ANNUAL REPORT

OF THE

BOARD OF MANAGERS OF THE NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS FOR THE FISCAL YEAR ENDING JUNE 30, 1900.

To the Honorable the Senate and House of Representatives of the Congress of the United States:

GENTLEMEN: The Board of Managers of the National Home for Disabled Volunteer Soldiers, in obedience to law, presents the following report of the institution under its charge for the year ending June 30, 1900.

The Board has performed its usual duties under the law, holding quarterly sessions, visiting and inspecting the several Branches, attending to the care and discipline of the members, and supervising contracts for the erection of buildings and purchase of materials and supplies and the arrangements for the proper distribution of stores.

No change in the membership of the Board has occurred since the rendition of its last report. Gen. William B. Franklin, who for twenty years served as President of the Board, resigned the office on account of increasing age and failing health, and because of his own conviction that these conditions might interfere with the performance of his duties. His resignation was accepted with extreme regret, and upon his consent to continue as a member of the Board of Managers Gen. William J. Sewell was, at the meeting of the Board held December 6, 1899, elected as his successor, to date from January 1, 1900. General Sewell found it necessary on account of the pressure of other important duties to tender his resignation as president of the Board. The resignation was, at the meeting of April 4, 1900, accepted and Gen. Martin T. McMahon was elected to the office.

There are now in operation eight Branches of the National Home for Disabled Volunteer Soldiers, in which 29,578 members were cared for. Of this number 19,230 were maintained throughout the year. During the year the gains in membership by admission, readmission, etc., were 5,378; the losses during the same period were as follows: Discharged, 1,567; dropped from the rolls, 907; transferred to the Government Hospital for the Insane, at Washington, D. C., 88; died, 1,473; a total loss of 4,035; a net gain of 1,343.

In thirty State Homes 16,701 members were cared for. Of this number 10,025 were maintained throughout the year.

The following table shows the comparative statistics for the year ending June 30, 1899, and June 30, 1900.

[1] Decrease.

