ANNUAL REPORT OF THE BOARD OF MANAGERS OF THE NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS FOR THE FISCAL YEAR ENDING JUNE 30, 1888.

To the honorable the Senate and House of Representatives in Congress assembled:

The Board of Managers of the National Home for Disabled Volunteer Soldiers makes the following report of the institution for the fiscal year ending June 30, 1888, in obedience to the law:

During the year a vacancy occurred among the *ex-officio* members of the Board through the death of Hon. M. R. Waite, the Chief Justice of the United States. His attendance at the meetings of the Board had been constant when his other important duties permitted, and the assistance afforded by him to the Board in its duties from his able and conscientious advice, his courteous manners, and pleasant social relations with the members, caused his loss to be severely felt by the Board. His successor had not been qualified at the end of the fiscal year.

The ordinary duties of the Board have been performed during the year, and the Branches visited and inspected as the law prescribes. The Board also visited the Pacific coast in November last, and located the Pacific Branch, in obedience to the law of March 3, 1887, directing the establishment and maintenance of a Branch Home west of the Rocky Mountains. A detailed report of its proceedings in this matter was made in the last annual report. Since January 1, the site has been located, the grounds inclosed, and the necessary buildings have been commenced so far as the appropriation would justify, and the water supply has been assured.

A few men are already sheltered there, but the bulk of men who would occupy the Branch must stay away until the buildings are finished and water in sufficient quantity has been brought to the Branch. It is expected that this consummation will be reached in the course of the next three months.

The supplies of the Home have been purchased by legal contracts under competition. Their quality has been good and the prices reasonable. The materials for the clothing and bedding have been purchased under contract and have been made up by the labor of the members generally, and by their families.

The complaints of the members, which have been very few, have been patiently heard, and corrections have been applied where they were necessary. The members have been comfortably housed, liberally clothed and fed, and no complaints on these matters have come to the notice of the Board.

The Board in its last report stated that every bed in the Home was then in use. It afterwards presented an estimate to Congress for additional barracks, which, however, was not favorably acted upon until October 2, last, too late to build the barracks for use during the coming winter. The Home must, therefore, remain in its present crowded condition until some time next year, when the barracks provided for in October will be finished.

The Board also recommended that aid should be granted to such Homes for Disabled Soldiers and Sailors of the Union service as are or may be incorporated by the States, and are supported by State appropriations. An act in accordance with this recommendation was approved on August 27, 1888, and the Board has made the regulations contemplated by the act, so that the amounts to become due under it can be properly paid.

The average number of members present during the last six fiscal years are as follows:

Year ending June 30.	Aggregate.	Gain.	Year ending June 30.	Aggregate.	Gain.
1883	6,738	.....	1886	8,758	640
1884	7,494	756	1887	9,718	960
1885	8,118	624	1888	10,681	963

It appears, therefore, that the average number present through the whole year has increased in six years 3,943, or 59 per cent. The number present and absent has increased in the same period from 8,480 during the year ending June 30, 1883, to 13,552 for the year ending June 30, 1888. The number of deaths was, in the year ending June 30, 1883, 485, and in that ending June 30, 1888, 716. The percentage of increase of members present and absent in the six years is 60, and that of deaths 48. Had the members of the Home belonged to a class insurable in life insurance companies, the number of deaths in the same number of corresponding ages would have been 450. Hence the number of deaths among the members of the Home in the last fiscal year exceeds by 266, or 60 per cent., the number that would have occurred among the same number of men of the same ages in ordinary health. These figures show the great disability of the members of the Home. The Board will not attempt to assert what will be the maximum membership of the Home. The ages and disabilities of those entitled to admission constantly increase, and the membership must increase annually until the number of deaths equals the number of admissions. But nothing shows that that time will soon arrive. The act granting aid to the State Homes, to which reference has been made, will, it is hoped, encourage the States to make increased accommodations for their soldiers who are disabled, and by this means to diminish the call upon the National Home. But the amount of this relief, and the time required to make it, an important element as affecting the membership of the Home, can only be determined by experience.

The Board has taken the necessary steps to secure a site for the Branch Home in Grant County, Indiana, authorized by the act of Congress approved July 23, 1888, and will commence the erection of the buildings as soon as the site has been secured and the required gas well sunk.

Capt. William Blanding, of San Francisco, a member of the Board of Managers, died on October 27. He was an able and efficient manager and the Board sincerely regrets his loss.

Since the mention of the Pacific Branch was made as above, the Board has visited that branch. It finds that sufficient water will be brought to the grounds of the branch in about two months, that two barracks that will house 250 men are completed, that two more are in course of construction which will house about as many more. One of these must be used for a dining-room, hospital, headquarters, and all other offices in the absence of any other buildings, thus materially crippling the already too contracted accommodations. The board is of opinion that the sum of $100,000 should be appropriated for an office building, boiler-house, dining-hall, and completion of the water supply, leaving the matter of a hospital building until the branch becomes materially larger.

About 50 men have been supported at the Home for about a year, and temporary accommodations for a large additional number are in course

of preparation, in addition to the permanent structures already mentioned.

The tables appended to this report, from A to F inclusive, show the financial transactions of the Board for the fiscal year, and the estimates for the next fiscal year. Table G shows in detail the expenditures for bedding and clothing, and also clothing issued during the fiscal year. Table H shows the articles of bedding and clothing manufactured during the fiscal year, and the cost of the same. Table I shows the expenses in detail of the Board of Managers for the fiscal year. Table J gives the annual cost of keeping each member of the Home from its organization to June 30, 1888. All expenses are included except those for construction and purchases of land. Table K gives the accounts current of the acting treasurer for the fiscal year, of the general fund, the additional barrack fund, and the Pacific Branch fund. Tables L, M, and N give the accounts current of the pension, posthumous, and post funds, Table L showing also the number of pensioners, the amount paid to families of pensioners through the treasurers of the branches, and the amount paid direct to pensioners.

