ANNUAL REPORT

OF THE

BOARD OF MANAGERS OF THE NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS FOR THE FISCAL YEAR ENDING JUNE 30, 1897.

To the Honorable the Senate and House of Representatives of the Congress of the United States.

GENTLEMEN: The Board of Managers of the National Home for Disabled Volunteer Soldiers makes the following report of the institution under its charge, in obedience to law, for the year ending June 30, 1897:

On December 11, 1896, Gen. George L. Beal, of Maine, a member of the board, died, and on February 15, 1897, Gen. John Marshall Brown, of Maine, was appointed by Congress to succeed him. His term expires on April 22, 1902.

On March 4, 1897, William McKinley, President of the United States, and Russell A. Alger, Secretary of War, became members of the board ex officio; by the action of law.

The board has performed its usual duties under the laws, holding quarterly sessions, visiting and inspecting the Branches of the Home, admitting and readmitting the members, and superintending the contracts for and distribution of supplies, erection of buildings, and other expenditures, and care for the proper discipline of the Home.

Twenty-six State Homes belonging to twenty-five States have been subsidized by the United States at the rate of \$100 per year for every soldier kept one year, less one-half the amount of pension retained by the State for the support of the Home. These Homes have been inspected by the inspectors-general of the Home. They are increasing fast and two have been added during the year.

The supplies of the Home have been in general purchased by contract with the lowest bidder. They have been of excellent quality. The clothing and bedding have been, as far as possible, made up by members of the Home, their wives, widows, and children.

The table of contents gives the list of various subjects usually submitted with this report, showing the various things of interest in the management of the Home.

The annual reports of the Branches of the Home give the main matters of interest in the Branches, and the proceedings of the Board of Managers for the year are given. Both are submitted with this report.

The following table gives the comparative statistics of the Home for the years ending June 30, 1896, and June 30, 1897:

Comparative statistics for the years ending June 30, 1896, and June 30, 1897.

Subjects.	1896.	Increase or decrease from 1895.	Per cent.	1897.	Increase or decrease from 1896.	Per cent.
Amount expended for the maintenance of Home, less construction.....	\$1,947,925.16	\$39,490.09	2.07	\$2,166,809.37	\$218,884.21	11.24
Annual cost of maintenance of each man.....	\$111.60	\$4.20	3.63	\$119.23	\$7.63	6.77
Average number of members present.....	17,454	974	5.91	18,173	719	4.12
Average number of members present and absent.....	21,687	1,477	7.31	22,684	997	4.59
Whole number cared for.....	26,512	1,909	7.76	26,705	193	.73
Deaths.....	1,171	111	10.47	1,165	* 6	.51
Average age of members cared for.....	60.98	0.44	.73	61.33	0.35	.57
Average age of those who died.....	65.23	* 0.39	.59	65.47	0.24	.37
Average length of membership in the Home of those who died.....	7.40	0.10	1.37	8.93	1.53	20.68
Pensioners (number).....	21,776	1,467	7.22	23,330	1,554	7.13
Pensions received.....	\$2,411,813.34	\$159,634.37	7.09	\$2,527,121.34	\$115,308.00	4.78
Average amount of pensions.....	\$110.76	* \$0.13	.11	\$109.76	\$1.90	.91
Amount sent to families through the Home.....	\$470,557.96	\$6,342.85	1.37	\$557,609.34	\$87,051.38	18.50
Paid direct to pensioners.....	\$1,956,830.53	\$171,312.15	9.69	\$2,003,174.41	\$46,343.88	2.37
Aggregate number of colored members.....	489			549	60	12.27
Average number present in the 26 State Homes in 25 States.....	7,755	634	8.90	8,660	905	11.67
Average number present and absent.....	9,247	592	6.85	10,193	946	10.23
Whole number cared for.....	13,926	997	7.71	15,144	1,218	8.75
Amount paid to State Homes.....	\$772,216.81	\$102,216.81	15.25	\$765,056.94	* \$6,559.87	8.49
Average number present for the year in National and State Homes.....	25,209	1,608	6.81	26,833	1,624	6.44
Average number present and absent for the year in National and State Homes.....	30,934	2,069	6.12	32,877	1,943	6.22
Whole number cared for in the year in National and State Homes.....	40,438	2,906	7.74	41,849	1,411	3.49

* Decrease.

This table shows that the cost per member was, in the year ending June 30, 1896, \$111.60, and in that ending June 30, 1897, \$119.23.

That the average present for the year was, in 1896, 17,454, and in 1897, 18,173—an increase in 1896 of 974 and in 1897 of 719. The increase in 1897 is less than that of 1896 by 255, due to the necessity for stopping admissions to the Home on account of crowding. At this time (November 20, 1897) the number in the Home is 547 greater than it was at the same date in 1896.

The number of deaths in the year 1897 is 1,165. The average age of the members cared for was 61.33 years. The average age of those who died was 65.47 years. The average time of residence at the Home of those who died was 8.93 years.

The number of pensioners at the Home increased 1,554, and the amount paid in pensions increased \$115,308, the average amount paid per man being \$109.76 in 1897 and \$110.76 in 1896.

The average number of members of the State Homes kept one year was 8,660, an increase of 905 above 1896. The average number kept one year in the National Home and State Homes for 1897 was 26,793, and the whole number cared for during the year 1897 was, in the National and State Homes, 41,849.

The State Homes have been inspected during the year by the inspectors-general of the Home, and the reports are transmitted with this.

The financial accounts are managed in the Home office, and the required amounts are paid by the general treasurer. His reports on the subject are transmitted with this, marked Tables O and P.

Five barracks, increasing the housing capacity of the Home by 650 occupants, have been erected during the past year. The congestion of the Home still continues, and men have been sleeping on the floors more or less through the current year. The necessity for a general technical superintendent of the hospitals, to which reference was made in last year's report becomes constantly more apparent.

During the fiscal year ending June 30, 1897, the losses of membership by discharges and deaths were 3,698. The gains in the same time were 4,148. There were 549 colored members (present and absent) at the seven Branches.

The report of the general treasurer gives the financial condition of the Home on June 30 last.

The journal of the proceedings of the Board of Managers is transmitted with this report.

A few years ago the Board undertook to introduce women nurses into the Home to take the places, as much as possible, of men taken from the members of the Home. At this time women nurses have been partially introduced into all of the Branches of the Home. The experiment has succeeded, and the comfort of the men, the neatness of the wards, and the delicacy of the cooking for the sick have all been improved. The behavior of the patients has become more gentle, and in all respects their conditions have been improved above what it was under men nurses alone.

DANVILLE BRANCH.

On June 4, 1897, the following act became a law:

To enable the Board of Managers of the National Home for Disabled Volunteer Soldiers to locate, establish, and construct a Branch of the National Home for Disabled Volunteer Soldiers within the limits of the town of Danville, in the county of Vermilion, State of Illinois, and for each and every purpose connected with such erection, establishment, and construction, to be immediately available, one hundred and fifty thousand dollars (\$150,000.00).

On the same date, at a meeting at Washington, D. C., the Board decided to meet at Danville, Ill., as soon as possible, and on June 12 did meet there. It examined the various sites that were presented for sale, and selected and purchased one of 222 acres, proper for the Branch in every respect, except some small pieces amounting to about 30 acres, necessary for straightening the boundaries of the tract already purchased, on the purchase of which pieces the board has options.

On August 20, 1897, the certificate of title was received. On August 31, 1897, the drawings and specifications were completed, and on September 18, 1897, a contract was executed for the erection of a large hospital, sufficient for more than three hundred persons, to be completed in the near future, so that the Branch will become available for occupation at the earliest possible moment.

The dining hall and kitchen building are to be of the same size as that of Hampton, but the interior arrangements are modified. The dining hall remains the same. The kitchen is considerably extended to allow additional room for cooking apparatus, beyond which are rooms for preparing the food, and for refrigerator and cold storage. A platform near the northeast end connects with the garbage house, into which a

cart can be backed and the garbage delivered in it from the platform. A grease trap is located under the floor of the garbage house. It is ventilated and connected with the sewage. The second floor over the dining room and kitchen is arranged for a dormitory, with convenient lavatory rooms, which can be used by members before the completion of the buildings. The attic of the same building is also arranged to utilize a great part of the space for sleeping accommodations, etc., for the kitchen help and men nurses. These attic rooms are arranged to be connected with the heating and plumbing systems of the building.

The two ward buildings are nearly identical with those at the Hampton Home, with the exception of the roof. The roof has been extended over those portions of the buildings nearest to the administration building, in order to carry the verandas all around the ends and to join with the connecting corridors. The smoking rooms in the roof on the far end of the Hampton ward pavilions have been omitted as unnecessary.

The complete system of heating and ventilating designed by Dr. Billings for the Hampton Home has been extended to these buildings. The plumbing apparatus is to be of the best quality, and the cooking apparatus is to be complete with the latest improvements.

Contracts have been made for the hospital buildings and apparatus as follows:

Valentine Jobst, Peoria, Ill.: Four buildings complete with connecting corridors	\$81, 700
E. J. Ryan, Danville, Ill.: Plumbing, gas piping, heating, ventilating, and cooking apparatus, etc., complete for four buildings, etc.....	16, 259
Total of contracts awarded.....	\$97, 959

The elevator and electric-lighting apparatus and some other items are not included in the above-mentioned contracts.

The probable cost of the building will be about \$100,000.

The hospital has been located on the east side of the Home, about the middle of the property, facing south, surrounded by woods on the north and west and partially on the east side.

An estimate has been made and submitted for the completion of the Branch, based upon the Branches latest constructed, and upon two years for completion. Should the money be made available this Branch will probably be the soonest completed, and the most perfect of all the Branches of the Home.

The hospital is on the same general design as one made by Dr. Billings, United States Army, for the Southern Branch, at Hampton, Va., and for the Western Branch, at Leavenworth, Kans. It has been somewhat modified by the addition of connecting corridors on both floors of the buildings, as designed for the Marion Branch Hospital.

The original intention was to build the administration building first, as there did not seem to be money enough for the whole hospital, but the bids offered showed that the balance available was sufficient for all of the hospital buildings, and the contract was made accordingly.

The administration building is modified to avoid defects and want of room, which became apparent in the two older hospitals. As now designed it will be a convenient and roomy structure.

STATE AND TERRITORIAL HOMES.

On August 27, 1888, an act was passed by Congress requiring the payment by the Board of Managers of the National Home for Disabled Volunteer Soldiers, to any State or Territory that has established Homes

for disabled soldiers and sailors of the United States who served in the war of the rebellion, or in any previous war, who are disabled by age, disease, or otherwise, and by reason of such disability are incapable of earning a living, provided such disability was not incurred in service against the United States, the sum of \$100 annually for each man kept one year in such a Home.

These Homes have increased very fast. The law was modified in 1889 to reduce the annual subsidy to one-half of the cost of one man kept one year, and in 1892 to make the subsidy \$100 per year, less one-half of any sum retained from the pensions of the men for the maintenance of the Home, and these are the conditions of the existing law.

W. B. FRANKLIN,
President Board of Managers,
National Home for Disabled Volunteer Soldiers.

REPORT OF THE SECRETARY.

THE NATIONAL HOME
FOR DISABLED VOLUNTEER SOLDIERS,
Secretary's Office, November 24, 1897.

GENERAL: I have the honor to forward herewith certain documents to accompany the annual report of the Board of Managers to Congress, for the year ending June 30, 1897. They consist of—

- (1) The consolidated annual report in tabular form.
- (2) The reports of the governors of the several Branches.
- (3) The proceedings of the Board of Managers during the year.

The annual report is a consolidation of the annual reports of the several Branches. The reports of the governors show in detail all that is important or desirable to know as to their respective Branches.

The proceedings of the Board of Managers at its various meetings exhibit in full everything that has been done by the Board in the performance of its duties.

The papers above referred to contain all the information that can be furnished in regard to the management of the Home and its Branches.

Respectfully yours,

M. T. McMAHON, *Secretary.*

Gen. W. B. FRANKLIN,
*President Board of Managers,
National Home for Disabled Volunteer Soldiers.*

REPORT OF GENERAL TREASURER.

**THE NATIONAL HOME
FOR DISABLED VOLUNTEER SOLDIERS,
Hartford, Conn., November 24, 1897.**

GENERAL: I have the honor to forward, herewith inclosed, certain papers to accompany the annual report of the Board of Managers to Congress for the year ending June 30, 1897. They consist of—

(1) Date of organization and law authorizing each Branch of the National Home, acreage, cost of land, buildings, etc.

(2) The financial transactions of the Home from organization to June 30, 1897.

(3) Statement showing average cost per capita per annum from organization to June 30, 1897.

(4) Financial transactions for fiscal year ending June 30, 1897.

(5) Statement of depot receipts and expenditures, manufactures, and transfers for fiscal year ending June 30, 1897.

(6) Statement of expenditures for salaries of officers and employees of the Board of Managers, outdoor relief, and incidental expenses for fiscal year ending June 30, 1897.

(7) Statement of quarterly expenditures on account of State Homes for fiscal year ending June 30, 1897, etc.

(8) Estimates for National and State Homes for fiscal year ending June 30, 1899.

The papers above referred to contain full information as to the financial transactions of the Home, and are supported by the books and vouchers of this office.

Respectfully, yours,

J. M. BIRMINGHAM,
*General Treasurer, National Home
for Disabled Volunteer Soldiers.*

Gen. W. B. FRANKLIN,
*President Board of Managers,
National Home for Disabled Volunteer Soldiers.*

TABLE A.—Date of organization and law authorizing each Branch of the National Home for Disabled Volunteer Soldiers, cost and acreage of land, and cost of buildings and other improvements, from organization to June 30, 1897.

First. Date and reference to the law establishing each of the seven Branches of the Home, and date when each was ready for use:

(1) The Eastern, at Togus, Me., purchased and opened for use in 1866. Authority for the establishment, section 4, act approved March 21, 1866. (Rev. Stats., sec. 4830.)

(2) The Central, first located at Columbus, Ohio, in 1867, when it was ready for use, and in the same year removed to the vicinity of Dayton, Ohio, where it now is. Authority, same as above given.

22 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

(3) The Northwestern, near Milwaukee, Wis., purchased in 1867, and ready for use during 1867. Authority, same as above given.

(4) The Southern, near Hampton, Va., purchased in 1870, and opened for use in the same year. Authority, same as above given.

(5) The Western, at Leavenworth, Kans. This Branch was authorized by act approved July 5, 1884, entitled "An act to authorize the location of a Branch Home for Disabled Volunteer Soldiers and Sailors in either of the States of Arkansas, Colorado, Kansas, Iowa, Minnesota, Missouri, or Nebraska, and for other purposes." It was ready for use September 1, 1885.

(6) The Pacific, at Santa Monica, Cal. This Branch was authorized by act approved March 2, 1887, entitled "An act to provide for the location and erection of a Branch Home for Disabled Volunteer Soldiers west of the Rocky Mountains." It was ready for use January 1, 1888.

(7) The Marion, at Marion, Ind. This branch was authorized by an act approved July 23, 1888, entitled "An act to authorize the location of a Branch Home for Volunteer Disabled Soldiers in Grant County, Ind., and for other purposes." It was ready for use March 18, 1890.

Second. The number of acres embraced in each of the Branches of the Home, and cost of same.

(1) Central, Dayton, Ohio:

Citizens of Dayton, Ohio, contributed \$20,000 as part payment of land, which money was applied to general purposes.

First cost of 355.25 acres.....	\$45,700.00
Cost of 30 acres, bought in 1869.....	3,600.00
Cost of 101.07 acres, bought in 1873.....	19,190.00
Cost of 41.45 acres, bought in 1879.....	8,000.00
Cost of 31.94 acres, bought in 1880.....	4,791.00
Cost of 13.41 acres, bought in 1881.....	3,081.30
Cost of 1.35 acres, bought in 1886.....	1,080.00
Cost of 0.76 acre, bought in 1894.....	2,000.00

Total cost of 578.23 acres.....	87,445.30
---------------------------------	-----------

(2) Northwestern, Milwaukee, Wis.:

Ladies of Milwaukee, Wis., contributed \$95,000 for location of this Branch, which money was applied to general purposes.

First cost of 365.43 acres.....	75,700.00
Cost of 16.82 acres, bought in 1885.....	3,745.24

Total cost of 382.25 acres.....	79,445.24
---------------------------------	-----------

(3) Eastern, Togus, Me.:

Cost of buildings and land when it was first established.....	50,000.00
Deduct estimated value of buildings.....	40,000.00

Net estimated cost of land, 1,092 acres.....	10,000.00
Cost of 450 acres, wood lot, bought in 1869.....	6,500.00
Cost of 200 acres, reservoir lot, bought in 1870.....	1,300.00
Cost of 0.12 acre, wharf property, bought in 1881.....	1,300.00
Cost of 12 acres, water privilege, bought in 1891.....	1,300.00

Total cost of 1,754.12 acres.....	20,400.00
-----------------------------------	-----------

(4) Southern, Hampton, Va.:

No land has been purchased since 1870, but the Branch leases 43 acres from the Hampton Normal School, at \$1,075 per year, and also 300 acres for farm purposes, at \$450 per year.

Cost of buildings and land when it was first established.....	50,000.00
Deduct estimated value of buildings.....	25,000.00

Net estimated cost of land, 26 acres.....	25,000.00
---	-----------

Total cost of 26 acres.....	25,000.00
-----------------------------	-----------

(5) Western, Leavenworth, Kans.:

The land upon which this Branch is located, 640 acres, was presented to the Home by citizens of Leavenworth, Kans.

(6) Pacific, Santa Monica, Cal.:

Of the land pertaining to this Branch, 300 acres were presented by Messrs. Jones and Baker, Santa Monica, Cal., and 331.03 acres more by some seven citizens of Los Angeles, Cal.

(7) Marion, Marion, Ind.:

The land upon which this Branch is located was bought with the condition that a gas well should be sunk upon it that would give a sufficient supply of gas to heat, light, and cook for the Branch, as required by the law establishing the Branch. In addition, the sum of \$300 per year is paid for lease of certain land securing the gas supply.

First cost of 216.83 acres..... \$24, 287. 30
 Cost of 19 acres, gas land, bought in 1894..... 2, 148. 00

Total cost of 235.83 acres..... 26, 435. 30

RECAPITULATION.

TABLE Q.—*Estimate of appropriation required for the service of the fiscal year ending June 30, 1899, by the National Home for Disabled Volunteer Soldiers.*

Detailed object of expenditure.	Estimated amount which will be required for each detailed object of expenditure.	Total.
At the Central Branch, at Dayton, Ohio:		
For current expenses, namely: Pay of officers and noncommissioned officers of the Home, with such exceptions as hereinafter noted, and their clerks and orderlies; also payments for chaplains and religious instructions, printers, bookbinders, telegraph and telephone operators, guards, policemen, watchmen, and fire company; for all property and materials purchased for their use, including repairs not done by the Home; for necessary expenditures for articles of amusement, boats, library books, magazines, papers, pictures, and musical instruments, and for repairs not done by the Home; for librarians and musicians; also for stationery, advertising, legal advice, and for such other expenditures as can not properly be included under other heads of expenditure. (Rev. Stat., p. 937, sec. 4830; acts Mar. 3, 1875, Stat. 18, p. 360, sec. 1; Mar. 3, 1879, Stat. 20, p. 390, sec. 1; July 5, 1884, Stat. 23, p. 121, sec. 4; Mar. 3, 1885, Stat. 23, pp. 509, 510, sec. 1; Mar. 2, 1887, Stat. 24, p. 244, sec. 1; Aug. 18, 1894; June 11, 1896; June 4, 1897)	\$57,500.00	
For subsistence, namely: Pay of commissary sergeants, commissary clerks, porters, laborers, bakers, cooks, dishwashers, waiters, and others employed in the subsistence department; the cost of all articles purchased for the regular ration, their freight, preparation, and serving; aprons, caps, and jackets for kitchen and dining-room employees; of tobacco; of all dining room and kitchen furniture and utensils, bakers and butchers' tools and appliances, and their repair not done by the Home. (Same acts)	300,000.00	
For household, namely: Expenditures for furniture for officers' quarters; for bedsteads, bedding, bedding material, and all other articles required in the quarters of the members, and for their repair, if they are not repaired by the Home; for fuel, including fuel for cooking, heat, and light; for engineers and firemen, bath-house keepers, ball cleaners, laundrymen, gas and soap makers, and privy watchmen, and for all labor, materials, and appliances required for household use, and for their repairs, unless the repairs are made by the Home. (Same acts)	100,000.00	
For hospital, namely: Pay of assistant surgeons, matrons, druggists, hospital clerks and stewards, ward masters, nurses, cooks, waiters, readers, hospital-carriage drivers, hearse drivers, gravediggers, funeral escort, and for such other service as may be necessary for the care of the sick; for surgical instruments and appliances, medical books, medicine, liquors, fruits, and other necessities for the sick not on the regular ration; for bedsteads, bedding and bedding materials, and all other articles necessary for the wards; for hospital, kitchen, and dining-room furniture and appliances, including aprons, caps, and jackets for hospital, kitchen, and dining-room employees; for carriage, hearse, stretchers, coffins; for tools of gravediggers, and to all repairs to hospital furniture and appliances not done by the Home. (Same acts)	55,000.00	
For transportation, namely: For transportation of members of the Home. (Same acts)	2,500.00	
For repairs, namely: Pay of chief engineer, builders, blacksmiths, carpenters, cabinetmakers, coopers, painters, gas fitters, plumbers, tinmiths, wire-workers, steam fitters, stone and brick masons, quarrymen, whitewashers, and laborers, and for all appliances and materials used under this head; also for repairs of roads and other improvements of a permanent character. (Same acts)	50,000.00	
For barracks and furniture. (Submitted)	25,000.00	
For one water-closet. (Submitted)	3,500.00	
For farm, namely: Pay of farmer, chief gardener, harness makers, farm hands, gardeners, horseshoers, stable men, teamsters, dairy men, herders, and laborers, and for all tools and appliances and materials required for farm, garden, and dairy work; for grain, hay, straw, dressing, seed, carriages, wagons, carts and other conveyances; for all animals purchased for stock or for work (including animals in the park); for all materials, tools, and labor for flower garden, lawn, and park, and for repairs not done by the Home. (Same acts)	15,000.00	
At the Northwestern Branch, at Milwaukee, Wis.:		\$698,300.00
For current expenses, including the same objects specified under this head for the Central Branch	28,000.00

**ANNUAL REPORT OF CENTRAL BRANCH, NATIONAL HOME FOR
DISABLED VOLUNTEER SOLDIERS, FOR THE YEAR ENDING
JUNE 30, 1897.**

CENTRAL BRANCH, July 28, 1897.

GENERAL: I have the honor to submit the following report of this Branch for the year ending June 30, 1897:

GENERAL FUND.

The treasurer's report shows that the average cost of ration per day per 100 men was \$14.27, against \$14.26 last year; per capita per year \$117.55, against \$104.06 last year; general expenditures \$591,629.18, against \$567,903.15 last year. The minimum number of members present during the year was 4,798 on July 3, 1896; the maximum number present was 5,185 on September 24, 1896; minimum number present and absent 5,809 on April 3, 1897; maximum number present and absent 6,000 on September 24, 1896.

LIBRARY.

During the year 283 volumes have been presented by Mrs. Putnam to the library bearing her name, and 586 volumes have been added by gift and purchase to the George H. Thomas Library. The two libraries now contain a total of 20,651 volumes. Twelve volumes having been dropped as worn out and unfit for further use. The number of books issued during the year shows a small increase over last year.

PERMANENT IMPROVEMENTS.

No new buildings have been built during the year, but much has been done in the way of repairs to present buildings. New hard-wood floors have been laid in twenty-five of the barrack buildings, wings for water-closets, baggage rooms, etc., have been added to eight of the smaller frame barracks; the large wagon shed at horse stable has been thoroughly repaired, and a large amount of repairing has been done on the avenues, which were in great need of it. At the expense of the post fund a wing of library building has been enlarged, and a suitable iron fence has been placed about the most exposed parts of the Home lakes, with handsome gates at the bridge entrance. The Veteran's Club house, mentioned in last annual report as just built by the post fund, was soon furnished and made ready for use, since which time it has been crowded daily with the old soldiers, to whom it has proved a great boon and by whom it is fully appreciated. Ground has been broken for the additional chapel, which is greatly needed, and it is hoped that the work can be pushed rapidly to completion.

HEALTH.

The year has been a healthful one for the members of the Branch, and the death rate is considerably lower than last year, which is somewhat surprising, considering the advanced age of the members. Total number of deaths during year 344; 67 outside of Home.

DISCIPLINE.

The accompanying tables under the head of "discipline" show that the number of offenses committed during the year was somewhat greater than last year. I ascribe this, in part at least, to the fact that this last was a Presidential year, when the pernicious influence of local politicians on certain members of the Home is greatest.

Very respectfully,

J. B. THOMAS,
Governor.

Gen. M. T. McMAHON,
Secretary Board of Managers,
National Home for Disabled Volunteer Soldiers.

Statement of expenditures and receipts of Central Branch, National Home for Disabled Volunteer Soldiers, for year ending June 30, 1897.

RELIGION AND SOCIETIES.

The Home chaplains have during the year been faithful and earnest in their work. The regular Sunday and week-day services have been held as usual, and have been well attended, showing that the members of the Home appreciate the efforts of their chaplains, which are certainly worthy of rich rewards. Hospital visitations have also formed an important part of the chaplains' duties. In addition to the regular services in the chapel, various outside religious organizations have held services in the grove during the summer, which have been well attended by the members of the Home. The Woman's Christian Association of Dayton has held its usual services in the chapel and at the hospital during the year.

The various military and naval associations of the Home now hold their regular meetings in the new society hall in the Veteran's Club House, which was especially designed for that purpose.

The good influences of the Gold Club continue to be felt in the Home, although there has been no increase in membership during the year.

SANITARY REGULATIONS.

The rainfall during the year has been unusually heavy, affording an abundant water supply for the Home use, thus insuring a good sanitary condition in camp. The number of baths taken at the general bath house was very large, being 192,754 for the year.

ANNUAL REPORT OF NORTHWESTERN BRANCH, NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, FOR THE YEAR ENDING JUNE 30, 1897.

NORTHWESTERN BRANCH, *July 14, 1897.*

GENERAL: I have the honor to submit the following report of this Branch for the year ending June 30, 1897:

Average present for year ending June 30, 1896.....	2,313
Average present for year ending June 30, 1897.....	2,365
Average present and absent for year ending June 30, 1896.....	2,695
Average present and absent for year ending June 30, 1897.....	2,769
Average age of members.....	62.50
Total number of deaths.....	151
Average age of deceased members.....	67

The average cost of the ration per day for each member was \$0.1450, as compared with a cost of \$0.1504 for the previous year.

PERMANENT IMPROVEMENTS.

There was no new building during the year.

The old convalescent company boiler room was converted into a convenient dining room and kitchen, thus relieving the hospital from the annoyance and discomfort of the noise and disturbance caused by the tramping of about 450 members through its halls for their daily meals.

The old boiler room of the hospital was also converted into sick-call, linen, sanitary, and hot-bath rooms, and is a source of great comfort and usefulness.

Respectfully submitted.

CORNELIUS WHEELER, *Governor.*

Gen. M. T. McMAHON,
*Secretary Board of Managers,
National Home for Disabled Volunteer Soldiers.*

Statement of expenditures and receipts of Northwestern Branch, National Home for Disabled Volunteer Soldiers, for year ending June 30, 1897.

RELIGION AND SOCIETIES.

RELIGION.

[Protestant chaplain's report.]

I take great pleasure in submitting my eighth annual report, covering all services and duties appertaining to my office:

Number of public services and sermons.....	66
Celebration of the holy communion.....	20
Burials of members of the Home.....	85
Baptisms of members of the Home.....	5
Confirmations by the bishop of Milwaukee.....	7

I have visited all the hospital wards to minister to the sick and dying regularly. This report of the Protestant religious efforts for the well-being of the members of our Home would be incomplete without mention of the faithful weekly prayer meetings held by devoted ladies from the Milwaukee Woman's Christian Temperance Union, and also of the Sunday evening services held by ministers of the Methodist Church, both of which, I doubt not, are productive of good, and must be a comfort to all who sympathize with them.

[Catholic chaplain's report.]

I have the honor to submit the following report for this year:

Catholic services in the chapel have been held regularly twice on Sunday and once every Saturday night; moreover, on every feast day of obligation and on some days of special devotion. We have always a large attendance, even at the early-hour service.

During the month of August Rev. Father Sherman gave the exercises of a Catholic mission for nearly a week, consisting of four services every day.

I have visited the hospital regularly three times a week and the other wards twice every month. I bring the holy communion every Sunday to some of the patients in the hospital wards, and sudden sick calls are punctually attended to.

During this year I have performed the funeral service over 51 members of the Home who died in the Catholic faith, and have distributed the temperance pledge to about 12 who were addicted to the immoderate use of liquors.

SOCIETIES.

Veteran Post No. 8, Grand Army of the Republic, has a membership in good standing of 172; Cushing Naval Veteran Association, a membership of 32.

A social club has been organized by the former members of the Keeley League, with a present membership of 274.

SANITARY REGULATIONS.

Daily inspections are made of buildings and grounds by the inspector and by the officer of the day.

Accumulations of garbage and filth of any character are not allowed. Care is exercised that all applicants for membership or relief are immediately cleansed when necessary, and old clothing fumigated or destroyed, and clean second-hand clothing furnished in its stead.

Every member of the Home is required to take a bath at least once each week, records of which are kept by the bathroom attendants; any failure to comply with this rule is reported by the company commanders to the governor as an offense.

ANNUAL REPORT OF EASTERN BRANCH, NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, FOR THE YEAR ENDING JUNE 30, 1897.

EASTERN BRANCH, *August 21, 1897.*

GENERAL: I have the honor to submit the following report of this Branch for the year ending June 30, 1897.

Aggregate present June 30, 1896.....	1,744
Aggregate present June 30, 1897.....	1,986
Gain of.....	242
Aggregate present and absent June 30, 1896.....	2,466
Aggregate present and absent June 30, 1897.....	2,559
Net gain of	93

PENSIONERS.

Amount paid to members during year ending June 30, 1897.....	\$260,995.74
Amount paid to members during year ending June 30, 1896.....	247,412.25
Increase	13,583.49
Number of members receiving pensions June 30, 1897.....	2,095
Number of members receiving pensions June 30, 1896.....	2,044
Increase	51
Number of pensioners admitted during year ending June 30, 1897.....	545
Number of pensioners discharged during year ending June 30, 1897.....	494
Number of pensioners increased during year ending June 30, 1897.	51

BARRACKS.

The necessity for increased barrack accommodations has been evident for some time past, and it is a matter of regret that our application for an appropriation for two additional barracks did not receive the approval of Congress. At the time of writing this report forty-seven members are compelled to sleep on the floors, with the prospect that a considerable portion of the 522 men on furlough will return before cold weather.

HEALTH.

I append below the statement of Dr. W. F. Elwell, surgeon of the Eastern Branch, and would emphasize his statements with regard to the increase of pulmonary tuberculosis at this Branch and his suggestion that it would be the part of wisdom to establish some place in a locality suitable in location and climate for this class of invalids. The large number afflicted with this disease at this Branch, as compared with Homes located in the West, is undoubtedly due to the fact that the membership is made up largely of veterans from the New England States, where consumption is more prevalent.

DR. ELWELL'S REPORT.

TOGUS, ME., July 12, 1897.

SIR: I have the honor to forward herewith the annual report of the medical department for the year ending June 30, 1897; also my special report to Gen. W. W. Averell, assistant inspector-general, National Home for Disabled Volunteer Soldiers.

With the exception of a mild epidemic of influenza, the Home has been free from epidemic disease, and the mortality is less than for several years.

The number of members treated in the hospital and convalescent company is practically the same as last year, while the number treated at surgeon's call is 149 larger, which is indicative of the fact that we have practically reached the limit of the number that can be comfortably cared for in the hospital during a given period of time.

Eighty-three cases of pulmonary tuberculosis were treated in the hospital during the past year; and while this unusually large number is due in part to the excessive humidity from which we have suffered ever since the flood of March, 1896, the number of these patients is at all times sufficiently large to serve as a menace to the health of other members; and the fact that 40 per cent of the cases acquired the disease after coming to the Home has seemed of sufficient significance to justify the report upon pulmonary tuberculosis in my special report to General Averell and the suggestion contained therein that a separate home or hospital be provided, to which could be sent all cases of tuberculosis occurring in the various Branches of the National Home.

Very respectfully, yours,

W. E. ELWELL, Surgeon.

Gen. LUTHER STEPHENSON, Governor.

DISCIPLINE.

I regret to report that there has been an increase of drunkenness during the past year, due in a great measure to the enforced use of the "red passes," which are of no use at this Branch during the warmer months of the year and are worse than useless in the winter season. The location and the surroundings of this Home, and the impossibility of inclosing it with a fence, made it necessary in the cold weather that the men should be kept within certain limits, to prevent their visiting the "dives" which abound outside of the Home grounds, where men got intoxicated, and sometimes with the result of frozen limbs and even death from exposure. The use of these passes has broken up the system I was enforcing for the welfare and discipline of the men and the good reputation of the Home.

Respectfully yours,

LUTHER STEPHENSON, Governor.

Gen. M. T. McMAHON,
Secretary Board of Managers,
National Home for Disabled Volunteer Soldiers.

SUBSISTENCE.

BILL OF FARE, GENERAL DINING HALL.

Sunday.—Breakfast: Baked beans, Boston brown bread, bread, butter, sirup, and coffee. **Dinner:** Roast beef or mutton or veal, or mutton or veal stew, potatoes, turnips or cabbage or green corn, pickles, bread, sirup, and coffee. **Supper:** Apple or mince pie, cheese, bread, butter, sirup, tea or milk.

Monday.—Breakfast: Beef stew or sausage or eggs or salt mackerel or salmon trout, potatoes, bread, butter, sirup, coffee. **Dinner:** Roast fresh pork or lamb, potatoes, green pease, pickled beets or cucumbers, lima beans or onions, bread, sirup, tea or coffee. **Supper:** Oatmeal, bread, butter, sirup, tea or milk.

Tuesday.—Breakfast: Bacon or meat hash or cold meat, potatoes, bread, butter, sirup, and coffee. **Dinner:** Beef soup, vegetables, veal stew, or pea soup or bean soup, crackers, bread, butter, sirup, and coffee. **Supper:** Gingerbread or buns or rolls, apple, peach, or prune sauce, bread, butter, sirup, tea or milk.

Wednesday.—Breakfast: Baked beans, Boston brown bread, bread, butter, sirup, and coffee. **Dinner:** Corned beef or ham or shoulder, potatoes, turnips or cabbage or parsnips or greens, bread, sirup, tea or coffee. **Supper:** Bologna or pigs' feet, tomato sauce, bread, butter, sirup, tea or milk.

Thursday.—Breakfast: Bacon or sausage or meat hash, potatoes, corn cakes, bread, butter, sirup, coffee. **Dinner:** Roast fresh pork or veal, potatoes, squash or green corn or string beans, pickles, bread pudding, bread, sirup, and coffee. **Supper:** Cold meat, apple, peach, or prune sauce, bread, butter, sirup, tea or milk.

Friday.—Breakfast: Salt mackerel or salmon trout or codfish and cream or codfish hash, potatoes, bread, butter, sirup, and coffee. **Dinner:** Baked fresh fish or fish chowder or clam chowder or boiled salt cod, potatoes, pickles, bread or rice pudding, crackers, bread, sirup, and coffee. **Supper:** Corn meal or hominy pudding, bread, butter, sirup, tea or milk.

Saturday.—Breakfast: Cold meat or sausage or tripe, potatoes, bread, butter, sirup, and coffee. **Dinner:** Corned beef or ham or shoulder, potatoes, turnips or cabbage or greens or onions or lima beans, bread, sirup, and coffee. **Supper:** Bologna or cold meat, apple, peach, or prune sauce, bread, butter, tea or milk, sirup.

Changes are made in the general dining hall bill of fare as the seasons warrant.

Fruit and fresh vegetables served according to market supply.

The hospital bill of fare is prescribed by the surgeon.

SANITARY REGULATIONS.

There is practically no change in our sanitary regulations over previous years. Members are required to bathe at least once each week, and constant supervision is exercised over sewers and drains, which are kept clean at all times.

RELIGION AND SOCIETIES.

The Protestant religious services during the past year have been performed by the following clergymen: Rev. R. M. Plant, Episcopal; Rev. C. S. Cummings, Methodist, and Rev. C. E. Newbert, Unitarian. The attendance has been large, and the services of the different clergymen seem to be appreciated by the worshipers. The employment of the quartette choirs connected with the societies with which our chaplains are connected has made the services more interesting and increased the regular attendance.

Rev. John P. Nelligan, Catholic, has conscientiously attended to his duties, and the attendance at the Catholic service has been very large. There has been no decrease in the usually large number of Catholic members of the Home, who regularly conform to the requirements of their faith.

102 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

The organizations composed of members of the Home are the Cutler Post, No. 48, Grand Army of the Republic, Department of Maine, with a membership of 187, and the Keeley League, No. 2, of Maine, with 127 members.

**ANNUAL REPORT OF SOUTHERN BRANCH, NATIONAL HOME FOR
DISABLED VOLUNTEER SOLDIERS, FOR THE YEAR ENDING JUNE
30, 1897.**

SOUTHERN BRANCH, *August 12, 1897.*

GENERAL: I have the honor to submit the following report of this Branch for the year ending June 30, 1897:

MEMBERSHIP.

Aggregate number present June 30, 1896.....	3, 129
Aggregate number present and absent June 30, 1896	4, 448
Average number present year ending June 30, 1896	3, 131
Aggregate number present June 30, 1897.....	3, 226
Aggregate number present and absent June 30, 1897	4, 535
Average number present, year ending June 30, 1897.....	3, 326
Average number present and absent, year ending June 30, 1897	4, 532

The above table shows the status of this Branch at close of last fiscal year. The status varies but a trifle as compared with the preceding year, and this will be accounted for, as we have erected no new barracks during the year, and that all available space remains filled as was the condition at time of making last annual report. Attention is also called to the number of members provided for in tents, viz, 89.

Our absentee membership at this date is 1,161, and if these absentees return in any great numbers it will become necessary to increase our tent accommodations as we have no other space available.

CONSTRUCTION.

Under this head there has been expended for sewage pumping works and hospital laundry the sum of \$25,311.57.

This building was erected for the special purpose of receiving the sewage from the two barracks which were erected the previous year to accommodate 400 members.

In addition to this, the several buildings in the locality were attached to the system. The construction was absolutely necessary for health, as the sewage of these buildings formerly ran into the creek, and it was only a question of time before the result would be an epidemic of disease.

The building was located just east of the hospital, and in this connection it was planned to include a hospital laundry, which was almost an imperative necessity, as the old laundry had not sufficient capacity to meet the increased needs.

Repairs to the old buildings, such as renewal of plumbing in most of them, reflooring, and painting, have been made. This has been particularly necessary in the older buildings, and will have to be continued during the present year in order to render them habitable.

HOSPITAL.

The condition of the hospital is fully up to the standard of my last report, but owing to the continued illness through the year of Surg. Edward L. Welling, who was expected to take up and carry forward the hygienic improvements along the lines mapped out by Dr. Phillips,

this improvement has been postponed; and as Dr. Vickery (recently appointed surgeon) has always been considered in the Regular Army as an expert in these matters, it is expected that he will give this subject especial attention, and the various buildings which compose this Home will be placed in an improved hygienic and sanitary condition.

Too much praise can not be given First Asst. Surg. James G. McKay and to our very able and efficient corps of assistant surgeons for the additional labor performed by them, made necessary by the long-continued illness of Surgeon Welling.

This office, therefore, extends to them its thanks for such untiring and zealous services, whereby its anxiety and labors, through their faithfulness, was greatly lessened.

DISCIPLINE AND MORALE.

Under this head I have the same favorable report to make as was made a year ago, viz, that as the members grow old they are more readily restrained and controlled, and orders issued in the interests of discipline a few years ago that would have engendered discontent, unrest, and annoying complaints to the press, and to Congress even, are now looked upon as necessary for their comfort and well-being; and, therefore, outside of the trivial breaches of good discipline (such as overstaying passes and slight disorders among themselves in camp) it is fast approaching the 100 per cent mark.

To the local manager, who has sustained this office in every proposition advanced for the improvement of the Home, and to the president of the Board of Managers, who has so readily responded to all the requests made to him, and to the entire Board of Managers are we indebted for the present excellent status of the Southern Branch.

I am, very respectfully, yours,

P. T. WOODFIN, *Governor.*

Gen. M. T. McMAHON,
*Secretary Board of Managers,
National Home for Disabled Volunteer Soldiers.*

Statement of expenditures and receipts of Southern Branch, National Home for Disabled Volunteer Soldiers, for year ending June 30, 1897.

SANITARY REGULATIONS.

The Home is in an excellent sanitary condition. There has been no epidemic disease during the year. With our excellent facilities for salt-water bathing, which are eagerly appreciated by those who are able to avail themselves of the privilege, and an abundant supply of water and bath tubs in buildings, the personal cleanliness of every member is under strict supervision and rigidly exacted.

Every building is systematically inspected daily, the grounds, roads, etc., policed under supervision of the chief of police, and a daily morning report thereof made to the governor.

The completion of the new sewage and pumping works renders our sewerage system about perfect.

The hospital is in an excellent sanitary condition.

RELIGION.

Owing to the long continued illness and death, May 26, 1897, of Rev. William Price, late Protestant chaplain, the number of religious services and funerals at which he officiated can not be stated. Protestant services were held every Sabbath day during the year, with weekly prayer meetings, officiated by clergymen of the vicinity. There were ninety-one funerals of Protestants during the year attended by a Protestant clergyman.

Rev. T. J. Mercer, Catholic chaplain, reports that he attended forty-seven funerals of members during the year; visits to hospital averaged three a week; services were held on four days in each week—Sunday, Monday, Wednesday, and Friday—and twice during each month on Saturdays. The attendance at these services was excellent on week days, from one hundred and fifty to two hundred and fifty being present; very often on Sundays several hundred were compelled to remain standing, owing to the lack of seating capacity in the chapel. Not only the attendance, but the interest and earnestness manifested attest the appreciation of the Catholics of the Home for what is being done for their spiritual welfare.

SOCIETIES.

The same military societies as reported last year are kept up by the Home members, viz: Five posts of the Grand Army of the Republic, aggregating 437 members; one Union Veteran Legion encampment, with 265 members; one post Union Veteran Union, with 75 members.

ANNUAL REPORT OF WESTERN BRANCH, NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, FOR THE YEAR ENDING JUNE 30, 1897.

WESTERN BRANCH, *June 30, 1897.*

GENERAL: I have the honor to submit the following report of this Branch for the year ending June 30, 1897:

POPULATION.

Aggregate number present June 30, 1896.....	2, 318
Aggregate number present and absent June 30, 1896.....	3, 211
Average number present year ending June 30, 1896.....	2, 340
Average number present and absent year ending June 30, 1896.....	3, 124
Aggregate number present June 30, 1897.....	2, 280
Aggregate number present and absent June 30, 1897.....	3, 091
Average number present year ending June 30, 1897.....	2, 374
Average number present and absent year ending June 30, 1897.....	3, 111

The highest number present during the year was 2,478 on February 3, 1897, while the lowest number present during the year was 2,176 on June 14, 1897.

GENERAL FUND.

The treasurer's report shows the average cost of ration per day 13.37 against 14.88 cents last year; average cost per capita per year, \$110.40, against \$114.79 last year; general expenditures, \$274,744.72, against \$290,497.75 last year. The average present last year was 2,340; this year it has been 2,374.

PENSION FUND.

Number of pensioner members of the Branch June 30, 1896, was 2,456; number of pensioner members of the Branch June 30, 1897, is 2,461; net gain, 5. The amount paid to pensioners during the year was \$225,004.55, \$12,501.65 more than during the preceding year. The amount paid to families during the year was \$122,640.18; \$13,912.29 more than during the preceding year.

IMPROVEMENTS AND REPAIRS.

Improvements paid for by the general fund during the year: A new building, known as the insane ward, for the better care of the insane members awaiting transfer to the Government Hospital for the Insane at Washington, D. C. This is a handsome brick building, located north

of the main hospital building, and is provided with every possible facility for the proper care of these unfortunates. It is the intention to construct a fence, inclosing a large yard around this building, so that the insane patients may have needed outdoor exercise, with perfect safety as to retention.

The post fund has erected a very handsome building, 30 by 100 feet in dimensions, with basement and two floors. The basement will eventually contain four bowling alleys. The first floor is divided into two rooms, one a very commodious billiard room, in which will be placed four billiard tables and one pigeonhole table. The other room will be occupied for the Home store, which is now located in the basement of a barrack. The third floor is furnished to accommodate 24 members of the band as a dormitory.

An additional workshop, containing twelve benches, for use of members, has been constructed by the post fund. It is a frame building.

The cost of repairs to barracks, hospital, and other buildings during the year was \$11,752.45.

The embankment east of the barracks has been terraced and sodded. A very attractive terra-cotta stairway, with iron railings, has been constructed on this embankment, to provide an easy passage down the declivity to the boilerhouse, laundry, and workshops.

FARM.

The farm has yielded a fairly good crop of vegetables and fruits, and the general mess and hospital have been amply provided for from the products of the farm. Among the staples raised were 933½ bushels of apples, 345 bushels of beans, 317 bushels of beets, 21,088 heads cabbage, while corn, lettuce, onions, parsnips, green pease, parsley, radishes, spinach, and squash, together with numerous other vegetables, were furnished in satisfactory quantities.

HEALTH.

The report of the surgeon is a good showing of health conditions. There were no epidemics during the year. One hundred and sixty-three deaths occurred during the year, one less than reported last year. The ratio of deaths per 1,000 for whole number cared for is 40.52 this year as against 39.93 last year, an increase of 0.59 per cent. The sanitary conditions are good. The total number of sick is 4,935, against 4,479 last year. This increase is no doubt owing to the fact that for the major part of the year only those whose physical condition required immediate medical attention were admitted, all applicants who were not sick being refused admission by reason of the crowded condition of the Branch.

THE KEELEY INSTITUTE.

The last case treated in the Keeley Institute at this Branch was received December 24, 1896, and graduated January 21, 1897. This was the fourteen hundred and seventh case. The accounts of the institute were then closed and the establishment discontinued.

Very respectfully,

ANDREW J. SMITH, *Governor.*

Gen. M. T. McMAHON,
Secretary Board of Managers,
National Home for Disabled Volunteer Soldiers.

RELIGION.

[Report of Protestant chaplain.]

I beg to present this my eleventh annual report of services during the year ending June 30, 1897:

Divine services have been held in our beautiful chapel every "Lord's Day" during the year. The attendance at these services has been very satisfactory. Frequently the church has been filled to its utmost capacity, and is usually comfortably filled.

On Mondays, Wednesday, and Thursdays we have meetings, in which the members are encouraged to take the principal part, and indeed they do make these meetings very helpful and interesting. The church is open every day for the use of men who wish to resort thither for prayer, meditation, reading the Scriptures, and mutual fellowship.

I have invited ministers of various denominations, as well as accredited evangelists, the Volunteers of America, the Salvation Army, the Young Men's Christian Association, the Woman's Christian Temperance Union to conduct meetings from

time to time. There are so many denominations represented at the Home that a wider interest has been felt in our service by this broad and generous recognition. On several occasions I have invited Chaplain Kinsella to take part with me in special services, and this has always been to the mutual gratification of the Christian people in the Home.

During the year I have, in person or by substitute, officiated at ninety-eight funerals. I have spent some part of five days of every week either in the hospital visiting, or conversing with men in the quarters or on the grounds, and in writing letters for men who, for some reason, can not write to their friends. I am on the Home grounds every day.

[Report of Catholic chaplain.]

I have the honor to report that during the past year, ending June 30, the regular order of religious exercises has been strictly observed. The attendance at divine worship continues to be as large as the capacity of the chapel will permit. On Sundays and all great feasts there are two services held in the chapel. Mass is also said on Monday mornings, and on each evening during the year night prayers are well attended. Confessions are heard on Saturdays and holy communion is administered on each Sunday morning, at which time a sermon is also preached. The hospitals have been visited almost daily, and sick calls and funerals are never neglected.

In conclusion, I desire to express my sincere thanks to our retiring governor, Andrew J. Smith, for his uniform kindness. No words can express our feeling of gratitude toward him. He has been truly kind and good to the members of the Western Branch, and the veterans of Santa Monica are to be congratulated.

MEMBERS.

Discipline, good. Clothing, clean. All members bathe regularly once a week. Have regular meals well cooked and well served. General dining room clean and orderly. Meats, vegetables, and other foods of the best quality. Water, good.

BUILDINGS.

Buildings all in good repair, heated with steam, lighted by gas, and furnished with pure water.

GROUND.

Considerably improved by additional brick walks, painted tile, flowering plants, ornamental trees, and neatly kept lawns.

HOSPITAL.

The hospital has been painted. New steel ceilings have been put in the old men's building and in the dining room, kitchen, and some of the annexes of main building. New appliances have been purchased during the past year for the surgical department. The equipment is now in touch with the best modern hospitals. Seven trained women nurses are now on duty, assisted by the best men nurses that we can secure from the members of the Home. The hospital is very much improved in every department, and the death record shows one less than last year, notwithstanding the increased ages of the inmates.

ANNUAL REPORT OF PACIFIC BRANCH, NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, FOR THE YEAR ENDING JUNE 30, 1897.

PACIFIC BRANCH, *July 1, 1897.*

GENERAL: I have the honor to submit the following report of this Branch for the year ending June 30, 1897:

POPULATION.

Aggregate present and absent June 30, 1896.....	1,936
Aggregate present and absent June 30, 1897.....	2,037
Maximum present during year, June 18, 1897	1,627
Maximum absent during year, June 30, 1897	457
Minimum present during year, July 9, 1896	1,499
Minimum absent during year, March 4, 1897	317
Average number present and absent during year ending June 30, 1896.....	1,770
Average number present and absent during year ending June 30, 1897.....	1,932
Average present, year ending June 30, 1896.....	1,408
Average present, year ending June 30, 1897	1,557

PENSIONERS.

Number of pensioners, year ending June 30, 1896.....	1,776
Total amount of pensions for one year	\$188,543.78
Average pension per month per pensioner.....	\$8.85

GENERAL FUND.

The treasurer's report shows the average cost of ration per day per 100 men as \$15.77, while in the year ending June 30, 1896, it was \$15.67. The cost of clothing per man this year is \$17.22; last year, \$17.92. The per capita cost for the year is \$133.39; last year, \$120.16.

PERMANENT IMPROVEMENTS.

A brick boiler house and stack have been built at a cost of \$9,187.68, and a barrack completed for \$22,487.81, which is now occupied.

THE WATER SUPPLY.

The water supply remains in the same condition that was reported a year ago, but the appropriation of \$10,000 available now, to be expended in adding to wells and pumps, will furnish, it is expected, much more water and relieve the situation very considerably.

HEALTH.

The report of the surgeon shows an increase in the percentage of hospital cases, to be attributed to the development of diseased conditions as the members grow older. The hospital is crowded, and more room is required, as well as a larger force to care for the sick.

138 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

DISCIPLINE.

The percentage of offenses is much less than shown in last year's report. Out of a total of 2,310 members, only 71 are registered as offenders.

Very respectfully,

J. G. ROWLAND, *Governor.*

Gen. M. T. McMAHON,
*Secretary Board of Managers,
National Home for Disabled Volunteer Soldiers.*

Statement of expenditures and receipts of Pacific Branch, National Home for Disabled Volunteer Soldiers, for year ending June 30, 1897.

SANITARY REGULATIONS.

With the increased membership of this Branch the present hospital facilities are inadequate to properly take care of the accompanying increase in hospital cases. To meet this increased demand has resulted in an excessive crowding of the hospital wards and the use of the attics, which are unsuitable for the care of the sick.

With this exception the sanitary condition of this Branch is good, and all sanitary regulations have been faithfully observed.

RELIGION AND SOCIETIES.

Services have been held with regularity by the Protestant and Catholic chaplains, and ministers of other denominations preach at stated times. The Christian Endeavor society of the Home, a strong and useful organization, holds frequent meetings, where ministers, residents of adjacent cities, are invited to officiate.

The Sunday-school and weekly prayer meeting are still maintained.

There are two Grand Army posts—John A. Martin, No. 153, with 198 members, and Uncle Sam, No. 177, with 106 members. The Union Veteran Legion has 101 members, and the Association of Naval Veterans 35 members.

**ANNUAL REPORT OF MARION BRANCH, NATIONAL HOME FOR
DISABLED VOLUNTEER SOLDIERS, FOR THE YEAR ENDING JUNE
30, 1897.**

MARION BRANCH, *June 30, 1897.*

GENERAL: I have the honor to submit the following report of this Branch for the year ending June 30, 1897:

As shown by the yearly statement of receipts and expenditures, general fund, general expenditures amounted to \$270,342.46; cost of ration, \$14.92, and average cost per capita, \$118.56.

POPULATION.

Average present during year ending June 30, 1896.....	1,422
Average present during year ending June 30, 1897.....	1,563
Gain	141

HOSPITAL.

This department has been efficiently managed during the year.

Average daily number of sick: In hospital, 201; in convalescent company, 40; in barracks, 1.33; number of deaths during the year, 74; average age at death, 64.2 years; ratio of deaths per 1,000 for whole number cared for, 29.25 per cent.

PERMANENT IMPROVEMENTS.

The two barracks and mess hall, under way at date of my last report, were completed and occupied early in fiscal year.

The mess hall, 210 feet by 60 feet, is a grand structure for the purpose. One thousand and seventy-two members are comfortably seated in chairs at one sitting. Two 60-horsepower steam boilers in basement furnish an ample supply of steam for heating, power, and cooking. Three large rooms and lobby on the second floor are occupied, respectively, by the Harris library, billiard room (four tables), assembly room for meetings of societies, and club room for games.

Six of the oldest barracks were repainted outside during the year at a cost of \$1,410.

The following permanent improvements, authorized by the Board of Managers, are at this writing (August 11, 1897) completed and have been accepted by the Home, viz:

Three additional barracks.....	\$66,000
New boiler house.....	2,500
Gas well and connections.....	5,000
Leasing additional ground.....	1,300

152 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

A second story was added to hospital corridor, making a much-needed improvement. Concrete floors were also placed in basement under the entire hospital.