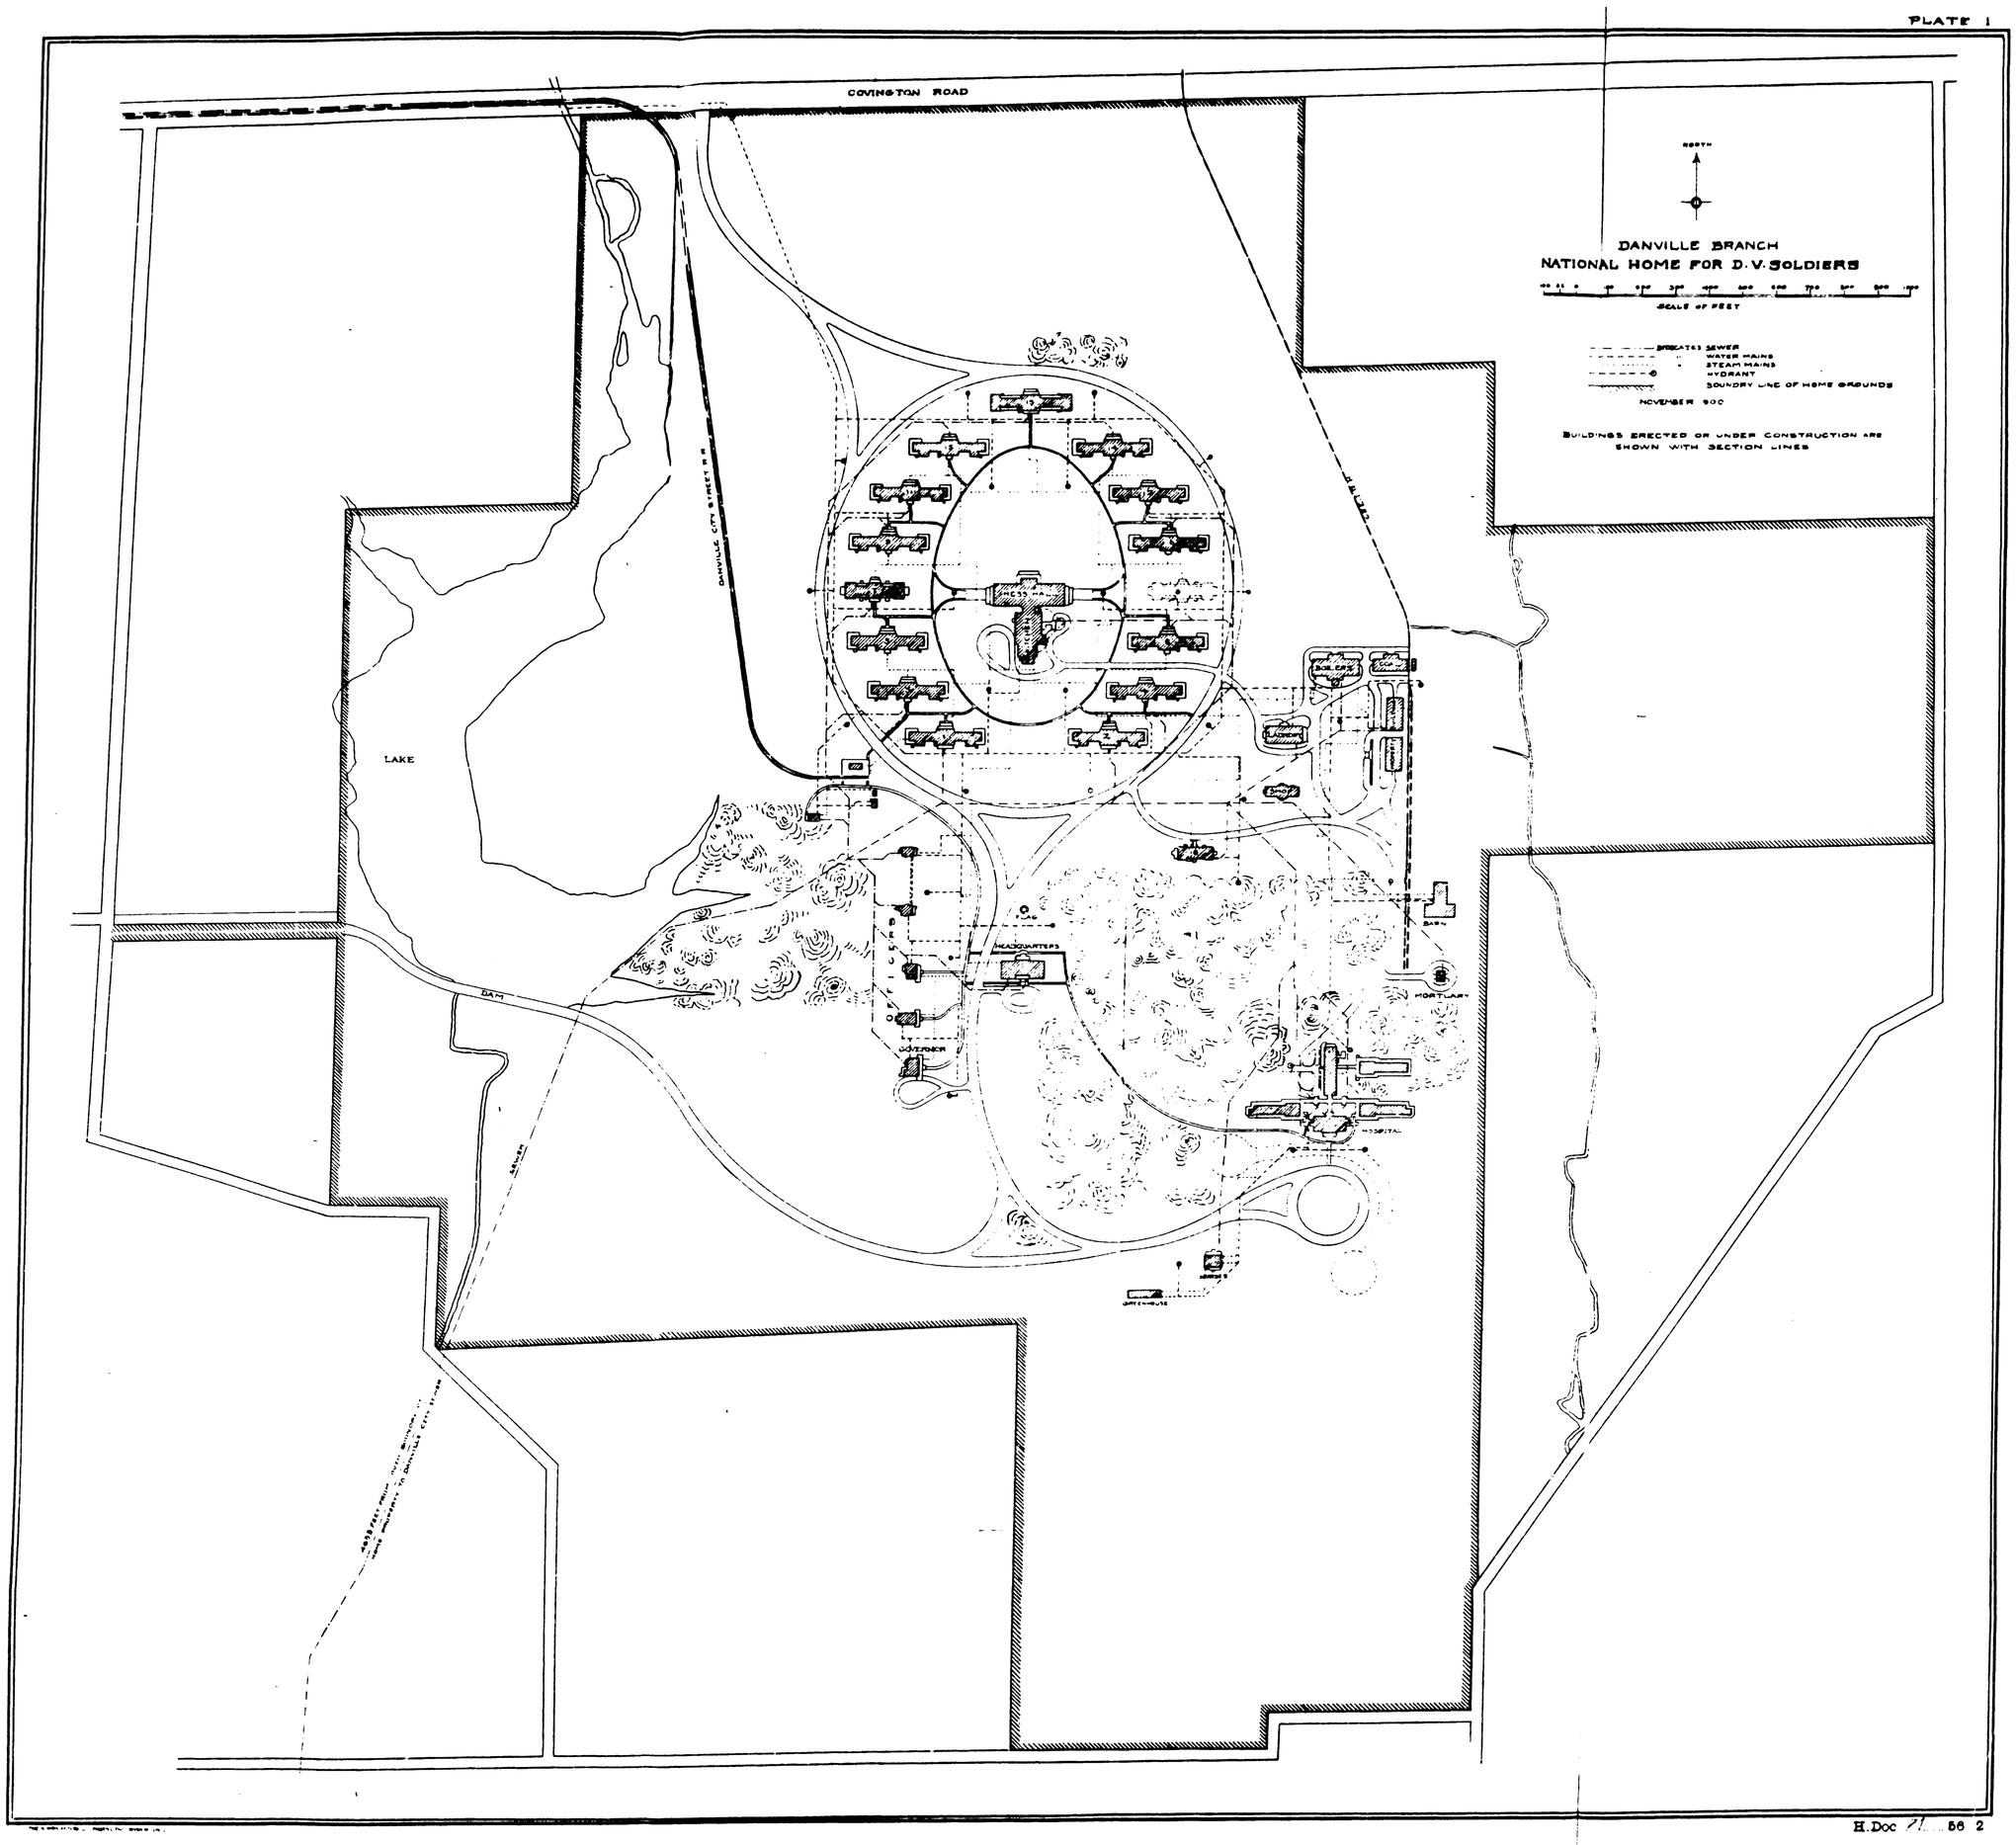

* * * * * * *

The increase in the cost of maintenance of each member in the National Home, $6.94, is due, principally, to the rise in prices of supplies required for subsistence, clothing, household use, and repairs, and an appropriation to meet deficiencies under these heads of expenditures, especially under the head of "Household," will be necessary. The increase in the number of deaths, 94, is due, no doubt, to the increased age and growing disability of the members. The average amount paid to each person shows a decrease of $9.12, due to the admission of a large number of pensioners at small rates and the loss by death or discharge of pensioners at large rates.

The whole number cared for was: In the National Home, 29,578; in the State Homes, 16,701; a total of 46,279, an increase over the preceding year of 1,559.

There have been no unusual or epidemic diseases at any of the Branches during the year.

The subject of lottery schemes and policy playing at the Southern Branch was brought to the attention of the Board, and an investigation was had. The condition of affairs disclosed was not entirely satisfactory. The ordinary methods of discipline employed in the Home are sufficient to enable the Branch authorities to correct and control this

evil within the limits of the Branch, but disreputable resorts, in which these fraudulent games are attractively presented by unscrupulous persons, crowd upon the limits of the Branch and are a serious menace to the welfare of the members of the Home. No effective remedy for these evil conditions can be applied without the cooperation of the civil authorities.

DANVILLE BRANCH.

At this Branch, in addition to the barrack buildings previously reported as completed, six barrack buildings have been completed and are ready for occupancy. The following buildings have also been completed and occupied: Headquarters, commissary and quartermaster's storehouse; a barn, of brick; three sets of officers' quarters, one each for the governor, treasurer, and surgeon; a lavatory building, equipped with heating, ventilating, plumbing, and electric-lighting apparatus.

From the appropriation for the fical year ending June 30, 1901, 35,000 square feet of concrete walks have been laid, the macadam roads have been extended, and work on the following buildings has been commenced: Retention hospital, barrack No. 7, public latrine, nurses' quarters, greenhouse, quarters for quartermaster and chief engineer; also, for the extension of the steam and water mains and sewers to these buildings. Work on a shop building is about to commence, and plans and specifications for other structures have been prepared.

A map of the Danville Branch, showing grounds and buildings constructed or in progress of construction, accompanies this report. The Branch has now ample capacity for the comfortable care of 2,750 members, which number, in the opinion of the Board, should not be exceeded at any of the Branches.

Branches of the National Home and the several State Homes have all been visited and inspected by the inspectors-general of the Home during the year.

The subject of fire protection at the several Branches of the Home has received the attention of the Board. The age and increasing disabilities of the members of the Home unfit them, to a considerable degree, for the effective use of fire engines and fire hose under heavy water pressure, and it has been deemed advisable to provide, as soon as practicable, a suitable number of chemical engines and additional chemical fire extinguishers to supplement ordinary means of protection from fire now in use at the different Branches, and a special deficiency appropriation for this purpose is respectfully and urgently recommended.

AID TO STATE AND TERRITORIAL HOMES.

It is found that the conditions prescribed in amendment approved August 5, 1892, viz, "*Provided*, That one-half of any sum or sums retained by State Homes on account of pensions received from inmates shall be deducted from the aid herein provided for," are difficult to ascertain because of the different opinions held in the several States interested as to what constitutes "pensions retained." The result is much additional labor and correspondence and some friction. Some of the State Homes retain a fixed sum; others retain the pensions of members, in effect, by requiring them to pay for their clothing or to

make donations under different guises, not considering or reporting the sums so received as "pensions retained." The amounts deducted on this account during the fiscal year 1900 have varied from $59.39 for the State of Oregon to $15,060.97 for the State of Minnesota, the whole amount being $59,967.73. It is believed that the repeal of this amendment and the allowance of a fixed sum without deductions would be more economical, and certainly would be more satisfactory, not only to the Board of Managers, who are charged with the execution of the law, but to the authorities of the several States and those intrusted with the management of their Homes; and it is further suggested that the authorities of the several States may be safely intrusted with the duty of making such regulations in regard to pension money as may be for the best interest of the men confided to their charge. The repeal of this provision is strongly recommended. The inspection had of the several State Homes has developed the fact that there is no uniform standard as to the care and maintenance furnished, and it is respectfully suggested that the law be amended as follows: "*Provided*, That the care and maintenance furnished in the State Homes be fully up to the standard established for the government and maintenance of the National Home for Disabled Volunteer Soldiers."

POSTHUMOUS FUND.

The attention of the Congress is respectfully invited to the existing law governing disposition of unclaimed moneys belonging to deceased members.

Under an act approved August 18, 1894, it was provided: "That the balance of the posthumous fund, including the amount invested in bonds pertaining to that fund, that may be in the hands of the treasurer of any Branch of the Home on July first, eighteen hundred and ninety-four, shall be transferred to the appropriation for current expenses, eighteen hundred and ninety-five, of that Branch Home, and thereafter all receipts on account of the effects of deceased members shall be credited to the appropriation for 'current expenses' of the fiscal year during which such amounts were received, and all repayments of such amounts shall be made from and charged to the like appropriation for the fiscal year in which such repayments shall be made."

This enactment was made without consultation with the Board, and against the judgment of all of its members, and has resulted in embarrassments, not only to the accounting officers of the Government, but to every person affected by its provisions. At the time of its enactment there was in the possession of the Board of Managers of the National Home for Disabled Volunteer Soldiers $152,232.63, the greater part of which was invested in United States securities, bearing and accumulating interest, and was subject to the claims of those entitled to inherit it.

Prior to this enactment, when claims were made by heirs or legal representatives of deceased soldiers, in the majority of instances for trivial amounts, upon proper proof presented payment was made, even without putting the claimants to the expense of letters of administration or other legal proceedings. Whenever deemed necessary, legal proceedings were required, but in the great majority of instances the amounts were so small and the identity of widow or child was so

clearly shown that the Board took the responsibility of ordering payments. In no single instance did inconvenience or trouble come from this method of procedure.

When the act of August 18, 1894, was passed, the Board of Managers of the National Home turned into the public funds, under the appropriations for that year, $152,232.63, having sold the interest-bearing securities, which represented the entire posthumous fund of that date. This amount remains subject to claims under the condition of the act referred to, although $128,058.71 of it was, by the provisions of the same act, directly appropriated for the maintenance of the Home during the fiscal year 1895.

The further provisions of the act of August 18, 1894, which requires the transfer to the appropriation of current expenses of the posthumous fund of each fiscal year, result in even greater inconvenience and embarrassment. In a great many cases the widow, children, or legal representatives of the deceased member may not hear of his death or complete their proof before the expiration of the fiscal year, and when they make demand on the treasurer of the Branch Home, with completed proof, there are no funds in his possession out of which payment can be made, and they must wait until there is an accumulation of posthumous funds from deaths of the current year. When several years have elapsed, and the funds in the hands of the treasurer are not available, their only resource is to the Treasury Department, which may require special act of Congress before payment can be made. This condition of things has resulted in vexatious correspondence and threats of legal proceedings against the Board of Managers for failure to pay to parties fully entitled to receive payment of moneys left by deceased soldiers.

The Board therefore recommends that while the money turned over under the act of August 18, 1894, be continued in the Treasury, as it is quite likely that very little demand will ever be made for any portion of it, that the provision requiring the transfer of the posthumous fund for each fiscal year in future to current expenses be repealed, and that the Board be authorized to invest such funds in the same manner as before the passage of the act of 1894.

If Congress chooses to exercise the right to control this fund, it is respectfully submitted that a wise method would be to permit its investment such as was made before the act of 1894, and its accumulation, until such time when it might, without injustice to any one, be invested, still as a trust fund, under such regulations as Congress might direct, for the benefit of all its members. It is quite evident, because of recent wars, that the duration of the National Home for Disabled Volunteer Soldiers will be greatly prolonged. A considerable number of the veterans of the Spanish war having been already admitted, while applications for admission from the same class are daily increasing. The accumulations of such a fund, properly invested, would, after a number of years, be of much benefit to the members of the Home, by providing for their comfort in unforeseen contingencies, the fund being at all times available for the settlement of legitimate claims.

ACCOUNTS.

It has been found that the provisions of the sundry civil act approved March 3, 1881, which was intended to expedite the consideration and adjustment of the financial accounts of the Home, has not answered

that purpose. The accounts of the financial officers of the Home, which are audited under direction of the Board of Managers by its executive, are also audited by the regular auditing officers of the Treasury, and undergo the same supervision as is provided by law for the various departments of the United States Government. An additional audit by the head of one of these Departments, who is also a member of the Board, was never deemed necessary, and has resulted in no advantage, but, on the contrary, in unnecessary delay and inconvenience.

The Board would therefore suggest the following provision: That the accounts relating to the expenditures of all public moneys appropriated for the support and maintenance of the National Home for Disabled Volunteer Soldiers, shall be audited by the Board of Managers of said Home in the same manner as provided for the accounts of the various departments of the United States Government, and thereupon immediately transmitted directly to the accounting officers of the Treasury Department for final audit and settlement, and that all acts or parts of acts requiring accounting, supervision, or control of such expenditures, disbursements, or receipts, otherwise than as herein provided, are hereby repealed, but nothing in this act shall be construed as relieving the said Board of Managers from reporting, as required by law, receipts, disbursements, and expenditures of all moneys other than public funds which may come into its possession by bequest, gift, or otherwise.

