LETTER OF TRANSMITTAL

NATIONAL HOME FOR DISABLED
VOLUNTEER SOLDIERS,
NATIONAL MILITARY HOME,
Dayton, Ohio, December 2, 1929.

SIR: I transmit herewith the report of the Board of Managers of the National Home for Disabled Volunteer Soldiers for the fiscal year ending June 30, 1929.

Respectfully yours,

GEORGE H. WOOD,
*President Board of Managers,
National Home for Disabled Volunteer Soldiers.*

THE SPEAKER OF THE HOUSE OF REPRESENTATIVES,
Washington, D. C.

LETTER OF TRANSMITTAL OF THE PRESIDENT OF THE
BOARD FORWARDING ANNUAL REPORT OF THE BOARD
OF MANAGERS OF THE NATIONAL HOME FOR DIS-
ABLED VOLUNTEER SOLDIERS FOR THE FISCAL YEAR
ENDING JUNE 30, 1929

*To the honorable the Senate and House of Representatives of the Congress
of the United States:*

The Board of Managers, National Home for Disabled Volunteer Soldiers, in obedience to law, presents the following report of the institution under its charge for the year ending June 30, 1929:

Col. Roy L. Marston, of Maine, and Capt. W. S. Albright, of Kansas, were appointed members of the Board of Managers, succeeding themselves. Capt. John C. Nelson, of Indiana, a member of the Board of Managers, resigned his position as member of the board, effective December 1, 1929.

The affairs of the home have been administered in accordance with the laws and established regulations. All branch homes have been visited and inspected by the Board of Managers.

During the year 50,857 members were cared for in the several branches of the home, an increase of 5,869 compared with the year previous. There were cared for in the 32 State homes receiving Federal relief 11,391 members, an increase of 251 compared with the previous year. The most marked feature in the management of the National Soldiers' Home is the heavy increase in membership. As noted above, there was during the past year an increase of over 10 per cent in the number of men cared for, with a constantly increasing curve of population.

On the 1st of May, 1929, the New York State Home at Bath, N. Y., was turned over to the Board of Managers, under a lease for a period of 10 years, and with it all personal property used in the maintenance of the home was also turned over by the State. As many of the buildings had not been used for a number of years, and they had deteriorated from nonuse, it has been necessary to make extensive repairs and replacements, but as a result of such work the board expects to be able to care for about 1,000 men at Bath during the winter of 1929-30, and, with contemplated repairs to other buildings, will be able to care for approximately 1,600 men during the winter of 1930-31. In fact, if it had not been for the fortunate obtaining of the home at Bath, N. Y., the board would not have been able to meet the demand, in the eastern section of the country, because the Central, Southern, and Mountain Branches, the only homes in the Central and mid-Atlantic States, were filled to capacity during the winter of 1928-29.

The additional unit at the Marion Branch, with a capacity of 200 neuropsychiatric beds, will be completed in the early fall of 1929 and will give the board an additional 200 neuropsychiatric beds, which are urgently needed, at Marion.

At the Pacific Branch construction of four new fireproof barracks, with capacity of 1,400 men, is under way, and these will be placed in commission in the spring or summer of 1930 and will be available to meet the demand of the winter of 1930-31.

A new general hospital has been authorized by Congress at the Central Branch, and if the necessary funds are appropriated early in the next session of Congress the hospital can be completed and the old hospital placed in commission for domiciliary members, so that we should have 700 additional beds at the Central Branch for domiciliary members.

A small hospital annex has also been authorized and funds appropriated for construction at Marion, which also should be completed by the summer of 1930, giving us an additional 75 neuropsychiatric beds at Marion.

Despite the additional beds indicated above, the heavy increase in membership will render necessary additional construction during the next one or two years if the home is to be placed in a position to accept and care for all those entitled to membership, under the existing laws, and to meet this need the Board of Managers have drawn up and submitted to the Bureau of the Budget a building program covering the next two years. This program is as follows:

Southern Branch:	
200-bed neuropsychiatric hospital.....	\$600, 000
2 sets of doctors' quarters.....	30, 000
Western Branch:	
1 barrack building, 175-bed capacity.....	200, 000
New wing to hospital.....	200, 000
2 sets of doctors' quarters.....	30, 000
Pacific Branch:	
Additional wings to hospital, 250 and 75 beds.....	600, 000
4 sets of doctors' quarters.....	100, 000
Danville Branch:	
Additional hospital wing, 100-bed capacity.....	250, 000
2 sets of doctors' quarters.....	30, 000
Mountain Branch:	
1 barrack building, 350-bed capacity.....	300, 000
Additional hospital wing, 100-bed capacity.....	250, 000
2 sets of doctors' quarters.....	30, 000
Marion Branch:	
New hospital unit.....	400, 000
4 sets of doctors' quarters.....	60, 000

It was also recommended that a new soldiers' home be established in the South.

While there has been a decrease in the number of veterans in the home membership from the Civil War, this decrease has been more than met by the increase in the Spanish-American and World War population, and the board is of the opinion that for the next five or 10 years an increase of at least 10 per cent per annum in the population of the home can reasonably be predicted. The average age of the Spanish-American veteran has now passed the so-called economic dead line and a constantly increasing number of these veterans can be expected to apply for home membership. The passage of years and the disabilities going with it of the 4,000,000 World War men will also supply a vast number who are entitled to the benefits of the home.

C. W. WADSWORTH,
General Treasurer.

Respectfully submitted.

GEORGE H. WOOD,
President Board of Managers,
National Home for Disabled Volunteer Soldiers.

REPORT OF THE BOARD OF MANAGERS OF THE NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS FOR THE FISCAL YEAR ENDED JUNE 30, 1929

PROCEEDINGS OF THE BOARD OF MANAGERS

HEADQUARTERS OFFICE, NATIONAL MILITARY HOME,
Dayton, Ohio, September 21, 1928.

The board met in regular quarterly session at 10 a. m.

Present: Gen. George H. Wood, president; Col. Roy L. Marston, first vice president; Capt. William S. Albright, secretary; Capt. John C. Nelson, Hon. James S. Catherwood, Maj. Paul E. Divine, Col. John J. Steadman (joined at Marion branch).

The minutes of the last meeting were submitted and approved.

The president of the board reported having received and accepted the following resignations:

Central Branch: Dr. Aleksei A. Leonidoff, assistant surgeon, effective September 16, 1928.

Eastern Branch: Dr. Frederick W. Day, assistant surgeon, effective June 22, 1928.

Southern Branch: Dr. James R. Frow, assistant surgeon, effective August 13, 1928.

Pacific Branch: Dr. Norman A. Ross, assistant surgeon, effective July 26, 1928.

Marion Branch: Rev. E. S. Scott, chaplain, effective August 21, 1928.

Danville Branch: Dr. Gwyn F. Haig, assistant surgeon, effective June 30, 1928.

Mountain Branch: Dr. David T. Kimbrough, assistant surgeon, effective July 28, 1928.

Upon motion, the action of the president in each of the above cases was approved.

The president of the board reported, that acting under the authority heretofore conferred by the board, he had made the following appointments:

Eastern Branch: Dr. Walter F. Carter, assistant surgeon, to date from August 1, 1928.

Southern Branch: Dr. Edward F. Higdon, assistant surgeon, to date from July 10, 1928; Dr. Charles H. Mulroney, assistant surgeon, to date from September 10, 1928.

Pacific Branch: Dr. Wendell H. Musselman, assistant surgeon, to date from August 3, 1928.

Mountain Branch: Dr. Walter F. Fry, assistant surgeon, to date from August 1, 1928.

Upon motion, the action of the president in each of the above cases was approved by the board.

Col. Roy L. Marston, Capt. William S. Albright and Hon. James S. Catherwood, appointed by the board to audit the special funds in the hands of the president of the board, reported that they had

made such examination and presented the following statement of operations of the special funds of the home for the period from September 17, 1927, to September 21, 1928:

Upon motion, the president of the board was authorized to restore the beds taken out of the barracks at the Western Branch when the need arises.

Upon motion, general order No. 2, providing a new uniform regulation for officers of the home, was authorized.

An opportunity was given, after due announcement, to members to appear before the board for the purpose of presenting suggestions, complaints or requests. Such suggestions, complaints, and requests as were made were acted upon.

The board made the usual inspection of the grounds, barracks, hospital, and other buildings of the Central Branch, and the written criticisms of the several members of the board were referred to the governor for appropriate action.

The board then proceeded to the Marion Branch to reconvene on September 24, 1928.

MARION BRANCH, September 24, 1928.

The president submitted to the board a letter from the supervising architect stating that funds appropriated for the construction of a hospital annex at Marion Branch were insufficient. Upon motion, the president of the board was authorized to request Congress for additional appropriation to carry out this project.

RE PROPOSAL OF HOSPITALIZATION BOARD TO TRANSFER HOSPITAL FACILITIES OF WESTERN BRANCH TO VETERANS' BUREAU

The president of the board reported that at the request of the Director of the Veterans' Bureau, the hospitalization board had adopted a resolution to transfer to the Veterans' Bureau the hospital facilities of the Western Branch, and that this resolution would be presented to the President of the United States, together with such recommendation as the Board of Managers cared to submit. The resolution reads as follows:

THE PROPOSED RESOLUTION OF TRANSFER

That the hospital facilities of the National Military Home, Leavenworth, Kans., be transferred to the jurisdiction of the United States Veterans' Bureau, and that these facilities be enlarged to provide an additional 200 beds, in order that the veterans who are in that area and who can be served by this unit, may have ample facilities.

BOARD OF MANAGERS RECOMMEND DISAPPROVAL OF PROPOSED TRANSFER

After thorough discussion and consideration, the board decided to respectfully recommend that the resolution of the hospitalization board be not approved, basing their action on the belief derived from years of experience that to carry out this resolution would most seriously interfere with the Board of Managers discharging its duty and meeting its obligation under the law. In order that the issue presented may be fully understood, the following brief review of the history and operation of the home is submitted.

HISTORY NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS

As the long drawn out contest of the Civil War progressed the number of maimed, sick, and otherwise disabled Union soldiers constantly increased and their care was a burden upon many communities in the Northern States. In 1865 the number had reached such proportions as to come to the attention of the Congress, and the proper care and relief of such disabled soldiers was recognized as a duty of the Government.

On the 3d of March, 1866, an act of Congress constituted 100 persons named in the act a body corporate, with authority to establish a military asylum for officers and men disabled in the War of the Rebellion. It was not found practicable to operate with such a large number of managers, and a year later, by act of Congress of date March 21, 1866, the original act was amended to provide for establishing a corporate body, the National Home for Disabled Volunteer Soldiers, and for its management by a board of managers to consist of the President of the United States, Secretary of War, Chief Justice of the United States, and such other persons as from time to time may be associated with them in accordance with the provisions of the act. This board was created as an establishment for the care and relief of the disabled volunteers of the United States Army, and, in order to carry out its purpose was given broad powers and right to establish branch homes and to make rules for governing beneficiaries, etc.

BRANCH HOMES ESTABLISHED

Under this original act and subsequent legislation 10 branches of the National Home for Disabled Volunteer Soldiers have been established in different sections of the country and more than 250,000 disabled soldiers have been given relief and care in these branch homes.

GEOGRAPHICAL LOCATION OF BRANCHES

In the establishment of branch homes, there was a purpose to distribute them over the United States so that each section could be most conveniently served and so that climatic conditions could be made available. The Eastern Branch is at Togus, Me.; the Southern Branch on the Virginia coast; the Mountain Branch at Johnson City, Tenn.; the Central Branch at Dayton, Ohio; the Pacific Branch near Los Angeles; the Northwestern Branch at Milwaukee; a branch at Danville, Ill.; one at Marion, Ind.; the Battle Mountain Sanitarium in South Dakota, and the Western Branch at Leavenworth, Kans.

PURPOSE OF THE NATIONAL HOME AND DUTY OF BOARD OF MANAGERS

By the organic act of March 21, 1866, Congress placed responsibility on the Board of Managers of the National Home for Disabled Volunteer Soldiers for care and relief of the disabled volunteers of the United States Army, and by subsequent legislation this responsibility has been extended to cover all who have served at any time in the Army, Navy, Marine Corps of the United States, or the National Guard, when ordered into Federal service. It will be noted that while other agencies of the Government have permissive authority to do the like, the scope of responsibility placed upon the Board of Managers by Congress to furnish care and relief is mandatory, covers all classes of the Government's defenders, and is not limited to veterans of any war, nor must the disability for which the member is admitted be of service origin.

ACTUAL EXPERIENCE REQUIRED HOSPITAL FACILITIES AT EACH BRANCH

As the operation of the home developed it was found necessary to establish facilities to meet the needs of the members according to their disabilities and requirements. For some, proper housing, clothing, and subsistence, with incidental medical treatment, met the requirement; for others, in addition to the foregoing, more medical care, with nursing and personal attention was required; while others required more intensive hospital treatment where constructive treatment was given. These were not fixed groups, but members were daily passing from one group to the other as the ailments and needs of the disabled men changed. During a year a number equal to the average number maintained at a branch would be treated in the hospital. In the home organization the hospital is not a separate unit or a separate activity for the sole purpose of treating the sick that may be sent there, but it is an essential and vital part of the home's organization, with a much wider scope. From it goes out daily the medical care and attention and a dispensary service for all the officers, employees, and members of the branch. A veteran can not be admitted to the home until he has been examined by a member of the medical staff and found disabled, and when he first reports at the branch he is sent to the hospital for vaccination, etc., and as long as he remains in the home he is constantly in touch with and is being served daily with some attention by the medical staff. To meet the varied needs of members the board established at each branch of the home barracks, mess halls, combination or convalescent barracks, being semihospital facilities, and a modern hospital, manned with a corps of able surgeons, graduate nurses, and attendants and furnished with a complete equipment of surgical and medical instruments, appliances, etc. The American College of Surgeons, after special and thorough investigation, has given the grade "A" to each of the 10 hospitals maintained at the respective branch homes.

MEMBERSHIP OF HOME INCREASING

The population of the branch homes is on the increase. The average present for the year 1928 was 15,194, which shows an increase of more than 10 per cent over the year previous; and with the large

number of veterans eligible, under the law, for admission to the home, a continued and even a greater increase is indicated for the future. All of the facilities of the home are being used to capacity, except at the Eastern Branch, Togus, Me., and the Board of Managers is submitting a recommendation to Congress for increasing facilities to meet the needs at several of the branch homes. On the 31st day of August, 1928, there were on the rolls of the National Home for Disabled Volunteer Soldiers 20,491 veterans of all wars, 15 per cent being from the Civil War, 39 per cent from the Spanish-American War, and 46 per cent from the World War; of these only 1,495 were beneficiaries of the bureau sent for hospitalization. Therefore, of the present population of the home 93 per cent are men for the care of whom direct responsibility has been placed on the home by Congress, while only 7 per cent are beneficiaries of the Veterans' Bureau. The above represents a general picture of operation in the home as it has been developed during 60 years' experience, and the branch home to-day has been built up and planned to carry out to the fullest the responsibility for care of disabled veterans imposed by Congress.

LEGAL OBSTACLES TO PROPOSED TRANSFER

The Western Branch is located just south of Leavenworth, Kans. All the buildings and facilities which are affected by the recommendation referred to above are on a tract of 640 acres, which was donated by citizens of that community, together with an improvement fund of \$50,000 for the erection of a soldiers' home on this property. The deed, which is duly recorded, transfers this ground to the National Home for Disabled Volunteer Soldiers, a corporate body, created by and organized and existing under an act of Congress. The property in this case is the property of the National Home for Disabled Volunteer Soldiers, a corporation duly authorized by acts of Congress as distinguished from property belonging to the United States of America.

