ANNUAL REPORT OF THE BOARD OF MANAGERS

OF

THE NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS

FOR THE FISCAL YEAR ENDED JUNE 30, 1914.

To the honorable the Senate and House of Representatives of the Congress of the United States:

The Board of Managers of the National Home for Disabled Volunteer Soldiers, in obedience to law, presents the following report of the institution under its charge for the year ending June 30, 1914:

By the act approved June 23, 1913, it was provided as follows:

> Hereafter vacancies occurring in the membership of the Board of Managers of the National Home for Disabled Volunteer Soldiers shall not be filled until the whole number of members of such board is reduced to five, and thereafter the number of members constituting said board shall not exceed five.

At the date of the approval of this act the terms for which three members of the board were elected had expired, but their successors had not been appointed. An additional vacancy existed by the resignation of Gen. P. H. Barry, February 28, 1913. The terms of four members, viz, Col. Edwin P. Hammond, Gen. Joseph S. Smith, Dr. Z. D. Massey, and Capt. Lucian S. Lambert, expired in April, 1914. An additional vacancy was created by the death of Mr. John M. Holley, June 19, 1914. Thus the board on June 30, 1914, was reduced to five members. By the joint resolution of Congress approved October 19, 1914, the board of managers was made to consist of seven members, and five new members were appointed—three to succeed the members whose terms had expired in April, 1912, one to fill the vacancy caused by the resignation of Gen. Barry, and one to fill the vacancy caused by the death of Mr. Holley. The board of managers, as constituted and organized on the date of the submission of this report is as follows:

Col. Frederick J. Close, president.
Col. Henry H. Markham, first vice president.
Capt. Thomas S. Bridgham, second vice president.
Gen. George H. Wood, secretary.
Maj. James W. Wadsworth.
James S. Catherwood, Esq.
Capt. John C. Nelson.

The affairs of the home have been administered in accordance with the law and the established regulations. All of the branch homes have been visited and inspected during the year by the board of managers. On these visits of the board the members of the home, at all of the branches, are invited and encouraged to appear before the board and state any complaints or requests which they may desire to make, also to offer suggestions for the improvement of con-

ditions. All complaints, requests, and suggestions are inquired into and such action as is practicable taken in the interests of justice and the welfare of the members. In addition to his visits to the branch homes at the regular meetings of the board, the president of the board has visited and inspected several of the branches at various times during the year. All of the branches have been regularly inspected by the inspecting officers of the home, and all irregularities and faulty conditions which have been found to exist have been corrected as promptly as possible.

The inspection required by the act of August 18, 1894, was made by Maj. William P. Jackson, United States Army, inspector general, beginning September 8, 1913, and terminating November 29, 1913.

On January 20, 1914, the quartermaster's storehouse at the Marion Branch was destroyed by fire. The appraised value of the building and its contents was $78,102.15. The fire occurred in the early hours of the evening and was not discovered until it had gained such headway that it was impossible to save the building. The home fire department responded promptly to the alarm, and by its efficient efforts, under the direction of the governor the refrigerating plant, located in the west end of the building, and a small quantity of subsistence supplies were saved. A thorough investigation was made, but the origin of the fire was not positively determined.

During the period covered by this report 30,065 disabled soldiers and sailors were cared for in the National Home and 19,472 in 32 State homes, a total of 49,537, being a decrease in the whole number cared for during the preceding year of 921 (599 in the National Home and 322 in the State homes). The average present in both National and State Homes was 27,801, a decrease of 1,087 (768 in the National Home and 319 in the State homes).

The increase and decrease in the average number present annually in the National Home from its organization is illustrated by the attached chart. (See p. 10.)

[1] First report. [2] Decrease. [3] Transfers between branches included.

The increase per capita in the cost of maintenance (excluding construction) over that of the last fiscal year is: In the general fund $9.16 and in the special funds $1.25, a total increase of $10.40. This increase is accounted for as follows: (1) By the impossibility of reducing the cost of administration, and of heating and lighting, in proportion to the decrease in membership, while the same number of branch homes are maintained. (2) By the continued increase in the cost of food supplies. (3) By the increased cost in caring for the old soldiers of the Civil War. On account of their increased age and infirmities very few of them are able to perform any useful services. While the services of younger members, who served in the Spanish-American War and in Indian campaigns, etc., are utilized as far as practicable, it still becomes necessary to employ civilians in increasing numbers for the operation of the home, at higher wages and including their maintenance in the home. There is also a constant increase in the number of members who require medical attention.

The report of the secretary of the board of managers, with which he transmits the journal of the proceedings of the board of managers, the record of members, and the reports of the governors of the several branches; the report of the general treasurer, showing the financial transactions of the home, and the report of the inspector general and chief surgeon, giving in detail statistics relative to the membership and health; also his report of the inspections of the State homes, which have been made under the direction of the board of managers, as authorized by act of Congress approved August 27, 1888, all accompany this report.

The president of the board submitted the following copy of his reply to the report of investigation by a committee of the Grand Army of the Republic of conditions at the Pacific Branch, with reply thereto of the commander in chief of the G. A. R.

SIR: 1. Referring to the report of Capt. Henry Z. Osborne, chairman special committee of the Grand Army of the Republic on investigation of the Pacific Branch, National Home for Disabled Volunteer Soldiers, as published in the report of the Committee on Military Affairs, United States Senate, the report contains certain statements as of facts and conclusions that, without desiring to provoke controversy, appear to require some attention.

2. The members of the board of managers, veterans themselves and members of the Grand Army of the Republic, have recognized and appreciated the interest of the Grand Army in the care of the veterans in the home. It is gratifying to note that there has uniformly existed a spirit of cooperation that has proven helpful. The board of managers is at all times pleased to have committees visit the branch homes and make suggestions for promoting the comfort of the members, and it is accepted that this committee was prompted solely by a desire to accomplish that end. In this spirit careful consideration has been given to the testimony heard and to the findings and recommendations embraced in the committee's report, and in justice to the management of the home it is deemed proper to submit a reply controverting erroneous statements in the findings and questioning conclusions where it is believed that with a fuller knowledge of the subject the judgment of the committee would have been different.