This recommendation is submitted in the belief that it was and is the intention of Congress to vest in the Board of Managers appointed by it full administrative control of the National Home for Disabled Volunteer Soldiers, and the Board would be relieved from much embarrassment if such a declaration was enacted into law.

In support of this suggestion, it is respectfully submitted that the administration of the Home by the Board appointed by Congress, has, for over one-third of a century, been such as to deserve the confidence of the appointing power, both as to economy of expenditure and freedom from scandal of any and every kind.

An examination of Table C, included in this report, will fully confirm this statement.

The reports of the secretary of the Board and the general treasurer, showing the vital statistics, receipts, and disbursements, and the financial condition of the National and State Homes, accompany this report. The reports of the governors of the several Branches, showing all important and desirable details, the report of the inspector-general, the journal of the proceedings of the Board of Managers, and the record of members are also transmitted.

Maj. A. S. GALBRAITH, Quartermaster.
Capt. JAMES C. MICHIE, Commissary of Subsistence.
Maj. CARL BERLIN, Assistant Adjutant-General.

CENTRAL BRANCH, *June 30, 1900.*

SIR: I have the honor to submit the following report of this Branch for the year ending June 30, 1900:

GENERAL FUND.

The treasurer's report shows that an average cost of ration per day, per 100 men, was $13.82, against $13.48 last year. Cost per capita per year, $103.72, against $107.88 last year; general expenditures, $548,694, against $546,177.50 last year.

The minimum number of members present during the year was 4,590 on June 30, 1900; the maximum number present was 5,040 on March 27, 1900; minimum number present and absent, 5,824 on May 11 and 14, 1900; maximum number present and absent, 5,990 on September 9, 1899.

LIBRARY.

During the year Miss Georgina Lowell Putnam has presented 73 volumes to the Putnam Library, and 515 volumes have been added to the George H. Thomas Library by gift and purchase, making the total number of volumes in the two libraries at close of year 22,213, of which 11,041 are in the Putnam and 11,172 in the Thomas. The total number of books issued during the year was 45,454.

PERMANENT IMPROVEMENTS.

During the year permanent improvements have been made at this Branch as follows:

From the general fund, two modern brick barracks and a brick latrine have been built, and were needed to replace old unsuitable and condemned buildings that have been torn down. Cement walks have been put down in places where they were needed.

From the post fund there have been built two summer pavilions—one at the Beer Hall and one near the grotto. There is in course of erection and nearing completion a frame house for the additional chaplain's use; also a frame building for quarters for the band, for a barber's shop, and a news stand. Cement walks have been put down out of post-fund money, and the work is still going on extensively. Additional iron seats, such as were last year placed on walk around

campus, have been purchased for use along the new cement walks. The stage scenery in Memorial Hall has been overhauled and repainted and some new scenery added. Painting, papering, and other needed improvements have been made at the hotel. The year has been an active one along the line of repairs and improvements, which will add to the pleasure and comfort of the members of the branch. The cemetery grounds have been improved in appearance by planting more trees and shrubs and extending the avenue farther around the circle.

HEALTH.

During the year there has been no epidemic sickness at the Branch, and the general health of the members has been remarkably good, considering their age and disabilities. The number of deaths during the year was 353, this being 20 less than last year.

Very respectfully,

J. B. THOMAS, *Governor.*

Col. GEORGE W. STEELE,
Secretary Board of Managers
National Home for Disabled Volunteer Soldiers.

RELIGION AND SOCIETIES.

There is very little change in the religious conditions at the Branch. The members are all advanced in years and set in their ways, but the spiritual wants of the Home are carefully looked after by the two chaplains, who faithfully conduct the religious services and visit the members in hospital and barracks regularly, always willing and anxious to help and comfort those who care for their ministrations. The Woman's Christian Association of Dayton and other outside organizations hold services from time to time in the chapel, at the hospital, and in the grove. Ministers from Dayton and elsewhere are frequently invited to preach at the Home, and the members in this way have an opportunity to hear outsiders preach without leaving the Home grounds. During the year the Protestant chaplain officiated at 214 funerals and the Catholic chaplain at 85.

The membership of the various societies in the Home on June 30, 1900, was as follows:

Grand Army of the Republic	273
Union Veterans' Union	36
Union Veterans' Legion	111
Naval Veterans' Association	46

There being no more applicants for the gold-cure treatment, and the veterans' clubhouse, reading room, etc., supplying the social wants of the patients, the Gold Club, as an organization, was disbanded this spring, after a useful life of nearly eight years. The sober lives of many of the old members who are still in the Home, and the record of many others who have died or have left the Home for other parts, bear testimony to the good work accomplished by the Gold Club during its existence at the Central Branch.

SANITARY REGULATIONS.

During the year the water supply has been sufficient for all purposes, except at times in the winter when it became necessary to use water somewhat sparingly because the supply at the Wagner wells was not sufficient to keep the lakes full.

The number of baths taken at the general bath house during the year was 146,713.

RELIGION AND SOCIETIES.

[Report of Protestant chaplain.]

Services have been regularly held in the chapel during the year ending June 30, 1900, excepting during the month of September, when the choir and chaplain had their annual vacation.

Week-day services were held for the six months, November 1, 1899, to May 1, 1900.

The attendance of the men has been uniformly good. Three were confirmed by the Bishop of Milwaukee on May 6, 1900.

Funeral services have been held over the remains of 91 veteran soldiers. In addition I have held frequent services in the hospital with the sick, and doing what lay in my power for their spiritual welfare.

E. PURDON WRIGHT,
Chaplain.

[Report of Catholic chaplain.]

MILWAUKEE, WIS., *June 30, 1900.*

I have the honor to make the following report, as Catholic chaplain of the Home for the last twelve months, from July 1, 1899, till July 1, 1900:

I have on all Sundays and holidays of obligation held two morning services, consisting of low mass at an early hour, so as to give those who can not conveniently come later an opportunity to be present at divine service, and a high mass at 7.30 a. m., with sermon, which is regularly well attended.

On Saturdays I hear confessions in the wards of the hospital and in the chapel, whilst after supper we have, every Saturday night, one evening service.

On some days of devotion I have at least one divine service in the Home chapel, so that in all about 200 Catholic services have been held during the year. Moreover, I have performed the burial services over 52 Catholic soldiers.

Several have taken the total abstinence pledge from me during the year, and some whose limited time had expired have renewed it for a year.

I bring every Saturday some good reading matter, some 35 or 40 Catholic newspapers or pamphlets, for the sick in the hospital, and also for others, and I subscribe yearly for four Catholic newspapers, which I place every Saturday in the reading room.

I visit the hospital at least three times a week, and try my best to give the sick all the consolation I can, especially the religious comfort derived from the sacraments for the dying. When anyone is taken sick suddenly I have instructed the ward-master to send word by telephone without delay, and the electric cars enable me to attend the call in a short time.

All courtesies are extended to me by all under your charge on every visit I make, either in the companies, or in the wards of the hospital, or on the grounds.

Respectfully, yours,

REV. ADRIAN HAYDEN, S. J.,
Catholic Chaplain.

ANNUAL REPORT OF EASTERN BRANCH, NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, FOR THE YEAR ENDING JUNE 30, 1900.

Col. S. H. Allen, Governor.
Maj. A. L. Smith, Treasurer.
Dr. W. E. Elwell, Surgeon.
Capt. S. J. Gallagher, Quartermaster and Commissary of Subsistence.

Eastern Branch,
Togus, Me., August 18, 1900.

Sir: I have the honor to submit the following report of this Branch for the year ending June 30, 1900:

BARRACKS.

As in former years, this Branch is still confronted by a congested condition of barrack accommodations. The new barrack, for which an appropriation had previously been made, is just completed, and will, when furnished, afford very pleasant and commodious quarters for 208 men, and will to that extent relieve the crowded condition of the older barracks, but the relief thus obtained will be but partial, and, judging from present prospects for increased membership, only temporary. The fiscal year closed with about 130 approved applications for first and readmission on hand, the applicants not having reported, and 170 applications for first and readmission on file awaiting approval.

HEALTH.

The Branch has not been visited during the year by any epidemic or contagious disease, and it is a matter of congratulation that not-

withstanding the advancing age of the members the ratio of deaths is but slightly in advance of that of the previous year.

Very respectfully, yours,

S. H. ALLEN, *Governor.*

Col. GEORGE W. STEELE,
Secretary Board of Managers,
National Home for Disabled Volunteer Soldiers.

RELIGION AND SOCIETIES.

RELIGION.

Public services have been held in the chapel each Sunday morning and on holy days by the Catholic chaplain, and on Sunday afternoons by the Protestant chaplains, each officiating two months in turn. The services have been well attended and appear to be appreciated by the members. Numerous calls by the Catholic and Protestant chaplains have been made on the members generally, and especially upon the sick in hospital.

SOCIETIES.

The organizations composed of members of the Home are the Veterans' Socia Club, with a membership of 179; Cutler Post No. 48, Department of Maine, Grand Army of the Republic, 122 members, and Twenty-third (Beal) Regiment, Division of Maine, Union Veterans', Union, 108 members.

SANITARY REGULATIONS.

Members are required to bathe weekly, and new arrivals are vaccinated and given a bath and a change of clothing upon reaching the Home. Infected articles of clothing and bedding are subjected to steam sterilization. The grounds and buildings are policed daily, and frequent airing of mattresses and bedding is required.

A special barrack is now under contract for summer use, which will admit of the permanent quarters being vacated in rotation for thorough renovation and cleaning during warm weather, an arrangement which will admit of this being done much more thoroughly than it could be while they were occupied for quarters.

ANNUAL REPORT OF SOUTHERN BRANCH, NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, FOR THE YEAR ENDING JUNE 30, 1900.

Capt. P. T. Woodfin, Governor.
Capt. William Thompson, Treasurer.
Maj. R. S. Vickery, Surgeon.
Capt. Joseph H. Bradley, Chaplain.
Capt. John H. Gifford, Quartermaster.
Col. Chas. Candy, Commissary of Subsistence.

Southern Branch, *August 7, 1900.*

Sir: I have the honor to submit the following report of this Branch for the year ending June 30, 1900:

Aggregate number present June 30, 1899	3,078
Aggregate number present and absent June 30, 1899	4,604
Average number present, year ending June 30, 1899	3,408
Average number present and absent, year ending June 30, 1899	4,736
Aggregate number present June 30, 1900	3,101
Aggregate number present and absent June 30, 1900	4,724
Average number present, year ending June 30, 1900	3,316
Average number present and absent, year ending June 30, 1900	4,682

The showing of this table of membership corresponds very nearly with that of last year's report. This will be accounted for because of the reason there have been no extra accommodations provided for an increased membership.

PERMANENT IMPROVEMENTS.

Permanent improvements during the year consist simply in an extension of our mortuary and completion of improvements in hospital kitchen, and balance of appropriation under "repairs" was expended in painting, plumbing, and carpenter work in the various buildings requiring same.

HOSPITAL.

During the fiscal year covering this report this Branch has passed the most trying and crucial experience in its existence by a visitation of yellow fever.