A conservatory was begun by building a working room and one wing for propagating plants. As a result, beautiful flower beds abound throughout the Home grounds.

DISCIPLINE.

There is now a marked change for the better in the conduct of the members of the Branch. With an average present of 1,563, 585 offenses were committed during the year. Last year, with an average present of 1,422, 708 offenses were committed.

CHLORIDE OF GOLD CLUB.

The gold cure, productive of much good in this Branch, has been continued during the year.

Whole number taking cure since organization, January 31, 1893.....	310
Loss by relapse.....	105
death.....	13
discharge from Home.....	9
transfer to other Branches.....	22
abandoned treatment.....	18
	<hr/> 167
Present membership.....	143

No member is permitted to take the treatment unless it can be shown that he honestly desires to be cured of the drink habit. Members undergoing sentence can not join the club until sentence is completed. Cost of membership is \$15. Amount received is expended for the sole benefit of the club and by their order. The Branch treasurer is treasurer of the club elected by the club in regular meetings. A report of the receipts and expenditures is made to the club monthly for their approval. The financial condition of the club is as follows, viz:

Cash on hand July, 1, 1896.....	\$406.60
Received during the year.....	713.00
Total.....	<hr/> 1,119.60
Expended during the year.....	972.43
Leaving a balance on hand of.....	<hr/> 147.17

POST FUND.

Our Home store has been admirably managed during the year. Receipts from sales amount to \$20,343.68.

NATURAL GAS.

I regret to report that there is a gradual diminution in the rock pressure of our gas wells. Originally they registered 315 pounds to the square inch; at the present time they register 195 pounds.

The appropriation of \$5,000 for gas well and connections was quite opportune, as it enabled us to purchase 63 acres of gas land upon which there was located a good gas well. This land joins our property on the south and was purchased under the supervision of Colonel George W. Steele, local manager, at \$79.36½ per acre, including the gas well.

It will be necessary to drill new wells from time to time as the old wells give out.

ADMISSIONS.

As in former years, applications for admission to the Branch exceeded our capacity, making it necessary to discontinue admissions and readmissions on August 16, 1896. From that date to March 11, 1897, 404 applications for admission and readmission were received and filed.

With the three new barracks just completed and the ample cooking and messing facilities it is hoped that we will be able to receive and care for all who apply and are entitled to the benefits of the Home.

Accompanying tables give full information of the workings of the Branch.

In the administration of affairs of the Branch I have had the loyal support of officers, noncommissioned officers, and employees, and to them my thanks are hereby extended.

Very respectfully, your obedient servant,

JUSTIN H. CHAPMAN, *Governor.*

Gen. M. T. McMAHON,
*Secretary Board of Managers,
National Home for Disabled Volunteer Soldiers.*

Statement of expenditures and receipts of Marion Branch, National Home Disabled Volunteer Soldiers, for year ending June 30, 1897.

RELIGION AND SOCIETIES.

I invite attention to the accompanying reports of the chaplains, as follows:

[Report of Rev. D. E. Myers, chaplain.]

As heretofore, my work during the past year has mainly consisted in preaching the gospel, visiting the sick, officiating at the burial of the dead, and in the promotion of moral reform.

Public religious services are held in Stinson Memorial Hall every Sunday at 10.30 o'clock a. m., consisting of reading the scriptures, prayer, song, and preaching the gospel.

Week-night religious services are held every Thursday night for nine months of the year in Assembly Hall. In connection with said services communion services are occasionally held.

We have in the Home a religious organization called "The Christian Union," the membership of which numbers about three hundred. Among this number are to be found members of nearly all the different Christian churches.

The Temperance League is, in the main, devoted to the promotion of temperance, but it often comprehends other lines of usefulness. Under the auspices of this society the Woman's Christian Temperance Union did much acceptable work during the year. Meetings are held in Stinson Memorial Hall on Sunday night and in Assembly Hall on Wednesday night.

[Report of Rev. F. C. Weichmann, chaplain.]

The conditions of the chapel for Catholic services are not satisfactory, but have improved since the drainage has been completed. The services are held on Sundays at 7 o'clock a. m. and at 9.30 o'clock a. m., and the attendance so large as to completely fill the room. Sermons are preached at these morning services as also on Thursday evenings and Friday mornings. The chapel is open during the day and the men find great comfort in going to the chapel for private devotions.

The "League of the Sacred Heart," a society devoted to the development of piety among the members, has a roll of 40 members.

The Altar Society, mentioned in the last report, has been discontinued, and in its stead the pensioners contribute every quarter the sum of 50 cents to janitor's expenses and supply necessaries for the altar.

The discipline among my members has gained considerably, in consequence of a mission given during the month of November, 1896, many who neglected religious duties for years returning and persevering in the good resolutions made at the mission.

By an appeal to a number of the archbishops, bishops, and clergy of the Catholic Church in the United States, the number of volumes in our library has been materially increased.

An average visit of three times a week to the sick has been made.

To summarize, it is the opinion of the chaplain that the spirit and zeal in religious matters are much improved.

The following societies are in organization and in good standing at this Branch:

	Members.
Union Veteran Legion, Encampment No. 90.....	90
Tom Bennett Post, No. 546, Grand Army of the Republic, Department of Indiana.	72
Chloride of Gold Club	143
The Christian Union.....	300
Union Temperance League	260
League of the Sacred Heart.....	40

NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS. 165

SANITARY REGULATIONS.

Have nothing special to mention under this head. Systematic daily policing of barracks, kitchen, dining room, closets, and bathrooms has been observed during the year. The surgeon makes frequent inspections of food, cooking, barracks, and grounds, and recommends such changes as may be necessary.

Bathing facilities are ample, all members being required to bathe once a week. All beds and bedding are cleaned and aired weekly and are kept free from bedbugs and other vermin.

Our sewer, which empties into the Mississineewa River a considerable distance from the barracks or buildings, continues to carry off all refuse, and is in good order.

PROCEEDINGS OF THE BOARD OF MANAGERS.

PROCEEDINGS OF THE BOARD OF MANAGERS OF THE NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, SEPTEMBER 8, 1896.

DAYTON, OHIO, *September 8, 1896.*

The Board met in regular quarterly session at the Central Branch at 11 a. m.

Present: Gen. William B. Franklin, president of the board; Gen. William J. Sewell, first vice-president; Col. John L. Mitchell, second vice-president; Gen. A. L. Pearson, Col. George W. Steele, Gen. Charles M. Anderson, Col. Sidney G. Cooke, Gen. Thomas J. Henderson, Gen. George L. Beal.

Absent: The President of the United States, the Chief Justice of the United States, the Secretary of War, Gen. M. T. McMahon, secretary (in Europe); Gen. A. W. Barrett.

The president of the Board presented a letter from Gen. A. W. Barrett, explaining his absence.

On motion, Gen. A. L. Pearson was, in the absence of Gen. M. T. McMahon, appointed secretary pro tem.

The minutes of the last meeting were submitted for approval. Upon motion, the secretary pro tem. was directed to correct the minutes so as to include a resolution adopted at last meeting of the board (June 26-30, 1896), authorizing the erection at the Eastern Branch of three cottages, to be paid for from the post fund of that Branch, and a report presented by Colonel Steele and approved, as to the purchase of additional gas land at Marion Branch, cost to be paid from appropriations general fund. The corrections having been made, the minutes as corrected were, upon motion, approved.

The president of the Board presented the following estimates for the quarter ending December 31, 1896, which, after careful consideration, were agreed upon, as follows:

Central Branch, general.....	\$143,250.00
Northwestern Branch, general.....	72,375.00
Eastern Branch, general.....	60,525.00
Southern Branch, general.....	87,875.00
Western Branch, general.....	67,775.00
Pacific Branch:	
General.....	\$46,500.00
Additional barracks.....	7,500.00
	54,000.00
Marion Branch:	
General.....	39,875.00
Additional barracks.....	15,000.00
	54,875.00
Clothing for all the Branches.....	52,750.00
Salaries of officers and employees of the board of managers, outdoor relief, and incidental expenses.....	9,500.00
	602,925.00
Aid to State or Territorial Homes.....	195,000.00
	797,925.00
Grand total.....	167

168 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

Whereupon the following resolution was adopted:

Resolved, That the Board of Managers of the National Home for Disabled Volunteer Soldiers estimate and appropriate, out of the moneys which may be provided by law, the sum of \$602,925 as necessary to meet the expenses for the quarter ending December 31, 1896, of the seven Branches of the National Home, and for construction, clothing for all the Branches, salaries of officers and employees, outdoor relief, and incidental expenses of the National Home; and \$195,000 for aid to State and Territorial Homes, and that the general treasurer be, and he is hereby, authorized and empowered to obtain the sum of \$797,925 from the Treasury of the United States, and to receipt therefor, and to transfer and disburse said amounts in the name and behalf of the National Home.

The president of the Board also presented the estimates for the fiscal year ending June 30, 1898, which, after discussion, were agreed upon, as follows:

General estimates of the National Home for Disabled Volunteer Soldiers, year ending June 30, 1898, as submitted by the Branches.

Aid to State Homes.....								825,000.00
Grand total.....								3,443,214.23

The president of the Board submitted the case of Frank Schneider, late Company E, Third Missouri Infantry, readmitted by the board, at its last meeting, to the Western Branch, whereas application read, and readmission should have been, to the Central Branch. On motion, the action of the board was altered and applicant readmitted to Central Branch.

On motion of Colonel Steele, the matter of repairs to the greenhouse at the Central Branch was referred to the president of the board and Gen. C. M. Anderson, local manager, with power.

On motion of General Beal, there was appropriated from the post fund of the Eastern Branch a sum, not to exceed \$600, for the purpose of erecting at that Branch a workshop for the amusement of the members of the Branch.

On motion of General Anderson, it was—

Resolved, That the treasurer of the Central Branch, National Home for Disabled Volunteer Soldiers, is required and authorized to receive from the executor of Peter Triquant, late Company K, Twenty-fifth Regiment Ohio Infantry, deceased, the bequest made by him to said Central Branch Home, giving his receipt therefor to said executor, and that said moneys be turned over to and accounted for in the post fund of said Central Branch Home.

On motion of General Sewell, it was—

Resolved, That the president of the board communicate with the Chief Justice of the United States Supreme Court and request his opinion on the construction of a law of Congress, approved August 1, 1892, and especially whether the employees of the National Home for Disabled Volunteer Soldiers are covered by said law.

The president of the Board presented the application for permission to draw rations from the Home, while living outside, of Thomas Brown.

Upon motion, the application was denied under the rule.

The president of the board presented the application, for appointment as assistant surgeon of the Pacific Branch, of Capt. H. G. Burton, assistant surgeon, United States Army, retired.

Upon motion, the president was directed to notify Dr. Burton that, in the opinion of the board, his appointment would be in violation of the resolution, adopted April 18, 1895, relative to the appointment, to positions in the Home, of retired Army officers.

The president of the Board presented a communication from the New York, Lake Erie and Western Railroad Company relative to payment for transportation coupons. On motion, the treasurer of the Central Branch was directed to pay the claim from the proper fund.

The president of the Board presented the application for admission to the Pacific Branch of Edgar H. Cronk, late Company D, First Connecticut Heavy Artillery, at present a member of the Connecticut State Soldiers' Home. On motion, the matter was referred to the president of the board, with power.

The application for admission to the Home of L. W. Huffman, a \$45 pensioner, was, on motion, denied under the rule.

On motion of Colonel Steele, it was—

Resolved, That, until further notice from the president of the Board of Managers, managers, governors, and agents shall not admit any more men to the Home; that they shall keep a list of applicants for admission, and forward such list to the president of the board at the end of each quarter; and that 200 copies of this resolution be furnished to each manager, governor, and agent.

On motion of Colonel Steele, the matter of a change in the Chicago agency of the Home was referred to the president of the board and General Henderson, with power.

The president of the Board presented the applications for repairs to their joint quarters of the inspector and chief engineer of the Central Branch. On motion, the matter was referred to the president of the board, with power.

On motion of General Beal, the president of the board was directed to include in the annual estimates to Congress for the fiscal year ending June 30, 1898, the sum of \$4,000, to reimburse the post fund of the Eastern Branch for its outlay in replacing the Home coal shed and wharf at Randolph, Me., destroyed by flood.

On motion of Colonel Mitchell, it was—

Resolved, That, owing to the crowded condition of all the Branches of the Home, no applications for admission or readmission will be considered at the present meeting of the board.

After inspection of the barracks, hospital, buildings, and grounds,

172 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

and hearing such members as desired to make personal applications or statements, the Board proceeded to the Marion Branch, and reconvened on the 10th of September.

MARION, IND., *September 10, 1896.*

On motion of General Anderson, it was—

Resolved, That the officers of the Marion Branch, National Home for Disabled Volunteer Soldiers, be, and they are hereby, authorized and empowered to execute, to the Pittsburg, Cincinnati, Chicago and St. Louis Railroad Company a bond insuring said company from loss or damage by reason of the putting by the Home of a natural gas pipe line under the tracks of said railroad, for the purpose of conveying natural gas to said Marion Branch.

On motion of Colonel Mitchell, the matter of leasing additional gas land, and the purchase of gas pipe necessary for distributing the gas therefrom throughout the Marion Branch, was referred to Colonel Steele, local manager, with power.

On motion of General Anderson, there was appropriated from the post fund of the Marion Branch a sum not to exceed \$2,000 for the enlargement of the greenhouse at that Branch.

On motion of General Pearson, the salary of the treasurer of the Marion Branch was fixed at \$2,125 per annum instead of \$2,000, as at present, the increase to date from July 1, 1896.

After an inspection of the hospital, buildings, and grounds, and hearing such members as desired to appear in person before the Board, the board proceeded to the Northwestern Branch, and reconvened on the 12th of September.

MILWAUKEE, WIS., *September 12, 1896.*

On motion, the Board accepted the bond for \$25,000, in Fidelity and Deposit Company, of Baltimore, Md., of Capt. J. E. Armitage, treasurer of the Northwestern Branch, as custodian of the special funds of the Branch.

On motion of Colonel Mitchell, the governor of the Northwestern Branch was authorized to cause the necessary repairs to be made to the artificial limbs of Peter Fleming, late Company E, Third United States Artillery, a member of the Home.

The president of the Board presented the application for forage for one horse of Maj. Moses Harris, adjutant of the Northwestern Branch. On motion, the application was granted.

On motion, the action of the Board at its meeting in June, 1896, in readmitting to the Home Valentine Cook, late Company K, Sixth United States Cavalry, was revoked.

After inspection of quarters, hospital, and grounds, and hearing the complaints and applications of such members as desired to appear in person before the board, the board proceeded to the Western Branch, at Leavenworth, Kans.

LEAVENWORTH, KANS., *September 14, 1896.*

The Board reconvened at the Western Branch and proceeded to an inspection of the barracks, hospital buildings, and grounds, and heard the complaints and applications of such members as desired to appear before the board in person.

On motion, it was resolved that when the Board adjourn it be to meet

in Washington, D. C., upon such date as the president of the Board may designate.

On motion, there was appropriated from the post fund of the Western Branch \$1,000 for an addition to the amusement hall at that Branch.

Colonel Cooke, to whom had previously been referred the matter of the sale of the brick plant at the Western Branch, submitted a report, which, upon motion, was received and ordered upon the minutes:

NATIONAL MILITARY HOME,
LEAVENWORTH, KANS., *September 14, 1896.*

General: I have the honor to report that under instructions of the board given at its last meeting, I proceeded to sell the brick plant at the Western Branch, finally effecting a sale to Messrs. Nesch & Carr, of Leavenworth, Kans., upon the following terms, to wit: \$2,500 for the plant complete, one-half of which has been paid, the balance to be paid on or before December 1, 1896.

In making this sale it was necessary to permit the purchasers to use it temporarily upon the Home grounds, otherwise the sale could not have been made, as the firm was obliged to enter immediately upon the manufacture of brick. I have therefore included in the terms of the sale permission to use the plant upon the Home grounds until the 1st day of December, 1896, the firm agreeing, in consideration of the same and of the use of the clay, to give the Branch 5 per cent of its product. It was stipulated that the entire plant should be removed from the Home grounds on or before the 1st day of March, 1897.

All papers in the case are herewith submitted.

Very respectfully,

SIDNEY. G. COOKE,
Local Manager, National Home Disabled Volunteer Soldiers.

Gen. W. B. FRANKLIN,
President Board of Managers, National Home Disabled Volunteer Soldiers.

Upon motion, it was—

Resolved, That it is the sense of the Board that the case of the will of Leonard H. Huson, late Company B, Seventy-second Ohio, a deceased member of the Western Branch, in favor of Miss Victoria Tullis, woman nurse of that Branch, comes within the rule prohibiting officers, etc., of the Home from accepting bequests from members of the Home, and that said Huson's effects be disposed of as are the effects of other deceased members of the Home.

Previous to the passage of the resolution suspending admissions, the Board considered the following applications for readmission and for the effects of deceased members, and made the following orders:

CENTRAL BRANCH.

APPLICATIONS FOR READMISSION.

The following named soldiers are readmitted on condition that they perform such labor as the governor may direct, without pay, for the periods set opposite their respective names; and that they authorize the treasurer of the Branch to remit each month, from their pensions, to the relatives named, the amounts set opposite their respective names:

E. C. Fountain, late Company K, Fifteenth New Jersey Infantry, thirty days and \$6 to wife.

James H. Karrigan, late Company H, Fifteenth Kentucky Infantry, thirty days and \$6 to daughter.

Daniel Gneiting, alias John Kline, late Company K, First New York Infantry, sixty days and \$5 to wife.

James Masterson, late Company I, One hundred and eighty-eighth Ohio Infantry, thirty days and \$6 to wife.

EFFECTS OF DECEASED MEMBERS.

The following applications are granted:

George W. Mannix, administrator, for effects of George Crowe, late Company G, Fourth Ohio Cavalry.

174 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

Charles J. McKee, administrator, for effects of Henry B. Eifort, late Company C, Second Kentucky Cavalry.

NORTHWESTERN BRANCH.

APPLICATION FOR READMISSION.

The following-named soldier is, for sufficient reasons, readmitted unconditionally:

William H. Green, late Company G, One hundred and Sixteenth Pennsylvania Infantry.

EFFECTS OF DECEASED MEMBERS.

The following applications are referred to Col. John L. Mitchell, local manager, with power:

August Meyer, son, for effects of Gerhard Meyer, late Company C, One hundred and sixth Ohio Infantry.

Maria Standinger, widow, for effects of Joseph Standinger, late Company G, Ninety-fifth New York Infantry.

WESTERN BRANCH.

APPLICATION FOR READMISSION.

The following-named soldier is, for sufficient reasons, readmitted unconditionally:

William Fallon, late Company K, Twenty-ninth Pennsylvania Infantry.

EFFECTS OF DECEASED MEMBERS.

The application of M. Enright, administrator, for effects of David Crolly, late Company C, Fifth Ohio Infantry, is granted.

The claim of T. Giacomini, of Leavenworth, Kans., for \$6.15, against the intestate estate of Leonard Keene, late Company A, First Texas Cavalry, is referred to Col. Sidney G. Cooke, local manager, with power.

PACIFIC BRANCH.

EFFECTS OF DECEASED MEMBERS.

The following applications are granted:

Louis Schwarz, administrator, for effects of Francis Dolles, late Company D, Twentieth Pennsylvania Cavalry.

Adeline S. Winter, sister, for effects of James Winter, late acting paymaster United States Navy.

Charles Long and Mrs. Malinda Evans, brother and sister, for effects of Jeremiah Long, late Company A, Twenty-eighth New York Infantry.

MARION BRANCH.

EFFECTS OF DECEASED MEMBERS.

The application of Bertha Bowley, daughter, for effects of Amon Satterley, late Company D, First United States Sharpshooters, is granted.

Under the resolution adopted by the board, the following applications for admission and readmission were not considered:

CENTRAL BRANCH.

A. L. PEARSON, *Secretary pro tem.*

PROCEEDINGS OF THE BOARD OF MANAGERS OF THE NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, DECEMBER 7, 1896.

WASHINGTON, D. C., December 7, 1896.

The board met in regular quarterly session at the Arlington Hotel at 2 p. m.

Present: Gen. William B. Franklin, president of the Board; Gen. William J. Sewell, first vice-president; Col. John L. Mitchell, second vice-president; Gen. M. T. McMahon, secretary; Col. George W. Steele, Gen. A. W. Barrett, Col. Sidney G. Cooke, Gen. Thomas J. Henderson, Gen. George L. Beal.

Absent: The President of the United States, the Chief Justice of the United States, the Secretary of War, Gen. A. L. Pearson, Gen. Charles M. Anderson.

The president of the Board presented letters from Gen. A. L. Pearson and Gen. Charles M. Anderson explaining their absence.

The minutes of the last meeting were submitted and approved.

The president of the board presented a draft of the annual report of the board, which was read, discussed, and upon motion, approved and ordered transmitted to Congress.

The president of the Board presented the following estimates for the quarter ending March 31, 1897, which, after careful consideration, were agreed upon as follows:

Central Branch, general.....	\$144, 892. 00
Northwestern Branch, general.....	69, 125. 00
Eastern Branch, general.....	54, 625. 00
Southern Branch, general.....	87, 625. 00
Western Branch, general.....	69, 975. 00
Pacific Branch:	
General.....	\$47, 500. 00
Additional barracks.....	5, 000. 00
	<hr/> 52, 500. 00
Marion Branch:	
General.....	43, 125. 00
Additional barracks.....	30, 000. 00
	<hr/> 73, 125. 00
Clothing for all the Branches.....	62, 750. 00
Salaries of offices and employees of the Board of Managers, outdoor relief, and incidental expenses.....	7, 500. 00
	<hr/>
Total.....	622, 117. 00
Aid to State or Territorial Homes.....	200, 000. 00
	<hr/>
Grand total.....	822, 117. 00

178 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

Whereupon the following resolution was adopted:

Resolved, That the Board of Managers of the National Home for Disabled Volunteer Soldiers estimate and appropriate, out of the moneys which may be provided by law, the sum of \$622,117, as necessary to meet the expenses for the quarter ending March 31, 1897, of the seven Branches of the National Home, and for construction, clothing for all the Branches, salaries of officers and employees, outdoor relief and incidental expenses of the National Home; and \$200,000, for aid to State or Territorial Homes; and that the general treasurer be, and he is hereby, authorized and empowered to obtain the sum of \$822,117 from the Treasury of the United States, and to receipt therefor, and to transfer and disburse said amounts, in the name and behalf of the National Home.

On the motion of General Barrett, it was—

Resolved, That, in view of the special circumstances of the case, Dr. H. G. Burton, assistant surgeon, United States Army, retired, is hereby appointed assistant surgeon of the Pacific Branch, at a salary of \$1,000 per annum, and the resolution adopted April 18, 1895, is hereby suspended for this purpose, and for this purpose only.

The president of the Board submitted a revised schedule of pay and allowances of officers and employees of the National Home for Disabled Volunteer Soldiers, prepared in accordance with acts of Congress approved August 18, 1894, and June 11, 1896, which schedule, on motion of Colonel Steele, was adopted.

The president of the Board presented a deficiency estimate for the fiscal year ending June 30, 1897, which, after careful consideration, was agreed upon as follows:

Detailed object of expenditure and explanation.	Estimated amount which will be required for each detailed object of expenditure.
Pacific Branch, Santa Monica, Cal.:	
For household, namely: For expenditures for furniture for officers' quarters; for bedsteads, bedding, bedding material and all other articles required in the quarters of the members, and for their repair if they are not repaired by the Home; for fuel, including fuel for cooking, heat, and light, for engineers and firemen, bath-house keepers, hall cleaners, laundrymen, gas and soap makers, and privy watchmen, and for all labor, materials, and appliances required for household use, and for their repairs, unless the repairs are made by the Home.	\$4,000.00
For repairs, namely: Pay of chief engineer, builders, blacksmiths, carpenters, cabinetmakers, coopers, painters, gas fitters, plumbers, tinsmiths, wireworkers, steam fitters, stonecutters, stone and brick masons, quarrymen, whitewashers, and laborers, and for all appliances and materials used under this head; also, for repairs of road and other improvements of a permanent character.	2,111.37
State and Territorial Homes for Disabled Volunteer Soldiers:	
For continuing aid to State and Territorial Homes for the support of disabled volunteer soldiers, in conformity with the act approved August 27, 1888: <i>Provided</i> , That one-half of any sum or sums retained by State Homes on account of pension received from inmates shall be deducted from the aid herein provided for.	65,000.00
NOTE.	
Amount disbursed during fiscal year 1896.	\$753,417.97
Estimated increase for fiscal year 1897.	36,582.93
Total.	790,000.00
Appropriation for fiscal year 1897.	725,000.00
Amount required	65,000.00
Grand total.	71,111.37

The president of the Board presented an additional estimate for the fiscal year ending June 30, 1898, which, after consideration, was agreed upon as follows:

Detailed object of expenditure and explanation.	Estimated amount which will be required for each detailed object of expenditure.
Pacific Branch, Santa Monica, Cal.:	
For household, namely: Expenditures for furniture for officers' quarters; for bedsteads, bedding, bedding material, and all other articles required in the quarters of the members, and for their repair if they are not repaired by the Home; for fuel, including fuel for cooking, heat, and light; for engineers and firemen, bath house keepers, hall cleaners, laundrymen, gas and soap makers, and privy watchmen, and for all labor, materials and appliances required for household use, and for their repairs, unless the repairs are made by the Home...	\$5,000.00
For repairs, namely: Pay of chief engineer, builders, blacksmiths, carpenters, cabinetmakers, coopers, painters, gas fitters, plumbers, tinsmiths, wireworkers, steam fitters, stone and brick masons, quarrymen, whitewashers, and laborers, and for all appliances and materials used under this head; also, for repairs of roads and of other improvements of a permanent character.....	2,500.00
For additional boilers.....	3,000.00
Marion Branch, Marion, Ind.:	
For repairs, namely: Pay of chief engineer, builders, blacksmiths, carpenters, cabinetmakers, coopers, painters, gas fitters, plumbers, tinsmiths, wireworkers, steam fitters, stone and brick masons, quarrymen, whitewashers, and laborers, and for all appliances and materials used under this head; also, for repairs of roads and of other improvements of a permanent character.....	5,000.00
For rent of leased land.....	360.00
Grand total	15,800.00

On motion of General Sewell, it was—

Resolved, That the president of the board be, and he is hereby, authorized to direct the construction at the Central Branch of an additional chapel, at a cost not to exceed \$6,000, said amount to be taken from the ward fund and to be in full for architect's fees, building, and ornamentation of said chapel.

On motion of General Sewell, it was—

Resolved, That the president of the board be, and he is hereby, authorized to direct the construction at the Pacific Branch of a memorial hall, at a cost of not to exceed \$10,000, \$4,000 of which amount is to be taken from the post fund of the Pacific Branch and \$6,000 to be taken from the Ward fund, and that said amount of \$10,000 is to be in full for architect's fees, building, ornamenting, and furnishing said memorial hall ready for occupancy.

On motion, the president of the Board was authorized to direct the payment, by the treasurer of the Central Branch, from the post fund of that branch, of a bill of \$225 for services of Peters, Burns & Pretzinger, architects.

On motion of General Henderson, it was—

Resolved, That the matter of the removal of the station of the Leavenworth Electric Railway from the highway at the west entrance to the grounds of the Western Branch, National Home for Disabled Volunteer Soldiers, at Leavenworth, Kans., be referred to Col. Sidney G. Cooke, local manager, with power to take any necessary lawful action and to employ legal counsel if necessary.

The president of the Board submitted a list of members of the Western Branch having \$500 or more to their credit in the hands of the treasurer of that Branch. On motion, the matter was referred to Col. Sidney G. Cooke, local manager, for action.

On motion, it was resolved that when the Board adjourn it be to meet at Washington, D. C., upon such date in April, 1897, as may be designated by the president of the board.

The president of the Board presented the application of William J. Jones, late Company B, One hundred and thirty-sixth Pennsylvania

Infantry, a member of the Southern Branch, for reimbursement for transportation coupon No. 052946, lost by him and never presented for payment. On motion, the application was granted and the treasurer of the Southern Branch authorized to make the repayment.

On motion, the sum of \$251.25 was appropriated from the post fund of the Western Branch for the purpose of completing the amusement hall at that Branch.

The president of the Board presented the application of William B. Hall, late Company H, One hundred and forty-seventh Illinois Infantry, for reimbursement for transportation coupon from Troy, N. Y., to Milwaukee, Wis., destroyed and never presented for payment. On motion, the application was granted and the treasurer of the Northwestern Branch authorized to make the repayment.

On motion, the president of the Board, Gen. W. J. Sewell, Col. J. L. Mitchell, and Col. G. W. Steele were appointed a committee to appear before the House Appropriations Committee in the matter of the appropriations for the National Home.

At various times during its session the Board appeared, by invitation, before the committee of the House of Representatives appointed, under resolution of June 6, 1896, to investigate the administration of the Western Branch of the National Home.

At various times during its session, the Board considered applications for the effects of deceased members, and made the following orders:

CENTRAL BRANCH.

EFFECTS OF DECEASED MEMBERS.

The following applications were granted:

J. W. Anawalt, nephew, for effects of Jas. W. Anawalt, late surgeon One hundred and thirty-second Pennsylvania Infantry.

M. T. McMAHON, *Secretary*.

PROCEEDINGS OF THE BOARD OF MANAGERS OF THE NATIONAL HOME FOR
DISABLED VOLUNTEER SOLDIERS, MARCH 23, 1897.

WASHINGTON, D. C., *March 23, 1897.*

The board met in special session at the Arlington Hotel, at 11 a. m., pursuant to the following call of the chair, viz:

NEW YORK, *March 5, 1897.*

There will be a special meeting of the Board of Managers of the National Home for Disabled Volunteer Soldiers on Tuesday, March 23, 1897, at 11 a. m., at the Arlington Hotel, Washington, D. C., for the purpose of considering new legislation affecting the National Home for Disabled Volunteer Soldiers, and for such other business as may come before the board.

M. T. McMAHON, *Secretary*.

Present: The President of the United States; the Chief Justice of the United States; the Secretary of War; Gen. William B. Franklin, president of the board; Gen. W. J. Sewell, first vice-president; Col. John L. Mitchell, second vice-president; Gen. A. L. Pearson, Col. George W. Steele, Gen. Charles M. Anderson, Col. Sidney G. Cooke, Gen. Thomas J. Henderson.

Absent: Gen. M. T. McMahon, secretary; Gen. A. W. Barrett, Gen. J. Marshall Brown.

The minutes of the last meeting were submitted and approved.

On motion of General Anderson, the secretary of the board was directed to correct the minutes of the meeting of the board in September, 1896, to include the following resolution, viz:

Resolved, That the board hereby authorizes the construction of an iron fence and gates, to be erected along the lakes fronting on the public highway at the Central Branch, the cost of same to be paid from the post fund of that Branch.

Such resolution having been omitted from the minutes of that meeting.

The president of the board announced the death, at Norway, Me., on December 11, 1896, of Gen. George L. Beal, late a member of the board. On motion, the secretary was directed to prepare a suitable record for entry upon the minutes of the board.

The president of the board presented the following act of Congress relating to the appointment of medical officers of the Home, and a joint resolution of Congress appointing a manager of the Home to fill the vacancy caused by the death of Gen. George L. Beal, which act and resolution were ordered upon the minutes:

[PUBLIC--No. 54.]

AN ACT to amend section forty-eight hundred and twenty-nine of the United States Revised Statutes concerning surgeons, assistant surgeons, and other medical officers of the National Home for Disabled Volunteer Soldiers.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section forty-eight hundred and twenty-nine of the Revised Statutes of the United States be amended by the addition of the following words: "*Provided*, That surgeons, assistant surgeons, and other medical officers of the National Home for Disabled Volunteer Soldiers, and the several Branches thereof, may be appointed from others than those who have been disabled in the military service of the United States."

Approved, February 9, 1897.

A true copy.

DEPARTMENT OF STATE, March 22, 1897.

ANDREW H. ALLEN,
Chief, Bureau Rolls and Library.

[PUBLIC RESOLUTION--No. 10.]

JOINT RESOLUTION for appointment of a member of Board of Managers of the National Home for Disabled Volunteer Soldiers.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That John Marshall Brown, of the State of Maine, be, and is hereby, appointed a member of the Board of Managers of the National Home for Disabled Volunteer Soldiers of the United States, to succeed George L. Beal, deceased.

Approved, February 15, 1897.

A true copy.

DEPARTMENT OF STATE, March 20, 1897.

ANDREW H. ALLEN,
Chief, Bureau Rolls and Library.

On motion, the board proceeded to the election of officers for the ensuing year, and the following officers were unanimously elected by ballot, viz:

President: Gen. W. B. Franklin.
First vice-president: Gen. W. J. Sewell.
Second vice-president: Col. John L. Mitchell.
Secretary: Gen. M. T. McMahon.

The president of the board presented the following estimates for the

186 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

quarter ending June 30, 1897, which, after careful consideration, were agreed upon as follows:

Central Branch, general.....	\$135,951
Northwestern Branch, general.....	62,100
Eastern Branch, general.....	57,750
Southern Branch, general.....	75,000
Western Branch, general.....	66,325
Pacific Branch, general.....	43,375
Marion Branch:	
General.....	\$46,725
Additional barracks.....	11,000
	<hr/> 57,725
Clothing for all the Branches.....	50,250
Salaries of officers and employees of the Board of Managers, outdoor relief, and incidental expenses.....	7,500
	<hr/>
Total.....	555,976
Aid to State and Territorial Homes.....	148,750
	<hr/>
Grand total.....	704,726

Whereupon the following resolution was adopted:

Resolved, That the Board of Managers of the National Home for Disabled Volunteer Soldiers estimate and appropriate, out of the moneys which may be provided by law, the sum of \$555,976, as necessary to meet the expenses of the seven Branches of the National Home, and for construction, clothing for all the Branches, salaries of officers and employees, outdoor relief, and incidental expenses of the National Home; and \$148,750 for aid to State and Territorial Homes, for the quarter ending June 30, 1897; and that the general treasurer be, and he is hereby, authorized and empowered to obtain the sum of \$704,726, from the Treasury of the United States, and to receipt therefor, and to transfer and disburse said amounts, in the name and behalf of the National Home.

The president of the Board presented the following deficiency estimates for quarter ending June 30, 1897, which, after careful consideration, were agreed upon as follows:

Pacific Branch:	
Household.....	\$4,000.00
Repairs.....	2,111.37
	<hr/> \$6,111.37
Marion Branch, to pay claim of Patton & Thornburg, Marion, Ind., to cover error made in their proposal to repair hospital corridor.....	383.04
	<hr/>
Total.....	6,494.41
Aid to State or Territorial Homes.....	65,000.00
	<hr/>
Grand total.....	71,494.41

Whereupon the following resolution was adopted:

Resolved, That if an appropriation be made by act of Congress in the present session for deficiencies for the fiscal year ending June 30, 1897, and prior years, the Board of Managers of the National Home for Disabled Volunteer Soldiers estimate and appropriate out of the moneys which may be provided by law the sum of \$6,494.41, as necessary to meet deficiencies in the several Branches of the National Home, and \$65,000, as necessary to meet deficiencies in aid to State and Territorial Homes, for the quarter ending June 30, 1897; and that the general treasurer be, and he is hereby, authorized and empowered to obtain the sum of \$71,494.41, from the Treasury of the United States, and to receipt therefor, and to transfer and disburse said amounts in the name and behalf of the National Home.

On motion of Colonel Mitchell, it was—

Resolved, That the president of the board be authorized to execute a contract with the Milwaukee Electric Railway and Light Company permitting said company to enter upon the grounds of the Northwestern Branch at Milwaukee, Wis., under such conditions as may seem proper for the protection of the National Home.

On motion of General Anderson, it was—

Resolved, That, in the event of the passage and approval of the bill creating a new Branch of the National Home for Disabled Volunteer Soldiers, at Danville, Ill., or elsewhere, at the present session of Congress, the president of the board be, and he is hereby, authorized to appoint the necessary committee to procure a suitable site for such Branch Home, so as to carry into effect the objects of such bill at the earliest date practicable.

Upon motion, it was resolved that, when the board adjourn, it be to meet in Washington, D. C., upon such date as the president of the board may designate.

Upon motion of General Anderson, it was—

Resolved, That the resolution of the board as to effects of deceased members (Printed Minutes, vol. 2, p. 576) be, and the same is hereby, repealed.

General Henderson, as a member of a committee appointed at the meeting of the board in June, 1896, to visit the Pacific Branch, reported that, owing to the death of General Beal, the committee had been unable to make the visit and report as directed. On motion, the report was ordered upon the minutes.

On motion, it was—

Resolved, That the general treasurer be, and he is hereby, authorized and empowered to obtain, transfer, and disburse any balances of appropriations remaining on hand and available under the law for such purposes, if, in the opinion of the president of the board, such action be necessary to meet the requirements of the Home.

On motion, it was—

Resolved, That the general treasurer be, and he is hereby, authorized to legally purchase and manufacture stationery, tableware, clothing, barrack and hospital bedding and materials for the same, that may be required by the Home for the fiscal year ending June 30, 1898.

On motion of General Anderson, it was—

Resolved, That, in addition to the sum heretofore appropriated to build an additional chapel at the Central Branch, the further sum of \$3,000 be appropriated from the post fund of that Branch: *And be it further resolved*, That said chapel, when completed, shall be used for religious worship, and the building shall be the property of the United States, and that this sum of \$9,000 shall be used to erect the chapel building, and no part thereof be used for steam heating, plumbing, and furnishing the said building.

General Anderson presented an opinion as to the operation of an act of the general assembly of the State of Ohio, entitled "An act to prevent the adulteration of, and deception in the sale of, dairy products, etc.," within the limits of the Central Branch, National Home for Disabled Volunteer Soldiers, near Dayton, Ohio, which was, on motion, ordered received and spread upon the proceedings, as follows:

The National Home for Disabled Volunteer Soldiers, at Dayton, Ohio, was established by the Government of the United States under certain acts of Congress, now embodied in sections 4825 to 4837, inclusive, of the Consolidated (1878) and Revised Statutes of the United States, and acts amendatory and supplementary thereto.

Under those sections it is provided that there shall be a board of twelve managers of the National Home, of which nine shall be elected from time to time, as vacancies may occur, by joint resolution of Congress, and of which the President, Secretary of War, and Chief Justice shall be members, and which board is to have perpetual succession and manage the business and affairs of said Home, with powers to take, hold, and convey real and personal property, establish a common seal, to sue and be sued in courts of law and equity, to make by-laws, rules, and regulation not inconsistent with the laws of the United States, for carrying on the business and government of the Home, and to affix penalties thereto. The Home is supported by permanent annual appropriations made by Congress, and the Board of Managers shall render to the Secretary of War a quarterly account of their receipts and expenditures, and

shall also make an annual report of the condition of the Home to Congress. The persons entitled to the benefits of the Home and who may be admitted thereto, are all officers and soldiers who served in the late war for the suppression of the rebellion, and the volunteer soldiers and sailors of the war of 1812, and of the Mexican war, not provided for by existing laws, who have been or may be disabled by wounds received or sickness contracted in the line of their duty. All members are made subject to the Rules and Articles of War and in the same manner as if they were in the Army.

By these sections the Board of Managers has authority to procure suitable places and sites for such Homes and erect the necessary buildings thereon, etc. The site for the Dayton Home was purchased under these sections, and the general assembly of the State of Ohio, by an act passed April 13, 1867 (61 O. L., 149), ceded the jurisdiction of the State over the lands embraced within the site to the United States.

Thus, in the case of *Sinks v. Reese* (19 O. S., 306), the supreme court of Ohio held the jurisdiction of the Government of the United States exclusive over said Dayton Home, its property, and inmates, and, in so holding, Brinkerhoff, C. J., speaking for the court, on pages 314 and 315, says:

"Here, then, is an institution invested with corporate powers, established by the Government of the United States for its own purposes—the relief and support of its disabled volunteer soldiers. It is placed under the sole control and management of a board, constituted, appointed, and to be appointed perpetually by the Government of the United States. It is to be maintained by funds from the Treasury of the United States, and its inmates are subjected to and governed by the Rules and Articles of War of the United States.

"That Congress had the right, under the Constitution of the United States and with the consent of the legislature of this State, to establish such an institution, we think there can be no reasonable question. By the eighth section of the first article of the Constitution it is provided 'that Congress shall have power—to exercise exclusive legislation in all cases whatsoever * * * over all places purchased by the consent of the legislature of the State in which the same shall be, for the erection of forts, magazines, arsenals, dockyards, and other needful buildings.' The power to declare war and to raise and support armies is vested in the Congress of the United States. These provisions anticipate the existence of a state of war. Disease and wounds, maiming and disabilities are the natural and necessary consequences of war; and to leave men maimed and disabled while in the service of the Government unprovided for would shock not only the sensibilities, but the sense of justice of all civilized men. Asylums for the disabled soldier in no substantial sense differ from hospitals in a fortress or in the field. All are alike necessary, and the power to erect and maintain them is incidental to the war power of the Government."

Again, on page 316, he says:

"This act of the State legislature, consenting to the establishment of the asylum within her borders, and ceding 'jurisdiction of the lands and appurtenances' of the asylum to the United States, under the operation of the clauses of the eighth section of the first article of the Constitution of the United States above referred to, fixes the exclusive jurisdiction of the General Government over this institution, its lands, and its inmates 'in all cases whatsoever,' except as to the execution of process issuing under State authority."

Again, in the case of *Fort Leavenworth Railroad Company v. Lowe* (114 U. S., 525), the Supreme Court of the United States held that when the Government of the United States acquires lands within the limits of a State by purchase, with the consent of the legislature of such State, for the erection of forts, magazines, arsenals, dockyards, and other needful buildings, the Constitution confers upon the United States exclusive jurisdiction of the lands so acquired, and, in disposing of this case, Justice Field, speaking for the court, on page 532, says:

"When the title is acquired by a purchase by consent of the legislatures of the States, the Federal jurisdiction is exclusive of all State authority. This follows from the declaration of the Constitution that Congress shall have 'like authority' over such places as it has over the District, which is the seat of Government; that is, the power of 'exclusive legislation in all cases whatsoever.' Broader or clearer language could not be used to exclude all other authority than that of Congress, and that no other authority can be exercised over them has been the uniform opinion of Federal and State tribunals, and of the Attorneys-General."

The fact that the State, in ceding jurisdiction to the United States, provided that all civil and criminal process issued under the authority of the State of Ohio may be executed on said lands, and in the buildings which may be located thereon, in the same way and manner as if jurisdiction had not been ceded as aforesaid, does not in any way interfere with such exclusive jurisdiction of the United States Government, and is not considered as interfering in any respect with the supremacy of the United States over the lands ceded to the United States Government; but such reservations are admitted to prevent the lands so ceded from becoming a sanctuary for debtors

and criminals. (See language of Justice Field, speaking for the court, on page 533 of the case of *Fort Leavenworth Railroad Company v. Lowe*, above cited.)

Such civil and criminal process issued under the authority of the State that may be executed within the ceded lands, notwithstanding the cession, must be for acts done within and cognizable by the State, and such reservations are not intended that the State should have a right to punish for acts done within ceded lands. (*United States v. Cornell*, 2 Mason, 60; *Commonwealth v. Clary*, 8 Mass., 72; *Mitchell v. Tibbitts*, 7 Pick., 298; *Fort Leavenworth Railway Co. v. Lowe*, 114 U. S., 525, 534.)

It is true that by the act of Congress approved January 21, 1871, the Government of the United States relinquished all jurisdiction over the Home, and ceded the same back to the State of Ohio, but it was provided in said act of retrocession "that nothing contained in this act shall be construed to impair the powers and rights heretofore conferred upon the Board of Managers of the National Asylum for Disabled Volunteer Soldiers, incorporated under said act, in and over said territory." But, while the effect of this act of retrocession is to restore to the State its jurisdiction, the State is without power to extend its laws over the Home if they in any way interfere with or conflict with the management and government of the Home, or, in the language of the act of retrocession, the State is without authority to impair the powers and rights of the Board of Managers of the Home. The effect of said act of retrocession is to restore to the State its jurisdiction, but without the power to violate the rights of the Home, or, rather, of the United States claiming and enjoying them through and by the Home. (*Renner v. Bennett*, 21 O. S., 431.)

The retrocession by the United States Government leaves it in possession of the lands occupied by the Home as though it had acquired them without the consent of the State, and, with this possession, the jurisdiction of the Government of the United States is exclusive as to all matters necessary for the complete use and enjoyment of the lands for the purposes designed.

Thus, in the case of *Fort Leavenworth Railway Company v. Lowe* (114 U. S., 525), Justice Field, speaking for the court, on this question, on page 539, says:

"Where, therefore, lands are acquired in any other way by the United States within the limits of a State than by purchase with her consent, they will hold them subject to this qualification, that, if upon them forts, arsenals, or other public buildings are erected for the use of the General Government, such buildings, with their appurtenances, as instrumentalities for the execution of its powers, will be free from any such interference and jurisdiction of the State as would destroy or impair their effective use for the purposes designed. Such is the law with reference to all instrumentalities created by the General Government. Their exemption from State control is essential to the independent and sovereign authority of the United States within the sphere of their delegated powers."

Thus, in *re Kelly* (71 Fed. Rep., 545), Seaman, district judge of the United States circuit court for the eastern district of Wisconsin, had before him a similar act of cession of lands by that State to the United States, for the Milwaukee National Home for Disabled Volunteer Soldiers, and referring to the exclusive jurisdiction of the United States in the government, control, and discipline of such National Home, says, on page 533, that "the management and officers are agencies of the United States, and as such are exempt from any interference by the authorities or courts of the State in their control, discipline, or government of the homes or property. The act provides that the board may 'make by-laws, rules, and regulations not inconsistent with law for carrying on the business and government of the Home' (Rev. Stat., sec. 4825); that all inmates 'shall be subject to the Rules and Articles of War in the same manner as if they were in the Army.' These provisions are designed and can have force only for the management and preservation of discipline. Within legitimate exercise they can not be interfered with by the civil authorities, and then, so far as the management is concerned, by Federal authority only."

We conclude:

1. That the legislative act in question is in conflict and interferes with the by-laws, rules, and regulations prescribed by the Board of Managers for carrying on the business and government of the Home, and does not, therefore, have any operation within the Home, and that the officers of the Home in the proper discharge of their duties are not amenable to its provisions, and do not incur its penalties for not complying therewith.

Respectfully submitted.

J. E. BREADEN, JR.,
D. W. BOWMAN,
Attorneys-at-Law.

MARCH 20, 1897.

On motion of General Anderson, it was—

Resolved, That hereafter nothing shall be sold on the grounds of the several Branches of the National Home for Disabled Volunteer Soldiers, to be consumed or

190 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

used outside of such grounds, unless such sales of such articles are clearly within the provisions of the laws of the States in which the same are to be consumed or used.

On motion, it was—

Resolved, That the president of the board be authorized to issue a circular as to the resolution of the board (printed minutes, vol. 2, page 406) revoking same, so as to conform to decision of the Comptroller of the Treasury, dated February 15, 1897.

On motion of General Sewell, the salary of the treasurer of the Pacific Branch was increased to \$2,125 per annum.

On motion, the president of the board was directed to include in the estimates of the Home for the fiscal year ending June 30, 1899, an item of \$2,251, to reimburse the post fund of the Southern Branch for amount advanced for steam and plumbing apparatus of the guard-house at that Branch.

On motion, the general treasurer was authorized and directed to include white cotton gloves among the articles of clothing to be purchased for the use of the members of the Home.

On motion, General McMahon, Col. Geo. W. Steele, and Gen. J. Marshall Brown were appointed a committee to examine and audit the special funds in the hands of the president of the board.

The board then proceeded to consider the matter of the report of the Congressional committee appointed to investigate the management, etc., of the Western Branch, at Leavenworth, Kans., and the following resolution was offered by Colonel Mitchell:

Resolved, That the president of the board be requested to demand the resignation of Col. A. J. Smith, governor of the Western Branch, National Home of Disabled Volunteer Soldiers at Leavenworth, Kans.

General Anderson offered the following amendment:

Resolved, That Col. A. J. Smith, governor of the Western Branch, be transferred and assigned to duty at the Pacific Branch, at Santa Monica, Cal., and that Maj. J. G. Rowland, governor of the Pacific Branch, be transferred and assigned to duty at the Western Branch, at Leavenworth, Kans.

General Sewell offered a second amendment, viz:

Resolved, That the matter of the removal or transfer of the governor of the Western Branch and the reorganization of the staff of that Branch be referred to the president of the board for investigation and for report at the next meeting of the board, and that the board meet at the call of the chair.

After discussion, on motion, General Sewell's amendment was adopted.

At various times during its session the board considered applications for admission, readmission, and for effects of deceased members, and made the following orders:

CENTRAL BRANCH.

EFFECTS OF DECEASED MEMBERS.

The following applications for effects are granted, upon the recommendation of and after examination by the local manager:

Edward R. Clark, administrator, for effects of Irving F. Wilcox, late Company A, First Michigan Infantry.

C. L. Bauman, administrator, for effects of George Schumacher, late Company H, Forty-third Missouri Infantry.

Frank Conover, administrator, for effects of George H. Richardson, late Company D, One hundred and eleventh New York Infantry.

Albert Emanuel, administrator, for effects of Alex. V. P. Hager, late Company E, Seventy-eighth Ohio Infantry.

H. L. Ferneding, administrator, for effects of John O'Brien, late Fifteenth New York Battery.

H. L. Ferneding, administrator, for effects of Thomas Campbell, late Company A, Forty-fifth Pennsylvania Infantry.

W. S. McConnaughey, administrator, for effects of Charles Walmsley, late Company E, Sixth New York Cavalry.

Flora A. Minkwitz, administratrix, for effects of Peter Minkwitz, late Company E, Fifth Kansas Cavalry.

John M. Nutt, administrator, for effects of Peter McEvoy, late Company H, Second Maryland Infantry.

Harry H. Prugh, administrator, for effects of Nathan McGee, late Company I, One hundred and twenty-fourth United States Colored Troops.

William B. Sullivan, administrator, for effects of Patrick Dignan, late Company H, Fifth Ohio Cavalry.

NORTHWESTERN BRANCH.

EFFECTS OF DECEASED MEMBERS.

The application of Catherine Chanley, widow, for effects of William Chanley, Company D, First United States Artillery, is granted.

SOUTHERN BRANCH.

EFFECTS OF DECEASED MEMBERS.

The application of Flavel Leach, devisee, for effects of Richard Bloxam, late Company G, Sixty-third New York Infantry, is referred to the president of the board, who is authorized to obtain legal advice as to the legality of the payment.

WESTERN BRANCH.

EFFECTS OF DECEASED MEMBERS.

The following application is granted:

F. C. Albright, administrator, for effects of Urban Albrecht, late Company B, Thirty-second Wisconsin Infantry.

The following applications are referred to Col. Sidney G. Cooke, local manager, with power:

E. M. Hoge, administrator, for effects of Henry E. Brenneman, late color sergeant, Eighth Missouri Infantry.

J. K. Creighton, administrator, for effects of John R. Coulter, late Company E, Fiftieth Ohio Infantry.

Under the resolution of the board, owing to the crowded condition of the Home, the following applications were not considered at this meeting:

CENTRAL BRANCH.

APPLICATION FOR ADMISSION.

Joseph T. Vincent, late commissary sergeant and lieutenant, Fifty-ninth United States Colored Troops.

APPLICATIONS FOR READMISSION.

John W. Ells, late Company F, Seventy-sixth Ohio Infantry.

John Connor, late Company I, Thirteenth Wisconsin Infantry.

Bernard Casey, late Company D, Eighty-ninth New York Infantry.

John Dolphin, late Company F, Seventh Wisconsin Infantry.

Jacques L. Vranz, late Company H, Thirty-second Massachusetts Infantry.

Jacob Moog, late Company E, Tenth Ohio Cavalry.

William Tunstall, late Company G, One hundred and eighty-third Ohio Infantry.

Frank Tully, alias Francis Riley, late Company K, Twentieth Ohio Infantry.

James Anderson, late Company H, Fourth United States Colored Heavy Artillery.

John Murray, late Company G, Thirty-eighth Ohio Infantry.

John McGrail, late Company I, Seventh New York Heavy Artillery.

Holsey McClellan, late Company D, One hundred and forty-fifth Pennsylvania Infantry.

Samuel McAdams, late Company C, Thirtieth New York Infantry.

George Lovelocke, late Company D, Ninety-fourth Ohio Infantry.

John Hosey, late Company F, Sixth Pennsylvania Heavy Artillery.

Henry Fisher, late Company B, First Connecticut Artillery.

Timothy Ryan, late Company E, Tenth Ohio Infantry.

Simon Douglas, late Company D, Fifty-fifth Massachusetts Infantry.

William A. Dunlap, late Company D, Fifteenth Pennsylvania Cavalry.

NORTHWESTERN BRANCH.

APPLICATION FOR READMISSION.

Thomas Kennedy, late Company B, Eighth Massachusetts Infantry.

SOUTHERN BRANCH.

APPLICATION FOR READMISSION.

Theodore R. Huston, late Company D, Twenty-second Massachusetts Infantry.

WESTERN BRANCH.

APPLICATIONS FOR READMISSION.

Henry Ginther, late Company D, Ninth Pennsylvania Reserves.

Edward O'Donnell, late Company B, Thirty-fifth Indiana Infantry.

Wesley Gale, late Company G, First New York Light Artillery.

Monroe Johnson, late Company K, Sixth Mississippi Colored Heavy Artillery.

William McBride, late Company F, Eighteenth Pennsylvania Cavalry.

Nelson Wald, late United States Navy.

Henry O. Combs, late Company G, Seventy-third Illinois Infantry.

Robert Forrester, late Company G, Fourth Michigan Cavalry.

Robert Ralston, late Companies C and D, First Pennsylvania Light Artillery.

Charles E. Holder, late Company O, Second Colorado Cavalry.

John C. Mathews, late Company I, Fifth Iowa Cavalry.

Gustave Meissner, late Company H, Forty-fifth Wisconsin Infantry.

James W. Carroll, late Company C, Fourth United States Artillery.

George Ditzel, late Company O, First Michigan Infantry.

MARION BRANCH.

APPLICATIONS FOR READMISSION.

Anthony Dean, late Company H, Twenty-sixth New York Infantry.

William R. La Point, late Company F, Sixth Michigan Heavy Artillery.

Valentine Boyd, late Company F, Ninth Indiana Cavalry.