3. It is regarded as unfortunate that conditions surrounding this investigation were not, in my opinion, favorable for a fair and impartial investigation and for the development of the full facts in regard to the management of the Pacific Branch. To these conditions rather than an intention to misrepresent the management are ascribed errors in the findings and conclusions. For a number of years past certain publications in the vicinity of the Pacific Branch have, for some unknown reason, carried on a campaign for the purpose of discrediting its management. Many of the sensational articles published have been absolutely false and all have been filled with grossly exaggerated statements in regard to conditions unfavorable to the home. When the investigation was ordered, these publishers assumed the rôle of prosecutors and, with an organized corps of managers, attorneys, correspondents, and canvassers, took up the work with declared purpose of discrediting the management. As the record shows, the hearing at Los Angeles was, for the most part, a recital by newspaper correspondents giving their conclusions of bad management based almost entirely on hearsay and imagination. When the hearing was transferred to the Pacific Branch, the organized prosecution made a diligent canvass, sought out members who considered that they had a grievance, former members who had been dishonorably discharged or dropped from the rolls, and discharged employees and brought them before the committee. The exaggerated statements of many of these witnesses indicate the state of agitation and hysteria that was worked up. At the time of the hearing there were 2,280 members present. The systematic efforts of the prosecutors succeeded in bringing before the committee to complain less than 100. In many instances the record shows that the statements made by witnesses were entirely without foundation. In other instances, where the statements were equally without basis of fact, there is no refutation in the record and the statements seem to have been accepted as describing true conditions.

4. Referring to findings Nos. 1, 2, 3, relating to food supplies, their preparation and serving:

From the foundation of the home the governors of the several branches have been charged with the responsibility of determining the quantities and varieties of the food supplies required at the several branches for the reason that they were in a better position to decide in accordance with the conditions of the local market and otherwise. The regulations governing are as follows:

"259. The ration will be sufficient in quantity and variety and in suitable proportions of meat, fish, cereals, vegetables, and fruit, the age and physical condition of the members being considered. Coffee, tea, sugar, milk, and the usual table condiments will also be provided."

For the guidance of officers in estimating and purchasing a supply list has been provided that embraces practically all articles of food supplies to be found on the market, with specifications providing for those of the best quality. An officer of the branch, the commissary of subsistence, under the direction of the governor, is in charge of the mess hall and kitchen and the preparation and serving of meals. Weekly bills of fare are prepared by the commissary of subsistence in consultation

with the governor and surgeon. Food supplies of an excellent quality being provided, the character of the serving is an important and controlling factor. The duties of the commissary of subsistence are exacting and laborious, requiring constant and careful supervision of the preparation and serving of three meals every day in the year. The commissary of subsistence of the Pacific Branch who had charge of the mess hall during the greater part of the period covered by the investigation was a veteran of the Civil War who, before his appointment, had been employed in subordinate positions and who was promoted in recognition of faithful service. His management of the mess hall was not satisfactory, and the home inspectors from time to time made criticisms with suggestions for improving the service. These criticisms and suggestions were referred to the governor of the branch and the officers themselves for their information and guidance. By this means it was hoped that the service could be brought up to the proper standard; but, unfortunately, the declining health of the governor prevented his giving the supervision necessary to correct the irregularities, and the commissary of subsistence gradually became less efficient and allowed the service to retrograde. A change in the office was made and a young and active man, who had been employed at another branch of the home, was appointed. At the time of the investigation he had been in charge but a short time and was not familiar with the duties of his office. After further trial he failed to develop the required ability and capacity. His resignation was accepted and an officer appointed who has had experience in the Volunteer and Regular Armies in the positions of quartermaster and commissary of subsistence and who is young and active. It is confidently believed that he will be able to bring the service up to the satisfactory standard which obtains at the other branches.

5. In findings No. 4, commenting on the present good condition and management of the hospital and referring to previous unsatisfactory conditions, it is stated "Upon the report of an inspector of the United States Army the surgeon in charge was forced to resign and the present surgeon in chief appointed." It is not known from what source the committee received the information on which they based the statement that the change in surgeons was due to the report of an inspector of the United States Army. There never was any such report. The change in surgeons was made by the board of managers of the home on information secured by their inspections and the reports of the home inspectors.

6. Findings No. 5 relate to the heating of the barracks. The work for fully completing the improved heating system is now in progress and will soon be finished.

7. In findings No. 6 the term "dead men's clothes" is used. The regulation quoted by the committee shows that this term is not descriptive of any practice of the home. If a member dies while wearing the uniform clothing it is not reissued. The clothing of members sent to the hospital, discharged, or dropped from the rolls, is turned in to the quartermaster. If after inspection it is found serviceable, it is repaired, thoroughly cleaned by washing with gasoline—an effective disinfectant—pressed in steam pressing machines, and put in an excellent and sanitary condition before being reissued. It is submitted that, aside from sentiment, such clothing is as good as new and from a sanitary point of view is better and safer. The Pacific Branch, and all other branches of the National Home, are equipped with modern up-to-date cleaning plants for the purpose of keeping the members' clothing in good condition.

8. Findings No. 7. The opinion is expressed that employment is not given to members to as great an extent as should be done. It is believed that with a further study of conditions, the committee would have reached a different conclusion. The records of the Pacific Branch show that on the 1st of July, 1911, there were 230 positions filled by members, and that during the year 884 details were required to keep the places filled. Thus it is seen that during the year 1,114 different members were employed in the 230 positions, an average tenure of less than 3 months. The disabled members are prone to overrate their abilities, and after a few days frequently find the task which they have undertaken beyond their strength. In order to meet the needs of the service it is imperative that an efficient and organized force of employees be maintained. Short tenures and frequent changes in employees demoralizes and disorganizes the service. With the age and infirmities of members increasing, together with increased pensions, it is becoming more difficult each year to secure competent and willing members to fill the required positions. The changes that have been made from member to civilian employees have been in the interest of efficiency and better service, to the advantage of the whole membership.

9. In findings No. 8 the statement that members are frequently detailed for emergency duty, often of a disagreeable character and without compensation, gives a wrong impression. Members are detailed without pay in emergencies only, such as preparing vegetables like string beans or green peas, which require services in excess of the regular force to have them ready for cooking on time. The schedules of employment

provide for paid employees sufficient to meet the usual needs and it is only in rare cases that it is necessary to detail members, and in such cases they are employed at most but a few hours. It is believed that this is reasonable service which should not be objected to.