Attention is specially invited to this subject in the report of the surgeon herewith, and to previous reports thereon, as made to the Board of Managers, and it is only left for me at this time to refer to it in terms of the highest commendation of the services of the surgeon, assistant surgeons, trained nurses, and employees of the hospital who so faithfully, cheerfully, and untiringly performed all the duties required of them incident to this extra duty imposed upon them.

In this connection no unstinted tribute of praise should be withheld from the officers and noncommissioned officers for their unremitting and conscientious service in their efforts to suppress the scourge and maintain discipline under such trying circumstances, and to the members of the Home, who, at the time when the community within a radius of several miles were panic-stricken, and who fled from their homes in large numbers, stood nobly and cheerfully at their posts of duty and danger and thereby aided materially in assisting this office in suppress-

ing the disease (when it will be remembered that for six long and anxious weeks they were restricted to the limits of the grounds by reason of our own rigid quarantine and that of an effective shotgun quarantine maintained by the General Government) too much praise can not be given, and I claim that if such a record was ever equaled it certainly was never excelled.

It is the consensus of opinion of those well-versed in such matters that the disease was sporadic and incident to the freely mingling on our grounds of the sick and wounded troops from the Spanish war, who were landed near the Home at a time when the disease was prevalent at Santiago.

RELIGION.

The reports herewith of the Protestant and Catholic chaplains of the Home are so favorable that they must meet with general approbation.

SANITARY REGULATIONS.

Incident to the fumigation and disinfecting of the barracks and other buildings on the grounds during the time of the yellow-fever epidemic, they have been placed in fairly good sanitary condition and will be still further improved when we have renewed our old plumbing (which is contemplated during present season).

DISCIPLINE.

Discipline at this Branch is all I could wish for or expect with such a large number of men quartered within a radius of 80 acres, and when so considered it is superior.

Respectfully submitted.

P. T. WOODFIN, *Governor.*

Col. GEORGE W. STEELE,
Secretary Board of Managers,

REMARKS.

In the total number of deaths, 290, there are included 50 reported by the adjutant who died away from the Home and were not connected with the hospital in any way. No information has been received of their sickness or cause of death.

SANITARY REPORTS.

An epidemic of yellow fever appeared at the Home at the end of July, 1899, which, fortunately, was checked by the measures taken by authority of the Governor and with the intelligent cooperation of the medical staff and the officers of the Home. As a full report was made at the time and published in the proceedings of the Board of Managers of the National Home for Disabled Volunteer Soldiers, September 21, 1899, and also in the Annual Report of Board of Managers for the year ending June 30, 1899, it is not necessary to give here more than a summary of the facts.

The cases began to appear on the 24th and 25th of July. The character of the disease became clearly apparent on the 28th, and on the 30th it was declared yellow fever, with the concurrence of some experts of the Marine-Hospital Service. In the meantime the cases, as they were discovered, were promptly taken from their quarters with all their bedding and effects exposed to infection and isolated in one of the wards of the hospital.

The center of infection where nearly all the cases arose was a large brick building near the middle of the Home, containing 550 men, and three frame company quarters near it. The men were moved out of these into tents and the buildings disinfected by sulphur vapor, formaldehyde gas, and bichloride of mercury, as also all bedding and effects that were not destroyed by fire. There were 1,500 men in tents at one time, and as some of the quarters could be reoccupied others were vacated and treated the same way, until all requiring it, including the hospital, were disinfected.

The men kept coming down with the disease until the end of July. After that there were very few cases, and in all there were 43, with 12 deaths. The characteristic black vomit appeared in 11 cases, 5 of which survived.

The last man was taken into hospital on August 7, and the strict quarantine that had been established on the first appearance of the epidemic was raised on September 7.

The source of the disease was evidently some infected clothing brought from Cuba, where it prevailed that summer, and from which place men supposed to be free from infection came to a general hospital near us and to the Home, but it could never be accurately traced.

In the months of December, 1899, and January, 1900, smallpox was so prevalent in the towns and villages near us, especially among the colored population, that a thorough examination was made of all the members, and all were vaccinated who appeared to require it, especially those with whom it had not taken well the year before, when there was a similar alarm. Orders were issued restricting the communication of the men with infected places as much as possible, and no case of the disease appeared in the Home.

The place has been kept in as good sanitary condition as possible, considering the crowding of some of the barracks, which restricts each man to too small a floor space and cubic-air space, and makes it very difficult to have sufficient ventilation, especially in cold weather. Attention has been called to this in several sanitary reports through the year and efforts made to remedy it, but the only real relief will be the erection of new buildings, which do not seem to be thought necessary as yet. New barracks have been built during the past two years to take the place of old ones which had to be torn down. The change has been a vast improvement in space, light, and ventilation in the new quarters, but it has not given room for any more men, nor relieved the overcrowding in other old buildings. About 80 men are in tents now, and it is probable that many more will be in them through the winter.

Despite all this, the men kept in better health than could be expected, and as stated in the yellow-fever report of last September, "the course of the epidemic, so limited in such an overcrowded, invalid population, is the best testimony as to the general sanitary condition in which the Home was kept. When men are crowded in their dormitories into half the cubic-air space per bed that they should have, we have one of the most favorable elements for developing such a disease."

R. S. VICKERY, *Surgeon.*

RELIGION AND SOCIETIES.

The work committed to my charge has been regularly and fully carried out. Notwithstanding the fact that for nearly three months of the year I was personally incapacitated on account of a broken limb, still no interest was neglected, owing to the excellent organization of the several departments of religious work and the efficient outside help I secured to perform the particular service usually done by myself and which has been accomplished under my constant direction. The regular weekly service for the special benefit of the colored members of the Home is a new feature introduced during this year and has been much appreciated by them. The temperance work has been maintained with unchanging zeal and much effectiveness. The Society of Christian Endeavor continued to sustain its high character and exhibits an earnestness and intelligent purpose worthy of its name. The literary club has been a center of interest to many outside of its limited membership, though for a time my illness interrupted its regular public exercises. An immense amount (167,800 pages) of religious reading matter of an attractive and profitable character has been regularly distributed in the barracks and hospitals, and given out at each of the Sunday services. Until the injury which temporarily lamed me, the hospital ministrations to the sick were regular and constant.

There have been during the year of regular religious services, 307; of funerals, 102; general visitations to the hospital, 179; temperance pledges obtained, 91, and less intemperance last pension day than ever before.

JAS. H. BRADLEY, *Chaplain.*

I have the honor to report for the fiscal year ending July 1, 1900, as follows:

There were 56 funerals. Services were held 227 times during the year. The hospitals were visited on an average 4 times each week.

The attendance at service was good, from 700 to 800 men on Sundays and from 200 to 300 being present on week days.

T. J. MERCER, *Catholic Chaplain.*

Total amount of pensions paid in past year	$379,574.66
Average rate of pension per pensioner per month	$9.94

GENERAL FUND.

The treasurer's report shows the average cost of 100 rations per day is $14.13; last year it was $13.43. The per capita cost for the year, $119.89; last year it was $111.95

PERMANENT IMPROVEMENTS.

A Congressional appropriation for the past year was made for one barrack and furniture, $22,500. This building is not yet completed, its erection having been unavoidably delayed; but it will be finished, it is believed, in a short time.

The theatre building, constructed by board and post funds, is now being finished interiorly, and it is hoped will be ready for occupancy within a few months.

HEALTH.

The death rate during the past year is stated by the surgeon to be 50.27 per 1,000. Average age at death, 66.76.

The sanitary condition could be improved by substituting modern water-closets with tile floors for those now in use, and by renewal of much of the piping and sewer connections.

DISCIPLINE.

The records show that of the whole number cared for 91 per cent committed no offense.

Respectfully, yours,

J. G. ROWLAND,
Governor.

Col. GEORGE W. STEELE,
Secretary Board of Managers,
National Home for Disabled Volunteer Soldiers.

RELIGION AND SOCIETIES.

RELIGION.

[Protestant chaplain's report.]

The following regular services have been held during the year:

Social meetings each Sabbath at 9.30 a. m. and sermon at 2 p. m. In addition to these there are the following meetings during the week: Christian Endeavor, Tuesdays at 9 a. m., and prayer meeting Thursdays at 9 a. m.

The above-named services are quite spiritual and are well attended.

I visit the hospital twice each week and visit the barracks occasionally. Number of funerals attended during the year, 136.

[Catholic chaplain's report.]

The regular routine of chapel services, hospital visitations, and attendance at funerals has been maintained during the year as usual.

There are two societies in the church, both in good condition.

Mass is held every Sunday and Monday morning.

Benediction every Sunday evening, first Friday evening of every month, and evening of each Friday in month of June.

Rosary every evening in the week.

Number of funerals attended during the year, 46.

SOCIETIES.

In addition to the societies in the church above mentioned, there are, Brennan Post, Grand Army of the Republic, with a membership of 174, and the Union Veteran Legion, with a membership of 78.

SANITARY REGULATIONS.

The habits of the men are uniformly good. The food of good quality, and well cooked, the variety being sufficient.

Clothing of good quality, although there should be some provision made to meet the requirements of summer.

The water is furnished from the city waterworks, at Leavenworth, and is of good quality.

The members are required to bathe weekly, unless excused by the surgeons. The bathing facilities are inadequate, there being over 70 men to each bath tub, and only two bathing days in the week.

The natural drainage of the grounds is excellent. The sewage is emptied into the Missouri River, through a complete system, the main pipe being 12 inches in diameter. The closets in the barracks and hospitals are uniformly old and worn-out, and should be replaced by a modern system. Owing to the age of the members and their infirmities, it is an impossibility to keep the closets in a sanitary condition. This could be largely overcome by replacing the wood floors with tiling, the wood floors having become saturated with urine.

The Home has had an unusually large number of cases of erysipelas, occurring from January to July; cause unknown; probably due to faulty ventilation, faulty sewer connections, and the stoppage of the issue of individual towels, roller towels being the only kind issued, which require a large number of men to use the same towel, thus easily transmitting contagious diseases of this kind. Individual towels should be issued to the men for general use.

Respectfully submitted.

A. G. HULL, *Surgeon.*

ANNUAL REPORT OF PACIFIC BRANCH NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, FOR THE YEAR ENDING JUNE 30, 1900.

PACIFIC BRANCH, *June 30, 1900.*

SIR: I have the honor to submit the following report of this Branch for the year ending June 30, 1900:

The officers of this Branch are as follows: Local manager, Maj. William H. Bonsal, Los Angeles, Cal.; governor, Col. O. H. La Grange; treasurer, Maj. T. J. Cochrane; surgeon, Maj. H. E. Hasse; quartermaster and commissary of subsistence, Maj. J. H. Simpson.

Aggregate present and absent June 30, 1899	2,239

Aggregate number present June 30, 1900	1,613
Aggregate present and absent June 30, 1900	2,356
Average number present year ending June 30, 1900	1,693
Average number present and absent June 30, 1900	2,312
Maximum present during year, March 13, 1900	1,779

Minimum present during year, July 6, 1900	1,550
Minimum absent during year, March 13, 1900	531

GENERAL FUND.

The treasurer's report shows the average cost of ration per day as $0.1479, against $0.1789 of last year; average cost per capita, $117.5865, as against $145.2582 last year, and the general expenditures, $227,837.07, as against $241,857.24 last year. This item appears on its face to be misleading, if not false, for the reason that it is taken from the treasurer's report and based on moneys expended, while no account is made of $34,462.32 for bills incurred during the last fiscal year not yet paid, because money has not been received for that purpose.