The record of members, showing the changes from July 1, 1887, to June 30, 1888, is appended to this report.

The report of the secretary gives the journal of the proceedings of the Board of Managers for the fiscal year, the statistics of the Home for the same period, and the annual report of each branch.

W. B. FRANKLIN,
President Board of Managers,
National Home for Disabled Volunteer Soldiers.

PROCEEDINGS OF THE BOARD OF MANAGERS OF THE NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, NOVEMBER 10, 1887.

CENTRAL BRANCH, NATIONAL HOME
FOR DISABLED VOL'NTEER SOLDIERS,
November 10, 1887.

The Board met in regular quarterly session at the Central Branch, near Dayton, Ohio, November 10, 1887, at 11 a. m.

Absent: The President of the United States, the Chief-Justice, the Secretary of War; General J. A. Martin, second vice-president (joined at Omaha); General M. T. McMahon, secretary (joined at Milwaukee); Capt. William Blanding (joined at Sacramento).

A petition of Union Veteran Lodge, No. 540, I. O. G. T., Southern Branch, National Home for Disabled Volunteer Soldiers, was then read, and on motion (General Black) a committee of two, to be appointed by the president of the Board, was directed to visit the Southern Branch and investigate charges contained in said petition. The president appointed as such committee Generals Negley and Hyde.

On motion (General Hyde) $650 was appropriated from the post fund of the Eastern Branch to complete the new chapel at that branch.

A report by Dr. J. S. Billings, surgeon U. S. Army, on the permanent improvements made at Southern Branch, was then read and ordered spread upon the minutes, viz:

WASHINGTON, D. C., *October* 7, 1887.

GENERAL: In accordance with your request, conveyed to me verbally by Mr. Gunnell, I have visited the Southern Branch National Home at Hampton, Va., and examined the improvements which have been made in regard to sewerage, drainage, construction of buildings, etc., and also the ground of the proposed improvement on Jones' Creek.

The improvement which has been made by dredging out John's Creek and the filling in of the ground in front of the hospital is certainly very great, and I am glad to find that the work has been accomplished without in any way endangering the health of the inmates of the hospital or that of any of the residents of the Home. The new sewage pump station on the banks of Jones' Creek, with its connections and outlets, seems to be working admirably, and will, I think, completely fulfill its purpose of removing all nuisance and danger from the sewage disposal of the Home.

With regard to the proposed improvement of the banks of Jones' Creek, below the sewage pump station, by dredging out the creek and filling in the low ground with the material thus obtained it is impossible to speak definitely as to the effect which this work will have on the health of the inmates of the Home. Undoubtedly the mud which it is proposed to dredge from the creek is saturated to a considerable depth, say 4 or 5 feet at least, with organic matter, a part of which has been derived from the sewage which fell into the creek from the old privy, now abandoned. The exposure of such soil to sun and wind may give rise to exhalations which will produce sickness of a malarial character, and especially bowel troubles, in those who are exposed to them. On the other hand, taking into consideration the location into which this mud is to be dumped, and the direction of the prevailing winds, and the fact that there are not present in this material the germs of any specific disease, I think that the risk to the health of the inmates of the Home from performing this work is comparatively small, especially if the dredged material be taken entirely from the lower part of the creek opposite the point below the last store-house, and the desirability of having this low ground filled in is so great that I would, upon the whole, recommend that this risk be run. The dredging and filling work should, of course, be done entirely during the winter.

The new buildings which have been erected in connection with the hospital are very satisfactory, and the hospital establishment, though somewhat crowded, is in excellent condition.

Very respectfully, your obedient servant,

JOHN S. BILLINGS,
Surgeon U. S. Army.

General W. B. FRANKLIN,
President Board of Managers, National Home for Disabled Volunteer Soldiers, Hartford, Conn.

A communication from the governor of the Southern Branch, recommending the release of 8 acres of Buck Row farm, as a site for a summer villa, was read and referred to Generals Negley and Hyde for investigation and report at next meeting of the Board.

An application from the governor of the Southern Branch, requesting an increase of pay, was then read, and on motion denied.

After discussion, it was, on motion of General Negley—

Resolved, That $2,000, or as much thereof as may be necessary, in addition to the amount heretofore appropriated, be appropriated from the post fund of the Southern Branch for the completion of the pavilion at that branch.

On arrival at the city of Sacramento, November 18, the Board was met by the mayor and a delegation of citizens of that city and tendered kindly hospitalities, which, owing to delay in arrival, it was found necessary to decline.

NOVEMBER 21, 1887.

No other parties being present to be heard in person, the Board thereupon resolved to visit the Home in Napa Valley on Tuesday; the harbor of San Francisco on Wednesday; Monterey and Santa Cruz on Thursday; the sites offered in Sonoma Valley on Friday; the sites offered in Alameda County on Saturday, and leave for Santa Barbara, Los Angeles, San Diego, and San Bernardino, to visit the various sites proposed in southern California, on Sunday afternoon.

After visiting the other points named above, the Board proceeded, November 27, to Santa Barbara, and on the evening of the 28th and the morning of the 29th examined various sites proposed in that vicinity.

They were hospitably entertained by the mayor and citizens of Santa Barbara, and assured that either of the sites offered, if selected by the Board, would undoubtedly be donated by the citizens.

On the same evening the Board proceeded to Los Angeles, and gave open hearing to the mayor, the representatives of the board of trade, and other distinguished citizens from Los Angeles and other places in southern California.

The Board received great hospitality from the gentlemen referred to, and from General Nelson A. Miles, U. S. Army, commanding the department.

At the open hearing, propositions were made as follows:

By Judge Vandyke, representing Senator J. P. Jones: Six hundred acres, to be taken from the Jones & Baker and the Wolfskill ranches, 300 from each, on either

side of the boundary line. Also additional lands, to be converted into money, to the amount of $20,000; situation 5 miles from Santa Monica, on the coast, in full view of the sea; water supply ample from springs. Also 300 acres from any part of the Jones & Baker tract outside of the limits of the town of Santa Monica. This to be accompanied by a larger donation in money, on behalf of the owners of the Wolfskill ranch.