James Carey, late Company D, Thirteenth Indiana Infantry.

Michael O'Callahan, late United States Navy.

Thomas Waters, late Company G, One hundred and sixteenth Indiana Infantry.

Alfred T. Walraven, late Company C, Fourth Delaware Infantry.

Charles Small, late Company K, Eighty-eighth Pennsylvania Infantry.

Jeremiah Madden, late Company H, Second Massachusetts Heavy Artillery.

Aaron Kesler, late Company M, Eighth Illinois Cavalry.

Orin W. Holt, late Company E, Thirty-fifth Indiana Infantry.

Joseph Guinen, late Company K, Twenty-third Illinois Infantry.

James Farley, late United States Navy.

There being no further business before the board, on motion, the board adjourned on the 25th instant, subject to the call of the chair.

W. B. FRANKLIN,

President Board Managers,

National Home for Disabled Volunteer Soldiers.

PROCEEDINGS OF THE BOARD OF MANAGERS OF THE NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, APRIL 23, 1897.

SOUTHERN BRANCH,

Hampton, Va., April 23, 1897.

The board met in regular quarterly session at 11 a. m., pursuant to the following call of the chair, viz:

HARTFORD, CONN., *April 12, 1897.*

SIR: In conformity with resolution passed at a meeting of the board of managers, held at Washington, D. C., on March 23, 1897, a called meeting of the board will be held at the Southern Branch, National Home for Disabled Volunteer Soldiers, near Hampton, Va., on April 23, 1897, at 11 a. m.

W. B. FRANKLIN,

President Board Managers, National Home for Disabled Volunteer Soldiers.

Present: Gen. William B. Franklin, president of the board; Gen. W. J. Sewell, first vice-president; Col. John L. Mitchell, second vice-president; Gen. M. T. McMahon, secretary; Col. George W. Steele, Col. Sidney G. Cooke, Gen. Thomas J. Henderson, Gen. J. Marshall Brown.

Absent: The President of the United States, the Chief Justice of the United States, the Secretary of War, Gen. A. L. Pearson, Gen. A. W. Barrett, Gen. Charles M. Anderson.

The president of the Board presented communications from General Pearson, General Barrett, and General Anderson, explaining the causes of their absence.

The minutes of the last meeting were submitted and approved.

On motion of General Sewell, the president of the board was requested to obtain from the Chief Justice of the United States an opinion as to the legality of expenditures from the posthumous fund in excess of a specific amount appropriated by Congress.

The president of the Board presented a letter from General Anderson, stating that the food and dairy commissioner of Ohio had brought suit against the Home for alleged violation of the State laws governing the sale of oleomargarine, and that he had retained counsel to defend the suit for the Home. On motion, the action of General Anderson was approved.

Colonel Mitchell presented a petition from State officials and members of the legislature of Wisconsin in favor of Gen. U. B. Pearsall for appointment as governor of the Western Branch, and Colonel Cooke the application and recommendations of Gen. J. C. Caldwell for appointment to the same position. On motion, the papers were received and ordered on file.

On motion, it was resolved that when the Board adjourns, it be to meet at the Central Branch, at Dayton, Ohio, upon such day in June, 1897, as may be designated by the president of the board.

On motion of General Henderson, Dr. W. E. Elwell was appointed surgeon of the Eastern Branch, at Togus, Me., at a salary of \$2,000 per annum.

The president of the Board reported that, as directed at the last meeting of the Board, he had communicated with the local manager and the governor of the Pacific Branch in relation to the transfer of stations between the governors of the Pacific and Western Branches, and that he recommended the transfer. On motion, the recommendation was approved and the transfer ordered, to take effect at the end of the current fiscal year.

On motion of General Sewell, the matter of the reorganization of the staff of the Western Branch was referred to the president of the Board and Colonel Cooke, local manager, with power.

On motion of Colonel Cooke, it was—

Resolved, That the treatment for alcoholism in the National Home for Disabled Volunteer Soldiers shall be under the control of the chief surgeons of the several Branches, and that they shall use such remedies as they, in their professional opinion, may deem proper therefor, and that no officer or employee of the Home shall be permitted to have any connection, directly or indirectly, with or without compensation, with the proprietorship or administering of any special remedy therefor to be used in the Home.

The secretary of the Board, in accordance with resolution adopted at the last meeting of the Board, presented a record of the services of Gen. George L. Beal, late a member of the Board of Managers, which record, upon motion, was adopted and ordered upon the minutes.

BY ORDER OF THE BOARD OF MANAGERS OF THE NATIONAL
HOME FOR DISABLED VOLUNTEER SOLDIERS THIS
PAGE IS DEDICATED TO THE MEMORY OF

GEORGE L. BEAL.

Gen. George L. Beal, a member of the Board of Managers of the National Home for Disabled Volunteer Soldiers, died at his home in Norway, Me., on the 11th day of December, 1896.

General Beal was appointed a member of the board in April of the same year, and was, therefore, but a short time in the service of the Home. His last public act in life, however, was to attend a meeting of the board in Washington, in December last, and to take part in its proceedings, although at the time suffering from the serious malady which ended in his death immediately upon his return to his home in Norway.

His public service, both in the field and since the war, was honorable and conspicuous, as his many promotions, both civic and military, sufficiently attest. At the commencement of the war he was captain of the First Regiment of the Maine Volunteer Militia, and responded to the first call of President Lincoln for troops. He was commissioned colonel of the Tenth Regiment Maine Volunteer Infantry September 28, 1861, and colonel of the Twenty-ninth Regiment Maine Volunteers December 17, 1863. He was brevetted brigadier-general United States Volunteers August 22, 1864; commissioned brigadier-general November 28, 1864, and brevetted major-general United States Volunteers March 12, 1865.

Since the close of the war he has served his State with the same zeal and efficiency shown by him in the service of his country. He was United States pension agent in Maine from 1872 to 1876; adjutant-general from 1880 to 1885, and State treasurer from 1888 to 1894.

His last service to his country was specially devoted to his old comrades members of the Home. He may literally be said to have died in the performance of his duty to them, as it was in the session of the Board of Managers in Washington that his fatal illness overtook him.

The members of the board, who for the most part knew him long before they were associated in the service of the Home, deeply regret that an association which promised to become so mutually agreeable should be so soon and so sadly severed.

As a tribute to Gen. George L. Beal, as a gentleman of manly worth, a soldier of high repute, a patriot who deserves to be remembered, and a faithful and earnest member of the Board of Managers during his brief service thereon, it is ordered that this record of his death be placed upon the minutes as an expression of sincere and respectful sorrow, and that a copy be furnished to his family.

The Board proceeded to make the usual inspection of buildings and grounds, after which the complaints of such members as desired to appear before the board in person were heard.

At various times during its session the Board considered applications for admission and for effects of deceased members, and made the following orders:

CENTRAL BRANCH.

EFFECTS OF DECEASED MEMBERS.

The following applications are referred to General Anderson, local manager, with power:

Warren E. Beeghly, administrator, for effects of George Meyer, late Mexican war.

Frank W. Howell, administrator, for effects of John Schroeder, late Company B, Twenty-eighth Ohio Infantry.

Frank H. Kinney, administrator, for effects of Charles Nagel, late Company K, Sixth Indiana Infantry.

Frauk W. Howell, administrator, for effects of William Manch, late Company F, First Missouri Cavalry.

NORTHWESTERN BRANCH.

EFFECTS OF DECEASED MEMBERS.

The following applications are referred to Colonel Mitchell, local manager, with power:

Edward Owen, administrator, for effects of James O. Stubbs, late Company B, Twenty-sixth Illinois Infantry.

Frances O. Kirkpatrick, administratrix, for effects of John A. Kirkpatrick, late Company G, Eighth Iowa Infantry.

The following application is referred to Col. Sidney G. Cooke, with power:

Alvin Ellis, administrator, for effects of John Ellis, late Mexican war.

EASTERN BRANCH.

EFFECTS OF DECEASED MEMBERS.

The following applications are referred to General Brown, local manager, with power:

Addison O. Burnham, administrator, for effects of John Dowds, late Company A, Fifth Massachusetts Infantry.

Thomas J. Lynch, executor, for effects of John Butler, late Company H, Fourth Maine Infantry.

Susan E. Rivers, widow, for effects of Parker T. Rivers, late Company B, First Maine Cavalry.

SOUTHERN BRANCH.

EFFECTS OF DECEASED MEMBERS.

The application of Rev. T. J. Mercer, legatee, for effects of Andrew Filley, late Company D, First Louisiana Cavalry, is granted.

The application of Lewis R. Kirk, executor, for effects of Charles Garver, late Company C, One hundred and ninetieth Pennsylvania Infantry, is referred to General Sewell, local manager, with power.

The application of Will J. Forbes, administrator, for effects of John H. Johnson, late Company G, Fifth Pennsylvania Infantry, is referred to General Pearson, with power.

PACIFIC BRANCH.

APPLICATION FOR ADMISSION.

The application of Joseph Hunt for admission to Pacific Branch is approved for temporary admission for the purpose of having his eyes treated by the surgeon.

EFFECTS OF DECEASED MEMBERS.

The application of Edgar E. McKinney, administrator, for effects of Gabriel S. McKinney, late Company M, Seventeenth Pennsylvania Cavalry, is referred to General Barrett, local manager, with power.

MARION BRANCH.

APPLICATION FOR READMISSION.

The application for readmission of Walter Hultz, late ———, ———, is referred to Colonel Steele, local manager, with power.

Under the resolution of the Board, and owing to the crowded condition of the Home, the following applications were not considered at this meeting:

CENTRAL BRANCH.

APPLICATIONS FOR ADMISSION.

Charles Gfroerer, late Company H, Twenty-eighth Ohio Infantry.
John Hanratty, late Company C, Eighty-eighth New York Infantry.
Adam Heintz, late Company F, Second Maryland Infantry.
George W. Martin, late Company B, Twenty-fourth Kentucky Infantry.

There being no further business before the Board, on motion the Board adjourned on the 25th instant, subject to the call of the chair.

M. T. McMAHON, *Secretary.*

200 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

PROCEEDINGS OF THE BOARD OF MANAGERS OF THE NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, JUNE 2, 1897.

WASHINGTON, D. C., *June 2, 1897.*

The Board met in regular quarterly session at the Arlington Hotel, at 11 a. m., pursuant to the call of the chair.

Present: Gen. William B. Franklin, president of the Board; Gen. W. J. Sewell, first vice-president; Col. John L. Mitchell, second vice-president; Gen. M. T. McMahon, secretary; Col. George W. Steele, Gen. A. W. Barrett (joined at Pacific Branch), Gen. Charles M. Anderson (joined at Central Branch), Col. Sidney G. Cooke, Gen. Thomas J. Henderson, Gen. J. Marshall Brown (joined at Central Branch).

Absent: The President of the United States, the Chief Justice of the United States, the Secretary of War, Gen. Alfred L. Pearson.

The president of the Board presented a letter from Gen. Alfred L. Pearson, explaining the cause of his absence.

The minutes of last meeting were submitted. On motion, the secretary was directed to so correct the minutes as to show that the application for readmission to the Eastern Branch of William J. English, late Company C, Sixteenth Maine Infantry, was referred to Gen. J. Marshall Brown, local manager, with power. The correction having been made, the minutes were, upon motion, approved.

The president of the Board presented the following acts, etc., pertaining to the National Home, which were, on motion, received and ordered spread upon the minutes, viz:

[PUBLIC—No. 2.]

AN ACT making appropriations for sundry civil expenses of the Government for the fiscal year ending June thirtieth, eighteen hundred and ninety-eight, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following sums be, and the same are hereby appropriated, for the objects hereinafter expressed, for the fiscal year ending June thirtieth, eighteen hundred and ninety-eight, namely:

* * * * *

NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

For the support of the National Home for Disabled Volunteer Soldiers, as follows:

At the Central Branch, at Dayton, Ohio: For current expenses, namely: Pay of officers and noncommissioned officers of the Home, clerks, and orderlies, with such exceptions as are hereinafter noted; also payments for chaplains and religious instruction, printers, bookbinders, librarians, musicians, telegraph and telephone operators, guards, policemen, watchmen, and fire company; for all property and materials purchased for their use, including repairs not done by the Home; for necessary expenditures for articles of amusement, boats, library books, magazines, papers, pictures, and musical instruments, and for repairs not done by the Home; and for stationery, advertising, legal advice, and for such other expenditures as can not properly be included under other heads of expenditure, fifty-eight thousand dollars;

For subsistence, namely: Pay of commissary-sergeants, commissary clerks, porters, laborers, bakers, cooks, dishwashers, waiters, and others employed in the subsistence department; the cost of all articles purchased for the regular ration, their freight, preparation, and serving; aprons, caps, and jackets for kitchen and dining-room employees; of tobacco; of all dining-room and kitchen furniture and utensils, bakers' and butchers' tools and appliances, and their repair not done by the Home, two hundred and eighty thousand dollars;

For household, namely: Expenditures for furniture for officers' quarters; for bedsteads, bedding, bedding material, and all other articles required in the quarters of the members, and for their repair if they are not repaired by the Home; for fuel, including fuel for cooking, heat, and light; for engineers and firemen, bath-house keepers, hall cleaners, laundrymen, gas and soap makers, and privy watchmen, and for all labor, materials and appliances required for household use, and for their repairs, unless the repairs are made by the Home, one hundred thousand dollars;

For hospital, namely: Pay of assistant surgeons, matrons, druggists, hospital clerks and stewards, ward masters, nurses, cooks, waiters, readers, hospital carriage drivers, hearse drivers, gravediggers, funeral escort, and for such other services as may be necessary for the care of the sick; for surgical instruments and appliances, medical books, medicine, liquors, fruits, and other necessities for the sick not on the regular ration; for bedsteads, bedding, and bedding materials, and all other articles necessary for the wards; for hospital kitchen and dining-room furniture and appliances, including aprons, caps, and jackets for hospital kitchen and dining-room employees; carriage, hearse, stretchers, coffins; for tools of gravediggers, and for all repairs to hospital furniture and appliances not done by the Home, fifty-five thousand dollars;

For transportation, namely: For transportation of members of the Home, one thousand five hundred dollars;

For repairs, namely: Pay of chief engineer, builders, blacksmiths, carpenters, cabinetmakers, coopers, painters, gas fitters, plumbers, tinsmiths, wire workers, steam fitters, stone and brick masons, quarrymen, whitewashers, and laborers, and for all appliances and materials used under this head, also for repairs of roads and of other improvements of a permanent character, fifty thousand dollars;

For brick water-closet building, one thousand seven hundred dollars;

For building for out-ward of hospital, six thousand dollars;

For farm, namely: Pay of farmer, chief gardener, harness makers, farm hands, gardeners, horseshoers, stablemen, teamsters, dairymen, herders, and laborers, and for all tools, appliances, and materials required for farm, garden, and dairy work; for grain, hay, straw, dressing seed, carriages, wagons, carts, and other conveyances; for all animals purchased for stock or for work (including animals in the park); for all materials, tools, and labor for flower garden, lawn, and park; and for repairs not done by the Home, fifteen thousand dollars;

In all, five hundred and sixty-seven thousand two hundred dollars.

At the Northwestern Branch, at Milwaukee, Wisconsin: For current expenses, including the same objects specified under this head for the Central Branch, twenty-nine thousand dollars;

For subsistence, including the same objects specified under this head for the Central Branch, one hundred and twenty-nine thousand dollars;

For household, including the same objects specified under this head for the Central Branch, fifty-nine thousand dollars;

For hospital, including the same objects specified under this head for the Central Branch, thirty thousand dollars;

For transportation of members of the Home, one thousand five hundred dollars;

For repairs, including the same objects specified under this head for the Central Branch, twenty thousand dollars;

For farm, including the same objects specified under this head for the Central Branch, eight thousand dollars;

In all, two hundred and seventy-six thousand five hundred dollars.

At the Eastern Branch, at Togus, Maine: For current expenses, including the same objects specified under this head for the Central Branch, twenty-three thousand dollars;

For subsistence, including the same objects specified under this head for the Central Branch, one hundred and seventeen thousand dollars;

For household, including the same objects specified under this head for the Central Branch, fifty-two thousand dollars;

For hospital, including the same objects specified under this head for the Central Branch, twenty-five thousand eight hundred dollars;

For transportation of members of the Home, one thousand five hundred dollars;

For repairs, including the same objects specified under this head for the Central Branch, eighteen thousand five hundred dollars;

For new mess hall and refrigerator, fifteen thousand dollars;

For reimbursement for amount advanced for rebuilding coal shed and wharf, four thousand dollars;

For farm, including the same objects specified under this head for the Central Branch, nine thousand dollars;

In all, two hundred and sixty-five thousand eight hundred dollars.

At the Southern Branch, at Hampton, Virginia: For current expenses, including the same objects specified under this head for the Central Branch, twenty-eight thousand dollars;

For subsistence, including the same objects specified under this head for the Central Branch, one hundred and ninety thousand dollars;

For household, including same objects specified under this head for the Central Branch, sixty thousand dollars;

For hospital, including the same objects specified under this head for the Central Branch, twenty-seven thousand five hundred dollars;

202 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

For transportation of members of the Home, two thousand dollars;

For repairs, including the same objects specified under this head for the Central Branch, twenty-five thousand dollars;

For enlarging ice plant, five thousand five hundred dollars;

For farm, including the same objects specified under this head for the Central Branch, twelve thousand dollars;

In all, three hundred and fifty thousand dollars.

At the Western Branch, at Leavenworth, Kansas: For current expenses, including the same objects specified under this head for the Central Branch, twenty-six thousand dollars;

For subsistence, including the same objects specified under this head for the Central Branch, one hundred and thirty-six thousand dollars;

For household, including the same objects specified under this head for the Central Branch, fifty-seven thousand five hundred dollars;

For hospital, including the same objects specified under this head for the Central Branch, twenty-seven thousand five hundred dollars;

For transportation of members of the Home, two thousand five hundred dollars.

For repairs, including the same objects specified under this head for the Central Branch, twenty-two thousand dollars;

For steam boilers, six hundred horsepower, eleven thousand five hundred dollars;

For guardhouse, two thousand five hundred dollars;

For addition to paint shop, one thousand six hundred dollars;

For farm, including the same objects specified under this head for the Central Branch, eight thousand dollars;-

In all, two hundred and ninety-five thousand one hundred dollars.

At the Pacific Branch, at Santa Monica, California: For current expenses, including the same objects specified under this head for the Central Branch, twenty thousand dollars;

For subsistence, including the same objects specified under this head for the Central Branch, ninety thousand dollars;

For household, including the same objects specified under this head for the Central Branch, thirty-two thousand dollars;

For hospital, including the same objects specified under this head for the Central Branch, twenty thousand dollars;

For transportation of members of the Home, three thousand dollars;

For repairs, including the same objects specified under this head for the Central Branch, twenty-three thousand dollars;

For quarters for women nurses, three thousand five hundred dollars;

For two additional boilers, three thousand dollars;

For additional water supply, ten thousand dollars;

For farm, including the same objects specified under this head for the Central Branch, nine thousand dollars;

In all, two hundred and thirteen thousand five hundred dollars.

At the Marion Branch, at Marion, Indiana: For current expenses, including the same objects specified under this head for the Central Branch, twenty-three thousand dollars;

For subsistence, including the same objects specified under this head for the Central Branch, ninety thousand dollars;

For household, including the same objects specified under this head for the Central Branch, seventeen thousand five hundred dollars;

For hospital, including the same objects specified under this head for the Central Branch, twenty thousand dollars;

For transportation, including the same objects specified under this head for the Central Branch, one thousand dollars;

For repairs, including the same objects specified under this head for the Central Branch, and three hundred dollars for rent of leased land, fifteen thousand dollars: *Provided*, That no part of the appropriation for repairs for any of the Branch Homes shall be used for the construction of any new building;

For farm, including the same objects specified under this head for the Central Branch, six thousand dollars;

For new barn, three thousand five hundred dollars;

For electric-light plant, ten thousand dollars;

For lodge and gateway, two thousand dollars;

In all, one hundred and eighty-eight thousand dollars.

For clothing for all of the Branches, namely: Expenditures for clothing, underclothing, hats, caps, boots, shoes, socks, and overalls; also all sums expended for labor, materials, machines, tools, and appliances employed and for use in the tailor shops, knitting shops, and shoe shops, or other Home shops in which any kind of clothing is made or repaired, two hundred and twenty thousand dollars.

For salaries for officers and employees of the Board of Managers, and for outdoor relief and incidental expenses, namely:

For president of the Board of Managers, four thousand dollars; secretary of the Board of Managers, two thousand dollars; one general treasurer, who shall not be a member of the Board of Managers, three thousand dollars; one inspector-general, two thousand five hundred dollars; or assistant inspector-general, two thousand dollars; clerical services for the offices of the president and general treasurer, five thousand five hundred dollars; messenger service for president's office, one hundred and forty-four dollars; messenger service for secretary's office, fifty-two dollars; clerical services for managers, two thousand four hundred dollars; agents, two thousand four hundred dollars; for traveling expenses of the Board of Managers, their officers and employees, eleven thousand five hundred dollars; for outdoor relief, one thousand seven hundred and fifty dollars; for rent, medical examinations, stationery, telegrams, and other incidental expenses, three thousand dollars; in all, forty thousand two hundred and forty-six dollars.

To enable the Board of Managers of the National Home for Disabled Volunteer Soldiers to locate, establish, and construct a Branch of the National Home for Disabled Volunteer Soldiers within the limits of the town of Danville, in the County of Vermilion, State of Illinois, and for each and every purpose connected with such erection, establishment, and construction, to be immediately available, one hundred and fifty thousand dollars.

In all, two million five hundred and sixty-six thousand three hundred and forty-six dollars. All supplies for the National Home for Disabled Volunteer Soldiers shall be purchased, shipped, and distributed as may be directed by the Board of Managers.

* * * * *

STATE OR TERRITORIAL HOMES.

For continuing aid to State or Territorial Homes for the support of disabled volunteer soldiers in conformity with the act approved August twenty-seventh, eighteen hundred and eighty-eight, eight hundred and twenty-five thousand dollars: *Provided*, That one-half of any sum or sums retained by State Homes on account of pensions received from inmates shall be deducted from the aid herein provided for.

* * * * *

Approved, June 4, 1897.

The president of the Board presented the following estimates for the quarter ending September 30, 1897, which, after careful consideration, were agreed upon as follows:

Central Branch:		
General	\$141, 625	
Brick water-closet	1, 700	
Hospital, out-ward	1, 000	
		\$144, 325
Northwestern Branch, general		68, 575
Eastern Branch:		
General	72, 900	
Mess hall and refrigerator	15, 000	
Reimbursement of amount advanced for rebuilding coal shed and wharf	4, 000	
		91, 900
Southern Branch:		
General	84, 900	
Enlarging ice plant	2, 150	
		87, 050

General	47, 275	
Quarters, women nurses	3, 500	
Additional boilers	3, 000	
Additional water supply	10, 000	
		63, 775

204 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

Marion Branch:

General.....	\$41,800	
New barn.....	3,500	
Electric-light plant.....	10,000	
Lodge and gateway.....	2,000	
		<hr/>
		\$57,300
Clothing for all the Branches.....		43,500
Salaries of officers and employees of the Board of Managers, outdoor relief, and incidental expenses.....		10,000
Location, establishment, and construction of a Branch of the National Home for Disabled Volunteer Soldiers at Danville, Ill.....		30,000
		<hr/>
Total.....		677,525
Aid to State and Territorial Homes.....		250,000
		<hr/>
Grand total.....		927,525

Whereupon the following resolution was adopted:

Resolved, That the Board of Managers of the National Home for Disabled Volunteer Soldiers estimate and appropriate out of the moneys which may be provided by law the sum of \$677,525, as necessary to meet the expenses of the seven Branches of the National Home, and for construction, clothing for all the Branches, salaries of officers and employees, outdoor relief, and incidental expenses of the National Home; and \$250,000 for aid to State and Territorial Homes for the quarter ending September 30, 1897; and that the general-treasurer be, and he is hereby, authorized and empowered to obtain the sum of \$927,525 from the Treasury of the United States, and to receipt therefor, and to transfer and disburse said amounts, in the name and behalf of the National Home.

On motion, the resolution adopted at the meeting of the board held upon March 23, 1897, was amended to read as follows, viz:

Resolved, That the general treasurer be, and he is hereby, authorized, with the approval of the president of the Board of Managers, to legally purchase, ship, manufacture, and distribute stationery, tableware, clothing, barrack and hospital bedsteads and bedding and materials for the same, and such other articles as may be directed by the president of the Board of Managers that may be required by the National Home for Disabled Volunteer Soldiers for the fiscal year ending June 30, 1898.

The president of the Board reported that, as directed by resolution of March 23, 1897, he had communicated with the Chief Justice of the United States in relation to the use of the posthumous fund of the Home.

On motion of General Sewell, the resolution of April 18, 1897, relative to appointment of retired officers of the Army to positions in the National Home was temporarily suspended for the purpose of appointing Dr. R. S. Vickery surgeon of the Southern Branch.

The president of the Board announced the death, on May 26, 1897, of Rev. William Price, chaplain of the Southern Branch. On motion, Rev. Joseph H. Bradley was appointed chaplain of the Southern Branch at the same pay and allowances as his predecessor.

On motion of General Sewell, the salary of the first assistant surgeon at the Southern Branch was increased to \$1,200 per annum.

On motion, the president of the Board was authorized to appoint Mr. William C. Gunnell, C. E., to superintend the location and construction of the buildings to be erected at the new Branch at Danville, Ill., and to fix his salary.

The president of the Board presented the application, for appointment as chaplain in the National Home, of Rev. Corydon Millard. On motion, the application was denied.

On motion, the matter of preparing estimates for electric-light plant, lodge, and barn at the Marion Branch was referred to Col. George W. Steele, local manager, with power.

The Board thereupon proceeded to the Central Branch at Dayton, Ohio, and reconvened upon June 7.

CENTRAL BRANCH, *June 7, 1897.*

On motion of General Anderson, it was—

Resolved, That a part of the present greenhouse at the Central Branch be replaced by a new structure high enough to accommodate the tall plants; that a sum not to exceed \$5,000 is hereby appropriated out of the post fund of the Central Branch for this purpose; and that this sum is to be expended subject to the approval of the local manager.

On motion of General Anderson, the sum of \$1,000 was appropriated from the post fund of the Central Branch for the purpose of building a new lodge for police and guards at the main entrance to the Central Branch.

After inspection of the barracks, buildings, hospital, and grounds, and hearing the complaints of such members as wished to appear in person before the Board, the Board proceeded to the Marion Branch and reconvened on June 9.

MARION BRANCH, *June 9, 1897.*

On motion of Colonel Steele, it was—

Resolved, That a chapel be erected at the Marion Branch at a cost not to exceed \$10,000, which sum is to include cost of plans and specifications and heating and lighting appliances, and that this sum be included in the annual estimates submitted to Congress for the fiscal year ending June 30, 1899.

After the usual inspection of buildings, hospital, and grounds, and hearing the applications or complaints of members who desired to appear in person, the Board proceeded to the Northwestern Branch and reconvened on June 10.

NORTHWESTERN BRANCH, *June 10, 1897.*

On motion of General Anderson, it was—

Resolved, That the theater at the Northwestern Branch be changed from the second story of the present building to the first story, and that in addition to the plans now submitted ample provision be made for egress in case of fire, and that the cost of the alterations be paid from the post fund of the Northwestern Branch, said cost not to exceed the sum of \$6,000.

After hearing the personal applications and complaints of members, and inspecting grounds, buildings, and hospital, the board proceeded to Danville, Ill., for the purpose of selecting a site for the new Branch, authorized by act approved June 4, 1897.

DANVILLE, ILL., *June 12, 1897.*

The committee of the Board on the selection of the site for a Branch of the National Home at Danville, Ill., met in the Government building at Danville at 11 a. m. There were present Col. George W. Steele, Gen. Charles M. Anderson, Gen. Thomas J. Henderson, Gen. J. Marshall Brown, and the president of the Board.

206 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

Notice had been duly given of the presence of the committee and of its intention to receive tenders of sites, and the following tenders were received, viz:

Name.	Acres.	Price.	Name.	Acres.	Price.
B. F. Cook.....	218	{ a \$75. 00	Raymond Conrad	160	79. 00
W. P. Chandler.....	255	{ a 80. 00	Thomas Ross.....	160	150. 00

Francis B. Moorhouse.....	153	125. 00	F. M. Olehy.....	222	c 126. 12½
J. C. Pearson.....			Funk Bros.....	234	c 155. 50

a For half.

b Rejected; not in Danville Township.

c Average.

After visiting and carefully inspecting the various sites offered, the committee arrived at the conclusion that, taking all things into consideration, it was for the best interests of the Home to accept the site offered by F. M. Olehy, and the committee so recommended to the board. The recommendation was approved, and the president was directed to take the necessary steps to purchase the Olehy site and have it properly transferred to the National Home at the price named.

On motion of General Henderson, it was—

Resolved, That the name of the Branch of the National Home for Disabled Volunteer Soldiers, located at Danville, Ill., shall be the "Danville Branch."

On motion, it was resolved that when the Board adjourn, it be to meet at the Murray Hill Hotel, New York City, on September 24, 1897, and that the board proceed from New York to the Eastern Branch, at Togus, Me.

The president of the Board presented an act of the legislature of Illinois, ceding jurisdiction over certain lands and their appurtenances for the National Home, for Disabled Volunteer Soldiers, and an ordinance of the city council of Danville, Ill., which were received and ordered to be spread upon the minutes.

AN ACT ceding to the United States of America the jurisdiction over certain lands and their appurtenances for the National Home for Disabled Volunteer Soldiers, and exempting the same from taxation.

SECTION 1. *Be it enacted by the people of the State of Illinois, represented in the general assembly*, That jurisdiction of the lands and their appurtenances, which may be acquired by donation or purchase by the Managers of the National Home for Disabled Volunteer Soldiers within the State of Illinois, for the uses and purposes of the said Home, be, and is hereby ceded to the United States of America: *Provided, however*, that all civil or criminal process issued under the authority of the State of Illinois, or any officer thereof, may be executed on said lands and in the buildings which may be located thereon, in the same manner as if jurisdiction had not been ceded as aforesaid, and the officers, employees, and inmates of said Home who shall be qualified voters of the State, by complying with the requirements of the laws that now are in operation, or that hereafter may be enacted, regulating State, county, and town elections in this State, shall have the right of suffrage at all town, county, and State elections in the town in which said National Home shall be located.

SEC. 2. This act to take effect and be in force from and after its passage.

HENDRICK V. FISHER,
President of the Senate.

ED. C. CURTIS,
Speaker of the House of Representatives.

Approved this June 11, 1897.

JOHN R. TANNER, Governor.

United States of America, State of Illinois, ss:

OFFICE OF THE SECRETARY OF STATE.

I, James A. Rose, secretary of state of the State of Illinois, do hereby certify that the foregoing is a true copy of an act entitled "An act ceding to the United States of America the jurisdiction over certain lands and their appurtenances for the National Home for Disabled Volunteer Soldiers, and exempting the same from taxation," approved June 11, 1897, the original of which is now on file in my office.

In witness whereof I hereto set my hand and affix the great seal of State, at the city of Springfield, this 12th day of June, A. D. 1897.

[SEAL.]

JAMES A. ROSE, *Secretary of State.*

[ORDINANCE—No. 649.]

AN ORDINANCE granting permission to connect the Soldiers Home with the sewer system of this city.

Be it ordained by the city council of the city of Danville, That for and in consideration of the sum of one dollar in hand paid, as well as in consideration of the great benefit which will result to the city of Danville, and its inhabitants, from the location of a Branch of the National Soldiers Home near this city, permission is hereby granted to the Board of Managers of the National Home for Disabled Volunteer Soldiers, to connect with and to use, free of any charge whatever, the main line of the sewer system of said city, for the sewerage of the Branch of said Soldiers Home to be located in the town of Danville, such connection to be made south of Main street in said city, and under the direction of the city engineer of said city, and in such a manner as not to damage the said main sewer.

Passed June 14, 1897. Approved June 14, 1897.

E. R. E. KIMBROUGH, *Mayor.*

Attest: R. E. LLOYD, *City Clerk.*

DANVILLE, ILL., *June 14, 1897.*

State of Illinois, Vermilion County, City of Danville, ss:

I, R. E. Lloyd, city clerk of the city of Danville, Ill., do hereby certify that the foregoing is a true and correct copy of an ordinance duly passed and approved at the date mentioned, as the same appears of record on the records of said city now in my custody and keeping.

[SEAL.]

R. E. LLOYD, *City Clerk.*

The Board thereupon proceeded to the Western Branch and reconvened on June 16.

WESTERN BRANCH, *June 16, 1897.*

Colonel Cooke, local manager, reported the result of his investigation in the matter of the recent dynamite explosion at the Western Branch.

On motion of General Anderson, it was—

Resolved, That Colonel Cooke, local manager, be authorized, in cooperation with the United States authorities, to take such measures as he may deem expedient for the detection and prompt punishment of the person or persons guilty of the dastardly attempt to murder the governor of the Home and the members of his family, and to take such legal advice as he may find necessary in the premises.

On motion, the sum of \$1,900, or so much thereof as may be necessary, was appropriated from the general fund of the Western Branch for the repairs on the governor's quarters, made necessary by the attempt to destroy the building by dynamite, the work to be considered as an emergency, and to be undertaken and completed at the earliest possible date.

On motion of General Anderson, it was—

Resolved, That in the settlement of the estates of deceased members of the Home, where the amount of effects exceeds \$150, the applications shall be passed upon by the Board of Managers before payments will be authorized, and in case the amount of such effects is \$150 or less, the payment shall be authorized by the local manager, who shall act for and in place of the board.

The application for admission to the Home of William J. Couch, late

of Companies F and A, Twenty-third Missouri Infantry, who also served in the Confederate army, was denied under the law.

On motion, there was appropriated from the post fund of the Western Branch the sum of \$2,000 for the purpose of completing the amusement hall at that Branch.

After the usual inspection of buildings, grounds, and hospital, and the hearing of personal complaints and applications of members, the board proceeded to the Pacific Branch and reconvened on June 23, 1897.

PACIFIC BRANCH, *June 23, 1897.*

On motion of General Anderson, there was appropriated from the post fund of the Pacific Branch, in addition to any sums heretofore appropriated, the sum of \$2,000 for the purpose of completing the amusement hall at that Branch.

The application for outdoor relief of Robert H. Miller, late of Company (no record), Seventh Minnesota Infantry, was referred to the secretary of the Board for reply.

The Board made the usual inspection of buildings, hospital, and grounds, and heard the complaints and applications of such members as desired to appear in person.

At various times during its session the Board considered applications for admission and readmission, and for the effects of deceased members, and made the following orders:

CENTRAL BRANCH.

APPLICATIONS FOR READMISSION.

The following-named soldiers are, for sufficient reasons, readmitted unconditionally:

Michael McNally, late Company K, Second Illinois Light Artillery.

Farrell McCue, late Company B, Sixty-first New York Infantry.

Simon Douglas, late Company D, Fifty-fifth Massachusetts Infantry.

Adam Heintz, late Company F, Second Maryland Infantry.

John Collem, late Company K, Third Maryland Cavalry, and Company E, Second Maryland Cavalry.

The following-named soldiers are readmitted on condition that they perform such work as the governor may direct, without pay, for the periods set opposite their respective names:

Henry Balske, late Company C, Seventy-first Ohio Infantry, one hundred days.

John A. Conway, late United States Navy, ninety days.

Frank Tully, alias Francis Riley, late Company K, Twentieth Ohio Infantry, one hundred days, and to be assigned to annex.

The following applications are denied:

Christopher Diamond, late Company K, Tenth Ohio Infantry.

Samuel Finrock, late Company H, One hundred and fifty-second Ohio Infantry.

The following-named soldiers are readmitted on condition that they authorize the treasurer of the Branch to send to the relatives named such portions of their pensions as are set opposite their respective names:

John McGrail, late Company B, Sixty-first New York Infantry, three-quarters of pension to family.

Rudolph Kessler, late sergeant-major, Seventy-first New York Infantry, two-thirds pension to wife.

The following applications were not considered under the rule:

Bernard Casey, late Company D, Eighty-ninth New York Infantry.

Thomas Carr, late Company E, First Rhode Island Light Artillery.

John Callahan, late Company B, Thirtieth New York Infantry.

Thomas Burke, late Company G, Eighty-seventh Pennsylvania Infantry.

John S. Barnard, late Company I, Thirty-ninth Indiana Mounted Infantry.

James Anderson, late Company H, Fourth United States Colored Heavy Artillery.

John Ahern, late United States Marine Corps.

Joseph Bates, late Company H, Fourth Pennsylvania Cavalry.

Werner Schatte, late Company C, Twenty-sixth Missouri Infantry.

John W. Clawson, late United States Navy.

John Jerome McLean, late Company K, Twelfth New York Infantry.

William Ryan, late Company E, Fifty-second Ohio Infantry.

William Little, late Company D, Eighty-eighth Pennsylvania Infantry.

John Hosey, late Company F, Sixth Pennsylvania Heavy Artillery.

Lorenzo George, late Company F, Third United States Colored Troops.

Edward Cannon, late Company A, Tenth Ohio Infantry.

Peter Schmidt, late Company I, Fifteenth Kentucky Infantry.

Henry Fisher, late Company B, First Connecticut Heavy Artillery.

John Dolphin, late Company F, Seventh Wisconsin Infantry.

William Mullen, late Company A, Fifty-third Kentucky Infantry.

William A. Dunlap, late Company D, Fifteenth Pennsylvania Cavalry.

Jacques L. Vranz, late Company H, Thirty-second Massachusetts Infantry.

William Tunstall, late Company G, One hundred and eighty-third Ohio Infantry.

Jacob Roush, late Company A, Twentieth Ohio Infantry,

John Murray, late Company G, Thirty-eighth Ohio Infantry.

Jacob Moog, late Company E, Tenth Ohio Cavalry.

Samuel McAdams, late Company C, Thirtieth New York Infantry.

Holsey McClellan, late Company B, One hundred and forty-fifth Pennsylvania Infantry.

William R. La Point, late Company F, Sixth Michigan Heavy Artillery.

George Lovelocke, late Company D, Ninety-fourth Ohio Infantry.

Robert N. Barber, late Company D, Fifty-second Pennsylvania Infantry.

John Connor, late Company I, Thirteenth Wisconsin Infantry.

John W. Ells, late Company F, Seventy-sixth Ohio Infantry.

Joseph Collins, late Company B, Second District of Columbia Infantry.

APPLICATION FOR ADMISSION.

The following application is denied:

Joseph T. Vincent, late sergeant Fifty-third Ohio Infantry, and lieutenant Fifty-ninth United States Colored Troops.

EFFECTS OF DECEASED MEMBERS.

The following applications are referred to Gen. C. M. Anderson, local manager, with power:

Frank W. Howell, administrator, for effects of William Quinn, late Company I, One hundred and thirteenth Ohio Infantry.

Harrison Rundell, administrator, for effects of Daniel Counts, late Company H, Sixteenth Wisconsin Infantry.

Charles J. McKee, administrator, for effects of George Herbert, late Company E, One hundred and tenth Pennsylvania Infantry.

NORTHWESTERN BRANCH.

APPLICATIONS FOR READMISSION.

The following-named soldiers are conditionally readmitted, to be dishonorably discharged upon the commission of their first offense against the rules of the Home:

Patrick Hannan, late Company C, Twelfth Wisconsin Infantry.

William J. Armour, late Company H, First Illinois Cavalry.

Michael Wilson, late Company I, Seventh New Jersey Infantry.

Patrick Fitzgerald, late Company K, Twelfth Illinois Infantry.

Thomas Olifford, late Company K, Twelfth Vermont Infantry.

The following-named soldiers are, for sufficient reasons, readmitted unconditionally:

Alva A. Gee, late Company M, Ninth New York Heavy Artillery.

James Costello, late Company A, Seventeenth Wisconsin Infantry.

Anthony Dean, late Company A, Twenty-sixth New York Infantry.

Patrick Nihill, late companies K and D, Twenty-third Illinois Infantry.

The following applications are denied:

John W. Bell, late Company H, One hundred and thirty-ninth Indiana Infantry.

James Farmer, late Company G, Fifth Ohio Infantry.

Patrick Murphy, late Company H, Fifteenth Massachusetts Infantry, and Company D, Fourth United States Infantry.

Daniel Hallahan, late Company E, Sixteenth Wisconsin Infantry.

William Healy, late Company F, First Minnesota Cavalry.

Patrick Kenney, late Company D, Thirty-ninth Illinois Infantry.

Timothy Kidney, late Company L, Second Pennsylvania Light Artillery.

John Huller, late Company E, Fourth Missouri Cavalry.

James Talbot, late Company C, Second Ohio Heavy Artillery.

The following applications were not considered, under the rule:

Charles Moss, late Company H, Thirteenth Pennsylvania Cavalry.

James Peacock, late Company B, First Michigan Sharpshooters.

Henry Smith, late Company H, Eighteenth Wisconsin Infantry.

Richard Hyland, late United States Navy.

Andrew J. Pomroy, late Company G, Fourth Pennsylvania Reserves.

James Kelly, late United States Navy.

William Young, late United States Navy.

Daniel Regan, late companies E and D, Tenth United States Infantry.

William Vogt, late Company L, Fifth Ohio Cavalry.

George H. Fitch, late Company A, Ninth New York Heavy Artillery.

John Coughlin, late Company C, Seventy-ninth New York Infantry.

Christian Buerkey, late Company A, Twenty-sixth Wisconsin Infantry.

George H. Howell, late Company H, First New York Light Artillery.

John Hoffman, late Company G, Eighteenth New York Cavalry.

Patrick Cavanagh, late Company H, Fourth Kentucky Infantry.

Alexander Kinney, late Company F, One hundred and tenth Pennsylvania Infantry.

Alfred Morton, late Company B, Eighth United States Colored Troops.

Maurice Fitzgibbons, late Company A, Third Iowa Infantry.

William Malley, late United States Navy.

John Jourdain, late Company I, Second Massachusetts Cavalry.

Edward J. Cavanaugh, late Company G, Thirty-ninth Ohio Infantry.
Allen M. Windle, late Company I, One hundred and eighty-sixth Pennsylvania Infantry.
John Anderson, late Company H, Fifty-eighth Massachusetts Infantry.

EASTERN BRANCH.

APPLICATION FOR ADMISSION.

The following application is referred to General Franklin, with power:
Alexander Reed, late Company F, One hundred and twenty-third New York Infantry.

APPLICATIONS FOR READMISSION.

The following applications are denied:
Alfred J. Richardson, late Company K, Second Massachusetts Infantry.
Benjamin P. Benson, late Company A, Twenty-third Wisconsin Infantry.

EFFECTS OF DECEASED MEMBERS.

The following application is referred to General Brown, local manager, with power:
Dr. Wellington Johnson, administrator, for effects of Josiah E. Presby, late Company G, Fourth Massachusetts Infantry.

SOUTHERN BRANCH.

APPLICATION FOR READMISSION.

The following application is denied:
Charles W. Brotherhead, late Fourth United States Artillery.

EFFECTS OF DECEASED MEMBERS.

The following applications are referred, as noted below, with power:
Robert H. Brett, administrator, for effects of Charles Brett, late Company D, Second New York Cavalry, to General McMahon.
Mary Mulgrew, administratrix, for effects of Patrick Mulgrew, late Company G, First Connecticut Artillery, to General Sewell, local manager.

WESTERN BRANCH.

APPLICATIONS FOR READMISSION.

The following-named soldier is, for sufficient reasons, readmitted unconditionally:

John S. Johnston, late United States Navy.

The following application is referred to Col. Sidney G. Cooke, local manager, with power:

John Carr, alias James Collins, late Company A, Ninety-third New York Infantry.

The following applications are denied:

Elias Tapp, late Company O, Fifth Kansas Cavalry.

Patrick Leonard, late Company B, Sixth Missouri State Militia Cavalry.

The following applications were not considered, under the rule:

Timothy Ryan, late Company E, Tenth Ohio Infantry.

Thomas Connor, late United States Navy.

Levi McDaniels, late Company F, Second Kansas Cavalry.

George Miller, late Company D, Tenth Indiana Infantry.

Michael Wilson, late Company I, Seventh New Jersey Infantry.
 Theodore R. Huston, late Company D, Twenty-second Massachusetts Infantry.

BATH, STEUBEN COUNTY, N. Y., November 27, 1897.

SIR: I have the honor to submit the following reports of the inspection of the Eastern Branch of the National Home by Col. E. F. Brown, the inspector-general, and my inspection of 19 Homes in States, viz: New York, Pennsylvania, Ohio, Michigan, Wisconsin, Minnesota, North Dakota, Iowa, South Dakota, Nebraska, at Grand Island, and Milford, Ill., and Indiana. Colonel Brown inspected the Homes of California, Oregon, Washington, Idaho, Wyoming, Colorado, and Kansas on his return from the Pacific Branch.

The reports of the Homes show that the efforts of the worthy managers of State Homes to establish and maintain the best welfare with the greatest economy have been successful. The interesting special medical reports and descriptive lists of members admitted during the year ending June 30, 1897, close the report.

I am, General, very respectfully, your obedient servant,

W. W. AVERELL,

Assistant Inspector-General,

National Home for Disabled Volunteer Soldiers.

Gen. W. B. FRANKLIN,

President Board of Managers,

National Home for Disabled Volunteer Soldiers.

EASTERN BRANCH.

[Inspection by Col. E. F. BROWN, Inspector-General of National Home for Disabled Volunteer Soldiers.]

Agreeable to your instructions, I left Hartford on May 20, 1897, for the purpose of inspecting the Eastern Branch, at Togus, Me. On my arrival there, on the 22d instant, I found beautiful spring weather, the band giving an open-air concert, and the officers and their families and most of the members gathered about the band stand, seemingly in a very pleasant mood. On expressing my delight at the entertainment, which I supposed was of everyday occurrence, I was informed by the governor that this was the first outdoor band concert of the season. It was, indeed, a beautiful spring day. The leaves of the trees, only half developed, seemed to catch the inspiration and to grow so rapidly that one could almost see them increase in size. The grass was green and all nature seemed to unite in an invitation to the veterans to come out and enjoy the afternoon. Saturday was also a delightful day, and the outdoor inspection of the command was the first of the season after a long and cold winter, and was conducted in true military style. The members were all in line save the sick, convalescent, and those excused by the surgeon, and it was an inspiring sight, with a tinge of sadness, as it was apparent that age and infirmities and the casualties of the service are making rapid changes and showing clearly that the men now in line and marching with the sturdy tread of the volunteer soldier would be soon laid to rest in the beautiful cemetery on the hill, obscured from the sight only by a thicket of trees, to which almost daily one more veteran is borne and laid at rest by his surviving comrades, who, one by one, must soon follow.

On the following day I made a very thorough inspection of the farm, farm buildings, deer park, cemetery, and the camp generally. The cemetery has been greatly improved since a year ago, and this is true of the deer park and farm, especially the pasture lands. As it was the usual time for taking the herd of cows from the pasture to the stable, I reviewed the same with much satisfaction. It is decidedly the best herd of cows in the National Home, and the milk is a real blessing. The governor assured me that the yield of milk is sufficient for the use of the Home, with a good supply of cream for the hospital patients. The work of the farm—spring planting of corn for ensilage (which is an industry carefully cared for and from which the winter food for the cows proves very important), preparing for garden vegetables, and general farm work—was being carefully and critically supervised by the governor, and if the rest of the season proves auspicious the farm should show a good credit balance.

At the inspection and review on Sunday morning the line was formed under the supervision of Adjutant Goodwin in fine order. The men in line, by actual count, 1,028, besides 24 in the band. On an inspection of the line it was found that the men were in first-class order for the inspection, clothes neat and clean and all carefully buttoned to the chin, shoes well polished, and, in fact, as fine an appearance as if each man had done his utmost to look soldierly. An incident may not be out of place. Observing one man who had a dress coat somewhat worn and

looking a trifle shabby, I stopped in front of him and asked: "How long have you worn that coat?" He replied promptly, with a smile on his face, "Indeed, Colonel, the memory of man runneth not back to the time." He was excused, with the promise of a new dress coat next day. After the inspection in line the whole command passed in review. The music was fine, and the men marched with the firmness and steady tread of experienced veterans, and appeared to enjoy the day and the occasion.

Immediately after the review I proceeded, in company with the officers of the Branch, to inspect the hospital. Surgeon Elwell took the lead, and as we passed through the wards took the care to explain many special cases. The assistant surgeons, matrons, and nurses, both women and men, were very attentive and ready to answer the calls of all the patients. Every part of the hospital was clean and neat, and nothing seemed to be neglected. After visiting every ward, the kitchen and mess hall at the hospital were carefully inspected and both were found to be in fine order. Even the basement and attic were visited and found to be cleanly and neat in appearance. In fact, the hospital at the Eastern Branch is a model, of which the Board of Managers may well be proud.

Subsequently the main kitchen and mess hall were visited. The condition of this department is in a measure quite at variance with other departments of this Branch, attributable partly to its old dilapidated state. It has for years been quite inadequate to the wants or needs of the Branch, and, as a new mess hall and a remodeling of the kitchen is now in progress, it is expected that a change will be accomplished before another annual inspection.

On Monday, May 26, commenced the inspection of property presented for condemnation. Considering the limited space in which the supplies and useless property is stored and the character of the buildings and the nature of the property presented, no complaint can be reasonably made against the officers in charge of quartermaster stores, but if reasonable space and proper light and air could be provided a radical change should be made and ought to be expected in this department. No system of arranging for convenient examinations and counting of the old clothing and useless and worn-out property has ever before been attempted, and in the present condition of the storage rooms no great blame can be attached to the officers in charge. All this could be remedied, and then the officers should be held to strict accountability for the proper preparation of this worn-out and useless property the same as if it was of real value. New and commodious storerooms for this purpose can be prepared with little expense. No other Branch is so poorly prepared in this regard.

The barrack buildings at the Eastern Branch are, generally speaking, in very good condition. The long winters and cold springs make it important to watch carefully the ventilation of the quarters, and this duty is apparently well performed. Many of the original buildings are old, having been in constant use for over thirty years, and the floors and approaches are worn by constant tread. The new barracks and other more modern buildings are in good condition. As General Treasurer Bermingham was at the Branch at the same time, I was relieved from the duty of examining the books, and my inspection closed on the 4th of May, 1897. The inspection was a satisfactory one in all respects. The members were well clothed, well fed, and seemed in good spirits. No complaints came to me, and I gave opportunity for all to speak freely if for any reason they felt dissatisfied with the conduct of the Home. On the completion of this duty I returned to Hartford, as directed.

INSPECTION OF SOLDIERS' HOMES IN STATES.

ILLINOIS.

Hon. JOHN R. TANNER, Governor.

ILLINOIS SOLDIERS AND SAILORS' HOME, QUINCY, JULY 12, 1897.

BOARD OF TRUSTEES:

Col. JAMES A. SEXTON, President, Chicago.
WILLIAM MURRAY, Secretary.
E. H. OSBORN, Treasurer.
Capt. J. W. NILES, Sterling.
Capt. W. O. WRIGHT, Freeport.

OFFICERS.

Col. WILLIAM SOMERVILLE, Superintendent.
E. L. HIGGINS, Adjutant.
Dr. R. H. JONES, Surgeon.
Dr. C. E. EHLE, Assistant Surgeon.

POPULATION.

July 12, 1897:		
Present (sick, 335)	1,432	
Absent	307	
Total		1,739
July 12, 1896:		
Present (sick, 203)	1,054	
Absent	310	
Total		1,364
Gain		365

At the muster 1,429 members answered to their names, which number is 3 less than was shown in the morning report of the 12th, the date of muster. The number of the absent, as noted on the muster rolls, was 300 with leave and 8 without leave, making a total of 308 which, differing only 1 with the number stated in the morning report of so large a Home, may be regarded as quite remarkable.

The records of this Home are complete and remarkably well kept.

The musters were made by the cottage, which is the unit of administration, and the muster was conducted with ease and in the shortest time practicable and without weariness to the members. The temperature was uncomfortable, perhaps dangerously high for the old men in the sun, but happily the shadows of the cottage afforded protection for its occupants during their muster.

224 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

HOSPITAL.

The hospital of this Soldiers' Home is one of the best of all of them. Its records are kept full and complete. The admirable plan of its buildings permits a classification and distribution of its patients in accordance with their various afflictions. Besides the administration of the hospital proper, the surgeon's records show that he is in easy touch with every member in camp.

ANNUAL REPORT OF THE ILLINOIS SOLDIERS AND SAILORS' HOME FOR THE YEAR ENDING JUNE 30, 1897.

ILLINOIS SOLDIERS AND SAILORS' HOME,
Quincy, Ill., June 27, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897:

The discipline of the camp is, in my opinion, all that could possibly be expected. Few arrests are made except for intoxication, and the number who can be classed as drunkards is very small.

No permanent improvements worthy of note have been made during the past year and the buildings are much in need of repair, for which no adequate appropriation has been made. The increase in membership during the past year has averaged one man per day, but since the 20th of June we have been compelled to refuse admission to all applicants. This course was adopted by the trustees on account of the limited appropriation, it being only \$500 per annum in excess of the amount allowed two years ago, when the membership was 365 less than at the present time. We are not only compelled to refuse admission to all applicants, but will be forced to discharge a large number who are with us and who are entitled to the refuge of this or some other similar institution.

I have therefore to request that you bring this matter before the national Board of Managers in order that they may make some arrangement, if possible, for the transfer of some of our men who can not be provided for in this Home. After a man has once been admitted to a Home it is almost impossible for him to secure employment of any kind on the outside, and the condition of those who will be discharged will be worse than if they had never been admitted to membership.

I have the honor to be, your most obedient servant,

WM. SOMERVILLE, *Superintendent.*

Gen. W. W. AVERELL, U. S. A.,
*Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.*

ILLINOIS SOLDIERS' AND SAILORS' HOME, Quincy, Ill., July 27, 1897.

DEAR SIR: I have the honor herewith to present my report as surgeon of this Home. I can not make as complete and satisfactory report as I desire, having been but recently appointed, and my predecessor having resigned five months previous.

For the past five months we have had the services of a corps of trained nurses, and a special diet kitchen has been established.

A ward for contagious diseases, where they may be promptly isolated and treated, greatly lessened the number of cases of erysipelas during the past year. The sanitary regulations are rigid, cleanliness of all things connected with the hospital wards, closets and bath rooms, and of the patients' person and clothing.