PENSION FUND.

The number of pensioners, members of this Branch, June 30, 1899, was 2,147, as against 2,356 at the close of the fiscal year, a net gain of 209 pensioners, with an increase in membership of only 117.

Amount paid to pensioners during the year was $252,903.47, as against $226,102.43, an increase of $26,801.04.

IMPROVEMENTS AND REPAIRS.

Permanent improvements at this Branch, for which appropriations were made by Congress, have been completed as follows, viz:

Remodeling attics, Companies A, B, C, and D	$7,488.10
Chapel and furniture	13,958.20
Treasurer's quarters	6,498.60

FARM.

Your especial attention is invited to our farm products, of which the garden alone has produced 641,257 pounds of vegetables, which have been served to the members of the Home. The entire product of the farm, which has yielded a hay crop of 100 tons, includes the product of garden, orchard, dairy, hennery, and hog ranch, and has yielded for the fiscal year an output valued at $13,682.31. With exception of the chief farmer, all the labor has been performed by the old soldiers.

HEALTH.

The general health of the Home continues good. There has been no epidemic during the last fiscal year.

The erection of a septic tank for the purification of the Home sewage will go far toward preventing malaria in the Home.

DISCIPLINE.

The behavior of the members continues to be generally good. Of the whole number cared for (2,620) there were but 278 against whom charges were preferred, leaving 2,342, or very nearly 90 per cent, against whom no complaint has been made.

GENERAL.

There were two changes among the commissioned officers during the past fiscal year.

On the 17th of October, 1899, the tragic death of the treasurer, Maj. F. K. Upham, occurred from the accidental discharge of a revolver. He was succeeded by Maj. T. J. Cochrane, who continues to fill that office.

On the 1st day of June, 1900, the resignation of the quartermaster, Capt. E. J. Rising, previously tendered, took effect, and he was succeeded by the present incumbent, Maj. J. H. Simpson.

It is believed that the accompanying tables give full information of the workings of this Branch, in the administration of which I have had the loyal support of the officers, the noncommissioned officers, and employees, and to them extend my thanks.

Very respectfully, your obedient servant,

O. H. LA GRANGE, *Governor.*

Col. GEORGE W. STEELE,
Secretary Board of Managers,

Sanitary regulations.

The various buildings and Home grounds have been under constant careful supervision, and the sanitation of the Home is believed to be in a satisfactory condition.

This Branch has been free from epidemic diseases during the fiscal year.

The placing of a septic tank for the purification of the hospital sewage is desirable.

RELIGION AND SOCIETIES.

RELIGION.

Religious services have been held with regularity by Protestant and Catholic chaplains.

The completion of the chapel this year, for which Congress appropriated the sum of $14,000, has given great encouragement to the religious element of the Home. The building is divided into two apartments, furnishing a separate chapel for Catholic and Protestant service.

The dedication of the Protestant chapel by the Home chaplain, Dr. Beck, and of Catholic chapel by Bishop Montgomery, of the diocese of Los Angeles and Monterey, formed two very important events in the church history of this Home.

There were 81 funerals of Protestant members attended by Protestant clergymen, and 44 funerals attended by the Catholic chaplain.

The Christian Endeavor Society of the Home hold frequent meetings and the Sunday school and weekly prayer meetings are still maintained.

Ministers of other denominations have frequently officiated.

SOCIETIES.

The following military organizations hold their regular meetings in the Home and bury their dead comrades with honors prescribed by their various rituals:

ANNUAL REPORT OF MARION BRANCH NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, FOR THE YEAR ENDING JUNE 30, 1900.

Capt. JUSTIN H. CHAPMAN, Governor.
Capt. H. O. HEICHERT, Treasurer. Dr. A. D. KIMBALL, Surgeon.

MARION BRANCH, *July 11, 1900.*

SIR: I have the honor to submit the following report of this Branch for the year ending June 30, 1900:

Statement of receipts and expenditures, general fund, page 166, shows the cost of maintenance as follows: Cost per capita, $113.08; cost of ration, $0.1276; general expenditures, $203,890.81.

PERMANENT IMPROVEMENTS.

Bids were opened September 21, 1899, for new buildings and addition to electric-light plant as per appropriation by Board of Managers September 21, 1899. All bids were above appropriation, and were rejected.

December 27, 1899, bids were again opened and rejected, no bid having been received within appropriation.

Additional appropriation having been made, bids were invited and opened on the 18th ultimo and contracts awarded as follows:

Carpenter and paint shop	$1,450
Electric-light building	8,867
Addition to greenhouse	3,990
Nurses' quarters	4,294
Surgeons' quarters	6,664

New chapel is completed except furnishing, lighting, and heating.

Appropriation for the fiscal year ending June 30, 1901, included $3,000 for this purpose. Bids for the work will be opened July 26, 1900.

HOSPITAL.

This department, under charge of Maj. A. D. Kimball, surgeon, has been properly and efficiently managed. There has been no epidemic during the year.

Total number of deaths during the year, 128. Ratio per 1,000 for whole number cared for, 42.53.

NATURAL GAS.

At the beginning of the fiscal year we had five producing gas wells, three on Home grounds and two on leased land.

In the early winter one well on Home grounds and two on leased land failed, making it necessary to depend on the two remaining wells

on Home grounds for our winter's supply of fuel. Fearing a shortage in natural gas 600 tons of coal were purchased and stored for an emergency, and 140 cords of wood were sawed and split from fallen or decayed trees on the reservation. In the coldest weather natural gas was insufficient and we were obliged to burn wood and coal in the barracks.

Appropriation of $9,117 for gas mains on leased land has enabled us to connect the Branch with leased land on the David Harris farm, where we now have two gas wells and will have two to four more before cold weather.

It required 11,985 feet of 6-inch pipe to make the connection. This may give us sufficient natural gas for the coming winter, but it is an admitted fact that the gas is diminishing in the gas belt, and it will be only a matter of time when we will have to resort to some other manner of heating, and I renew my recommendation in last annual report that steps be taken to adopt and build a new and permanent system of heating at this Branch.

POST FUND.

Our Home store continues prosperous and affords a means for the purchase of daily newspapers, books, magazines, and periodicals; keeps up the expenses of the billiard and club room, and part of the expense of the Home band.

CHLORIDE OF GOLD CLUB.

This club has been continued during the year and 26 members have taken the cure. The condition of the club is as follows:

Total number of members June 30, 1899		104
Total number of new members		26
Total		130
Loss by relapse	23	
Loss by transfer to other Branches	2	
Loss by discharge from the Home	2	
Loss by death	1	
Loss by abandonment of treatment	2	
	—	30
Present membership		100

Ratio of relapse per 100, $17\frac{9}{23}$.

FARM.

Our farm and garden have supplied us with a large quantity of fresh vegetables of the best quality, and have proved to be a profitable investment, as will be seen by list of farm products in another part of this report, giving articles, quantity, and value.

ADMISSIONS.

The crowded condition of our barracks in the early fall made it necessary to discontinue admissions and readmissions on the 10th day of September, 1899. From that time until December 20, 1899, when we were in condition to receive applicants, 243 applications were filed.

The opening of the Danville Branch in the early fall was of great help to disabled soldiers unable to secure admission here, as all applicants were advised to apply to the governor of that Branch, and I believe all who were entitled to admission were taken in.

Attention is invited to the accompanying tables giving full information concerning all points of interest relating to the Branch.

Very respectfully, your obedient servant,

JUSTIN H. CHAPMAN, *Governor.*

Col. GEORGE W. STEELE,
Secretary, Board of Managers,
National Home for Disabled Volunteer Soldiers.

RELIGION AND SOCIETIES.

RELIGION.

JUSTIN H. CHAPMAN,
Governor Marion Branch National Home for Disabled Volunteer Soldiers:

I have the honor to submit the following report for the year ending June 30, 1900:

Religious services held	180
Sermons preached	93
Lectures delivered	54
Organized societies	2
Members Christian Union	340
Members Temperance League	300

The Women's Christian Temperance Union did much acceptable work under the auspices of the Temperance League.

I made my usual visits to the sick in hospital, supplementing public discourses with personal and private counsel to those of our members who were in trouble; officiated at the burial of the dead; held the usual Thursday night prayer services; delivered lectures on religious themes; preached, on Sabbath, in Stinson's Memorial Hall; and gave some time to the interests of Harris Library. So many books are wearing out that frequent additions are needed to keep it up.

My time in the Home is taken up to such an extent as to make it impractical for me to take charge of any church work on the outside.

Very respectfully, your obedient servant,

D. E. MYERS, *Chaplain.*

Capt. JUSTIN A. CHAPMAN,
Governor Marion Branch National Home for Disabled Volunteer Soldiers.

SIR: It is gratifying to report a good spirit of zeal and piety among the members of the Catholic congregation in the Home. The same membership as to numbers may be given as per last report, viz, 300.

The Society of the Sacred Heart of Jesus, numbering 40 members at present, is devoted to spiritual exercises solely. The members of the Home have contributed to the erection of a very handsome altar to the new chapel, as also a new altar rail, which cost $649.

The sick have commanded the chaplain's attention more than anything else, an average of three visits a week having been made to the hospital.

Respectfully submitted.

F. C. WIECHMAN, *Chaplain.*

ANNUAL REPORT OF DANVILLE BRANCH NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

Col. ISAAC CLEMENTS, Governor.
Maj. W. C. TUTTLE, Treasurer. Dr. D. C. JONES, Surgeon.
Capt. E. B. WHEELER, Quartermaster and Commissary of Subsistence.

NATIONAL HOME,
Danville, Ill., August 18, 1900.

I have the honor to submit the following report of the Danville Branch, National Home for Disabled Volunteer Soldiers, for the fiscal year ending June 30, 1900:

A year ago the total membership of this Branch was 311. The present membership is 1,461, being an increase of 1,150. The figures showing the changes of population are as follows, viz:

Aggregate present and absent June 30, 1899	311
Gain, by admission, readmission, transfer, etc	1,453
	1,764
Loss, by discharge, transfer, death, etc	303
Aggregate present and absent June 30, 1900	1,461
Net gain	1,150

Of the members at present on the rolls, 1,272 are pensioners.

At the time of my last report (one year ago) the members were all quartered in the hospital building. The headquarters and all offices were also in this building. Since then twelve barracks have been completed, with a capacity for 2,500 men. Eight companies have been formed and eight barracks occupied by them. The other four barracks have small detachments of men occupying them and caring for them. Still another barrack has been completed, known as the "guard barrack." This is occupied by the members of the guard, each relief having a sleeping apartment of its own. It also contains the guard-house proper and the court room. Rooms in the basement of this building are fitted up for fire-hose cart, reel, and hose. The general mess hall, consisting of dining room, kitchen, bakery, etc., has been completed and occupied. There are three good-sized rooms over the dining room. One of these has been fitted up for all assemblages of the members. It has a seating capacity of 500. The second room is used for meetings of the Grand Army of the Republic and Union Veteran Legion. The third has been fitted up for a library and reading room. There are but few books at present, but the monthly magazines, illustrated weeklies, and leading daily newspapers are purchased by the post fund and are to be found regularly on the tables of this room, which is well patronized by the members of the Home.

During the year 44 members of the Home have died, being but 2½ per cent of the total number cared for. Their average age was 65 years.