Judge Whitney called attention to the offer, heretofore made in writing, of sites in San Bernardina County, at Hesperia, by the Hesperia Land and Water Company.

Mr. Whilhelditz proposed the Island Santa Catalina, off San Pedro, 23 miles from the coast and 28 miles from the landing; 5,000 acres.

Proposition was made on behalf of the Inglewood Company of a site 4½ miles from the city; artesian water in abundance; two railroads passing through the grounds; price $50,000, which will be contributed by citizens.

Colonel Bonsall suggested the Freeman homestead of 300 acres.

No other parties desiring to be heard, the Board decided to visit the sites suggested, or such of them as were deemed available, on the following day.

November 30 the Board proceeded to examine the sites proposed at Inglewood and the vicinity of Santa Monica.

The sites were carefully inspected with reference to water supply, healthfulness, and accessibility.

On the same evening the Board proceeded to San Diego, where they were received and kindly entertained by the mayor, the representatives of the board of trade, and other prominent citizens of the city.

An open session was held for the purpose of receiving propositions.

The sites proposed on behalf of the municipal authorities of San Diego were 160 acres, in the reservation of the city park (subsequently increased to 200 acres), and another site on the west side of the bay of San Diego, lying between the foot-hills and the water.

Sites were also offered by the San Diego Town and Land Company in the vicinity of National City, namely: Two different tracts of 600 acres each, lying on the line of the railroad, in the direction of the Great Sweetwater dam, to be supplied with water from the reservoir of the National City; about 5 miles from the coast.

Also a tract of 300 acres on another branch of the railroad from National City toward the Mexican frontier, about one-half mile from the coast; water supply the same.

December 1 the Board proceeded to examine carefully the sites offered in the vicinity of San Diego, and December 2 the sites offered on behalf of the San Diego Town and Land Company in the vicinity of National City.

The same evening the Board proceeded by train to San Bernardino.

December 3 the Board proceeded in a special train, furnished by the courtesy of the Hesperia Land and Water Company, to visit and examine the site offered by that company in San Bernardino County, and the same day renewed its journey east.

December 3 the Board convened in executive session on the car St. Nicholas.

Colonel Harris moved that the Board proceed to take an informal ballot, and that each member name on such ballot three places as his first, second, and third choice for the location of the Pacific Branch.

General Black, for the purpose merely of discussion as to the relative merits of the sites offered, moved, as an amendment, that San Diego, or its vicinity, be selected as the site for the said branch.

After a considerable discussion, General Hyde moved, as an amendment to the amendment, that Santa Barbara be substituted for San Diego.

General Hyde's amendment was accepted by General Black, but after further discussion of a general character was withdrawn.

General Negley thereupon offered an amendment to the original motion, that Santa Monica, or the vicinity thereof, be selected as the site for the Pacific Branch.

The president of the Board proposed, as a further amendment, that Oakland, or the vicinity thereof, be selected as the proposed site.

After further general discussion, both amendments were withdrawn and the original motion to proceed to an informal ballot for the selection of a site, each member voting for three places, as first, second, and third choice, was adopted.

The ballot resulted as follows:

First choice.	Second choice.	Third choice.
San Diego.	Oakland.	Santa Barbara.
Monterey.	Hesperia.	Los Angeles.
Bay of San Francisco.	Santa Barbara.	Los Angeles.
Oakland.	Napa.	Santa Cruz.
Santa Barbara.	San Diego.	Santa Monica.
Santa Monica.	Santa Rosa.	San Diego.
Santa Barbara.	San Diego.	Los Angeles.
Oakland.	Monterey.	Los Angeles.
Santa Monica.	San Diego.	Santa Barbara.
Oakland.	Santa Cruz.	Santa Barbara.

It being explained that the votes for Los Angeles and Santa Monica were to be counted as for Santa Monica, and the ballot for the Bay of San Francisco as meaning Oakland, the result was announced as follows:

	First.	Second.	Third.		First.	Second.	Third.
San Diego	1	3	1	Napa Valley	0	1	0
Monterey	1	1	0	Santa Rosa	0	1	0
Oakland	4	1	0	Santa Cruz	0	1	1
Santa Barbara	2	1	3	Hesperia	0	1	0
Los Angeles	2	0	5				

The Board thereupon took a recess until certain propositions addressed to the Board at Las Vegas could be received and considered.

PHŒNIX HOTEL, LAS VEGAS.

The Board reconvened in executive session.

The following telegraphic communication was laid before the Board:

LOS ANGELES, *December* 3, 1887.

General W. B. FRANKLIN,
Chairman of Managers, National Home Com.,
Care Cond. No. 2:

Our proposition is six hundred acres and $50,000; or 300 acres from Jones & Baker and $100,000, guarantied payable in yearly installments of $20,000 cash, and the water supply and other items mentioned in our written propositions.

JOHN P. JONES,
Per Walter Van Dyke, his attorney in fact.
A. B. DE BAKER,
By her attorney in fact, Robert S. Baker.

Other communications from various points were also received, modifying in some particulars, or repeating offers already considered by the Board.

A communication from the representatives of tracts near Santa Mo-

nica, referred to in the foregoing dispatch, was called for, and, after being read, was ordered on the minutes, as follows:

To the honorable Board of Managers of the National Home for Disabled Volunteer Soldiers:

GENTLEMEN: The undersigned respectfully offer the site hereinafter described for a Branch Home for Disabled Volunteer Soldiers, to wit:

Six hundred acres of land in one body, to be selected out of the ranchos "San Jose de Buenos Ayres" and "San Vincente y Santa Monica," without cost to the Government; said site to be selected by you anywhere along the line dividing said ranchos in equal portions on each side thereof, the whole forming one compact body.