10. Findings No. 9 refer to the sales of fresh meats to officers and civilians. It is believed that had the committee secured the full facts, it would have been found that the regulation permitting such sales does not to any appreciable extent deprive the general mess of the choice cuts of meat. The records of the Pacific Branch show that for the month of September preceding the investigation, the issues of fresh beef amounted to 33,535 pounds, sales 300 pounds; for October, issues 28,110 pounds, sales 600 pounds, and that of the sales less than one-third was of the choice cuts, loin, the rest being made up of the cheaper parts of the beef.

11. Findings No. 10 is an expression of opinion as to discipline. The rules and regulations as to discipline are such as have been found necessary for the comfort and general welfare of the members. The punishments for violations are mild, consisting of withholding privileges as to passes and extra duty without pay. Members are only dropped from the rolls in extreme cases, where the offense of the member, in connection with his previous record, is of such character as to show that he is incorrigible and that his continued presence in the home would be detrimental to the comfort and welfare of his associates. Dishonorable discharge is given only when the offense committed by the member is classed a felony by the laws of the State wherein the branch home is located. The home regulations are referred to as if they were an inflexible code adopted in the beginning of the home management and continued through changing conditions. The regulations consist of rules that have been adopted from time to time as found necessary to meet actual conditions. They have been revised frequently, the current edition bearing date 1912. By reference to the volume referred to (copy forwarded under separate cover) it will be seen that a very small part of it relates to discipline or to the conduct of the members of the home, and that by far the larger portion relates to methods for the orderly and efficient transaction of the business of the home, for the purchase of supplies, and for accounting for public funds and property.

12. Findings No. 11 relate to the lack of ideal relations between certain officers and members of the home. There was considerable testimony at the hearing directed against certain officers, charging misuse of public funds and property and harshness and ill treatment of members. These charges were of a general nature and, as the committee reports, it was shown that there was absolutely no foundation for the charge as to misuse of funds and property. As to the treatment of members, it appears that the mannerisms of certain officers were objectionable to the members. The officers complained of are efficient and capable and have rendered faithful service. It is believed that there is but little substance to justify the feeling of hostility toward these officers, and that it is unreasonable, yet its existence and the effect on the administration of the branch home have been recognized by the board of managers and measures have been taken which it is hoped will remove all cause of complaint.

13. Findings No. 12 relate to the barracks. In the establishment of the home the arrangement for quartering members in barracks followed that provided for soldiers. This plan, with modifications, has been observed in all the branches of the National Home, and practically all of the 32 State homes, except in the State institutions where women are maintained. Smaller dormitories would have some advantages and in some respects be preferable to the larger ones. There are also objections to the smaller dormitories, the most serious being the proper arrangements for heating and ventilating, the proper policing, and care essential for maintaining sanitary conditions, and the increased danger of fires. The members, old men, in their forgetfulness, frequently go to sleep while smoking or lay their pipes on the beds or other combustible material, starting a fire. This statement is not imaginary, but is based on frequent boards of survey to account for public property damaged in this manner. In the barracks, with associates around, a fire is not likely to gain much headway before discovery, as it might in a small room. Combination barracks—that is, barracks with kitchen and mess hall attached—have been provided for the aged and enfeebled members who find it difficult to go to the general mess hall. This feature is being extended to meet the needs as the infirmities of members increase.

14. Findings No. 13, considered by the committee as the most serious of all, is an expression of an opinion as to the management and control of an institution that has back of it 47 years successful operation, that has handled nearly $200,000,000 of public funds, that has cared for more than 124,000 members, supplied their various needs and wants without waste, loss, or defalcation, and with but few complaints. The members of the committee, without previous experience in such matters, and with limited opportunities for observing the business details of the working of the management,

perhaps do not fully appreciate the absolute necessity of a thorough, effective, and well-disciplined organization to carry out the object and purpose of the home.

15. In addition to the foregoing findings, certain recommendations embody findings as follows:

16. Recommendation No. 8, as to the employment of janitors in barracks. It should be borne in mind that the only service required of members is that of keeping their quarters neat and orderly. With nothing else to do, it is not believed that this light duty imposes any hardship or works any injustice whatever to the members. They are furnished with every necessity of life and provided with comfortable quarters, and to require the able-bodied members to keep their quarters in a cleanly and sanitary condition is certainly no hardship. Janitors are provided in the old men's barracks, where the more feeble and decrepit are quartered. Members who wish to are permitted to hire a substitute for which the usual outlay is from 15 to 25 cents per month.

17. In recommendation No. 9 the mattresses are condemned and described as poorly constructed, thin, cold, comfortless, and often in unsanitary condition. The statement is also made that not sufficient blankets are provided. This is the first time it has ever been asserted that the home mattress was poorly constructed. It is in fact the most substantial and the best constructed mattress obtainable. It is made of the best grade of cotton, spun into ropes and knitted together, forming a closely woven, smooth pad that holds its shape and remains free from breaks, knots, or lumps. These mattresses are three inches thick, and for comfort are the equal of any ordinary mattress of double the thickness. It contains about the same weight of cotton as is used in a 6-inch ordinary layer or stuffed mattress. As to blankets, there is not and never has been any shortage or any limitations as to the number of blankets supplied a member.

18. In recommendation No. 13 the statement is made that the water supply has been demonstrated to be wholly inadequate. It is not understood how the committee arrived at such a conclusion. The domestic water supply is obtained from wells on the home grounds and averages nearly half a million gallons per day, which is ample to meet all requirements. The water for irrigating purposes comes from a canyon, where the home owns the water rights.

19. Recommendation No. 14, relating to the segregation of intemperate members, is in accord with the practice that has been observed at some of the branch homes for several years past. Under the regulations the discipline of members is, in a large measure, left to the governors. It is entirely within the discretion of the governor to classify and assign members to barracks in a manner that gives the best and most satisfactory results. The segregation of intemperate members has worked well, and its extension has been suggested.

20. In the general statements of the committee bearing on the management of the Pacific Branch, an unfavorable comparison is made with the State Soldiers' Home of California and State soldiers' homes generally, the assertion being made that the better management of the State homes is due to a management more local and immediate, and more sympathetic to the members than is possible to be given by the Board of Managers of the National Home. This comparison is based on an erroneous assumption. As the committee's statement shows, its members do not pretend to have a knowledge of the management of State homes generally. The State soldiers' homes are, under the law, inspected by inspectors of the National Home twice each year, and conditions reported. In this way full information as to management and conditions in the State homes is obtained. The inspectors report that practically all of the State homes are well managed, but they do not concur in the belief that they are better managed or that the members enjoy more comfort and contentment than they do in the National Home.