Submitted herewith are the usual tables, showing all the essential facts pertaining to the growth, health, and discipline of this Branch of the Home.

Very respectfully, I. CLEMENTS, *Governor.*

Col. GEORGE W. STEELE,
Secretary Board of Managers,
National Home for Disabled Volunteer Soldiers.

[Report of Protestant chaplain.]

Previous to my appointment as Protestant chaplain of Danville Branch of the National Home for Disabled Volunteer Soldiers, which dates from December 16, 1899, the Sabbath services and funerals were conducted by the pastors of the various Protestant churches of Danville, Ill., and since my appointment I have conducted services each Sabbath in Assembly Hall, situated over the main dining hall. During the latter part of winter and early spring I preached twice on Sabbath, holding a meeting on Sabbath afternoon for Bible study. Since the warm weather we have held our services in the grove. Meetings for prayer and praise have been held on Monday and Thursday evenings.

The music and song services have been conducted by Bandmaster Capt. W. F. Heath, and during the winter, while the orchestral band was continued, generally two appropriate instrumental selections were played during the morning services to the evident pleasure and profit of those present.

I have aimed to visit the various wards of the hospital about three times a week, except as the services of the chaplain were oftener required.

Since my appointment I have conducted sixteen funerals in the Home.

MELCHIOR AUER, *Protestant Chaplain.*

[Catholic chaplain's report.]

Since appointment, December 1, 1899, services have been held every Sunday morning at 8 o'clock and also on holy days.

Frequent visits are made to the sick in hospital.

Attended six funerals from December 1, 1899, to June 30, 1900.

SOCIETIES.

Union Veteran Legion, Encampment No. 155, 62 members; Grand Army of Republic, Lawton Post, No. 792, 37 members.

SANITARY REPORT.

During the past year the Home has been greatly improved in leveling off the grounds and improving the surface drainage. The general sewerage system is good and well looked after.

The disposal of garbage by garbage carts is closely watched and the grease trap is kept clean and disinfected as often as necessary to keep down unpleasant odors. This could be improved by the introduction of large garbage tanks at mess hall and hospital, with tank wagons with close-fitting lids to prevent spilling or odor as it is removed from the Home grounds.

The barracks are all modern in every particular, heated by steam, lighted by electricity, supplied with cold and hot water, well ventilated and kept clean and tidy.

The men are orderly, cleanly, and well behaved. The discipline is good in every way—mild but firm.

The hospital is modern in every way, the force well organized, every department closely looked after and rapidly increasing in patients. The floors in the wards are kept clean and dressed with an antiseptic dressing. Six women nurses are employed. Four wards are now in use, with an average of 25 patients to the ward. A well-equipped operating room, as well as many other modern conveniences, should be mentioned in this connection.

The drug department is ample and presided over by Mr. Louis F. Schumm, an able and efficient druggist and pharmacist.

The food is good and an abundant supply is always kept on hand. The supply of delicacies is abundant and all the variety that is desired.

Respectfully submitted.

D. C. JONES, *Surgeon.*

REPORT OF INSPECTION

OF

STATE SOLDIERS AND SAILORS' HOMES

FOR

YEAR ENDING JUNE 30, 1900.

NEW YORK, N. Y., *November 22, 1900.*

GENERAL: I have the honor to submit for your consideration the annual report of the inspection of the State Homes. There are 30 such Homes in 27 different States—one in each of the 27, and 2 in New York, 2 in New Jersey, and 2 in Nebraska—one in Vineland, N. J., established within the fiscal year. All of the Homes have been inspected by the inspectors-general of the National Home for Disabled Volunteer Soldiers twice during the year and some of them three times.

The aim of the Board of Managers, as indicated to the inspectors, has been, and is, to learn if the State Homes are so conducted as to entitle them under the law of Congress to the State aid of $100 to each member cared for for the term of one year or part thereof. The law under which State and Territorial Homes were authorized reads as follows, to wit:

Be it enacted, etc., That all States and Territories which have established, or which hereafter establish, State Homes for Disabled Soldiers and Sailors of the United States who served in the war of the Rebellion or in any previous war, who are disabled by disease, age, or otherwise, and by reason of such disability are incapable of earning a living, provided such disability was not incurred in service against the United States, shall be paid for every such disabled soldier or sailor who may be admitted and cared for in such Home at the rate of one hundred dollars per annum. The number of such persons for whose care any State or Territory shall receive the said payment under this act shall be ascertained by the Board of Managers of the National Home for Disabled Volunteer Soldiers; but the said State or Territorial Homes shall be exclusively under the control of the respective State or Territorial authorities, and the Board of Managers shall not have, nor assume, any management or control of said State or Territorial Homes. The Board of Managers of the National Home shall, however, have power to have the said State or Territorial Homes inspected at such times as it may consider necessary, and shall report the result of such inspections to Congress in its annual report.

SEC. 2. That the sum of ———, or so much thereof as may be necessary, is hereby appropriated out of any money in the Treasury not otherwise appropriated to carry out the provisions of this act, and payments to the States or Territories under it shall be made quarterly by the said Board of Managers for the National Home for Disabled Volunteer Soldiers to the officers of the respective States or Territories entitled, duly authorized to receive such payments, and shall be accounted for as are the appropriations for the support of the National Home for Disabled Volunteer Soldiers.

Approved August 27, 1888.

Also:

STATE OR TERRITORIAL HOMES.—*Provided*, That one-half of any sum or sums retained by State Homes on account of pensions received from inmates shall be deducted from the aid herein provided for.

Approved August 5, 1892.

I desire to invite your attention to the last section of the law above quoted, and to the difficulties that arise in the course of inspections with reference to that provision, viz: Amount of pensions retained.

The construction of this law by the commandants, superintendents, or directors of the several State Homes varies materially, and the amount reported as "pensions retained" is difficult to verify by reason of the imperfect and varied systems of dealing with pensions and of keeping these accounts; some of the Homes retain a fixed sum; some retain no part of the pension, but compel those drawing pensions to purchase their own clothing; some accept donations from pensioners and apply it to the uses of the Home, but make no report of it, treating it as a voluntary contribution on the part of the pensioner; some

allow the sick in the hospital to pay for the services of a nurse, treating it as a donation; and so on, each State Home acting independently and treating the pensions as suits its own views of the question.

The National Home retains no portion of the pension of any member for any purpose, but the governor exercises sufficient supervision to prevent, so far as possible, an improper or prodigal use of the money and to aid in the forwarding of it to needy families. This clause of the law, which is so differently construed and acted upon by the State Homes, is also a source of dissatisfaction with the members, and the inspectors are often importuned to interfere and, if possible, prevent such disposition of what they term "blood money," and which they feel they have a legal right to dispose of as they choose.

In view of these facts, it is urged that some change be made in this provision of the law by Congress as to "pensions retained."

Referring to the reports by the inspectors-general of the several State Homes, the muster rolls show a general accuracy in the morning reports, and this is also corroborated in the trimonthly post returns. The government is fairly uniform and the members are treated with kindness and consideration. There are but few violations of the rules and very few are punished for infractions, and these are in the nature of parental chastisements. The officers are gentlemanly and dignified and the management generally is satisfactory and maintained on about the standard of the National Homes. In the matter of subsistence no complaints have come to the ears of the inspectors. The food is ample, of good quality, and well cooked and served. The clothing is reported of good quality and ample in quantity. The beds and bedsteads are of the pattern used in the National Home. The hospitals in the State Homes are reported as well appointed and the medical care and attendance first-class. The surgeons and assistants stand high in their professions, and the nurses, some of whom are trained nurses, are reported as competent and attentive to their duties. Quite a number of the Homes have resident chaplains, and all have religious services. Catholics and Protestants alike are favored with religious consolation by ministers of their choice. Nearly each State Home has a hall for amusements. Libraries of choice books and daily and weekly papers and magazines are usual at all of these Homes. The work of the State Homes, as in the National Homes, is usually done by the members. Of course, this will not be continued many years, as the infirmities of age will disable those who are now able to work.

In conclusion, it is worthy of remark that the State Homes are a credit to the States that provide them and very useful to the National Government which aid in their maintenance.

Appended hereto will be found a concise statement, alphabetically arranged, showing the present organization of each State Home, its board of directors, its officers, the average present during the years ending June 30, 1900 and 1899, and the average present and absent for the same dates, and the average cost for keeping each member during the year ending June 30, 1900.

Very respectfully submitted.

The acting president of the Board presented the resignation of Rev. Dr. Charles S. Kemper, chaplain of the Central Branch, when the following resolution was adopted:

Whereas the Board of Managers, learning that the archbishop of Cincinnati has assigned to another pastorate Dr. Charles S. Kemper, the chaplain at the Central Branch, and the resignation of the said Dr. Kemper having been filed with this Board, and the Board recognizing the long and faithful services of Dr. Kemper and appreciating his high character and great usefulness in his position, due to his intimate acquaintance with the members of the Home and his peculiar fitness for the discharge of the duties of the chaplaincy: Therefore, be it

Resolved, That, in the interest of the members of the Home, this Board hereby requests the Most Rev. William H. Elder, archbishop of Cincinnati, to withdraw his assignment of Dr. Kemper to another charge, and that, upon his acquiescence with his request, the acceptance of the resignation of Dr. Kemper be declined.

Before the adjournment of the Board the following was received:

CINCINNATI, OHIO, *September 21, 1899.*

Rev. CHARLES S. KEMPER:

My respects to the Board of Managers. In consideration of their request, I will withdraw my appointment of you to other place.

WILLIAM HENRY ELDER.
Archbishop of Cincinnati.

Upon motion, the resolution adopted at the meeting of the Board in July, 1899, relative to payments from the moneys or sales of effects of deceased members to administrators, was so modified as to apply only to payments to administrators of such members as have died or may die in the county of Montgomery, Ohio.

The acting president presented a communication from two members of the Eastern Branch, who desire to donate to the Home an ambulance for the use of the hospital at the Eastern Branch. On motion, the matter was referred to General Brown, with power.

On motion the president of the Board was directed to include in the annual estimates for the Home, for the year ending June 30, 1901, the sum of $1,500 for the construction of a pavilion at the Marion Branch.

The acting president announced that, owing to the recent epidemic of yellow fever at the Southern Branch, certain extraordinary expenses were thereby rendered necessary and were so incurred, and also presented certain correspondence and reports showing measures taken by the president of the Board and the Branch authorities to stamp out the

disease. Upon motion, the expenses incurred were authorized, and the correspondence and reports ordered spread upon the minutes, viz:

NATIONAL SOLDIERS' HOME,
Elizabeth City County, Va., July 29, 1899.

Gen. WM. B. FRANKLIN,
President Board of Managers, National Home for Disabled Volunteer Soldiers.

GENERAL: Within the past few days we have had an outbreak of fever in camp closely resembling dengue, and bordering on yellow fever so near that doctor is suspicious, and will wire Surgeon Sternberg to send an expert for consultation. In the meantime we are taking extra precaution not to alarm the camp, or anyone outside. A ward in hospital has been set aside for these cases, and all clothing, bedding, etc., will be fumigated. Will write you result of expert's investigation as soon as it occurs. Doctor and myself in hourly consultation, and prepared to meet any and all emergencies. In the meantime the subject should be considered by your office with reference to immediate instructions, should they be requested. In all, to date, 26 cases—4 new ones to-day. All are doing well. Two reported very low Saturday; slightly better to-day. These two cases are quite defined in their resemblance to yellow fever or dengue, whichever it may prove to-day, after consultation with Dr. Pethus, marine surgeon at Old Point, whom doctor will try to get to come to the Home for consultation, pending the expert's arrival from Washington.