WESTERN BRANCH HOSPITAL NOW USED TO CAPACITY

There are in the hospital at the Western Branch, 312 general and 83 tuberculosis beds, making a total of 395 hospital beds. The average hospital population through the entire year was 325, and at the time of the peak load, January 31, there were only 33 beds vacant in the hospital, much less than the ordinary margin usually required for good operation. There were admitted and cared for at the hospital during the year 1,487 members, thus making a turnover of four men to a bed during the year. These facilities are being used as fully as proper classification of patients will permit. There are no surplus beds. The average present for the year 1928 was 1,461. The average number of beneficiaries of the Veterans' Bureau treated at the Western Branch during the fiscal year 1928 was 27.4, less than 2 per cent of the membership of the home. In addition, 2,260 men were given medical treatment at sick call during the year. Not only are all the hospital facilities at the Western Branch needed and used by the home, but both additional hospital and barrack facilities are required to meet the growing needs of the home, and recommendation for the construction of an additional wing to the

hospital, with a capacity of 100 beds, and two more barracks were made at the June, 1928, meeting of the Board of Managers for the consideration of the President of the United States and Congress. The average cost per diem of patients in the hospital for the fiscal year 1928 was \$2.55. As stated above, this hospital has received the grade of "A" from the American College of Surgeons.

FRICITION AND LOSS OF EFFICIENCY

It is the opinion of the board that any attempt to operate two institutions under the separate control of different agencies of the Government, having different responsibility and different modes of administration, on the same reservation, is impracticable and unworkable, and in view of the fact that the hospital at the Western Branch is now full to capacity, incident to the proper operation of said branch, and as an essential and indispensable feature thereof and absolutely necessary to the continued operation of the same, with no place to which the patients can be transferred if the hospital facilities of that branch should be transferred to the Veterans' Bureau, it is obvious that the net result will be two administration costs to accomplish the work now performed by one. In addition, it is apparent that if one agency be left to operate the domiciliary features of this branch of the home, as distinct from the hospital feature to be operated by another agency, where the home records show hospital treatment during the year equal to the total membership, the further administration of the branch must be without the aid and benefit of hospital facilities, which is, of course, unthinkable, or each agency at the same branch must maintain a separate medical staff, the one to examine and transfer daily for treatment, the other to treat and retransfer, with its inevitable increase in duplicate administration costs, cross accounting to and with different appropriations, conflict of jurisdiction, consequent delay, and loss of efficiency. The Western Branch as now operating and functioning, inclusive of the hospital, is a unit. There is no surplus or unused facility. To transfer the hospital would practically dismember the branch of a vital necessity.

SUMMARY

The Board of Managers fully appreciates the importance of cooperating with the Veterans' Bureau in carrying on the Government's benefactions to those who have served in the armed forces of the United States. It has at all times cooperated with the Veterans' Bureau and desires to continue to do so in every way consistent with a proper discharge of its duties and responsibilities under the law. In this instance the request of the Veterans' Bureau would take from the board an absolutely essential part of its organization in a branch home which is operating to its capacity and would seriously impair and embarrass the operation of the branch. These hospital facilities are located upon lands title of which is in the National Home for Disabled Volunteer Soldiers and have been operated for more than 40 years and are now needed and used to full capacity in carrying out the intent and purpose of the original organic law. Finally, however it may appear or appeal to others in the discharge of their duty or in the exercise of their powers and prerogatives, it is the opinion of the board that there is no authority of law that

would warrant it in giving up or assenting to give up any material part of its facilities that are absolutely necessary to carry on the work it is charged by the law to do.

On motion and by unanimous vote, the board instructed the president to transmit to the President of the United States its recommendation as set out in the foregoing proceedings.

Upon motion, Rev. P. E. Greenwalt was appointed chaplain of Marion Branch, to date from November 1, 1928.

After due consideration and, upon motion, authority was given the president of the Board of Managers to purchase new radio loud speakers, replacing the obsolete radio equipment at the various branches where the need is indicated.

Upon motion, it was voted to amend paragraph 122, Home Regulations, as follows:

Members of companies other than the convalescent companies are subject to barrack detail and such of these members as are not over 62 years of age are subject to camp detail—being such work as may be necessary to keep the home properly policed, buildings and grounds clean and in order, and other necessary work about the home.

Upon motion, General Order No. 3, series 1918, was rescinded and the attention of the several governors invited to paragraph 122, Home Regulations and observance enjoined.

The board made an inspection of the buildings and grounds of the Marion Branch.

The board then proceeded to the Danville Branch, to reconvene September 26, 1928.

DANVILLE BRANCH, September 26, 1928.

Upon motion, it was voted that a uniform regulation be designated for use of the social-service workers of the National Home for Disabled Volunteer Soldiers.

After a thorough discussion of the trend of population in the home and the needs which such trend indicated, upon motion, the president was directed to submit to the President of the United States and Congress the following building program for the biennial period 1929-30:

Central Branch, Dayton, Ohio:

Sanitary fireproof hospital building, 500 beds.....	\$1, 500, 000
Alterations, old hospital and additional buildings to afford 800 barrack beds.....	500, 000

The destruction by fire of barrack 16 on September 26 has rendered the situation at the Central Branch acute. At the present time only about 100 beds are available in barracks and a smaller number in hospital.

(A bill is pending before the Committee on Military Affairs, United States Senate, for this project.)

Southern Branch, Hampton, Va.:

Additional hospital facilities with a capacity of 200 neuro- psychiatric beds.....	600, 000
2 sets of double doctors' quarters.....	30, 000

Western Branch, Leavenworth, Kans.:

2 barracks with a capacity of 350 beds.....	400, 000
Wing of hospital, 100 general beds.....	250, 000
2 sets of double doctors' quarters.....	30, 000

Pacific Branch, Sawtelle, Calif.:

Additional wing of hospital, 250 general beds.....	600, 000
Dormitory for female members, 75 beds.....	100, 000
2 sets of double doctors' quarters.....	30, 000

Danville Branch, Danville, Ill.:

Additional wing of hospital, 100 general beds.....	250, 000
2 sets of double doctors' quarters.....	30, 000

Upon motion, it was ordered that all facilities at Central Branch that could be made available by repairing be put in condition immediately.

An opportunity was given, after due announcement, to members to appear before the board for the purpose of presenting suggestions, complaints, or requests. Such suggestions, complaints, and requests as were made were acted upon.

The board made the usual inspection of the grounds, barracks, hospital, and other buildings of the Danville Branch, and the written criticisms of the several members of the board were referred to the governor for appropriate action.

The board then proceeded to the Northwestern Branch, to reconvene September 28, 1928.

NORTHWESTERN BRANCH, *September 28, 1928.*

Upon motion, it was voted that the old canteen building at Northwestern Branch be transferred from post fund to general fund.

During the present meeting of the Board of Managers, upon motion, the following appropriations from general post fund were made:

Northwestern Branch:	
For marble section markers for plots in cemetery.....	\$350
New roof for pavilion.....	500
Eastern Branch:	
For additions to physiotherapy service, hydrotherapy.....	500
Western Branch:	
For additions to physiotherapy service, hydrotherapy.....	500
Marion Branch:	
For mounting bronze tablet of Lincoln's Gettysburg Address.....	25
For repairs to roof over grandstand at baseball park.....	175
For carpet runners in Protestant chapel.....	100
For alterations necessary to change cottage No. 1 from open to closed type.....	2,700
Danville Branch:	
For additions to physiotherapy service, hydrotherapy.....	500
For repairs to fountain.....	500

An opportunity was given, after due announcement, to members to appear before the board for the purpose of presenting suggestions, complaints, or requests. Such suggestions, complaints, and requests as were made were acted upon.

The board made the usual inspection of the grounds, barracks, hospital, and other buildings of the Northwestern Branch, and the written criticisms of the several members of the board were referred to the governor for appropriate action.

There being no further business before the board, the board, upon motion, adjourned September 28, 1928, to meet in Washington, D. C., at 10 a. m., December 3, 1928, proceeding thence to Southern and Mountain Branches.

WILLIAM S. ALBRIGHT, *Secretary.*

WASHINGTON, D. C., *December 3, 1928.*

The board met in regular quarterly session at 11 a. m.

Present: Gen. George H. Wood, president; Col. Roy L. Marston, first vice president; Capt. William S. Albright, secretary; Maj. Paul E. Divine; Assistant Secretary of War Charles B. Robbins, ex officio member.

Absent: Col. John J. Steadman, Capt. John C. Nelson, Hon. James S. Catherwood.

The minutes of the last meeting were submitted and approved.

The president of the board reported having received and accepted the following resignations:

Northwestern Branch: Dr. James A. Boyer, assistant surgeon, effective October 31, 1928.

Mountain Branch: Dr. Forrest F. Worman, assistant surgeon, effective November 12, 1928; Capt. R. H. Bailey, adjutant and inspector, effective November 30, 1928.

Upon motion, the action of the president in each of the above cases was approved.

The president of the board reported that, acting under the authority heretofore conferred by the board, he had made the following appointments:

Central Branch: Dr. Carrol J. Tucker, assistant surgeon, to date from November 1, 1928; Dr. Clement Saffron, assistant surgeon, to date from December 1, 1928.

Southern Branch: Dr. Clifford C. Drake, assistant surgeon, to date from November 20, 1928; Dr. William A. Watson, assistant surgeon, to date from December 1, 1928.

Mountain Branch: Dr. James M. Campbell, assistant surgeon, to date from November 13, 1928; Capt. Earl L. Hunter, adjutant and inspector, to date from December 1, 1928.

Upon motion, the action of the president in each of the above cases was approved by the board.

The president of the board reported the following death:

Southern Branch: Dr. Charles H. Mulroney, assistant surgeon, died October 7, 1928.

The president presented the following statement of special funds on hand December 3, 1928:

Statement of special funds on hand December 3, 1928

The president of the board presented his letter transmitting the annual report of the Board of Managers for the fiscal year ending June 30, 1928, to the Congress of the United States, and, upon motion, the annual report as prepared was approved:

LETTER OF TRANSMITTAL OF THE PRESIDENT OF THE BOARD FORWARDING ANNUAL REPORT OF THE BOARD OF MANAGERS OF THE NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS FOR THE FISCAL YEAR ENDING JUNE 30, 1928

To the honorable the Senate and House of Representatives of the Congress of the United States:

The Board of Managers, National Home for Disabled Volunteer Soldiers, in obedience to law, presents the following report of the institution under its charge for the year ending June 30, 1928.

Maj. Paul E. Divine, of Tennessee, was appointed a member of the Board of Managers to succeed Maj. James W. Wadsworth, of New York.

The affairs of the home have been administered in accordance with the laws and established regulations. All the branch homes have been visited and inspected during the year by the Board of Managers.

During the year 44,988 members were cared for in the several branches of the home, an increase of 3,907 compared with the year previous.

There were cared for in the 32 State homes receiving Federal aid 11,140 members, an increase of 277 compared with the previous year.

NEED FOR ADDITIONAL FACILITIES

With an increase of over 8,000 members cared for in the past two years, the need for additional facilities was considered at the regular quarterly meeting of the board in June, 1928, and the following facts and recommendations are submitted to Congress for their consideration:

During the past fiscal year, despite the fact that the Civil War membership of the home is now reduced to about 17 per cent of the membership, the total membership of the home at the peak on February 28 showed a gain of 10 per cent over that of the year before. With a very large number of veterans now eligible to the home, it is apparent that there will be a constantly increasing demand for the home service in the future, and to meet this demand a careful study of what the probable load will be should be made at once. As stated above, the total Civil War population has fallen to 17 per cent, and while this will decrease during the next few years there is such a small percentage now that any decrease will have but little effect upon our total membership, which will be largely made up of veterans of the Spanish-American and World Wars, where the mortality rate will not be excessive in the near future. Therefore, if we assume a 10 per cent increase for the next five years, we find that our peak load in 1928 will be 18,400; in 1929, 20,300; in 1930, 22,300, and in 1931, 24,500. It is necessary, therefore, for the board to take these figures, compare them with our present facilities, and lay down a program of construction which will meet the demands, and, as it usually takes two years to accomplish authorization, appropriation, and construction, it is wise to plan the proper way to meet the situation.

Before determining where additional construction should be asked for an important question must be answered. What is the largest practical unit that can economically and efficiently be handled by the home? In my opinion, a unit of 4,000 is the largest unit that can be efficiently handled so as to enable the officers of the branch to have such clear information and knowledge as to details of operation, so that they may carry on efficiently. At the time of the peak load in the winter of 1927 and 1928 we had 1,460 barrack beds, 620 general hospital and medical beds, and 600 tuberculosis beds vacant, but, unfortunately, the disposition of these vacant beds was such that they really were not available to meet the situation, for nearly 500 vacant barrack beds and 170 general hospital beds were located at the Eastern Branch, which could only be used by demand in that section of the country. Therefore, the first problem to be met by the board is to plan how to meet the increase of 1,600 members during the winter of 1928 and 1929. The bill recently enacted by Congress and approved by the President authorizing the transfer of the home at Bath, N. Y., will meet the situation, I believe, in the eastern part of the country. At Milwaukee the board has directed a reclassification of facilities so that we will have about 150 barrack beds and 125 general hospital and medical beds in excess of the number of last

winter by utilizing surplus tuberculosis beds, and as there were 380 vacant barrack beds at Danville at the time of the peak load it is felt that in the central section of the country the situation can be handled satisfactorily. In the Middle West the situation is acute, as we only had 46 vacant beds at the Western Branch, and Battle Mountain Sanitarium was full. A reclassification of beds at Battle Mountain already ordered, will furnish 125 additional barrack beds there by utilizing surplus tuberculosis beds, but no relief can be afforded the Western Branch this winter; therefore, it would seem that two additional barracks are indicated for immediate authorization at the Western Branch. The Pacific Branch was full, but with the authorization approved by Congress for construction of new barracks we will be able to increase slightly our domiciliary capacity, and as far as barracks are concerned can do nothing at present but urge an appropriation for construction of new barracks.

At the March meeting of the board a resolution was passed recommending an additional wing to the general hospital and this should be an item of our legislative program for the next winter. In addition, a dormitory and infirmary for ex-service women at the Pacific Branch should also be asked for. As another part of our program for the legislative year of 1928 and 1929 I feel that we should recommend to Congress the establishment of a home somewhere in the Southern States. At present we have no home south of Johnson City, Tenn., and as the last two wars were fought by men from all sections of the country we are having a very heavy demand for our service from the Southern States.

Another item that should be included in our legislative program for 1928 and 1929 is an additional wing to the hospital in Danville. This hospital has been filled to capacity all winter, with such a small margin of operation that it has not been possible to handle all claims made upon it.

For the legislative program for the year 1929-30 the following program is recommended:

Additional neuropsychiatric facilities at the Southern Branch, with a capacity of 250 beds; a new barrack at the Danville Branch, with a capacity of 250 beds; a new barrack at the Northwestern Branch, with a capacity of 250 beds; and an additional wing to the hospital at the Western Branch.

For the year 1930-31 two modern barracks to replace the three old frame barracks at the Southern Branch, giving materially increased facilities at that branch, and possibly an additional barracks at the Western Branch are indicated.

In checking up this program no mention has been made of the Central Branch, because legislation now pending before Congress would furnish the Central Branch a new fireproof hospital and this would release the present hospital section for domiciliary use, giving an increase of approximately 800 beds. If this legislation is carried through the Central Branch will be in position to meet all demands on it for the next five years, but if it fails additional barrack beds to the number of at least 500 must be provided at the Central Branch.

Plans are now being prepared for additional facilities at the Marion Branch and it is felt that these beds will be occupied just as soon as they are ready for use. This will increase the capacity of the Marion Branch to about 1,400 and it is felt that this is as large a neuropsychiatric unit as can be properly handled. The replacement of some of our older buildings for newer and more modern buildings might be very desirable, but with the increased population and the need for additional facilities it is not felt that within the next five years replacement programs could be justified.

Upon motion, after a thorough discussion, the recommendations made in the above survey were approved, and the president of the board was directed to submit the same to the President and Congress for their consideration.