The cost per capita for members cared for in the National Home, at all of the branches, for the fiscal year 1913, was $204.75. The average cost per capita in the State homes, obtained by adding together the several amounts reported by each home and dividing by the total number of State homes (31), was $239.43. The average thus obtained is, however, misleading, as it is swollen by the abnormal cost per capita at several homes where the number cared for is small. North Dakota, for instance, cared for 29 members at a cost of $406 each, while Illinois cared for 1,326 members at a cost of $145.93 each. The figures given for the National Home are based on the actual expenditures at all of the branches, the general depot, and the headquarters office, the total expenditure being divided by the average present during the year.

All things considered, it is believed that there is no wide difference between the care afforded by the State homes and the National Home, except at State homes where the numbers cared for are small and the per capita cost abnormally large as in the case of North Dakota.

By inference the language of the committee charges that the members of the Board of Managers of the National Home are without proper sympathy and interest in the

comfort of the members of the home. The members of the board of managers, as it is now constituted, are with one exception veterans of the Civil War and members of the Grand Army of the Republic. The member excepted served during the Spanish War. In visiting the branch homes the members of the board lose no opportunity to converse with the members with the view of becoming acquainted with them and gaining their confidence. It is, of course, not to be expected that the class of members represented by those who testified at the hearing at the Pacific Branch, should have any kindly feeling for the managers and officers of the home, but it is believed that a large majority of the members look upon the managers as their friends who have no interest more at heart than their happiness and welfare.

21. It is believed that owing to the circumstances surrounding the investigation the committee unconsciously obtained an exaggerated idea of the discomfort of the members. If the conditions are such as must be inferred from the report of the committee, it is difficult to understand why the Pacific Branch is filled to its capacity. While the membership at the other branches has fallen off, the number of members now present at the Pacific Branch is larger than ever before in its history. More than 50 per cent of the members are pensioners at $20 per month or more. It would seem that rather than endure discomforts, ill-treatment, and scant rations some of these large pensioners would go elsewhere.

The bill for the transfer of the Pacific Branch to the War Department, reported by Senator Jones January 29, 1913 (S. 8297), provided that "the Secretary of War is hereby authorized to impose such conditions as he may deem advisable for the admission or retention of those entitled to membership under existing laws who are receiving a pension in excess of $20 per month." Which implies that in the opinion of the committee of the Senate under whose supervision the bill was prepared that the amount named is sufficient to maintain such pensioners outside of the home. The board of managers, with its knowledge as to the disabilities and infirmities by which veterans of the Civil War are afflicted, and the limitations which surround them, have not drawn the line so closely and have not construed the words of the law "who have no adequate means of support" to exclude any afflicted veteran who had a family dependent upon him with no means beyond his reasonable pension.

The Board of Managers of the National Home for Disabled Volunteer Soldiers have for nearly 50 years discharged the duties of the trust which has been confided to it by law; the home has been investigated many times, but no stain of dishonor has ever been found. It must continue to discharge these duties and bear the responsibility incident thereto until the power which imposed them shall remove the burden; always being grateful for any assistance extended by the Grand Army of the Republic under its guiding principles of fraternity, charity, and loyalty.

Respectfully yours,

J. W. WADSWORTH,

WASHINGTON, *December 8, 1913.*

The board met in regular quarterly session at the Powhatan Hotel at 12 m.

Present: Maj. James W. Wadsworth, president of the board; Lieut. Franklin Murphy, first vice president; John M. Holley, Esq., secretary: Maj. William Warner; Col. Edwin P. Hammond; Gen. Joseph S. Smith; Dr. Z. D. Massey; Capt. Lucian S. Lambert.

There were presented letters from Col. Markham and Lieut. Gottschall explaining their absence.

The minutes of the last meeting were submitted and approved.

The president of the board presented the following draft of the annual report of the board for the fiscal year ending June 30, 1913, which was read, discussed and, upon motion, approved and ordered transmitted to Congress.

DECEMBER 8, 1913.

To the honorable the Senate and House of Representatives of the Congress of the United States:

The board of managers of the National Home for Disabled Volunteer Soldiers, in obedience to law, presents the following report of the institution under its charge for the year ending June 30, 1913:

Gen. P. H. Barry, of Greeley, Nebr., who was appointed a member of the board by the joint resolution of Congress approved August 19, 1911, resigned from the board to take effect February 28, 1913. He was appointed governor of the Pacific Branch March 1, 1913:

The affairs of the home have been administered in accordance with the law and the established regulations. The several branch homes have been thoroughly inspected at various times during the year by the board of managers. At these inspections the members of the home are invited and encouraged to appear before the board and state any complaints that they may have to make, or any suggestions that they may desire to offer for the improvement of conditions. The complaints made are carefully inquired into and necessary action, in the interests of justice and the welfare of the members, taken. In addition to the inspections made by the board of managers, the president of the board has, during the year, visited and inspected all of the branch homes. All of the branches have been regularly inspected by the inspecting officers of the home, and all irregularities and faulty conditions discovered have been corrected as promptly as possible.

The inspection required by the act of August 18, 1894, was made by Maj. W. H. Gordon, United States Army, inspector general, beginning September 18, 1912, and terminating December 5, 1912 (H. Doc. No. 987).

During the period covered by this report 30,664 disabled soldiers and sailors were cared for in the National Home, and 19,794 in 32 State homes, a total of 50,458, being a decrease in the whole number cared for during the preceding year of 3,279 (2,136 in the National Home and 1,143 in the State homes). The average present in both National and State Homes was 28,791, a decrease of 2,288.

[1] Decrease. [2] Less "Gains by transfer." [3] Transfers between branches included.

The increase per capita in the cost of maintenance (excluding construction) is $10.62. This increase is accounted for as follows: First, by the impossibility of reducing the cost of administration, and of heating and lighting, in proportion to the decrease in membership while the same number of branch homes are maintained; second, by the continued increase in the cost of food supplies, especially meats; third, by the increased cost in caring for the old soldiers of the Civil War. On account of their increased age and infirmities very few of them are able to perform any useful services. This necessitates the employment of civilians for the operation of the home at higher wages, and including their maintenance in the home. There is also a proportionate increase in the number of this class of members who must have constant medical attention.

The report of the secretary of the board of managers, with which he transmits the journal of the proceedings of the board of managers, the record of members, and the reports of the governors of the several branches; the report of the general treasurer, showing the financial transactions of the home, and the report of the inspector general and chief surgeon, giving in detail statistics relative to the membership and health; also his report of the inspections of the State homes which have been made under the direction of the board of managers, as authorized by act of Congress, approved August 27, 1888, all accompany this report.