Camp is quiet and unsuspicious that we feel alarmed about the disease.

Respectfully, yours,

P. T. WOODFIN, *Governor.*

NATIONAL SOLDIERS' HOME, VA., *July 30, 1899.*

Gen. W. B. FRANKLIN.

GENERAL: I thought that you might like to hear from me in an informal way some particulars of this terrible epidemic that has so suddenly burst upon us. Early in last week, from the 23d to the 25th, some cases began to appear among the men with symptoms like dengue fever, mixed with some malarial cases, chills and pains in the bones being the principal symptoms, and none dangerously sick. On Thursday night two men died in one ward, their deaths clearly owing to other causes than this sickness; but both turned a yellow color, which also began to show in several cases, so on Friday they were all collected in one ward at the east end of the hospital building. Into this ward every case was brought from the hospital and from the companies showing any sign of this trouble, and there have been 33 in all, and two deaths last night and this morning.

When the trouble began to look suspicious, I called in two expert surgeons of the Marine-Hospital Service, who had done a great deal of quarantine duty and seen much yellow fever in Cuba. One of them was kindly ordered here by Surgeon-General Wyman of the Marine-Hospital Service. They both examined the cases carefully with me yesterday, and declined to express an opinion until they have again seen them to-day, and we had a post-mortem on the two cases that died. To-day they pronounce it yellow fever, and that is clearly my opinion, too.

With this situation, I have recommended the governor that all the well members of the Home be moved as soon as possible, cleaning out the present infected quarters. There is a large general hospital of 800 to 1,000 beds within 2 miles of us, just closed up, that might be obtained from the Secretary of War, and a number of hospital tents at Old Point, not in use, that could be set up by the hospital. This moving is the best and safest thing to do, and should be done without a day's delay. The cases nearly all date their sickness from Saturday, the 22d, and were in five or six different companies near the main building; also some in the hospital. It is encouraging that but very few were taken sick after that time, although some did not get on the sick report until some days after. If we had got to the limit now it might not be necessary to take precautions, except the strict quarantine, of course, established, but what I fear is that with the men a few more days in those crowded quarters fresh centers of infection will be established, and we will have it going through the whole command.

We can not determine as yet the source of infection, and can not trace it to any vessel in the harbor. Our surgeons are standing up to their work without shrinking, and so are the nurses, male and female; but none of them are immune, and we should have some immune surgeons and nurses, and I shall apply for them as soon as authority is given. We have already taken on several special nurses, and I have promised to recommend double pay for them for this time. There will be heavy expenses, which I hope will be provided for. It appears to me that the Government

and the country would censure us for sparing any expense necessary to restrain an epidemic like this.

I was about to write an official letter on the action of the Board in cutting down the appropriation for this hospital, of Congress, for current fiscal year (which was barely sufficient for our needs) by nearly $4,000 a year. I hope to have time to lay the matter before you in a few days.

All precautions are taken that this letter should not carry any infection.

Respectfully, yours,

R. S. VICKERY, *Surgeon.*

Telegram with reference to Inspector-General Smith received. Thanks. Was about concluding an arrangement with a responsible party at Newport News for same purpose. Our greatest difficulty is getting supplies in quarantine. Very severe. The situation not alarming as you read in the papers.

Forty cases to date. Only five deaths. Two suspects sent to hospital yesterday. No deaths since Monday, 7 p. m.

We will surely conquer the disease. Promised tents to-day not yet received. No mail out since Saturday. Men behaving like true veterans.

One died this morning, old case; no new cases this morning. The doctors concur with him that the disease is under control. Twenty-five hundred mattresses are being destroyed. Have asked War Department for a like number, and 100 additional hospital tents. McMahon and I are at Atlantic Hotel, Norfolk. At Newport News or Old Point we would have been isolated. Gen. W. B. FRANKLIN,
President Board of Managers,
National Home for Disabled Volunteer Soldiers, Hartford, Conn.

GENERAL: Affairs at the Southern Branch have about resumed their normal condition. There have been no cases or deaths since my last report by wire. The quarantine has been raised at all points adjacent to the Home except Phœbus, and all communication to the Home for men and supplies is open. Several members were here either on transfer or on return from furlough. These I sent to the Home to-day. There being no further necessity for our remaining, Colonel Smith and I will return to-night to New York by the Old Dominion steamer, and he will report to you in person, at Hartford, immediately upon his arrival. The statistics of the disease you will of course learn from the reports of the Home authorities at the Branch. I desire to say that we are under much obligation to the local authorities here for every possible assistance and attention to our wishes. Upon arriving in Washington we had the good fortune to meet the Secretary of War before breakfast. He very kindly placed his carriage at our disposal, and sent his secretary with us to visit the Treasury Department and the office of Surgeon-General Wyman. General Corbin, Adjutant-General of the Army, and General Luddington, Quartermaster-General, assured us that everything available for use at the Home would be readily furnished, and that the tents already asked for were being delivered. We were enabled to leave Washington that same evening by boat for Norfolk. We found upon our arrival that arrangements were already in progress for supplying the Home from Norfolk. These were completed in a few hours, chiefly through the courtesy of Mr. M. B. Crowell, representing the Old Dominion Steamship Company. A barge was anchored near the light-ship, to which the Old Dominion company sent a steamer each day, carrying supplies from all sources. They were taken from the barge by another steamer of the same company and landed at Hampton. Captain Godding, of the *Windom*, United States revenue cutter, was of inestimable service. His boat was at our disposal at all times, and on an emergency he carried for us one large cylinder of anhydrous ammonia for immediate use in the ice plant, and delivered it by one of the quarantine launches. I would be pleased if you would make suitable acknowledgment, through the honorable Secretary of the Treasury to the chief of his bureau, for the prompt, courteous, and efficient aid he rendered to us and to the quarantine and Home authorities. Surgeon Pettus, of the Marine-Hospital Service, and Surgeon Smith, of the same, both on duty here in connection with the quarantine, rendered us every possible service and advice. In fact, such duties as we had to perform in connection with the epidemic at the Home were made more than pleasant by the kindness and courtesy of all with whom we came in contact.

Should the hurricane now prowling up the Atlantic coast reach here before night we will go home by rail. I have great respect for a hurricane, especially one born in the West Indies.

Very sincerely, yours, M. T. MCMAHON, *Manager.*

THE NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS,
Hartford, Conn., August 28, 1899.

Capt. T. P. WOODFIN,
Governor Southern Branch,
National Home for Disabled Volunteer Soldiers.

SIR: Your letter of the 25th instant, relating to the epidemic of yellow fever, has been received and considered. I am pleased to note the improved condition of your Branch, and to congratulate you and the officers, members, and employees of your Branch upon the prompt and effective action which enabled you to control and stamp out the disease.

I will be pleased if you will request the surgeon of your Branch, Dr. R. S. Vickery, to forward, at his earliest convenience, a detailed report as to the epidemic, showing its cause (if known), action taken to meet and control it, and the results. This report is intended for presentation at next meeting of the Board of Managers, at the Central Branch, on 21st proximo.

Respectfully, yours,

W. B. FRANKLIN,
President Board of Managers,
National Home for Disabled Volunteer Soldiers.

NATIONAL SOLDIERS' HOME, VA.,
Hospital, September 10, 1899.

Gen. W. B. FRANKLIN,
President of the Board of Managers,
National Home for Disabled Volunteer Soldiers.

SIR: I have the honor to make the following report on the late epidemic of yellow fever that has prevailed at this Home:

In the latter part of July, about the 24th, some of the men began to complain about unusual sickness, nearly always beginning with a chill, flushed face, some headache, fever lasting two or three days; sickness of the stomach, and some pain in back and limbs. It reminded some of our medical staff, who had experience in Cuba and the South, of dengue, but was seen to lack several symptoms of that disease. None of the patients seemed dangerously sick until on the night of the 27th two died in one ward, and a post-mortem examination the next morning showed characteristic signs of yellow fever. Both bodies showed the yellow color before death, and about the same time some of the other patients began to turn yellow. All the cases were at once separated and isolated in one ward, well detached from the others, and on consultation with the governor decided to obtain the opinion of some specialist who had had experience with the disease in Cuba. Surgeon-General Wyman, of the Marine-Hospital Service, on being telegraphed to, at once sent down such an officer in Surg. Eugene Wasdin, who came on the 29th, with Surgeon Pettus, of the same service. They came again on the morning of the 30th, saw some post-mortem examinations, and pronounced it, without hesitation, yellow fever. Although satisfied with the disease myself from the morning of the 28th, I did not venture alone to give the signal for a quarantine that raised much needless alarm and disorganized business and society for a time in all the towns surrounding us.

The first case had appeared on the 16th of July. Most of them came down from the 24th to the 28th, and there were some taken until the 1st of August, after which there were only one or two. They were chiefly in the lower stories of the large central barrack building, where about 550 men are quartered, and in some frame and brick buildings west of that; and most of them dated their first sickness from the date of July 22, 1899. The new buildings to the east of the main building were scarcely affected—in fact, they furnished only one case.

In all, we had 43 cases and 12 deaths, a mortality of nearly 28 per cent. The average age of those attacked was 65 years; highest 78, lowest 52; and of the deaths the average was 66; highest 75, lowest 52. The last man was not sent out of the hospital until the 1st of September, the great age of the patients making their convalescence slow.

The infection was confined to the barracks in the locality mentioned. The families of the officers remained in the Home. The hotel was full of visitors, yet none of them were attacked.

There has been a general disbelief among the men that this was yellow fever, and no special pains were taken to enlighten them, as that feeling helped to lessen the alarm that might have otherwise prevailed. The chief ground of that idea was that the epidemic was so readily checked, and did not attack nearly all the inmates of the Home. However, there could not be a mistake about the diagnosis; there could scarcely be in the same number of cases so many with all the well-marked and characteristic symptoms of yellow fever. There was no leading or usual symptom absent. Besides those mentioned before, including the peculiar fever, there was the coated tongue, the skin generally moist, the tenderness over the stomach, with vomiting, extending to black vomit in seven of the fatal cases, and in five of those who recovered; the color, generally a yellow lemon all over the body, and in some cases a jaundiced hue in addition; the pulse becoming slower and weaker after the first day, while the fever temperature kept up; the presence of albumen in the urine after the second day, and in some fatal cases the urine totally suppressed. The post-mortem examinations showed all the marks of the disease in stomach, duodenum, liver, and kidneys, which need not be more particularized here.

From the 20th of July to the 10th of August there was an average daily temperature of 80° to 82° F., and an average daily humidity of from 78 to 92, conditions which would be most favorable for the development of the infection.

Besides the precaution taken in the prompt isolation of all the infected, which had much to do with checking the epidemic, I was desirous of moving every man from the Home who was able to be moved, and an Army general hospital about 2 miles away, not occupied at the time, was thought to be a suitable place. But that move being declared impracticable, application was at once made by General Franklin to the War Department for tents and bedding, which were sent without delay.