That portion near the foothills on said line and running up to the base of the mountains would command a most magnificent view of mountains, valley, city of Los Angeles, and the ocean, and could not well be surpassed for beauty of location in the State of California.

The land is rich, sandy loam, being composed of decomposed granite and vegetable mold, and makes the warmest and richest soil possible, capable of producing not only all the varieties of fruits and vegetables peculiar to this semi-tropic region, but is susceptible of being beautified and ornamented with flowers, grass, and trees equal to any spot in the country.

A site can be selected along the line indicated, nearly all which is ready for the plow, no stones or bushes to be cleared up, a portion already being under cultivation.

Drainage is excellent, and sewerage can be made as nearly perfect as in any location that could be named.

The distance from the city of Los Angeles is about fourteen miles in a westerly direction, and from the Pacific Ocean at Santa Monica about five miles distant, and nearly on a direct line between the two points.

The Los Angeles County Railroad, which is now graded nearly the whole distance from Los Angeles to Santa Monica, will run through the tract offered, and a station will be located to accommodate the Home. This road offers also, in connection with this proposal, to carry all inmates and officers of the Home at one-half fare, and to transport all supplies for the Home and all merchandise to and from the Home at one-half the regular rates, and offer to run hourly trains from the city of Los Angeles to the sea.

And it may be further stated that the track of the present railroad between Los Angeles and Santa Monica runs within a few rods from the southerly end of the strip from which it is hereby offered to have the tract of land taken, and a station is located about the nearest point on said road.

In addition to the foregoing offer of land in one body, 5 acres of water-bearing land is also offered, at a convenient distance from the main tract with springs of flowing water of sufficient capacity to furnish 250,000 to 500,000 gallons daily; also a reservoir site of such elevation as to command the most perfect service.

Near the proposed site there is a quarry of excellent sandstone for building purposes, and a quarry of fine granite within four miles; also a most excellent brick-clay land near by, thus bringing within easy access the various kinds of building material.

On the point of climate, it is generally considered that the foothill region of the Cahuengo Mountains, from four to ten miles back from the Pacific Ocean, has no superior, even in any portion of this favored land of southern California. It is a well-known fact that it has such immunity from frost as to be able to uniformly produce for the general markets tomatoes and other tender garden plants in the months of December, January, and February, and the same causes that ward off the frosts give to this locality also immunity from fogs, while its nearness to the ocean secures for it a breeze, not harsh, but delightfully cool and refreshing every summer's day, so that a Home located on the spot offered will be a delightful and genial resting place in winter as well as in summer for the veterans who may gather together there, not equaled in any respect by any other Home in the whole country.

In conclusion, we would state that the land hereby offered is reasonably worth, on an average, $400 per acre, or $240,000 for the entire tract, aside from the additional offers made by other parties, as above mentioned.

Very respectfully, your, etc.,

JOHN P. JONES,
By Walter Van Dyke, his Attorney in fact.
A. B. DE BAKER,
By her Attorney in fact, Robert L. Baker.

LOS ANGELES, CAL., *November*, 1887.

We, the undersigned, acting as trustees, hereby agree in addition to the above to donate $50,000, to be applied to the improvement of the ground.

E. E. HALL,
S. N. LUITMELER,
F. C. GARBUTT,
Trustees.

In the event that the selection should be made from the 300 acres offered by Jones and Baker, the Los Angeles and Santa Monica Land and Water Company will donate $50,000 in cash, payable in yearly installments of $10,000, in addition to the $50,000 offered by trustees.

LOS ANGELES LAND AND WATER COMPANY,
By E. E. HALL, *Secretary.*
S. N. LUITMELER, *Director.*
F. C. GARBUTT.

ANNUAL REPORT OF PACIFIC BRANCH NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS FOR THE YEAR ENDING JUNE 30, 1888.

SANTA MONICA, LOS ANGELES COUNTY, CAL.,
August 15, 1888.

SIR: I have the honor to submit the following report of this branch for the year ending June 30, 1888:

It having been decided to establish this Home in the vicinity of Santa Monica, a committee representing the Board of Managers assembled

here on about February 1, 1888, for the purpose of selecting the exact site.

On January 1, 1888, I was appointed governor and treasurer, and arrived at Santa Monica on January 29, 1888.

The committee selected a place situated about 3½ miles from the town of Santa Monica and the Pacific Ocean, and 1½ miles from the line of the Southern Pacific Railroad. As soon thereafter as the necessary legal formalities could be settled formal possession was taken about March 1, 1888.

Immediately after this the development of the water supply was pushed forward.

As a beginning, five experimental wells were sunk, but the result was entirely unsatisfactory.

A well was also sunk in Supelveda Cañon, that being the nearest to the Home, to find what supply might be available from the underground flow. This also proved unsatisfactory.

At the same time most minute and careful observations and experiments were being made in the Sullivan and Santa Monica Cañons. The result of these investigations was such as to warrant the conclusion that these two cañons could be made to yield a sufficient supply.

As it seemed likely that the Santa Monica Cañon, of itself, would, for some years, yield sufficient, and it being the next nearest, it was determined to confine operations to it, holding all right in the Sullivan in reserve.

Contracts have been let for the construction of a submerged dam in the Santa Monica Cañon, and an 8-inch pipe line from that dam, about 3½ miles long, to the service reservoir, which is located about 1¼ miles from the Home, and about half a mile from the storage reservoir. Thence a pipe runs to the storage reservoir, and from the storage reservior to the Home.

In the storage reservoir a tower and tunnel, containing the inlet and outlet pipes, and the stand-pipe is also contracted for.

The supply for ordinary domestic purposes is to be brought direct, by a 4-inch pipe, from the service reservoir to the Home.

This briefly comprises about what has been done with respect to the water supply.

In addition to the engineering work in connection with the above, much miscellaneous engineering work has been done, such as contour survey at storage reservoir, boundary survey of same, contour survey and map of Home tract, three preliminary surveys of cañon location of pipe-lines, dams, etc.

