,
Chief Inspector.

General M. R. PATRICK,
Governor Soldiers' Home, Dayton, Ohio.

[Hartford Steam Boiler Inspection and Insurance Company, of Hartford, Conn.]

AGENCY AT CHICAGO, June 15, 1882.

DEAR SIR: The Hartford Steam Boiler Inspection and Insurance Company make the following report of the condition of your steam boilers (sixteen), inspected from the 12th to the 25th day of May, 1882, by A. Collins, inspector, viz: These boilers were all thoroughly inspected and found in good condition, with very slight exception of No. 1 boiler at laundry and No. 3 east section central boiler-house; each of these boilers have slight leaks at tubes near head; laundry slight leak over fire-sheet, and No. 3 at central house. The boilers present a very good appearance as regards cleanliness; still they could be improved by thorough scaling. The fittings and connections, including all valves, gages, pipes, &c., are in perfect working order and stand approved. The lining of some of the furnaces will want rebuilding through the summer, so as to have them ready for work in winter. In conclusion, allow us to congratulate you on the perfect success in bringing about such good results and improvements in your steam apparatus from such dilapidated wrecks as we found you contending with one year ago.

All of which is respectfully submitted.

H. D. BIGELOW,
Chief Inspector.

General R. M. PATRICK, Governor,

NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS,
Central Branch, June 30, 1882.

General M. R. PATRICK, Governor:

I have the honor, in compliance with circular orders dated headquarters Central Branch, National Home for Disabled Volunteer Soldiers, June 12, 1882, to submit my report for the year beginning July 1, 1881, and ending June 30, 1882.

RELIGIOUS SERVICES.

Religious services have been regularly conducted as follows in church: Sabbath school at 9 a. m.; preaching service at 10.30 a. m.; preaching service in hospital chapel at 3 p. m.; general religious service at church at 7.30 p. m.; lecture and prayer meeting on Wednesday at 7.30 p. m. Daily visits have been made to the sick in hospital, and such religious services as were required were held.

The Ladies Christian Association, of Dayton, have held semi-monthly meetings in the Home church during the year with good success.

The Home Christian Association, comprised of members of different denominations, is in a prosperous condition, and numbers over three hundred members.

Rev. Dr. Charles Kemper, of Dayton, has regularly held services for and ministered to the Catholics of the Home during the year. All the religious services have been well attended.

Two hundred and ninety-eight veterans have died during the year.

Two hundred and nine funerals were attended by the chaplain.

Forty-two funerals were attended by the Catholic priest.

Forty-seven veterans died whilst on furlough, and were buried where they died.

LIBRARY AND READING-ROOM.

The Putnam library has now 5,314 volumes; the George H. Thomas library contains 6,901 volumes; total in both libraries, 12,215. Number of volumes issued and read during the year, 42,884; number of volumes purchased, 10; donated during the year, 425=435.

Number of daily papers received	57
Number of weekly papers received	191
Number of semi-weekly papers received	3
Number of magazines, &c., received	27

On June 1 the post-office was removed to a room especially designed for it in the Ward Memorial Building, which room has been fitted up in an elegant and commodious manner, greatly facilitating the transaction of post-office business.

RELIGIOUS INSTRUCTION.

The Protestant Episcopal chaplain, Rev. C. L. Mallory, reports as follows:

I have the honor to report that since entering upon my duties as chaplain on the 15th of June, 1881, regular services have been rendered each Sunday morning in the chapel of the home. On the second Sunday in each month and on the principal holy days, the Holy Communion has been celebrated. For a part of the year I held services also on Thursday evenings. I have officiated at thirty-seven funerals of inmates, and have buried two children of families residing on the grounds of the Home. For most of the year I have been able to pay weekly visits to the hospital, usually on Thursday or Friday. I have baptized one inmate. There has been an encouraging increase in the attendance upon the services, and a marked improvement in the music, both at Sunday services and at funerals.

Report of the Roman Catholic chaplain, Rev. Ferd. L. Weinman, S. J.:

Following in the footsteps of my esteemed predecessor, now deceased, I have endeavored to the best of my ability to advance the good work so auspiciously begun.

I have visited the Home regularly at the appointed times with the most encouraging results.

I have conferred individually with all who came under my charge, and I am pleased to know that my efforts have not been in vain.

* By a clerical error in my report for quarter ending December 31, 1881, 661 volumes only were given as issued for reading, when 1,650 should have been given, making a total for the year, 6,700.

GEO. W. BARBER, *Librarian*.

I conducted two services weekly in the main building after first visiting all the patients in the different wards of the hospital.