Respectfully submitted.

R. H. JONES, *Surgeon.*

Gen. W. W. AVERELL,
*Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.*
(Through William Somerville, Superintendent.)

SANITARY REGULATIONS.

There have been no changes in the sanitary regulations since last report.

RELIGION AND SOCIETIES.

The following is a report of the chaplain of his department of the service rendered, beginning July 1, 1896, and ending June 30, 1897. Religious services are held in assembly hall as follows: Sabbath—9 a. m., Bible class; 2.30 p. m., sermon or lecture; 6.30 p. m., address and social meeting. Monday—6.30 p. m., Soldiers' Temperance League. Thursday—6.30 p. m., short address and prayers.

On each Sabbath, accompanied by the choir, each ward in the hospital is visited and a short service of song and prayer is rendered. These exercises seem to be a great comfort to our suffering comrades.

Daily visits are made to the various wards, where from two to five hours are spent in religious instruction.

As nearly as possible calls are made at the cottages weekly, and an effort is made to form a personal acquaintance with all members of the Home.

A large number have made profession of the Christian religion, while many others have reformed from habits of inebriety and other vices.

The moral and social condition of the Home was probably never better than at present.

Many members are earnest workers in the cause of Christianity, and a high standard of religious experience is maintained.

Died in hospital and buried in the Home cemetery.....	70
Died in hospital and taken away for burial.....	16
Died on furlough	12

Total..... 98

Most of these died in the faith of the Christian religion.

A band, composed of soldiers of the war, attends all the funerals and contributes very much to the interest of these occasions.

The L. W. Shepherd and John Woods posts, Grand Army of the Republic, attend the funerals in considerable numbers, and many of the members of the Home attend, and deceased members are buried with military honors.

A Soldiers' Christian Temperance League was organized in January last, which has steadily increased in interest and members from its inception. Its members are pledged to total abstinence from all alcoholic beverages, including beer and cider.

The meetings are conducted on the line of gospel temperance.

Intemperance and other vices have greatly decreased.

Enthusiastic camp fires are frequently held, when reminiscences are given, revealing the fact that the old-time patriotism is still alive.

Seldom is found a company of men where the rules of polite society are more generally observed than among the "boys" of the Illinois Soldiers and Sailors' Home.

At muster 1,196 members in ranks and in hospital answered to their names, and 2 inattentive members were found and brought to be mustered shortly afterwards.

ADMINISTRATION.

Since my last report there has been a notable change in the board of trustees and of the officers of the Home. The names of the four new trustees and of the new superintendent and new adjutant and quartermaster are stated in the heading of this report.

CLOTHING.

During the last three years this Home has been without an adequate supply of clothing, and it was a matter of surprise at the inspection this year to find all the members in full uniform from cap to shoes, and I am informed that a requisition for overcoats for the winter has been approved.

SUBSISTENCE.

The new dining hall, which will seat over 1,000 men, has a fine kitchen plant of a capacity sufficient to meet the necessities of a 50 per cent increase in the population. No complaint was heard of the onerous and exacting operation of the comptroller's rules upon the supplies of subsistence. During the three years preceding the present administration complaints were frequent and plentiful.

HOSPITAL.

The want of a microscope, for its important uses indicating or in justifying treatment of the diseases of old age, has existed in the hospital until after the new administration was established, when it was supplied together with another important instrument of relief in the efficacious treatment of neuralgia, rheumatism, both acute and chronic, and threatened ankylosis when only partly established.

Excellent improvements have been undertaken in the hospital. Five wards have been ceiled with embossed steel sheeting and there are three more wards to be ceiled. The same steel sheeting has been applied to the walls and ceiling of the operating room, the ceiling being mostly of translucent glass and the floor closely tiled with reference to drainage. The plumbing is well done to preserve the aseptic conditions. An operating table of plate glass and iron, with all the recent improvements for securing any desired posture, and an aseptic case, chiefly of plate glass for instruments, of which there is a good supply, complete the efficient equipment of this operating room.

The capacity of the hospital is now nearly reached. There is a scant margin of empty beds, or space for more, to meet an emergency like the onset of la grippe nine years ago. Any moderate epidemic would cause an acute demand for hospital room. The natural increase of the number sick will require an additional pavilion in another year. It is pleasing to notice the steady improvement in the attention and consideration given by the nurses to their duties. The beds are in order and kept in order, and the sick men in a ward under the supervising eyes of the nurse enjoy the quiet and gentle behavior of their invalid comrades, which is induced by their grateful regard for any trained nurse who attends to her duties.

There would be a hopeful prospect of beneficial tentative work in this hospital if a recent graduate of a good medical college, with a predilection for bacteriological investigation, were employed as an interne. The choice of the best can be had for \$600, with board and lodging, for the first year. With such an organization for proper work, under the supervision of the surgeon, the administration of this Home would soon have the gratification of realizing by the reports that would be made that it had opened the door to that progress which leads to the satisfaction of the highest purpose of a hospital.

RECORDS.

The records of this Home, including the hospital, are in perfect condition. If in the adjutant's office the name of any man who has ever been a member of this Home be mentioned to the chief clerk, he will produce from records of thousands of soldiers the record and history of the one inquired for in less than two minutes. And with all current records his memory is unerring. There would be a great desideratum satisfied if every Soldiers' Home were so fortunate as to have a thoroughly competent and trustworthy chief clerk, aided by an intelligent and dutiful clerical force.

BARRACKS.

Seven barracks contain 1,055 beds, which have only 18 inches of space between them, and the air space available to each man is about 300 cubic feet. There were 47 sleeping in basements, and the population was rapidly increasing. The assembly hall has been filled with beds. It is possible that the examinations for disability are not sufficiently rigid. There is a considerable number of men who consider the Home as a convenient hotel in which to pass the winter. The increase here during the last thirty days has been abnormal and must soon come to an end for want of room.

The assembly hall being occupied as a dormitory prevents entertainments of any kind, which creates a serious depression of members during the long winter season. The Home needs another barrack and a larger amusement hall as soon as practicable. Vocal and instrumental concerts could be enjoyed weekly at little or no cost, and an occasional dramatic entertainment would break up the dreary winter monotony of Home life if there were any suitable auditorium.

*ANNUAL REPORT OF THE NEW YORK SOLDIERS AND SAILORS' HOME
FOR THE YEAR ENDING JUNE 30, 1897.*

NEW YORK SOLDIERS AND SAILORS' HOME,
Bath, N. Y., August 25, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897:

At its quarterly meeting in February last, the board selected me to succeed Gen. William F. Rogers, and I assumed command on March 1. But a short time before, a new mess hall and a well-equipped kitchen were opened, and in the former 1,034 men can be seated at one time.

The only amusement hall has been turned into a dormitory, in order to meet the constantly increasing demands. By November 1 we shall have fully 1,400 members.

During the past summer the hospital has been thoroughly renovated and splendidly equipped.

We shall ask the legislature at its next session for an additional barrack and an amusement hall.

Respectfully, yours,

C. O. SHEPARD, *Superintendent.*

Gen. W. W. AVERELL, U. S. A.,

Assistant Inspector-General,

National Home for Disabled Volunteer Soldiers.

NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS. 237

SANITARY REGULATIONS.

The sanitary conditions of the Home are nearly perfect, rendered so by the use of Power's disinfecting system.

RELIGION AND SOCIETIES.

Religious services continue to be conducted by the clergymen of the several denominations of the neighboring village of Bath.

General Barry Post No. 218, department of New York, Grand Army of the Republic, is composed of members of the Home, and is in a flourishing condition. It has a membership of 115 in good standing.

* The excess of disbursements over receipts came from the balances standing to the credit of different pensioners at beginning of the year.

214 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

Encampment No. 150, Union Veteran Legion, has been established during the year and is composed of members of the Home. It has a membership of 31 in good standing.

The muster of the members of the Ohio Soldiers' Home took place between 1 o'clock p. m. and 3.30, and in that time 927 men answered to their names. The temperature was high enough to be dangerous to old men. At the Pennsylvania Home, the day before, the muster roll had made it necessary to muster the members in one body, and three or four of them had fallen down in ranks and the commander himself was obliged to retire with some assistance from the muster before it was concluded. I directed the men to sit down and open their blouses. No serious results occurred, but thereafter the muster of all other Homes was made by companies. At the Ohio Home the cottage, which holds about 50 members, is the unit of population. The towering administration building casts a long and broad shadow which would screen a company from the sun, and by the direction of Captain Anderson, the adjutant, a company was ready to take the place of the one that had preceded it without delaying the muster.

The perfect muster rolls of this Home also facilitated the calling of the names. The number, 927, was two less than the number reported present in the morning report, which difference was trifling in a population so large, and was occasioned by two members absenting themselves after the morning report had been made out.

The members were well, and uniformly dressed in clean clothing. They had a manly bearing and their complexions showed that they were well nourished. I saw 927 faces, one by one, and can not remember seeing an expression of discontent among the number—not even in the hospital. The officers are alive to their duties and seem unacquainted with idleness. The Home life in the cottages is rendered less liable to become irksome by their division into eight spacious rooms, seven of which hold seven beds each, and one room for the sergeant. Each cottage has a reading room on the first floor with a table for books and for writing. All have porches. The bathroom and lavatories in each cottage are spacious and clean. Indeed, all the lines of life in this great Home are arranged to present the least resistance. A fine library building and spacious assembly rooms for lectures and entertainments are provided.

IDENTIFICATION CARDS.

There is no necessity for asking a member here anything about his disabilities; it is better to ask for his card, and that will give one all that he desires to know about him.

Every member of the Home has a card, which was given him two years ago upon my suggestion. They do not lose them, and they have been useful in many ways. A number of men found dead would not have been identified had it not been for this little card on the person. One man was killed by the cars in Muskingum County, and one of the cards was found on him. This was given to a local newspaper and the next day the body was claimed and properly cared for, all of which would have been lost had it not been for the surgeon's identification card. If a member is out on pass or furlough and has need of a physician, this "sick call card" gives a clear statement of his disability, which a large proportion of members are not able to state themselves.

HOSPITALS.

Since my inspection last year two wards have been added to the construction of this new and magnificent hospital. In its plan and construction it is eclectic. All the most approved things that could be found in the best hospitals in the world have been adopted in this. A description of it, as far as it had been completed, was given in my report of last year.

The records of the hospital are the standard, and well kept. Special records show the chemical and microscopical tests of urinalysis and of other analyses of interest and importance. The morning sick report shows daily the number attending sick call, special calls in hospital or quarters, number of admissions, discharges, furloughs, and deaths. Record of sick call shows that 1,208 different members have attended sick call since January 1, 1897. Record of eye, ear, nose, and throat treatment is also kept. Record of minor operations is of great variety, interesting, and instructive. The surgeon of this Home, although a very busy man, has found time to make his mark with his special reports which have been published.

It was a happy prevision that suggested the setting out of trees,

shubbery, and vines eight and nine years ago, so soon as the Home grounds had been cleared of the débris of construction. It is plainly visible to one who makes only yearly visits to the Home that the shadows of the trees are lengthening with vigorous growth, and their foliage, with the varied hues of the vines, lends a pleasing relief to the neutral tints of the vast assemblage of stone buildings. The administration of this great Home has never suffered from the perversion of its purposes by meddlesome partisan politics.

ANNUAL REPORT OF THE OHIO SOLDIERS AND SAILORS' HOME FOR THE YEAR ENDING JUNE 30, 1897.

OHIO SOLDIERS AND SAILORS' HOME,
Erie County, Ohio, July 3, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897.

The principal work done in the past year is the building of two additional wards in the new hospital and the beginning of a fifth ward and the surgeon's residence. An important work, though not conspicuous, is the construction of a sewer 600 yards long, laid in rock, excavated to a depth of from 6 to 15 feet, with laterals to the officers' dwellings; also a sewer, longer, but near the surface of the ground, connecting this with the hospital.

Heretofore the average age of inmates has increased from year to year. In the past year there has been a notable decrease. The age of new members admitted and readmitted was only 59.5 years, while the average of deaths was 62.

Another notable change is the marked improvement in the general tone of the men. The trustees determined that men whose conduct is destructive of peace and order have no right to remain members of an institution which the law says "shall be a home." Such are freely discharged. At the same time hard times throw out of employment men of exemplary character, but who have lost their vigor, and who find a refuge in the Home.

The laundry report shows a very small amount of underwear washed in the laundry. A number of members have bought lots and built small dwellings in the immediate neighborhood of the Home, and brought their wives to live in them. Others rent houses for their wives. All these do washing, and a large part of the members have their washing done by them. Some wash their own clothing. Some send to the laundries in Sandusky.

M. F. FORCE, Commandant.

Gen. W. W. AVERELL, U. S. A.,
Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.

Pensioners execute their own pension vouchers, the Home having no control of pension money.

SANITARY REGULATIONS.

Receiving barracks have been established, the two wards of the old hospital having been dedicated to that purpose. Men newly admitted and men temporarily at the post, whether awaiting action on their application for admission or simply enjoying a transient hospitality, have their quarters there. There is a special sergeant; the men are subject to ordinary details and have a separate table in the dining room.

256 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

Admitted members, having been in the receiving barracks two weeks and having received a certificate from the surgeon that they are free from contagious disease, are assigned to cottages, and then receive clothing.

A sewer and drainpipe has been laid, draining a cesspool, which has been a great nuisance, and draining the cellars and carrying off the sewage from the officers' residences.

RELIGION AND SOCIETIES.

During the year ending June 30, 1897, the chaplain has preached 91 sermons, held 48 prayer meetings, 178 hospital services, made 120 hospital rounds, 153 rounds of the cottages, 96 special visits to the sick, attended 43 funerals, and had 480 personal religious conversations with members of the Home. Special religious services were held in April for one week.

Other special occasions of much interest were the eighth anniversary Sunday of the Home, Thanksgiving Day, Washington's and Lincoln's birthdays, Memorial Day, and Memorial Sunday, and the Fourth of July, all celebrated with appropriate services.

The committee of the Grand Army of the Republic and Woman's Relief Corps, Department of Ohio, the pastors and others of Sandusky, and other friends, continue to interest themselves in the social and religious welfare of the members of the Home.

The John T. Tolard Post 695, Grand Army of the Republic, has 90 members in good standing, the Thos. L. Young Command of the Union Veteran Union has 40, Encampment 121 of the Union Veteran Legion has 72, and the A. Lincoln Lodge, Independent Order of Good Templars, has 50.

W. L. DUNCAN, San Francisco.
J. H. GARRETT, San Francisco.
Dr. A. McMAHON, San Jose.
W. J. RUDDICK, San Francisco.
G. W. STROHL, Napa.
J. J. SCOVILLE, Secretary, San Francisco.

OFFICERS.

Col. GEO. W. WATTS, Commandant.
Capt. CHARLES E. GRAHAM, Adjutant.
Capt. F. CLARKE, Quartermaster and Commissary.
Dr. W. F. McALLISTER, Medical Director.
Dr. N. J. HENNESSY, Consulting Surgeon.
Dr. A. L. PHELAN, Oculist.

Pursuant to instructions, after the annual inspection of the Pacific Branch I proceeded on July 4 to San Francisco, and on the following day to the California State Home, at Yountville, Napa County, with a view to a muster and inspection of that Home. I was accompanied by Maj. F. K. Upham, treasurer of the Pacific Branch of the National Home for Disabled Volunteer Soldiers, and from San Francisco by Capt. J. H. Garrett, chairman of the committee on improvements at the California State Home, who were of great assistance to me at the inspection. Arriving late on the evening of the 5th, the inspection was begun early on the 6th. By the aid of Major Upham, who called the roll and checked the muster, I was enabled to see that all were identified as they answered to their names. After going over the list we visited the hospital and mustered all who were unable to attend at the hall. The muster roll, which is herewith submitted, shows present, 547; absent, 134; total present and absent, 681, on the 6th of July. After seeing all of those present we examined and verified the list of absentees, observing the time of their leave of absence. The recapitulation shows

¹ Inspection by Col. E. F. Brown, Inspector-General National Home for Disabled Volunteer Soldiers.

as follows: Present, 547; absent with leave, 118; absent without leave, 16; total absent, 134; which coincides with the whole number, 681. With a view to expediting the inspection, I had prepared a circular, a copy of which is attached hereto, marked A. This was complied with, and the replies thereto are forwarded with the report—first, the muster roll, complete and properly checked, marked B; second, the quarterly statement, marked C; third, the rules and regulations relative to pensions, marked D; fourth, the system of passes. The reply to this letter states as follows:

Permanent passes are given to members in good standing, allowing them to go in and out of the grounds daily from 6 a. m. until 8 p. m. Passes are also given members desiring to be absent from the Home twenty-four hours. All changes are noted as they occur in the morning report, which shows the true condition, in reference to the population of the Home, daily.

Fifth, the system in vogue as to employment, etc., to which the following reply is made:

Members who are able and desire to work are employed as required in the carpenter, blacksmith, and paint shops, kitchen, laundry, milk house, watchman, quartermaster and commissary departments and adjutant's office. The rates of pay run from 20 cents to 66½ cents per day, and are paid from the general fund.

The present capacity of the Home is 700. No additional buildings will probably be required for the present unless the demands for admission in the near future greatly increase.

The improvements at this Home since the last inspection, a year ago, have been considerable, but as this has been the subject of a report to General Averell direct it will be likely to be embodied in his published report.

This State Home is the largest of any of the State Homes west of the Mississippi River, and since the late difficulty with the treasurer of the Home and the selection of Gen. J. C. Currier for that position and Colonel Walts as commandant there are evidences of decided improvement. The board of directors take a deep interest in the Home, and anything that can be done for the good of the members seems to be the aim of all its members. The water supply has been greatly increased, and if the reservoirs in the canyon can be made secure from leaks and breaks the Yountville Home will have a water supply worthy of the name. I was greatly pleased to find the hospital so much enlarged and so well equipped. There are too many small, close rooms, and it would be far better if some partitions could be torn down and the rooms enlarged. Experience will teach them that large, airy rooms for hospital wards are far preferable to too many small rooms.

Immediately after the inspection I left for the north, the same evening.

ANNUAL REPORT OF THE CALIFORNIA VETERANS' HOME FOR THE
YEAR ENDING JUNE 30, 1897.

CALIFORNIA VETERANS' HOME,
San Francisco, Cal., July 8, 1897.

GENERAL: I have the honor to transmit herewith the following report of the Veterans' Home of California for the year ending June 30, 1897.

The officers of the Home remain the same as reported last year.

Very respectfully,

J. J. SCOVILLE, *Secretary.*

Gen. W. W. AVERELL, U. S. A.,
Assistant Inspector General
National Home for Disabled Volunteer Soldiers.

OFFICE OF VETERANS' HOME OF CALIFORNIA,
RAILROAD STATION, YOUNTVILLE, NAPA COUNTY,
Veterans' Home, Cal., July 1, 1897.

GENTLEMEN: I have the honor to submit the following report of this Home for the fiscal year ending June 30, 1897:

Throughout the year the Home has been well filled, and during the winter months was crowded with veterans. The comfort of these old men has been greatly enhanced by the substitution of excellent "moss" mattresses, made on the premises, for the unsatisfactory "flock" ones formerly used.

The Administration and Social Hall buildings are now heated throughout by a complete and efficient steam-heating plant, the boiler of which is located in the basement of the Administration building, from which steam is conducted to the Social Hall building, the water of condensation being returned through another set of underground pipes to the boiler. All of the radiators are heated (practically) at the same time, and with less than four pounds pressure of steam the temperature of the rooms is raised to 70-75° in less than half an hour. Thermometers have been placed in the various rooms and proper ventilation is maintained.

In the food department the quality of supplies has been excellent, the quantity issued liberal, and the variety (as will be seen by reference to the bill of fare) as great as is practicable. Close watch is kept on the kitchen, and the food is thoroughly well prepared and neatly served. In their season, fresh fruits, berries, melons, and vegetables are provided in liberal quantities. Cabbage, lettuce, onions, radishes, tomatoes, carrots, beets, pease, etc., are raised in the Home vegetable garden, and give variety to the table.

Adjoining the vegetable garden is the hog lot, where some 200 fine hogs and pigs are cared for. These, as well as the poultry in the chicken yard, are a valuable adjunct to the Home food supply. The hogs raised here furnish all the lard used, as well as fresh pork at intervals, besides some 12,000 pounds of hams, shoulders, and bacon, which were cured in the Home smokehouse last winter. The chickens not only supply food for hospital use, but also produce some 650 dozen eggs during the year. No feed is purchased for either hogs or fowls, the scraps and refuse from the tables, vegetable room, and butcher shop serving to keep them all in good order. All the bones, hides, etc., that accumulate find ready sale, although it is intended to utilize the former in the shape of bone meal as a fertilizer and for chicken feed.

The cow barn has been enlarged to double its former capacity and conveniently fitted with modern appliances for feeding and milking. A large and commodious covered hayrack has been built in the cow yard and an abundance of pure spring water supplied for their use. An average of 35 cows are milked, and their daily yield of milk is from 60 to 100 gallons. This is used in the hospital, and for tea, coffee, mush, etc., in the main dining room.

An ice-making machine, together with a system of cooling pipes in the meat and milk rooms, is being placed in position, and will be of inestimable advantage to the Home, and to the hospital especially.

A large boiler is being set up to supply steam for the ice plant, the kitchen, and the heating coils in the main dining room.

The steam power for the electric plant, the laundry, rock crusher, and steam heating of the laundry building and hospital has been increased by the addition of a second 50-horsepower boiler and the construction of a handsome and substantial octagon brick chimney 80 feet in height. This increase of steam power and the addition of a new 20-horsepower engine, which has been put in, will make it practicable to run our dynamos all night to supply lights in the hospital, water-closets, hall ways, and wherever needed. In this connection it may be remarked that the hospital is now supplied with an abundance of hot water, available at all hours. Its dormitories and sick wards have been furnished with 180 new and convenient lockers, in which the veterans can keep their clothes and other effects.

Experience has proven that the system of automatic flush tanks, four in number, placed in position at the heads of the four lines of main sewers, is an admirable one, their action at such intervals, as is found, best insuring perfect flushing of the lines. All the sewage, highly diluted, is now discharged into a creek bed about 1,700 feet distant from the nearest building. It is intended to utilize this valuable fertilizer by leading it on to the young orchard which has been planted during the past three years. This orchard contains over 2,000 fruit trees, embracing cherry, peach, prune, pear, apricot, and apple trees, all of which, being carefully cultivated, are in fine growth. These trees occupy the ground formerly covered by grapevines, which have been exterminated by the phylloxera. The balance of the flat land owned by the Home yields good crops of hay. This year's crop has just been harvested, baled, and put in the barn. The yield was 140 tons.

The roads and driveways over the Home lands have been improved and extended. The main avenue, commencing on the county road at the northeast corner of the Home property, has been extended from the Administration Building across to and around Observatory Hill to the southern boundary fence and along the same to the southeast

corner of the land. This improvement gives two entrances from the county road and saves about half a mile of travel in going to or coming from points down the valley. The building of this new road insures much better drainage of the low-lying hay and grain fields on the south side, and consequently greatly improves them. A good road 16 feet wide is being built up Overholt Canyon to the new reservoir, thus affording a pleasant drive to and a good view of that important work.

The shade and ornamental trees that have been set out on the Home grounds during the past two years are growing finely, and in a short time will be a pleasing feature of the Home.

The cemetery grounds have been enlarged and put in good order, with a new fence on the front and south side. The area inclosed is about two acres, one-half of which is well shaded by a natural growth of oaks. Most of the 350 graves are marked with marble headstones, and requisition is made for the others.

A very pretty and commodious cottage of six rooms and basement has been built for use of the adjutant of the Home, in accordance with the policy of providing suitable accommodations for the officers and their families. Comfortable quarters have been built for the citizen teamsters employed at the Home, and new floors have been laid and other needed repairs made in the several cottages of C company. A new floor and roof have been added to the "stone house," and a substantial wooden floor laid in the horse barn, which has been further improved by the addition of a convenient track and hay carrier.

Two large rooms have been fitted up in the basement of Social Hall Building, one of which is used for the storage and issue of clothing, and the other for commissary supplies. The commandant and adjutant have been supplied with new desks, and a fine 4,000-pound burglar and fireproof safe has been placed in the general office.

The water supply, which during the summer season has always been inadequate to meet the wants of the Home other than for domestic purposes, has recently been augmented by the careful conservation of all the so-called springs. And for the future supply of abundant water for all purposes a reservoir, having a capacity of 10,000 gallons of water, has been made by constructing a rock-and-timber dam across Overholt Canyon at an elevation of about 200 feet above the Home buildings and four-fifths of a mile distant. To conduct this water to the Home there has been laid 4,000 feet of 6-inch cast-iron pipe, tested to 150 pounds pressure to the square inch, while to distribute this supply to the hydrant and irrigating systems 2,000 feet of 4-inch pipe has been laid and subjected to the same test. As the maximum pressure due to the "head" of water when the reservoir is full will be only 80 pounds to the square inch, it will be seen that the pipe line is abundantly strong and durable.

The opening and maintaining of Social Hall, with its commodious and well-furnished billiard room, has been a source of much pleasure and benefit to the veterans. Whereas before there was but one room—the library—to which they could resort outside of their quarters, they have now a pleasant place where they can amuse themselves in many ways. In the entertainment hall, adjoining the billiard room, a neat and handsome stage has been fitted up, and hardly a week passes that there is not some entertainment provided. On Sundays religious services are held in this hall, the Roman Catholic clergy, the Congregationalists, and the Salvation Army occupying it in turn.

There has been organized from members of the Home a full band of musicians, who render first-class, pleasant, and cheerful music at frequent intervals. The band has been furnished with a neat and distinctive uniform, and a full set of wind and another of stringed instruments. The wholesome and enlivening effect of the music they furnish is very evident.

The library receives occasional contributions of reading matter, which is neatly bound and kept in good order. The daily papers and various periodicals are furnished, and since the establishment of Social Hall the library is, as it should be, a pleasant retreat for readers, and is well patronized.

The storekeeper's department merits special mention by the admirable manner in which it has been put and is kept in order by Storekeeper Brennan.

The daily policing of the grounds and regular inspection of quarters result in cleanliness everywhere.

The keeping in repair of the buildings, tools, implements, furniture, etc., furnishes steady work for the Home carpenters, blacksmith, painters, whitewashers, harness maker, shoemaker, mattress maker, and plumber.

The "Canteen" is kept open daily, except Sundays, under rigid rules, strictly enforced.

In regard to the discipline enforced at the Home, it may be said that experience has shown that a few good rules impartially and justly enforced result in benefit to all, even when, as sometimes happens, their enforcement may seem to work a hardship on some individual. As a rule the veterans are sensible of the fact that it is a good thing that they have this Home for their declining years.

Respectfully submitted.

GEO. W. WALTS, *Commandant.*

To the BOARD OF DIRECTORS OF THE VETERANS' HOME ASSOCIATION.

262 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

266 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

CALIFORNIA VETERANS' HOME,
Napa County, July 1, 1897.

SIR: I have the honor to present to you my fiscal report for the year ending June 30, 1897.

The general health and condition of members have been good. The sanitary condition of the Home has been excellent. The quality of the food served was good and sufficient in quantity.

The total number of patients treated in hospital was 383, against 512 for previous fiscal year, and the total number treated in convalescent quarters was 1,086, against 1,528 treated during fiscal year ending June 30, 1896.

I am pleased to state our death rate has decreased from 83.73 to 64.51 ratio of death per 1,000 for whole number cared for during the year. Forty-two died, and of this number five died while absent from the Home.

Eleven thousand seven hundred and fifty-one prescriptions were compounded, 6,902 whiskies and 5,373 wines were issued to patients, making a total of 24,056.

In compliance with a request made last year to the board of directors, four female nurses have been added to our list of help. Each patient is provided with a chest of drawers large enough to store his effects. These bureaus were greatly needed, and are both ornamental and useful; unsightly boxes and bundles formerly stowed under beds have been dispensed with.

The following named comrades comprise the list of the deaths for the year:

Deaths from July 1, 1896, to June 30, 1897.

No.	Name.	Date.	Age.	Cause.	Service.	Nativity.

Every disease treated in hospital or convalescent company, whether appearing alone or in complication with other diseases, have been reported.

The number of graves in Home cemetery to June 30, 1897, 336.

In conclusion, I wish to state, that the corps of physicians, Drs. Hennessey, Phelan, and Garvin, have rendered valuable services, and to these gentlemen, the honorable board of directors, and yourself I wish to express my thanks for the many courtesies that I have received during the fiscal year just ended.

Very respectfully submitted.

W. T. M. McALLISTER, M. D.,
Medical Director.

Gen. W. W. AVERELL, U. S. A.,
Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.
(Through Col. George W. Walls, Commandant.)

SANITARY REGULATIONS.

The sanitary regulations are the same as heretofore reported, and are in every way satisfactory.

The dormitories, kitchen, dining room, hospital, and grounds are inspected daily by an officer of the Home, and by the commandant once a week.

RELIGION AND SOCIETIES.

Religious services are held every Sabbath day, alternately by Mrs. Risk, of Napa, and Rev. A. Decampos, a Catholic clergyman, both giving their services gratuitously. The Salvation Army also hold meetings twice a month. Unity Post, No. 171, Grand Army of the Republic, Department of California and Nevada, is composed of members of the Home.

Total	431
Gain	45

At the muster of the members on June 25, 427 members answered to their names. The morning report of June 25 states 430 as present. The difference of three is accounted for by the commandant, in a statement in writing, that three members who have families near the Home sometimes spend the night with them, and none of these men is sufficiently responsible to be held amenable to regulations or rules.

At inspection the clothing of the men did not present a good appearance. There was a great want of uniformity in all parts. There were half a dozen varieties of hats and caps—soft felt, stiff derbys, straw, and cloth, all well worn and some broken. There was a considerable number with dirty and worn citizen's clothing, and the uniform clothing was mostly shabby, worn, and not neat. Pensioners of \$6 pay one-quarter the cost of their clothing; \$8, one-half; \$10, three-quarters; \$12, all. The commandant admits that this rule of the Home requiring such purchase of clothing accounts for the members being so poorly

dressed and makes it difficult for him to induce them to wear better clothing, and that this difficulty is greatest with members who have families, who claim that they require all their pension money for their support. The clothing is purchased by contract by the Home, and members can wear it away when going on furlough or when discharged. The members arrayed in these unworthy habiliments did not comport well with the magnificent appearance of the building in front of which they were formed for muster.

PASSES.

There have been no furloughs granted at this Home since the 28th of January, 1896, which is the latest record of any. The last record previous to that date is March 29, 1895, and previous to the latter date the record appears to have been kept of frequent furloughs. Since January 28, 1896, passes only have been granted, and the only record kept of them is in the column of remarks in the morning report. No standard record books are kept at this Home, although prescribed by the Board of Managers of the National Home for Disabled Volunteer Soldiers, under the law providing aid for States maintaining soldiers' homes. The requirement for these record books has been mentioned at every inspection of this Home for the last eight years, and blank forms have been furnished to the Home as samples of the records required. It follows that no proper furlough register has been kept. The passes issued to members are returned to the adjutant's office by the holder on his return, but they are not preserved, and only ten could be found at the inspection, that had been issued from June 12 to June 24.

I have requested the commandant to make a report of the name of every member who has received a pass since the date of the last furlough granted, January 28, 1896, to June 25, 1897, giving date of pass and date of return and forward the same to the assistant inspector-general.

PENSIONS.

GENERAL ORDERS, }
No. 14. }

HEADQUARTERS MICHIGAN SOLDIERS' HOME,
August 12, 1892.

I. The following rule adopted by the board of managers, Michigan Soldiers' Home, August 12, 1892, in regard to pensions, is published for the information of all concerned:

"RULE 14.

"First. Every pensioner residing in this Home and accepting its benefits must turn over to the commandant, upon receipt of his quarterly pension check, any sum in excess of \$5 per month, the same to be held subject to the disposal of the board of managers. Any infringement of this rule on the part of an inmate will be followed by his discharge from the Home."

"Second. That the commandant be, and is hereby, directed to send the pension money turned over as aforesaid, or any part of it, to such dependent relative of the pensioned inmate as he may in good faith designate in writing, any balance not thus disposed of to be retained by the commandant. In case no dependent relative or relatives are designated or all the money received has not been disposed of as aforesaid, then the money received shall be held by the commandant, and all amounts in his hands reported to the board, to be held subject to their order and paid to the pensioner upon his discharge from the Home.

"Third. In cases where improper use is made of the allowance of \$5 per month herein provided for, leading to misconduct or infractions of the rules of the Home, the allowance so granted shall be suspended.

"Fourth. That the standard of admissions as regards pensioners shall be: That no applicant who receives over \$12 per month pension shall be admitted to this Home, but it shall be competent for the commandant to admit any ex-soldier, sailor, or marine who may be eligible otherwise, but receives over \$12 per month pension, who may be willing to pay into the Home all pension received by him over said \$12 per month.

"Fifth. All rules conflicting herewith are hereby repealed."

The following resolution was also adopted:

"Resolved, That the commandant is instructed to enforce the above rule strictly."

II. In conformity with the above rule all applicants for admission to this Home who are in receipt of a pension must transmit, with their application, their pension certificate and voucher for record and file in this office.

III. Members of the Home will be required upon receipt of their pension checks to turn over to the commandant all sums in excess of \$5 per month, who will give them a receipt therefor, and in cases where there are dependents as set forth in the above rule, the money will be sent to them; in other cases it will be kept on deposit to be paid to the depositor on his discharge from the Home.

By order of Maj. J. A. McKee, commandant:

JAMES W. LONG, *Adjutant.*

The statement of expenditures and receipts for the quarter ending March 31, 1897, and ledger accounts of pensions and clothing sold to members were examined. The amount of pension money received by the Home for clothing sold to members during the quarter was \$804.69.

The financial statement showed that there was in the commandant's hands on June 25, \$14,413.13, divided as follows:

Current expenses	\$368.59
Received for clothing	403.96
Due pensioners	7, 299.87
Post fund	3, 135.71
Posthumous fund	3, 205.00

Total..... 14, 413.13

The post fund is the accumulation from rents, sale of swill, etc., and the posthumous fund arises from sale of the effects of deceased members. From the latter fund a monument costing \$2,500 was erected in the cemetery. The post fund provides amusement, but an expenditure from these funds for the purchase of dining-room chairs for the use of the old women and old men of the Home was made.

HOSPITAL.

The extensions and improvements which have been made in the hospital were described in my report of last year, but many judicious changes of use and furniture have been made, and it is plain to be seen that the housekeeping has steadily improved. The wards, dispensary, and dining room are all bright and clean. The bedding, screens, and curtains in their speckless condition indicated a woman's supervision.

Ten nurses are in training in the hospital, who after three years' service receive a certificate of graduation and are sent to four other hospitals in the State, where they are employed for six months in each, which gives them two years of varied experience. While serving here they receive \$8 per month, with board, lodging, and laundry.

QUARTERMASTER.

The quartermaster's store was inspected and the clothing found on hand was: Blouses, lined, 92, at \$3.85 (80 ordered); blouses, unlined, 20, at \$3.40; trousers, 100, at \$2.45 (125 ordered); hats, wool, 75, at 84 cents; hats, straw, 3 dozen, at 20 cents; shoes, pairs, 125, at \$1.20; shirts, "Otis" striped, 15 dozen, at \$4 (delivered); undershirts, camel's hair, 25 dozen, at \$3.25 per dozen (delivered); drawers, camel's hair, 25 dozen, at \$3.25 per dozen (delivered); socks, heavy, in stock, ad lib., at 90 cents per dozen; socks, light, in stock, ad lib., at 75 cents per dozen; carpet slippers, leather soled, 32 dozen, at \$3.20 per dozen.

The garden of this Home covers an area of 15 acres, and furnishes all the green corn, cucumbers, lettuce, tomatoes, and beets that can be

consumed by the Home, and a larger proportion of other vegetables than are required.

The rule of the board with regard to the sale of clothing impairs the authority of the commandant to compel pensioners to wear the uniform, as it becomes a matter of personal persuasion instead of what it should be—an official requirement. If the pension is above a certain sum or percentage were to be taken and turned into the general fund and sufficient clothing were issued to each member, there would not be loss of authority to keep them in decent uniform clothing.

I have visited this Home once since June 27, viz, on October 20, and the members were turned out for inspection, and 411 were in line. An improvement in their clothing was apparent, but it was not uniform as to quality or condition. About three-fourths of the members in line wore the regulation drab felt hat, which presented a good appearance, but it emphasized the unworthy appearance of the remaining fourth. The first six files on the right wore six different species of hats and caps, and other varieties appeared in the line. It was a natural, if not necessary coincidence, that three-fourths of the men were pensioners. There may be some excuse found for the impaired administration of this Home in the statement of public rumor that the patriotic purpose of the Home has not been properly recognized by politicians. Up to the time the present commandant assumed office there had been four commandants in about eight years.

My experience in the inspection of State Homes during the last nine years constrains me to believe that the qualifications for a good, successful commandant of a Soldiers' Home are quite rare. The majority of the Homes have the good fortune to be commanded by officers who possess the highest and best qualifications, but there are three or four Homes that have suffered the misfortune of having their commanders appointed without regard to their fitness, and whether he were successful or not, he was likely to go out whenever a change of political control occurred.

*ANNUAL REPORT OF THE MICHIGAN SOLDIERS' HOME FOR THE YEAR
ENDING JUNE 30, 1897.*

MICHIGAN SOLDIERS' HOME,
Kent County, Mich., July 1, 1897.

GENERAL: I have the honor to submit the following report for the year ending June 30, 1897:

Our membership is constantly on the increase. This Home was built to accommodate 400, and yet at one time last winter we had 692 present. Every one had a pleasant room and a comfortable bed, and we have never turned away from our doors, one who was eligible to enter there. We are expecting a still larger number during the coming winter, and are arranging to care for all who may apply.

The law providing for uniform and rank of officers of the Home has proven all that its most ardent friends expected of it. The veterans have more respect for Colonel Jones than they would have for "Tom Jones," and more regard for the familiar uniform and eagles than they would have for the finest broadcloth in citizens' suit.

Our guard home is also a success. We use it but seldom, yet the fact that it is there ready for use has a restraining influence. During my administration of more than a year, I have never sent a member of the Home to the public jail, although such was quite a common practice under preceding commandants.

I can heartily recommend each of these regulations to other Homes, and will furnish copies of the law to those desiring them.

I inclose herewith our statistical reports for the year.

Very respectfully,

JAMES A. CROZER, *Commandant.*

Gen. W. W. AVERELL, U. S. A.,
*Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.*

SANITARY REGULATIONS.

The sanitary regulations of the Home are considered as near perfect as can be. Ventilation is well looked after, and good food well cooked. Bathing, cleanliness of person, and all other concomitants looking to the physical welfare of the members receives constant attention.

A thermostatic controller of heat and temperature has been placed in the hospital, from which good results in even temperature were received.

RELIGION AND SOCIETIES.

This Home has advanced during the year in religious interest, the meetings being well attended, regular as well as prayer meeting.

There is a thriving command of the Union Veterans' Union, also a post of the Grand Army with an active and increasing membership. A "Good Templars' Lodge" is also one of our societies.

Total		604
July 5, 1896:		
Present (sick, 51)	447	
Absent	122	
Total		569
Gain		35

At the muster on July 4, 415 members answered to their names in camp and in hospital, which number did not agree with the number stated in the morning report, nor with the muster rolls of the same date. A special report was made upon this condition of the reports of population and forwarded to the president of the Board of Managers of the National Home for Disabled Volunteer Soldiers and necessitated another visit to the Home.

CONSTRUCTION—HOSPITAL.

The new hospital at this Home was completed and occupied February 1, 1897. It has four large wards accommodating eighteen beds each and ten wards of seclusion, four of which will each hold three beds and four will hold two. There are two wards, one which will hold eight beds and the other five. In the proportions, construction, and materials the best approved modern ideas are illustrated. The hospital unit of measure has been adopted in the intervals of windows and beds. The light, ventilation, and heating exhibits the best modern ideas and appliances. The furniture of beds, baths, and toilet rooms is of superior quality. The dining room and kitchen are well and conveniently

equipped. One trained nurse and four in training, by their deportment, unremitting attention to their duties, and their skill in dressing wounds and sores, have given great satisfaction to the surgeon and to the members, whose behavior and moral tone has been improved and elevated.

The surgeon passes final judgment on all applications for admission.

COTTAGES.

Two spacious cottage residences, one for the commandant and one for the surgeon, have been erected since my last inspection. They release several large rooms in the main building to other uses for which they were much needed.

The members were better clothed and seemed to have better discipline than last year. As the members were not organized into companies and the muster rolls were made out in alphabetical order for the whole number, they were divided into companies for muster by assembling them by the initial letters of their names. An electrical trolley railway now connects the Home with the city, and the number of visitors has increased. The grounds are growing more attractive as the avenues of trees and the shrubbery and flowers develop. If the basis for a lake which has been excavated and formed could be prepared for holding water without leakage and means could be provided to keep it filled, it would not only present a very attractive appearance but would doubtless exercise an influence upon the temperature and perhaps furnish a convenient crop of ice in the winter.

ANNUAL REPORT OF THE IOWA SOLDIERS' HOME FOR THE YEAR ENDING JUNE 30, 1897.

MARSHALLTOWN, IOWA, September 16, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897.

Very truly, yours,

J. R. RATEKIN, Commandant.

Gen. W. W. AVERELL, U. S. A.,
Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.

Total amount retained by the Home	5,359.13

SANITARY REGULATIONS.

The sanitary regulations consist in a rigid cleanliness of the quarters occupied by the men, and also of their persons and clothing, and isolation of contagious diseases, or those exposed to contagion. And with a complete system of drainage, in the most suitable soil, the sanitary conditions are necessarily above the average of public institutions in the State.

RELIGION AND SOCIETIES.

Religious service is held in the chapel every Sunday afternoon, conducted in rotation by the pastors of the different churches in the city of Marshalltown. Service under the auspices of the Young Men's Christian Association is held every Sunday evening, and by the Salvation Army one afternoon of each week.

Forty-eight religious meetings have been held by evangelists and missionaries during the year. The Union Christian Association holds a praise meeting every Saturday evening.

The Phil. Sheridan Post, Grand Army of the Republic, No. 452, Department of Iowa, meets every alternate Tuesday evening.

Gain.....	41

At a muster of the officers and men of this Home 413 men answered to their names in ranks, in quarters, and in hospitals. The muster roll used was made out on May 31, and was after muster transmitted to the president of the Board of Managers of the National Home for Disabled Volunteer Soldiers, with all changes that have taken place since the 31st of May noted thereon.

There were 68 members sick in hospital and 141 in convalescent quarters in the main building, all of whom were visited and their names checked on the rolls. The result of the muster was compared with the trimonthly report of the 20th instant and the morning reports since,

and the accuracy of the trimonthly and morning reports was verified. Two members were absent sick in the State insane asylum, where they are supported from the State appropriation for the maintenance of this Home. They are borne on the trimonthly report as absent in State insane asylum, and on the quarterly return they are added to the average number present during the quarter. Deducting the number sick in hospital and in convalescent quarters, 209, and the noncommissioned, 10, makes a total of 219, which, taken from 413, leaves on the date of inspection 194 members fit for duty, which members can take care of themselves, make their own beds and sweep their rooms, do detailed duty in dining room and laundry. Members detailed for any work in this Home are paid from the fund appropriated for the maintenance of the Home, and no pensioners are required to pay any of their money to anyone so employed. Members are detailed as follows: Six day nurses, at \$6; 2 day nurses, at \$3; 1 reader to blind, at \$3; 1 laundry, at \$4; 1 clerk, at \$8; 4 sergeants, at \$5; commissary-sergeant, at \$6; 1 orderly sergeant, at \$5; 1 assistant to baker, at \$4; 1 dining room, at \$7; 3 night nurses, at \$8; 2 dishwashers, at \$5; 1 disinfectant, at \$3; 1 sergeant-major, at \$10; 1 orderly sergeant, at \$4; quartermaster-sergeant, at \$6; 2 acting sergeants, at \$3; 1 citizen's clothing, at \$5; 1 shoemaker, at \$4; 20 waiters, at \$3.

HOSPITALS.

The hospital has grown in the grace of cleanliness to the creation of a habit and in knowledge of the true way to keep proper records. It has a standard record of admission and medical examinations, a hospital record book, record book of urinalysis, daily ward record. The assistant surgeon does the pharmaceutical work. There are four citizen nurses employed—1 chief, at \$45; 1 assistant, at \$40; 2 assistants, at \$25; 6 detailed day work, at \$6; 3 detailed night work, at \$8. One of citizens is on duty with night detail.

The main building, the convalescent quarters, and the hospital, in fact all parts of the Home, were spotlessly clean and bright, and the administration in its paternal care and the loyal and ready observance by the members of the example and precepts of their devoted commander and his worthy staff present a perfect model of soldiers' home administration.

No partisan political influences have ever balked the happy development of this Home. The Board of Managers, composed mostly of distinguished officers of the Army, when they found good and efficient officers for their Soldiers' Home, have left them undisturbed year after year to bestow the benefits of their increasing experience upon the beneficiaries abiding therein.

PENSIONS.

(See pension rule in Report of 1891.)

There are 283 pensioners present. These range from \$6 to \$17 per month. On the 31st of March the total amount received by pensioners for the quarter ending on that date was \$2,720. The number of pensioners present on that date was 292. On examination of the deposit book of the Keystone National Bank, of Erie, it was shown that the money received from pensioners has been deposited on the date of receipt, at the end of each month the aggregate sums so deposited are sent to Gen. Louis Wagner, treasurer of the board of trustees of this

Home and chairman of the committee on pensions. Not a dollar of pension money is retained at the Home. There is none of it used by the officers of the Home for any purpose whatever. These deposits in the hands of the treasurer have been used for only one purpose, that of extending relief to dependent relatives of pensioners in the Home. The balance left is invested and is drawing interest, and will be held intact until a legal decision shall be obtained deferring the power of the board of trustees with regard to its disposition. I am assured by the commander of the Home that the pension money so held by the treasurer has not gone into the general funds of the State. Vouchers for the amount sent to the treasurer from the 1st of January, 1897, to June 16, 1897, are as follows:

January 18.....	\$2, 219. 33	April 19.....	\$2, 138. 71
February 19.....	1, 565. 12	May 19.....	1, 435. 61
March 22.....	309. 99	June 16.....	2, 565. 00

The ledger account which is kept with the pensioners was examined and found to correspond with the personal account, which is kept on another book, showing the amounts paid into the home in excess of \$4 per month under the rules, stating the agency which paid each and every pensioner, the name of pensioner, the rate of pension, and the amount paid in. It was found that the total of these payments in each month corresponded exactly with the amount of the deposits in bank. The pensioners here, as in most other State Homes, are paid by a variety of agencies, as shown on a single page: Columbus, Ohio; Washington, D. C.; Pittsburg, Philadelphia, Pa.; Knoxville, Tenn.; Detroit, Mich. In transmitting the draft to treasurer it is accompanied by a report, giving the names of the pensioners, the rate per month, and the amount. Also the names of the dependents of each one, with such remarks as shall fully inform the treasurer of their address and their necessities. The treasurer in making payments to dependents immediately sends a notice to the commander of the Home of such payment, with a request to inform the member whose dependents received the relief and of the amount and time it was sent. These notices were examined.

IMPROVEMENTS.

A very notable improvement has been accomplished by the purchase of a strip of land covering the whole front of the Home, 160 feet wide and 1,050 feet long, which has been an eyesore for years on the front aspect of the home. The extension of the park in that direction will permit a more satisfactory view of the noble buildings, which have been heretofore crowded by small and mean structures. The Home stands upon a tract of 112 acres, three-fourths of which are on the north side and between the building and Lake Erie. Most of this eight years ago was a waste of sand dunes and rugged brush land. It has been rescued from the obnoxious condition in which it was found by the present commander, and now a large portion of it may be seen under careful cultivation of vegetables and clover fields, while the remainder is used for pasture land for the herd of cows. The park-like aspect now harmonizes with the harbor, and across this pleasing foreground Lake Erie presents a beautiful view to the veterans, and the noise of commerce does not disturb the quiet of the Home.

ANNUAL REPORT OF THE PENNSYLVANIA SOLDIERS AND SAILORS' HOME FOR THE YEAR ENDING JUNE 30, 1897.

PENNSYLVANIA SOLDIERS AND SAILORS' HOME,
Erie, Pa., August 10, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897:

Our report shows an increase of 23 men over the corresponding date of 1896.

Fewer members have been discharged for drunkenness. Seventy-six have been discharged for violation of the pension rule.

The discipline of the Home is as satisfactory as we can reasonably expect, while the general conduct of the members shows a very gratifying interest in each other's welfare and a tenderness and fraternal treatment in their intercourse with one another that makes them one and all helpers and of great aid in the discipline of the Home.

The pension rule remains as heretofore.

No improvements have been made during the year, and we have been forced to wait the favorable action of the legislature for the necessary appropriation for the much-needed addition to the hospital.

WM. W. TYSON.

Gen. W. W. AVERELL, U. S. A.,
Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.

**PENNSYLVANIA SOLDIERS AND SAILORS' HOME,
Erie, Pa., August 10, 1897.**

SIR: I have the honor to submit the following report of the medical department under my charge for the year ending June 30, 1897:

Under the head of "Treated in convalescent company" is included all those who often report at sick call, mostly walking patients. We give the number of prescriptions made at sick call instead of "Number treated" at sick call, each case counted but once, as many of them are transient and of mild nature, all cases requiring continued treatment being included in "Treated in convalescent company."

We include under "Impaired cerebration" many cases of aberration of mind, rather than classify them under "Dementia."

We also inclose a very interesting case of esophagus stricture and ulceration of esophagus and trachea.

The general sanitary surroundings of the hospital and Home are good, but the hospital building is inadequate to fulfill the requirements and expectations of a well-equipped modern hospital.

S. F. CHAPIN, *Surgeon.*

Gen. W. W. AVERELL, U. S. A.,

Assistant Inspector-General,

National Home for Disabled Volunteer Soldiers.

Through Maj. W. W. Tyson, Commander.

302 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

SANITARY REGULATIONS.

While far from being all we desire, yet they are perhaps as good as are found in institutions where the population is old, infirm men and in a majority of cases suffering from diseases requiring constant, faithful care in order to keep the house in reasonably good condition.

The rooms and beds are inspected daily by the sergeant having charge of the ward.

Carpets are removed in every room once each week and the floors scrubbed.

The entire building is thoroughly inspected once each week by the adjutant and assistant surgeon.

All members not excused by the surgeon are required to bathe once each week. As is shown by the surgeon's report, we have passed another year without having had a single case of contagious or infectious disease.

RELIGION AND SOCIETIES.

A chaplain is provided, who holds prayer meeting every Thursday evening, visits the sick in hospital, attends the funerals of all members who are buried in our own cemetery, and arranges with the ministers of the city for the Sunday service.

Those members who are Catholics attend service when able at the Catholic churches which are convenient, and when sick are ministered to by their own priests and visited by the Sisters of Mercy.

We feel under great obligations to the ministers of all the churches for their unfaltering interest in the welfare of the members of the Home.

No societies have ever been formed in this Home.

Total present and absent May 15, 1897	439

A larger number than usual have taken a discharge at their own request which accounts for the loss in population. The five members who are reported absent in the New Jersey Hospital for the Insane are maintained there at the expense of this Home. The vouchers for the cost of their maintenance were examined and found to amount to a per capita cost per annum of \$223.88.

At the muster 299 men answered to their names, showing 27 less than the present stated in the morning report which was accounted for as follows: 9 members had gone out on passes after the morning report was made, 3 had absented themselves without leave, 2 had been granted furlough between muster, and 13 were out on passes under a twenty-four hour rule. The superintendent explained that this condition of absence was unusual and was due to the fact that the pensioners had received their money during the preceding two days. This being the first time a strict muster had been made of the members present at this Home and the notice having been received only twenty-four hours before the muster took place, there was not that supervision or restriction of the ordinary freedom and convenience of Home life which is necessary to make a muster more nearly agree with a morning report.

PENSIONS.

Pensions of members are subject to the following rules:

Resolved, That the following rates are hereby assessed upon all in-patients receiving a pension from the United States of \$9 or more per month, the same to be paid to the superintendent within three days after the in-patient shall have received his quarterly pension, to wit:

Pensioners receiving—	Per month.
From \$9 to \$11, inclusive.....	\$2. 00
Over \$11 to \$15, inclusive.....	4. 00
Over \$15 to \$17, inclusive.....	6. 00
Over \$17 to \$19, inclusive.....	8. 00
Over \$19 to \$24, inclusive.....	11. 00
Over \$24.....	12. 00

In practice pensioners receiving over \$15 are not admitted except for hospital treatment, and the rule is suspended when the pensioners' dependent relatives need the pension for their maintenance.

HOSPITAL.

The hospital administration of this Home is conducted along the easiest line with reference to any necessary movements of the patients, or to the service, owing to the pavilion type of construction. It was found in its usual condition of bountiful light and not an odor could be detected except the odor of flowers which floated through the well-ventilated wards from the fragrant parterres between and on the fronts of the pavilions. This was the only Soldiers' Home that escaped the gripe in the first year of its onset in this country. It is just far enough from a lively city not to be disturbed by noise, and near enough to be reached by trolley in a few minutes, and enjoy any entertainment that one may choose.

It is a wonder that with such convenient temptations the offender's docket of the Home is not often opened.

306 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

ANNUAL REPORT OF THE NEW JERSEY SOLDIERS' HOME FOR THE YEAR ENDING JUNE 30, 1897.

NEW JERSEY SOLDIERS' HOME,
Kearny, N. J., June 30, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897:

MAINTENANCE.

As noted in our report, the daily average of those cared for temporarily at post number 15, an average of 50 per cent over last year. In addition thereto, during the autumn and winter months many veterans were furnished with meals—men whose physical infirmities were not sufficiently serious to prompt them to seek admission, but whose necessitous condition required that temporary aid be furnished until opportunity should afford them a chance to again become self-sustaining.

Our insane members are cared for at the State Hospital for the Insane at Morris Plains, N. J., the maintenance being paid for by the Home. The above causes add considerably to the cost per capita, as shown by return, it being based upon actual membership as required.

IMPROVEMENTS.