During this time work at the Home site was also being pushed forward as rapidly as possible.

A substantial wire and wood fence had been built around the place some 3 miles in extent. Also a house for the governor and treasurer, and a commodious barn for the farm and other horses.

Two barrack buildings are also in the course of construction under contract, to accommodate about 100 men each.

A temporary barrack for about 25 men has also been erected. This building was necessary in order that some old soldiers might be taken care of who, having heard that there was a Home for them being established here, and having just managed to get here, must either be taken in or left to starve.

It is proper to state that these men have done good service, taking care of the place, and doing many necessary things for which the services of able-bodied men would otherwise have been necessary.

Total amount disbursed during the period covered by this report $15,485.76.

Very respectfully,

C. TREICHEL,
Governor and Treasurer.

General M. T. MCMAHON,
Secretary Board of Managers,
National Home for Disabled Volunteer Soldiers.

ANNUAL REPORT OF CENTRAL BRANCH, NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, FOR THE YEAR ENDING JUNE 30, 1888.

CENTRAL BRANCH, NATIONAL HOME
DISABLED VOLUNTEER SOLDIERS,
August 3, 1888.

GENERAL: I have the honor to submit the following report of this branch for the year ending June 30, 1888:

GENERAL FUND.

The treasurer's report of the general fund shows the average cost of rations as $20.25 against $19.54 last year; of clothing, $12.07 against $13.66 last year; per capita, $131.18 against $126.65 last year; general expenditures, $705,270.21 against $631,103.04 last year.

LIBRARY.

Mrs. Mary Lowell Putnam, of Boston, Mass., has, as usual, liberally remembered the library bearing her son's name, having donated during the year 207 volumes, not to mention a beautiful oil painting, "Father's Boat," purchased by her, for the library, at the Colonial and Indian Exhibition in London, England.

The "George H. Thomas" Library has also been increased by the addition of 218 volumes from various sources.

PERMANENT IMPROVEMENTS.

In the line of permanent improvements may be specially mentioned the new twin hospital buildings, with their connecting tunnels, etc., increasing the hospital capacity by about 250 beds.

The additions and alterations in the old hospital building, in the way of lavatories, elevator, etc.

The new quartermaster's building and the new root cellar, besides which may be mentioned an extension in the water system by the laying of additional large water mains.

DISCIPLINE.

The accompanying report under this head speaks for itself.

The "Beer Hall" has had another year's trial, and the results show a continued improvement in discipline and increased contentment among the members.

In closing this report it becomes the painful duty of the acting gov-

ernor to announce the death of our beloved governor, General M. R. Patrick, who passed peacefully away on the 27th ultimo, after a severe illness of two weeks' duration.

Very respectfully,

J. B. THOMAS,
Acting Governor.

General M. T. McMAHON,
Secretary Board of Managers,
National Home for Disabled Volunteer Soldiers.

SANITARY REGULATIONS.

The bath-house is now in excellent condition, with an abundant supply of hot and cold water, but since February last it has been necessary to keep the bath-house closed up to 10 a. m. on three days of the week, for the reason that the sewage-pumps lack capacity to handle the vast amount of sewage and wash-water that accumulates in the sewage cisterns.

There were 126,585 baths taken at the general bath-house by the members during the year.

RELIGION AND SOCIETIES.

The services of the English Protestant Church have been conducted by the chaplain as usual through the year.

The duties connected with the burial of the dead, as well as the regular and special hospital visitations, have been faithfully performed.

A men's Bible class is held on Sunday morning in the church, and at the same hour a children's Sunday-school in Memorial Hall for the children of the Home families.

A weekly prayer-meeting has been held in the church on Wednesday evenings.

Rev. E. S. Lorenz having been called to another field of labor, the German Protestant services have been conducted by the Rev. E. Light on Sunday afternoons as usual.

Services were held by Rev. Dr. C. S. Kemper, as heretofore, in the Catholic chapel as follows:

Sundays.—Mass at 7 a. m. and at 9 a. m., with sermon. Benediction and vespers at 2.30 p. m.

Holidays of obligation.—Mass and sermon at 7.30 p. m.

Wednesday evening.—Rosary and night prayers.

Thursday.—Mass at 7.30 a. m.

Funerals attended by the Catholic chaplain, 74.

There are two societies, the Purgatorian and the Association for the Propagation of the Faith, both purely religious societies, with monthly fees of 10 cents for religious purposes.

ANNUAL REPORT OF NORTHWESTERN BRANCH, NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS FOR THE YEAR ENDING JUNE 30, 1888.

NORTHWESTERN BRANCH,
NATIONAL HOME DISABLED VOLUNTEER SOLDIERS,
August 14, 1888.

GENERAL: I have the honor to submit the following report of this branch for the year ending June 30, 1888:

Average number of members present during the year, 1,564; average number present and absent during the year, 2,028.

Number of persons during the year who served in the regular Army, 50; number who served in the volunteer service, 2,325; number who served in the Navy, 51.

During the fiscal year just closed, 118 members of the Home died, of whom 99 died in the hospital. The ratio of mortality per thousand is 48.63. A double set of quarters, at a cost of $8,393.56, to be occupied by the surgeon and assistant surgeon was completed and are now occupied by the above officers. I submit herewith the reports of the two chaplains of the Home.

Many of the members of the Home object to wearing the cap, especially so in summer. I would suggest the issue of a straw hat or light helmet, either of which can be purchased for less than the cost of the cap.

Respectfully, yours,

J. SHARPE,
Governor.

General M. T. MCMAHON,
Secretary Board of Managers
National Home Disabled Volunteer Soldiers.

SANITARY REGULATIONS.

General Orders No. 19, dated May 9, 1875, requires each member to take a bath at least once a week, which has been carried out during the year, with results beneficial to their health and cleanliness.

RELIGION AND SOCIETIES.

The Protestant Episcopal chaplain, Rev. C. L. Mallory, reports as follows:

"I have the honor to present to you my annual report as chaplain for the year ending June 30, 1888.