I have performed twenty-seven funeral services, and have administered the Sacrament of Penance and the Holy Eucharist over three thousand times.

I am exceedingly pleased that the chapel is now exclusively devoted to religious service, and that at an early date, under the direction of our energetic governor and his esteemed lady, it will be appropriately furnished and decorated.

------------------------------------------------------------------------------------------------------------	-----------

The average daily number of beneficiaries subsisted, including men temporarily at post, was 732.26, making the whole number of rations issued, 267,274.

Divide 40,453.70, the cost of subsistence, by 267,274, the number of rations issued, and we have \$15.13.

The cost of the ration in 1870 was \$23.62; in 1871, \$21.27; in 1872, \$22.33; in 1873, \$22.91; in 1874, \$21.69; in 1875, \$21.61; in 1876, thirteen months, \$19.28; in 1877, \$19.19; in 1878, \$17.35; in the six months ending June 30, 1879, \$14.60; in the fiscal year ending June 30, 1880, \$14.31; and in the fiscal year ending June 30, 1881, \$14.77 per hundred.

BILL OF FARE.

No permanent diet list is prescribed, either in the general kitchen or hospital, but a bill of fare, adapted as far as practicable to the season, is prepared daily for the general kitchen by the governor, and the commissary employes and cooks are required to conform to it strictly. In the hospital the bill of fare is prescribed by the surgeon.

IMPROVEMENTS.

During the year a new building has been erected, having on its main floor a post-office, railroad waiting-room, Home store, and restaurant; the second floor is finished and furnished for an amusement hall, and is well adapted to this end. By direction of the Board of Managers it is

called the "Ward Memorial Hall," in honor of Horatio Ward, of Virginia, who at his death left \$100,000 dollars to the Homes to be used for the benefit of the inmates. The cost of the building was \$22,000.

A second story has been added to the corridors connecting the wings with the central building and kitchen of the hospital; this is a much needed improvement as it lightens the labor consequent upon waiting on so many invalids. The cost was \$2,350.

SANITARY REGULATIONS.

General orders of this Branch No. 19, dated May 18, 1875, requires all beneficiaries of the Home to bathe not less frequently than once a week, and the company sergeants, charged with the execution of this order, submit the following reports:

Report of Sergeant Joseph Horle, Company A :

The provisions of General Orders, No. 19, dated May 18, 1875, requiring men to take a bath once a week, has been strictly enforced during the last fiscal year, with beneficial results to the health of the inmates of the Home and the sanitary condition of the building.

Report of Sergeant Henry Topping, Company B :

I have the honor to report that General Orders, No. 19, has been strictly complied with during the last year, with results beneficial to the health, cleanliness, and comfort of the men.

Report of Sergeant Charles Lidle, Company C :

I have the honor to report that General Orders, No. 19, dated May 18, 1875, has been strictly enforced, with general satisfaction.

Report of Sergeant James B. Kennedy, Company D :

I have the honor to state that General Orders, No. 19, has been strictly complied with during the past year, with results beneficial to the health, cleanliness, and comfort of the men.

Report of Sergeant George Fiedler, band :

I have the honor to report that General Orders, No. 19, dated May 18, 1875, relating to bathing once a week, has been strictly observed in the band during the past year, with results beneficial to health, cleanliness, and comfort of its members.

The Surgeon reports :

The rules of the hospital require each patient to bathe once a week, except the very aged and those confined to their beds, who have a sponge bath administered by the nurses of their respective wards as often as advised by the surgeon.

VISITORS TO THE HOME.

During the year a large number of persons, representing every part of this country and many foreign nations, have registered at the office and been shown through the buildings, expressing admiration of the cleanliness and order which they have observed.

I am, very respectfully, your obedient servant,

JACOB SHARPE,
Governor and Treasurer.

J. SHARPE,

ANNUAL REPORT OF EASTERN BRANCH FOR YEAR ENDING JUNE 30, 1882.

TOGUS, ME., August 29, 1882.

GENERAL: There is little to add to the foregoing statistical reports. Everything is going on satisfactorily in the Home. The most noteworthy fact is the increase in the number of the beneficiaries of the Home. During the year ending June 30, 1880, our numbers fell off 6 per centum, and about the same in 1881, but this year there has been an increase of 18 per cent. While this may be partially accounted for by the fact that the Central Home is full, yet it mainly arises from natural causes. Many good men who have heretofore been able to earn a partial support have now been forced to succumb to wounds or disease incurred during their army service, and avail themselves of the privileges of the Home. It seems very probable that the number of old soldiers seeking entrance at our gates during the ensuing fiscal year will fully equal that of this year.

Our present facilities are taxed to the utmost to accommodate them.