As fast as the tents were received they were pitched, and the men from the most infected and crowded barracks moved into them. At one time there were over 1,500 men in 350 tents. The buildings were disinfected with sulphur vapor, bichloride of mercury, and formaldehyde gas, as required, and that done, the men were moved back, and men from other barracks took their places in the tents. This was done until every building that could be considered infected, and last of all the hospital, was thoroughly gone over.

All this was carried on by Asst. Surg. K. H. Von Esdorf, of the Marine-Hospital Service, who remained inside all the time, and with three trained citizen employees and detailed men from the Home did most extensive and thorough work. In the course of it, 16,760 pounds of sulphur were burned, turning the place for the time into a little Vesuvius.

All the bedding of the fever patients and all that exposed to infection (except many of the blankets, sheets, and pillowcases, which could be disinfected by fumigation and boiling) was burned. The number destroyed in that way was 446 mattresses, 773 pillows, 157 blankets, 62 sheets, 33 pillowcases, 32 bedspreads, and 6 rubber blankets.

During the few days of waiting for the tents, all bedding was well aired every day and exposed for hours to the sunlight, and the men encouraged to keep in the air as much as possible. Disinfectants were used freely, when required, in the quarters, and every effort made to keep the place in as good sanitary condition as possible. In fact, the course of the epidemic, so limited in such an overcrowded invalid population of 3,250 men, is the best testimony as to the general sanitary condition in which the Home was kept. When men are crowded in their dormitories into half the cubic-air space per bed that they should have, we have one of the most favorable elements for developing such a disease.

The best sanitary conditions attainable will not prevent its introduction, but will do much to prevent its spreading.

The president of the board, in the beginning, authorized such expenditure as would be necessary for the early checking and limiting the disease. In compliance with that authority application was made to the Surgeon-General United States Army and the Surgeon-General Marine-Hospital Service for immune surgeons and nurses, male and female. Two immune surgeons were sent us from the South, and one female nurse. One of the surgeons and the nurse arriving promptly were at once placed on duty in the fever ward. The other surgeon, who came later, when the epidemic seemed checked, was held outside in Hampton, subject to orders, and other surgeons and nurses were held back in the South for the same reason.

This assistance was applied for in the expectation that according to the usual course of such an epidemic our cases would be numbered by the hundreds, and that some of our surgeons and nurses would be attacked. Fortunately they escaped, although none of them ever had the disease, and it is my belief from past experience that the infection is not conveyed by contact with the sick, and is not so active in the presence of abundant fresh air and sunlight.

Our surgeons and nurses, fully realizing their danger, cheerfully volunteered their services, and did their whole duty without flinching. All the surgeons were attending the fever patients for the first few days. After they were separated and in one ward, Asst. Surg. C. D. Hass and Interne Paul Dessez had charge of it, and Asst. Surg. S. V. Balderston, of the convalescent ward. The others not mentioned by name were just as willing for the work and exposure.

I promised the nurses, male and female, and the undertakers, who were specially on duty with the fever patients and directly exposed to the infection, that I would recommend that they receive double the usual pay for the time on such duty, and I trust it will be favorably considered by the president and Board of Managers. I also recommend the same allowance for the interne, Dr. Paul Dessez, as his pay ($25 per month) is so much less than the other assistant surgeons.

A list of those special employees has been furnished the treasurer of the Home.

The epidemic is generally traced here by the medical staff to a man named William Thomas, a former member of the Home, who came here on July 3 from Santiago, Cuba, which he had left at least ten days before. He stopped for a week with

a comrade in one of the companies here, and then went on to Seattle, Wash. It is possible that the infection was introduced in that way, but to me it lacks several points of satisfactory proof. It will be difficult to trace the source clearly. It must have been brought in from Cuba by some infected article of baggage, unpacked at the Home. Several men have come here from Cuba at various times, and patients from that island were brought to an Army general hospital about 2 miles away. There is no record of any case there, or any case appearing in the town outside, so that the first case must have appeared at the Home.

The quarantine around us, kept up by the Marine-Hospital Service, was partly raised on the 7th instant, and will be completely on the 15th.

There was no alarm or panic at any time among the men. They bore themselves cheerfully and quietly. Games, as ball games and fireworks, were provided by the governor, and, but for the quarantine, no one would have supposed there was anything unusual occurring.

Our thanks are due to the Surgeon-General and Marine-Hospital Service for the ready and prompt aid given us, especially in the disinfection.

Without the exertion and intelligent aid of Governor Woodfin, in directing and carrying out all the necessary measures, it would have been impossible to complete the separation and moving of the men and other measures of precaution with such good results; and in this, while confined to bed for some time, he was assisted by Major Thompson, treasurer, and other officers.

Respectfully, yours, R. S. VICKERY, *Surgeon.*

During his twenty years of faithful and devoted service he was twenty times elected to that honorable and responsible office with not a dissenting vote. This fact attests the high and affectionate appreciation of his colleagues, and gives added significance to this simple and earnest expression of their sorrow that he has deemed it necessary to withdraw from the active management of the Home. That its affairs while in his hands were conducted with scrupulous fidelity, unfaltering zeal, absolute integrity in act and purpose, wise foresight and admirable judgment, the very name of William B. Franklin of itself suggests, and it scarcely needs the testimony of his associates and this inscription upon the records to bring home this knowledge to the people in whose service, military and civil, many, and the best, years of his life were passed.

The Board directs that this minute be entered on the record in testimony and grateful acknowledgment of his long and faithful work, and this is not spoken for the Board alone, but for and in behalf of those committed to its charge.

WASHINGTON, D. C., *April 3, 1900.*

BOARD OF MANAGERS NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS,
Washington, D. C.

GENTLEMEN: When I accepted the presidency of the Board, which occurred last January, I did so with some hesitation, and with the expressed intention of relinquishing it after a short period. I find that close contact with the duties of the position has not changed my views, and that I can not possibly give the time necessary for the proper performance of them. The president of the Board ought to be able to give sufficient of his time to its executive affairs in the carrying out of the orders of the Board, which it is impossible for me to do, as my public and private business engrosses almost every moment, and to such an extent that I can not spare the time to fill the office you have honored me with, and which I consider a most enviable distinction. I, therefore, reluctantly tender my resignation, to take effect immediately on the election of my successor.

I am, very respectfully, yours, W. J. SEWELL, *President.*

On motion of General Pearson, the resignation was accepted with profound regret.

On motion, the Board proceeded to the election of president to fill the vacancy caused by the resignation of General Sewell, and Gen. M. T. McMahon was unanimously elected president by ballot.

Upon motion, the Board proceeded to the election of officers for the ensuing year, and the following officers were unanimously elected by ballot, viz:

Secretary, Col. George W. Steele.

Upon motion, General McMahon, Colonel Cooke, and General Brown were appointed a committee to confer with the contractor for the barracks at the Danville Branch, relative to claims made by said contractor,

The president of the Board presented a communication relative to the eligibility for admission to the National Home and State Homes of men who served in the Missouri militia. On motion, the president of the Board was directed to have printed in the minutes of the Board, and distributed to the various Branches of the National Home and to the State Homes, the following letter from the Chief of the Record and Pension Office upon the subject:

RECORD AND PENSION OFFICE, WAR DEPARTMENT,
Washington, May 11, 1899.

[Respectfully returned to Gen. W. B. Franklin, president Board of Managers National Home for Disabled Volunteer Soldiers, Hartfort, Conn.]

It does not appear from the records of this office that such an organization as Eighty-seventh Missouri Volunteers, or militia, was mustered into the service of the United States during the civil war.

The force known as the Enrolled Missouri Militia was a body of State militia organized for local service under the provisions of Special Orders, No. 101, headquarters State of Missouri, dated July 22, 1862, and General Orders, No. 19, headquarters Missouri State Militia, dated July 25, 1862, copies of which are inclosed herewith for your information.

From the report of the adjutant-general of the State for the year 1865, it appears that the force of Missouri Enrolled Militia consisted of 89 regiments, 5 battalions, and 4 independent companies, including the Eighty-seventh Regiment, which is believed to be the organization referred to in the accompanying correspondence; and from the report of the same official for the year 1863 it appears that, under instruction from the governor, a force of picked men was organized from the Enrolled Missouri Militia for a more permanent service. This last-mentioned force consisted of about 9 regiments, designated "Provisional Regiments Enrolled Missouri Militia."

It further appears that, besides the Enrolled and the Provisional Enrolled Militia referred to above, there were 57 provisional companies of Enrolled Missouri Militia in the State service.

With the exceptions hereinafter to be named, none of the organizations of Missouri militia referred to above was mustered into the military service of the United States, and, with the exceptions referred to, the rolls of the organizations are not on file in this Department.

The only organizations of Enrolled Missouri Militia that are shown by the records to have been mustered into the service of the United States are as follows:

The First Enrolled Missouri Militia Infantry (also designated National Guard Regiment) consisted of only three companies, A, D, and H, and was in the service of the United States from June 1 to July 1, 1864.

The Sixth Regiment of Enrolled Missouri Militia, also known as Provisional Enrolled Militia, and finally designated the Sixteenth Missouri Cavalry, was in the service of the United States from November 1, 1863, to July 1, 1865.

The Seventh Regiment of Enrolled Missouri Militia, also known as Provisional Enrolled Militia, and finally designated the Fifteenth Missouri Cavalry, was in the service of the United States from November 1, 1863, to July 1, 1865, except companies A, G, and H, which were mustered out July 9, 10, and 11, 1865, respectively.

The Sixty-third Regiment of Enrolled Missouri Militia consisted of four companies, D, F, H, and K, the members of which were mustered into the service of the United States to date from various dates in September and October, 1864, and were mustered out to date from December 2, 1864.

By authority of the Secretary of War.

F. C. AINSWORTH,
Chief of Office.

The chairman of the Connecticut Soldiers' Home board appeared before the Board and made a statement as to certain stoppages made against amounts due the State of Connecticut on account of aid to State and Territorial Homes. On motion, his statement was received and filed.

The president of the Board presented a communication from the board of managers of the Rhode Island Soldiers' Home relative to stoppages made against amounts due the State of Rhode Island on account of pension money retained by said Home. On motion, the communication was received and ordered filed.

The Board thereupon, on motion, took a recess, and proceeded to the Southern Branch, at Hampton, Va.

HAMPTON, VA., *April 7, 1900.*

The Board reassembled at the Southern Branch, where it made the usual inspection of grounds, buildings, and hospital, and heard the complaints of such members as desired to appear in person before the Board.

On motion, Colonel Cooke, General Anderson, and General Brown were appointed a committee to investigate the relations between the duties of quartermaster and commissary of subsistence of the National Home for Disabled Volunteer Soldiers, with a view to dividing and designating the particular duties to be performed by each; as to the advisability of making the commissary of subsistence a bonded officer, and altering the present regulations as to the keeping of clothing accounts, said committee to report at the next meeting of the Board.

General Brown, to whom had previously been referred the application of Woodbury Day, late Company C, Fifth Maine Infantry, and Company A, Twenty-eighth Massachusetts Infantry, for revocation of his dishonorable discharge and for an honorable discharge, reported unfavorably, and, on motion, the application was denied.

At various times during its session the Board considered applications for admission and readmission, and for effects of deceased members, and made the following orders:

The applications of David S. Aiken, late One hundredth Pennsylvania Infantry, a pensioner at $25, and ——— Folkerth, late First Ohio Infantry, a pensioner at $72, are denied, for the reason that the Board can not, consistently, admit men drawing large pensions while refusing admission to nonpensioners.