A satisfactory standard of service in the home has been maintained, and the costs have varied but little from previous years as shown in the following tables:

Statement of operations and analysis of expenditures, National Home for Disabled Volunteer Soldiers, fiscal year 1928, compared with 1927

	1928	1927
Average number of members present.....	15,194	13,870

C. W. WADSWORTH,
General Treasurer.

CONCLUSION

The National Military Home is to-day an important part in the Government's plans for caring for its disabled soldiers, with the demand for its care constantly increasing. It is believed that the above financial statements indicate that its work is being done efficiently and economically and with justice to both the Government and the members of the home. The board feels that the plans for expansion are fully justified by present conditions, and confidently hopes that Congress will carefully consider the recommendations and furnish the needed relief.

GEORGE H. WOOD,
*President Board of Managers,
National Home for Disabled Volunteer Soldiers.*

The president of the board submitted the ruling of the Comptroller General of the United States to the effect that draftees who had been accepted by local boards and later discharged from draft did not entitle the draftee to admission to the National Home for Disabled Volunteer Soldiers. Thereupon it was ordered that such discharged draftees be not admitted to the home.

Upon motion, it was voted that barrack No. 7 at the Pacific Branch be added to the convalescent group of barracks and that it be treated as such.

Upon motion and after thorough discussion, it was voted that Andrew Cleary, formerly a guard at the Northwestern Branch, be reimbursed a reasonable sum for attorney fees incurred by him in defense after arrest on a manslaughter charge while acting as guard at the Northwestern Branch. Said sum to be appropriated from ward fund.

The question of out-patient treatment was discussed by the board and the president was directed to submit same to the Comptroller General of the United States for decision.

The board called on the Hon. Calvin Coolidge, President of the United States, to pay their respects and briefly outline the problems of the board.

Upon motion, the president of the board was instructed to ask for a deficiency estimate for the last quarter of the current fiscal year to cover the salary of an additional officer (an inspector) at the Central Branch and at the Pacific Branch, and if funds are secured the appointment of such an officer is authorized at each of these branches.

At the present meeting of the board the president called attention to the fact that a conference was to be held in the office of the attorney general, State of New York, on December 4, 1928, relative to the transfer of State Home, Bath, N. Y., to the National Home for Disabled Volunteer Soldiers. Col. C. W. Wadsworth, general treasurer, was directed to proceed to Albany, N. Y., to represent the board at this conference.

Upon motion, the president was authorized to pay from post fund to Mrs. Mary Ryan, sister of Thomas Looney, deceased member Southern Branch, out of the funds which were turned in to general post fund from the pension money of said Thomas Looney the sum of \$10 per week, the total not to exceed the amount received from the pension money of the deceased member.

A motion was made to permit the Central Maine Electric Light & Power Co. to erect a high-tension power line across the ground of the Eastern Branch. It was voted to grant such permission upon condition that the company comply with all present and future regulations of the State of Maine governing high-tension transmission.

After due consideration, on motion, the following sums were voted payable from general post fund for the purpose of furnishing Christmas cheer to the members at the various branches of the National Military Home:

Central Branch.....	\$600	Marion Branch.....	\$500
Pacific Branch.....	600	Danville Branch.....	500
Northwestern Branch.....	500	Mountain Branch.....	500
Southern Branch.....	500	Eastern Branch.....	400
Western Branch.....	500	Battle Mountain Sanitarium.....	400

The board then proceeded to the Southern Branch, to reconvene December 5, 1928.

SOUTHERN BRANCH, *December 5, 1928.*

The following resolution was presented and unanimously adopted by the board:

That, effective July 1, 1929, the organization at the Southern Branch be changed to conform to the organization at the Central, Pacific, Northwestern, and Mountain Branches, with the chief of the neuropsychiatric service receiving the same pay and emoluments as the chief of tuberculosis service receive at the above-mentioned branches.

An opportunity was given, after due announcement, to members to appear before the board for the purpose of presenting suggestions, complaints, or requests. Such suggestions, complaints, and requests as were made were acted upon.

The board made the usual inspection of the grounds, barracks, hospital, and other buildings of the Southern Branch, and the written criticisms of the several members of the board were referred to the governor for appropriate action.

The board then proceeded to the Mountain Branch, to reconvene December 7, 1928.

MOUNTAIN BRANCH, *December 7, 1928.*

The president of the board presented a resolution adopted by the common council of the city of Milwaukee, which reads as follows:

Resolved by the common council of the city of Milwaukee, That it hereby petitions the Board of Managers of the National Soldiers' Home that said board permit the city of Milwaukee to use approximately 22 acres of land located near the northeast corner of the home, without any charge, as an athletic field for a period of 25 years, with the understanding that the city of Milwaukee shall grade, drain, erect shelter, equip the field, and maintain and operate it as a public athletic field, scheduling and directing contests but not charging admission to spectators;

Resolved further, That in the event permission as petitioned for is granted to the city the common council hereby pledges itself to appropriate from time to time for the next succeeding four years funds in an amount not exceeding \$30,000 from funds set up in the budget and available for the purpose to defray the cost of improving, maintaining, and operating the proposed athletic field for said period of 25 years.

After discussion and consideration, it appeared that the proposed athletic field would materially benefit the home grounds by draining, grading, and improving what is at present an unsightly, swampy piece of land and is not used by the home for any purpose; also, that the establishment of the athletic field would afford amusement and entertainment for members of the home. In view of the benefits thus obtained it was voted that the president of the board be author-

ized to accept the proposal of the city of Milwaukee re 22 acres at the Northwestern Branch for the purposes of a playground, provided the city expend not less than \$30,000 in the first four years of the permit in draining, grading, and landscaping the area in a manner approved by the governor of the Northwestern Branch and ratified by the board; that the members, employees, and officers of the home have privileges to the playgrounds at all times and without charge; that the activities and conduct of the playground shall at no time interfere with the treatment and care of the disabled men at the home; that the city of Milwaukee maintain, police, and keep in an attractive and sanitary condition the playgrounds at all times; that all improvements of every description shall revert to the home at the expiration of the permit, or if the city fails to comply with the provisions of the permit; and provided further, that this permit and any and all activities thereunder, and the operation thereof, shall be consistent with the uses and purposes of the National Home for Disabled Volunteer Soldiers, or any future need or purpose thereof, and not to be effective or have tenure otherwise, the home authorities charged with the due administration thereof to determine the same.

The president of the board presented request of the city of Milwaukee for permission to construct roads on home grounds, consisting of four distinct propositions, to wit:

(a) An extension of Story Parkway Drive through the home grounds:

(b) The construction of a 60-foot road extending across the home grounds from National Avenue to the north line of the home on the H. F. Story subdivision.

(c) The widening of Arnold Avenue—which would require the use of a 36-foot strip on the east boundary of the home.

(a-2) An extension of Story Parkway Drive from the H. F. Story subdivision line out to and intersecting with the road in the home that leads to the north gate on Blue Mound Road.

After consideration and discussion it was voted that the request for the construction as set out in project "a" be denied and that the request for the construction as set out in project "b" be granted; that the request for construction as set out in project "c" be granted and that the request for construction as set out in project "a-2" be granted, all on the condition that the roads be properly constructed and hard surfaced, with proper drains and curbing in accordance with the specifications of the highway commission, State of Wisconsin, for such roads, and that the city of Milwaukee maintain and keep such roads, curbs, drains, etc., in good condition.

Upon motion, it was ordered that the president of the board be authorized to execute the necessary papers to carry into force the concessions heretofore set out.

The committee of the board heretofore appointed to investigate and report on the matter of the formula whereby the officers and nonmember employees of the National Home for Disabled Volunteer Soldiers could receive the benefits of the retire privilege accorded other employees of the Government service or the agencies thereof reported that the same could be accomplished only by special act of Congress, and the board again reaffirms its position in favor of the same.

Upon motion, it was ordered that the record of proceedings of the board be made to show that it is the consensus of opinion of the Board of Managers that steps be taken to secure for the officers and nonmember employees of the home the same rates of pay as are paid to Government employees in the departments and other agencies of the Government who are doing similar work.

Upon motion, the president was authorized to appropriate from ward fund the sum of \$24.42 to reimburse William F. Lovelace, captain of the guards, Central Branch, for moneys which he personally paid to members at the time of theft by desk sergeant at the guard-house.

The resignation of Capt. J. S. Gray, quartermaster, Mountain Branch, was presented to the board and, upon motion, it was accepted as of date January 10, 1929, with leave of absence from December 10, 1928.

Upon motion, Capt. William M. Pierce was appointed quartermaster of Mountain Branch, to date from December 10, 1928.

During the present meeting of the Board of Managers, upon motion, the following appropriations from general post fund were made in addition to those heretofore mentioned:

Southern Branch:

For the construction of assembly hall to house the various veteran organizations..... \$25, 000

For improvements at the old Jones Creek entrance (acting in conjunction with the Hampton Normal School)..... 1, 600

For repairs, additional electric wiring, reinforcing walls, and reroofing theater building (a post fund building) (not to exceed)..... 5, 000

Western Branch: For erecting a steel flagpole (not to exceed)..... 1, 500

An opportunity was given, after due announcement, to members to appear before the board for the purpose of presenting suggestions, complaints, or requests. Such suggestions, complaints, and requests as were made were acted upon.

The board made the usual inspection of the grounds, barracks, hospital, and other buildings of the Mountain Branch, and the written criticisms of the several members of the board were referred to the governor for appropriate action.

There being no further business before the board, the board, upon motion, adjourned December 8, 1928, to meet at the Western Branch on March 14, 1929, proceeding thence to the Pacific Branch.

WILLIAM S. ALBRIGHT, *Secretary.*

HEADQUARTERS OFFICE, NATIONAL MILITARY HOME,
Dayton, Ohio, January 10, 1929.

The board met in special session at 10 a. m., pursuant to the following call, viz:

DAYTON, OHIO, *December 26, 1928.*

A special meeting of the Board of Managers, National Home for Disabled Volunteer Soldiers, will be held at headquarters office, January 10, 1929, at 10 a. m., for the purpose of considering schedules of pay and allowances, supplemental estimate for appropriations, fiscal year 1929, and such other business as may be brought before the board.

Very sincerely,

GEORGE H. WOOD,
President Board of Managers,
National Home for Disabled Volunteer Soldiers.

Present: Gen. George H. Wood, president of the board; Col. Roy L. Marston, first vice president; Capt. William S. Albright, secretary; Maj. Paul E. Divine.

Absent: Col. John J. Steadman, Capt. John C. Nelson, and Hon. James S. Catherwood.

The minutes of the last meeting were submitted and approved.

The president of the board presented the following House joint resolutions, which, upon motion, were ordered upon the minutes:

(PUBLIC RESOLUTION—No. 68—70TH CONGRESS)

[H. J. Res. 168]

JOINT RESOLUTION For the appointment of W. S. Albright, of Kansas, as a member of the Board of Managers of the National Home for Disabled Volunteer Soldiers

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That W. S. Albright, of Kansas, be, and he is hereby, appointed a member of the Board of Managers of the National Home for Disabled Volunteer Soldiers of the United States to succeed W. S. Albright, whose term expires January 6, 1929.

Approved December 6, 1928.

(PUBLIC RESOLUTION—No. 69—70TH CONGRESS)

[H. J. Res. 193]

JOINT RESOLUTION For the appointment of Roy L. Marston, of Maine, as a member of the Board of Managers of the National Home for Disabled Volunteer Soldiers

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That Roy L. Marston, of Maine, be, and he is hereby, appointed a member of the Board of Managers of the National Home for Disabled Volunteer Soldiers of the United States to succeed himself.

Approved December 6, 1928.

The president of the board presented the consolidated post return for December 31, 1928, showing a gain over last year at this time of 1,500 (a gain of about 10 per cent) and that it had been necessary to send out notices to all governors to the effect that Central, Southern, and Pacific Branches, as well as Battle Mountain Sanitarium, were full and could not accommodate further members and that the governors of several of the branches had been obliged to turn away deserving veterans requesting admission.

Upon motion, it was voted that the attention of the President and Congress be called to this condition and that the building program, as set forth in the September proceedings, be again presented for consideration, as the trend of population during this winter had justified the urgent and immediate need for this program.

The president of the board reported that he had settled the case of Andrew Cleary, payment of which was authorized in the December minutes, and said action was approved by the board.

The president reported to the board an item in the urgent deficiency bill carrying an appropriation of \$1,050,000 and authorization for contracting in addition thereto for \$305,000 more for the purpose of constructing four 3-story, fireproof barrack buildings at the Pacific Branch and for repairs of existing buildings to the extent of \$55,000.

Upon motion, it was ordered that the general type of architecture adopted should conform with the new hospital buildings recently constructed at the Pacific Branch, and that the president and general treasurer be authorized to employ architects and to proceed with the construction of the buildings.

The president of the Board of Managers presented a schedule of pay and allowances for the home establishing rates of pay for officers and employees conforming to the provisions of the act of Congress approved May 28, 1928, by adjusting rates of pay of officers and non-member employees to correspond so far as practicable to the rates established by this act for positions in the departmental service in the District of Columbia.

Upon motion, the schedule was approved, effective March 1, 1929, subject to securing an appropriation, and the president of the board and the general treasurer directed to submit estimates for supplemental appropriation for amounts sufficient to cover the adjustment of rates from March 1 to the end of the fiscal year; also to submit to the Director of the Budget and to Congress statement as to additional funds that will be required for the support of the home for 1930 on account of the adjustment of rates of pay and, if possible, to secure the increased appropriation.

MEMBER EMPLOYEES

The act of Congress of date March 26, 1928, provides that honorably discharged officers, soldiers, sailors, or marines, including women commissioned or enlisted, and Army and Navy nurses who served in the regular or volunteer forces of the United States and who are disabled by disease or wounds and by reason of such disability are either temporarily or permanently incapacitated from earning a living may be admitted to the home.

Members of the home are furnished free housing, food, clothing, hospital care, laundry; in fact, all necessities of life.

From the beginning of the operations of the home the employment of members has claimed serious attention. It has been found that to have something for members to do contributes greatly to their contentment and general welfare. It has been adopted as an established principle to employ members to the fullest extent possible consistent with proper service.

In view of the facts that the member has established a disability rating sufficient to incapacitate him for earning a living and that he is furnished free maintenance, it has not been thought just that a member should be employed at the full rates of pay. Accordingly, for many years schedules of pay and allowances have provided for the employment of members within certain definite limits of pay, and the employment of members, so far as practicable, has been enjoined upon branch officers. In order to continue this benefit to members after the adoption of the revised schedules of pay and allowances, upon motion, it is ordered that schedules of pay and allowances be established for the employment of members at rates of pay graduated for the different positions, with a maximum limit of \$60 per month.

Members of the home will be employed, so far as practicable, in lieu of nonmembers, due regard being had to the best interests of the home.

Upon motion, it was voted to make the following changes in Home Regulations:

- (1) Paragraph 206, Home Regulations, rescinded.

(2) Paragraph 200, Home Regulations, amended to read:

All employees in the several departments of the branch shall be nominated for detail by the officer in charge of the department to the quartermaster of the branch; all details will be submitted by the quartermaster to the governor for his action. Details of chief clerks of the several departments, chief nurses, chief engineer, quartermaster and commissary sergeants, first and second hospital stewards, and the heads of other services will be submitted by the governor to the president of the board for his action.

(3) Paragraph 203, Home Regulations, amended to read:

ALLOWANCES

Allowances that may be furnished officers and employees of the home will be graded and charged as against the pay of the officer or employee, as follows:

- (a) Large, single house, with furniture, \$1,020 per year.
- (b) Medium size (six rooms or more), single house, with furniture, \$810 per year.
- (c) Double, apartment, or small single, house, with furniture, \$690 per year.
- (d) Single house, without furniture, \$540 per year.
- (e) Small single house or apartment, without furniture, \$420 per year.
- (f) Meals, \$300 per year; room, single, or dormitory, \$120 per year.

There being no further business before the board, the board, upon motion, adjourned January 10, 1929, to meet at the Western Branch on March 14, 1929 (regular quarterly meeting), proceeding thence to the Pacific Branch.

WILLIAM S. ALBRIGHT, *Secretary.*

WESTERN BRANCH, *March 14, 1929.*

The board met in regular quarterly session at 10.30 a. m.