J. W. WADSWORTH,
President Board of Managers,
National Home Disabled Volunteer Soldiers.

The president of the board presented the following act of Congress affecting the National Home for Disabled Volunteer Soldiers, which, upon motion, was ordered upon the minutes:

GENERAL ORDERS, No. 8.

CENTRAL BRANCH,
NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS,
January 19, 1914.

I. It becomes the sad duty of the governor to announce the death, at her quarters at the home hospital, at 7.10 a. m., January 18, 1914, of Mrs. E. L. Miller, superintendent of the general depot, National Home for Disabled Volunteer Soldiers.

II. Mrs. Miller had not been feeling well for some time, but had attended to her official duties as usual until November 21, 1913, when, by the advice of the surgeon, she finally consented to remain at home. This illness, which marked the beginning of a general weakening of the vital forces that slowly but surely failed, in spite of the strong will which had won many a hard fight against age and physical weakness.

III. Mrs. Miller had numbered more than four-score years, nearly 50 of which had been passed in the service of the National Home for Disabled Volunteer Soldiers; and during all of these years she had lived at the Central Branch, of which she was the first matron, having reported there with the first detachment of members in the fall of 1867. During the Civil War she was actively engaged in the work of the Sanitary Commission, and, later, was in the service of the State of Ohio, helping to care for the disabled soldiers at Camp Chase, until they were transferred to the Central Branch in 1867. For many years prior to her death she was the superintendent of the general depot of the National Home for Disabled Volunteer Soldiers, where much of the clothing of the various branches of the home was manufactured, and from which all clothing and large quantities of supplies were distributed to the various branches, from the Atlantic to the Pacific and from South Dakota to Tennessee. Those characteristics which in a man go to make up the "Captains of industry" were, in Mrs. Miller, blended with rare innate refinement and dainty womanliness, which life-long association with, and control of men as well as women in the public service, never impaired in the slightest degree. Respected, trusted, and admired by her official superiors; loved in an unusual degree by her subordinates and those to whom she had ministered in hospital ward or in the home circle and highly esteemed by all who knew her, Mrs. Millers's death, after the longest term of official service in the history of the National Home for Disabled Volunteer Soldiers, will leave a void that can scarcely be filled.

IV. At her special request she will be buried in the home cemetery with those for whom she lived and labored, and her funeral, which will be a simple military one, as she desired, will be from the Protestant chapel at 2 o'clock p. m., January 20, 1914.

V. During the funeral services all unnecessary labor will be suspended at the branch.

By order of

COL. W. J. WHITE, *Governor.*

A. S. GALBRAITH, *Adjutant.*

The board then proceeded to the election of officers for the ensuing year. The president of the board submitted to the board the following letters, which were ordered upon the minutes:

HOUSE OF REPRESENTATIVES,
Washington, D. C., March 7, 1914.

The BOARD OF MANAGERS,
NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS,
Life Building, 346 Broadway, New York.

GENTLEMEN: Understanding that it is your custom to annually elect the officers of your board during the month of March, we would suggest that, under existing conditions, you defer the election a short time until the four vacancies on the board, now being filled by Congress, be completed—then you will have seven members to choose your officers from, where now you have only three available, because three of the present acting members' time is out and they are simply hold overs—four more go out in April and their places can not be filled and one of the present vacancies is caused by a resignation that occurred a year ago last February.

Of course, you wish to elect officers who can serve the entire year from the coming of the 1st of July.

Very truly, yours,

K. D. MCKELLAR.

HOUSE OF REPRESENTATIVES,

The BOARD OF MANAGERS,

Of course, you wish to elect officers who can serve the entire year from the coming of the 1st of July.

Very truly, yours,

FRANK T. O'HAIR.

After full consideration of the letters, the president of the board was requested to reply that the best interests of the home seemed to require that the annual election of officers should be held in accordance with regulations and the unbroken precedents of many years, Gen. Smith voting "No," saying that he was in favor of a postponement, as requested in above letters.

Upon motion, the secretary of the board was directed to cast the vote of the board, separately, for each of the present officers, which having been done, the following were declared duly elected: Maj. James W. Wadsworth, president; Lieut. Franklin Murphy, first vice president; Col. Henry H. Markham, second vice president; John M. Holley, Esq., secretary.

The board made the usual inspection of grounds, barracks, hospital and other buildings, and the written criticisms of the several members of the board were referred to the governor for appropriate action.

An opportunity was given, after due announcement, to members to appear before the board for the purpose of presenting complaints or requests. Four members appeared and such complaints or requests as were received were acted upon.

SANITARY REGULATIONS.

Every effort has been put forth to keep the sanitary conditions of the branch above criticism. While the branch inspector is held responsible for the cleanliness of the branch, and the proper policing of the grounds, yet the governor is constantly on the alert to see that nothing is overlooked. The warfare against flies has been prosecuted and some headway has been made. Lime has been bountifully but judiciously used and other measures taken to abate all insanitary conditions. The water supply has been abundant and pure. No epidemic has occurred, and the usual good health has prevailed.

RELIGION AND SOCIETIES.

CENTRAL BRANCH,
NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS,
July 9, 1914.

COL. W. J. WHITE,
Governor, Central Branch.

SIR: I have the honor to submit the following report for the year ending June 30, 1914:

The spiritual interest of the members has been the chaplain's constant aim in all his efforts; and these efforts have not been without visible results.

The usual services in the chapel have been kept up without a single vacant Sabbath, and the attendance and manifest interest have been very encouraging. While the chapel will seat comfortably about 450, perhaps many times that number have felt the influence of the church services; no two meetings being made up of just the same members.

The hospital work claims the largest part of my time, and I believe that most of the effective work is done there; for there I get closer to men and in conditions in which they are impressionable; and the readiness and, in many cases, the eagerness with which they welcome the ministry of religion have caused an arduous duty to be a real pleasure. I have thus had the opportunity, by the Divine blessing, of being helpful to many hundreds of my comrades.

I am grateful for the interest and support of the governor and other officials.

The organist and choir are doing faithful and effective work, and it is more and more evident that their services are appreciated by the members, and that their work is a very important part of the service.

During the year I received notices of 270 deaths and held services at the funerals of 252 members, the remains of 18 having been sent away.