"On each Lord's day during the year, with the exception of two (when I was away on leave), I have conducted service and preached in the Home chapel.

"I have also held a service and preached in the chapel on Tuesday evenings during eight months of the year. I have celebrated the Holy Communion fifteen times in public and once in private.

"My effort has been to visit the hospital weekly, and I have gladly ministered to any of the members who have desired my services.

"I have baptized ten children and one adult, and have officiated at the burial of fifty-four members of the Home.

"The offerings of the congregation for religious and charitable purposes have amounted to $130.

"The attendance upon the services has been equal to if not greater than that of any previous year, and there is much reason for encouragement and satisfaction.

"All of which is respectfully submitted."

Report of the Roman Catholic chaplain, Rev. C. J. Leib, S. J.:

"I have the honor of submitting the following report of my work as chaplain of the Northwestern Branch National Home for Disabled Volunteer Soldiers during the year ending June 30, 1888:

"Catholic services were held regularly in the Home chapel on all Saturdays and Sundays, as also on holy-days of obligation, and the eves preceding these.

"I visited the hospital regularly twice a week, often three or four times a week, and frequently went to the insane ward in the discharge of my duties.

"I must again give testimony of the eagerness for spiritual attendance manifested by the Catholic inmates of the Home. There were over four thousand nine hundred confessions heard by myself and my assistants, and about the same number of Holy Communions administered.

"During the year I was called upon to attend at forty-eight funeral services.

"On the 5th of last January I organized a branch of the "League of the Cross," a temperance association; there are two divisions. The members of the first division take a partial pledge by which they bind themselves not to enter or drink in a saloon, or any place where liquor is sold outside the Home grounds.

"The members of the second division take the total-abstinence pledge, besides promising not to enter any place where liquor is sold. Thus the temptation to indulging in spirituous drinks is taken away. There are seventy-two names on the rolls of members, and I am happy to state that, with but two or three exceptions, all have been faithful to their promises.

"Meetings were held on the first Thursday of every second month, and besides the members of the League, many other veterans enjoyed the benefit of a good temperance lecture, delivered by clergymen whom I invited to address them. I have great hopes that this association will prove very beneficial, especially when I shall be able to supply the members with appropriate reading matter. I gratefully acknowledge the continued kindness and the assistance I experienced in the furtherance of my spiritual labors, at the hands of all the officers of the Home."

SOCIETIES.

A post of the Grand Army of the Republic, known as Veteran Post, No. 8, has been maintained at this branch during the year by members of the Home. They hold weekly meetings in a room set apart for that purpose.

ANNUAL REPORT OF EASTERN BRANCH, NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, FOR THE YEAR ENDING JUNE 30, 1888.

EASTERN BRANCH,
NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS,
Togus, Me., August 6, 1888.

GENERAL: I have the honor to submit the following report of this branch for the year ending June 30, 1888:

Members present June 30, 1887	**1,186**
Members present June 30, 1888	**1,343**
Members present and absent June 30, 1887	**1,866**
Members present and absent June 30, 1888	**1,974**
Increase of membership during year ending June 30, 1888	**108**

BARRACKS.

The barrack accommodations are insufficient for the comfort and health of the men. Notwithstanding the increase in membership, our sleeping accommodations remain the same, yet during last winter, even with the use of the bowling-alley and shooting-gallery for this purpose, a large number of men were compelled to sleep on the floors in rooms already crowded with beds.

HOSPITAL.

Our hospital at the present time is full, with no spare room for the large increase of patients that always come with the cold weather.

Last fall I changed the old farm-house into a hospital annex, and it serves an excellent purpose for the accommodation of a class of patients who, on account of their helpless condition, both of mind and body, need a more constant attention than is necessary in the large wards. Yet the want of a new hospital, which will compare favorably with the buildings erected for this purpose at the other homes, is very apparent, and it is to be hoped that the necessary appropriation will be made at no distant date.

NEW BUILDINGS.

The new hay-barn was completed in season to receive a portion of our hay product last year and, with the capacious root celler, is admirably adapted to the purposes for which is was constructed.

The root cellar enabled us to keep vegetables raised on the farm until required for use, and we were relieved from the loss from freezing, experienced in former years. Our new building for public worship, known as the "Ward Memorial Chapel," is handsome in an architectural point of view, and a gem of beauty and convenience in its inside decoration and arrangement. It was built by appropriations from the "Ward fund" and the "Post fund," and is thoroughly appreciated by the members of the Home and admired by friends who visit us.

The new conservatory was completed late in the fall of 1887, rather too late for a successful experiment as to its value to the institution. It is substantially constructed and is an ornament to our grounds.

WATER, HEAT, AND LIGHT.

The contract made with the Augusta Water Company for our water supply has resulted in an abundant supply of water of the best quality for all the necessary purposes of the institution. It is a great relief in the management of the Home to know that in the case of fire we have at hand plenty of water and ample facilities for such an emergency.

During the summer of 1887 the heating apparatus was remodeled, improved, and enlarged at a considerable expense. The Williams system of steam heating, which has been adopted, assisted very largely in bringing about the very desirable results of furnishing plenty of heat and in reducing the consumption of fuel. At no time since the Home was established has the heating been so uniform and satisfactory as during the past severe winter, and I can testify to the successful working of the Williams system and the skillful management of our engineer as contributing to our success in this very important matter.

Our method of lighting the Home is far from being what is required in such an institution. The Home has outgrown our "plant," which is

dangerous and expensive. After an experience of five years in the use of gasoline as a material for lighting our buildings, my judgment is strongly against it and my sense of security from its dangers greatly lessened.

I hope the time is not far distant when some action will be taken towards the introduction of a system of electric lighting.

HEALTH.