Present: Gen. George H. Wood, president; Capt. William S. Albright, secretary; Maj. Paul E. Divine. Col. Roy L. Marston, first vice president, and Col. John J. Steadman joined at the Pacific Branch.

Absent: Capt. John C. Nelson and Hon. James S. Catherwood.

The minutes of the last meeting were submitted and approved.

The president of the board reported having received and accepted the following resignations:

Central Branch: Dr. James W. Calvert, assistant surgeon, effective December 31, 1928; Dr. Carroll J. Tucker, assistant surgeon, effective February 15, 1929.

Northwestern Branch: Dr. Samuel Brown, assistant surgeon, effective February 25, 1929.

Southern Branch: Dr. William A. Watson, assistant surgeon, effective February 28, 1929.

Pacific Branch: Dr. Robert G. Fuller, assistant surgeon, effective February 28, 1929; Dr. R. Esmond Smith, assistant surgeon, effective March 31, 1929.

Upon motion, the action of the president in each of the above cases was approved by the board.

The president of the board reported that, under the authority heretofore conferred by the board, he had made the following appointments:

Central Branch: Dr. John E. Kelly, assistant surgeon, to date from February 5, 1929.

Northwestern Branch: Dr. Lynden Ogden, assistant surgeon, to date from February 5, 1929; Dr. Warren B. Sanborn, assistant surgeon, to date from April 1, 1929.

Pacific Branch: Dr. Edward B. Frisbee, assistant surgeon, to date from March 1, 1929; Dr. Edward F. Ducey, assistant surgeon, to date from April 1, 1929.

Battle Mountain Sanitarium: Dr. Floyd J. Roberts, assistant surgeon, to date from March 1, 1929.

Upon motion, the action of the president in each of the above cases was approved by the board.

The president of the board reported the following death:

Central Branch: Dr. Samuel W. Crowe, assistant surgeon, died March 3, 1929.

The president reported that Dr. Lynden Ogden, assistant surgeon, Northwestern Branch, reported for duty February 5, 1929, and went absent without leave on February 7, 1929, and so remains.

Upon motion, it was ordered that Doctor Ogden be dropped from the rolls of the home.

The president presented the following statement of special funds on hand March 13, 1929:

Upon motion, it was directed that authority be granted the Western Branch to construct a reception room for convalescent barracks between barracks 10 and 11 to permit the members of barracks 10, 11, and 12 to meet friends and relatives privately without going out in the weather.

Upon motion, authority was granted for the installation of combination drinking fountains with bubbler and faucet in barracks 12, Western Branch.

An opportunity was given, after due announcement, to members to appear before the board for the purpose of presenting suggestions, complaints, or requests. Such suggestions, complaints, and requests as were made were acted upon.

The board made the usual inspection of the grounds, barracks, hospital, and other buildings of the Western Branch, and the written criticisms of the several members of the board were referred to the governor for appropriate action.

The board then proceeded to the Pacific Branch.

PACIFIC BRANCH, *March 18, 1929.*

The president reported to the board that he had received, through the chief coordinator, a lease from the State of New York for a period of 10 years, covering the State camp at Bath, N. Y., and that an appropriation had been made of \$500,000 in the second deficiency bill for the maintenance, etc., of a branch home by the Board of Managers for the fiscal year 1929 but to continue available throughout the fiscal year 1930.

On motion, after thorough deliberation, it was voted to accept the lease and the president was authorized to sign the same for the Board of Managers.

On motion, after thorough deliberation, it was voted to establish a branch of the National Home for Disabled Volunteer Soldiers at Bath, N. Y., to be known as the Bath Branch of the National Military Home, with officers and organization in conformity with that existing at other branch homes; and the executive officers were authorized to place same in operation as soon as conveniently possible.

Upon motion, the secretary of the board was directed to cast the vote of the board separately for Gen. George H. Wood, president; Col. Roy L. Marston, first vice president; and Col. John J. Steadman, second vice president. This having been done, the aforementioned persons were declared duly elected to said offices.

Upon motion, the first vice president was directed to cast the vote of the board for Capt. William S. Albright as secretary. This having been done, Captain Albright was declared elected to said office.

The president presented to the board correspondence and bills of Mrs. Frank T. Malaney, Jackson, Mich., for nursing, medical attention, and funeral expenses of Mary Ryan, dependent sister of Thomas Looney, late member of the Southern Branch, who at the time of his death had pension money to his credit at the Southern Branch.

Upon motion and after thorough consideration, the president was directed to pay Mrs. Malaney \$400 from post fund for expense involved in the care and burial of Mary Ryan.

Upon motion, it was directed that the president of the board be given authority to permit the establishment at the various branches of the home such separate officers and employees messes as there are separate facilities to sustain same, making such assessments as to rental and such other rules and regulations as would be fair and reasonable and would best serve the interest and welfare of the several branches of the home.

Upon motion, the president was directed to submit a special estimate in an effort to secure the necessary appropriation from Congress to be used for construction to handle the volume of water which endangers the grounds of the cemetery at the Pacific Branch.

After a survey and careful inspection of the rear section of the old hospital administration building (Pacific Branch) and in view of its condition and the fire hazard on account of its being surrounded by other frame buildings, it was deemed inadvisable to attempt its repair to fit it for use as a barrack.

Upon motion, it was ordered that it be condemned and removed; that such material as could be salvaged be taken out and the remainder sold or removed, as may be to the best interests of the home.

After a careful survey of the grounds available for the location of the barracks authorized for the Pacific Branch, it was decided to locate the four buildings (for which funds and authority have been provided) to the northwest of the mess hall; the main group as nearly the west line as considered feasible, leaving space between this group and the general mess hall for the erection of additional barracks whose occupants will be supplied meals at the main mess hall.

The plans of Walker & Eisen for the erection of 3-story barrack buildings with dual elevator installations were considered and with modifications adopted. Each building will provide for 350 beds, a total for the four buildings of 1,400 beds. The authorization for the erection of barracks contemplates providing 2,400 beds in 12 buildings. It appears that it would be more economical and provide equally as well or better for the comfort of members to erect larger units of a total number of beds authorized. The larger units can be more economically administered, and appear in every way to be better suited to the needs of members. Therefore, the executive officers were instructed to prepare and submit estimates to the next Congress for an appropriation sufficient to pay for the one unit authorized but for which no funds have been appropriated, and three additional units of the type adopted, thus providing something more than 2,400 beds in 7 buildings rather than 12.

Upon motion, it was voted to amend paragraph 203, Home Regulations to read as follows:

ALLOWANCES

Allowances that may be furnished officers and employees of the home will be graded and charged as against the pay of the officer or employee, as follows:

- (a) Large single house, with furniture, \$1,020 per year.
- (b) Medium-size (six rooms or more) single house, with furniture, \$810 per year.
- (c) Double apartment or small single house, with furniture, \$690 per year.
- (d) Single house, without furniture, \$540 per year.
- (e) Small single house or apartment, without furniture, \$420 per year.
- (f-m) For meals, \$300 per year.
- (f-r) For room, \$120 per year.
- (f-or) For officer's room, \$240 per year.
- (f-rs) For two or more rooms, first room at basic rates shown above, each additional room, \$120 per year.

Upon motion, it was voted to amend paragraph 355, Home Regulations, to read as follows:

Supplies at a branch home that can be conveniently spared may be sold, for cost plus the cost of handling, to officers, members of the home, and employees permanently employed, for the use of themselves and their families, and to the post fund. No deliveries to be made, except ice, and supplies to hotels and restaurants directly operated by post fund.

Upon motion, it was voted to empower the president of the board to readjust schedules of pay, and allowances covering post fund activities.

During the present meeting of the Board of Managers, upon motion the following appropriations from general post fund were made:

Pacific Branch:

For removing grand stand from its present site and relocating base-ball park.....	\$5, 000
For cutting door, Markham Hall.....	75
For new steel flagpole.....	1, 500
For drinking fountains in barracks.....	1, 500
For raising storm drain, cemetery.....	1, 500

Upon motion, the president of the board was instructed to visit and inspect the Battle Mountain Sanitarium.

An opportunity was given, after due announcement, to members to appear before the board for the purpose of presenting suggestions, complaints, or requests. Such suggestions, complaints, and requests as were made were acted upon.

The board made the usual inspection of the grounds, barracks, hospital and other buildings of the Pacific Branch, and the written criticisms of the several members of the board were referred to the governor for appropriate action.

There being no further business before the board, the board, upon motion, adjourned March 22, 1929, to meet at the Bath Branch at 10 a. m., June 17, 1929, proceeding thence to the Eastern Branch.

WILLIAM S. ALBRIGHT, *Secretary*.

BATH BRANCH, *June 14, 1929.*

The board met in regular quarterly session at 1.30 p. m.

Present: Gen. George H. Wood, president; Col. Roy L. Marston, first vice president; Capt. William S. Albright, secretary; and Maj. Paul E. Divine.

Absent: Col. John J. Steadman, Capt. John C. Nelson, and Hon. James S. Catherwood.

The minutes of the last meeting were submitted and approved.

The president of the board reported having received and accepted the following resignations:

Central Branch: Maj. Robert H. Stanley, assistant surgeon, effective July 8, 1929.

Northwestern Branch: Dr. Frank J. Rohmer, assistant surgeon, effective June 5, 1929.

Southern Branch: Dr. William A. Thompson, assistant surgeon, effective May 6, 1929.

Danville Branch: Dr. Everett L. Lanman, assistant surgeon, effective April 15, 1929.

Battle Mountain Sanitarium: Dr. Frank J. Erdlitz, assistant surgeon, effective March 17, 1929.

Upon motion, the action of the president in each of the above cases was approved by the board.

The president of the board reported that, under the authority heretofore conferred by the board, he had made the following appointments:

Central Branch: Dr. James A. Boyer, assistant surgeon, to date from April 1, 1929; Dr. Joseph Tomarkin, assistant surgeon, to date from July 1, 1929.

Northwestern Branch: Dr. Arnold W. Garlitz, assistant surgeon, to date from April 16, 1929; Dr. Frank J. Rohmer, assistant surgeon, to date from May 1, 1929; Dr. Thomas M. Leahy, assistant surgeon, to date from June 16, 1929; Dr. Carl O. Diamond, assistant surgeon, to date from July 1, 1929; Dr. Gilbert D. Schoenfield, assistant surgeon, to date from July 7, 1929.

Eastern Branch: Dr. John W. Christensen, surgeon, to date from May 1, 1929; Dr. John E. Hewitt, assistant surgeon, to date from May 21, 1929.

Southern Branch: Dr. Harrison C. Reigel, assistant surgeon, to date from May 16, 1929; Dr. William W. Maxwell, assistant surgeon, to date from June 1, 1929; Dr. Louis L. Spivack, assistant surgeon, to date from July 1, 1929.

Mountain Branch: Dr. George O. Webb, assistant surgeon, to date from June 1, 1929; Dr. Roy C. Long, assistant surgeon, to date from June 21, 1929; Dr. Maitland D. Place, assistant surgeon, to date from July 1, 1929.

Bath Branch: Capt. Robert A. Bringham, governor, to date from April 25, 1929; Capt. Albert deNoyen Salisbury, commissary of subsistence, to date from April 25, 1929; George Collins, adjutant and inspector, to date from April 25, 1929; Newton G. Ehle, quartermaster, to date from May 1, 1929; Dr. William H. Armstrong, assistant surgeon, to date from May 1, 1929; Rev. Clarence E. Sutton, chaplain, to date from May 1, 1929; Rev. Arthur A. LeMay, chaplain, to date from May 1, 1929; Dr. Ernest B. Downs, assistant surgeon, to date from June 1, 1929.

Upon motion, the action of the president in each of the above cases was approved by the board.

The president of the board reported the following death:

Mountain Branch: Dr. Walter F. Fry, assistant surgeon, died May 20, 1929.

The president presented the following statement of special funds on hand June 13, 1929:

	3,480,900	2,688,100	2,270,500	1,626,920	10,066,420

An opportunity was given, after due announcement, to members to appear before the board for the purpose of presenting suggestions, complaints, or requests. No members appeared before the board.

The board made an informal inspection of the grounds, barracks, hospital, and other buildings of the Bath Branch, and the criticisms or recommendations of the several members of the board were taken up with the governor personally.

The board then proceeded to the Eastern Branch, to reconvene June 17, 1929.

EASTERN BRANCH, June 17, 1929.

The president of the board submitted the estimates for the several branches for expenditure from general post fund for the fiscal year 1930. After consideration, upon motion and by unanimous vote, it was ordered that the estimates submitted be modified by the post fund councils of administration at each branch to provide for an expenditure of at least \$500 for library books, \$200 for newspapers and periodicals, and to furnish at least two motion-picture shows each week for not less than eight months during the year, and that there be appropriated for the purpose embraced in the estimates at the several branches the following amounts:

Central Branch.....	\$17,000	Pacific Branch.....	\$18,700
Northwestern Branch.....	17,200	Marion Branch.....	14,000
Eastern Branch.....	13,500	Danville Branch.....	14,500
Southern Branch.....	14,500	Mountain Branch.....	14,000
Western Branch.....	14,500	Battle Mountain Sanitarium..	11,000

The president informed the board of his appointment by the President of the United States as a member of the Commission for Consideration of Government activities Dealing with Veterans' Matters. Also, acquainted the board with the activities of the commission to date, and presented a statement he had prepared for the commission. After thorough discussion and careful deliberation, the board unanimously indorsed the statement.

Upon motion, it was agreed to continue the post fund hotels at the various branches under the present salary arrangement.

Upon motion, the president was authorized to instruct the governor of the Eastern Branch to get Company B in condition for domiciling members during the winter of 1929-30.

Upon motion, it was voted to appropriate \$3,500 from general post fund (in addition to the \$1,500 voted in March) for completion of drainage channel through the cemetery at Pacific Branch.

Upon motion, it was ordered that only headstones as furnished by the United States Government would be erected in the sections in which soldiers are buried in home cemeteries.

The president presented to the board letters from J. S. Gray (former quartermaster at Mountain Branch) asking for reinstatement in the home service, and, after careful deliberation, it was agreed to allow the case to remain status in quo.

The matter of storing X-ray films at the various branches of the home was taken up and thoroughly discussed and it was decided that instructions be issued to have all X-ray films, except broken packages for immediate use, stored outside of hospital buildings.

In this connection the board voted to appropriate from post fund a sum not to exceed \$1,100 to construct a concrete building at the Northwestern Branch for the purpose of storing films.

Upon motion, it was voted to amend Home Regulations, as follows:

Paragraphs 89, 110, 111, 112, 113, 114, 186, and 187 are rescinded.

Paragraph 115 is amended to read:

"115. Upon the death of a member at the branch the surgeon will have the member's personal belongings promptly collected, inspected, and inventoried. Cash, bank books, certificates of deposit, stocks, notes, and securities will be turned over to the treasurer. Cash will be taken up in general fund or post fund in accordance with the law. Other effects will be turned over to the quartermaster. Articles of no value and articles that can not be safely kept for sanitary reasons will, upon the surgeon's order, be destroyed and a list showing the action taken will be attached to the original inventory.

"Should a member die in the barrack, the company commander will be responsible for securing and turning over to the surgeon when the body is taken to the hospital all the member's personal belongings that he had in the company.

"Upon receipt of notice of the death of a member while absent from the branch the adjutant will perform the duties prescribed for the surgeon in case of members present. Should no property be discovered the adjutant's certificate to that fact will be filed with the member's record."

Paragraph 116 is amended by striking out the second line—"by the council of administration."

Paragraph 178 is amended by striking out the last sentence.

Paragraph 131 is amended to read:

"131. Officers, noncommissioned officers, and employees permanently employed at a fixed salary, after having served for six months, may be allowed not to exceed 30 days' leave of absence, with pay, in each fiscal year, when their services can be spared without detriment to the home. The governor has authority to grant such leaves for noncommissioned officers and employees. The governor may grant leaves to officers for periods not exceeding seven days; for longer periods only by authority of the president of the board. Leave of absence will not be granted in connection with resignation or termination of employment, except as may be authorized by the president of the board in recognition of meritorious service. Every absence of 24 hours or longer will be counted and accurate record kept."