Respectfully,

H. A. McDONALD, *Chaplain.*

NATIONAL MILITARY HOME, OHIO,
July 5, 1914.

SIR: The chaplain of the Chapel of the Good Shepherd reports as follows for the past fiscal year:

Eighty-five of his flock died. He buried 62 in the home cemetery. The remains of 12 were shipped, and 11 died and were laid away outside the home.

His visits to the hospital wards day by day, and sometimes at night, were heartily welcomed by patients, physicians, and nurses. On these occasions it was his unfailing pleasure to witness the skillful and sympathetic attention of surgeons and nurses toward the patients.

In the chapel mass was said every morning at 7.30, and vespers with benediction were celebrated in the afternoon in winter and after supper during the summer months.

The chaplain addressed the congregation at all three services every Sunday. The holy hour was kept every Thursday evening from 6 to 7. During Lent pastors of Dayton kindly came out to preach on Tuesday evenings. It is a satisfaction to know that the attendance justified these various exercises, else some would have been eliminated.

The choristers and organist deserve special praise for regularity and punctuality in attending at high mass and vespers on Sundays and at services and rehearsal Thursday evenings. They manifested zeal and ability in rendering hymns and plain chant and the very best that religion has inspired the masters of music with, such as Palestrina, Bach, Beethoven, Liszt, and Perosi.

The chaplain's 10 years' service here but deepen the conviction that the home as conducted in its Central Branch is surely proof of the Nation's gratitude toward her soldiers.

Respectfully,

B. F. KUHLMAN, *Chaplain.*

Col. W. J. WHITE, *Governor.*

SANITARY REGULATIONS.

Regular inspections of the buildings and grounds are made each quarter by the surgeon.

The surgeon inspects the prepared ration at the general mess and old men's mess several times a month.

An assistant surgeon is assigned every day to inspect the hospital meals both in the wards and in dining room, and make report to surgeon.

Weekly inspections are made by an assistant surgeon to note general sanitary conditions of camp, and written report is made of same.

All garbage is removed twice daily and no insanitary accumulations are allowed.

Members are required to bathe at least once a week.

Applicants for admission or readmission, and members returning from furlough or absence of more than three days, are required to bathe and have their clothing sterilized.

The clothing of all members discharged or going on furlough is turned in to the quartermaster and dry cleaned and renovated before reissue.

All members are vaccinated upon admission to the home, as are all civilians who have not been recently vaccinated.

The intermittent filtration system for sewage is still in successful and satisfactory operation.

The general health of the members has been as good as could be expected considering their age.

RELIGION AND SOCIETIES.

Report of Rev. M. J. Huston, Catholic chaplain.

Order of divine services throughout the year:

Sundays: Communion mass which is arranged for convenience of employees of the home, 5.15 a. m.; high mass and sermon at 7.30 a. m.; rosary, litany, and evening prayer at 5.45 p. m.

Week days: Mass at 7.30 a. m.

During lent, on Sundays, at 3 p. m.: Sermon, stations of the cross, and benediction of the blessed sacrament. On feast days, holy days, and legal holidays services appropriate to the occasion were conducted. Confessions were heard every Saturday afternoon and evening, and at any other time by appointment.

The hospital is the greatest and most important field of labor. I have tried my best to fulfill my obligations toward the sick. My visits to the hospital are frequent, and I believe I am of some comfort to the patients.

There were 57 deaths among the Catholic members of the home. One died while on furlough, one was buried at Waupaca home, and four were buried in Calvary Cemetery.

It affords me great pleasure to state that in performing my duties I have had the earnest support and hearty cooperation of every officer and employee of the home. The choir is to be congratulated on its efficiency and punctuality.

Report of Rev. William A. Cutler, Protestant chaplain.

I began my work as chaplain October 1, 1913. Since then I have held services every Sabbath and conducted a meeting every Thursday.

I have conducted 99 funerals; my predecessor had 31—a total of 130 for the year.

I have visited the sick in the hospital and the men in quarters as faithfully as I could, endeavoring to give all my time to their welfare.

I am thankful to the Heavenly Father for the privilege of serving the American soldiers in the work of the gospel of our Lord Jesus Christ.

SANITARY REGULATIONS.

Regular inspections of the buildings and grounds are made by the surgeon, reports of which are submitted in writing to the governor. The surgeon also makes a quarterly sanitary report to the president of the board of managers. Members are required to bathe regularly once each week and new members immediately upon arrival at the home, at which time they are supplied with clean underclothes. All second-hand clothing is thoroughly renovated and cleaned in the dry-cleaning plant before reissue to members.

Daily examinations of milk are made in the laboratory, as prescribed by the home regulations.

All members entering the home who are unable to show a satisfactory scar from recent vaccination are vaccinated at the time of medical examination.

Weekly inspections are made by one of the medical staff of the home grounds, stables, places where refuse is kept, etc., with a view to preventing the breeding and propagating of flies.

Care is taken to prevent, as far as possible, the careless expectoration of tuberculous patients, each patient being provided with sputum cup and disinfectant.

RELIGION AND SOCIETIES.

NATIONAL SOLDIERS' HOME, ME., *July 5, 1914.*

From: The chaplain.
To: The governor.
Subject: Data for annual report.

I hereby respectfully submit my report for the fiscal year ending June 30, 1914.

Although the membership of the home has greatly diminished within the past 10 years, yet the attendance at the services is nearly, if not fully, as large as it ever had been.

The average size of the congregation on Sundays is 340. I attribute this gratifying result to several causes, and among them I will mention only two, viz, the satisfaction on the part of the soldiers in consequence of the priest having, a comparatively short time ago, settled on the reservation and the personal interview which he has with every Catholic as soon as he is admitted to the branch.

By coming in close contact with each man and individually showing an interest in his spiritual welfare the veteran appreciates direct communication with him, feels highly complimented, and he gladly accepts the invitation to be present at mass, especially when he is assured privately that a welcome is extended to him.

During the year I officiated at 31 funerals, and the remains of 11 parishioners were forwarded to relatives.

JOHN P. NELLIGAN.

3. Song service was held each Sunday evening. From October to April these services were illustrated by stereopticon slides and lectures.

4. I have conducted 147 funerals during the year.

5. Daily visits have been made to the hospital, special calls answered, letters written for feeble members, and holy communion administered.