The report submitted shows a decrease in the percentage of deaths in comparison with last year, notwithstanding the fact that the men are a year older and also that the new members are in many cases veterans who, when they enter the Home, are almost ready to "cross the river," the percentage of very feeble men who now apply for admission being much larger than in former years. Our favorable report is due largely to the constant attention given to the sanitary arrangements and the skillful and conscientious labor of the surgeons.

DISCIPLINE.

It is no more than justice to the members of the Home to say that the discipline maintained has been excellent and very creditable, showing marked progress, even from the good record of previous years. With a larger membership, the number of offenses committed numbered only 489, or 233 less than reported last year. Out of 2,280 men cared for during the year only 315 different persons were reported as having committed offenses against good order and the rules and regulations of the Home.

When we consider the previous lives of many of the members, the habits of dissipation contracted in years past, it seems to me that the above showing is remarkable and can hardly be excelled.

RELIGION.

The statement of Chaplain McCarthy is incorporated in this report. There has always been a large attendance at the Catholic services and the interest of those who believe in the Catholic faith has, I think, increased since the new chapel was erected.

On the 12th of March, 1888, Rev. Mr. Wells, Protestant, tendered his resignation as chaplain, and since that date, in compliance with authority received from the president of the Board of Managers, the services of clergymen of different denominations have been secured for the necessary religious work of the Home.

The following clergymen have officiated up to the present time, viz: Rev. Phillip S. Thacher, Unitarian; Rev. R. W. Jenkins, Orthodox; Rev. G. R. Palmer, Methodist.

The gentlemen have been very successful in their ministrations; the attendance on religious worship increased threefold with the change. Our new chapel, which was first occupied on the first Sunday in May, is so comfortable and attractive and so much better adapted for the purpose for which it was erected than the hall formerly occupied that the men take more interest in the services and are more constant in their attendance.

Respectfully submitted.

SANITARY REGULATIONS.

Our bathing facilities are excellent, and the plentiful supply of water which we are now receiving enables us to carry out, without much difficulty, existing rules with regard to cleanliness of person and clothing. The sewerage matter is taken from the Home by ditches, which open into the stream, and is finally emptied into the Kennebec River. During the dry weather considerable care and labor are required to keep the ditches clean and free from unpleasant odor; but this has been accomplished so far, and unless the Home is very considerably enlarged we shall be able to keep the location as healthy with our present system of drainage as in the past.

RELIGION AND SOCIETIES.

Rev. Jeremiah McCarthy reports as follows:

"Regarding Catholic services at Togus, I have only to add to former reports that the new chapel has given to religion at Togus a degree of respectability which was lacking when services were held in the amusement hall, whence, perhaps, the vestiges of a wandering minstrel troupe had to be expurgated in order to make it available. The new chapel is filled at all Sunday services.

"But though the building proper is duly appreciated, that for which the Catholic members are especially grateful is that the basement has been assigned to them for exclusively Catholic worship. This means more than I can well convey in this report. Suffice it that it is the greatest consolation to a great body of them, and for this liberality, which gives so much opportunity, the soldiers and the priest are deeply grateful to your thoughtful consideration."

There is one society, a post of the Grand Army of the Republic, numbering 210 members, and meeting once in each month.

ANNUAL REPORT OF SOUTHERN BRANCH NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS FOR THE YEAR ENDING JUNE 30, 1888.

SOUTHERN BRANCH, NATIONAL HOME
FOR DISABLED VOLUNTEER SOLDIERS,
August 20, 1888.

GENERAL: I have the honor to submit the following report of this branch for the year ending June 30, 1888:

The many and various tables comprising the report completely answer the several interrogatories of the general with reference to the working of the different departments of this branch, and I trust the answers are such as to receive the approbation of the general's office, as they have of mine.

The purport of the report as it appears to this office is, Has the honorable Board of Managers faithfully administered the trust reposed in them by the Congress of the nation in properly caring for the veterans of the Union? While it is not the duty of this office to answer the question for the managers, it is a duty imposed upon me to answer that on the part of this branch they have.

The veterans have been well fed, clothed, and housed, and every effort has been made to provide for their comfort and insure their contentment and happiness. It is a pleasure for me to speak on their behalf, and say that they are grateful for all the benefits they have received from the Government. The deportment of the members has approached excellency. I can never wish to command men more obedient to the rules and regulations of the Home. In administering the affairs of this branch during the year I have received the cordial co-operation of the officers of the Home, and to them and the non-commissioned officers the thanks of this office are extended.

Very respectfully,

P. T. WOODFIN,
Governor.

General M. T. MCMAHON,
Secretary Board of Managers,
National Home Disabled Volunteer Soldiers.

SANITARY REGULATIONS.

The sanitary condition of this branch, as far as sewerage, drainage, etc., are concerned, is good, and I fail to see but one point where improvement can be made, and that is, our bathing facilities should be increased. I believe a system other than the individual bath-tub should be adopted.

Home companies are large, ranging from 131 to 263; average, 171; hospital, 464. Many barracks have no bathing facilities, while the best provided have inadequate accommodations to bathe more than one-half their members during the time assigned them. Our insufficient water supply compels an order assigning one day each week to a company. If therefore half an hour is allowed, and this is thought the minimum time it will take our old and feeble men to dress, undress, and bathe, we can bathe only 72 members in twelve hours, not half the membership of a company, while those in barracks without tubs must go without, or bathe by permission in another company's room.

Therefore it will be seen that until the plunge or natatorial system is introduced, where there are facilities for a hundred to a hundred and fifty to bathe at once, the sanitary condition of this branch can not be pronounced what it should be.

I shall therefore recommend the managers to take this important subject into consideration, and take such action as they may deem proper.

I will also add that the completion of the new laundry will supply a long-felt want, and be an important auxiliary in promoting the sanitary condition of the Home.

RELIGION AND SOCIETIES.

The religious ministrations at this branch are conducted by one Catholic and four Protestant chaplains. The Catholic chaplain attends every Sunday morning and the others follow each other on the various Sabbath afternoons in succession.