Upon motion, the board instructed the governor of the Eastern Branch to remit the unexpired portion of James H. O'Connell's sentence on account of technical error in trial records.

Upon motion, W. G. Reardon was appointed executive officer of Marion Branch, to date from July 1, 1929.

The treasurer of the Eastern Branch presented to the board the matter involving the bid and contract of the Hartman Coal Mining Co. of New York for furnishing 4,000 tons bituminous coal for the fiscal year 1929 and explained that the company failed to make deliveries and that it was necessary to purchase coal from other sources at an excess cost over the bid and contract. He presented a complete record and all of the documents in his office pertaining thereto.

After full consideration, the president of the board was instructed to turn the records over to the Department of Justice, with the request that proceedings be instituted against the Hartman Coal Mining Co. to recover the excess cost the home was required to pay on the later purchase, amounting to \$760.

Upon motion, it was ordered that the treasurer of the Eastern Branch, Maj. W. T. Hanley, be in all things subrogated to the rights of the home in the premises and that this action is without prejudice to the rights of any and in nowise release or is intended to release any party thereto.

Upon motion, the board directed that the post fund stores at the Eastern Branch and Western Branch be moved to rooms in the respective hotel buildings and that such minor changes to the hotel buildings as may be necessary to fit up suitable store rooms be and are authorized.

Upon motion, the superintendent of post fund at Eastern Branch was directed to advertise and lease the hotel and store concessions for a period of one year, with the privilege of yearly renewals for three additional years.

An opportunity was given, after due announcement, to members of the branch to appear before the board for the purpose of presenting suggestions, complaints, or requests. Such suggestions, complaints, or requests as were made were acted upon.

The board made the usual inspection of the grounds, barracks, hospital, and other buildings of the Eastern Branch.

There being no further business before the board, the board, upon motion, adjourned June 18, 1929, to meet at the headquarters office, National Military Home, Dayton, Ohio, at 10 a. m., September 13, 1929, proceeding thence to the Marion, Danville, and Northwestern Branches.

WILLIAM S. ALBRIGHT,
Secretary.

REPORT OF THE GENERAL TREASURER

HEADQUARTERS OFFICE, NATIONAL MILITARY HOME,
Dayton, Ohio, December 2, 1929.

SIR: I have the honor to forward herewith certain papers to accompany the annual report of the Board of Managers to Congress for the fiscal year ending June 30, 1929. They consist of Tables A to P:

- A. Statement of receipts and payments.
- B. Operations of the general fund beginning with the year 1867, up to and including the fiscal year 1929.
- C. Statement of expenditures for salaries of officers and employees of the Board of Managers, traveling expenses and incidental expenses.
- D. Comparative statistics for years ended June 30, 1928, and June 30, 1929.
- E. Statement of average cost per capita from organization to June 30, 1929.
- F. Operations, National Home for Disabled Volunteer Soldiers, fiscal year 1929.
- G. Expenditures for personal services.
- H. Consolidated statement pension fund.
- I. Consolidated statement post fund.
- J. Statement of lands and buildings.
- K. Statement of clothing manufactured at general depot.
- L. Statement of clothing transferred at general depot.
- M. Statement of members present, cost of maintenance, and Federal aid paid to States.
- N. Statement of ward fund.
- O. Statement of general post fund, active.
- P. Statement of general post fund, reserve.

The papers referred to above contain full information as to the financial transactions of the home and are supported by the books and vouchers in this office.

Respectfully yours,

C. W. WADSWORTH,
General Treasurer,
National Home for Disabled Volunteer Soldiers.

Gen. GEORGE H. WOOD,
President Board of Managers,
National Home for Disabled Volunteer Soldiers.

TABLE A.—Statement of receipts and payments, general fund, National Home for Disabled Volunteer Soldiers, from the appropriation for the fiscal year 1929

¹ A total of \$24,049.33 still due 7 State homes.

TABLE N.—Summary of operations, Ward memorial fund, in the hands of the president, Board of Managers

[This fund originated with the bequest in the will of Horatio Ward, of Virginia, who died in London, England, in 1867, of certain State bonds of face value \$100,000 and accumulated interest of \$11,155 at the time it was turned over to the Board of Managers in 1871. Some of these bonds of the States of Virginia, North Carolina, and Tennessee were compromised and refunded in 1901 and 1902 for \$30,908 less than their face value and were subsequently sold at a further loss. Expenditures from this fund and its increment have been made by the Board of Managers to erect chapels, amusement halls, and other objects to promote the comfort and welfare of the members of the several branches where no general appropriation was available. The following is a summary of the receipts and payments from 1871 to June 30, 1929]

Items	Receipts	Payments
Original bequest:		
Missouri bonds (par value).....	\$15,000.00	
North Carolina bonds (par value).....	25,000.00

REPORT OF THE INSPECTOR GENERAL

NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS,
November 30, 1929.

SIR: I have the honor to submit herewith my annual report for the year ending June 30, 1929, including the following statements and tables relative to membership of the National Home for Disabled Volunteer Soldiers, viz:

- (1) Average number present and absent, etc., and gain and loss from organization to June 30, 1929.
- (2) Consolidated post return for fiscal year ending June 30, 1929.
- (3) Average number present at branches since their establishment.
- (4) Statements of deaths and number of deaths per 1,000 of average present and absent, and whole number cared for.
- (5) Return of general headquarters office and general depot, and return of membership, National Home for Disabled Volunteer Soldiers, for the fiscal year ending June 30, 1929.

Regular inspections of the several branches of the home have been made during the year and conditions reported. The officers of the branches have, in general, performed their duties well and with due regard to the comfort of the members and the interests of the home.

Respectfully yours,

B. K. CASH,
Inspector General,
National Home for Disabled Volunteer Soldiers.

Gen. GEORGE H. WOOD,
President, Board of Managers,
National Home for Disabled Volunteer Soldiers.

Average number present and absent, etc., and gain and loss, from date of organization to June 30, 1929

REPORT OF INSPECTION OF STATE SOLDIERS AND SAILORS' HOMES FOR THE YEAR ENDING JUNE 30, 1929

HEADQUARTERS, NATIONAL HOME FOR
DISABLED VOLUNTEER SOLDIERS,
November 30, 1929.

SIR: I have the honor to submit herewith summaries of the reports of inspection of the 32 State homes for disabled volunteer soldiers and sailors which have received the Government aid as provided by law.

All of the State homes have been inspected during the year, their returns verified, and the eligibility of members ascertained by the inspector general of the National Home.

The majority of the State homes are well managed and have comfortable buildings, adequately lighted and heated. Hospital facilities are provided, and the general comfort and welfare of members reasonably looked after.

The population of the homes during the period covered by this report is shown in the following table, viz:

Comparative statement of average present, average present and absent, whole number cared for, and average cost per capita of the State soldiers' homes, year ending June 30, 1928, and June 30, 1929

Average present during year ending June 30:	
1929.....	4, 901
1928.....	4, 806
Increase.....	95

Average present and absent:	
1929-----	6, 778
1928-----	6, 501
Increase-----	277
Whole number cared for:	
1929-----	11, 391
1928-----	11, 140
Increase-----	251
Average cost per capita:	
1929-----	\$649. 50
1928-----	658. 20
Decrease-----	8. 70

In the above comparative statement, women are not included. Twenty of the homes maintain women and on June 30, 1929, there were on the rolls 3,442, of whom 2,260 were present.

Following are reports of the inspections of the several State homes.

B. K. CASH,
Inspector General,
National Home for Disabled Volunteer Soldiers.

Gen. GEORGE H. WOOD,
President, Board of Managers,
National Home for Disabled Volunteer Soldiers.

VETERANS' HOME IN NAPA COUNTY, CALIF.

Average present during year ended June 30:	
1929-----	817
1928-----	734
Increase-----	83
Average present and absent:	
1929-----	1, 370
1928-----	1, 184
Increase-----	186

Cost per capita, \$408.98.

The home was last inspected by Col. B. K. Cash, inspector general, National Home for Disabled Volunteer Soldiers, on October 30, 1928, and the muster on that date showed:

Total number of members present-----	861
Absent-----	516

Aggregate present and absent----- 1, 377

Eligibility of members.—All apparently eligible.

Women.—Women are not admitted.

Collections.—No collections are made from members for the support of the home.

Buildings and grounds.—Buildings well filled to capacity; in fair condition; sanitation good. Grounds in very good condition. Old frame buildings, poor condition. Building new fireproof barracks.

Care of members.—Uniform clothing is provided for members. Food is ample, wholesome, well prepared and served.

Medical care.—A surgeon, assistant surgeon, graduate nurses, and attendants care for the sick. Equipment and personnel meager.

Medical care.—No hospital or equipment. One practical nurse employed to care for the sick. Members have the privilege of calling any physician they desire and the State pays the bills.

Remarks.—Suggest improvement in fire protection; also recommend the employment of a surgeon to care for the sick.

REPORT OF THE CHIEF SURGEON

HEADQUARTERS, NATIONAL HOME FOR
DISABLED VOLUNTEER SOLDIERS,
November 30, 1929.

SIR: The following report is herewith submitted relative to the medical and surgical activities, National Home for Disabled Volunteer Soldiers, for the fiscal year ending June 30, 1929.

The program of hospitalization at the various branches of the national home has been continued with excellent results. The number of patients requiring general medical and surgical treatment at the various general hospitals did not diminish during the past fiscal year. Especially was this true during the winter months when all the general hospitals, with the exception of the one located at Eastern Branch, were filled to capacity. The number of tuberculosis patients has continued about the same. In certain sections there has been a slight increase over and above the number cared for during the previous year, the number of terminal cases continuing to slightly increase. The number of patients suffering from psychosis and psychoneurosis applying at the various branches has continued to increase. The conditions which were mentioned regarding the above classes of cases in the last three annual reports of the chief surgeon are still pertinent and vital. Due to the increasing number of mental cases under the above classification requesting admission to the various branches, a serious condition has been created, and it is again recommended that a definite program be started in order to increase facilities for the proper care of this type of member. The chief surgeon wishes to again bring to the attention of the president of the Board of Managers a possible remedy for the conditions outlined above, viz, remodeling one or two barracks at several of the branches with a view of preparing them as neuropsychiatric cottages where members suffering from psychoneurosis can be properly treated and cared for, such cottages to be manned by trained neuropsychiatric officers. Added facilities have just been completed at the Marion Branch for the care of definitely psychotic cases, which will increase the capacity of that branch about 200. It is recommended that the additional wing in connection with the treatment hospital at the Marion Branch be completed at as early a date as possible. The unit which has been completed at Marion Branch, providing, as it does, a considerable number of individual rooms, will very definitely help and improve conditions, as it furnishes a means of isolation and care for the more dangerous and psychotic cases who have been badly in need of isolation.

When the Bath Branch was taken over on the 1st of May, 1929, added hospital facilities were obtained for the care of general patients. The fitting of the hospital at the Bath Branch with proper equipment is being taken care of as fast as possible, and at the present time this hospital is functioning in a very satisfactory manner.

Central Branch.—The medical and surgical work has continued without abatement during the past fiscal year. The United States Veterans' Bureau has continued to send a large number of general medical and surgical cases to this branch for treatment. This, in addition to the crowded condition of the barracks, has necessitated running of the general hospital at capacity during practically the entire fiscal year. The results from the standpoint of rehabilitation have been excellent. The eye, ear, nose, and throat clinic has increased in the amount of work done during the past fiscal year so that at the present time it is necessary to add another assistant surgeon to work in this service. The results which have been obtained through the special services, such as laboratory, X ray, physiotherapy, and occupational therapy, have been very gratifying.

Northwestern Branch.—The medical and surgical service has been doing excellent work during the past fiscal year. The new adjunct of 250 beds or one-half of the tuberculosis hospital, which was taken over and organized as a part of the general hospital, has been practically filled to capacity during the entire year and has considerably increased the amount of general medical and surgical work. The organization in this adjunct has now been reasonably perfected and excellent results are being obtained.

Eastern Branch.—There has been no particular change in the hospital activities at this branch, which have been carried on for a long time along standardized lines giving proper medical and surgical treatment to the members of the branch. All of the services have now been organized and completed, including laboratory, X ray, dental, and physiotherapy services, and technicians skilled in their particular line of work are now being employed, with the result that the efficiency of these services have been materially increased, which has naturally affected the quality of the general medical and surgical work done.

Southern Branch.—The neuropsychiatric service which is maintained at this branch for the proper care and treatment of the older members at the branch, has been functioning in a satisfactory manner. This service has been crowded to capacity, and recently orders have been issued to take over another barrack with the idea of equipping it for the care of neuropsychiatric patients. This will increase the neuropsychiatric beds at this branch and will help and facilitate proper care and treatment of this type of case. The chief surgeon feels that another neuropsychiatric unit should be built at Southern Branch, and recommendations along these lines have already been made by the president of the Board of Managers. Every effort has been made to increase the efficiency of the neuropsychiatric staff at this branch. In case a new unit should be built, more married quarters for assistant surgeons will have to be provided. The general medical and surgical service at this branch has been doing excellent work and the results have been very satisfactory.

Western Branch.—The medical and surgical service at this branch has been functioning in a satisfactory manner. At the present time the general hospital is practically filled to capacity. The same plan which was recommended last winter, namely, that of using the solarium temporarily to increase the bed capacity of the general hospital during the winter months, will have to be utilized during the present winter. The small tuberculosis hospital at this branch has been doing excellent work and is at the present time practically filled to capacity.

Pacific Branch.—During the past fiscal year the general hospital and the tuberculosis hospital have been filled to capacity at all times. The need for additional general hospital facilities at this branch is very apparent, and the chief surgeon again wishes to recommend additional construction to the new general hospital of at least one wing, or two if possible, at as early a date as possible, in order to increase the capacity and make provision for the proper care and treatment of the large membership which is always present. Additional hospital space will be greatly needed in the near future, due to the construction of new barracks now under way which will increase the capacity of the branch membership about 1,200. The work which is being done in the general hospital, both medical and surgical, has been very creditable and the results which have been obtained from a treatment standpoint have been very satisfactory. The tuberculosis service has been doing excellent work, has maintained a high standard as regards diagnosis and treatment, and has an excellent record of accomplishment.

Marion Branch.—During the past fiscal year this branch has been crowded to capacity at all times. At the present time there is a large waiting list, with an additional list awaiting transfer from other branches of the national home service. The demand for beds for the care and treatment of psychotic cases continues to increase. The new unit which has recently been completed will increase the beds by about 200, but this additional construction will relieve the situation only temporarily, as there are already more than enough applicants to fill the additional beds. It is urgently recommended that the new addition to the treatment hospital be completed as soon as possible, and it is felt that another unit should be built at Marion Branch, similar to the one which has just been completed. The grouping and placing of mental cases with a view of doing useful work therapeutic in character has resulted in benefit to the patients, both mentally and physically. It is recommended that this splendid work be continued and developed to the fullest extent.

Danville Branch.—There has been no special change in the medical and surgical activities during the past fiscal year, except that the physiotherapy service is now being completed with the addition of a hydrotherapy outfit. The general hospital at this branch has been filled to capacity, and added facilities for the care of general medical and surgical cases are needed.

Mountain Branch.—The general hospital has been developed and is now being maintained for the exclusive treatment of medical and surgical cases. During the past year the surgical service has been moved and facilities increased, and the classification of services has been completed, so that this hospital is now in a position to do work on a par with that which is being done in other general hospitals in this service. The tuberculosis service has been reduced to a reasonable size and has been practically filled to capacity during the entire year. The work which is being done by the hospital service at this branch has been satisfactory.

Battle Mountain Sanitarium.—The character of the medical and surgical work has been very satisfactory. The surgical clinic has increased very materially during the past year and at the present time the sanitarium is filled to capacity. The tuberculosis service is functioning in a satisfactory manner.