6. Barracks have been visited in the interest of those members who are too feeble to attend the regular church services.

7. I have distributed 1,500 copies of the New Testament and religious periodicals.

8. The Christian Endeavor Society has carried on its work as heretofore.

9. The temperance society again received a silk flag from the Woman's Christian Temperance Union in recognition of their good work.

10. Have secured special preachers and singers from time to time in the interest of the members.

11. The chapel attendance and interest in religion are in advance of the ordinary community, notwithstanding the present age and infirmities of the members.

J. MARTYN NEIFERT, *Chaplain.*

JULY 9, 1914.

Col. T. T. KNOX, *Governor:*

I hereby respectfully submit my annual report as Catholic chaplain to the soldiers' home at Hampton, Va., for the year ending June 30, 1914.

1. There are about 425 Catholic men in the home, and I am pleased to say that nearly all of them are practical; that is, they hear mass on Sundays and "holy days of obligation" and receive the sacraments.

2. During the year I officiated at the funerals of 40 Catholics and administered the last sacraments to many others who were buried elsewhere.

3. My sick calls during the year have averaged about one and one-fourth per day. I gave much attention to the hospital patients, but this very important part of my official duty was, as usual, made agreeable by the cordial cooperation of the doctors, nurses, and all other attendants.

4. I celebrated mass 225 times during the year. The average attendance on Sundays and holy days was about 375 and on week days about 125.

5. During the year I preached 102 sermons.

6. I heard during the year 2,012 confessions and gave as many holy communions.

7. Two hundred and twenty-five public religious services were held during the year.

8. The League of the Sacred Heart numbers about 130.

9. I am pleased to say that all the officers of the home, from the governor down, are invariably kind, courteous, and considerate.

Respectfully, yours,

THOMAS J. WILSON,
Catholic Chaplain, Soldiers' Home, Hampton, Va.

SANITARY REGULATIONS.

The general health of the members has been as good during the year as could be expected, considering their age.

Meals served at the general mess, Company L, and the hospital have all been of good quality and variety, and the men have been well pleased. The surgeon has inspected the prepared ration at the general mess and Company L mess several times each month. Meals at the hospital have been inspected every day both by the surgeon and assistant surgeons.

The bedding, linen, and towels of all tubercular patients are sterilized and washed separately. Their blue clothing is turned in and held for reissue to them when they go on furlough. When they take their discharge, the clothing is held for condemnation.

The bedding, linen, and towels of all cancer patients are sterilized and washed separately.

The inspections and vaccinations are all done promptly, according to regulations.

The hospital and general mess milk is examined daily.

During the year new bathrooms have been installed on each floor of the barracks; also steam heating has been installed.

During the year several of the barracks have been painted outside and all but two of them inside.

The hospital is now supplied with new hospital beds, which adds greatly to the comfort of the patients.

There have been no epidemics during the year. General conditions at this branch have greatly improved during the past fiscal year.

B. F. HAYDEN, *Surgeon.*

RELIGION AND SOCIETIES.

Protestant chaplain's report.

Sermons preached	45
Prayer meetings	39
Funeral services	188
Visits to hospital and others	361
Average attendance at chapel	425

I was absent on sick leave for several Sundays. The work was splendidly cared for by the ministers who are members of the home and neighboring towns. I had the care of our skillful and sympathetic chief surgeon, Maj. B. F. Hayden, and members of his staff. I desire to express my heartfelt gratitude to the governor, Gen. P. H. Barry, and the men of the home for the kind and tender solicitude expressed in so many ways.

The prayer meetings have been well attended and profitable. I have visited the sick in hospital, have given information to friends who have inquired about the sick, and tried to be a help and comfort to the dying, and to the bereft.

The audiences at the chapel services have been very large, often crowded, and many unable to gain admission. The officers and men, the helpers in the work of all departments of the home, are kind, fraternal, and sociable, and the spirit of unity and good will seems to be growing. The life of this beautiful place is pleasant and delightful. For the many courtesies that have been extended to me and to my family by all the people here, I am most profoundly thankful.

Chapel societies: League of the Sacred Heart, Holy Rosary Society, Sanctuary Society.

The daily celebration of mass, and the mission given by the Redemptorist Fathers, together with the splendid efforts of our new choir, contributed largely to the spiritual uplift of our members during the past year.

It affords me great pleasure to avail myself of this opportunity to thank personally the governor and other officers of the home for their many courtesies to me and my assistants, and to thank the doctors and nurses for having made it a pleasing duty to administer the consolations of religion to the sick in the hospital.

1. There have been no epidemics at the Marion Branch during the last fiscal year.
2. The sanitary regulations, approved by the president of the board of managers, have been observed.
3. The large percentage of new admissions and readmissions requiring hospital care at once has been especially noticeable.

4. Within the past year the irresponsible patients requiring surveillance have been transferred from the upper to the lower floor of the annex and an outside inclosure provided for them.

5. A few 6-inch electric fans have been secured for the individual use of certain bedridden cases, which has contributed very much to their comfort.

RELIGION AND SOCIETIES.

Col. GEORGE W. STEELE, *Governor.*

SIR: I have the honor to make you the following report for the year ending June 30, 1914:

The religious work of the year was carried on much as formerly—preaching on Sabbath at 10.30 a. m. and a midweek prayer meeting during a part of the year. I have given more than the usual amount of time to personal work among the members, with encouraging results. My work has been supplemented by an increased interest in the spiritual welfare of our people by the Christian people of the city of Marion.

SANITARY REGULATIONS.

The sanitary condition of the branch has been good during the past year. Regular and frequent inspections have been made of the buildings, grounds, latrines, outhouses, composts, dumps, sewers, and drains; any insanitary condition was immediately reported to the governor. Especial attention has been given the abatement of the fly nuisance. The water supply of the branch is sufficient in quantity and free from pathogenic bacteria. Daily tests of the milk supply are made and the records show that generally the quality and quantity is up to specifications. The food supply is inspected at the time of delivery from the commissary; also at the time of serving. The records show that the quality has been good, quantity sufficient, and methods of preparation proper.

All tubercular patients are segregated, well cared for, and proper disposition made of their sputum. Careless expectoration among this class of patients is strictly forbidden.

A new steam sterilizer has recently been installed and all bedding and clothing is sterilized as often as necessary.

Patients in the hospital are kept clean by frequent bathing and the prompt changing of their soiled garments. Members quartered in barracks are required to bathe once each week, new arrivals at the time of admission. The ventilation of the hospital is being improved by the installation of electric fans in the sick wards. The increasing ages and disabilities of the members will require more hospital treatment and medical assistance in the future; the limited number of veterans available for extra duty in the hospital makes their proper care more difficult each year. Provision should be made for the employment of civilian help.