A ventilating plant has been established during the year, embracing both the hospital and old men's ward in its operation, with very satisfactory results, securing not only the expulsion of the vitiated but a continuous inflow of pure air, without any perceptible draft or current manifesting itself. The agency employed is a large Seymour suction fan, an upright 5-horsepower engine furnishing the power. A test of its influence upon the temperature was very gratifying. The hospital ceilings being 16 feet in height, self-registering thermometers were placed 1 foot from floor and ceiling, the variation being but 1°—69° at the lowest and 70° at the upper point. At a higher temperature, the difference in heat was hardly perceptible, owing to the purity of the air in the different wards. The exhaust from the engine is utilized for heating through indirect radiation. The cost of material and work was \$940.

General and detached quarters have been supplied, at a cost of \$2,412, with 30-pound elastic cotton mattresses, adding greatly to the comfort of the occupants. As many hours of each day are spent in resting, whatever contributes to its comfortable realization is an important factor.

Two additional summer houses have been erected in shady spots, and are much enjoyed by those who avail themselves of the retirement afforded.

The legislature, at its last session, appropriated the sum of \$8,000 for the erection of buildings for occupancy by resident surgeon and trained nurses, so that we hope in the near future the Home will be reaping the benefits anticipated by their employment. With a resident surgeon and corps of trained nurses, it is to be expected that our hospital service will be highly improved with resultant good to those needing treatment and care.

PENSIONS.

A subject which gave rise to much discontent and consequent unrest among the members, and which constitutes a source of perplexity to the managers, is the matter of a proper disposition of the pension money received from the General Government.

A lack of uniformity in the rules of the different State Homes is probably responsible in a degree. A due regard for the interests of the State and its beneficiaries would seem to suggest one of two things—either Congressional action or else a unity of administration in this particular on the part of those intrusted with the management of the State Homes. An equitable adjustment, having in view the best interest of all, might thus be secured. The question is certainly of sufficient importance to merit and receive serious consideration.

DISCIPLINE.

A slight diminution in the number of offenses is noted in comparison with previous years. The two prime causes contributing to disorder and discomfort are the too free use of intoxicants by some, and the lack of occupation sufficient to engage thought and attention. The latter cause is in a great degree unavoidable, owing to the age and physical infirmities of the inmates.

If, as is claimed, drunkenness is a disease, then some special provision should be made for those afflicted. While it is undoubtedly true that the number of those who violate the rules governing the Homes by reason of the drink habit are comparatively few as to the total number cared for in the different Homes, nevertheless the

aggregate is sufficiently large to merit serious consideration as to what would be the best and proper thing to do in the interest of the unfortunate himself. At all events, the good and well behaved are entitled to some consideration, and should be protected from the discredit and discomfort attaching to daily association with the victims of an uncontrollable appetite for strong drink. The entire subject, in my opinion, is worthy of the attention of those having authority, not only to suggest a remedy, but the power to provide it.

Very respectfully,

PETER F. ROGERS,

Superintendent New Jersey Home for Disabled Volunteer Soldiers.

Gen. W. W. AVERELL, U. S. A.,

Assistant Inspector-General,

National Home for Disabled Volunteer Soldiers.

**NEW JERSEY SOLDIERS' HOME,
Kearny, N. J., July 1, 1897.**

SIR: I have the honor to present herewith the report of the cases treated in hospital and at sick call for the year ending June 30, 1897.

It will be gratifying to note that although there has been an increase in the number of cases treated in the hospital, there has been a decrease in the death rate. Of those who died, nineteen had passed their seventieth birthday. There have been no epidemics and few cases of severe acute diseases, the deaths in the majority of cases being due to chronic diseases of the lungs, heart, kidneys, or nervous system. The sanitary condition of the buildings remains good, and this, with the excellent water, has prevented further disease. As will be noticed in this report, a change has been made in the medical department of this institution, due to the resignation of Dr. Archibald Mercer, who for eight years has rendered valuable services as surgeon of the Home. Having been appointed assistant and resident surgeon prior to the resignation of Dr. Mercer, the care of the wards of the State now rests upon me. I consider it a labor of love, and am, to the best of my ability, ministering to the needs and infirmities of those whose health has been shattered in the service of their country.

Respectfully,

JOSEPH E. POLLARD, *Surgeon.*

Gen. W. W. AVERELL, U. S. A.,
*Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.*

Through Maj. Peter F. Rogers, Superintendent.

Total		383
Gain		64

Of the number present, 41 were on extra duty, 80 exempt from duty, and 41 in convalescent quarters. The largest number present during the year was 410, on January 3 and February 5. At the muster of the members in camp and in hospital, 365 answered to their names and 2 were absent on pass for the day and 1 absented himself without leave after the morning report was made out. Since my instructions given at this Home last year, passes have not been granted for longer than twenty-four hours.

The general appearance of the Home grounds and buildings present a highly pleasing contrast to its primitive condition nine years ago when one large incommodious building stood in a rugged solitude nearly destitute of proper furniture for the domicile of disabled soldiers, and offering a temptation to fire without adequate means of escape. Now the main building, transformed into a commodious, well-lighted and ventilated dormitory, containing all the furniture required for the comfort of

the old soldiers, and facing a park of well-kept lawns, shrubbery, and flowers, delights the eye. A modern, well-arranged pavilion hospital, a commodious, well-equipped dining hall and kitchen, and nearly all other buildings requisite to an easy and satisfactory administration have been supplied, with excellent judgment as to their sites, plan, and capacity. There is yet needed residences for the surgeon and adjutant.

The garden of the Home furnishes a welcome of fresh vegetables.

HOSPITAL.

It is fortunate for the welfare of the sick in the Connecticut Home that it has an accomplished and experienced resident surgeon and a Board of Managers whose correct understanding of the character and purpose of a soldiers' home does not permit them to yield to inconsiderate political influences that have in some Homes led to frequent changes of surgeons.

There were 61 sick, and an inspection of the patients, and the conduct and manners of the nurses, and everything visible in the hospital indicated a faultless administration.

PENSION.

An applicant for admission to this Home must present his application to the chairman of the executive committee of the board of managers, who resides at Bridgeport, and if the application be favorably considered a permit is given to the applicant to enter the Home, subject to an examination of the surgeon. This is addressed to the superintendent of the Home and must be accompanied with the pension certificate of the applicant. On his admission he deposits his discharge papers and pension certificate with the superintendent, to be disposed of in accordance with the rules of the soldiers' hospital board. The pension record shows names of pensioners, amounts of pension, amounts paid to pensioners and to their dependent relatives, and there is a column headed "fund," which is blank throughout the book. The total of sums paid to pensioners and to their dependent relatives are equal to the pension received in every instance, which accounts for the fund column being blank. The superintendent generally pays the pension money to dependents, but where members have shown by their conduct in the Home, and by their disposition toward their families that they may be intrusted with the disposal of their own pensions, then they are permitted to send their money direct. It is claimed by the officers of the Home that over one-half of the members are so trusted, and the books show that over one-half the pension money received goes to the dependents of the soldiers. A complete "family record" is kept in a large book, which gives the names, ages, and residences of all dependents of pensioners in the Home. Whenever a member can not be trusted to send his money to his family, as he should, he is given the alternative of leaving the Home. The posthumous fund is in charge of the treasurer of the Home, Gen. L. A. Dickinson, Hartford, Conn. There is no record of this fund at the Home, and its amount is not known.

AMUSEMENTS.

The amusement hall has proved to be entirely too small. Every chair in the reading room was occupied when I visited it and it would seem that more were needed. A library of about two thousand volumes

and twenty-five newspapers furnish the members with reading matter. One embarrassing feature connected with the reading room is the small amusement room which opens out of its side, and was crowded with members engaged in a variety of games. The tobacco smoke and noise emanating from this room into the reading room can not be prevented, as there are no doors between, and as far as conversation and tobacco smoke are concerned they are practically one room.

**ANNUAL REPORT OF THE CONNECTICUT SOLDIERS' HOME FOR THE
YEAR ENDING JUNE 30, 1897.**

FITCH HOME FOR SOLDIERS,
Noroton Heights, Conn., July 29, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897:

The consolidated morning report of that date shows the aggregate present and absent as 457, an increase of 69 over corresponding date of previous year. This increase in membership is due largely to the admission of soldiers who served in organizations of other States, made possible by the action of the State legislature of 1895, the total of such admissions being 78.

The only change in administrative officers during the year was the loss by resignation, October 1, 1896, of Lewis G. Logan, assistant superintendent. Mr. Logan served as corporal, sergeant, and first sergeant in Company I, First Heavy Artillery Regiment, Connecticut Volunteers, and was promoted to second lieutenant and first lieutenant in the same regiment.

He was honorably discharged October 22, 1864. He was appointed as assistant superintendent of the Home in April, 1889, and, though suffering great physical pain, remained an indefatigable worker up to a few months previous to his death, and long after most men would have given up the struggle. Mr. Logan died at the Home October 15, 1896.

The cordial relations before noted as existing between the officers of the Home, as well as with the executive board, continue, and the officers desire to publicly thank the board for unvarying kindness, valuable counsel, and cordial support in all measures for the betterment of the condition of the Home and its members.

They also desire to acknowledge the valuable assistance of the assistant inspector-general in the same direction.

I am, General, very respectfully, your obedient servant,

JAMES N. COE, *Superintendent.*

Gen. W. W. AVERELL, U. S. A.,
Assistant Inspector-General,

National Home for Disabled Volunteer Soldiers.

CHARGES.

Violations of rules are reported to the superintendent at once through a special policeman. Records of such violations are kept in the superintendent's office. For minor offenses penalty is inflicted at discretion of superintendent, such as withholding tobacco issue, temporary confinement in guardhouse, or restriction of pass privileges. For aggravated or repeated offenses the superintendent reports to the executive committee of the Soldiers' Hospital Board with recommendation for action suitable to gravity of the offense.

Number of offenses committed.

Committed—	Number committing offenses.	Number of offenses committed.

FITCH HOME FOR SOLDIERS,
Noroton Heights, Conn., July 29, 1897.

DEAR SIR: In the classified list presented below are included all the deaths of those in any way connected with the Home as inmates during the year. Several of those carried on our rolls died in the insane hospital or while absent on furlough; some of these I had not treated or seen. I have given causes of death, ages, etc., from the best information I could obtain. Of the 38 deaths reported, 29 died at the Home, and 9 while absent.

The water supply, the thorough system of sewerage, the tidy condition of the buildings and grounds, render the sanitary conditions of the Home as nearly perfect as possible.

The most cordial relations exist between the officials of the Home and hospital. No efforts are spared on the part of our efficient superintendent to supply necessary material and help for the proper care of the sick, who are always the subjects of his warm and kindly sympathies, and his efforts are cordially approved by the executive committee of the board.

Respectfully submitted.

W. G. BROWNSON, *Resident Physician.*

Gen. W. W. AVERELL, U. S. A.,
Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.

(Through Capt. James N. Coe, Superintendent.)

Total		408
Loss		43

During the last two years a rule of the board of trustees requiring an examination of the members by the Home surgeon with regard to their disability has led to the discharge of 30 members and 40 married members, who were not in need of medical treatment and who were, as men with families, entitled to the benefits of the soldiers' relief fund, which accounts for the loss in population, although during the year 117 new members have been admitted.

At muster 274 members answered to their names, which number is 1 less than the number stated in the morning report, and is accounted for by the absence of 1 member who was present when the report was made out and was present up to an hour before muster.

The members were well and uniformly dressed, and were neat and clean in appearance. It being a very warm day, the men were mustered in their quarters. The muster rolls were faultless, and facilitated the muster and shortened the time occupied in making it. The quarters are clean, well furnished, and in good order.

HOSPITAL.

The hospital, perched upon the promontory between the Mississippi and its tributary the Minnehaha, at their confluence, is now completely finished and well furnished. Its site commands the grandest views up and down the broad, rocky canyon of the Mississippi, second only to the gorge of Niagara in impressive grandeur.

PENSIONS.

Under section 28, chapter 148, general laws of 1887, amended in 1893, it is made lawful for the board of trustees to make it a condition for admission to the Minnesota Soldiers' Home that all soldiers admitted thereto shall pay over to the said board of trustees, if pensioners, all of their pension in excess of \$4 per month.

The law provides further that said board of trustees may use said excess in all cases where the soldier has no wife or children living depending on him for support toward defraying the expenses of maintaining the Home. But in cases where such soldier has a wife or child living depending upon him for support, etc., said board of trustees may, and it shall be their duty, to pay over such excess to the wife or child of such soldier, taking receipts, etc. But the said board of trustees, in their discretion, may grant to the wife or child of said soldier from the State soldiers' relief fund an amount at least equal to the sum so paid in by such soldier in lieu of the payment to such wife or child herein required.

Receipts from pensions of all members of the Home shall be transmitted quarterly by the commandant to the president of the board of trustees, who shall, after causing the secretary to make detailed registry thereof in his records, pay over such amount as the executive committee may direct to destitute wives, etc., and deposit the remainder in the State treasury to the credit of the Soldiers' Home supply fund.

In the quarterly statements to the Board of Managers of the National Home for Disabled Volunteer Soldiers from the Minnesota State Home only the net amount of pensions paid into the State treasury to the credit of the Home support fund is reported. For all sums paid out by the board of trustees to dependent wives and children of moneys derived from pensions duplicate receipts are on file with the State treasurer.

*ANNUAL REPORT OF THE MINNESOTA SOLDIERS' HOME FOR THE YEAR
ENDING JUNE 30, 1897.*

MINNESOTA SOLDIERS' HOME,
Minnehaha, Minn., July 23, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897:

The improvements authorized by the board of trustees have been completed. Artificial stone sidewalks have been laid, connecting all the buildings, and they add much to the attractiveness and comfort of the Home.

No new buildings are in contemplation, as the Home is now adequate for present requirements. The grounds will be ornamented by additions to the shrubbery and trees.

The discipline of the Home is the same.

Pension legislation remains unchanged.

Very respectfully,

THOS. McMILLAN, *Commandant.*

Gen. W. W. AVERELL, U. S. A.,
*Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.*

NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS. 327

MINNEHAHA, MINN., July 23, 1897.

GENERAL: I have the honor to submit the following report of the hospital of the Minnesota Soldiers' Home for the year ending June 30, 1897:

There has nothing occurred of unusual interest during the year. Our healthful environments, wholesome food, and other necessities of our Home go a great ways to keep the old veteran in the best possible condition, although old age and early contracted sickness will diminish the ranks without the aid of acute and contagious diseases.

The Home is about ten years old and has lost 179 of its members by death during that period.

Drunkenness at the Home is growing less every year. A better understanding exists between the officers and the members. Sobriety is the outcome of a peaceable family. We realize the fact that the time is coming when all will be quiet.

I remain, yours, respectfully,

D. R. GREENLEE, Surgeon.

Gen. W. W. AVERELL, U. S. A.,

Assistant Inspector-General,

National Home for Disabled Volunteer Soldiers.

(Through Thomas McMillan, Commandant.)

SANITARY REGULATIONS.

The sanitary condition of the Home continues satisfactory. Pure water from wells 100 feet deep furnish an ample supply for cooking and all other purposes.

The drainage is so perfect that there has been no contagious diseases. The general health is good, and ample accommodations are now afforded to all members of the Home. Frequent inspections are made of all quarters, kitchens, dining rooms, and hospital.

RELIGION.

Religious services, both Catholic and Protestant, have been held as usual during the year.

The services of the Regular Army chaplain from Fort Snelling have been given gratuitously on Sundays, and all other occasions when desired. The Home chaplain has been faithful and earnest in his work at the regular services, and also in attendance on the sick in the hospital. All religious services are well attended. The Christian workers from Minneapolis have not failed in their good work during the year.

Gain.....	67

The number reported sick on this date includes 17 permanently, and 1 temporarily excused, making 18 not in hospital and leaving 76 in hospital. At the muster, 282 members answered to their names, which is nine less than the number stated as present in the morning report. The explanation for this difference is that one member died after the morning report was made out and before muster and seven members

were out on passes and one absent without leave about three hours. This absentee and one of those out on pass returned after the muster, which reduced the difference to six. The superintendent claims that the absence of a member for even two or three days makes no difference in the cost of maintenance, and some passes have been given for a day or two days over twenty-four hours; but not enough, it appears on examination, to amount to the absence of one member over six months. Hereafter passes will be limited to twenty-four hours.

CONSTRUCTION.

The main building is now 400 feet long and has a dormitory capacity, including the hospital, of 232 beds, and of Sargent Hall, a new building, 197 beds, or a total of 429 beds. The main building is divided into spacious rooms, with two men in each, thereby reducing the capacity of the building to about 50 per cent of what it would be without the rooms, but the evident homelike comfort now enjoyed would be lost.

Happily, a new and substantial residence is under construction for the superintendent on the brow of the eminence east of the main building.

SURGEON.

Admirable forms of all records exhibit the condition of the hospital at all times. There is a blackboard record which shows wards, number of beds in each, number of patients, employees, vacant beds, admissions, discharges, deaths—requisition blanks for everything—sick-call report, simple and intelligible to anyone. The case book is most complete and interesting, showing the development of a disease through all its stages. A daily journal of diet is kept. A copper diet kettle, double case, boils water inside of one minute. There is a sterilizing box equipped for immediate use. There is a fine microscope for bacteriological work. The surgeon is making some important studies of urinalysis in various diseases. The Home is fortunate in having the services of Dr. Starbird, who is the first resident surgeon the Home has ever employed. He has created a model administration where no efficient one existed before. He has a record of which anyone might be proud. He is an alumnus of two medical colleges. In the civil war he was a colonel at 26, and brevetted a brigadier general for gallant conduct and wounds.

The dispensary is incomparably clean and bright. The pharmacist, a certified graduate, is competent, industrious, and devoted to his duties. The three trained nurses have been employed here about two years and their work seems a most comforting beneficence.

PENSIONS.

The pension rules of this Home are as follows:

If the applicant for admission to the Home is a United States pensioner, he shall file with his application a consent or agreement to transfer to the superintendent, immediately after receiving his quarterly pension, the money so paid, to be deposited with the treasurer of the Home subject to the disposition of the board of trustees, and that he will execute any power or vouchers for securing the same. This shall apply to all members of the Home.

Provided, That the trustees may, in their discretion, allow any portion of such pension for the support of the dependent family of the pensioner.

And further, That there be allowed to each pensioner the sum of \$2 per month for his own use; but in any case where an improper use is made of such money, leading to misconduct or an infraction of the rules of the Home, the payment of the amount to such pensioner may be suspended by vote of the committee on admissions.

The method of the operation of these rules is this: The pensioner, on receipt of his check, indorses and delivers it to the superintendent, the vouchers upon which the checks were made having been executed at the Home by the adjutant and sent to the various pension agents. When the indorsed checks are received from the pensioners by the superintendent, the amounts of the checks are severally entered in a book specially prepared showing, first, name of pensioner; second, amount of pension per quarter; third, amount paid to pensioner; fourth, amount paid dependent relatives (whose names and addresses also appear), and, fifth, amount retained by the Home. This apportionment is determined by a committee of the board of trustees after an examination of the pensioner in each case. The superintendent turns over the indorsed checks to the treasurer, who pays dependent relatives the various amounts apportioned to them and receives from them proper vouchers for such payments, and sends back to the superintendent the aggregate amount apportioned to the pensioners, which is paid to them on a receipted pay roll, leaving the balance in bank to the credit of the board of trustees.

This system has been in operation since June, 1891. If a pensioner be admitted before the 15th of any month, the pension is subject to the rule the same as if he had been admitted on the 1st of the month, but if he be admitted after the 15th he receives his entire pension for that month.

The recent death of the treasurer of the Home rendered it somewhat difficult and tedious to go through the pension accounts. The delay in the return of checks beyond the end of a quarter sometimes as long as a month entailed the necessity of a search for such checks and bringing them back into the account of the quarter to which they belonged. Again the accounts of payments to the pensioner and to his family and the balance retained by the Home were all kept together, and rendered a separation and computation of all the accounts necessary to the verification of the account in the quarterly returns. They were examined from June, 1892, to March 31, 1897. Copies of the account of pension money retained by the Home during the quarter ending June 30, 1896, and during the quarter ending March 31, 1897, are herewith submitted:

	Quarter ending—	
	June 30, 1896.	March 31, 1897.
Total receipts from pensioners.....	\$4,608.00	\$3,423.00
Paid to pensioners and families.....	2,549.00	2,021.00
Retained by the Home.....	2,059.00	1,402.00

**ANNUAL REPORT OF THE SOLDIERS' HOME IN MASSACHUSETTS FOR
THE YEAR ENDING JUNE 30, 1897.**

MASSACHUSETTS SOLDIERS' HOME,
Chelsea, Mass., June 30, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897:

The morning report of this date shows a membership of 322, against 241 for the corresponding date of last year. This is an increase in membership of 81 men. The smallest membership on any one day during the year was on July 1, 1896, 240 men. The largest membership on any one day during the year was in February, 1897, 398 men. This excessive increase in population over any previous year in the history of the Home may be accounted for in part by the continued depression in all branches of business, which affects the veterans, on account of age, more seriously than any

338 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

other class. The more potent reason, however, is the fact that the veterans are too far advanced in years to successfully compete with young men. This condition must lead us to the conclusion that the period has arrived when age must be considered a sufficient disability for the admission of all who are entitled to the benefits of the Home.

The permanent improvements for the year consist in a permanent residence for the superintendent, which is not yet completed; an addition to the house occupied by the adjutant, and the continuing of the work of grading in rear of Sargent Hall.

I send you herewith a communication from Capt. Charles W. Hastings, commissioner of State aid, which will inform you regarding the assistance the State gives to the veterans outside of the Soldiers' Home:

BOSTON, MASS., *November 24, 1896.*

DEAR SIR: Complying with your request for information regarding the methods and details of disbursing what is known as State and military aid, I furnish herewith the salient points and working of the laws relating thereto.

Under the supervision and direction of the mayor and aldermen of cities and the selectmen of towns, State aid may be paid to, or expended for, any worthy soldier, sailor, or marine who served on the quota of Massachusetts during the war of the rebellion, and who was honorably discharged from all appointments and enlistments during said service.

The law provides also for the wives of the soldiers, etc., described above (when the husband's pension and aid are insufficient to meet their necessities), providing they were married prior to the husband's final discharge from the service, and their widows, widowed mothers, and fathers.

The recipients of State aid must receive it from the city or town in which they actually reside, and application therefor must be made to the mayor and aldermen, or the selectmen, on blanks furnished by the State.

The authorities must investigate the habits, physical condition, resources, etc., of each applicant, and certify to the same with their signatures recommending such sum as may seem to be required, up to the limits allowed by the statute. All papers are forwarded to the commissioners of State aid for examination and decision, and they may also direct a new and independent examination by their own agents, as deemed necessary. All recipients of aid residing in cities are thus examined biennially, and full reports of their present physical and financial condition carefully noted. Those residing in towns are visited by sections of State in the same manner.

The limit of State aid to a pensioned soldier is three-fourths of the amount of his monthly pension, and not exceeding \$6 a month; and to a wife, widow, widowed mother, or father, not exceeding \$4 a month.

Another law provides for the payment of what is called military aid to soldiers only, eligible by service as before stated, who are nonpensioners, or whose pension and State aid combined prove insufficient for their relief. This aid can only be paid by the city or town in which the applicant has a legal settlement. The aid under this chapter is limited only by the necessities and requirements of the case, and may involve the full support and maintenance of a man absolutely without resources, requiring medical care, nursing, watchers, etc.

These cases are carefully supervised by the municipal authorities and the commissioners, and the expense is shared equally by the city or town and State.

Payments are made by each municipality, and receipts taken on the 1st of the month, and a return of the same under oath, made to the commissioners of State aid, who examine and approve such sums as appear to be made in accordance with the law. All sums due from the State are reimbursed to the municipalities in the year following that in which the payments are made.

The persons now on the roll and receiving aid are classified as follows:

Soldiers and sailors	8,000
Wives	680
Widows	5,200
Widowed mothers	480
Fathers	20
Total	14,380

TOTAL PAYMENTS OF STATE AID.

The total payments of the Commonwealth for State aid, military aid, burial of indigent soldiers and sailors, including appropriations made by the general court toward maintenance of Soldiers' Home in Massachusetts, from 1861 to the close of the year 1896, were \$24,389,353.46.

The estimated expense for State and military aid for the present year (1896) is \$625,000, exclusive of the burial of soldiers, which will probably amount to \$20,000.

There is still another law which provides for the relief and maintenance of soldiers who served to the credit of other States, but who have become citizens of Massachusetts by residence and the payment of taxes. This aid, which extends to the legal dependents of the soldier, i. e., the father, mother, wife, and children under 18 years of age, is paid wholly by the town, and was enacted to avoid making paupers of worthy but disabled and indigent soldiers and sailors.

This law directs that the money expended to this class of persons shall be kept separate from the pauper account, and is taken out of the hands of the overseers of the poor and placed in the hands of the mayor and aldermen or selectmen.

Taking all the laws together, they show a grand beneficence of the Commonwealth toward the veterans of the war and their dependents, a beneficence unparalleled by any nation or State on the face of the earth.

Very truly, yours,

CHAS. W. HASTINGS,
Commissioner.

Capt. GEORGE W. CREASEY,
Superintendent Soldiers' Home, Chelsea, Mass.

CHARGES.

I stated in my report of last year that we had no guardhouse in which to confine men for disobedience of the rules of the Home. There has not been an occasion during the past year when a guardhouse could have been used.

OFFENSES COMMITTED.

But one offense was committed.

SUBSISTENCE.

GENERAL DINING HALL BILL OF FARE.

Sunday.—Breakfast: Baked beans, brown bread, white bread, butter, pickles, coffee, tea. *Dinner:* Sausage, potatoes, turnips, greens, apple pie, bread, coffee, tea. *Supper:* Bread, butter, cake, sirup, tea.

Monday.—Breakfast: Cold corned beef, boiled potatoes, bread, butter, pickles, coffee, tea. *Dinner:* Tripe, potatoes, plum pudding, bread, crackers, coffee, tea. *Supper:* Bread, butter, biscuit, oatmeal, sirup, tea.

Tuesday.—Breakfast: Meat hash, bread, butter, pickles, coffee, tea. *Dinner:* Beef stew, boiled rice, bread, crackers, coffee, tea. *Supper:* Bread, butter, apple sauce, gingerbread, sirup, tea.

Wednesday.—Breakfast: Baked beans, brown bread, white bread, butter, pickles, coffee, tea. *Dinner:* Salt fish, potatoes, pickles, beets, onions, boiled rice, bread, coffee, tea. *Supper:* Milk toast, bread, butter, sirup, tea.

Thursday.—Breakfast: Fish hash, bread, corn bread, butter, pickles, coffee, tea. *Dinner:* Corned beef, potatoes, cabbage, turnips, carrots, bread, coffee, tea. *Supper:* Vegetable hash, bread, butter, sirup, tea.

Friday.—Breakfast: Fresh fish, potatoes, bread, butter, pickles, coffee, tea. *Dinner:* Fish chowder, plum duff, bread, crackers, coffee, tea. *Supper:* Stewed beans, bread, butter, ginger snaps, sirup, tea.

Saturday.—Breakfast: Meat hash, bread, butter, pickles, coffee, tea. *Dinner:* Beef stew, tapioca pudding, bread, crackers, coffee, tea. *Supper:* Bread, butter, prune sauce, gingerbread, sirup, tea.

Changes are made in the general dining-hall bill of fare according to season.

The hospital bill of fare is prescribed by the surgeon.

Average cost of subsistence per capita, \$17.0037, first quarter; \$12.8088, second quarter; \$12.8069, third quarter; \$12.2104, fourth quarter.

MASSACHUSETTS SOLDIERS' HOME,
Chelsea, Mass., July 1, 1897.

SIR: I have the honor to transmit herewith a report of the diseases treated in this hospital during the fiscal year ending June 30, 1897:

The close proximity of this Home to many of the towns and cities of the State, and the easy and varied means of transportation, causes many sick to be brought to us in the last stages of disease; indeed, where some have only a few days to live. The veterans are so abundantly cared for by the State, and by the Grand Army of the Republic and kindred associations, that many do not seek the benefits of the Home until their funds become exhausted or their condition demands the care which a hospital only can give. While we gladly receive and care for such, they cause a large increase of our death rate, out of proportion to our population.

The statistics for the current year show that 15.15 per cent of the deaths occurred in those who had been in the Home less than one week; 24.24 per cent less than one month; 42.42 per cent less than two months, and 75.73 per cent in cases that were admitted to the hospital on entering the Home. Of all admitted to the hospital during the year, over 52 per cent came into it on admission to the Home. Probably this condition of things does not obtain in any other home.

The general health of the Home has been good. We have had no contagious or infectious diseases, and only a small amount of acute sickness.

Nearly all the deaths have occurred from diseases of long standing.

In November, 1893, female nurses were introduced into this hospital, and all that was anticipated has been realized. The sick are under their care day and night, and their influence over the men has proved very beneficial. In the selection of nurses it has been our aim to procure those who are well born, well educated, and of large experience. Old, worn-out nurses, or those of limited education and experience, have no place in such a hospital. Our nurses have the confidence and respect of the men, and as a result of their presence and ministrations an air of cheerfulness and contentment seems to pervade the hospital.

The value of the microscope in the diagnosis of renal diseases and their differentiation can not be better appreciated than in Homes where there are a large number of veterans. It removes many doubts, clears away many clouds, and renders treatment more decided and effective. By it the surgeon can trace the progress of disease through the renal tract and foretell its termination with great accuracy. It gives him positive information on which he can rely, and thus does away with a halting, often erroneous diagnosis.

Herewith are three abstracts, marked, respectively, Exhibits I, II, and III, illustrating the value of the microscope in the diagnosis of disease, the data for which is taken from our records for the current year.

Very respectfully, your obedient servant,

I. W. STARBIRD, *Surgeon.*

Gen. W. W. AVERELL, U. S. A.,

EXHIBIT III.

The following case is a good illustration of the extension of disease along the renal tract.

H. D. L.; age, 64 years; admitted to the Home and hospital May 22, 1896.

The first of the month he had had a mild shock, resulting in slight hemiplegia of the left side. He had suffered from frequent micturition for about eight years. At examination on admission the urine showed the following characteristics: Color, pale; reaction, alkaline; sp. gr., 1.020; albumen, a trace; bile, absent; sediment, considerable in amount and ropy; numerous urate of ammonium and triple phosphate crystals; moderate excess of squamous epithelium; some pus; an occasional normal and abnormal blood corpuscle. Amount in 24^h, 67 ounces.

From May 22 to September 19, 1896, he was in the convalescent ward. During this time he suffered from frequent urination, without much pain, till he was transferred to the sick ward at the latter date. The course of the disease was progressive until his death, November 20, 1896.

Date.	Color.	Amount, 24 ^h .	Sp. gr.	Reac- tion.	Albumen.	Sedi- ment.	Solids.			Microscopic examination.
							Cl.	P.	≠	
Oct. 1	Slightly pale.	Ounces. 72	1.018	Alk...	Sl. trace.	Much.	N.	—	—	Triple phosphate crystals; normal blood pus, squa- mous cells, and a large amount of mucus.
Oct. 6	Pale....	60	1.014do.	$\frac{1}{10}$ p. ct.do.	N.	—	—	In addition to above some abnormal blood, pus in clumps, caudate cells, small round cells.
Oct. 20do...	58	1.012do.	$\frac{1}{8}$ p. ct.do.	—	—	—	In addition to above a very few hyaline casts of small diameter.
Oct. 28do...	50do.	$\frac{1}{4}$ p. ct.do.	—	—	—	No change.
Nov. 2do...	46do.do.do.	—	—	—	In addition to above a large amount of amor- phous phosphates.
Nov. 5do...	57do.do.do.	—	—	—	Sediment showed more pus in clumps and more cau- date cells than hereto- fore.

 Total amount paid to pensioners and dependent relatives 9,866
 Total amount retained by the Home 7,733

SANITARY REGULATIONS.

The sanitary condition of the Home is in a most excellent condition. The sewerage in the hospital department is new and of the most approved system; ventilation is very complete and easily had in all the buildings, as we are located on the top of a hill overlooking the ocean and about 300 feet above its level.

A thorough inspection is made of the Home every Sunday morning by the superintendent and adjutant, accompanied by the surgeon.

RELIGION AND SOCIETIES.

Religious services are held at the Home every Sunday, excepting during the summer months of July and August. They are provided for by the visiting committee from the Ladies' Aid Association, connected with the Home. The remains of all deceased members of the Home not removed by their family or friends are buried in the Home lot at Forest Dale Cemetery, Malden, where each grave is marked by a headstone furnished by the United States. The State law relating to the burial of deceased veterans of the war, and allowing under certain conditions the sum of \$35 for funeral expenses, enabled the remains of very many deceased members to be taken from the Home and buried by their family or friends.

The following is the act as amended by the Massachusetts legislature of 1896, which also includes an allowance for the burial of the wives and widows of veterans:

AN ACT relative to the burial of deceased indigent soldiers, sailors, or marines who served in the Army or Navy of the United States during the war of the rebellion, and to the burial of their wives and widows.

Be it enacted, etc., as follows:

SECTION 1. It shall be the duty of the mayor of each city and of the selectmen of each town of the Commonwealth to designate some suitable person or persons as a burial agent, who shall serve without compensation, and shall be other than the overseer of the poor or those employed by them, whose duty it shall be, under regulations established by the commissioners of State aid, to cause to be properly interred the body of any honorably discharged soldier, sailor, or marine who served in the Army or Navy of the United States during the war of the rebellion, between the years 1861 and 1865, and the wives and widows of the same in case such soldier, sailor, or marine, or such wives or widows die without leaving sufficient means to defray funeral expenses: *Provided, however,* That no wife or widow of any soldier, sailor, or marine above described shall be eligible to receive the benefits of this act unless she was married to him prior to his final discharge from the service aforesaid. Where an interment has taken place without the knowledge of the burial agent, application may be made to him within one week from the date of death, and if, upon investigation, he shall find that the deceased was eligible under the law and the rules of the commissioners of State aid to receive the benefits of this act, he may make return of the same in the manner prescribed for other cases.

SEC. 2. The expense of such burial shall not exceed the sum of thirty-five dollars (\$35.00). Such burial shall not be made in any cemetery or burial ground used exclusively for the burial of the pauper dead, or in that portion of any burial ground so used. In case relatives of the deceased who are unable to bear the expense of burial desire to conduct the funeral, they may be allowed to do so, and the expense shall be paid as herein provided. When any sum shall have been expended under and according to this act, the full amount so expended, the name of the deceased soldier, the name of the regiment, company, or vessel in which he served, the date of death, place of interment, and in case of a wife or widow the name of the husband and date of marriage, with such other details as the commissioners of State aid may require, shall be certified under oath to said commissioners, in such manner as may be approved by them, by the burial agent and treasurer of the city or town expending the same, within ninety days after the burial; and said commissioners shall examine the certificates thus returned and allow and endorse upon the same such sums as in their judgment have been paid and reported according to the act and transmit the same to the auditor. The sums legally paid aforesaid and so allowed and endorsed by said commissioners, but with no expense for the disbursement of the same, shall be reimbursed from the treasury of the Commonwealth to the several cities and towns which have expended the same, on or before the first day of December in the year next after the year in which the expenditures have been made.

SEC. 3. Chapter three hundred and ninety-five (395) of the acts of the year 1892 and chapter sixty-two (62) of the acts of the year 1894 are hereby repealed.

Approved, April 14, 1896.

The most active interest is expressed in the Home by frequent visits from posts of the Grand Army of the Republic, Woman's Relief Corps, and Sons and Daughters of

350 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

Veterans. They come in large numbers, bringing with them their lunch baskets with a variety of delicacies for the sick in hospital, and also talent for a first-class entertainment for the men.

The Home has been officially visited during the past year by the military committee from the State legislature, who annually inspect the Home before making the yearly appropriation; also by the commander and the department officers of the Grand Army of the Republic.

Absent and noted on muster roll.....	37
Total	262

The difference between the number stated absent in the morning report and the number noted on the muster roll was accounted for by the return of members who were absent when the morning report was made in time for the muster. On the morning report there were 129 women present and 12 absent.

There is the most striking contrast between the appearance of this Home to-day and the cheerless aspect it presented on my first visit in December, nine years ago: Snow and ice then covered the landscape,

and a large proportion of the population of 50 men, 16 wives, and 7 widows were shivering around the firesides of a fisherman's tavern near the shore of the lake. They suggested the idea of a party of rescued survivors from a shipwreck. The cheerful and encouraging manner displayed by Captain Caldwell, the commandant, and his wife in this stress of discomfort was sustained by remarkable courage and fortitude.

The Home has become a beautiful sylvan village of over forty pretty cottages, three large buildings, whose exteriors present many architectural graces, and interiors of spacious and well-furnished apartments for old married people, with dining room and kitchen in each, an "old men's building," fine hospital, general dining hall, chapel, amusement hall, and library. Water tower and hydrants, with hose for fire apparatus, and electric lights, productive farm and garden, and about everything that a comfortable home requires. During this steady growth the duties of the commandant have multiplied. With the farm and garden, stables, horses, and stock, and all outdoor and indoor work to look after, with little or no efficient assistance in his office, his faithful service during the eight years I have observed it seemed commendable. Mrs. Caldwell's excellent and untiring supervision of the women, married and widow, has been wonderfully successful. In all that related to the beneficence bestowed upon the women, the commandant's wife was their commandant, adjutant, quartermaster, and commissary, making out daily returns and reports, and all the other offices that a hundred and forty old children would require of a mother. Her successful and admirable administration has justified me in suggesting to the officers of the Woman's Relief Corps of other States who were intrusted in providing the best home for disabled soldiers with wives to visit this Home as a model for them to follow.

During my inspection of the old people's buildings there were frequent manifestations of pleasure by the old women at the sight of their own superintendent. They would gently kiss her hands and bless her.

On the first day of my last inspection, October 25, 1897, there was a meeting of the board of trustees, at which the department commander of the Grand Army of the Republic presided *ex officio*. One of their acts was to relieve the Captain and Mrs. Caldwell from their offices and service at the Home. From two members of the board it was learned that there were no charges made against them. And it was also learned that the appointment of his successor, which had taken place immediately the vacancy had been created, had been arranged at a conference of some members of the Grand Army of the Republic some time before. Immediately there was consternation and grief in the Home, and some of the old people were seen weeping, and several cried out, "Our best friends are going away."

A needed and worthy addition has been made to the hospital. The plan is admirable and the materials most excellent. It contains twenty-one single rooms of seclusion, three double rooms, and an operating room. There is a radiator of steam heat in every room and four in the main hall. The temperature sometimes ranges here from zero to 20° and 30° below for many days in the winter season. Provision has been made for maintaining a comfortable temperature during these seasons of extreme cold by establishing a heating plant with radiators of double capacity required at the freezing point. Large open fireplaces have been built at the end of each ward, and special attention is being given to ventilation in the new addition now in progress by a system of ventilation in which every room is provided with connections leading to large pipes that lead to ventilators placed in the roof. The surgeon of

this Home is an energetic, zealous gentleman, who until recently did all his own work alone, including that in the dispensary. The dining room and kitchen have been increased in capacity about 33 per cent.

Another "old people's building" will be completed by November 1, which will have fifty-five rooms for that number of members and their wives.

ANNUAL REPORT OF THE WISCONSIN VETERANS' HOME FOR THE YEAR
ENDING JUNE 30, 1897.

WISCONSIN VETERANS' HOME,
Waupaca, Wis., July 29, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897:

The continued business depression and the increasing decrepitude of age have made a large increase in our population, which the dormitory building mentioned in our last report made it possible for our Home to accommodate. And, again, our generous State, which has never refused anything the Home has asked for, has appropriated \$20,000 for new buildings, which will be available next winter, and will be needed as soon as finished.

A large number of applications for admission are already on file, and needy applicants are waiting for the new buildings to be erected this season. So increasing need keeps pace with increased capacity.

It seems worthy of note that the death rate continues remarkably low and that we have only lost fifteen by death the past year, and that their average age at death was almost 68 years.

Yours, respectfully,

COLUMBUS CALDWELL, *Commandant.*

Gen. W. W. AVERELL, U. S. A.,
*Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.*

Collected as extracts from pensions: Quarter, March 31, 1897, \$350.67; Quarter, June 30, 1897, \$344.34 = \$695.01.

From cash sales of clothing, \$743.23; tobacco, \$49.44.

SANITARY REGULATIONS.

Scrupulous personal cleanliness is insisted upon in all the departments of the Home. Water and air are unexcelled.

There are no malarial districts in the vicinity.

Our greatest menace is defective sewerage, our sewer system discharging a large proportion of the sewage into an open pond on the Home grounds and in the immediate vicinity of our large dormitory buildings.

It is expected that our board of trustees will give this vexatious question considerable earnest attention this year, and it is hoped will devise some means of improvement.

RELIGION AND SOCIETIES.

Religious services are held at frequent and regular periods by both the official chaplains of the Home—one Methodist Episcopal and the other Roman Catholic—and also by several other sects not officially recognized by staff appointment.

Services are held in the Woman's Relief Corps chapel.

There are several flourishing societies comfortably quartered in the new amusement hall, the principal of which are:

F. A. Marden Post, No. 126, Grand Army of the Republic, with a membership of 80.
 Wisconsin Veterans' Home Lodge, No. 473, I. O. G. T., whose enrollment is about 75.
 Wisconsin Veterans' Home Temple of Honor, No. 5, has 19 or 20 members.

Laundry—Wash list.

There is no record kept at this Home of the work done in the laundry.

Post-office.

Cash paid for money orders and postal notes drawn on this office.....	\$72.55

TRANSPORTATION.

There is no transportation issued at this Home, either for cash or free.

PERMANENT IMPROVEMENTS.

There has been no important operations in the line of permanent improvement since last report, but an appropriation of \$20,000 was made by our legislature at last session, which is available this season.

360 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

Total		274
July 15, 1896:		
Present (sick, 9)	142	
Absent	6	
Total		148
Gain.....		126

At the muster 222 members answered to their names and 52 were noted as absent on the muster roll. This agrees exactly with the morning report. The muster roll was neatly made out on the standard form and typewritten. The members were all in uniform clothing of good quality and clean. They paid strict attention to the muster, and behaved in a soldierly manner.

There were 100 wives and 31 widows in the Home. Their apartments were comfortably furnished, and had a home-like appearance. Most of them were busy with some light work, mending clothing, making patch quilts, or knitting. All were cheerful, chatty, and contented. It is an entertainment to visit the cottages of these happy old people. It is interesting to see the charming results of their rivalry in the cultivation of rare flowers on and around their porches. Some of them have brought along cherished relics of long-past years to decorate their mantels or walls.

CONSTRUCTION.

While the State of Indiana has been generous in its appropriations and met the requirements of the Board of Trustees, composed of prom-

inent, able, and efficient gentlemen, in whom the legislature places implicit trust, it has been relieved of a considerable proportion of the cost of construction by the counties, by the Grand Army of the Republic, and by the Woman's Relief Corps of the Grand Army of the Republic. About thirty cottages were building or built. The county cottages cost from \$2,000 to \$3,000, and will contain from four to six families on the first floor and twelve to fifteen men on the second floor.

ASSEMBLY HALL.

This building is of brick, with stone trimmings and stone basement, 78 by 54.5 feet. The main floor and gallery have 650 seats. It is intended for religious services and entertainments of lectures, concerts, and dramatic performances. Its exterior and interior seem perfectly harmonious in their proportions. It is the finest building for its purposes and of its capacity in any Soldiers' Home. It has two towers on its front, with sweeping roof between, forming cover for balcony with colonnade. The general exterior design is said to be of Spanish origin.

DINING HALL.

The dining hall has had an extension of 53 by 56 feet wide. Large waiting rooms open on the entrance hallways. There are eight sleeping apartments on the second floor, with balconies. The building is of brick and stone trimmed, with slate roof. Steam heating is used.

OLD MEN'S BUILDING.

This building, so full of comforts as to make the old men independent of all other functions of the Home, is built of brick, with stone trimmings, and the area it covers is 121 by 100 feet, with porch along nearly the entire front and rear. The balcony for the second floor is in use. There are four large wards on the first floor, reading room, barber shop, smoking room, large toilet room, and baths on all floors. The kitchen is in the extreme rear—pantry, ice storage, serving room, etc., altogether—an equipment for an old man's hotel. A large and easy double stairway leads to the second floor, where there are two large wards and eleven private bedrooms, parlor, smoking room, toilet and bath rooms. The lavatory is a large airy room. The third floor over main building has five large bedrooms and baggage room. Each room has separate toilet room and lavatory. The entire building will be covered with slate and heated by steam. It will accommodate 120 old members.

HOSPITAL.

The hospital enjoys an exceptionally favorable site near the edge of the plateau which overlooks the broad valley of the Wabash. Its equipment, administration, and records are satisfactory. The conditions of cleanliness, ventilation, and temperature were commendable. The Home has made surprising progress in construction and in the clearing out of the too luxuriant forest, and making roads and walks. It will become a unique and beautiful home.

ANNUAL REPORT OF THE INDIANA SOLDIERS' HOME, FOR THE YEAR
ENDING JUNE 30, 1897.

INDIANA SOLDIERS' HOME, *Lafayette, Ind., August 2, 1897.*

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897:

On the 4th day of July, 1896, this Home was formally dedicated, there being present on this occasion Hon. Claude Mathews, governor; Hon. William D. Owens, secretary of state; Gen. Lew Wallace; I. N. Walker, commander-in-chief (Grand Army of the Republic); H. M. Caylor, department commander Grand Army of the Republic; the board of trustees, representative ladies of the Woman's Relief Corps and Grand Army of the Republic. Besides these, many people prominent in the affairs of the State, and a large concourse of citizens from various portions of the State.

Added appropriation in the sum of \$42,000 for construction and improvement, \$2 a month per capita for maintenance, and increase in the pay of the commandant to \$1,200 and adjutant to \$900 has been provided by legislative enactment. This body likewise provided, as shown by the following extract, that certain portion of pensions received by members should be turned into the treasury of the Home.

[Section 10, Chapter C, Provision as to Pensions—Extract.]

"That in making regulations governing the admissions, maintenance, and discharge of the members of said Soldiers' Home, it should be lawful for said board of trustees to make it a condition for the admission to said Home that all soldiers or soldiers' widows admitted thereto receiving a pension from the United States exceeding eight dollars (\$8.00) per month shall pay over such excess to the board of trustees, and said board of trustees may use said excess in all cases where the soldier has no wife or child, and in the case where the widow has no child living, depending on him or her for support, toward defraying the expenses of maintaining said institution; but in all cases where such soldier has a wife or child, or such soldier's widow has a child living, depending upon him or her for support, or in circumstances of dependence and want, said board of trustees shall pay over such excess to such wife or child of such soldier or soldier's widow, and take duplicate receipts therefor, delivering one of said receipts to said soldier or soldier's widow, and one receipt shall be filed with the treasurer of said board of trustees."

POPULATION.

In addition to members present and absent, as shown by report, there are now on the "morning report for women" 19 widows and deserted wives and 102 wives living with their husbands, making a total of 121, an increase from last report of 62.

The large number of men reported to you as discharged summarily and dishonorably is accounted for in the fact that many of these men had been in like manner discharged from Central and Marion Branches, National Home for Disabled Volunteer Soldiers, prior to or soon after the opening of this Home, and their conduct was not known to us.

IMPROVEMENTS.

Poultry house and incubator provided out of maintenance funds; approximately 600 chickens hatched this season.

Sodding of grounds and production of plants and flowers has been accomplished with slight expense to the Home, members performing most of the labor in connection therewith.

Extra duty, as penalty for offenses committed, is accomplishing much in the removal of stumps and brush and general cleaning up of the grounds. All members employed not regularly on pay roll, as shown by adjutant's report, are paid 50 cents per day.

FIRE PROTECTION.

Eight improved Babcock fire extinguishers have been placed in different parts of the Home, and fire department provided with additional hose.

Cemetery ground has been laid out and 12 interments of men and women have been made. Material is now on the grounds for the construction of morgue.

Sixteen cottages have built cottages, while 3 others are now in process of building.

Cold storage at dining room has been provided.

Lafayette Street Railway Company have completed and are now operating a line to the Home, running each way from 12 to 14 cars daily, proving a great convenience to the Home as well as the public.

Respectfully, yours,

J. P. MEGREW, *Commandant.*

Gen. W. W. AVERELL, U. S. A.,
*Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.*

Four offenses	1	4
Total		93

Temporary guardroom has been provided in the basement of Old People's Home. Offenses are of the usual kind—insubordination, intoxication, absence without leave, bringing in liquor, and offensive language, constituting the principal offenses. One offense committed was that of a deadly assault upon the commandant and adjutant, tant, for which the assailant was committed to jail without bond, to await the action of the grand jury, having been discharged from the Home.

SUBSISTENCE.

GENERAL DINING-HALL BILL OF FARE.

Sunday.—Breakfast: Fried ham, boiled eggs, oatmeal, boiled potatoes, bread, butter, coffee. **Dinner:** Roast pork with apple sauce, boiled potatoes, stewed tomatoes, blackberry pie, bread, butter, coffee. **Supper:** Corn-meal mush and milk, stewed peaches, boiled potatoes, bread, butter, tea.

Monday.—Breakfast: Boiled wheat, boiled potatoes, stewed beef with tomatoes, bread, butter, coffee. **Dinner:** Boiled pickled pork, stewed corn, mashed potatoes, cucumber pickles, bread, butter, coffee. **Supper:** Macaroni and cheese, boiled potatoes, stewed prunes, corn bread, bread, butter, tea.

Tuesday.—Breakfast: Fried bacon, oatmeal, boiled potatoes, bread, butter, corn bread, coffee. **Dinner:** Boiled corned beef, pease, cornstarch pudding, boiled potatoes, bread, butter, coffee. **Supper:** Boiled rice, boiled potatoes, stewed apricots, drop cakes, bread, butter, tea.

Wednesday.—Breakfast: Fried bacon, boiled potatoes, oatmeal, bread, butter, coffee. **Dinner:** Boiled ham, baked pork and beans, boiled potatoes, bread, butter, coffee, apples. **Supper:** Blackberries, beef soup, potato salad, rusks, bread and butter, tea.

Thursday.—Breakfast: Fried bacon, boiled potatoes, wheat flakes, rusks, bread and butter, coffee. **Dinner:** Boiled beef and brown gravy, mashed potatoes, boiled cabbage, bread and butter, pudding, coffee. **Supper:** Boiled roll corn, potatoes, stewed prunes, pickles, bread, butter, coffee, cake, tea.

Friday.—Breakfast: Oat meal, boiled eggs, boiled potatoes, apple cake, bread, butter, coffee. **Dinner:** Baked whitefish, chili sauce, boiled potatoes, new string beans, bread, butter, coffee. **Supper:** Apple sauce, potatoes, beef stew, cold slaw, cake, bread, butter, tea.

Saturday.—Breakfast: Fried bacon, oatmeal, potatoes, bread and butter, coffee. **Dinner:** Boiled corned beef and cabbage, potatoes, stewed tomatoes, bread, butter, coffee. **Supper:** Macaroni and cheese, potatoes, berries, biscuits, bread and butter, tea.

Changes are made in the general dining-hall bill of fare when ordered by commandant.

The hospital bill of fare is prescribed by the surgeon.

Average cost of subsistence per capita, \$15.09½, first quarter; \$15.63½, second quarter; \$13.42½, third quarter; \$15.05½, fourth quarter. Average cost of ration per diem. 17.06 cents.

SANITARY REGULATIONS.

Sanitary condition of the Home is all that could be desired, I think. New sewer plant of the most improved kind will soon be constructed.

Good bathrooms, hot and cold water, are provided, and all members are required to observe cleanliness of person. Living rooms are cleaned each day, hall and stairway matings are removed twice each week and thoroughly cleaned and floors mopped.

RELIGION AND SOCIETIES.

So far religious service has been confined to such as could be accommodated in cottages of members. No societies have yet taken lodgment in the Home, for the reason that no place has been provided. Assembly hall is now being built, the first floor to be devoted to amusements; upper floor, with a seating capacity of 700, to be used for religious and other assemblies.

Laundry—Wash list.

Aprons	1,100	Socks, pairs	10,095
Blankets, gray and other colors	64	Tablecloths	240
Counterpanes, cotton	150	Towels, hand	1,630
Drawers, canton flannel, pairs	10,483	Towels, roller	8,500
Undershirts	10,483	Jackets, dining room	800
Overalls, pairs	80	Aprons, dining room	1,100
Pillowcases, cotton	17,940	Tea towels, dining room	2,400
Sheets, cotton	14,870		
Shirts, cotton	10,348	Total	90,347
Shirts, knit wool	64		

In addition to the above, an aggregate of 13,381 pieces of all kinds for women, making a total of 103,728.

Post-office.

Number of letters and postal cards mailed	18,000
Number of letters and postal cards received	15,600
Number of newspapers and packages mailed	5,200
Number of newspapers and packages received	7,025
Number of registered letters and packages received and delivered, approximately	100

TRANSPORTATION.

The Home provides transportation only in cases of emergency. Half fare is allowed by certain lines to all who are connected with the Home.

370 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

Permanent improvements, and in process of construction.

Object.	Value.	Object.	Value.
1 old men's building	\$15,000	Additional pump	\$1,200
1 assembly hall	8,000	Additional fire protection	1,000
1 addition to dining hall and Widows' Home	10,000	Gravel for streets and walks	2,000
New sewer system	4,000	Total	42,400
Additional dynamo	1,200		

Contracts call for the completion of all this work by the 1st of October, 1897.

Manufactures.

Hospital aprons	60	Roller towels	250
Dining-room aprons	75	Tablecloths	9
Cotton pillowcases	150	Napkins	48
Cotton sheets	100	Jackets for waiters	24
Hand towels	250		

The above done by detail of women.

PRODUCTS OF FARM.

There is no land under cultivation, and no production of stock or poultry as yet, but making a start in poultry by incubation.

Average cost of maintenance, per capita per annum, \$214.72.

Deducting the ratio of expense for maintenance of 89 women members, per capita per annum for men, \$148.57.

NEBRASKA.

(GRAND ISLAND.)

OFFICERS.

JOHN W. WILSON, Commandant.
Dr. S. SADLER, Surgeon.
HANNAH ZIMMER, Matron.

POPULATION.

July 9, 1897:		
Present (sick, 26)	164
Absent.....		53
Total		217
July 9, 1896:		
Present (sick, 29)	171
Absent.....		39
Total		210
Gain.....		7

At the muster 164 members answered to their names and, including 1 member absent in an insane asylum, there were 53 noted absent on the muster roll. The muster rolls were neatly and accurately made and agreed with the morning report.