Bath Branch.—During the past fiscal year the State home located at Bath, N. Y., has been taken over by the national home and is now functioning as the Bath Branch. The general hospital was practically void of proper equipment and no services as such had been developed at the time the branch was taken over. Since May 1, 1929, proper medical and surgical services have been developed and equipment and facilities have been obtained for same. An efficient medical staff with the proper attending specialists has been assigned, and the kind and character of the work which is now being done is very satisfactory. It is hoped in the near future that this hospital will be in a position for classification as Class A by the American College of Surgeons.

Consolidated medical report for the fiscal year ending June 30, 1929, is submitted herewith.

Respectfully yours,

B. F. HAYDEN,
Chief Surgeon,
National Home for Disabled Volunteer Soldiers.

Gen. GEORGE H. WOOD,
President Board of Managers,
National Home for Disabled Volunteer Soldiers.

GOVERNOR'S REPORT OF THE CENTRAL BRANCH, FISCAL
YEAR ENDING JUNE 30, 1929

Branch established 1867 by act of Congress. Located 2 miles west of Dayton, Ohio. The reservation comprises 578.87 acres, of which 287.87 are included in lawns, parks, cemetery, etc., and 6¾ miles of roadway; 175 acres are used for farming, 23 acres of woods, and 93 acres of pasture. No farming was done by the home. The farm, dairy barns, etc., were let during the year to a renter for half the produce. There are 116 buildings on the reservation, including 16 barracks, 14 brick and 2 frame; maximum capacity, 2,174 members; 9 hospital buildings, 8 brick and 1 frame; maximum capacity, 896 patients; and 90 other buildings, including storehouses, mess halls, power houses, theater, chapels, library, etc., of which 30 are brick, 5 stone, 50 frame, and 5 are iron and frame buildings. Land acquired by purchase, cost \$88,445.30; original cost of buildings \$2,507,-279.54; appraised value \$2,444,806.36, including buildings put up by and belonging to the post fund.

Utilities

Heating: Steam, with 8 boilers, using 26,493¾ tons coal, at \$3.67 per ton.....	\$97,232.06
Gas: 10,706 cubic feet used for cooking at sliding scale of \$0.50 to \$1.00 per 1,000 cubic feet.....	6,915.30
Lighting:	
Purchased 2,530 kilowatt-hours.....	\$4,132.11
Generated 2,125,103 kilowatt-hours at \$0.0105 per kilowatt-hour.....	22,384.03
	26,516.14
Water:	
Purchased 25,058 cubic feet (sliding scale).....	1,204.98
Pumped 198,427,720 gallons, at \$0.000046 per gallon.....	9,711.91
Ice: Made 1,463 tons, at \$1.40 per ton.....	2,056.70
Laundry: 2,301,449 pieces laundered, at \$0.0084 per piece.....	19,385.11
Dry cleaning: 55,563 pieces cleaned, at \$0.069 per piece.....	3,839.65

Comparative statement

	Fiscal year 1929	Fiscal year 1928
Average present:		
Hospital patients.....	751	734
Domiciliary members.....	2,250	1,957
Maintenance cost per day:		
Hospital patients.....	\$2.52	\$2.41
Domiciliary members.....	\$0.83	\$0.82
Cost per person subsisted per day, for food:		
Hospital general mess.....	\$0.4187	\$0.3946
Hospital tubercular mess.....	\$0.6827	\$0.5285
General mess.....	\$0.3109	\$0.3065
Average number subsisted:		
Hospital general mess.....	849	844
Hospital tubercular mess.....	272	260
General mess.....	2,257	1,970
Average present and absent.....	3,894	3,374
Whole number cared for.....	10,249	9,483
Per capita cost.....	\$458.49	\$458.52

Col. Frederick E. Bury, November 1, 1920, to December 31, 1921.

Treasurers:

Maj. William H. Ortt, April 1, 1907, to July 31, 1920.
Maj. John Springer, August 1, 1920, to October 31, 1925.

Surgeons:

Maj. Louis A. Thompson, July 1, 1916, to March 4, 1920.
Lieut. Col. Courtney P. Grover, March 5, 1920, to April 30, 1924.

Chief of tuberculosis service: Maj. Owen S. Deathridge, November 12, 1923, to June 15, 1927.

Quartermasters:

Capt. John E. Gimperling, July 4, 1918, to June 7, 1921.
Capt. John Cissna, June 8, 1921, to July 31, 1924.

Commissaries of subsistence:

Capt. John Cissna, July 1, 1919, to June 7, 1921.
Capt. Arthur R. Davis, June 8, 1921, to June 30, 1923.
Capt. A. V. Bormann, July 1, 1913, to August 8, 1924.

Adjutant and inspectors:

Capt. Benj. F. Atkinson, February 15, 1918, to August 31, 1922.
Capt. F. A. Cleveland, September 1, 1922, to January 1, 1923.
Capt. Paul P. Yoder, February 15, 1923, to April 15, 1924.
Capt. M. W. Sheehy, May 1, 1924, to May 31, 1925.

Senior assistant surgeons:

Capt. George W. Beach, August 4, 1920, to February 28, 1921.
Capt. Peter VerMeulen, March 20, 1921, to August 15, 1922.
Capt. Stephen A. Douglass, October 1, 1921, to April 11, 1923.
Capt. James J. Chandler, February 1, 1923, to November 30, 1923.
Capt. John E. Kelly, December 2, 1911, to August 31, 1926.

QUARTERMASTER'S DEPARTMENT—BUILDING

Construction and repair:

Built office for dental office.....	\$150.00
Installed seats in the elevators throughout camp.....	75.00
Put on small roof at the triplex quarters.....	25.00
Removed the cupola from the theater.....	50.00
Treated the roads with tar.....	2,927.23
Installed lights in the attics of main hospital, wards 12 and 13.....	50.00
Installed new roof on part of Wagner wells pump station.....	150.00
Installed new roof on quartermaster's quarters.....	550.00
Installed new roof on Company 14.....	600.00
Installed new roof on the milk room at the dairy barn.....	75.00
Built a room inside the refrigerator in the quartermaster storehouse.....	125.00
Built 15 wooden mess-hall table tops.....	75.00
Built new gates for lake pump gate.....	75.00
Installed new steam kettle in kitchen at main hospital.....	220.00
Installed 2 new washing machines at laundry.....	1,400.00
Built new concrete porch in front of laundry and concrete platform at rear of laundry.....	160.00
Inclosed rear porches of quarters Nos. 7, 8, 9, and 10.....	140.00
Installed new metal lockers in Companies 2, 4, 5, 6, 7, 8, and 9.....	5,176.85
Built new porch floors on second and third floors of Company 9 and second and third floors west end of Company 15.....	250.00
Made built-in filing cases in the Red Cross room at main hospital.....	60.00
Renewed the water line running through the basement of the library and across the street west of the library.....	250.00
Installed drinking fountains in Companies 1, 2, 3, 4, 5, 6, 7, 9, 10, 11, and 12.....	504.00
Installed a new dough and cake mixing machine in general mess.....	395.60
Built 20 table tops for the general mess.....	300.00
Installed shower bath in the twin wards at main hospital.....	130.00
Built new cement base around the flagpole.....	112.64
Built new cement steps for Companies 1 and 3 and changed the roadway between the theater and Protestant chapel.....	70.69
Built 20 table tops for general mess and rebuilt wooden table tops at annex 3.....	300.00
Screened in the rear of Chaplain Gibson's quarters.....	30.00
Inclosed the rear porch of Doctor Clark's quarters with glass.....	15.00

Construction and repair—Continued.

Rewired and hung new lighting fixtures in room formerly occupied by the Red Cross, Nickel Plate, and Company 16.....	\$02.58
Installed new exhaust fan in sterilizer room of ward 9.....	30.00
Completed the installation of new water line for fire hydrant at main hospital.....	559.16
Company 16 was prepared for occupancy.....	2,084.45
Installed new roof on runway at annex 2 between paralytic ward and the dining room.....	30.00
Converted the first room on the right as you enter ward 14 into a strong room and tore down the shed built on the ward to provide light.....	50.00
Completed the fence along Eaton Pike.....	3,256.24
Replaced a wooden floor in the basement of main hospital with cement.....	150.00
Extended the partition between the mess hall, Red Cross, and O. T. to the ceiling.....	50.00
Installed a new 10,000-gallon gasoline tank.....	500.00
Installed shower baths in all the companies.....	2,000.00
Installed exit lights for the fire escapes throughout the main hospital.....	331.26
Installed radio receptacles for bedside use in the feeble members wards in Company 8.....	75.00
Rewired and installed new lighting fixtures in the dining room of general mess.....	257.89
Installed 2 new additional laundry trays in the basement of the laundry for members to wash their clothing in.....	90.95
Made new screens for Company 10.....	131.85
Built new pole line to lake pump house.....	345.34
Built the wooden porch on the west side of Company 1.....	92.25
Installed a new brine pump in the power plant.....	580.96
Rewired the kitchen and dining room of annex 2.....	89.67
Built cement ice box in the basement of Company 7 and one in the basement of Company 8.....	50.00
Installed a shower bath in annex 2 kitchen.....	125.00
Installed new metal ceiling on the first-floor ceiling of Company 9.....	562.50
Installed new metal ceiling on the first-floor ceiling of Company 10.....	562.50
Installed a new roof on the lumber shed.....	172.15
Put new roof on the chief engineer's quarters.....	292.96
Built a concrete fence on the outside of camp, 13,080 feet, with the exception of the Fifth Street car loop.....	11,159.72
Rewired the hospital service building.....	306.16
Completed the building of new roads, with the exception of the tar, and did the surface treating and oiling of roads that was necessary.....	9,000.38
Installed 2 shower baths in the hospital service building.....	250.00
Mopped in the east wing and middle wing of annex 4 roof.....	643.88

Total.....	48,413.88.
Painting: Painted the exterior of the surgeon's quarters and refinished woodwork and floors throughout the interior of his quarters; band stand; grand stand at ball park; dining and reception room and lobby of hotel; interior woodwork of upper east side of triplex quarters; metal ceilings in Companies 1 and 9; wall washers washed the walls and ceilings of Company 1, dining room and reception room and lobby of hotel, kitchen of the hotel; whitewashed the basement of the commissary department, basement of main hospital dining room, and interior of Company 10 annex; painted the exterior of the theater; dairy barn; 2 small buildings near the dairy barn; lumber shed; roofs of Companies 1, 2, 3, and 4, laundry, and paint shop; washed walls in women's dormitory; painted roofs of Companies 5, 9, 10, and 11, porch roof of Company 12, and general mess; whitewashed interior of laundry; washed employees' quarters over head-quarters building; painted main hospital; annex 2; cooks' quarters in rear of annex 2; whitewashed interior of the dry-cleaning plant; painted exterior of employees' quarters in rear of main hospital; women's quarters at general mess; auxiliary mess hall; theater at annex 4; kitchen, bathroom, and woodwork in the captain of the guards' quarters; wall washers washed walls at main hospital; painted the interior of main hospital, Company 8; exterior of general mess; Companies 1, 2, 3, 4, 5, and 6; band stand; approximately 2,500 rolls of paper and 1,500 yards of border were hung in the various quarters; painted Companies 7, 9, 10, 11, 12, and 13; post office; camp latrine; slop house at general mess; Company 15.....	12,366.65

Grand total..... 60,780.53

FARM

The appropriation for farm includes expenditures in the upkeep of roads, cemeteries, lawns, parks, greenhouses, flower gardens, stables, dairies, feeds, purchase of all animals, and all supplies used and services required in connection with these places.

Stable.—Average number of public animals kept during the year: 3 horses, 4 mules. Appraised value, \$725. Average number of private horses kept, 1. Number and kind of public vehicles in use, 8 motor trucks, 2 dump wagons, and 3 farm wagons.

OPERATION OF DAIRY

Calves produced and added to the herd are accounted for under the heading "Herd"; calves sold, as such, are accounted for under the heading "Production." Feed raised and consumed and milk transferred to subsistence or sold are charged at market prices. No account is taken of pasturage on home grounds, this being offset by the manure. No dairy operated. Farm cultivated on the shares.

FARM AND GARDEN

One hundred and seventy-five acres were cultivated, as follows: 65 acres in alfalfa, 51 acres in mixed hay, 25 acres in corn, and 34 acres in oats.

Products and disposition

Articles	Used in commissary and sales	Consumed by stable and sheep	Total product
25 tons alfalfa hay, at \$22.50 per ton.....	1 \$488. 13	\$74. 37	\$562. 50

HEATING, LIGHTING, AND POWER PLANT, WATER AND GAS

The steam plant consists of and was installed eight 350-horsepower sterling class I-17 water-tube boilers. No. 1 installed in 1926 and No. 2 installed in 1905; settings rebuilt, 1916. Nos. 3 and 4 installed in 1906. No. 5 installed in 1928 and No. 6 installed in 1907. Nos. 7 and 8 installed in 1908 and equipped with Taylor stokers in 1920. Nos. 3, 4, 5, and 6 equipped with type E stokers, 1920-21. Nos. 7 and 8 equipped with type E stokers in 1922. International water softener installed in 1922. Two Moffatt feed-water heaters installed in 1921-22. Two duplex pot-valve boiler feed pumps installed in 1922. New steam heater over boilers installed in 1921. All boilers equipped with flue gas analyzers or C° 2 meters.

The lighting system: One 325-horsepower, 250-kilowatt, direct-current, Buckeye-Thresher installed in 1900; one 325-horsepower, 250-kilowatt, direct-current Buckeye-C.H. installed in 1908; one 500 horsepower, 375-kilowatt, direct-current Allis-Chalmers installed in 1920; one 500 horsepower, 300-kilowatt, direct-current Allis-Chalmers installed in 1922; one 200-kilowatt, alternating-current Allis-Chalmers motor generator set installed in 1923; one, 150-kilowatt, direct-current motor generator set (General Electric) installed in 1915.

The ice plant: Motor-driven, 40 tons refrigeration capacity. Vilter compressor installed in 1927. Ten-ton freezing tank with brine cooler and circulating pumps installed by Arctic Ice Machine Co. in 1920.

Total cost of maintenance and operation for the year:

Employees:	
Steam plant.....	\$18, 927. 00
Lighting plant.....	4, 926. 00
Refrigeration and ice plant.....	480. 00
	\$24, 333. 00
Fuel (26,493 1/4 tons coal, at \$3.07).....	97, 232. 06
Oils, other than fuel.....	862. 84
Repairs, including parts.....	10, 697. 00
All other supplies (lime, soda, and excelsior).....	1, 604. 52
Total.....	134, 729. 42

Fuel: 24,950³/₄ tons bituminous coal were purchased at \$3.67 per ton. Year prior 26,706 tons were purchased at \$4.08 per ton.

Electric current: Electric current produced 2,125,108 kilowatt-hours; cost per kilowatt-hour, \$0.0105; purchased 2,530 kilowatt-hours, cost per kilowatt-hour.¹ Total cost of current, \$26,516.14.

Gas was used for cooking in messes, bakery, and quarters; 10,706,000 cubic feet purchased at \$5,915.30. Year prior 9,793,000 cubic feet purchased at \$5,125.53.

Scale of price for gas this year and last: First, 10,000 cubic feet at \$0.70 per thousand; next, 5,000 cubic feet at \$0.65 per thousand; next, 5,000 cubic feet at \$0.60 per thousand; all over, 20,000 cubic feet at \$0.55 per thousand.

Water: Daily average consumption of water was 72,485 cubic feet (total 26,456,999). Purchased 2,505,800 cubic feet at a total cost of \$1,204.98. Prior year purchased 111,500 cubic feet at a total cost of \$100.61. Water is purchased on a sliding scale, ranging from \$0.90 to \$0.45 per thousand cubic feet.

Ice: Capacity of ice plant, 40 tons refrigeration and 7¹/₄ tons ice; 1,463 tons produced at a cost of \$1.40 per ton.

Scale of price of water sold on quarterly basis: First, 9,000 cubic feet at \$0.90 per thousand; next, 10,000 cubic feet at \$0.75 per thousand; next, 80,000 cubic feet at \$0.60 per thousand; next, 400,000 cubic feet at \$0.50 per thousand; next, 500,000 cubic feet at \$0.45 per thousand.