EDWARD J. WHEATLEY, *Surgeon.*

RELIGION AND SOCIETIES.

SIR: Herein is my report for the year 1914. The customary place and time of Sunday services are as they have been for several years. Time has diminished the number, yet a good attendance is kept. I make frequent visits to the hospital; and on Sunday afternoons, at the close of my chapel meetings, with singers supplied by the Danville churches, we hold a brief service for the benefit of the veterans in the various hospital wards. The Christian League is an association of members of the home, who, by signing their names to printed cards, promise to live daily Christian lives. In accordance with the rule of the managers, we hold burial ceremony in the chapel, and thence to the cemetery, where a brief conclusion is given.

THOMAS A. PARKER, *Chaplain.*

To Gov. M. J. BARGER.

SIR: I have the honor to submit the following report for the year ending June 30, 1914:

My daily visits to the hospital wards have been cordially seconded both by patients and those who as officers, physicians, or nurses so ably and sympathetically lighten the sufferings of the sick and dying.

Catholic services were held on Sundays, holy days, and national holidays at the most convenient hours for members and employees of the home.

Order of services:

Sundays: Communion, 5.45 a. m.; high mass and sermon, 9 a. m.; rosary and benediction, 6 p. m.; average attendance, 250.

Week-day services: Mass, 7.30 a. m.; rosary, —— p. m.; average attendance, 50.

There were 40 deaths during the year. Services for the dead were held in the chapel and also at the grave.

I beg leave to express my deep appreciation for the respect, attention, and cooperation which I have at all times received from all the officers and employees of the home.

Respectfully,

T. J. MCCARTHY, *Chaplain.*

Col. M. J. BARGER, *Governor.*

(3) Tubercular patients are segregated and given sputum cups on admission and are instructed to use them at all times. Books are fumigated after being used by tubercular patients, and clothing and bedding used by them are sterilized before being laundried or again placed in use.

(4) All members bathe once each week—some more often. All members are vaccinated on admission.

To: The governor.
Subject: Report for fiscal year ending June 30, 1914.

(1) I have conducted all Protestant funerals, preaching service every Sabbath at 2 p. m., with the inspiration of good music by the regular choir. The attendance at these services has been encouragingly good. Also, we have a Bible class at 9 a. m. on the Sabbath, which, while not large, is characterized by both interest and helpfulness.

(2) Visits are made three times per week to the hospital and all calls answered promptly. In the work of visitation to the hospital it is due to say the surgeon and all engaged with him in the work by uniform courtesy and encouragement have helped to make the work both pleasant and profitable. The government of the home is just, firm, and kind, ever showing a purpose to discourage the wrong and encourage the right, thereby promoting better morals and discipline.

SANITARY REGULATIONS.

Sanitary conditions have been good during the past year.

Regular inspections of the buildings and grounds are made each week, and every quarter a thorough sanitary inspection is made, and written report of conditions submitted.

All garbage is removed promptly. Manure from the stable is removed each morning to a screened receptacle, from which it is hauled daily and deposited on the farm for fertilizer.

We have no breeding places for flies in the sanitarium or on the reservation. All garbage cans are inclosed by wire screens.

All patients are required to bathe on admission to the sanitarium, and at least once each week thereafter.

All patients are thoroughly examined at the time of admission, and those that require it are vaccinated.

The sputum of tubercular patients is properly cared for, and all flasks and cups are disinfected daily with steam, in addition to antiseptic solutions used in these receptacles.

Soiled and infected clothing is sterilised with steam under high pressure.

RELIGION AND SOCIETIES.

HOT SPRINGS, S. DAK., *June 30, 1914.*

SIR: As Protestant chaplain of Battle Mountain Sanitarium, I have the honor to submit the following report:

Regular preaching services, assisted by the orchestra, have been continued each Sunday throughout the year. As a rule the services were well attended and appreciated by the veterans. During the winter months a special service for prayer and praise was held on Monday evenings; also a class for the study of the Scriptures on Sunday afternoons.

The spirit of Christian fellowship, avoiding all questions of sectarian nature, has been cultivated among the members, and the habit and practice of high manliness and purity of life is exemplified and insisted upon by the staff and all who are in authority.

With the exception of three cases, during a brief illness, the chaplain has been able to attend all funerals, and is pleased to note that the attendance of the veterans at these solemn occasions is largely increased.

The sanitarium library has been improved by an increased number of volumes, many along religious lines, and the current literature placed upon the table is improved in the quantity and quality of its daily and weekly contributions.

A beautiful new chapel and amusement hall is rapidly approaching completion which, when dedicated in behalf of the veterans, will add much to their comfort and profit.

Respectfully submitted.

C. B. CLARK, *Chaplain.*

Col. JAMES A. MATTISON,
Governor and Surgeon.

HOT SPRINGS, S. DAK., *June 30, 1914.*

SIR: As Catholic chaplain of Battle Mountain Sanitarium, I have the honor to submit the following report:

During the last 12 months the holy sacrifice of the mass has been offered up to God in the sanitarium chapel every Sunday and holy day of obligation. Seven hundred and six confessions have been heard, as many communions distributed, 7 deathbeds were attended, and the sick and bedridden were regularly provided with the consolations of our creed. A sermon was preached on every Sunday and holy day of obligation. The average attendance at the services was about the same as last year, viz, 100.

People not of our faith are welcome at our services and sometimes worship with us. All men of good will can receive private instructions. Two converts were taken into the church. Five pledges were taken.

Funeral services were conducted over the remains of every departed brother according to the ritual of our church.

For the library an abundance of good literature has been provided. The subscription to the Catholic Encyclopedia has been brought to a close and that wealth of Catholic information is now at the disposal of all the inmates of our great sanitarium.

The local Holy Name Society established for the purpose of stemming the tide of profanity counts 19 soldiers as members.

The authorities and members of this institution without exception are kind and fair minded.

Respectfully submitted.

FRANCIS X. HAEUSLER, *Chaplain.*

SIR: I have the honor to submit herewith summaries of the reports of inspection of the 32 State homes for disabled volunteer soldiers and sailors which have received the Government aid as provided by law.

All of the State homes have been inspected during the year, their returns verified, and the eligibility of members ascertained by the inspectors general of the home and branch officers detailed for this duty as authorized by the act of Congress.