There are 21 wives and 7 widows present and 7 wives and 2 widows absent.

The cost of maintenance of the member absent in an insane asylum is not taken from the appropriation for the maintenance of the Home.

The members were comfortably dressed and presented a cleanly appearance, but owing to high temperature prevailing their blouses

were not buttoned and there was a lack of uniformity in vests where worn. Good straw hats, costing from \$3 to \$4 per dozen, would lend more comfort than the felt hats now worn and improve the appearance of the members.

HOSPITAL.

The hospital has improved in all respects—cleanliness and dispensary and general administration. There has been considerable attention given to the cultivation of flowers and shrubbery along the front of the hospital. Such culture is appreciated much more highly in a prairie country than where shrubbery and flowers are indigenous.

DORMITORIES.

The dormitories for the single men are yet in the main building, and a majority of the members sleep in the second and third stories above a high basement. The stairways are rather steep and quite high. It is a serious strain for the old men to go up or come down. A want, amounting almost to a necessity, is one or two elevators of good size.

CONSTRUCTION.

A very pleasing and useful feature has been added to the grounds of the Home in the creation of a lake in the vicinity of the hospital. Seizing upon a favorable depression in the prairie, a little excavation revealed a hard-pan stratum beneath, which would hold water. A lake or pond of over 40,000 barrels capacity was the result, the water for which is furnished by a windmill actuating a pump with a capacity of 300 barrels an hour. It has a depth in its center of about 7 feet. The water is clear and is used for all purposes. It is pumped from a depth of 35 feet. Besides being a refreshing and unique embellishment of the grounds it furnishes all the ice needed by the Home. Some 300 tons were harvested last winter. The work of its construction was done with home labor and teams. Its cost, including the engine and pump, is said not to have exceeded \$250. The pump, with the implements for cutting ice, were purchased by the commandant, upon a fortuitous opportunity, at about half the cash price. The first crop of ice has about paid all cost.

Another notable construction for the Home is a conservatory, 16 by 30 feet, a building of hollow brick walls and is nearly ready for the glass.

ANNUAL REPORT OF THE NEBRASKA (GRAND ISLAND) SOLDIERS AND SAILORS' HOME FOR THE YEAR ENDING JUNE 30, 1897.

NEBRASKA SOLDIERS AND SAILORS' HOME,
Grand Island, Nebr., August 28, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897:

In doing so I desire to say that this Home is in a prosperous condition in every way, and the discipline was never better than it has been this past year and is at the present time.

JOHN W. WILSON, *Commandant.*

Gen. W. W. AVERELL, U. S. A.,
Assistant Inspector-General
National Home for Disabled Volunteer Soldiers.

16.00	2	2	2
17.00	4	4	1	4

Total amount of pensions during year \$22,104
Total amount paid to pensioners present 22,104

Each pensioner draws his own pension and uses it as he wishes. The Home has no control of it.

SANITARY REGULATIONS.

All members are required to bathe at least once a week. Bathrooms are supplied with an abundance of both hot and cold water, and bath towels are furnished to all members if required. Clothing is changed once each week, and oftener if found necessary. All clothing is washed in the large steam laundry of the Home, rooms swept and dusted daily, and all rooms, stairways and halls, smoking room, and reading room scrubbed twice a week.

All beds and bedding are aired every morning, and all sheets and pillow slips changed every week.

The buildings are all connected with a large sanitary sewer that empties into a brook one-fourth of a mile from the Home.

RELIGION AND SOCIETIES.

The Home has a nice chapel, with a seating capacity of about one hundred and fifty persons. Services are held in the chapel every Sabbath by the different pastors of the churches in Grand Island. The chapel is always well filled by the old comrades.

Religious services are always held at chapel, and Grand Army of the Republic ritual services (by the officers of the Home) at the grave of all members who are buried in the Home cemetery.

All members belonging to different organizations or secret societies meet with the different lodges in the city of Grand Island, as we have no organization at the Home.

Laundry—Wash list.

Aprons	1,600	Socks, pairs	6,200
Blankets, gray	260	Sheets, cotton	10,000

Shirts, cotton	7,800		

POST-OFFICE.

There is no post-office at this Home.

TRANSPORTATION.

There is no transportation issued at this Home, either for cash or free.

PERMANENT IMPROVEMENTS.

There was no appropriation for permanent improvements made by the legislature of 1897. There was, however, \$2,000 appropriated for painting and repairs, which is being expended under the direction of the commandant to the very best advantage possible.

With the small cash fund of the Home a small lake has been constructed, which adds much to the beauty of the Home grounds, and from which an abundance of pure ice was cut and stored for Home use. Two hundred and fifty dollars was appropriated for transplanting trees, which will be judiciously used in the spring of 1898.

Total	144
Gain	27

The muster of the members present verified the accuracy of the morning report. No members absent on pass over twenty-four hours have been borne on the morning report as present.

The general aspect of this Home, with its verdant lawns embellished with flowers and shrubbery, lends a refreshing stimulation to the lives of the old soldiers. It can be easily seen in the healthful expression of their faces that the balmy sea air they breathe and the untiring attractions of the entertaining landscape which surrounds their Home has

enlivened and diverted them from mental inertia. It is gratifying to notice that the gentlemen who manifest the liveliest interest in this Soldier's Home are among the highest official and most prominent citizens of the State. The governor has shown his active and sympathetic interest by attending the inspection of the Home.

HOSPITAL.

There were twenty-six patients in the hospital, and the cleanliness of every part, and the enjoyment of abundant light and air, and the facilities for the preparation of diets were quite satisfactory.

PENSIONS.

Pensioners make out their vouchers at the Home and deliver them to the secretary, who records them in his office at Providence and sends them to the several pension agents, who return the checks to the several individual pensioners, who turn the checks over to the commandant after indorsement. Then the commandant pays to each pensioner the sum which has been apportioned to him by the Board of Managers, which apportionment is generally \$4 per month, but may be modified by circumstances, such as indifference or neglect of the pensioner to supply the needs of his family or his tendency to waste his money in dissipation. If the pensioner request that some or all of his apportionment be sent to his dependent relatives and the board finds after investigation that they need it, then the pensioner's request is complied with.

The State Board of Soldiers' Relief, in addition to the duties as trustees and managers of the State Home, have custody of the records of all who are or have been dependents of any honorably discharged soldier who is disabled or diseased. It is the duty of the board to inquire into the needs of such persons and relieve them. The total of the sums paid for such relief in 1896 was \$11,779.40, the appropriation having been \$12,000. The greatest and best effect of this manner of relief is to keep old married people together as long as possible in their own homes during their declining years. Another effect is the relief of the Soldiers' Home from overcrowding. It was expected that the appropriation for 1897 would be \$13,000. The offices of this relief are in Providence, and the business was conducted by Col. Philip S. Chase and Capt. Gideon Spencer, and these officers feel a justifiable pride and satisfaction in exhibiting their comprehensive records, which contain the name, State, the condition, of every dependent in the State. Their methods are admirable.

As inquiries are frequently made as to the methods of bestowing this relief by the States wherein it has been adopted, the rule controlling the agents and the classification of the beneficiaries are reported:

Applications for assistance from the soldiers' relief fund shall be made to the secretary of the board upon the blank forms in use, and that officer shall refer all such applications to an agent to be employed by the board, whose duty shall be to personally investigate as to the needy and destitute condition and worthiness of the applicants, and, if found to be entitled to relief under the laws of the State, shall assist them by orders upon respectable dealers in groceries and provisions in such amounts as he may deem necessary, within the limits of the regulations now in force governing the distribution of the Soldiers' Relief Fund. The said agent shall also visit the beneficiaries at least once in six months, and keep informed as to the necessity for continuing the relief. He shall agree with dealers furnishing supplies upon his orders that they will render itemized bills monthly to the secretary of the board upon the forms prepared by the secretary, which, if found correct, will be paid by checks by that officer.

382 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

For the purpose of securing an equitable distribution of the soldiers' relief fund, the following classification of applicants and maximum sums to be allowed are established:

FIRST CLASS.

The applicant must have served as a soldier or sailor in the Army or Navy of the United States at least ninety days between April 19, 1861, and July 1, 1865, and have been honorably discharged, or, if having served less than ninety days, discharged for wounds or injuries received in the line of duty. He must have been a resident of this State, April 23, 1889, or have served in said United States Army in a Rhode Island organization; or if in the Navy, have been credited to the quota of this State. He must be poor and indigent, and by reason of sickness or other disability, not the result of his own vicious or intemperate habits, stand in need of assistance. He must have a home in this State, and a wife or children dependent upon him for support, or, if unmarried or without dependents, must show that he can not obtain admission to a Soldiers' Home. He must show that he was not a member of a Soldiers' Home April 23, 1889, and has not been since that date, and that he is not in receipt of a United States pension of \$10 or more per month. He must make application upon a form provided by the State board of soldiers' relief, and comply with all its requirements.

SECOND CLASS.

An applicant of this class shall prove that she is the widow of a soldier or sailor who, if living, would have the qualifications of service of an applicant of the first class. She must have been married to the soldier prior to January 1, 1885. She must reside in this State, be poor and indigent, unable to support herself, and not in receipt of a United States pension. The application must be made upon the form provided by the State board of soldiers' relief, and comply with all its requirements.

THIRD CLASS.

This class embraces dependent father or mother of a deceased soldier or sailor who, if living, would have the qualifications of service of an applicant of the first class. The applicant must have the qualifications of residence and need prescribed for the second class, and be not in receipt of United States pension. The application must be made upon the form provided by the State board of soldiers' relief, and comply with all its requirements.

ALLOWANCE.

The maximum amount to be allowed applicants in each class is fixed as follows:

Class 1.—Four dollars per month and \$1 additional for each child of the soldier under 16 years of age living with the applicant, provided that no applicant be paid more than \$8 in any one month.

Class 2.—Three dollars per month and \$1 additional for each child of the soldier under 16 years of age living with the applicant, provided that no applicant be paid more than \$8 in any one month.

Class 3.—Four dollars per month.

Extreme cases of distress and necessity may be assisted to a greater amount, temporarily, and in such cases the agent shall immediately file in the office of the state board of soldiers' relief a written statement of the case showing the reasons for such action and the probable time the extra amount will be needed.

ANNUAL REPORT OF THE RHODE ISLAND SOLDIERS' HOME FOR THE YEAR ENDING JUNE 30, 1897.

RHODE ISLAND SOLDIERS' HOME,
Providence, R. I., July 1, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897.

Respectfully, yours,

BENJAMIN L. HALL,
Commandant.

Gen. W. W. AVERELL, U. S. A.,
Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.

NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS. 383

Total amount retained by Home	3,003.73

SANITARY REGULATIONS.

These are the same as have been fully set forth in previous reports, and the greatest care is taken to insure a strict observance of all the rules, which some years of experience has proved to be practicable and effective, in maintaining as perfect a standard of sanitary conditions as is possible.

388 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

Strict cleanliness in and around all of the buildings is a prime factor; also as regards the bedding, clothing, and persons of the members.

The Home surgeon makes a weekly inspection, and is required to report in writing to the commandant anything which he may discover of an unsanitary character.

The commandant and adjutant also make an inspection each Sunday morning, and it is very seldom that any defect can be discovered.

RELIGION AND SOCIETIES.

There have been no religious services at the Home during the year, except those held in the several cases of death, when Protestant members have been buried with the ceremonies of the Episcopal Church, in which the Rev. W. A. Trotter has kindly officiated.

Those members who were of the Catholic faith have been buried from St. Mary's Church in Bristol, the Rev. Father McCabe officiating.

No societies exist at the Home. The G. A. R. is largely represented among the members, and the meetings of Babbitt Post, No. 15, in Bristol, are quite well attended from the Home, several having joined the order during the year.

SOUTH DAKOTA.

Hon. ANDREW E. LEE, Governor.

SOUTH DAKOTA SOLDIERS' HOME, HOT SPRINGS, JULY 8, 1897.

BOARD OF COMMISSIONERS.

Col. EDGAR E. CLOUGH, President, Deadwood.
Hon. A. L. VAN OSDEL, Secretary, Mission Hill.
Hon. HARVEY GUNDERSON, Treasurer, Vermilion.
Hon. C. L. PALMER, Sioux Falls.
Hon. O. E. DEWEY, Watertown.

OFFICERS.

Col. ARTHUR LINN, Commandant.
Maj. J. M. KINTNER, Adjutant.
Dr. N. C. WHITFIELD, Surgeon.
Capt. A. C. CLEVELAND, Quartermaster.

POPULATION.

July 8, 1897:	
Present (sick, 8)	106
Absent	61
Total	167
July 8, 1896:	
Present (sick, 6)	117
Absent	31
Total	148
Gain	19

At the muster 109 members answered to their names and the number absent noted on the muster roll was 60. The morning report showed 106 present and 61 absent. These differences were easily accounted for. There were 3 noncommissioned officers who were members but not included in "members present" in the morning report, and 1 member who was absent when the morning report was made out returned before muster. The members were not well uniformed when in ranks at muster. Four or five were only partly uniformed and three or four were in citizen's clothing, the excuse in both cases being that there was no clothing that would fit them. There was also a want of uniformity in hats. It appears from the report of officers that the appropriation for clothing for the year ending June 30 was exhausted, and that this accounts for the want of sufficient clothing.

HOSPITAL.

Several minor improvements have been made in the hospital and its equipments. Its cleanliness and good order seem habitual. Its dispensary was particularly bright and in good order. Admissions are

regular and can not be granted without the favorable recommendation of the Home surgeon. The State is fortunate in having a surgeon possessing excellent and admirable qualifications for his work. His records are well made and he acknowledges that he is learning, which observation is the best evidence of a surgeon's fitness.

The administration of the Home is now conducted by Col. Arthur Linn. The adjutant, Lieut. J. M. Kintner, who has kept the records of the Home in good shape and will, with his valuable experience, render valuable assistance to the new administration. The commandant's residence and offices are needed, in order to release the rooms now occupied for those purposes in the main building.

PENSIONS.

Pensioners drawing over \$6 per month and having no family to support pay for their own clothing.

ANNUAL REPORT OF THE SOUTH DAKOTA SOLDIERS' HOME FOR THE YEAR ENDING JUNE 30, 1897.

SOUTH DAKOTA SOLDIERS' HOME,
Hot Springs, S. Dak., June 30, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897:

Tabulated tables show the condition and situation of the Home. At no time in its history has the home been in as good condition as at the close of this year. Many little improvements have been made that add greatly to the comfort of the members and the conveniences about the Home. The increase of membership is one noticeable fact, not rapid, but steady. The death rate is largely increased. No epidemic or special cases of death can be ascribed, but all were the result of age, general debility, or chronic afflictions.

The general health of the members has been remarkably good. The beneficial results from the use of the hot waters from the natural springs has been fully up to past years. Scores of cases of rheumatism have been cured and more signally relieved from suffering. The large number of members out on furlough indicates the general good health that pervades the home.

Whole number admitted:

From November, 1890, to July 1, 1891.....	102
From July 1, 1891, to July 1, 1892.....	56
From July 1, 1892, to July 1, 1893.....	70
From July 1, 1893, to July 1, 1894.....	53
From July 1, 1894, to July 1, 1895.....	66
From July 1, 1895, to July 1, 1896.....	73
From July 1, 1896, to July 1, 1897.....	47
Total.....	467
Discharged from June 30, 1896, to July 1, 1897.....	46
By death.....	15

A noticeable feature of the membership is the rapid growth of feebleness. The past year has developed this fact more clearly than any year in the history of the Home.

The beneficial qualities of the hot waters here are more and more apparent in the treatment of rheumatism and stomach troubles. It is my belief that too much stress can not be laid upon the feature recommending the location for the Soldiers' Home. I have been a careful observer of the effect of the waters on the members for seven years. The climate is not excelled by any place in the United States. Mild winters, cool summers, and a total absence of malaria.

I am, very respectfully,

W. V. LUCAS, *Commandant.*

Gen. W. W. AVERELL, U. S. A.,
Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.

396 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

SANITARY REGULATIONS.

All members are required to bathe once a week. Mattings are removed and cleansed and floors mopped twice a week, and cleanliness of person and sleeping rooms are carefully looked after. All other necessary sanitary conditions are strictly observed.

RELIGION AND SOCIETIES.

Religious services are held every Sabbath, and the division of service is represented by ministers of the following denominations, to wit: Methodist, Baptist, Congregational, and Presbyterian, and where a fifth Sabbath occurs the Woman's Christian Temperance Union is assigned. The attendance is usually good, and a Home choir furnishes excellent music.

Silas A. Strickland Post, No. 127, Grand Army of the Republic, of this city, has a Home membership of 64 members, and the post is in a flourishing condition.

COLORADO.

Hon. ALVA ADAMS, Governor.

COLORADO SOLDIERS' HOME, MONTE VISTA, JULY 17, 1897.

BOARD OF COMMISSIONERS.

Hon. GEORGE H. ADAMS, President, Crestone.
Hon. T. C. GRADEN, Vice-President, Durango.
Col. A. M. SAWYER, Treasurer, Boulder.
Hon. J. D. LEWIS, Secretary, Monte Vista.
Gen. U. S. HOLLISTER, ex-officio, Denver.

OFFICERS.

Col. S. M. FRENCH, Commander.
Capt. WILLIAM McCORD, Quartermaster.
E. W. GARRETSON, Adjutant.
W. A. PACKARD, Surgeon.
Mrs. H. A. FRENCH, Matron.
Rev. WILLIAM-KEIRY, Chaplain.

[Inspection by Col. E. F. BROWN, Inspector-General National Home for Disabled Volunteer Soldiers.]

From Cheyenne I proceeded to the Colorado State Home, which is situated at Monte Vista, Colo. Arrived there July 17, and proceeded at once to the Home with Col. S. M. French, the commandant, who came in for me. This was a new Home to me. Capt. Goodrich has, by appointment, inspected this Home for two years, and a description of the place is familiar to those who have read his reports. I proceeded at once to muster the entire command, and found 102 members present and 11 absent, or a total of 113. After mustering those in the hospital unable to attend the muster at the assembly hall, the absentees were verified by an examination of the furlough book.

The quarterly statement for quarter ending June 30, 1897, shows the receipts to have been \$24,003.98; expenditures, \$12,662.90; balance in the hands of the treasurer, \$11,341.08.

The following is a copy of the rules and regulations relative to pensions, as furnished by the commandant:

[Section 8, chapter 44, session laws of the State of Colorado, 1895.]

Every pensioner residing in this Home and accepting its benefits must turn over to the commandant, upon receipt of his quarterly pension check, any sum in excess of \$5 per month so received, the sum to be held subject to such rules for the disposition of the same for the benefit of such inmate or his dependent relatives as may be provided by the commissioners. Any infringement of this rule on the part of an inmate will be followed by his discharge from the Home.

In cases where improper use is made of the allowance of \$5 per month herein provided for, leading to misconduct or infraction of the rules of the Home, the allowance so granted shall be suspended.

RULES OF THE HOME RELATIVE TO PENSIONS ADOPTED BY THE COMMISSIONERS.

GENERAL ORDER }
No. 11. }

COLORADO SOLDIERS AND SAILORS' HOME,
Monte Vista, Colo., July 4, 1895.

In order to comply with the provision of the act of the last legislature of Colorado, the following regulations in regard to pensions are announced:

All members of the Home who are now pensioners of the United States, or who may hereafter become such, and all persons who may hereafter be admitted to the Home, will be required to deposit with the commandant of the Home all moneys hereafter received as pensions in excess of \$5 per month, and thereafter said pensioner may draw from the commandant a sum not to exceed \$5 per month; the balance remaining in the hands of the commandant shall be held as a special trust fund for the benefit of those dependent on the pensioner, or for his actual expenses, including traveling while on furlough; the balance, if any, remaining to his credit shall be paid to said pensioner in his own proper person on his leaving the Home with a discharge. In case of the death of the pensioner any balance remaining on hand shall be paid to such parties as he may elect by previous notice to the commandant. In the event of any failure so to do the said balance shall revert to the Colorado Soldiers' Home. [No money has so reverted.]

The accounts between the pensioner and the commandant shall be kept in the office of the adjutant of the Home, subject at all times to the inspection of the pensioner and the board of commissioners of the Home, but otherwise to be inviolate and personal.

Any pensioner now at the Home who shall neglect or refuse to comply with this order shall be discharged from the Home.

The insane members of the Home are cared for at the State insane asylum without charge to the Home.

The rules in regard to leave of absence are as follows:

Whenever a member of this Home takes a furlough or pass his name is entered in a book prepared for that purpose, giving the date at which he is due to return; the name is also entered in the margin of the morning report, stating length of leave, and is deducted from the number present.

When he returns his name is again inserted in margin of morning report as returned and is added to the number present. Members absent on any kind of passes, except to visit town and return between meals, are reported absent on morning report.

EMPLOYMENT.

It has been the policy of the board to employ members of the Home, so far as practicable, and for such labor the price paid varies from \$5 to \$20 per month.

The capacity of the Home is abundant for the present number of members, and for some time to come. The question of the stability of the Home is questioned, and much dissatisfaction arises from this reason. The location seems to be a good one, but not central, perhaps. If it could be settled in favor of its present location, and the people were united on the question, it seems to me this Home could be made attractive and certainly healthful and home-like. I quote the views of the commandant on the subject:

In answering the seventh question, I will say that the present capacity of the Home is 160. There is no doubt that more buildings will be required to accommodate those who will apply for admission, but I am positive in saying that no buildings will be erected until after the next session of the legislature in 1899, at which time there is little doubt that the Home will be removed to some other part of the State—a question which should be settled at the earliest possible moment.

During the past year there has been erected a wing to the main building, 34 by 58, one story and basement, which added 40 beds to the capacity of the Home; also an addition to the main kitchen, which has enabled us to separate the cooking from the baking, and has added materially to the facilities of this department. These improvements, together with sewer connections, cost the sum of \$5,278.

The Colorado State Home is under good management. The officers

are painstaking, and have the welfare of the members in view, and the members appear well fed, well clothed, and compare favorably in all respects with other State Homes.

**ANNUAL REPORT OF THE COLORADO SOLDIERS AND SAILORS' HOME
FOR THE YEAR ENDING JUNE 30, 1897.**

COLORADO SOLDIERS AND SAILORS' HOME,
Monte Vista, Colo., July 22, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897.

No new laws were enacted by the last legislature affecting the Home; a bill, however, was introduced to remove the Home to old Fort Lyon, but with no further result than to create a feeling of unrest and discontent among the members of the Home.

Two commissioners have retired from the board during the past year by reason of the expiration of their term of office, leaving but four members, who with the department commander of the Grand Army of the Republic will comprise the board for the next two years.

There has been expended for permanent improvements during the past year, the sum of \$5,208, which has increased the capacity of the Home to 160 men. Our appropriation, however, will hardly justify this membership for the entire year, although our applications far exceed this number.

No improvements of a permanent character are contemplated at present.

S. M. FRENCH, *Commander.*

Gen. W. W. AVERELL, U. S. A.,
Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.

Total amount paid to dependent relatives	906.00
Total amount held in trust in bank.....	1,187.30

SANITARY REGULATIONS.

No changes have been made in the sanitary regulations of the Home since last report.

RELIGION AND SOCIETIES.

Rev. William Keiry, of Monte Vista, has been appointed chaplain, a position which he has filled since the organization of the Home. He has held services very regularly, and has officiated at the funeral of every comrade who has died since the organization of the Home with three exceptions.

Several traveling theatrical troupes have visited the Home, but there is a lack of amusement, by reason of there being no suitable building in which to hold entertainments.

A tent 18 by 50 feet has been erected near the main building, and has been used for meetings of all kinds, as well as for smoking room and card tables.

WASHINGTON.

Hon. JOHN R. ROGERS, Governor.

WASHINGTON SOLDIERS AND SAILORS' HOME, ORTING, JULY 9, 1897.

BOARD OF AUDIT AND CONTROL.

Hon. JOHN R. ROGERS, President *ex officio*.
EARNEST LISTER, Secretary.
W. M. RIDPATH, Spokane.
H. J. SNIVELY, North Yakima.
W. R. ANDREWS, Seattle.
J. C. STALCUP, Tacoma.

OFFICERS.

Capt. S. M. ALLEN, Commandant.
J. R. D. CONGER, Adjutant.
WILLIAM A. NEWELL, Surgeon.
Mrs. S. M. ALLEN, Matron.

On the completion of the inspection of the Oregon State Home I proceeded at once to Orting, Wash., where the State Home is located. I arrived there on the evening of July 9, 1897. There I found a change in officers. The former commandant, Capt. A. H. Achilles, had been relieved and Capt. S. M. Allen had taken his place. In fact, all the officers were changed, and the law also under which the Home had been working since its establishment. Instead of a board of trustees, as heretofore, there is a State board of audit and control, appointed by the governor, with the advice and consent of the senate, consisting of five citizens of the State, four of whom shall serve without compensation, and the fifth shall be specially appointed and shall be known as commissioner of public institutions. The governor shall be *ex officio* a member and chairman of said board. The important member of this board, and one specially appointed, is to be known as commissioner of public institutions. He is to be considered as the traveling auditor, whose duty it is to visit all of the public institutions of the State, including the Soldiers' Home, at least once in each quarter, examine the books and audit the accounts, and he is to act as secretary of said board. I did not meet any member of the board of control, but found the commandant and his officers ready to give me every facility for inspecting the Home. Commenced the inspection on Saturday, July 10, by mustering the entire command. The muster roll called for 121, present and absent. The muster showed 115 present by actual muster and 6 absent with leave, and on examination of the books this was found to be correct, making a total of 121.

The quarterly statement of receipts and expenditures for the quarter ending June 30, 1897, was as follows: Cash received from all sources, \$45,900.97; expended, \$39,864.66; balance in the hands of the State treasurer, \$6,036.31.

The pension-fund statement shows that since October 21, 1895, receipts from pensions up to June 30, 1897, have been \$1,718.10; expenditures,

\$1,440.20; balance in treasury and commandant's hands June 30, 1897, \$277.90.

The death record of this Home shows for the year 11, with no deaths since February 28, 1897.

I called for the list of pensions and the amount collected from each, but this could not be given; but I had a copy of all receipts from pensions during the year ending June 30, 1897, aggregating \$1,021.10.

All pension money belonging to deceased members is held in trust by the commandant, subject to disposal by the board of directors heretofore, now the board of control.

All insane members are sent to the State asylum for the insane, and no money is expended for their care by the board of control.

PASSES.

Members of the Home have liberty to go and come as far as Orting and vicinity when not on duty at pleasure. Beyond that leave is not permitted except on written furloughs at discretion of the commandant. The morning report shows the exact population on the day it is made. All members absent the entire day are so counted. If absent only a portion of the day, they are counted present.

EMPLOYMENT.

The rule is to employ members of the Home in all capacities when possible. At the present time there are 6 employees not members (outside of officers), 3 farm hands, 2 engineers, and 1 laundress.

The present capacity of the Home is 140. With the present rate of increase additional buildings will be required before the expiration of the year. During the past year no new buildings have been erected and no general improvements undertaken. It is noticeable, however, that the growing crops and the garden and small fruits heretofore started are thriving wonderfully, and the place is much more attractive than when I first visited it, three years ago. A feature of the institution as now organized is the surgeon, Dr. William A. Newell, formerly a resident of Monmouth, N. J., and the originator of the system of life-saving service of the United States, and a Congressman from that State at different times, and his name is intimately connected with many public reforms and Congressional acts. His age is one of the things no man can find out, but his appearance, with coal black hair, with whiskers with only a tinge of gray at the base, would indicate that he had still many days of hospital work in store. His cottage is very near the hospital, and he and his good wife seem to take great interest in the sick and afflicted, and I am sure that the Home is the better for their presence.

The members of this Home are well cared for, and seem contented and happy.

RULES AND REGULATIONS RELATIVE TO PENSIONS.

Rule 17.—Persons admitted to the Home having dependent families or relations and drawing pensions shall pay the same to the commandant for the use of such dependent families or relations; but the commandant may, in his discretion, allow such persons to retain not to exceed one-tenth of such pension, and if such person has no dependent family or relatives and draws a pension he shall turn the same over to the Home, but may be allowed a portion thereof, at the discretion of the commandant.

Rule 29.—When inmates are discharged in any manner, the commandant shall state on his discharge, "Not to be readmitted until money paid shall have been used at the rate of \$15 per month, without action of the executive committee or board of trustees."

Rule 30.—The commandant shall retain from each pensioner, in addition to the amount retained for use of the Home, and from all moneys earned by each inmate while at the Home, 25 per cent of each amount, same to be placed to the credit of the inmate and only to be paid to him on his final discharge from the Home. The disposition of balance of pension or earnings is left to the discretion of the commandant.

The commandant shall retain for the use of the Home 25 per cent of the pensions of those pensioners who are receiving from \$4 to \$18 per month, and from those receiving more than \$12 per month the amount retained shall be left to the discretion of the trustee recommending applicant.

ANNUAL REPORT OF THE WASHINGTON SOLDIERS' HOME FOR THE YEAR ENDING JUNE 30, 1897.

ORTING, WASH., June 30, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897:

A change in the administration of this Home occurred on April 10, 1897, the undersigned being appointed commandant and William A. Newell, surgeon. J. R. S. Conger was subsequently appointed adjutant.

No changes have been made in the rules and regulations of the Home.

This report would have gone forward sooner had we had blanks.

Respectfully,

SALMON M. ALLEN, *Commandant.*

Gen. W. W. AVERELL, U. S. A.,

Assistant Inspector-General

National Home for Disabled Volunteer Soldiers.

412 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

Pensions at Washington Home for Disabled Volunteer Soldiers for the year ending June 30, 1897.

Rate per month.	Number July 1, 1896.	Admitted or readmitted during the year.	Total.	Died, discharged, etc.	Number June 30, 1897.
\$6.00	12	11	23	7	17
8.00	9	18	27	16	21
10.00	2	2	4	2	2
12.00	15	31	46	25	20
14.00	3	3	1	2
Total ..	38	65	103	51	62

Total amount of pensions during the year..... \$4,084.10
 Total amount paid to pensioners present..... 3,063.30
 Total amount retained by Home..... 1,021.10

Report to Colonel Brown, inspector-general, showed \$54 which was included in pension retained. It was an error of former administration, as that \$54 was from Stoddard for board by Boardman, administrator.

SANITARY REGULATIONS.

The sanitary condition of the Home is excellent. Our water supply, however, is at present inadequate, and the title thereto in dispute. Our quarters are ample.

RELIGION AND SOCIETIES.

Religious services are held every Sunday afternoon, being conducted alternately by the Methodist and Congregational ministers of Orting, Wash., whose services on such occasions and also at funerals are gratuitous. The young people of the village come to the Home on such occasions and furnish music, also gratuitously. All such meetings are well attended.

Laundry—Wash list.

White gloves	12	Overshirts	5,306
Aprons	732	Undershirts	5,254
Blankets, gray	51	White waists	57
Night dresses	59	Socks, pairs	3,603

Pillow shams	3	Wiping cloths	618
Sheets, cotton	6,602	Collars	215
Vests	2		
Cuffs	85	Total	51,594

POST-OFFICE.

There is no record kept of the postal service at this Home.

TRANSPORTATION.

No transportation, either for cash or free, is issued by this Home.

PERMANENT IMPROVEMENTS.

There have been no permanent improvements at this Home during the year.

MANUFACTURES.

This Home has no manufactures.

PRODUCTS OF FARM.

No record has been kept of the farm products. Inquiry revealed that sufficient potatoes and other vegetables were grown to nearly supply the wants of the Home. Milk and pork have been in abundance. Eggs have been limited in quantity. Raspberries and strawberries were plentiful in their season. All wood necessary for fuel has been taken from the lands of the Home. The outlook for the present year is for abundant crops, and full records will be kept of the farm products.

Average cost of maintenance per capita, per annum, \$168.18.

KANSAS.

Hon. J. W. LEEDY, Governor.

KANSAS SOLDIERS' HOME, DODGE CITY, JULY, 1897.

JOHN N. SIDLOW, Quartermaster.
WILLIAM HARTFORD, Adjutant.
E. M. SHELLACK, Surgeon.

After concluding the inspection of the Colorado State Home, I proceeded to Dodge City, Kans. The Home is located 5 miles from the city, at old Fort Dodge, and many of the old fort buildings are still in use and have been converted into many comfortable cottages. The peculiarity of this Home is that not only the soldiers are cared for, but the wives and families are also provided for. It was with some curiosity and considerable credulity that I undertook the inspection of the Kansas State Home. There are, perhaps, no valid reasons why the soldier should be cared for if the families are to be left destitute, but in actual practice it is not quite clear that the soldiers' families are much benefited by the process, especially the children. Large numbers of small children, from infancy to 16 years of age, thrown into daily and hourly contact with no employment, except during school hours (for good schools are conducted on the grounds by competent teachers), would seem to beget idleness, if nothing worse. After going through what were pointed out to me as the best, the medium, and the worse conducted cottage, I confess that some were neat and cheerful, some even attractive as places for dwelling, but, alas, a few I visited would do credit to the filthy tenement houses in large cities. On the whole, the experiment seems to me of very doubtful utility. Of course the women and children are not taken into account in the matter of care by the Government, and therefore it is a matter wholly in the control of the State, and any opinion or view I may express is wholly gratuitous and of no value. I rode out to the Home on my arrival at Dodge City on July 18, and arranged for the inspection next day. Monday, July 19, I commenced the muster, and found present, 119; absent, 13; present and absent, 132. All of which was verified by an examination of the books.

The quarterly statement of receipts and expenditures for the quarter ending June 30, 1897, shows as follows: Receipts, \$12,546.18; expenditures, \$9,916.61; balance, \$2,629.75.

PENSIONS.

There are no rules governing the Home relative to pensions. Each person is allowed to retain his pension, and no supervision is taken of it by the officers of the Home.

There is no appropriation made for the care of the insane. All such persons are cared for at the State insane hospitals.

PASSES.

Only daily passes are issued to those not on duty as called for. Occasionally a pass is given for five days, in which case the holder of the pass is carried on the morning report as absent with leave. The morning report shows the true condition of the Home in reference to its population at the time it is made. Furloughs are granted for thirty days, with extension if desired and the conduct of the member is satisfactory and deserving.

EMPLOYMENT.

Members employed regularly in shops, quartermaster's department, as teamsters, engineers, etc., are all paid at the rate of \$6.50 per month. The stock sergeant receives \$10 per month, and the cooks in barracks \$10 per month each. Those employed temporarily are paid 25 cents per day; painters, 50 cents per day.

The present capacity of the Home is about 450. There are on file at present about fifty applications of soldiers, mostly with families, whom the Home is unable to admit on account of lack of room; hence additional buildings are required to accommodate those who have already applied for admission.

One unfinished double cottage has been completed the past year, and 23 have been painted. An ice house and a carpenter shop have been erected. A gasoline engine has been purchased to pump water to supply the Home on account of windmills being blown down and destroyed. Twenty-two head of cows have been purchased, and 25 acres of land have been seeded to alfalfa. A garden containing 6 acres has supplied the Home with an abundance of vegetables, but the hot winds of the past few days have injured it to some extent. Minor improvements have been made that add to the comfort and health of the inmates.

It is certain that many of the families cared for at this Home are saved much suffering, but it is still a question whether some of them are not made to feel a dependence on the care of others which to a great extent destroys their independence of character so useful in life. This appears to be a well-conducted Home, and the officers are vigilant, active, and kind.

**ANNUAL REPORT OF THE KANSAS SOLDIERS' HOME FOR THE YEAR
ENDING JUNE 30, 1897.**

KANSAS SOLDIERS' HOME,
Fort Dodge, Kans., June 30, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897.

I desire to add that the affairs of the Home are in good shape, but on account of a lack of accommodations we are unable to care for all those who have applied for admission. We have now on file over fifty applications of deserving comrades whom we are unable to admit for want of room.

Respectfully, yours,

A. M. REESE, *Commandant.*

Gen. W. W. AVERELL, U. S. A.,
*Assistant Inspector-General,
National Home for Disabled Soldiers.*

420 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

SANITARY REGULATIONS.

There is no sewerage system in this Home. The privy vaults are disinfected by dry earth, a supply of which is kept in the outhouses to be used when needed. The water supply now comes from a deep well on the hillside north of the camp, pumped into a large tank by a gasoline engine, and distributed to all the cottages by a system of pipes and hydrants.

The streets and grounds are regularly policed; rubbish and swill and other offal is removed every other day.

The public baths are open two days each week for men and boys and two days each week for women and girls; one bath each week is insisted upon.

The surgeon visits each cottage and the barracks once a week to insure cleanliness in and about the houses.

RELIGION AND SOCIETIES.

The religious services in the Home are conducted on a nonsectarian basis, the neighboring pastors officiating. There is a Young People's Society of Christian Endeavor in operation among the members of the Home; also a Union Sabbath school; also prayer meetings.

LAUNDRY—WASH LIST.

There is no record of the laundry work kept at this Home.

Absent.....	14
Total.....	88
May 7, 1896:	
Present (sick, 39).....	71
Absent.....	9
Total.....	80
Gain.....	8

It may be noted that the number reported sick at the inspection this year is of those in hospital, while the number reported last year is of all those whose disabilities were sufficient to excuse them from all duty. The number excused from all duty at the present date and stated in the trimonthly report of April 30 as sick is 29, but of these only 14 are in hospital. There has been one death since the last report, which will be noted in the report to be made on the 10th instant. There are no passes issued at this Home, but men are permitted to go out of the Home during the day on verbal report in person, and a member desiring to be absent over twenty-four hours is granted a furlough in writing up to the limit of sixty days. The sergeant in charge reports the absentees after every meal and they are immediately looked after. No

422 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

member who has been absent over twenty-four hours has been reported present, except in one instance which occurred by an error last year to which attention was called in my report.

PENSIONS.

Pension ledger, not in standard form, is kept, which shows name of pensioner, rate of pension, amount received, sum paid pensioner, sum paid secretary of the board of managers, who acts as treasurer, remarks on status of pensioner, and any special circumstance explaining payment, and lastly sums paid by the secretary to dependent relatives of pensioner. A consolidated account is stated in the ledger which shows the amounts received for all pensions in the Home during each month of every quarter, the sum paid to all pensioners, the amount turned over to the secretary, the amount paid by the secretary to dependents, and lastly the amount turned into the general fund of the State by the secretary. The vouchers for the payments made by the secretary to dependents are not kept at the Home, but by the secretary himself, Col. Daniel Hall, Dover, N. H.

The consolidated statement for the first four months of this year stands as follows:

Month.	Received from all pensions.	Paid to pensioners.	Turned over to secretary.	Paid to dependents.	Paid to general fund.
January.....	\$1,309.37	\$543.57	\$765.80	\$228.50	\$587.30
March.....	360.00	114.00	246.00	72.00	174.00
April.....	1,338.00	758.25	579.75	89.00	490.75

The method followed is as follows:

When the pensioner receives his pension check, he indorses it and turns it over to the commandant, who pays him \$6 and such other sums as have been or may be allowed to the pensioner by the commandant or the board of managers for the purchase of citizen's clothing when going on furlough and for his personal needs while absent. This may be paid him on his departure or sent to him afterwards, according to circumstances, or the whole pension or any part of it may be sent to the pensioner's dependent relatives. All of the pension above what has been allowed the pensioner is turned over to the secretary. The pension ledger was opened in January, 1893, and since then has been kept in the manner shown above. Previous to that time a quarterly statement was made by the commandant to the secretary, copies of which were retained in the commandant's letter book.

MUSTER AND INSPECTION.

At muster, 60 members appeared in ranks clothed with new uniforms, good and well-cleaned shoes, and black felt hats, all in good condition. Their faces showed good nourishment and the effects of habitual exposure to the open air. There was an alertness displayed, even by the infirm, that showed the absence of inertia-breeding habits.

HOSPITAL.

The new hospital shows great improvement in its furniture, good order, and comfort, and especially in its dispensary, which has been provided with new and uniform bottles in bright array, which presents

a pleasing contrast with its condition last year. Porches are about to be constructed along the front and on both ends, which will add much to the comfort of the inmates. There were 14 sick in hospital, which made an aggregate of 74, agreeing with the morning report.

I regret to report again that among all the State Homes this is the only one without standard record books. When the people of the third and fourth generation from this shall be searching for the records of their forefathers in the war for the Union, as many of the present generation are seeking for the records of their progenitors in the war of the Revolution, they will easily find a complete military, domestic, and Soldiers' Home history of every soldier who had lived in a Home except that of New Hampshire. The record books required are historical register, admission blotter, furlough register, record of members discharged, burial record, pension record.

ANNUAL REPORT OF THE NEW HAMPSHIRE SOLDIERS' HOME FOR
THE YEAR ENDING JUNE 30, 1897.

NEW HAMPSHIRE SOLDIERS' HOME,
Tilton, N. H., June 30, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897.

The laws, by-laws, and rules remain unchanged. A broad veranda, storeroom with vegetable cellar, smoking room, and lavatory have been constructed in connection with the hospital. The grounds have been beautified at but slight expense to the State by planting shrubs and laying out floral beds, the work being done by the members under the personal supervision of the matron.

I am, very respectfully, your obedient servant,

ERVIN H. SMITH, Commandant.

Gen. W. W. AVERELL, U. S. A.,
Assistant Inspector-General,
National Home Disabled Volunteer Soldiers.

Average number sick, with leave, without leave, present, present and absent, whole number cared for, gain, and loss, at the New Hampshire Home for Disabled Volunteer Soldiers and Sailors, from the date of organization to June 30, 1897.

SANITARY REGULATIONS.

There have been no changes in the sanitary regulations since the last report.

RELIGION AND SOCIETIES.

Teachers and students from the New Hampshire Conference Seminary have continued to hold religious services as in years past, and the Rev. R. S. Sanderson, of the Methodist Episcopal Church, has attended funeral services as heretofore.

The post of the Grand Army of the Republic is in a prosperous condition. Members take a great interest in these meetings. Memorial services were held in the chapel on May 30, the Rev. E. S. Moulton, of Belmont, officiating.

Absent.....	21	
Total		90
Gain.....		6

Two men failed to answer to their names at muster, but were found in the town near by.

On examination the records show that no members who have been absent longer than twenty-four hours have been borne on the morning reports as present since my visit and inspection of the Home on August 14 last year, but previous to that date members going and returning between two consecutive trimonthly returns were reported present during all that time. As these absences were not recorded in the changes of gain or loss in the morning report, the time that members were so absent can not be computed before August 14, 1896.

PENSIONS.

[Resolutions as to pensions adopted at annual meeting of the Vermont Soldiers' Home held July 22, 1891.]

Resolved, That any inmate of the Home receiving a pension shall pay the same in each quarter to the superintendent for use in the general purposes of the Home: *Provided*, If such soldier has dependent relatives the superintendent may transmit a part or the whole of said pension to such relatives, as he ascertains their necessities require: *And provided further*, That every pensioner shall be entitled to one dollar per month out of his pension for his own use so long as he makes proper use thereof, but whenever he shall make improper use thereof in the judgment of the president, secretary, or superintendent (or a majority of them), they shall order such payment to cease. The sum of one dollar additional shall be set apart each month from the pensions of those not having dependents, to be retained in the hands of the superintendent, to be paid, with approval of president or secretary, to such pensioner when he shall be granted a furlough or discharge.

Any inmate refusing to comply with this rule may for such refusal be discharged upon the joint order of the superintendent and secretary or president, after having had a hearing thereon, should he so desire.

The pension ledger account has been kept complete with each and every member drawing a pension since June 4, 1891, and shows the amount of pension and amounts retained by Home, paid to pensioners present, to dependent relatives, to furloughed members, and to discharged members. The retained copies of the quarterly statement of expenditures and receipts of the Home, which have been made to the president of the Board of Managers of the National Home were examined and compared with the pension ledger account and found to agree.

At muster the men appeared well clothed and remarkably clean and neat. No pallid faces could be seen in ranks, but they all indicated good nourishment with a general expression of contentment and satisfaction.

Including the hospital, the complete capacity of this Home is now for 125 beds, which will probably be sufficient for all future needs. The neat and well-furnished bedrooms accommodate two beds each, and there is abundant light and air in every dormitory. The hospital was in good order and seemed quiet and refreshing. Only three or four men were sick in bed, and old age appeared their chief affliction, while unstayed disability kept a dozen or more in chairs upon the porches. The dining room was commodious, and the tables and their furniture were bright and speckless. The tables were covered with white table oilcloth, which at first glance has the appearance of polished marble. This cloth is 4 feet 6 inches wide and costs 30 cents per yard. It lasts about six months. As the men leave the tables after a meal, they take their plates, knives, forks, and spoons and deposit them in compartments of trays laid upon tables conveniently placed beside the exit. This service saves time, labor, and breakage, and works well in this Home.

The bountiful light and comfortable seats of the reading room and library invite the old men to the enjoyment of the well-chosen books and newspapers that are provided for their reading.

One of the most unique and untiring entertainments is furnished in a collection of small animals and birds, which are the cherished pets of the disabled soldiers. There is an antelope from Oklahoma, an Angora goat, a pair of coons, a ferret, a mink, 27 prairie dogs, a dozen rabbits, some guinea pigs, tame crows, white rats, a pair of monkeys and a cuckatoo from Australia, and other small birds of rare varieties. The burrows of the prairie dogs form a little town such as one sees in northern Texas. These burrows, 15 to 20 feet apart, are connected with each other by zigzag courses, about 3 feet beneath the surface of the ground.

These jolly little fellows are quite tame, although there are but few men from whose hands they will take food. Their playful threats of attack upon a pet terrier and the quickness with which they regain their holes when the terrier turns upon them afford endless diversion from the usual monotony of life in a soldiers' home.

ANNUAL REPORT OF THE VERMONT SOLDIERS' HOME FOR THE YEAR
ENDING JUNE 30, 1897.

VERMONT SOLDIERS' HOME,
Bennington, Vt., July 30, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897:

Since my last report the addition to the main building has been completed, which gives capacity for the care of 125 members. The records for the past year show that the changes offset the admissions, and the outlook for the Vermont Soldiers' Home is that it will not have to provide for a larger number than is now on its rolls of membership.

Very respectfully,

R. J. COFFEY, *Superintendent.*

Gen. W. W. AVERELL, U. S. A.,
*Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.*

Total amount paid to dependent relatives	\$1,465
Total amount retained by the Home	\$2,671

SANITARY REGULATIONS.

All the original plumbing changed during the past year in the main buildings. New closets and piping. All sewage taken in a 12-inch pipe, and constantly flushed with running water, to a distance of 1,100 feet from the Home. No case of fever or contagious disease has ever been in the Home since its organization.

RELIGION AND SOCIETIES.

The religious services are held in the chapel during the summer months. The different clergymen in Bennington and vicinity volunteer their services. A quartette of mixed voices has been engaged for the services during the present year. The services are well attended by the members of the Home, and a goodly number of citizens are also present.

LAUNDRY—WASH LIST.

No record of the laundry is kept at this Home.

POST-OFFICE.

There being no post-office at this Home, no record is kept.

TRANSPORTATION.

Transportation is neither furnished free nor for cash.

PERMANENT IMPROVEMENTS.

There have been none ordered since the last report.

OREGON.

Hon. W. P. LORD, Governor.

OREGON SOLDIERS AND SAILORS' HOME, ROSEBURG, JULY 8, 1897

BOARD OF DIRECTORS.

S. B. ORMSBY, President, Argenti.
B. F. ALLEY, Baker City.
J. P. ROBERTSON, Salem.
T. R. SHERIDAN, Roseburg.
SOL. ABRAHAM, Roseburg.

OFFICERS.

W. H. BYARS, Commandant.
W. R. MARQUISS, Adjutant.
K. L. MILLER, Surgeon.
Mrs. E. A. BYARS, Matron.
Miss VIOLA MANN, Hospital Matron.

[Inspection by Col. E. F. BROWN, Inspector-General, N. H. D. V. S.]

Leaving Yountville on the evening of July 6, I proceeded to Roseburg, the location of the Oregon State Home, where I arrived on the morning of the 8th. The commandant, Capt. W. H. Byars, met me at Roseburg, and we repaired immediately to the Home. As notice had been given, the interrogatories had been considered and answers prepared, which facilitated the inspection.

The muster of the members of the Home was first in order, and resulted in showing 51 members present, 4 absent with leave, and 2 without leave; total, 57. After checking the muster rolls I proceeded to the hospital and saw every man. I then examined the books and found the time of departure of all the absentees from the Home, and the muster was thus verified.

The quarterly statement for quarter ending June 30, 1897, exhibits a debit on the part of the Home outstanding warrants, \$1,952.69, which is explained by the following statement of the commandant:

The legislature of the State of Oregon failed to organize during the time allowed for its session in 1897, and consequently there were no appropriations made for the Soldiers' Home or for any other State institutions. All the State departments are therefore being run on the credit system, the Soldiers' Home among the rest.

Section 11 of the statute of the State creating the Home reads as follows:

There shall be appropriated out of the general fund annually thereafter the sum of three thousand dollars for the purpose of carrying out the provisions of this act.

Of course these bills will be paid, but the Home is suffering for the want of funds. The amount supplied by the National Home is some relief, and yet the debt accumulates and no improvements can be made. In my report of last year I alluded to the veterans of the Indian wars cared for at this Home. There are 15 of this character at this Home. There were 16 reported by the last quarterly report, but 1 has died since, leaving 15 now being cared for. These do not enter the reports, either trimonthly or quarterly, rendered to the National Home, but it seems as if these men, so useful in their day, should be cared for as other soldiers are.

The hospital commenced last year has been completed and occupied. It is a compact one story structure and well calculated for the purposes for which it is designed, and cost \$6,000. There have been three deaths at this Home during the year ending June 30, 1897.

PENSIONS.

While the organic law allows the management to take all the pensions, and provides for paying it over to the dependent relatives, and otherwise disposing of the same, yet at "a regular meeting of the board held June 25, 1897, the following resolution was unanimously adopted: Moved by Mr. Alley, that the commandant be instructed to withhold expending any pension money for the use of the Home until further action of the board, and that the further consideration of amendments of rules 18 and 14 be postponed until the next meeting of the board." It is quite unlikely that any further action will be taken, as but little revenue can possibly arise from this source, and one-half is to be credited to the Government if collected from the pensioner. It would seem rather that the pensioner would dispose of it without question, as is done by the National Home. There are two cases of pensioners, one who draws \$14 per month and one \$17 per month, while the rule is not to receive those receiving more than \$12 per month. These two men pay the excess, \$2 and \$5 per month, and it has been credited to a fund termed the incidental fund, and is used to purchase fruit, etc., and does not enter into the general account. It seems like an evasion, and I therefore report it for your information.

I was informed by the commandant that all moneys and effects of deceased members were in every case turned over to legal representatives and nothing held, and that no insane members are cared for at the expense of the Home.

PASSES.

All members of the Home are permitted to go and come at any time by making a personal request at the office, unless there be some reason for not granting the same. The morning reports are true exhibits of the membership of the Home on that day. Members absent on duty or with permission for a day or night, near the Home, are counted as present.

EMPLOYMENT.

All members able to do so are required to keep their rooms and beds in order. Details are made from time to time from the members best able to do general policing. There are about ten men employed for pay in the several departments of the Home at wages varying from \$6 to \$8 per month.

The present capacity of the Home is about eighty. There were fifty-six applicants for admission last year and the number would have been greater if it were not generally known that there were no vacancies. "It is my opinion," says the commandant, "that seventy-five or a hundred would seek a home here if we could accommodate them. A barrack capable of accommodating eighty or one hundred, with new kitchen and dining hall, should be added."

I reported last year, and repeat it again, that the commandant and his family live in the same building with the men. This should be remedied, as the space occupied by the family and the officers will soon be required, and it is better in every way that the commandant should have his own private quarters removed from immediate contact with those he has to command. I urgently commend this to the consideration of the Home and the State authorities.

This Home is on the right track and is being properly managed. The men are well cared for and are seemingly content and happy.

*ANNUAL REPORT OF THE OREGON SOLDIERS' HOME FOR THE YEAR
ENDING JUNE 30, 1897.*

OREGON SOLDIERS' HOME,
Roseburg, Oreg., June 30, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897:

The health of the officers and members of the Home during the past year has been excellent.

The legislature of the State of Oregon having failed to organize during the time for its last meeting, made no appropriation for the expenses of the Home, consequently we are running on the "credit system."

Section 11 of the act creating the Home reads:

"There shall be appropriated out of the general fund annually hereafter the sum of twelve thousand dollars (\$12,000.00) for the purpose of carrying out the provisions of this act."

The board of directors of the Home March 24, 1897, amended the regulation rules to read as follows:

"Rule 13. Any person admitted to the Home shall surrender all his pension to the commandant, and, as provided in article 12 in these regulations, if the person so surrendering his pension has dependent relations the money so surrendered shall be paid to such dependent relations by the commandant, excepting the sum of four dollars (\$4.00) per month; and in case such person has no dependent relations the excess of his pension over and above the sum of four dollars (\$4.00) per month shall be credited by the commandant to a fund for the support of the Home, and shall be used for that purpose only.

"Rule 14 of regulations, on page 11 of the by-laws, shall read as follows:

"In all cases where improper use is made of such allowance of pension money as provided for in rule 13 of the by-laws, leading to misconduct or infractions of the rules of the Home, the allowance so granted shall be withheld by the commandant."

The enforcement of these rules created some dissatisfaction, and as the malcontents were much encouraged by local outside counsel a number of pensioners took their discharge, or violated the rules and were discharged therefor. Many of them are already seeking readmission, promising to obey the rules.

The Home is caring for fifteen Indian war veterans, whose average ages are 68.4 years, who have no pensions and are not recognized by the General Government as other soldiers are. The service rendered by these men to the United States was as essential, as laborious, and as patriotic as any ever given, and it is a shame they are not allowed all the advantages granted the more favored survivors of other wars.

Respectfully,

W. H. BYARS, *Commandant.*

Gen. W. W. AVERELL, U. S. A.,
*Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.*

IDAHO.

Hon. FRANK STRUNENBERG, Governor.

IDAHO SOLDIERS' AND SAILORS' HOME, BOISE CITY, JULY 12, 1897.

OFFICERS.

JOHN A. MCGINTY, Superintendent.
Dr. W. D. SPRINGER, Surgeon.
Mrs. C. J. MCGINTY, Matron.

Having completed the inspection of the Washington State Home, I proceeded at once to Boise City, Idaho, where the Home of that State is located. I arrived at the place at 6.20 p. m., July 12, 1897, and on the morning of the 13th proceeded to the Home situated 3 miles from the city.