LAUNDRY AND DRY CLEANING PLANT

Laundry machinery consists of 1 sterilizer, 8 washers (1 motor), 4 extractors, 3 drying tumblers (5 motors), 2 flat-work ironers (2 motors), 6 press machines (laundry), 2 body ironers (2 motors), 2 sleeve ironers (2 motors), 1 starch cooker, 3 exhaust fans (including 3 motors). Dry cleaning plant: 2 wash machines (1 motor), 1 pump, 1 still (benzine), 2 press machines (garment), 1 drying tumbler, 2 fans, exhaust (including motors).

Cost of operation

	Employees		Amount for services	Supplies	Parts	Total
	Male	Female				
Laundry.....	18	15	\$16,000.00	\$3,385.11		\$19,385.11
Dry-cleaning plant.....	2	2	2,650.00	1,189.65		3,839.65
2,301,449 pieces laundered.....			• 0.0084		• \$6.62	19,385.11
65,663 pieces dry cleaned.....			• 0.009		• 1.31	3,839.65

* Cost per piece.

† Cost per capita.

¹ Cost of electricity: 1. Average steam per horsepower-hour equals 22 pounds.
 2. Kilowatts generated per hour equals 264.
 3. 1 kilowatt equals 1,000 watts. 1 horsepower equals 746 watts.
 Therefore 264 times 1,000 equals 264,000 watts.
 Divide 264,000 by 746 watts equals 354 horsepower-hours.
 Since the average consumption of steam per horsepower-hour is 354, multiply 354 by 22, which is 7,788 pounds of steam consumed per hour. From this deduct 5 per cent for condensation, leaks, etc., which gives 7,399 pounds of steam consumed per hour. Now, there are 8,760 hours in a year; therefore, multiply 7,399 by 7,399, which is 64,815,240 pounds of steam as the total consumption for the year.
 4. 3¹/₄ pounds of coal equals 1 horsepower. 22 pounds of steam equals 1 horsepower.
 Therefore divide 64,815,240 by 22 to get total horsepower used (developed), which is 2,946,147 horsepower. Then multiply 2,946,147 by 3¹/₄ to get total coal, which is 10,311,514 pounds of coal, or 5,156 tons of coal to produce the electricity. 5,156 times 3.67 equals \$18,932.52, which is cost of coal.
 5 and 6. Cost of help in power plant is \$23,853; charge one-third to electric power, which is \$7,951; charge one-third of oil to electric light plant, which is \$237.60; charge one-fourth of repair parts for power plant to the electric light plant, which is \$2,674.25. The total cost including coal is \$29,845.37.
 7. Low-pressure steam is used one-half of the year. Total cost is \$29,845.37; therefore one-half of \$29,845.37 is \$14,922.68. Credit electric light plant with one-half of \$14,922.68, which is \$7,461.34, or \$29,845.37 less \$7,461.34 equals \$22,384.03, which is total cost of Electric Light Plant. Total kilowatt-hours equals 2,125,108; therefore divide and we have \$0.0105, which is cost per kilowatt-hour.

NOTE.—Purchases of electricity for Wagner wells amounted to \$4,132.11. Electricity is also purchased on a scale depending on amount used.

Total.....	452,078	749,397½	28,662.27

Average pounds of bread produced from 100 pounds of flour, 137.

Average number of employees, 5; amount paid employees, \$3,916; cost of fuel, \$1,050.18; total, \$4,966.18.

LIBRARY

Reading room has a capacity of 75 persons, and is open daily between the hours of 8 a. m. and 8.30 p. m. Twenty newspapers and 56 periodicals were supplied; 656 volumes new books purchased during year. Total number of volumes, 20,184.

There are six persons employed in the library; cost of services, \$2,940; 47,468 books were circulated or read.

RELIGIOUS SERVICES

Protestant.—The chaplain is a commissioned officer, is furnished quarters, and resides at the branch. The chapel has a seating capacity of 450 persons. Four choristers were employed. Regular services were held three times per week. Average attendance, 150. The chaplain officiated at 94 funerals, and regularly visited the hospital seven times per week.

Catholic.—The chaplain is a commissioned officer, is furnished quarters, and resides at the branch. The chapel has a seating capacity of 500 persons. Four choristers were employed. Regular services were held seven times per week. Average attendance, 200. Other services three times per week. The chaplain officiated at 68 funerals, and regularly visited the hospital seven times per week.

CEMETERY

There were 162 burials in the cemetery during the year. Total number buried there, 14,196. Total capacity of the cemetery, 16,884 graves.

BAND

Average number of men in band during the year, 12; paid from general fund, \$10,142.82; clothing, \$12.05; subsistence, \$520.20; total, \$10,675.07.

F. C. RUNKLE, Governor.

GOVERNOR'S REPORT OF NORTHWESTERN BRANCH, YEAR ENDING JUNE 30, 1929

Branch established 1867 by act of Congress approved March 21, 1866. Located in city of Milwaukee. Post-office address, National Home, Wisconsin. The reservation comprises 382.25 acres; 150 acres are included in parks, lawns, cemetery, and 7 miles of roadway; no acres used for farming; 30 acres of woods and 4 acres of pasture. There are 71 buildings on the reservation, including 6 barracks, 5 brick and 1 veneered, and no frame; maximum capacity, 1,173 members; 2 hospital buildings, 2 brick and no frame, maximum capacity, 757 patients; and 64 other buildings, including storehouse, mess hall, power house, theater, chapel, library, etc., of which 16 are brick and 48 frame. Land was acquired by purchase, cost \$79,544.44. Original cost of buildings, \$2,018,667.73; appraised value, \$2,000,000.

Utilities

	Total cost
Heating: Steam, with 7 boilers, six 231-horsepower, one 400-horsepower, using 13,722.6 tons of coal, at \$5.67 per ton.....	\$76,434.88

Average cost of ration: Services \$0.059; supplies \$0.403; total \$0.462.

NOTE.—Average cost per capita based on net expenditures and including temporarily at post members in the average present. Average cost per ration obtained by adding value of farm products transferred to subsistence to the expenditure under subsistence for service and supplies (less collections), figured on the average subsisted, including members, temporarily at post members, and civilians.

HEATING, LIGHTING, AND POWER PLANT, WATER AND GAS

The steam plant consists of and was installed: 7 Babcock & Wilcox water tube boilers, 231 horsepower on 6 and 400 horsepower on 1; 2 installed in 1895, 2 in 1899, 2 in 1912, and 1 in 1922; 1 Worthington fire pump, duplex, 18 by 10 by 12, steam driven, installed in 1894; 1 Prescott boiler feed pump, 12 by 7 by 12, steam driven, installed in 1913; 1 Worthington tube cleaning pump, 5¼ by 3½ by 5, steam driven, installed in 1894; 1 Worthington test and boiler feed pump, 6 by 4 by 6, installed in 1894; 1 Worthington pet valve boiler feed pump, 7½ by 4 by 10, installed in 1919; 2 vacuum pumps, 10 by 12 by 20, installed in 1922; 1 boiler feed pump, 12 by 8 by 14, installed in 1922; 1 boiler feed water heater and 3 domestic feed water heaters, each 500 horsepower, installed in 1922. National hand stokers under all boilers, installed as follows: 2 in 1919, 2 in 1920, 2 in 1921, and 1 in 1922.

The lighting system consists of and was installed: 1 Ideal engine, 19 by 18, high speed, installed in 1907; 1 Milwaukee Electric Co. generator, 150 kilowatts, 250 volts, 600 amperes, 225 revolutions per minute, direct current, installed about 1907; 1 Crocker-Wheeler equalizer, 20.1 kilowatts, 125 volts, 125 amperes, installed about 1907; 1 Milwaukee Electric Co. equalizer 18 kilowatts, 125 volts, 144 amperes, installed about 1907; 2 Corliss engines, 20 by 42, direct current to generate 375 kilowatts each and one 7-panel switchboard, installed in 1922.

The refrigeration and ice plant consists of and was installed: 1 double-acting, horizontal, electric motor, belt-driven ammonia compressor, size 9½ by 18; one 2-pipe brine cooler; 1 ice tank, consisting of eighty-one 300-pound ice cans; 2 brine circulating pumps, directly connected to motor; 1 air blower, size 5 by 7, belt-driven; 1 core sucker; 1 double-pipe, 2-stand, ammonia condensers, installed in 1923 in hospital annex No. 1 building. One York automatic electric-driven ammonia refrigerating plant, capacity 4½ tons refrigeration per 24 hours; vertical twin cylinder compressor, 7½ horsepower motor, installed at general mess kitchen in 1929. One York automatic electric-driven ammonia refrigerating plant, capacity 2½ tons refrigeration per 24 hours; vertical twin cylinder compressor, 5 horsepower motor, installed at general hospital kitchen in 1929.

Total cost of maintenance and operation for the year

Employees:		Fuel.....	\$76,434.88
Steam plant.....	\$13,977.12	Oils, other than fuel.....	576.43
Lighting plant.....	6,094.92	Repairs, including parts.....	5,304.03
Refrigeration and ice plant.....	1,197.33	New units of machinery purchased.....	3,035.00
Total.....	21,269.37	All other supplies.....	3,004.37
		Total.....	109,624.08

Fuel: Thirteen thousand seven hundred and seventy-seven tons bituminous coal were purchased at \$5.57 per ton; year prior, 13,631 tons were purchased at \$5.99 per ton; 185 tons anthracite coal purchased at \$13 per ton.

Electric current: Electric current produced, 1,282,300 kilowatt-hours; cost per kilowatt-hour, \$0.0101; total cost of current, \$12,936.53.

Gas: Gas was used for cooking; 6,728,900 cubic feet purchased at \$0.579 per 1,000 cubic feet (average); year prior, 6,846,100 cubic feet purchased at \$0.579 per 1,000 cubic feet (average).

Water: Daily average consumption of water was 275,121 gallons; purchased 100,420,150 gallons at \$0.0936 per 1,000 gallons; prior year purchased 100,595,191 gallons at \$0.0936 per 1,000 gallons.

Ice: Capacity of ice plant, 25 tons refrigeration and 20 tons ice; 855 tons produced at a cost of \$0.97 per ton.

LAUNDRY AND DRY-CLEANING PLANT

Laundry machinery and equipment consist of 2 Troy mangles; 3 Troy extractors; 6 Troy washing machines; 2 American driers; 2 sleeve ironers; 6 pressing machines; motors and accessories installed in 1908, 1924, 1926, and 1927.

Dry-cleaning equipment consists of: One Bowser gasoline purifying system, installed in 1928; 1 Hoffman pressing machine; 1 each National Aniline Chemical Co. extractor, washing machine, dust wheel, motors and accessories, all of which were installed in 1908, 1924, 1926, and 1927.

Cost of operation

	Employees		Amount for services	Supplies	Parts	Total
	Male	Female				
Laundry.....	5	13	\$8,711.32	\$1,738.19	\$148.24	\$10,597.75

Corn bread.....	6,154	7,081	.0784
Total.....	235,098	354,544	.0352

Average pounds of bread produced from 100 pounds of flour, 144.48; average number of employees, 5; amount paid employees, \$3,439.33; cost of fuel, \$427.98; total, \$3,867.31.

LIBRARY

Reading room has a capacity of 73 persons, and is open daily between the hours of 8 and 11.30 a. m., 1 and 4.30 p. m., 5.45 and 8.30 p. m.; 4,080 copies of newspapers and 9,539 copies of periodicals were supplied; 533 volumes new books purchased during year. Total number of volumes, 19,403.

There are 3 persons employed in the library; cost of services, \$1,620; 19,119 books were circulated or read.

RELIGIOUS SERVICES

Protestant.—The chaplain is a commissioned officer, is furnished quarter and resides at the branch. The chapel has a seating capacity of 400 persons; 4 choristers were employed. Regular services were held once each week; average attendance, 50; other services, 1 per week. The chaplain officiated at 79 funerals, and regularly visited the hospital 7 times per week. All services broadcast over home radio system.

Catholic.—The chaplain is a commissioned officer, is furnished quarters, and resides at the branch. The chapel has a seating capacity of 400 persons; 4 choristers were employed. Regular services were held 8 times per week; average attendance 325; other services twice a week during Lent. The chaplain officiated at 53 funerals, and regularly visited the hospital 7 times per week, and when called.

CEMETERY

There were 132 burials in the cemetery during the year; total number buried there, 6,355; total capacity of the cemetery, 16,589 graves.

106 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS

BAND

Average number of men in band during the year, 10; paid from general fund, \$8,993.20; clothing, \$185; subsistence, \$1,087.66; total, \$10,275.86.

CHARLES M. PEARSALL,
Governor.

Cost of electric current produced, fiscal year 1929.

1. Average steam consumption per horsepower-hour from indicator card, 22.55 pounds, or average steam consumption per kilowatt per hour, 38.5 pounds.

2. Average kilowatt generated per hour: Total kilowatts produced during the entire year, 1,282,300; number of hours in year (365 days), 8,760; average kilowatt generated per hour, 146.38.

3. Total steam for light plant: Average kilowatts generated per hour, 146.38, multiplied by pounds of steam per kilowatt per hour, 38.5, equals pounds of steam consumed by electric plant per hour, 5,635.63. Steam consumed per hour, 5,635.63 pounds, multiplied by number of hours in the year, 8,760, equals pounds of steam charged to plant for the year, 49,368,118.8.

4. (a) Cost of coal required to produce total steam charged to electric plant: Estimated cost of coal to produce the steam is derived from evaporation tests run on boilers, which shows that 1,000 pounds of steam (based on the cost of \$5.57 per ton of coal) can be produced for \$0.2557; 49,368,118.8 pounds of steam at \$0.2557 per thousand, \$12,623.43.

(b) Cost of water consumed in total steam for electric plant (based on 1 pound of water equaling 1 pound of steam): 49,368,118.8 pounds steam equals 49,368,118.8 pounds of water; 1 cubic foot of water weighs 62.37 pounds; 100 cubic feet of water costs \$0.07; 49,368,118.8 divided by 62.37 equals 791,536 cubic feet; 791,536 times \$0.07 equals cost of water, \$540.08.

5. Cost of production:

Labor:

One-tenth of 1 chief engineer, rate \$3,400.....	\$255.33	
One-third of 1 engineer, rate \$2,100.....	520.00	
One-third of 3 engineers, rate \$1,980.....	1,484.17	
One-third of 2 firemen, rate \$1,620.....	760.70	
One-third of 2 firemen, rate \$1,560.....	1,471.45	
One third of 3 firemen, rate \$1,380.....		
One third of 4 janitors, rate \$420.....	446.05	
One-third of 7 coal passers, rate \$600.....	1,157.22	
		\$6,094.92
Cost of lubricating oils.....		171.72
Cost of repairs, including parts.....		18.80
Cost of other supplies.....		69.62
One-half cost of coal ¹		6,311.43
One-half cost of water ¹		270.04

Total cost of current produced..... 12,936.53

Cost per kilowatt-hour, \$0.0101.

¹ One-half cost of coal and water are credited the electric plant, as the steam from the engines is all used for low-pressure heating purposes.

GOVERNOR'S REPORT OF THE EASTERN BRANCH, YEAR ENDING JUNE 30, 1929

Branch established 1866, by authority act of Congress, approved March 21, 1866. Located in Kennebec County, about 5 miles from Augusta, Me. Post-office address: National Soldiers' Home, Me. The reservation comprises 1,884 acres; 62 acres are included in lawns, parks, cemetery, and about 10 miles of roadway; 500 acres used for farming; 560 acres of woods; and 762 acres of pasture. A dairy is operated with 42 milch cows—26 other cattle in herd. There are 51 buildings on the reservation, including 7 barracks, 6 brick and 1 frame, maximum capacity 948 members; 2 hospital buildings, both frame, maximum capacity 326 patients; and 42 other buildings, including storehouses, mess hall, power house, theater, chapels, library, etc., of which 4 are brick and 38 frame. Land acquired by purchase, cost \$23,900; original cost of buildings, \$812,800.09; appraised value, \$525,600.