All attend the funerals of those under their ministerial charge and visit the sick in hospital. Now that the new chapel is opened, there appears to be a marked increase in attendance on religious worship by the members.

The Catholic chaplain reports that his congregation has during the year given him much satisfaction:

"The services have been well attended, with numbers constantly increasing."

The Protestant chaplains give very encouraging reports:

"Since the opening of the new chapel, which is comfortable and admirably adapted to the purpose of religious worship, there has been an increase in attendance and a quickening of interest. That such a building has been provided is matter of general rejoicing among the members."

Another reports:

"Since the opening of the new chapel the congregations have been large and very attentive to the Word of God, thereby evincing deep interest on the part of the members in the religious privileges.

"The religious aspect of the Home, viewed from my stand-point, is indeed very encouraging, and of such a nature as to reflect credit on the institution."

Previous to the erection of the chapel the religious services were held in the theater, and, as will be seen, the new chapel has greatly redounded to the interest of the Home.

SOCIETIES.

There are two Grand Army posts, Nos. 3 and 16, and one lodge of Independent Order Good Templars, which hold their meetings at regular short intervals in the library. They have a large membership, and seem to zealously work for the causes for which they were organized. Arrangements are being made to place the new pavilion at their disposal for their use for meetings.

ANNUAL REPORT OF WESTERN BRANCH NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS FOR THE YEAR ENDING JUNE 30, 1888.

WESTERN BRANCH NATIONAL HOME
DISABLED VOLUNTEER SOLDIERS,
August 2, 1888.

GENERAL: I have the honor to submit the following report of this branch for the year ending June 30, 1888:

We show a gain at this branch for the fiscal year ending June 30, 1888, in the average present of 432, and in whole number cared for a gain of 599. On the 30th June current we had but 24 vacant beds, with 555 members absent on furlough, and while the vacating of the two barracks now in use (one as hospital and the other as headquarters, library, and reading rooms) will give us additional quarters for a part of the absent who will return to the Home with the approach of cold weather, we shall be but poorly prepared to quarter the increased numbers sure to seek admission during the winter months.

Our new hospital is nearing completion, and it is expected that it will be ready for occupancy by September 1 of the present year. The health of the camp, considering the great age and broken-down condition of the men, has been better than we had reason to believe it would be, and with the increased facilities for the care of the sick which the new hospital will afford, still better results are anticipated.

There have been added five new horizontal boilers to our steam-heating service which will insure sufficient additional heat, it is hoped, to prevent future discomfort among the members from cold, as well as to supply heat for all purposes to the hospital and such other buildings as may hereafter be erected.

In the work of road-making we have been much retarded by frequent continued rains, yet the progress made is very satisfactory, so that where heavy teaming is most required we have good, solid, and durable roads.

From a fine clay found in abundance on the Home grounds, a very superior and extra hard brick is made, said to be equal to the celebrated Galesburgh brick. With these we are constructing sidewalks.

Our sanitary regulation, augmented by an inexhaustible supply of water, is all that could be desired, so far as cleanliness is concerned; a slight epidemic of what was termed "winter cholera" prevailed in camp in January last; surrounding towns, situated on the Missouri River in our vicinity, were also similarly affected, and the cause has been traced, I think correctly, to the muddy condition of the river water, which is rendered after heavy rains—for weeks together—unfit for human beings to drink, yet we are compelled to use it for all purposes.

I am investigating various systems of water purifiers and will submit the result, with my recommendation, to the president of the Board of Managers at an early day, with a view to having all water entering the Home filtered.

The discipline of the camp is such that our guard-house is more frequently empty than occupied, and it is worthy of note that on the Fourth of July, notwithstanding that the beer hall was kept open to members and that free beer was dispensed to them, not one arrest was made during the day.

Very respectfully,

ANDREW J. SMITH,
Governor.

General M. T. MCMAHON,
Secretary Board of Managers,
National Home for Disabled Volunteer Soldiers.

SANITARY REGULATIONS.

The sanitary condition continues, as at last report, good. All members of the Home, except those in hospital, who are controlled by the surgeon, are required to bathe once a week. Those who desire it, or who from any reason require it, are allowed to bathe oftener.

Having an abundance of water, the quarters and surroundings are kept scrupulously clean.

RELIGION AND SOCIETIES.

The Rev. W. J. Gillespie, chaplain, reports as follows:

"During the year divine service has been held in Amusement Hall every Sabbath afternoon, with perhaps one exception. The attendance at and attention to these services have been very good.

"A prayer and conference meeting is also held in the hall every Sabbath evening, in which all are encouraged to take part, and thereby cultivate their social qualities.

"In addition to these meetings a meeting is held on Tuesday, Thursday, and Saturday in the grove, under the special direction of the United Christians' Working Association, which has been of great satisfaction to those in attendance.

"I have held eight hundred and thirteen conversations with men touching their spiritual interests; have visited the main hospital and convalescent wards for conversation, reading the Scriptures, and prayer almost daily; while conversation on the matter of religion with the men on the grounds and in the quarters have been numerous.

have conducted religious services at fifty-nine funerals.

"I believe the moral tone of the members of the Home is steadily advancing."

The Rev. Peter Flanagan, Catholic chaplain, reports as follows:

"Within the above-mentioned time there have been 21 deaths of Catholic soldiers, a few of whose remains were taken elsewhere for burial by their relatives.

"Up to July 1 of the present year we had mass only two Sundays in the month. Since that time we have mass three Sundays in the month. It is hoped to have mass every Sunday soon. Such a provision would, I am certain, produce not only a most salutary effect throughout the Home in general, but it would be most beneficial to the spiritual welfare of the Catholic soldiers themselves, many of whom go to Leavenworth, with much inconvenience, even in bad weather, when we have no service here on Sunday. I had the men counted one Sunday morning going out after mass, and there were 244 present. Now, such a number of men, I think, is worthy of religious service every Sunday in the year.

"The men are happy and contented."

Brennan Post, G. A. R., is in a most flourishing condition with a growing membership.