A change in commandants had taken place. Dr. Maxey was relieved on October 15, 1896, and Maj. John A. McGinty succeeded him. Another change was about to take place, and Major McGinty was soon to be relieved by Capt. Charles A. Clark. These frequent changes seem to indicate a desire to obtain the best possible commandants, or it may be incident to a change in the politics of the State. It is hoped that Captain Clark will prove more satisfactory to the board, and be allowed to remain until he forms an acquaintance with the work he is called to perform. An act of the legislature of last winter makes a complete change in the board, and places the Home under control of the governor, secretary of state, and attorney-general, and, as usual, "new lords make new laws."

On my arrival at the Home I immediately commenced the muster, and found 49 members present and 31 absent, including 2 insane, making a total of 80 members.

The quarterly statement, as shown by the books and return for quarter ending June 30, 1897, shows receipts, \$12,231.75; expenditures, \$2,388.48; balance in treasurer's hands, \$9,843.27.

PENSION RULES AND REGULATIONS.

Section 5 of an act supplementary to and amendatory of an act entitled "An act to establish a Soldiers' Home," approved March 2, 1893, passed at the legislative session of 1897, reads as follows:

In making rules and regulations governing the admissions, maintenance, and discharge of the inmates of said Home, it shall be lawful for said board of trustees to make it a condition for admission to said Home that all soldiers admitted thereto receiving a pension from the United States exceeding \$4 per month shall pay over said excess to board of trustees, and said board of trustees shall, in such cases where said soldiers have no wife or child living dependent upon them for support, or in circumstances of dependence or want, deposit said excess in State treasury to the credit of the Soldiers' Home fund, to be used in defraying the expenses of maintaining the institution; but if there be such wife or child so dependent upon said soldier, then and in that case it shall be the duty of said board to pay over such excess to such wife or child of such soldier, taking duplicate receipts therefor, one of which receipts shall be delivered to such soldier and the other filed with the records of the board.

The above law relative to pensions has not been enforced up to date, by direction of the board of trustees.

BOISE, IDAHO, May 23, 1897.

SIR: Having been instructed by the board of trustees of the Soldiers' Home to investigate the matter of the board exercising the option (conferred by statute) of retaining a portion of inmates' pensions, I have the honor to inform you that no portion of the present quarter's allowance will be withheld.

The reports from the Home for the past five months show that the operations of the Home are being conducted well within the appropriations (national and State); in fact, I have no fears but that, under the new law, the surplus of the pro rata apportionment for the first six months will approach the sum of \$1,000.

So long as this gratifying condition exists and the inmates of the Home prudently apply their pensions to the wholesome purpose intended by the National Government, I feel safe in assuring you that the policy outlined above will be continued.

Very truly, yours,

FRANK STEUNENBERG, *Chairman.*

JOHN A. MCGINTY,
Superintendent Soldiers' Home, Boise, Idaho.

PASSES.

A written leave of absence is given to any member of the Home who desires to be absent from the Home more than five days. For shorter absences verbal permits are given by the superintendent. The Home morning and tri-monthly reports exhibit a true condition in reference to its population at the time they are made.

Members of the Home on leave of absence, long as well as short, are always reported absent at the time the report is made out.

LABOR.

The commandant informs me that all work required to be done in and about the Home is performed by members, except the cooking. Noncommissioned officers, warden, janitor, engineer, clerk, farmer, laundryman, assistant cook, dishwasher, and waiter are paid reasonable compensation for their services, varying from \$10 to \$25 per month. All other work is done by detail without pay.

The Home has at present ample space for 130 members, and no additional buildings will be required, and none are contemplated in the near future. Some important improvements have been made during the last year. The attics have been fitted up and divided into 14 nice and commodious rooms. All needed sanitary arrangements have been provided, and the Home is in fine order generally. The kitchen improvements have greatly added to the facilities of that department.

The members of this Home are cheerful, well fed, well clothed, and in every way well provided for.

Dr. S. P. TRACEY, Surgeon.
Mrs. J. M. FOWLER, Matron.

POPULATION.

July 10, 1897:		
Present (sick, 7).....	47	
Absent	13	
Total		60
July 10, 1896:		
Present (sick, 6).....	36	
Absent	2	
Total		38
Gain.....		22

At the muster 46 members answered to their names and 14 were absent with leave, which numbers differ from the morning report in showing one less present and one more absent. This was occasioned by one member taking leave after the morning report and not returning before muster. Notice of the muster was sent by telegraph to the commandant the day previous, but was not received by him until time appointed had arrived, and the Home was not ready. The members were somewhat scattered, and muster was delayed four hours. The members were well and neatly dressed in almost new clothing and presented a fine appearance. The expression of fixed and intelligent attention to muster and their easy soldierly bearing in ranks, notwithstanding some limping gaits, attested their comfort and satisfaction.

PENSIONS.

The pension accounts were examined, and it was found that only two members of the Home had pensions over \$12, and they had paid into the general fund \$74.50, and this was all that had ever been so paid. One member drawing a pension of \$25 was employed by the Home as an engineer, and was paid \$15 out of the general fund and allowed to keep his pension for his own use—that is, all over \$12 of his pension per month, namely, \$13, plus \$15 from the general fund constituted the wages of the engineer. There was a balance of pension money retained at the end of last quarter of \$16.21.

POSTHUMOUS FUND.

The entire fund amounted to \$31.75 and remains on hand. The visiting and examining board of the State passed a resolution, which has not yet been presented for action, that this money should be turned into the general fund.

ANNUAL REPORT OF THE NEBRASKA (MILFORD) HOME FOR THE YEAR
ENDING JUNE 30, 1897.

SOLDIERS AND SAILORS' HOME,
Milford, Nebr., June 30, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897.

I took charge of the Home April 1, 1897, relieving Capt. J. H. Culver, who had been in command from the opening on October 8, 1895, to the date above mentioned, and had left the affairs of the Home in good condition. On April 1, 1897, there were 53 present and 4 absent on furlough. The health of our members has been exceptionally good, no deaths having occurred at the Home since I have been in command. One member, who had left in usual good health, was taken sick at Florence, Nebr., and died. Several members who were in the hospital have become convalescent and others improved, which is due largely to the healthful location, excellent sanitary condition, and the spring water which is supplied to all departments by means of hydraulic pressure, and therefore easy of access and convenient for use.

Very respectfully,

J. M. FOWLER, *Commandant.*

Gen. W. W. AVERELL, U. S. A.,
*Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.*

MILFORD, NEBR., June 30, 1897.

SIR: I have the honor to submit the following report of the hospital of this Home and medical department for the year ending June 30, 1897.

The experience of the past year has emphasized the need of a separate hospital building. We have every other facility for the care of the sick; water rich in medicinal qualities and free from organic matter; an atmosphere full of ozone; pleasant

452 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

and healthful surroundings; everything, in fact, but a separate hospital building where the necessary noise incident to a main building may be kept from those whose condition makes it particularly unfortunate that they can not avoid hearing it.

With this one exception the surgical department of this Home has naught to complain of.

Very respectfully,

S. P. TRACY, Surgeon.

Gen. W. W. AVRELL, U. S. A.,

Assistant Inspector-General,

National Home for Disabled Volunteer Soldiers.

(Through J. M. Fowler, commandant.)

SANITARY REGULATIONS.

The sanitary regulations are as formerly, with the exception that the soiled clothes are required to be carried to the laundry on Sunday morning before the weekly inspection, thus avoiding keeping the foul linen in the closets over Sunday.

Our members show in general health the effect of the excellent sanitation of the Home. No serious acute troubles have manifested themselves, the deaths reported being caused by chronic troubles with which the members dying were afflicted when they made their appearance at the Home.

RELIGION AND SOCIETIES.

Religious services are held in the assembly room each Sabbath, being conducted by the various pastors of the village of Milford in rotation, representing the following denominations: Methodist Episcopal, Congregational, German Evangelical, and United Brethren. These services are well attended by our members as well as by the citizens of Milford.

There are no societies directly connected with the Home. All members who desire to do so have the privilege of attending the different societies in the village.

PENSIONS.

Previous to September 30, 1895, no pension money was retained by the Home. Since that date to the 30th of June, 1897, the total amount retained by the Home for clothing has been \$121.75. Pension money has been retained for no other purpose.

LABOR.

With one exception, only citizens are employed: One farmer, at \$25 per month; 1 cook, woman, at \$20 per month; 1 waiter, at \$3 per week;

456 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

1 laundress, at \$3 per week; 1 member attending pump one hour daily, \$3 per month. No wages are paid with pension money. During the winter time a member is employed to attend the furnace.

SUBSISTENCE.

The food is bountiful, well prepared, and served in a well-lighted and ventilated dining room of inviting brightness, and well equipped with handsome tables and high back chairs, white speckless tablecloths, and glistening table furniture of home-like completeness. The cost of beef in fall and winter is from 4.5 to 5 cents, and in summer, when bought daily, from 7 to 10 cents. Mutton is about the same. Pork and lard are produced at the Home. Granulated sugar from 5 to 5.5 cents; coffee, 22 cents, roasted; tea, 25 cents; flour, \$1.05 to \$2 per 100 pounds. Vegetables of all kinds are never bought; they are raised at the Home of surpassing excellence.

FARM.

The Home farm is fortunately one of the experimental stations of the Campbell Soil Culture Company, of Sioux City, Iowa, whose system is designed to prevent the too-rapid escape of the moisture into the ground and to check its evaporation. This is accomplished by subpacking the ground, immediately plowing to a depth of about 8 inches with a machine made for the express purpose, with disks or wheels 30 inches in diameter, with wedge-shaped tires, and weighted down and drawn by four horses. The effects produced by the action of the wedges is to pack 1 to 1½ inches of the bottom of the stratum disturbed by the plow and to leave the earth above it loose and pulverized. After planting by a system of shallow cultivation from 1½ to 2½ inches in depth, a blanket of dust is formed, which prevents the escape of moisture by evaporation and increases capillary action. As the result of this system of garden farming, there was grown 500 bushels of carrots per acre; 61,112 pounds of red mangel wurzel per acre; sugar beets, 46,000 pounds per acre; corn, 75 bushels of ears per acre; and barley, 50.25 bushels per acre; and of other vegetables equally wonderful yields. This system supplies the need of irrigation to a great extent.

HOSPITAL.

The regular State appropriation for the coming year is \$12,200 and a special appropriation for hospital and other permanent improvements of \$7,500. There is a fine grove of large trees, extending from the Home to the banks of the Sheyenne River, which at this point carries a larger volume of water than it does 200 or 300 miles below, where Nebraska robs it of its water with ditches for irrigation. When the hospital is completed and occupied, the sick will be far more comfortable than they now are upstairs in the main building, and there will be a mutual relief from the embarrassments of the present condition.

The Home has a charming site on the left bank of the Sheyenne, amidst green and cultivated fields. Its quiet seclusion is a becoming and welcome condition for an institution of this kind. It is probable that a dormitory pavilion, with a capacity for forty or fifty men, will be demanded before long, and leave the main building to the commandant for his residence and his offices, with accommodations for the board of commissioners when they shall visit the Home.

It was fortunate that North Dakota secured the services of a gentleman possessing all the rare qualifications for the office of commandant of this new soldiers' home.

*ANNUAL REPORT OF THE NORTH DAKOTA STATE HOME FOR THE YEAR
ENDING JUNE 30, 1897.*

LISBON, N. DAK., July 1, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897:

So far all permanent improvements made at this Home during the year consist of underbrushing, clearing up, and beautifying our Home grounds. Now we are ready to begin the erection of a much-needed hospital building, smoking room, and woman's department, and hope by the time for our next report to be able to show one of the finest and best-adapted hospital buildings in the Northwest.

General good health has prevailed throughout the year. Aside from the man who is permanently bedfast from the effects of rheumatism, we have had but one man in hospital from sickness, and he but for a portion of the time.

Death has not entered our circle.

Discipline has been good. Members have been temperate, more contented and happy than in any previous year. We have not had a single case of drunkenness in our Home during the year.

Very respectfully, your obedient servant,

W. W. McILVAINE, *Commandant.*

Gen. W. W. AVERELL, U. S. A.,

Assistant Inspector-General,

National Home for Disabled Volunteer Soldiers.

NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS. 461

Pensioners at North Dakota State Home for Disabled Volunteer Soldiers during the year ending June 30, 1897.

Rate per month.	Number July 1, 1896.	Admitted or readmitted during year.	Total.	Died, discharged, etc.	Number June 30, 1897.
\$6.00	5	1	6	3	4
8.00	6	6	2	3
10.00	2	2	2
12.00	7	9	16	2	14

Total amount of pensions during the year, \$2,718.

Since September 30, 1895, up to date, the total amount of pension money retained by the Home for clothing is \$121.75. Pension money has been retained for no other purpose.

SANITARY REGULATIONS.

No material changes have been made in the sanitary regulations of this Home during the year just closed. Cleanliness and good order prevail throughout the wards and dormitories and upon the grounds of the Home.

RELIGION AND SOCIETIES.

We have no changes to report under this head. Matters continue in the same pleasant condition as reported last year and could not be improved upon until we are able to build a much-needed chapel. We think many of the members manifest more interest in religious affairs than they did a year or two ago.

The members are more contented and seem happier, taking a greater interest in the Home and are endeavoring to make it more than a Home in name only.

Laundry—Wash list.

Aprons	840	Shirts, knit wool	1,280
Blouses	65	Socks, pairs	1,340

WYOMING.

Hon. WILLIAM A. RICHARDS, Governor.

WYOMING SOLDIERS AND SAILORS' HOME, CHEYENNE, JULY 15, 1897.

HOME COMMISSIONERS.

NICHOLAS J. O'BRIEN, Chairman.
ADRIAN J. PARSHALL, Treasurer.
JOHN K. JEFFREY, Secretary.
RUSSELL D. WOODRUFF.
HORACE COLE.

OFFICERS.

FRANK A. STITZER, Commandant.
• H. J. MAYNARD, Surgeon.

[Inspection by Col. E. F. BROWN, Inspector-General of National Homes for Disabled Volunteer Soldiers.]

Arrived at Cheyenne, Wyo., where is located the State Home, on the morning of July 15. The Home is situated within the city limits, and is a snug little home. No changes have been made since the former inspection, either in the managers or officers of the Home. No session of the legislature. Called on the governor at the capital, and saw the president of the board at Denver, Colo. Both spoke well of the Home, and seemed to take great interest in its success. Capt. Frank A. Stitzer is still commandant, with no other officers, and is not overtaxed with official duties at the Home, but as he is also adjutant-general of the State, he has few idle moments.

The muster was made and all were accounted for. There was a total of 17 members; 13 present and 4 absent, and the absentees were shown to have been given permission to be absent.

The statement of receipts and expenditures for the quarter ending June 30, 1897, shows as follows: Receipts, \$4,812.33; expenditures, \$1,480.27. Balance in the treasury, \$3,332.06.

The rules and regulations as to pensions are as follows:

Rule 25.—No person shall be admitted to the Home who has an income of \$24 per month or more, whether by pension or otherwise; *Provided, however,* That if the applicant is physically incapacitated as to require treatment in the hospital he may be admitted; but an inmate admitted may be summarily and honorably discharged, in the discretion of the commandant, whenever the surgeon in charge shall certify in writing that such inmate no longer requires hospital treatment; *And provided further,* That if the applicant is mentally incapacitated as to be unable to make a proper use of his income for his personal comfort and welfare, he may be admitted, though his income exceed \$24 per month.

Rule 26.—Any person admitted to the Home having a pension exceeding six dollars per month shall surrender all of said pension in excess of \$6 per month to the commandant; and if the person so surrendering his pension has dependent relatives, the money so surrendered shall be paid to such dependent relatives by the commandant; and in cases such pensioners shall have no dependent relatives, the excess of his pension over \$6 per month shall be credited to the support fund.

Rule 27.—If any member of the Home shall fail or refuse to pay to the commandant the portion of his pension as herein required, such refusal or failure shall be deemed a violation of the rules, and the commandant shall give such member so offending an honorable discharge.

Names of inmates of the Home from whom the excess of pension has been collected, together with the amount paid by each, are as follows:

Gustave Greenburg.....	\$72	William Rowland	18
Thomas L. Crittenden.....	54	Edwin M. Tucker	12
Edward Whalen.....	40		
Charles E. Ward.....	24		
Robert Walden.....	18	Total	238

The amount above reported, as excess of pension collected from inmates of the Home, is turned over to the State treasurer and placed to the credit of the maintenance fund for the support of the Home. Clothing, tobacco, and all other needed supplies are furnished the inmates and are paid for out of the general fund.

No pension moneys have yet been held in trust for deceased members of the Home.

When inmates of the Home are sent to the State Insane Asylum they are maintained at the expense of the State.

We have no system of passes in the city, members being permitted to go to town at any time, with the provision that they are home at meals; that they return to the Home before 9 o'clock at night, and that they are not under the influence of liquor when they return. When a member desires a furlough to leave the city the same is granted for a period of sixty days, with the privilege of an extension of the time.

EMPLOYMENT.

The inmates of the Home are required to assist in the kitchen in cooking and washing dishes. They are also required to clean their own rooms and to attend to the Home grounds, for which they receive no pay. When employed to do mechanical work they have been paid for such services the sum of \$1 per day, which was paid out of the general fund.

The present capacity of the Home will accommodate 25 inmates comfortably. The commissioners have in contemplation the erection of a cottage for the use of the commandant, which will, if completed, make room for 10 or 12 more inmates in the Home building.

This Home, small as it is, under its present management seems to be doing its whole duty. No soldier is permitted to suffer for want of attendance, and the law is often made to extend medical assistance temporarily to some who are not, under a strict construction, entitled to aid. Stranger soldiers within the borders of the State are not neglected.

ANNUAL REPORT OF THE WYOMING SOLDIERS' HOME FOR THE YEAR ENDING JUNE 30, 1897.

WYOMING SOLDIERS' HOME,
Cheyenne, Wyo., August 27, 1897.

GENERAL: I have the honor to submit the following report of this Home for the year ending June 30, 1897.

SANITARY REGULATIONS..

The Home building not being suitably located to make connection with the city sewer system without very great expense, a vault was sunk to a depth of 55 feet about 100 feet north of the building, into which all waste water from the Home is discharged. Escape pipes lead beyond the roof of the building from water-closet, bath, kitchen sink, and laundry tubs.

The large rooms and hall in main building are ventilated by registers communicating with air conductors leading through roof.

The fences and cellars are all whitewashed, and all accumulations of vegetable matter and garbage are kept in metal cans and carted to dumping grounds several times each week by the city scavengers.

Religion and societies.

Methodists.....	5	Mason	1
Episcopalians.....	2	Lutherans	6
Universalists	3	Catholics.....	8
Odd Fellows	2	Quaker.....	1
Grand Army of the Republic	7	Baptist	1

LAUNDRY.

The members wash their own rough outside clothes. Other clothing and bed-clothing is washed and ironed at city laundry.

POST-OFFICE.

All mail is delivered at the Home by United States mail carriers. Letters, postal cards, and papers sent from the Home by members are mailed at the city post-office, distant about 10 miles' walk from the Home.
No record is kept of those mailed.

TRANSPORTATION.

No transportation is furnished members.

Permanent improvements.

Object.	Value.
Heating furnace, pipes, fittings and fixtures, heat radiators, etc	\$1, 227. 14
Constructing brick chimney, repairs, etc	114. 30
Building barn and cow shed.....	241. 83
Building and changing fences.....	40. 32
Total.....	1, 623. 59

MANUFACTURES.

No garments or articles are manufactured in the Home.

Products of farm.

1 cow \$30

Have only small private garden attached to Home, about 30 by 50 feet.

General average per capita per annum \$133.77.

RÉSUMÉ.

There are now twenty-six State Homes, which have cared for 84,000 men since the dates of their organization to June 30, 1897.

The whole number cared for during the year ending June 30, 1897, was 14,626, and there was an average of 9,542 present in the State Homes during the year; and the general average of the cost of their maintenance, which included food, clothing, household comforts, hospital service, and everything necessary to promote the welfare and contentment of the disabled soldiers, was \$133.77 per capita. When in 1888 it was found that this Soldiers' Home beneficence had so grown that it overburdened the National Home in all its branches, a wise provision of Congress secured its extension and convenient distribution across the continent from the Atlantic to the Pacific by encouraging the States to establish Soldiers' Homes. An appropriation to pay to every State maintaining a Soldiers' Home \$100 per annum for every disabled soldier cared for therein was made, and the care and comfort of disabled soldiers living in the State Homes and the economies of their administration were assured by the requirement that the Board of Managers of the National Home should make the payments of the appropriated money to the States and have the Homes inspected and the payments ascertained under such regulations as it might prescribe, and to make a report to Congress of the results. Twenty-five States have responded to the generous impulse of the people represented by the Congress and realized the imperative necessity of caring for the many thousands of volunteer soldiers who will, in a short time, be overtaken with disabilities which will make a Home an indispensable requisite to their existence, and twenty-six Homes have been built—all comfortable, many beautiful, and some grand in their imposing architecture.

Their sites have been widely chosen, and, while satisfying the requirements for water, drainage, and the economies of transportation, they have secured a pleasant and, in most States, an inspiring environment. The Boards of Managers are generally composed of prominent and influential men who have acquired some rank and record in the war.

The perverting influences of partisan politics have interfered with only five State Homes by ignoring their patriotic purpose and changing their officers with every change of the State administration.

Members of these boards have visited branches of the National Home and studied all its functions and equipments and the methods of its administration. They have adopted the forms and methods of the National Home in records, reports, and financial statements. In some of their structures they have adopted arrangements formed in the National Home. At their request I have had the pleasure of exercising some influence on the construction of several hospitals and the great

gratification of receiving the thanks of managers when they were completed. All the Boards of Managers of State Homes entertain a grateful respect for the Board of Managers of the National Home, which has created and perfected the type and symbol of the highest civilization in the world—an American Home for Disabled Soldiers.

The State Homes are united in sentiment and purpose with the National Home, and they yield ready and willing acquiescence to the regulations prescribed by the Board of Managers of the National Home, which prevent the waste or misuse of a dollar of public money appropriated to their aid.

ANNUAL REPORTS.

The annual reports of the State Homes have been prepared with care and sent in with less delay than heretofore. The new forms for the reports of health, in which the classification of diseases has been revised to accord with the latest approved nomenclature, occasioned a number of errors which rendered it necessary to return the reports for correction. The following record exhibits the dates on which they have been severally posted and received:

Order of posting and date of receipt.

HOSPITALS.

The capacity of many of the hospitals has been nearly reached, and in a few it is strained. At least twenty of the Homes have increased their capacity by at least 50 per cent, and several have doubled it in the last eight years. They are all improving in practice and administration. The employment of trained women nurses has become established in all the hospitals that are large enough to justify their services. In some of the hospitals a training school for nurses has been formed, and for the first two years their wages are small, but at the end of their term, if they have shown a commendable efficiency, they receive a certificate of service. The aggregate of the sick was on June 30, 1,723. There were 728 deaths, or about 117.5 in 1,000 of whole numbers cared for, and the average age at death 65.12 years, the average of all the living members of the State Homes being 62.77 years. The special reports made by the surgeons of the Homes upon the most persistent and fatal diseases of old age are increasing in number and in an encouraging excellence, which tests the realization of the highest purpose of a hospital. A few remarkable cures have been accomplished, the progress of many ugly diseases arrested, with an amelioration of those which have gone too far for any hope of cure.

MAINTENANCE.

The general average cost of maintenance per capita per annum in all the State Homes for the year ending June 30, 1897, was \$133.77. This includes clothing as well as subsistence. A reference to the bills of fare, which may be found in my reports of States, will show the character of the subsistence. It has been a vigilance that prevented waste, an efficiency in directing perfected means to the most beneficent ends with the least cost, that has brought this satisfactory combination of complete comfort with an economy so remarkable. There can not be found in this country or any other an institution which can supply disabled volunteer soldiers with comfortable uniform clothing, baths, clean beds in well-lighted and well-ventilated quarters, the best beef, mutton, bread and butter, coffee, and tea, and all the edible vegetables for food, and, when they are sick, a hospital with attentive surgeons and trained nurses awaiting them—all this for the cost of it in the Soldiers' Homes, at the present time, can not be found elsewhere. The ability that exists to create and maintain Soldiers' Homes, with supplies of everything required for the welfare of members without waste and with a rare economy that has become easy and habitual, has grown out of an experience of over twenty years by officers of high rank and large commands in the war and who have attested the excellence of their qualifications by making their lives a success in business affairs or the duties of public stations. The experience which qualifies them does not exist outside of the Homes, except among those who, having given some years of faithful service to their administration, have retired.

SPECIAL REPORTS OF THE NATIONAL HOME AND OF SOLDIERS' HOMES IN STATES ON LOCOMOTOR ATAXIA, PULMONARY TUBERCULOSIS, AND HEART DISEASE.

CENTRAL BRANCH.

CENTRAL BRANCH,
NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS,
Surgeon's Office.

SIR: I have the honor to submit our annual report on locomotor ataxia, and again desire to acknowledge the services of First Asst. Surg. R. S. Gaugler, who has carefully tabulated the six cases reported.

The average age of these patients is 60 years; the average age at which the disease developed is 53; making an average of seven years' duration.

All of these patients claim that they have only moderately indulged in the use of alcohol and tobacco and the pleasure of venery.

From all information gained from patients, they claim that prolonged and frequent exposures, chronic rheumatism, indulgent habits, and mental distress have been the prominent causes.

We take pleasure in noting some of the important features of the following-named cases:

W. H. M., who was almost totally helpless nine months ago, due to the severe pains in thighs and viscera, and naturally from the prolonged period of anorexia and insomnia, causing him to be very weak, anæmic, and emaciated, has since so markedly improved by taking the proper anodyne treatment, soft foods, milk, and open-air exercise on his improved wheel chair, from five to eight hours daily, that he is now only occasionally suffering with a gastric crises, or the excruciating pains in the limbs, so often complained of.

Up to this date he has much increased in weight, eats and sleeps well, continues to take his daily exercise, and feels quite improved.

F. W. C. has been considerably exposed to the changes of the weather for many years. During the past year the preataxic and ataxic states have fully developed.

His anorexia and insomnia have weakened him considerably. The greatest difficulty was to treat his chronic and very obstinate constipation. He is now under a regularly prescribed course of diet, laxatives, tonics, and baths, with marked results.

The chief signs, symptoms, and conditions of the other four patients are found in the table.

C. W., whose history was given in 1895, died January 27, 1897.

He became an habitual user of morphine, contracting the habit by the self-administration of the drug during the severe attacks of pain. He soon required large doses for effect, until he became reckless in the administration, oftentimes overdosing himself, creating an irritable stomach, which, with his diseased kidneys, bladder, and rectum, yielded very little to any treatment. The exhaustion was too great and prolonged, and he died of paralysis of the heart. Several of the cases of 1895 and 1896 have grown materially worse, while a larger number have perceptibly improved.

No signs or symptoms of syphilis have as yet developed of those doubtful cases. And in these last six we fail to find any trace of syphilis, quite contradicting the statistics of numerous observers that more than 60 per cent have or had syphilis. This, with the two previous reports, confirms our belief that syphilis does not play such an important part as a cause.

Treatment has varied according to the development of the different stages, and to meet the requirements of each individual case. No specific remedy has yet been discovered and no permanent beneficial result seems to have been obtained from any one particular medicine or combination of medicines.

EXPLANATION OF TABLES.

The × denotes the presence of the condition at the head of the column; the — and + signs denote a slight and moderate degree, respectively.

Very respectfully,

D. C. HUFFMAN, *Surgeon.*

Gen. W. W. AVERELL, U. S. A.,
*Assistant Inspector-General,
National Home for Disabled Volunteer Soldiers.*

(Through Col. J. B. Thomas, Governor.)

WESTERN BRANCH.

NATIONAL MILITARY HOME,
Leavenworth County, Kansas, July 14, 1897.

SIR: I have the honor to inclose herewith continuation of reports made in former years in cases of locomotor ataxia at this Branch of the National Home.

I am, General, very respectfully,

D. C. JONES, Surgeon.

(Through Col. Andrew J. Smith, Governor.)

CASE 7.

[Service of Asst. Surg. O. C. McNary.]

Andrew J. Arnett, late Company B, Sixth Kansas Infantry.

Notes and treatment.—Arnett became anxious to prosecute a claim for pension by special act of Congress, and it was with difficulty that he was persuaded to remain in the Home and not take his discharge. He then wanted to be in a ward on the ground floor, that he might be able to get out and in easily, and he was transferred December 25, 1896, to the "old men's building."

He had been since June 30, 1896, in a comfortable condition and there was no apparent change in the disease up to the time of his transfer. Treatment up to time of transfer, argent. phos. and nux vomica.

Examination at time of transfer to "old men's building," December 25, 1896.—Has suffered no pain whatever since last examination.

No change in anæsthesia.

Conduction delayed in right foot 5 seconds; leg, 2 seconds; thigh, 1 second; left foot, 4 seconds; leg, 1 second; thigh, immediate.

Electrical reaction: No apparent change. The only reaction obtainable in the lower extremities was in the right thigh, to a strong, slowly interrupted faradic current.

Knee jerk absent.

Myosis, none; pupillar inequality, none; light reflex, fair only; patient is blind.

Ophthalmoscopic examination could not be made on account of the continuous oscillation of the eyeballs.

No desire for or power to accomplish sexual intercourse.

No apparent change in coordination power. In fact, the disease seems to be checked for the present; and while there is no improvement in any way, there is no retrogression.

CASE 10.

[Service of Asst. Surg. O. C. McNary.]

Almond M. Trunkey, late Company B, Eighth Iowa Infantry.

Notes and treatment.—This patient was on furlough from May 8 to September 4, 1896, during which time he took no medicine whatever, except to keep his bowels active, although he was furnished with medicine and prescriptions before starting. He said he thought medicine was doing him no good. About the time of his return, however, his pains increased in the legs and abdomen, and began in the rectum, so that he was perfectly willing to resume treatment on his arrival at the Home. The same treatment—argent. phos. and nux vomica—was again prescribed. For a time pains became lighter, but have not since been absent entirely. In January they became worse again and have caused him a great deal of suffering night and day since, but more severe at night. The girth pains also have been severe. Since April 3, 1897, he has again been troubled with diplopia, so that in reading or looking closely at anything he is obliged to cover one eye. By turning his head to the right and looking, as it were, out of the left corners of his eyes the diplopia disappears. His general health, aside from this disease, has been good.

Treatment.—Argent. phos. and nux vomica.

Examination June 3, 1897, before going on furlough.—Pain: The lightning pains present in legs, girdle pains in chest and abdomen, and spasmodic pains in rectum. No pains in upper extremities. Anæsthesia marked in lower extremities. Conduction delayed in right foot 1 second; calf, 5 seconds; thigh, 10 seconds; left foot, 1 second; calf, 10 seconds; thigh, 18 seconds; upper extremities, normal.

Knee jerk abolished.

Gastrointestinal crises twice since last report, but light. His rectum troubles him greatly, not only from hemorrhoids and constipation, but from spasmodic pains. He has no laryngeal troubles.

Has had four attacks of transient paralysis in lower extremities during the past year. These attacks occur at night and last from one to three minutes.

Electrical reaction perhaps less than at last examination.

Eye symptoms: Diplopia is a source of great annoyance. No myosis. No pupillar inequality. Light reflex good. Ophthalmoscopic examination shows some indications of commencing atrophy of optic nerve.

He has no sexual desires or power.

It is becoming harder for him to get up and down and to control the movements of the lower extremities. There is greater difficulty in walking. He walks with two canes, lifts his feet higher, and slaps them down more vigorously than formerly.

There are no joint affections.

His skin, where exposed to the light, is noticeably discolored by the silver phosphate.

To sum up: He is not in as good condition as at last report, but the change has been slow and is not great. Whether his neglecting to take his medicine during the time he was on furlough is the cause of his present backward condition is a question. I believe it is.

CASE 13.

[Service of Asst. Surg. O. C. McNary.]

George Mackey, late Company I, Fifteenth Michigan Infantry.

Treated at sick call.—The general health of this patient has improved greatly. He has gained still more in weight, his appetite is good, and he says he can eat anything now and call it good. He has been steadily improving in almost every respect. The ataxic gait is barely noticeable. He has more confidence in his legs, walks farther, and with less fatigue. Walks occasionally into the city and back, making six miles. Pains have been growing steadily less, and there is a nearly sensation in soles of feet when he walks or stands. The subjective symptom of cold in feet and legs has also become less, and is now but little noticed. The last examination reported was May 6, 1896, just before his going on furlough, at which time a change was made in the treatment. He had been taking argent. phos. and nux vomica, but to test the efficacy of zinc phosphide and nux vomica he was placed on that treatment, which he carried out faithfully during his absence, until August 7, 1896. On his return, examination showing no improvement, but rather a slight retrogression in some of the symptoms, he was again placed on the argent. phos. and nux vomica, which has been continued uninterruptedly since. He was given a supply of medicine and the prescription before leaving on furlough this spring. He wrote back a few days ago for a further supply of the medicine, which was promptly sent him.

Examination April 8, 1897, before furlough.—Pains steadily growing less in severity and frequency in legs.

Girdle pains absent.

Anæsthesia of lower extremities but slight; in right hand and arm, normal; left hand and arm, slight.

Conduction in right foot and leg immediate; left foot, delayed 3 seconds; leg, 2 seconds; thigh, immediate; upper extremities, immediate.

Knee jerk could not be elicited in either leg.

Visceral crises, none.

Constipation, slight.

Transient paralysis, none.

Electrical reaction, about normal.

Myosis, none. Pupillar inequality, none. Light reflex, good. He says his sight is improving. Ophthalmoscopic examination showed nothing abnormal.

Sexual functions: Has increased desire for sexual intercourse, but has only a few times had incomplete erections; no emissions.

Conduction greatly improved. Ataxic gait is barely noticeable. He can stand and walk fairly well with eyes closed.

No joint affections.

CASE 14.

[Service of Asst. Surg. O. C. McNary.]

Herman Hausler, late Company K, Third Illinois Infantry.

Notes and treatment.—From last report up to about February 1, 1897, Hausler was not doing well. He suffered continually with lightning pains in legs and back and the girdle pains of chest and abdomen. His gait was becoming more markedly ataxic and incontinence of urine was a source of great trouble to him. The treatment had been zinc phosphide and nux vomica. January 18, 1897, argent. phos. and nux vomica were substituted for these, and very soon after the change in treatment there set in a gradual change for the better in his condition.

April 20, 1897, he was furloughed to attend his trial before the United States district court for some offense against the postal laws. He was convicted and sentenced to one year in the United States Penitentiary at Fort Leavenworth, Kans. Since leaving the Home he has been under no treatment whatever. I visited him in the prison hospital June 22, and, with the consent of the surgeon in charge, examined him. I also made arrangements with the surgeon to continue the treatment with argent. phos. and nux vomica. Below I give his condition as found by examination before going on furlough April 20, 1897, and as found by examination at the prison June 22, 1897. The trouble and anxiety incident to his trial and conviction were undoubtedly important factors in causing the advance of the disease, as noted below. What, if any, part the want of treatment had to do with it can only be conjectured.

Examination April 20, 1897, before going on furlough.

Pains in legs and back are reduced in severity and frequency.

Anæsthesia marked in lower extremities, normal in upper.

Conduction delayed in right foot 3 seconds; leg, 5 seconds; thigh, 2 seconds; left foot, 2 seconds; leg, 2 seconds; thigh, 1 second; right hand, 4 seconds; arm, 1 second; left hand, 2 seconds; arm, immediate.

Knee jerk abolished.

No gastro-intestinal crises.

Can hold his urine quite well, but the call when it comes is quite urgent.

No transient paralysis.

Electrical contractility greatly reduced in lower extremities; in upper extremities, normal.

Myosis very marked; right pupil 2 mm., showing also extent of pupillar inequality. Light reflex very weak. Ophthalmoscopic examination revealed nothing abnormal.

No sexual desire or power.

Coordinating power in upper extremities normal. There seems to be an improvement in this power in lower extremities. He walks with a more certain step and there is less slapping of feet. Does not use a cane.

No joint affections.

July 14, 1896, he struck his left leg against the bed, producing a contusion and abrasion over the tubercle of the tibia. This suppurated, and was some three months in healing.

Examination June 22, 1897, at the United States Penitentiary.

Since May 1, 1897, has been suffering greatly with girdle pains, which, he says, "never let up." Has also severe and frequent attacks of lightning pains in legs and back.

June 20, 1897, two days before examination, he had severe lightning pains in right wrist also. This was the first disturbance of the kind in the upper extremities.

Anæsthesia marked in lower extremities, slight in upper.

Conduction delayed in right foot 4 seconds; leg, 30 seconds; thigh, 2 seconds; left foot, 10 seconds; leg, 12 seconds; thigh, 4 seconds; right hand, 2 seconds; arm, immediate; left hand and arm, immediate.

Knee jerk abolished.

No gastro-intestinal disturbances.

Incontinence of urine. There is continual dribbling.

Has transient paralysis of lower extremities, lasting about two minutes, and they are becoming frequent.

Electrical contractility still further reduced in lower extremities; normal in upper extremities.

No change in myosis or pupillar inequality. Light reflex barely noticeable. Ophthalmoscopic examination showed nothing abnormal.

No sexual desire or power.

Coordinating power in upper extremities lessened. In lower extremities, markedly diminished since last examination. Staggered badly and slaps his feet in an exaggerated manner and can not get along without a cane.

No joint affections.

The cicatrix of the sore on the tubercle of tibia broke down about one month ago, and there is now a suppurating sore in this situation.

CASE 15.

[Service of Asst. Surg. O. C. McNary.]

William H. Gardner, late quartermaster Thirtieth Massachusetts Infantry; Home number, 9,086; age, 54; white; nativity, Massachusetts; occupation, office man; married; no children.

Admitted to the Home and hospital July 3, 1896.

Diagnosis, locomotor ataxia.

History preceding present disease.—Was sound and healthy through childhood and until he was wounded in left thigh at Baton Rouge, La., August 5, 1862. He was laid up ten months, then returned to duty and served until December, 1865. He was afflicted the greater part of the time toward the close of the war with malarial poisoning. This became chronic, and he has been thrown into an attack by slight exposure ever since. Drank moderately only. Smoked, but not to excess. Quite moderate in venery. Never had gonorrhea or syphilis. Father died of nicotine poisoning, aged 68. Mother died of senility, aged 78. Patient the only child.

History of present disease.—In New York, in 1886, when he would begin using his pen in the morning he noticed his fingers appeared asleep. This feeling would pass off during the day, to return next morning. In Hutchinson, Kans., in 1887, he noticed his hand would "fly off" while writing, and he would make a scratch or blot. By May, 1888, he got to doing such bad work writing, and had such continual pains in his arms, that he was obliged to give up writing. He went to Omaha, Nebr., in June, 1888, and very soon after began stumbling as he walked, and received several pretty bad falls. He had special difficulty in going down hill. In 1889 found that as soon as night came on he could not go out of doors. He took to a crutch at this time. In the fall of 1889 he was obliged to have a boy to assist him in walking. In the summer of 1890 the first pains in the legs set in, although pains in arms had been severe since 1887. Pains would start in the heels and shoot up the legs as high as the knees. They have been steadily growing worse up to the present time. Never had the lightning pains in the trunk until about three months ago. Has had the girdle pains in trunk since 1892, but they do not trouble him much. He lost the desire for and power to accomplish sexual intercourse about the same time.

Causation: Malarial poisoning; condition on admission to hospital July 3, 1896.

Pains: Lightning in character in legs, thighs, and right arm, about every week, and lasting from twelve to forty-eight hours. Pains of lightning character in the trunk only once. Has girdle pains occasionally.

Anæsthesia marked over all the extremities.

Conduction delayed in right foot 3 seconds; leg, 2 seconds; thigh, 5 seconds; left foot, 5 seconds; leg, 2 seconds; thigh, 5 seconds; right hand, 4 seconds; arm, 5 seconds; left hand, 5 seconds; arm, 5 seconds; trunk, immediate.

No gastro-intestinal crises.

Has trouble in holding his water. The feeling at the time is always urgent, and he is obliged to urinate sitting on the seat, as he is liable to have an involuntary passage of the bowels at the same time. He never knows whether he has had a passage from the bowels or not without looking after he gets up.

Transient paralysis of legs come on occasionally at night.

Electrical reaction fair to a strong, slowly interrupted faradic current.

Myosis, none. Right pupil, 3 mm.; left, 5 mm. in diameter. There seems to be some explanation of left eye, and there is a slight external strabismus. Light reflex, very slight. Ophthalmoscopic examination shows nothing abnormal.

No desire for sexual intercourse and no power.

Incoordination of lower extremities very marked. Walks with a straddling gait and slaps his feet. Walks with one crutch and an assistant. Incoordination of upper extremities also marked. Can not button his clothes without looking, and generally uses a button hook. With eyes closed, and told to place his finger on his nose, placed it on his shoulder.

There are no joint affections.

Treatment instituted.—Pills of argent. phos. and nux. vomica, with acetanilid for the relief of pain.

He was under my care until July 23, 1896, at which time I went on detached service to Washington, D. C., with insane. He was transferred to "old men's building" August 1, 1896, during my absence.

CASE 11.

Robert B. Alexander, late of Company C, Tenth Kansas Infantry.

The condition of this patient is much the same as at last report.

Present condition.—Joint affection, none. Pain, same as at last report. Anæsthesia, no apparent change. Conduction, right foot, 2½ seconds; right leg, 2 seconds; right thigh, 1 second; left foot, 5 seconds; left leg, 3 seconds; left thigh, 2½ seconds. Patella reflex abolished. In left arm the elbow jerk is present. Crises, none. Pupillary inequality, none. No optic atrophy. Sexual desires same as at last report. Myosis, none. Coordinating powers somewhat improved.

Patient has passed a pleasant year. With his increased coordinating power he has enjoyed more freedom, and considers himself improving.

His treatment has been argent. phos. and nux. vomica.

CASE 7.

[Service of Asst. Surg. J. L. Fryer.]

Andrew J. Arnett, late Company B, Sixth Kansas Infantry.

Very little change has taken place in the condition of this man since last report. His ataxic symptoms have grown steadily worse, so that he can not walk unless somebody is by to help him.

Present condition.—No joint affections. Says he can predict a storm from pain in legs. Anæsthesia in legs and abdomen, marked. Conduction delayed in left foot 3 seconds; left leg, 2 seconds; left thigh, 1½ seconds; right foot, 2 seconds; right leg, 1½ seconds; right thigh, 1½ seconds. Elbow and knee jerk abolished. Gastro-intestinal crises, none. Conduction in upper extremities, left hand delayed 2 seconds. Transient paralysis, none. No change in electrical reaction since last report. Pupillar inequality, none. No myosis. Pupils do not respond to light. Coordinating power, same as at last report. Bladder trouble present. When once he begins to urinate, can not control urine. No rectal trouble.

CASE 15.

[Service of Asst. Surg. J. L. Fryer.]

William H. Gardner, late lieutenant, Company B, Thirtieth Massachusetts; occupation, clerk; age, 54; nativity, Massachusetts; family history, good.

Previous history.—Had always been a healthy man up to the time of the war. In July, 1862, while in camp opposite Vicksburg building Butler's canal, was taken with malarial fever of a very severe type, from which he was a long time in recovering, and has been subject to chills and fever ever since. His life since that time has been one of moderation, and, with the exception of an occasional attack of malarial fever, has never since had any sickness until the present attack.

In August, 1862, was wounded at the battle of Baton Rouge.

History of present disease.—About fifteen years ago, while riding on a train, noticed that he could not see with right as plainly as he could with the left eye, and that there was a great difference between the vision of his eyes. He went to an oculist, who prescribed glasses for him, but was satisfied that the oculist had not properly diagnosed his case.

Has had lightning pains in legs, girdle sensation. Talks as if he were tongue tied. Has drooling from mouth. When he gets excited and talks loud he has a terrible coughing spell. During these coughing spells he does not spit any phlegm and continues coughing until he is exhausted. He has lightning pains in legs. Has not been able to walk for the past three years without the aid of crutches. Can not walk at night at all. Paralysis has been noticed in left arm more than right. Has had trouble in urinating for some time, but no trouble with rectum.

Diagnosis: Locomotor ataxia.

Causation: Exposure.

Symptoms on present examination.—Motor symptoms: Tendon reflex in knee and arm abolished. Marked anæsthesia in feet and legs. Can not walk or stand with eyes closed. Electrical reaction greatly impaired in feet and left arm. Coordinating in lower extremities, diminished to the extent of his having to keep his eyes on the ground in order to stand or walk. In the upper extremities the coordinating power is decreased to such an extent that patient can not touch his nose when his eyes are shut with his left hand.

Sensory symptoms: Sensations of crawling insects over body are experienced at times. Has girdle pains around chest. Conduction delayed in right foot 4 seconds; right leg, 3½ seconds; right thigh, 3 seconds; left foot, 6 seconds; left leg, 5 seconds; left thigh, 3 seconds.

Eye symptoms: No muscular paralysis. Left pupil of eyes largest. Vision in right eye, 20-200; left eye, 20-40. Pupils do not contract to light. Myastigmatism, slight. Nothing abnormal was revealed by ophthalmoscopic examination. No diplopia.

Crises.—Has never had any gastric crises. Has had several laryngeal crises. The patient has had for years and still continues to have trouble with his bladder, but I am of the opinion that it is due to the ascending paralysis and can not be called a crisis.

Mental condition.—Patient's mental faculties are very good. He is, however, very excitable.

Treatment.—Phosphate of silver and nux vomica.

EASTERN BRANCH.

TOGUS, ME., July 12, 1897.

SIR: I have the honor to forward herewith my special report for the year ending June 30, 1897.

With the exception of a mild epidemic of influenza, of which we had 175 cases, the Home has been free from contagious diseases, and the mortality is less than for several years.

I invite your special attention to the report upon pulmonary tuberculosis and the suggestions therein contained.

Owing to the small number of new cases of locomotor ataxia, I have had prepared a résumé of all the cases treated since 1891, which has been tabulated in a clear and comprehensive manner by Assistant Surgeon Ridlon.

Very respectfully, yours,

W. E. ELWELL, *Surgeon.*

Gen. W. W. AVERELL, U. S. A.,

Assistant Inspector-General,

National Home for Disabled Volunteer Soldiers.

(Through Gen. Luther Stephenson, Governor.)

PULMONARY TUBERCULOSIS.

That consumption is an infectious, and therefore a preventable, disease is now a generally recognized fact. Since the discovery of the tubercle bacillus the laborious investigations of many observers, both in this country and in Europe, have clearly demonstrated not only its infectious character, but that it is much more universally prevalent than had been supposed. It has also been established that a cure is possible when the disease is recognized sufficiently early, but the most promising result of Koch's discovery so far obtained is the vigorous initiative that has been given to the movement for the prevention and gradual extermination of this "great white plague."

In the light of our present knowledge of this widely prevalent and generally fatal disease, the medical reports of the various Branches of the National Home, so far as they refer to pulmonary tuberculosis, are significant and suggestive of possibilities in the line of preventive medicine that are worthy of careful investigation. Including the cases reported as "acute phthisis," "fibroid phthisis," and "pulmonary tuberculosis," which are all forms of the same thing, differing chiefly in the amount of tissue involved and the resistance offered by the individual affected, 422 cases of pulmonary tuberculosis were treated in the hospitals and convalescent companies of the various Branches of the Home during the year ending June 30, 1896; and of the 973 deaths occurring in the Homes during that period, 122, or 1 in every 7.8 deaths, were due to phthisis, which is slightly in excess of the ratio in towns and cities generally, where the average has been found to be 1 death from this disease in every 8.

Nor do these figures represent all of the tuberculosis members in the Home, for there are very many "walking cases" who, either from the crowded condition of the hospitals or their own preference, are allowed to remain in the company barracks and receive treatment at surgeon's call, so that it is fair to estimate that there are between seven and eight hundred tuberculosis members cared for by the Home annually—enough to fill a large hospital devoted especially to their treatment.

That these cases could be better cared for, and their prospect of recovery greatly enhanced, in a hospital expressly designed for the purpose and located in a region where environment and climatic conditions were favorable is evident; but it is not for the tuberculosis members alone that the provision of such a sanitarium is called for. The protection of over twenty thousand other members from the possibility of infection from their sick comrades is a much more potent reason for the serious consideration of the feasibility of transferring all phthisical members to some one locality favorable to their recovery, and thus accomplishing the double purpose of protecting the noninfected as well as providing in the best possible manner for those already suffering from the disease.

The very nature of the Home is favorable to the propagation of tuberculosis, for more or less crowding seems to be inevitable, and the numerous corridors, piazzas, and halls, which are subjected to the constant jar from the treading of many feet, are ideal places for the dissemination and inhalation of the dried sputum which is scattered about in every favorable corner with an unconscious carelessness by the many victims who are still able to be up and about. While stringent rules requiring the

use of cuspidors may accomplish much, they can not always be enforced, especially with ignorant patients, so that the presence of many consumptives in a Home is a constant menace to the other members. A careful investigation of the cases treated at this Branch during the past year reveals the unpleasant fact that 40 per cent of them acquired the disease after coming to the Home.

The idea of colonizing and isolating these patients is not new, as many hospitals have already been established for this purpose in Europe, and several of the large cities of this country are now considering the erection of special hospitals, located at some distance from all other habitations, for the isolation of charity cases.

The various bulletins that have been published by the health boards of New York and other cities including tuberculosis among the infectious diseases have been too thoroughly discussed in the newspapers to warrant more than a passing mention as evidence of the general recognition of the necessity of establishing vigorous preventive measures for the control and suppression of a disease that at present claims nearly seventy thousand victims annually in this country alone.

The advantage offered by a hospital equipped for the care and treatment of one disease or class of diseases is evidenced by the results obtained in the numerous institutions of this kind; and if it has been found possible and desirable for the Army to establish a special hospital at Hot Springs, Ark., for the treatment of those diseases which are benefited by the waters of that place, the deaths from which are insignificant when compared with the ravages of tuberculosis, it is clearly justifiable for the Home to claim for its consumptive members the advantages offered by the elevated plateaus of Colorado, the sandy, pine-clad ridges of North Carolina, or some other equally favorable location.

That a great majority of tuberculosis patients would gladly accept of a transfer to a Home provided especially for them there is but little doubt, for the beneficial effects of climate and environment upon this disease are so universally recognized that limited resources alone prevent the majority of those affected from taking advantage of them. But, ignoring the wishes of these members entirely, the protection of others still free from infection is sufficient to justify the compulsory transfer of those whose presence endangers the lives of their comrades.

If it is the intention of the Board of Managers, as has been reported, to provide new Branches to meet the increasing demands upon the Home, instead of enlarging those already built, the establishment of a sanitarium for consumptive members would be alike in harmony with this plan and the progressive spirit that has always characterized the administration of the Home.

LOCOMOTOR ATAXIA.

Three new cases of locomotor ataxia have been under treatment during the past year; but as they have presented no features of special interest and are practically similar to those already reported, they have been included in the following tabulated résumé of all the cases treated since July 1, 1891, without the usual extended report.

Tabulated résumé of eighteen cases of locomotor ataxia treated at Eastern Branch of National Home for Disabled Volunteer Soldiers.

No. of case.	Age at time of onset.	Occupation.	Probable cause.	First symptom noticed.	Most prominent and annoying symptoms.	Duration.	Important features of treatment.	Results.
	<i>Years.</i>					<i>Years.</i>		
1	45	Clerk	Fatigue and exposure.	Lancinating pains in thighs.	Impaired vision and pain...	10	Phenacetin for relief of pain and systematic exercise of various muscles.	Died; necropsy showing inflammatory adhesions of membrane with cystic degeneration and sclerosis of posterior columns of cord.
2	36	Carpenterdo	Formication	Anæsthesia and incoordination.	15	Regulated exercise, suspension, and silver nitrate.	Died on furlough, so necropsy not obtained.
3	38	Cotton spinner.	Syphilis	Lancinating pains in lower extremities.	Impaired vision and visceral crises.	9	Regulated exercise, suspension, and iodide of potash.	Considerably improved, and discharged from Home on furlough.
4	54	Carpenter	Syphilis and excessive venery.do	Anæsthesia and incoordination.	5	Regulated exercise, suspension, strychnia, and iodide of potash.	Greatly improved, and discharged at own request.
5	47	Barber	Syphilis	Pain in lower extremities.	Impaired vision and incoordination.	4	Regulated exercise, iodide of potash, and phenacetin.	Died; necropsy showing degeneration and cystic condition of posterior columns of cord.
6	51	Watchman	Alcoholism and exposure.do	Pain, gastric crises, and incoordination.	9	Phenacetin, silver nitrate, and galvanism.	Considerably improved.
7	58	Laborer	Syphilis and exposure.	Lancinating pain in lower extremities.	Anæsthesia and incoordination.	8	Regulated exercise, iodide of potash, and galvanism.	Progress of disease delayed and considerably improved.
8	44	Painter	Lead poisoningdo	Pain and girdle sensation.	13	Regulated exercise, phenacetin, and gold salts.	Greatly improved in all respects.
9	49	Laborer	Excessive venery and alcoholism.	Pain in lower extremities.	Pain and incoordination	10do	Slightly improved.
10	50	Barber	Syphilis and excessive venery.dodo	7do	Considerably improved.
11	31	Iron molder	Obscure	Girdle sensation	Gastric crises and girdle sensation.	21do	Greatly improved and progress of disease checked.
12	41	Laborer	Trauma	Pain in lower extremities.	Pain, girdle sensation, and incoordination.	9do	Slightly improved.
13	50	Merchant	Syphilisdo	Incoordination and Argyll-Robertson pupil.	7do	Progress of disease apparently checked.
14	54	Shoemaker	Obscure	Girdle sensation	Incoordination and retention of urine.	5	Strychnia and gold salts....	Progress of disease checked.
15	48	Electrician	Exposure and fatigue.	Pain in lower extremities.	Pain and gastric crises	15	Regulated exercise, phenacetin, and gold salts.	Slightly improved.
16	53	Showman	Syphilis and excesses.do	Pain and paralysis of lower extremities.	7	Phenacetin and gold salts....	Died; body claimed by relatives; no necropsy.
17	36	Fisherman	Fatigue and exposure.do	Pain, anæsthesia, and Romberg's sign.	27	Regulated exercise and phenacetin.	Remains unchanged.
18	46	Dentist	Exposure and excesses.do	Girdle sensation and Romberg's sign.	10	Regulated exercise, phenacetin, and gold salts.	Slightly improved.