Respectfully,

W. S. TILTON,
Governor.

General M. T. McMAHON, *Secretary,*
No. 73 Nassau Street, New York City.

Religious services are held as follows: Sabbath-school at 2.30 p. m. Services are held every Sunday afternoon in Amusement Hall, at 3.30 p. m., by Rev. Samuel Upjohn.

Catholic services are conducted by Rev. Jeremiah McCarthy once a fortnight, at 2 p. m. Saturday and 8 a. m. Sunday.

The attendance at all religious services are very large, and continually increasing, showing the deep interest taken by the men in the benefits of religion. It has also a restraining influence on their minds, bringing many to a sense of their duty, and restraining them from excesses in drink, to which they are strongly tempted on account of the many low grogeries surrounding the Home.

W. S. TILTON,
Governor,

ANNUAL REPORT OF THE SOUTHERN BRANCH, NATIONAL
HOME FOR DISABLED VOLUNTEER SOLDIERS.NEAR FORTRESS MONROE, VA., *August 29, 1882.*

GENERAL: I have the honor to submit the following report of this Branch for the fiscal year ending June 30, 1882:

Total number present June 30, 1881.....	706
Total number present June 30, 1882.....	770

There has been an increase in the number admitted and cared for compared with preceding year. This is due partly to the over-crowded condition of the Central Branch, but mainly from disabled soldiers seeking here a change of climate as well as a place of refuge. The number of those advanced in consumption and other pulmonary affections is remarkable; presumably the mild climate of this Home is preferred by patients and their friends. In view of the increased numbers of those suffering from incurable diseases, we have reason for gratitude in our relatively low death-rate, the infirm and ailing condition of many of our newly-admitted inmates being considered. There has been no form or semblance of epidemic disease.

The strict sanitary measures enforced, the temporary quarantining of newly-arrived inmates, and the wholesale use of vaccine virus (every officer and inmate having been vaccinated) has saved us from having during the year a single case of small-pox, although we had reason to fear that many of our inmates had been in contact with parties suffering from that disorder while en route to the Home.

The unrivaled facilities for salt-water bathing, boating, and fishing tend to preserve the health and occupy the minds of inmates.

Owing to the remodeling of our main building about four hundred of our men were transferred to tents at the beginning of summer; while this has caused some discomfort, in comparison with the regular quarters, yet the men on the whole enjoy tent life, and I do not know but it has been beneficial rather than otherwise.

Very respectfully,

P. T. WOODFIN,
Governor.

General M. T. McMAHON,
Secretary Board of Managers, New York City.

There is a daily surgeon's call when inmates are treated for ailments in a minor stage usually not requiring regular hospital treatment.

The percentage of men treated in hospital and quarters has been less than last year, owing undoubtedly to strict sanitary regulations added to, generally, more than usually favorable meteorological conditions.

AMUSEMENTS.

Bathing, boating, fishing, billiards, bowling-alley, dominoes, chess, cards, checkers, dramatic presentations, concerts, lectures, band concerts, &c.

GREEN-HOUSE.

One rose house, well stocked with choice roses, and 20 hot beds have been added. One hundred and thirty flower beds kept and stocked with 65,000 choice plants and flowers, all propagated at the Home. There are 5,000 new and rare plants at present in the house.

LAUNDRY.

Ninety-nine thousand one hundred and twenty-six articles have been washed, ironed, and issued, and 51,518 articles washed and issued not ironed.

There is no school at this branch.

BATHING.

Each inmate is required to bathe once a week, while the commodious bath-house at the wharf is open at all hours without limitation.

RELIGIOUS SERVICES.

Weekly religious services have been held by Protestant clergymen—Baptist, Methodist, and Episcopal alternately. Catholic services every Sabbath morning and on holy days. All services are well attended. The sick in hospital are regularly visited by the chaplains of their faith.

VISITORS.

There have been quite a number of visitors, but not so many as in former years, as, owing to building operations and the men being out in tents, a large number of picnics have been recommended to seek other localities until improvements are completed.

IMPROVEMENTS.

There have been very great improvements during the year. Ward Memorial Hall has been built, giving us a dining-room, which seats easily 800, a commodious kitchen, a theater seating 900, which is fitted up in the best manner and in style to allow of the presentation of any play, and a billiard-room with four tables. Commodious headquarters have been erected, and expensive additions and alterations to main building have been commenced, which, when completed, will leave nothing wanting, except additional hospital accommodations, to render this branch completely fitted for the purpose it is intended to fulfill.

New stables have also been erected at Buck Row farm.

Respectfully submitted.

P. T. WOODFIN,
Governor.