SUMMARY.

The average age at onset, in the foregoing tabulated cases, was 46½ years.

All but five of the eighteen followed occupations involving manual labor chiefly.

In seven there was a clear history of syphilis, while in the other cases fatigue, exposure, and alcoholism are prominent as causative factors.

The first symptom noticed in all but two of the cases was pain or formication in the lower extremities, and in these two cases the girdle sensation appeared first.

Incoordination has been universally present, and was one of the most prominent and annoying symptoms in ten of the cases. Pain is a close second as a conspicuous and distressing feature of nine cases.

The average duration of the disease has been ten and one-half years.

A regulated and systematic exercise of the ataxic muscles after the Fraenkel method has enabled many of the patients to overcome, to a considerable extent, the tendency to incoordination, but the results obtained from this measure are merely the relief of a symptom, and do not appear to have any effect upon the general progress of the disease. In all but three of the cases phenacetin has proved to be by far the best agent for the relief of pain. It can be given in large doses frequently repeated without any dangerous symptoms resulting. Bromide of gold and arsenic, strychnia, and the iodide of potash have been observed to have a definitely beneficial effect upon the general progress of the disease, when given for long periods in large doses.

In ten of the eighteen cases relief of the symptoms and improvement of the patient's general condition has been obtained, and in one of these the improvement amounted almost to a cure. One case remains unchanged by treatment, while in three others the progress of the disease has been appreciably delayed. A necropsy could be obtained in only two of the four deaths, and in both of these cystic degeneration of the cord was present, as well as the commonly observed changes.

PACIFIC BRANCH.

SOLDIERS' HOME,

Los Angeles County, Cal., August 4, 1897.

SIR: I have the honor to submit the following report on cases of locomotor ataxia treated at this Branch during the past fiscal year

Very respectfully, your obedient servant,

H. E. HASSE, *Surgeon.*

Gen. W. W. AVERELL, U. S. A.,

Assistant Inspector-General,

National Home for Disabled Volunteer Soldiers.

(Through Col. Andrew J. Smith, governor.)

LOCOMOTOR ATAXIA.

[Services of Dr. H. G. Burton.]

CASE II.

Jeremiah Hackley, One hundred and seventh New York Infantry.

Case reported on last year as presenting at that time an amelioration of symptoms. During the past year pains have diminished in severity. Ataxia has increased very little, if any. Has had a few attacks of diplopia, and there is considerable tremor of hands. There is no amblyopia, but the Argyll-Robertson pupil is present. Ability to empty the bladder decreasing. Sexual desires diminishing. Areas of anæsthesia extending. These symptoms indicate that the disease is slowly extending. The treatment has been potassium, iodide, elixir iron, quinia, and strychnia, and a sparing use of anodynes.

CASE IX.

David Ebi, Company B, Third Colorado Cavalry.

Case was reported fully last year.

History during past year is that of increasing ataxia. Pain continues severe in upper extremities and around trunk, necessitating hypodermic injections of morphia for its relief. The treatment has been that of general tonics and anodynes. The

tendency of the disease is slowly progressive, as indicated by the pain continuing severe. Ataxia slowly increasing; vision gradually failing; areas of anæsthesia extending.

CASE XI.

[Services of Dr. Edwin C. Van Dyke.]

John Grant.

Reported the preceding year. There is a steady increase of all tabetic symptoms. Locomotion has become difficult, with tottering gait.

CASE XII.

Charles Brendel, Company H, Third Michigan Cavalry; age, 59.

Case reported last year. Lancing pains in lower extremities have gradually increased, both in severity and frequency. Vision has also steadily diminished. Patient has been several times prostrated during the course of the year by the pain and bladder crises. He now moves about, but only with great difficulty, the ataxia and increasing weakness practically keeping him continually confined.

CASE XIII.

Edward C. Ketchum, Company K, Sixty-seventh Ohio Infantry; age, 56.

Case reported last year. During the course of the year the epileptic spasms have increased in frequency. The pain in the left side, arm, and legs is now more constant and severe. In other respects patient is about in same condition as last year, except that he is weaker and duller.

CASE XIV.

Charles S. Kinsey, Company A, Sixth Ohio Infantry; age, 51.

Case reported last year. During the course of the year symptoms have become more marked. Patient now has practically no relief from the intense pain, and in consequence is in a very feeble condition. During the last few months patient has been obliged to reduce the amount of antipyrine taken daily from 120 grains to 60, and sometimes to 30 grains. The drug, aside from its depressive effect on the heart, was causing night sweats, which greatly weakened him. Condition in this respect much improved in consequence.

CASE XV.

[Service of Dr. H. G. Burton.]

Peter Fox, Company G, First Oregon Infantry.

Case reported last year. Change in patient's condition since last report is not great. There is probably a slight change for the worse. In the main symptoms of the disease it is scarcely perceptible. The incontinence of urine is complete. Treatment is that of general tonics.

CASE XVII.

John M. Day, Fifth Independent Battery Ohio Artillery; age, 61; born in Kentucky; family history, good; no history of any nervous disease in family; occupation, teamster.

Before the war employed about racing stables. Moderate drinker. Never had any venereal disease. Chews tobacco. In early life was addicted to sexual excesses. Was exposed to wet and cold hardships while driving stage in the Western country. Left knee injured by a kick from a mule four years ago. Afterwards injured by a sleigh running over it. No other serious sickness or injury. Shortly after these injuries began to have shooting pains in the lower extremities. About six months later noticed difficulty in walking and in climbing on the coach. Afraid to trust himself in the dark. Says he could walk fairly well on level ground but staggered over uneven surfaces. After about eighteen months pain diminished, but loss of power increased.

Present condition.—Pains not very severe, ataxia, incoordination marked; has Romberg's symptom. Gait is characteristic of the disease; throws feet forward in an awkward manner when walking; toes pointing upward; has diplopia at times; sensation diminished; cutaneous in lower extremities; patella reflexes very much diminished; no pupillary symptoms; no marked crises; sexual desire is much diminished, but not abolished. These symptoms indicate that the disease is slowly progressing. He has never been treated in hospital; has been given arsenic, quinine, iron, and strychnia.

CASE XVIII.

James P. Atkinson, Company I, Second California Cavalry; age, 64; born in Ohio; single; occupation, bricklayer; family history, unknown.

Crossed the plains to California in 1856; in Army about three years, mostly hard service, scouting after Indians in the Northwestern Territory. After the war lived eight years in Arizona. No serious sickness or injury until about 1891, when he suffered sunstroke at Phoenix, Ariz. Never used stimulants to excess; never had syphilis. After sunstroke was delirious a short time and suffered greatly from pain in head. Confusion of mind that compelled him to travel about from place to place. Never has been able to work since the sunstroke. About four years ago began to have shooting pains through lower extremities, quickly followed by difficulty in walking. Can walk as well in dark as in light.

Present condition.—Pain is diminishing during the past year. Ataxia shown by Romberg's symptom and the characteristic gait. Coordination of muscles of upper extremities good; never had diplopia; ataxic symptoms have increased during the past year. Cutaneous sensation of lower extremities diminished. Patella reflexes abolished. Pupils react very slowly to light, readily during accommodation. Vision: Right eye, 20-40; left eye, 22-100. There is marked atrophy of left optic nerve and beginning atrophy of right. These symptoms indicate that the disease has steadily extended during the year. He has had bromide of potassium and ergot for the cerebral congestion, arsenic, and general tonics. Has not been necessary to resort to anodynes often.

CASE XIX

Harrison W. Bell, Company M, First Michigan Engineers; age, 55; born in Michigan; occupation, farmer.

Since close of war has followed railroading a good deal. Family history good, save that one sister was weak-minded and died in youth. Never used alcoholics to excess, never had syphilis, and never much exposed to wet and cold. Fell from a caboose car July, 1876, and broke left hip. During war (1864) had dysentery six months. Occasional attacks of dysentery since. During winter of 1895 first noticed sensation of extreme cold alternating with burning heat in feet. After about four months had the sensation that feet were standing in mush in his shoes. Difficulty in walking was noticed soon after.

Present condition.—Shooting pains in legs, especially after exertion; ends of fingers of both hands very painful the past year. Has had girdle pains more than a year. Incoordination of muscles of lower extremities marked. Upper extremities noticeable. Romberg's symptom present. No diplopia. Expulsive power of bladder very much diminished. Anæsthesia of lower limbs pretty general; also of palmar surface of hands. Patella reflexes greatly diminished. Loss of sexual desire. Vision not much affected. These symptoms are a little more marked at present than at six months previously.

Treatment.—Arsenic, elixir quinia, iron, and strychnia.

CASE XX.

Ambrose Craig, Company A, First Minnesota Rangers; age, 52; native of New York; married; occupation, carpenter.

Family history.—Good. Free from history of nervous diseases. In 1883, during service, was run over by a loaded freight wagon and fractured ilium of right side. Disabled for rest of service, about nine months. No sickness or injury since that time. Never intemperate. Had gonorrhea. No syphilis. Never much exposed to wet or cold. Most of work performed indoors. Four years ago began to be troubled with shooting pains in lower extremities; about same time began to have difficulty in walking, especially in the dark.

Present condition.—Pain still severe enough to frequently prevent sleep. Is increased by exertion, and still of shooting character. Not quite as severe during the past month. Ataxia marked. Incoordination of muscles of lower extremities past month. Gait straddling; can not walk a straight line. Must turn with great deliberation or fall. Muscles of upper extremities not much affected. Diplopia present at early stages at times lately. Tremor of hands. Soles of feet numb. Sensation of felt soles in shoes. Anæsthesia of cutaneous surface of legs. Sensation of girdle present. Has gastric crises. These symptoms indicate the gradually progressive character of the disease in this patient. Has had faradism to muscles; cautery over spine. Arsenic and general tonics.

CASE XXI

Robert W. Schofield, hospital steward United States Army; age, 61; native of Ireland; came to America in 1842; principal occupation in life, druggist.

First enlisted in 1856, Company F, Ninth United States Infantry. Served in Army

pretty continuously until 1876. Much of the service was severe and in the Northwest Territories. While on the Crook campaign in Dakota in October, 1876, being in charge of about 50 wounded men, was exposed to wet while crossing these men over the Belle Fourche River on horses, took a severe cold, and at that time first had incontinence of urine. Right great toe was amputated on account of frost bite in 1883. Shooting pains began in legs in 1888. At same time severe pain in lower part of spine, and also retention of urine. Pains gradually grew more and more severe for about nine months, when difficulty in walking appeared. Lost power first in left foot, afterwards the right. Sensation of bands around the body. A little later had double vision.

Present condition.—July 1, 1897, there is incoordination to the extent of rendering walking nearly impossible. Romberg's symptom marked. There is also marked atony of the muscular walls of the bladder. Has not had diplopia. Pain is not as severe as formerly. Reflexes are nearly abolished. Is nearly blind in left eye and vision is failing rapidly in right eye from atrophy of the optic nerve. He has the Argyll-Robertson pupil. Denies the use of alcohol and having had syphilis. Has been under treatment but a short time, having been admitted to the hospital July 11, 1897. He is getting hypodermic of strychnia and anodynes when needed.

CASE XXII.

David Fitzgerald, Company D, First Washington Territory Infantry; age, 56; native of Pennsylvania; occupation, farmer.

Family history.—Father died of asthma and mother of chronic lung disease. One brother died of cancer. While serving in Idaho scouting, was very much exposed to wet and cold. Not intemperate; never had syphilis. Attributes trouble to injury of spine received in a fall in 1884. In 1886 he first noticed that he could not strike the head of a nail when driving it. Shortly after that it became difficult for him to walk, especially at night. Could not even sit in a buggy upright without falling. These symptoms were not preceded by any marked pains in limbs. Diplopia was an early symptom. There has been a steady loss of power in muscles of lower extremities and to lesser degree of the upper. Incontinence of urine occurred about four months ago. Patella reflexes abolished; can not stand alone at present. Cutaneous anesthesia of the lower extremities. Optic atrophy is beginning. Nothing abnormal about pupils. Has lately had girdle sensations and inability to expel urine. All these symptoms are much more marked than they were a year ago.

Treatment.—Potassium iodide, arsenic, elixir of iron, quinia, and strychnia.

CASE XXIII.

James F. Shepston, Company F, Sixth Vermont Infantry; age, 55; occupation, bridge builder.

Family history.—Good. Nature of his occupation often compelled him to exposure of wet and cold. Used tobacco constantly since the age of 14. Indulged freely in the use of alcoholic stimulants until the receipt of an injury in 1889. He fell from a bridge, causing a partial paralysis of both legs, and was in bed helpless for five or six months. Able to walk about a year after the injury, but never entirely recovered from its effects. Never had syphilis. Present condition gradually supervened on that, and commenced with lancinating pains in lower extremities, followed shortly by gradual loss of power.

Present condition: July 1, 1897, pain less severe in lower extremities, increasing in the upper. Numbness and formication in all the limbs. Ataxia very marked. Can not walk without the aid of crutches. Had attacks of diplopia. Has girdle pains. The Argyll-Robertson pupil marked, and the patella reflexes are abolished. The disease is progressing.

Treatment.—Arsenic, counterirritants over the spine, elixir of quinia, iron and strychnia.

CASE XXIV.

Frederick T. Laux, United States Navy; age, 57; occupation, cabinetmaker; native of Germany; came to America in 1864; enlisted one month after,

Family history.—Good. Had typhoid fever when a boy; recovered perfectly. While at sea was much exposed to cold and wet. Had gonorrhea, but denies syphilis and intemperance. Right arm broken just above elbow joint, and right shoulder dislocated during the war by falling on the deck of a man-of-war while carrying tools. Was made deaf in right ear by discharge of cannon on board ship. In 1880 was cut on anterior surface of right arm by a chisel, causing flexor tendons of middle and ring fingers to contract. Had some ribs broken by falling from a barn in 1895. For ten years past has had shooting pains in legs, gradually increasing

in severity. At the present time has them in upper extremities. Has severe shooting pains around the trunk. Ataxia is not marked. Can stand very well with feet together and eyes closed. Gait is a little uncertain. Slight incoordination of muscles of upper extremities. Patella reflexes are diminished. No pupillary symptoms. Vision slightly impaired. This case presents a long first stage, and is noticeable for the great severity of the girdle pains. The symptoms are all very slowly increasing in severity.

Treatment.—Phenacetin and lactophen, which alleviate the severity of the pain. Elixir of iron and quinia have improved his general condition.

CASE XXV.

[Service of Dr. Edwin C. Van Dyke.]

Albert Dawsey, Company E, Thirty-second Ohio Cavalry; age, 50; nativity, Ohio; occupation, railroading; social relation, single; weight, 118 pounds; height, 5 feet 7½ inches.

Family history.—Parents both dead at age of 60. Patient never knew any disease that either was subject to. During the civil war patient had severe chronic diarrhea. Denies syphilis and excessive use of alcohol or tobacco. About 1892 first symptoms of present trouble noticed. The feet began to be very cold, then lancinating pains began to be noticed. These latter were at first confined to the legs and feet, but they gradually extended into the thighs and later to the waist line. Numbness and a tingling sensation developed at the same time in the parts affected, and also in the hands. Symptoms have gradually increased in severity. On February 6, 1894, patient was attacked with a stroke of paralysis and was for a time unconscious, and for some months totally helpless, the entire lower part of the body being completely paralyzed and the arms and the upper part of the body much weakened. Patient gradually recovered sufficient control over his legs to be able to move about with the aid of crutches. He has never had any control over his bladder since. Twice since this attack patient has been very much weakened by diarrhea and retention of urine, but during the last year has not had any distressing symptoms. Romberg's symptom prominent. Ataxic gait. Can cross left leg over right and right over left, though the former only with great difficulty. Only able to do this during the last few months. Muscular power of legs much diminished, and that of the arms little less than normal. Pains shoot from level of first lumbar vertebra to toes. There are also occasional shooting pains in the arms and down the left side of thorax. Girdle symptoms prominent. Sensatory conduction retarded through both legs and arms. Entire cutaneous surface of body below level of first lumbar vertebra anæsthetic, with the exception of region of thighs supplied by the ilio-hypogastric nerves. Cutaneous surface above waist line only slightly anæsthetic. Right patella reflex much diminished. Left slightly diminished. Bladder entirely paralyzed and abdomen rather prominent. Argyll-Robertson pupil. Vision good in both eyes.

Treatment.—Strychnia and anodynes as required.

Urine: Specific gravity, 1.027; reaction, acid; no albumen and no sugar.

CASE XXVI.

Peter Bortle, United States Navy; age, 65; native of New York; occupation, seaman and lumberman; social relation, single; weight, 160 pounds; height, 5 feet 11½ inches.

Family history.—Patient does not know cause of parents' deaths. Says they were perfectly healthy when he last saw them. One sister dead and one living. In spring of 1865 patient was much weakened by diarrhea. About 1892 patient's spinal trouble was first manifested. Patient had been much exposed to wet and cold. Had gonorrhea about thirty years ago; cystitis for several years, and now has a slight stricture. He denies syphilis and the excessive use of alcohol or tobacco. Vision has been failing since 1870. During 1893 he suffered much with intense pain in the eyes. Since 1892 he has suffered severely with lancinating pains in his legs, especially the right one, and occasionally in his arms and about his chest. During the last six months patient has been free from the pain in the eyes, the pains in the legs have been less severe and less frequent, but there has, at times, been very severe pain in the region of the stomach.

Examination.—Myopia and neuro-retinitis, vision at present 2-100 in both eyes. Ataxic gait and Romberg's symptom prominent. Can cross left leg over the right, but not right over the left. Great loss of power of muscles of right leg, no perceptible loss of muscles of left leg, and practically no power at all in the right arm. Muscles of upper right arm flabby. Lancinating pains most severe in right leg, extending from the top of hip to the big toe. Girdle pains severe. No transmission of sensation through right leg or right arm, and much retarded transmission through

the members of the left side. Cutaneous surface of entire body anæsthetic, with the exception of a band one and one-half inches wide at the level of the second lumbar vertebra. Formication sometimes noticed in various parts of the body. Patella reflexes increased. Slight ankle clonus.

Treatment.—Stimulants and anodynes as required. Potass iodid for a time, but without beneficial effects.

Urine: Specific gravity, 1.016; reaction, acid; no sugar and no albumen.

CASE XXVII.

John Thompson, Company B, Second Massachusetts Cavalry; age, 67; nativity, England; occupation, soldier; social relation, widower; weight, 123 pounds; height, 5 feet 7 inches.

Family history.—Both parents exceedingly healthy, and patient himself free from all trouble until injured in the civil war. In 1864 he received a gunshot wound in the right knee and a wound in the cranium from a blow with the butt end of a pistol. A depression on the right side of the head posterior to the apex marks this latter injury. In 1870 he was attacked with articular rheumatism of the knees and ankles. This has continued to the present time, though the attacks are rather mild now. Spinal trouble first manifested itself about 1877. Patient denies syphilis; had gonorrhea about 1880; never used alcohol to excess, but has always been a good deal of a smoker. In 1877 he first noticed lancinating pains extending from the knees to the feet. In time these extended into the thighs, but have never gone above them. The attacks of pain at first occurred only at intervals of two or three days, but they have gradually become more frequent as well as more severe and lasting. During the attack the patient has sense of numbness in the limbs combined with cramps. During several of the severe attacks patient's toe nails dropped off. During the course of the last year patient has not been troubled with this, and the cramps have been somewhat lighter. Formication has also been noticed, and this has become more noticeable as the other symptoms have ameliorated. About 1889 patient first noticed that during the attacks of pain he could not retain his urine. This has continued. During the very severe attacks patient suffers from dizziness, is slightly demented, and when he attempts to walk staggers, leans a little to the left side, and turns around more or less on a circle. Some slight gastric symptoms also exist.

Examination.—Romberg's symptom prominent. Can easily cross legs. Nerve conduction retarded in legs. Pains extend from groin to toes, and are especially painful in region of shins. Cutaneous surface of body hyperæsthetic. Patellar reflexes abolished. Argyll-Robertson pupil absent. Eyesight splendid. No girdle pains at present.

Treatment.—Stimulants and anodynes as required.

Urine: Specific gravity, 1.020; reaction, acid; no albumen and no sugar.

Diagnosis: Locomotor ataxia, gunshot wounds, and depression of skull.

RÉSUMÉ OF CASES OF SPINAL SCLEROSIS REPORTED.

A close examination as to etiology in these 27 cases gives a positive history of syphilis in 8; in 14 exposure to wet and cold entered as a factor; in 2 cases alcohol, and in 3 cases alcohol and tobacco were elicited as the main causes. During the past year 2 have died—F. A. W. (Case VI), from intercurrent attack of pneumonia, and P. C. (Case VII), in the advanced paralytic stage, and therefore in the direct line of sequelæ of chronic spinal sclerosis.

OHIO SOLDIERS AND SAILORS' HOME.

JULY 1, 1897.

SIR: I have the honor to transmit herewith reports of cases of locomotor ataxia treated at this Home during the year just gone. Several cases have been admitted to the Home suffering from tabes, but before treatment could be attempted most of them had disappeared, some discharged and others left from choice. There will be no new features in my report, for I believe the care of the ataxia patient has become simple, indeed, and good results are obtained by the use of the iodides in connection with strychnine. There is no doubt in my mind but that the extreme lithotomy position is an important part of the treatment, and accomplishes far more than anything in the shape of counter irritation, etc. In some cases the lightning pains have about disappeared with no other form of treatment than this hyper-extension position.

I fully believe the diagnosis of locomotor ataxia to be far more difficult than we are at first inclined to acknowledge. There are so many affections arising from

sclerotic changes in the cord, and some of these are extremely hard to differentiate from those of posterior sclerosis.

None of the cases reported last year have died here, so that the correctness of our diagnosis is not beyond dispute.

Last year a short report on the treatment of tuberculosis was appended, and as the same treatment has been continued throughout the year, a short showing of results will be again added. These cases have been carefully reported by Asst. Surg. R. D. Burnham.

Most respectfully,

J. T. HAYNES, *Surgeon.*

Gen. W. W. AVERELL, U. S. A.,

Assistant Inspector-General,

National Home for Disabled Volunteer Soldiers.

(Through Gen. M. F. Force, Commandant.)

CASE I.

Thomas J., age, 49; occupation, stone mason.

Hereditary tendencies.—Parents, consumption on mother's side; father, long lived.

Clinical history taken June 22, 1894.—Acquired diseases: Fever, typhoid in 1856; lungs, chronic bronchitis; kidneys, chronic cystitis, gleet; pelvic organs, chronic diarrhea for years; venereal, syphilis pronounced in 1865.

Habits.—As to diet, regular; alcohol, always a drinker; tobacco, very moderate use of tobacco; venery, moderate.

Sensory phenomena.—Anæsthesia of both legs and left arm. Attitude with feet spread. Gait, hamstrung, flopping gait. Sense of smell, normal. Eye, pupil right eye enlarged and react to light and distance; lids, ptosis of right eye; ocular movements, defective in right eye; vision, defective in right eye. Ear, hearing defective. Spinal cord, deep reflexes, loss of patellar tendon; delayed sensation, slight; anæsthesia, legs and left arm; hyperæsthesia, both feet; pain, lightning in both legs; coordination, very defective. Pulse, normal; temperature, normal; respiration, embarrassed; voice, husky; fibrillary twitchings, slight; handwriting, defective; condition of urethra, gleet; condition of bladder, chronic cystitis; condition of heart, mitral regurgitation.

Diagnosis.—Locomotor ataxia.

After the war had pronounced chancre followed in six months by sore mouth, etc. In 1878, while painting, suddenly had twitching of right eyelid followed by ptosis. As the latter improved, eyesight failed and strabismus resulted; now has ptosis, external strabismus and amaurosis of right eye. In 1890 had lightning pains in left leg with numbness; this was succeeded by soreness at points along legs; afterward involved both lower extremities and arm.

Condition June 26, 1897.—Seems to be on the gain in every way. States that at times he has lightning pains in legs, but believes they are stronger. Has ataxic walk, but not so marked. Complaints of incontinence of urine at times only. Has been doing some work outside of the Home. Anæsthesia and hyperæsthesia are about the same. Patellar reflex gone. Well nourished. No disturbance from cardiac difficulty.

Treatment.—From the beginning up to the present time patient has been on strychnine, and for a while was taking one-half grain daily. If it happened at any time that the strychnine was permitted to die out he would soon announce the fact by stating that he was not feeling so well. The bladder was perfectly controlled by the use of sandalwood belladonna.

RESULTS AFTER THREE YEARS' TREATMENT.

January, 1894.

Has characteristic gait and stands with spread feet.

Lightning pains, marked.

Marked anæsthesia in legs and left arm.

Patellar reflex, absent.

Complaints of pain in back of neck.

Girdle sensation, marked.

There is no wasting of muscles.

Can not stand erect, heels touching, eyes closed without body swaying noticeably.

Plantar reflexes, present.

June, 1897.

Has peculiar attitude, but shows little ataxic gait.

Occasionally noticed.

Sensation greatly improved.

Patellar reflex, absent.

No pain.

Girdle sensation, not marked and only felt at intervals.

Wasting of muscles but slightly apparent.

Has considerable swaying, but not so marked.

Plantar reflexes, unchanged.

CASE II.

Cornelius D., Company E, Sixteenth New York Flying Artillery; age, 67; occupation, brick mason; nativity, American; race, white; physique, spare.

Admission: February 11, 1893.

Disease: *Tuberculosis dorsalis*.

Urinalysis: Sp. gr., 1.024; color, dark; reaction, acid; traces of albumen.

Family history.—Nil.

HISTORY AND DIARY OF THE CASE.

Past history.—Patient states that he has been an habitual drinker for a long period. Does not admit that he ever had any venereal disease. Has had rheumatism in back and shoulder for years since the war. About four years previous, while working in the water up to his hips, he became disabled so that he had to stop work. At that time he had marked weakness of both legs and violent shooting pains down from the back to the knees. He soon had pains in the region of the spine, with slight girdle sensation. Says that after pains had subsided spots of discoloration would appear where the pain had been. Shortly after this had numbness of both feet and legs and walked like a "hamstrung" horse, as he described it; would lift his feet too high; could not put them down well, and could not feel the ground under his feet. Has never had pains in stomach or viscera. No vomiting.

Condition June, 1894.—No pain in extremities except at times, and then mostly below the knees. Anæsthesia of left leg marked, but very slight in right leg. Can feel hair pulling and pinching in left leg with difficulty, and can not distinguish contact points of æsthesiometer at 4 inches on either leg. With heels together and eyes closed would weave backward, but would not fall. Muscles of both legs of moderate size and power. Knee jerk normal in both legs. Electrical reaction not tried. Pupils evenly contracted and react both to light and distance. No paralysis of extensor muscles or internal lesions that can be found by ophthalmoscopic examination. No affection of joints.

Condition June, 1896.—Pulse, 87, regular; respiration, 26; temperature, 99° F.; appetite, poor; sleep, disturbed by pain in back and side; inability to stand with eyes closed; can not walk without use of cane; has the sensation of something soft under the feet. Incoordination of muscular movements very marked in legs and to some extent in arms and hands. Has the gait peculiar to this disease. Unable to walk a mark on the floor; can not walk in a path unless it is about 2 feet wide. Delayed sensation in all parts of the limbs. Partial anæsthesia of left arm and hand, with almost complete anæsthesia of feet and legs to the knees. States that one year ago there was complete anæsthesia of feet and legs. Partial paralysis of left shoulder, arm, and hand; right side but slightly affected. Patellar reflexes greatly reduced. Ulnar sensibility almost destroyed. Ciliary reflex responds slowly to distance accommodation, and but little, if any, to light. Pupils about normal. Almost entire loss of sight of left eye. Constant pain in back, side, and left shoulder, with sharp, shooting pains in body; pains in legs about as they were one year ago. With the exception of slight improvement of the feet and legs to the knees, the patient's condition is worse than it was one year ago, and he states that he can see that his general condition is gradually failing.

Condition June, 1897.—Great incoordination. Partial anæsthesia; delayed sensation. Attitude spraddling. Gait is very uncertain; uses a cane with difficulty. Sense of smell nearly destroyed. Pupils normal; reflexes respond slowly to distance accommodation. Lids normal. Ocular movements greatly reduced. Vision very poor. Slight reflexes obtained of right fundus; left obscured by opacity. Nearly deaf in left year. Memory poor. Emotions disturbed. Frequent attacks of vertigo. Taste almost destroyed. Articulation very indistinct. Deglutition difficult. Attitude of lips about normal. Movements of tongue good. Superficial reflexes destroyed. Deep reflexes slightly reduced. Anæsthesia very marked in limbs. Pain constant over entire body. Tremor of hands and legs.

Treatment.—In this case, especially, was strychnine put to the test. Patient was put on strychnine early in the treatment, and this was pushed gradually to point of toleration. With this patient the point of toleration was gr. 0.1 three times a day. At one time potassium iodide was given in connection with general tonics. Bowels kept in lax condition by the use of cascara sagrada. It must be admitted in this case that no form of treatment has done any good so far as retarding the ataxic condition, for the patient has at no time been any better for what has been attempted, and there is no question but the sclerotic condition is progressing. The extreme lithotomy position was faithfully administered, but failed to give good results. Patient is now in hospital quarters and has received all that can be done for him. Phosphorus has been given in combination with strychnine, and lately potassium iodide has been given in 60-grain doses three times a day, but patient's condition remains unchanged except for the worse.

CASE III.

Martin, M., Company H, Forty-sixth Ohio Volunteer Infantry; age, 68; occupation, farmer; nativity, Germany; race, white; social condition, single; physique, well nourished.

Admitted April 24, 1890.

Disease: Tabes dorsalis.

Urinalysis: sp. gr. 1.220; color, straw; reaction, acid; traces of albumen.

Family history.—No inheritable diseases in any branch or member of the family.

HISTORY AND DIARY OF THE CASE.

Had every disease common to childhood. Denies ever having syphilis or gonorrhea. States that one week prior to attack he was ditching in the wet and cold; he considers that this was the cause of his disease. While building fence found that he was unable to take up a rail without toppling over. Following this came the lightning pains in both legs, girdle sensation, and other manifestations of the disease. Patient states that all symptoms came on in a few days. Anæsthesia was preceded by a short period during which sensation was partial and greatly delayed as regarding perception. Incoordination was so great that patient was afraid to walk about.

Physical examination.—Patient fairly well nourished; eats and sleeps well. Bowels constipated. Skin normal in temperature and color, and imparts a normal sensation to hand. Muscles of seemingly normal proportions and act with power. When patient shuts his eyes while standing with heels together will fall backward. Anæsthesia nearly complete. Patellar reflex absent and ankle clonus gone. Argyll-Robertson symptoms pronounced. Difficulty in urination and defecation; lancinating pains in bladder. Girdle sensation still noted. Sight not good on account of double cataract. This interferes with examination of fundus.

June 15, 1893.—General health good. Appetite good. Sleeps well. General bodily condition excellent. Body well nourished and robust. Has been out of hospital since 1891, and has not used a cane for some time. Upon closing his eyes he still has difficulty in maintaining his equilibrium. Upon walking shows slight heel and toe movement, a condition characteristic of the case. Says that he falls at times by reason of defective eyesight. Knee jerk is abolished in right side and only slight in left. Skin found to be anæsthetic below knees and partially above. Muscles move powerfully under stimulus, although he is sometimes afraid to walk from sheer weakness. Pupil of eyes evenly contracted. Anterior media normal. Lens of left eye quite opaque; of right translucent. A partial reflex from fundus obtained. Patient complains that he sometimes has a sensation similar to the girdle feeling and slight pains down the legs. States that he has pains in both wrists, which is evidently rheumatic in character. Patient insists that he is much better than he was a year ago.

Condition July 22, 1896.—Appetite poor. Sleep disturbed by burning sensations in feet and legs. Tendency to constipation. Constant pain in feet, legs, and right arm. Occasional shooting pains, accompanied by forcible contractions of the flexor muscles of the legs. Left eye entirely blind from cataract, and vision of right partially impaired; pupils normal in size. No response to light or distance. Ulnar sensibility in right arm very much reduced. Partial paralysis of left arm and hand, with muscular incoordination in both arms. Patellar reflexes destroyed. Inability to stand with eyes closed. Can walk a mark fairly well with eyes open and without a cane. Almost complete anæsthesia of feet and legs to knees. Sensation of something soft under feet. Characteristic gait present. Conduction along sensory nerves much delayed. The appearance and general condition of patient slightly changed from that of one year ago. Sexual appetite remains.

Condition June 26, 1897.—Marked incoordination constantly increasing. Anæsthesia nearly complete in left arm and leg. Gait very uncertain; often falls. Sense of smell very much reduced. Pupils normal in size. Argyll-Robertson phenomena well marked. Lids normal. Movements of inferior rectus somewhat retarded. Vision poor; double cataract, and condition of fundus could not be made out. Memory failing. Emotions easily excited. Logical power very poor. Sleep disturbed by burning sensation of feet and legs. Vertigo marked. Hearing destroyed in left ear; much affected in right. Taste good. Deglutition good. Attitude of lips normal. Movements of tongue normal. Superficial reflexes destroyed; deep reflexes destroyed. Sensation delayed. Anæsthesia complete below knees; marked in left arm and leg above knee. Pain severe in arms and legs. Incoordination very great. Fibrillary twitchings in back and arms. Impossible to write on account of anæsthesia.

Treatment.—The treatment and results in this case have certainly been worthy of more than a passing consideration. Away back when this patient first came to the Home his condition was markedly ataxic, and the one thing that seemed to do great good in his case was potassium iodide. This was given in astonishingly large doses, and was thought to be indicated because of specific history. In a short time, comparatively, this man was on crutches and in five months walked with a cane, and in

less than one year walked well without a cane and, more than this, he declared that he could run a footrace; but from that time down to the present his condition has been full of ups and downs. At times he would be markedly ataxic, and after a little course of the iodides this condition would change for the better and he would again be about. The shooting pains in legs were always easily controlled by small and frequent doses of acetanilid. In this case strychnine and phosphorus seemed to have no virtue, and strychnine was at time pushed to tolerance, but the result was nil. One thing of especial importance in the treatment of this case was the placing of the patient in the extreme lithotomy position. This was at one time done three or four times each day, and resorted to daily for more than two years. This exercise was thought by some of the great neurologists to be productive of much good, and this case has partially substantiated this conclusion, but it is difficult to positively state how much. Now, if this is a case of posterior sclerosis it has certainly proven one thing, and that is the amount of benefit to be derived from the use of the iodides, especially when there is a specific taint. In the past six months this patient's condition has not responded to this treatment as it has in the earlier period, but the amount taken has been very much below that taken at the beginning of treatment.

OHIO SPECIAL MEDICAL REPORT.

Remarks.—In last year's report there was given the history of a few cases of pulmonary tuberculosis which were treated at this Home, and by the use of permanganate of potassium and salicylic acid.

The same cases, with three additions, are again reported, showing the effect of the treatment after a period of fifteen months, and it has been a great satisfaction to watch the improvement in most of these cases, in some of which a marked change could be noticed after the first week's treatment. A general improvement was observed until about the middle of December, when there began an exaggeration of the symptoms, which continued until in April, 1897, since which time there has been a constant improvement.

Cases Nos. 1, 4, and 7 were lost by discharge, and case No. 9 by death during July, 1896.

In new case No. 14, although there was a marked improvement during the first four weeks of treatment, the symptoms soon relapsed into their former condition, and on May 1 the only improvement noticeable was a marked reduction of the night sweats, while in new case No. 15 no benefit was derived on account of the early disturbance of the digestive system.

CASE II.

John S. B., Company G, One hundred and twenty-sixth Ohio Volunteer Infantry; age, 54; occupation, laborer; nativity, United States; race, white; social condition, single.

Disease.—Pulmonary tuberculosis.

HISTORY AND DIARY OF THE CASE.

March 1, 1897.—Pulse 92, irregular; respiration, 31; temperature, 101.4° F. at 3 p. m.; appetite, good; bowels, regular; sleep, much disturbed at night by coughing; night sweats, occasionally; dyspnea upon slight exertion; slightly emaciated and anæmic; no œdema of feet; upon percussion, inspection auscultation, very little, if any, changes could be detected from one year ago; cough is quite severe during the night with large quantities of mucopurulent expectoration, occasionally streaked with blood. There has been no severe hemorrhage since the ninth week of treatment.

1896.

1897.

Temperature, 103.4° F.
Constant cough with profuse mucopurulent expectoration.
Frequent and severe hemorrhages.
Profuse and frequent night sweats.
Greatly emaciated, scarcely able to walk.
œdema of feet and legs.

Temperature, 101.4° F.
Coughs severely at night, though little during the day.
Expectoration occasionally streaked with blood.
Slight night sweats occasionally.
Gained 21 pounds in weight, walks 4 or 5 miles daily.
No œdema.

April 3, 1897.—Patient was discharged from the Home. Had improved in strength and had gained 3 pounds in the past four weeks; the other symptoms about as before. The permanganate nor the salicylic acid never caused the least disturbance in this case.

CASE V.

J. S. T., Company B, Fifty-fourth Ohio Volunteer Infantry; age, 54; occupation, farmer; nativity, United States; race, white; social condition, widower.

Disease.—Pulmonary tuberculosis.

HISTORY AND DIARY OF THE CASE.

March, 1897.—Appetite, good; slight pain at times in center of sternum; temperature, 99° F.; pulse, 72, regular; upon slight exertion it rises to 110, with mitral regurgitation; no vertigo; dyspnoea, at times; slight dullness over superior portion of right lung; no distinct rales could be detected, though there was a roughness of the respiratory sounds.

June 15, 1897.—The stricture of rectum has been causing considerable trouble during the past six weeks. The other symptoms about as they were in March.

1896.

Temperature, 101° F.
Dyspnoea and vertigo.

Edema of feet and ankles.
Night sweats.
Profuse cough with mucopurulent expectoration.
Constant pain in right lung.
Distinct rales.

1897.

Temperature, 99° F.
No dyspnoea, slight vertigo occasionally.
No edema.
No night sweats.
Very little cough, with scant expectoration.
Pain entirely disappeared.
Slight roughness in respiratory sounds.

Treatment.—About February 1, 1897, the permanganate and the oil were discontinued, as they caused some disturbance of the stomach. Creosote and sirup wild cherry were given instead, with no perceivable change in condition of patient.

CASE VI.

M. K., Company C, Third Ohio Volunteer Cavalry; age, 71; occupation, merchant; nativity, Germany; race, white; social condition, single.

Disease.—Pulmonary tuberculosis.

HISTORY AND DIARY OF THE CASE.

March 15, 1897.—Pulse, 82, regular; temperature, 98.8° F. at 3 p. m.; respiration, 22; appetite, good; bowels, regular; slight dyspnoea upon exertion; respiratory sounds, clear and distinct dullness on percussion, and only a very slight cough, with no expectoration, is the only remaining symptom.

Patient was discharged from hospital May 1, with respiratory organs apparently in as good condition as ever.

1896.

Temperature, 100° F.
Dullness on percussion with obstructed respiratory sounds.
Profuse expectoration.
Edema of feet and ankles.
Sleep much disturbed by coughing.
Dyspnoea upon slight exertion.
Constant pain in chest.

1897.

Temperature, 98.8° F.
Respiratory sounds clear over entire chest.
No expectoration.
No edema.
Sleep undisturbed.
No dyspnoea.
No pain in chest.

CASE VIII.

J. N., Company K, 19th Ohio Volunteer Infantry; age, 63; occupation, laborer; nativity, United States; race, white; social condition, widower.

Disease.—Pulmonary tuberculosis.

HISTORY AND DIARY OF THE CASE.

March 15, 1897.—Appetite, poor; bowels, constipated; sleeps well; cough, severe at times, is relieved after expectoration of large quantities of mucopurulent matter; temperature, 101.5° F.; pulse, 80, slightly irregular; respiration, 28; slight dullness over upper portion of both lungs; rales distinctly heard in right lung; small crepitant rales in left lung; no night sweats; dyspnoea occasionally.

June 15, 1897.—Patient much improved; temperature, 99° F.; pulse, 78, regular; respiration, 26; with respiration sounds much improved; coughs but two or three

times during the day and sleeps well during the night; no night sweats, and but very little dyspnoea; has gained 15 pounds in weight.

1896.

Temperature, 102° F.
Coughs almost constantly.
Profuse expectoration.
Night sweats.
Oedema of feet and legs.
Anorexia and emaciation.

Great dyspnoea constantly.
Distinct rales.

1897.

Temperature, 99° F.
Coughs but very little.
Expectoration, scant and easily raised.
No night sweats.
No oedema.
Appetite, good; gained 15 pounds in weight.
Dyspnoea very slight.
Rales very much improved.

Remarks.—During February his symptoms were all exaggerated, probably due to a severe cold.

About March 1 the permanganate was discontinued, on account of its disturbing his stomach.

CASE X.

William S. W., Company I, One hundred and sixty-second Ohio Volunteer Infantry; age, 59; occupation, machinist; nativity, United States; race, white; social condition, single.

Disease.—Pulmonary tuberculosis.

HISTORY AND DIARY OF THE CASE.

March 1, 1897.—Patient's condition continued to improve slightly until about February 1, when there was noticed an increase in all the symptoms. Coughs but little during the night, but during the day has a coughing spell nearly every hour, which is only relieved by expectorating large quantities of blood-stained mucopurulent material. Has lost about 10 pounds of flesh during the past two months.

Pulse, 94, irregular, much increased upon exertion; dyspnoea and vertigo; temperature, 100° F. at 3 p. m.; respiration, 28, with respiratory sound much obstructed over upper part of right lung, also some obstruction over the entire left lung; slight dullness upon percussion over the same.

June 16, 1897.—Condition much improved; pulse, 84, regular; temperature, 99° F. at 4 p. m.; respiration, 24, with respiratory sounds free and easy over right lung; distinct rales over nearly the entire surface of left lung, with dullness upon percussion; severe pleuritic pains at the base of left lung are frequently complained of. Appetite, good; bowels, regular; sleeps well, and coughs but two or three times during the night and only a few times during the day; expectoration, free and greatly reduced in quantity, and contains no blood; no night sweats.

1896.

Coughs almost constantly.

Night sweats.
Slight hemorrhage.
Anæmic and emaciated.
Temperature, 100° F.

1897.

Coughs but little, with free expectoration.

No night sweats.
No hemorrhage.
Gained 17 pounds in weight.
Temperature, 99° F.

Treatment.—About March 1, 1897, the permanganate was discontinued on account of its disturbing his stomach. Since then cod-liver oil and creosote have been given.

CASE XI.

C. A., Company C, Fourth Ohio Volunteer Cavalry; age, 52; occupation, laborer; nativity, United States; race, white; social condition, single.

Disease.—Pulmonary tuberculosis.

HISTORY AND DIARY OF THE CASE.

March 16, 1897.—Appetite, poor; bowels, regular; sleep disturbed by coughing; expectoration, profuse, though generally easily raised. No hemorrhage; no night sweats; soreness over upper and middle lobes of right lung; restricted respiratory movements; dullness on percussion over superior and middle lobes of right lung; distinct rales; pulse, 120; irregular; temperature, 99.2° F.; great dyspnoea upon slight exertion.

Since January 15 patient has been failing very markedly; has lost about 15 pounds in weight.

From August, 1896, to January, 1897, patient had very little cough, with slight expectoration. Said he felt better than he had for years. The permanganate was discontinued on February 15, as it caused obstinate constipation, with great irritation of stomach.

May 15, 1897.—Greatly emaciated and very weak on account of gastric disturbance. Patient has taken nothing except milk and stimulants, either a sweet catawba or whisky, since April 1. Patient died May 29, 1897. The cod-liver oil and salicylic acid were discontinued March 20.

CASE XII.

J. S., First West Virginia Artillery; age, 65; occupation, miner; nativity, United States; race, white; social condition, married.

Disease.—Pulmonary tuberculosis.

HISTORY AND DIARY OF THE CASE.

March 15, 1897.—Appetite poor; bowels constipated; since February 1, 1897, has had more profuse cough; expectoration free, with two slight hemorrhages; some tenderness upon pressure over upper and middle lobes of right lung; also dullness upon percussion; restricted respiratory movements and some rales; slight pleuritic friction sounds near base of right lung; no pain upon pressure nor upon forced respiration; rales are distinctly heard upon auscultation; no œdema of feet; no night sweats; patient takes long walks every day and complains but little of dyspnea.

1896.

Severe cough, with profuse expectoration.

Severe night sweats.

Greatly emaciated.

Temperature, 101° F.

Appetite poor.

Edema of feet.

1897.

Coughs but little, with free expectoration.

No night sweats.

Has gained 23 pounds.

Temperature, 99° F.

Appetite good.

No œdema of feet.

Remarks.—Patient has taken the regular prescriptions every day since treatment commenced and has at no time felt the least inconvenience from the same. Has lost about 15 pounds of flesh between February 1 and April 15, 1897, though since April 15 has been gaining both flesh and strength and is in a much better condition than he was a year ago.

CASE XIII.

John D., Company A, Eighteenth Kentucky Volunteer Infantry; age, 69; occupation, tailor; nativity, Ireland; race, white; social condition, widower.

Disease.—Pulmonary tuberculosis.

Family history.—Unknown.

HISTORY AND DIARY OF THE CASE.

June 15, 1897.—Temperature, 98.8° F. at 3 p. m.; pulse, 76, regular; respiration, 22; slight hacking cough, with very little expectoration; sleeps well; appetite good; has gained 13 pounds in weight; greatly improved in strength, and has been working at his trade (tailor) ten months; no dullness upon percussion, and respiratory sounds are clear and distinct.

1896.

Temperature, 99.5° F.

Chills and fever.

Respiration, 25.

Distinct rales.

Dullness over right lung.

Greatly emaciated and weak.

Night sweats.

1897.

Temperature, 98.8° F.

No chills and fever.

Respiration, 22.

No rales.

No dullness.

Quite strong; has gained 13 pounds.

No night sweats.

CASE XIV.

M. C., Company E, One hundred and seventy-second Ohio Volunteer Infantry; age, 54; occupation, farmer; nativity, United States; race, white; social condition, widower.

Disease.—Pulmonary tuberculosis.

HISTORY AND DIARY OF THE CASE.

About three years ago was taken with la grippe, which left him with a severe cough, with tenacious expectoration, which has gradually increased in severity. Has had night sweats for one year; several small hemorrhages; is much emaciated and anæmic; pupils slightly dilated and eyes bright; œdema of feet and legs; dyspnoea and vertigo.

Condition at beginning of treatment, February 13, 1897.—Pulse, 114, irregular; respiration, 34; temperature, 102.5° F. at 3 p. m.; sleep very much disturbed by coughing; bowels irregular; appetite poor; tenderness upon pressure over entire chest, most marked over sternum; respiratory sounds very harsh, with rales mostly mucous in character; dullness could be detected upon percussion over upper portion of right lung; profuse night sweats; severe cough, with large quantities of tenacious expectoration.

After four weeks of treatment.—Pulse, 104, irregular; temperature, 100.5° F. at 10 a. m.; respiration, 29; sleeps tolerably well; appetite very poor; bowels regular; no œdema. Very little change, if any, could be detected in the other symptoms.

May 1, 1897.—Temperature, 102.2° F. at 4 p. m.; pulse, 116, irregular; respiration, 31; bowels constipated; appetite good; has severe coughing attacks about every two hours, with muco-purulent expectoration; marked tenderness upon pressure over entire chest, with dullness upon percussion over superior portion of right lung, also in the sternal region; night sweats, although present, are very much reduced in severity. With this exception there has been no improvement in his condition.

CASE XV.

Evan G., Company K, Second West Virginia Cavalry; age, 53; occupation, laborer; nativity, United States; race, white; social condition, widower.

Disease.—Pulmonary tuberculosis.

Urinalysis: Sp. gr., 1.015; color, light straw; reaction, slightly acid; sugar, none; albumen, none.

Family history.—Several members of his family died of tuberculosis.

HISTORY AND DIARY OF THE CASE.

First noticed trouble about two years ago, which he says is the remains of the grippe.

Cough has been very severe, with large quantities of tenacious expectoration, which at times is streaked with blood. Became very much emaciated, anæmic, and weak; profuse night sweats; œdema of feet and legs; bowels irregular; loss of appetite, and sleep broken.

Condition at beginning of treatment.—Eyes bright; tongue slightly coated; bowels constipated; anorexia; emaciation; anæmic; slight œdema; cough profuse, large quantities of muco-purulent expectoration, at times blood stained; temperature, 102° F.; pulse, 100, weak; respiration, 27; slight dullness over portion of right lung, with rales heard over the same area; respiratory sounds over upper portion of left lung somewhat obstructed, though no dullness could be detected; respiratory movements on right side obstructed.

After eight weeks.—The only change that could be noticed was a marked improvement in the appetite.

Treatment.—For three weeks the permanganate, oil, and salicylic acid were given, though great complaints were made against each of them, the permanganate causing great irritation of the stomach, the oil causing nausea and vomiting almost immediately after taking, the acid causing great acidity of the urine.

As it seemed impossible for the patient to tolerate any of these drugs they were discontinued, and creosote, digitalis, and sirup of wild cherry given instead.

CASE XVI.

Samuel C. Company E, Thirty-sixth Ohio Volunteer Infantry; age, 51; occupation farmer; nativity, United States; race, white; social condition, widower.

Disease.—Pulmonary tuberculosis.

Urinalysis: Phosphates excess; sp. gr., 1.027; color, light straw; reaction, slightly acid; sugar, none; albumen, slight trace.

Family history.—Father and one brother died of lung disease.

HISTORY AND DIARY OF THE CASE.

Has had cough, with expectoration, ever since the war, and during the past two years has had several slight hemorrhages from the lungs, also severe night sweats.

Condition at beginning of treatment.—Anæmic and very much emaciated; appetite poor; bowels irregular; severe cough, with profuse expectoration; slight hemorrhage occasionally; profuse night sweats; edema of feet and legs; eyes bright and pupils dilated; temperature, 101.6° F. at 3 p. m.; pulse 98, irregular, very much exaggerated upon slight exertion, and showing marked mitral regurgitation; respiration, 34, regular, shallow; marked increase in respiratory sounds over upper half of left lung; distinct rales over the same; pain in left lung upon coughing; dyspnoea and vertigo.

March 1, 1897.—Pulse, 88, regular, easily influenced upon exertion; respiration, 30, with respiratory sounds much improved; temperature, 99° F. at 3 p. m.; bowels regular; appetite good; sleeps good nearly every night; cough improved very much, and expectoration markedly decreased in quantity and is raised with little difficulty; night sweats every third or fourth night; no edema of feet; has improved greatly in strength.

May 15, 1897.—Appetite good; bowels constipated; sleeps well; cough and expectoration about as in March; pulse, 87; respiration, 30, with distinct rales over superior portion of left lung; tenderness and pain upon pressure over same area; at times there is slight soreness in central portion of right lung; temperature, 99.2° F. at 3 p. m.; no night sweats for three weeks; dyspnoea and vertigo upon slight exertion. Every time patient's condition improves a little he celebrates the same by going on a spree.

PENNSYLVANIA SOLDIERS' HOME.

STRICTURE AND ULCERATION OF OESOPHAGUS.

History.—Jesse Vance, late corporal Company D, Ninety-first Pennsylvania Infantry; age, 71; social condition, widower; color, white; Home No., 1479; hospital No. 482; was admitted to the Home September 27, 1893.

Disabilities recognized at the time consisting of rheumatism, hoarseness, slight deafness of right ear. Remained in the Home till May 17, 1894. On October 1, 1895, patient was readmitted to the Home. Disabilities recognized consisted of rheumatism, deafness of right ear, catarrhal pharyngitis, and bronchitis. Voice, quite husky. These conditions increased, with the exception of rheumatism, till April, 1896, when his voice was entirely gone, speaking only in a whisper, and complained of difficulty in swallowing. In the passage of an oesophageal bougie it was found that the lumen of oesophagus was obstructed to one-half normal, a No. 3, $\frac{3}{8}$ inch, being passed with difficulty, being obstructed with what seemed to be two strictures, first 7 inches from teeth, or about upper sternum, second about an inch below the first.

The treatment consisted of regular dilatation by oesophical bougies, with local analgesics. Counter irritants, antiseptic gargles, diatetic, etc.

The obstruction continued to increase. Smaller bougies were used, but finally it closed so it would not admit of the passage of the smallest.

For the last three weeks patient was unable to take any solid food, and as a result great emaciation followed. During the last week any liquid which was attempted to swallow caused paroxysms of coughing with regurgitation of the liquid, and it is doubtful whether any passed to the stomach. Patient died September 23, 1896.

Autopsy.—No outward signs of any diagnostic value were detected on examination. Subject had the appearance of not being over 65 years of age.

On removing the oesophagus in connection with trachea and larynx, an indurated mass, size of walnut, was found 3 inches below the glottis, or about an inch below larynx, on posterior wall of oesophagus, between it and muscles of neck and slightly to right side. This obstructed the lumen of oesophagus by pressing the posterior against the anterior wall. Directly opposite this mass, in the anterior wall, an ulcer with ragged edges an inch in diameter was found which had ulcerated through both the anterior wall of oesophagus and posterior wall of trachea, together with three of the cartilaginous rings of trachea, thus forming an open passage from oesophagus to trachea below larynx. Six inches below this opening, and about 3 inches from cardiac end of stomach, another indurated mass about an inch in length and nearly encircling the oesophagus was found. This had not reached sufficient size to interfere with or obstruct the lumen.

No microscopic examination of these masses were made, but they had every appearance of being tubercular.

RECORD

OF

DISABLED VOLUNTEER SOLDIERS

WHO NOW ARE AND HAVE BEEN

MEMBERS

OF THE

NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS

FROM

JULY 1, 1896, TO JUNE 30, 1897.

[Extract from the proceedings of the Board of Managers of the National Home for Disabled Volunteer Soldiers.]

Resolved, That the Secretary prepare and have published at the Dayton Home a list of the inmates of the several Homes from the date of their establishment, arranged by regiments consecutively from each State, giving name of inmate, regiment, company, date of admission, length of service and rank in the Army, nature of disability, amount of pension, if any, and place of birth (State or country), and date of final discharge.

The list shall be published in pamphlet form, and 300 copies shall be printed and distributed by direction of the Board of Managers.—[*Printed minutes*, p. 639.]

WASHINGTON, D. C., *December 14, 1880.*

MANAGERS.