Utilities

Heating: With 7 boilers, 555 horsepower, using 4,664 tons coal at \$9.06	\$42,255.84
Gas: None used for any purpose.....	
Lighting: Electric, purchased 243,100 kilowatt-hours at \$0.0419+per kilowatt-hour.....	10,208.50
Water: Purchased 70,310,867 gallons at \$0.1102+per 1,000 gallons.....	7,748.42
Ice: Cut 1,600 tons at \$0.242+per ton.....	387.25
Laundry: Laundered 729,403 pieces at \$0.00853+per piece.....	6,224.25
Dry-cleaning plant: Cleaned 30,862 pieces at \$0.06216+per piece.....	1,918.39

Comparative statement

	Fiscal year 1929	Fiscal year 1928
Average present:

AMUSEMENTS

Members are admitted to all entertainments, and have the privileges of the clubhouses, games, and library, free of charge.

There were given 408 band concerts, 139 motion-picture shows, 44 baseball games, and 5 theatrical performances.

Under this head there was expended for:

139 motion-picture shows.....	\$3,119.39
44 baseball games.....	1,628.33
5 theatrical entertainments.....	65.00
Books, etc., and club-room equipment.....	1,885.85
For services, members of band and other employees authorized.....	6,172.47
Total.....	12,871.04

Christmas show, paid under miscellaneous, \$225.

The expenditure from post fund for amusements and welfare of members amounted to \$12,871.04, a per capita of \$15.77, figured on the average present.

MEDICAL DEPARTMENT

The hospital is divided into 27 wards and has a capacity for 326 patients. Quarters for convalescents provide for 114 patients.

There are 5 assistant surgeons, 7 female trained nurses, and 2 male nurses. On June 30 there were 170 patients in hospital, 138 sick in quarters, and 45 members at sick call. There were 156 vacant beds in hospital on that date.

Average present sick, number treated, number of deaths, etc., for the year ending June 30, 1929, and for the prior fiscal year were as follows:

FARM

The appropriation for farm includes expenditures in the upkeep of roads, cemeteries, lawns, parks, greenhouses, flower gardens, stables, dairies, feeds, purchases of all animals, and all supplies used and services required in connection with these places.

Stable: Average number of public animals kept during the year, 8 horses. Appraised value \$1,600. Number and kind of public vehicles in use: 12 dump carts, 1 manure spreader, 5 sleds, 7 wagons, 1 sprinkler, 1 carriage, 2 ambulances, 1 motor ambulance, 1 G. M. C. truck.

OPERATIONS OF DAIRY

Calves produced and added to the herd are accounted for under the heading "Herd"; calves sold, as such, are accounted for under the heading "Production." Feed raised and consumed and milk transferred to subsistence, or sold are charged at market prices. No account is taken of pasturage on home grounds, this being offset by the manure.

Herd:		Cost of maintenance—Continued.	
On hand June 30, 1928, 37 cows and 29 other cattle (value)	\$11,840.00	Services, employees	\$5,230.24
On hand June 30, 1929, 42 cows and 26 other cattle (value)	12,235.00	Total cost	13,236.96
Increase	395.00	Production:	
Expended for stock added to herd	\$150.00	47,221 gallons at 32 cents per gallon used in commissary and sold	15,110.72
Received for stock sold out of herd	628.09	35 calves sold	562.30
Expenditures less than receipts	478.09	Total receipts	15,673.02
Net increase in investment	873.09	Profit	2,436.06
Cost of maintenance:		Summary:	
Feeds purchased	4,139.76	Increase in investment	873.09
Feeds raised on farm and consumed	3,268.00	Profit in operation	2,436.06
Veterinary and other expenses	598.96	Net gain	3,309.15

In addition to the 47,221 gallons of milk shown above, 2,729 gallons were used to feed 43 calves. The average daily yield per cow, figured on the average number of cows, was 3.25 gallons. The average daily yield per cow, figured on the average number of cattle kept, was 2.06 gallons. Five thousand two hundred and sixty-five and one-half gallons of milk were purchased during the year at 31.48 cents per gallon. The cost of production of milk in commissary and sold was 28.03 cents per gallon.

FARM AND GARDEN

Five hundred acres were cultivated as follows: 20 acres ensilage corn; 5 acres green feed, oats, and millet; 2 acres vegetable garden; balance hay.

Products and disposition

Articles	Used in commissary and sales	Consumed by farm	Total product
Milk and calves	\$15,673.02	\$873.28	\$16,546.30
Hay, 307 tons		3,684.00	3,684.00

						18,722.04

Total expenses of operating, productive enterprises under this head, \$18,722.04; value of products, \$21,817.68; net profit \$3,095.64.

HEATING AND POWER PLANT, LIGHTING, WATER, AND GAS

The steam plant consists of main plant: Six boilers (two 90 horsepower, four 75 horsepower) installed as follows: No. 1, August, 1901; No. 2, August, 1901; No. 3, September, 1912; No. 4, August, 1902; No. 5, September, 1909; and No. 6, September, 1909. Six boilers in buildings outside main plant.

No lighting plant; supplied by contract with Central Maine Power Co., Augusta, Me.

Refrigerators cooled by natural ice.

Total cost of maintenance and operation for the year:

Employees:		Fuel.....	\$42,255.84
Steam plant.....	\$10,510.48	Oils, other than fuel.....	56.75
Lighting plant.....	480.00	Repairs, including parts.....	560.30
Refrigeration and ice plant.....	352.00	Boiler inspection.....	89.96
Total.....	11,342.48	Total.....	54,305.33

Fuel: 4,083 tons bituminous coal were purchased at \$9.06 per ton; year prior, 4,415 tons were purchased at \$9.79 per ton; 1,050 tons anthracite coal purchased at \$15.81 per ton.

Electric current: Purchased 243,100 kilowatt-hours; cost per kilowatt-hour, \$0.035. Total cost of current, \$8,508.50; maintenance, \$1,700; total, \$10,208.50.

Water: Purchased 70,310,867 gallons at \$0.10 per 1,000 gallons, \$7,031.09; hydrant charge, \$717.33; total, \$7,748.42.

Ice: 1,600 tons produced at a cost of \$0.242 per ton.

LAUNDRY AND DRY-CLEANING PLANT

Laundry machinery and equipment consists of 5 washing machines (3 Troy and 2 Empire), 3 extractors (1 Watkin, 1 Empire, and 1 Wilson), 1 mangle (Wilson), 2 garment pressing machines (Daly), 1 dry tumbler (American), extractor (American), 2 washers (1 Troy and 1 American), 1 benzine still, Bowser single pump system consisting of 1 pump and 5 naphtha tanks.

Cost of operation

	Employees		Amount for services	Supplies	Parts	Total

124 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS

LIST OF ALL OFFICERS GAINED AND LOST DURING FISCAL YEAR ENDING JUNE, 1929

Gains:

By appointment—

Dr. Edward T. Higdon, assistant surgeon, July 10, 1928.
Dr. Charles H. Mulroney, assistant surgeon, September 10, 1928.
Dr. Clifford C. Drake, assistant surgeon, November 20, 1928.
Dr. William A. Watson, assistant surgeon, December 1, 1928.
Dr. Harrison C. Riegel, assistant surgeon, May 16, 1929.
Dr. William W. Maxwell, assistant surgeon, June 1, 1929.

By transfer—

Dr. George W. Lee, assistant surgeon, May 16, 1929.

Losses:

By resignation—

Dr. Henry O. Colomb, assistant surgeon, July 1, 1928.
Dr. James R. Frow, assistant surgeon, August 13, 1928.
Dr. William A. Watson, assistant surgeon, February 28, 1929.
Dr. William A. Thompson, assistant surgeon, May 6, 1929.

By death—

Dr. Charles H. Mulroney, assistant surgeon, October 7, 1928.

FORMER OFFICERS OF THE SOUTHERN BRANCH

(From July 1, 1928, to June 30, 1929)

Assistant surgeons:

Lieut. James R. Frow, October 16, 1926, to August 13, 1928.
Lieut. H. O. Colomb, July 1, 1927, to July 1, 1928.
Lieut. W. A. Thompson, September 16, 1927, to May 6, 1929.

Office buildings, quartermaster warehouses, utility buildings: Repairs to roofs, glazing, plumbing, heating, woodwork, and electric wiring.....	5,097	1,797
Library: Repairs to plaster walls and woodwork.....	75	50
Guardhouse: New roof on porches, repairs to woodwork, plumbing, and heating.....	425	100
Theater: New roof, and repairs to walls.....	3,080	500
Home store building: Repairs to plumbing and heating.....	150	

FARM

The appropriation for farm includes expenditures in the upkeep of roads, cemeteries, lawns, parks, greenhouses, flower gardens, stables, dairies, feeds, purchase of all animals, and all supplies used and services required in connection with these places.

Stable: Average number of public animals kept during the year: 4 horses, 1 mule; appraised value, \$890. Number and kind of public vehicles in use: 1 motor ambulance, 2 White 1½-ton trucks, 1 Dodge truck, 1 two-horse caisson, 1 two-horse Army type ambulance, 1 one-horse ice wagon, and 3 dump carts.

OPERATION OF DAIRY

No dairy operated.

FARM AND GARDEN

No garden cultivated.

HEATING, LIGHTING AND POWER PLANT, WATER, AND GAS

The steam plant consists of eight 250-horsepower Babcock & Wilcox water-tube boilers, 6 installed 1910, 2 installed 1912; 1 Sturtevant economizer; 1 Webster open heater; 11 steam pumps; 1 Westinghouse air compressor; 8 Murphy automatic furnaces; 2 stoker engines, installed 1910.

The lighting system consists of one simple Cooper Corliss engine, 340 horsepower; one cross-compound Cooper Corliss engine, 340 horsepower; two 225-kilowatt Western Electric alternating-current generators, installed 1910.

The refrigeration and ice plant consists of one 20-ton York vertical ammonia compressor, single action, motor driven, installed 1910; ice capacity, 5 tons daily; calcium chloride circulations through cold-storage rooms in commissary storehouse and quartermaster storage for woolens; also one 2-ton Vilter vertical ammonia compressor, single cylinder, motor driven, direct expansion system through cold-storage box in hospital kitchen and morgue; two Continental automatic refrigerating units, 2-ton capacity each, installed in general and combination messes in 1922.

Total cost of maintenance and operation for the year:

Employees:		Fuel.....	\$61,390.42
Steam plant.....	\$15,936.00	Oils, other than fuel.....	484.07
Lighting plant.....	1,728.00	Repairs, including parts.....	5,054.36
Refrigeration and ice plant.....	2,306.00	All other supplies.....	109.45
Total.....	19,970.00	Total.....	87,008.30

Fuel: 1,563.41 tons bituminous coal were purchased at \$4.02 per ton. Year prior, 14,983.30 tons were purchased at \$4.49 per ton; 75.98 tons anthracite coal purchased at \$12.30 per ton.

Electric current: Electric current produced, 1,047,115 kilowatt-hours; cost per kilowatt-hour, \$0.023; total cost of current, \$24,083.64.

Gas: Gas was used for cooking purposes in the different messes of the home; none used for illumination; 4,456,100 cubic feet purchased at \$4,809.33. Year prior, 4,375,300 cubic feet, purchased at \$4,727.14.

Water: Daily average consumption of water was 28,486 cubic feet. Purchased 10,397,300 cubic feet, at \$0.145 per hundred cubic feet. Prior year purchased 9,397,500 cubic feet, at \$0.145 per hundred cubic feet.

Ice: Capacity of ice plant, 20 tons refrigeration and 6 tons ice; 887½ tons produced at a cost of \$2 per ton; 12 tons purchased at a cost of \$7 per ton.

LAUNDRY AND DRY-CLEANING PLANT

Laundry machinery and equipment consist of 5 washers, 2 wringers, 6 extractors, 1 dry tumbler, 1 mangle, 1 dry room, and 6 pressing machines. Dry-cleaning equipment: 1 washer, 1 wringer, 1 dry tumbler, and 2 clothes-pressing machines.

Cost of operation

¹ Per pound

² Each.

Average pounds of bread produced from 100 pounds of flour, 144.

Average number of employees, 4; amount paid employees, \$3,296; cost of fuel, \$573.30; total, \$4,169.30.

LIBRARY

Reading room has a capacity of 36 persons and is open daily between the hours of 8 a. m. and 7 p. m. Twenty-three newspapers and 22 periodicals were supplied in addition to 4,711 received from post offices; 776 volumes new books purchased during year. Total number of volumes, 10,008.

There are four persons employed in the library. Cost of services, \$2,040.

Forty-three thousand eight hundred and thirty-nine books were circulated or read.

RELIGIOUS SERVICES

Protestant.—The chaplain is a commissioned officer, is furnished quarters, and resides at the branch. The chapel has a seating capacity of 500 persons. Four choristers were employed. Regular services were held twice per week. Average attendance, 250. Other services once per week. The chaplain officiated at 107 funerals, and regularly visited the hospital 12 times per week.

Catholic.—The chaplain is not a commissioned officer and is not furnished quarters. The chapel has a seating capacity of 500 persons. Four choristers were employed. Regular services were held once per week. Average attendance, 250. Other services twice per week. The chaplain officiated at 21 funerals, and regularly visited the hospital 12 times per week.

CEMETERY

There were 128 burials in the cemetery during the year. This is not a home cemetery but a national cemetery.

BAND

Average number of men in band during the year, 8. Paid from general fund, \$8,994.48; clothing, \$276; subsistence, \$864.68; total, \$10,135.16.

L. A. THOMPSON, *Governor.*

GOVERNOR'S REPORT OF THE WESTERN BRANCH, JUNE 30, 1929

Branch established 1884 by act of Congress approved July, 1884. Located in Leavenworth County, Kans. Post-office address: National Military Home, Kansas. The reservation comprises 644½ acres; 131½ acres are included in lawns, park, cemetery, and 6½ miles of roadway; 120 acres used for farming, orchard, vineyard, and field flowers; 193 acres of woods and 200 acres of pasture. A dairy is operated with 48 milch cows and 33 other cattle in herd. There are 66 buildings on the grounds, including 13 barracks, all brick, maximum capacity, 1,531; 1 hospital building of brick, maximum capacity, 338; 1 tuberculosis annex, capacity, 83; and 51 other buildings, including storehouses, mess halls, power house, theater, chapels, library, store, etc., of which 30 are brick, 2 stone, 18 frame, and 11 combination. Land acquired: Donated 640 acres; purchased 4½ acres; cost, \$5,650. Original cost of buildings, \$941,155.61. Appraised value, \$1,050,000.

Utilities

	Total cost
Heating: Steam with five 300-horsepower Sterling water-tube boilers, two 300-horsepower Heine boilers, one 508-horsepower Badenhausen boiler, using 2,204,170 gallons fuel oil, at \$0.031898..	\$70,839.04
Gas: 7,997,300 cubic feet, at 70 cents to \$1 per thousand, according to quantity used.....	5,625.38
Lighting: Electric current, purchased 517,560 kilowatt-hours, at \$0.1465.....	7,582.20
Water: 120,559,872 gallons purchased, at \$0.1152 per thousand.....	13,888.60
Ice: 880½ tons produced at \$2.50 per ton, and 11 tons purchased for \$6.50.....	2,207.60
Laundry: 906,996 pieces laundered, at \$0.01027 per piece.....	9,314.85
Dry cleaning: 37,522 pieces, at \$0.06037 per piece.....	2,265.20

AMUSEMENTS

Members are admitted to all entertainments, and have the privileges of the clubhouses, games, and library free of charge.

There were given 319 band concerts, 76 motion-picture shows, 23 baseball games, and a few amateur performances were given by patriotic organizations without cost.

Under this head there was expended for—

76 motion-picture shows.....	\$1,397.00
23 baseball games.....	1,725.00
Books, etc., and clubroom equipment, radio equipment, etc.....	3,615.49
For services, members of the band and other employees authorized.....	5,142.23
Total.....	11,879.72

The expenditures from post fund for amusements and welfare of members amounted to \$11,879.72, a per capita of \$6.35 plus, figured on the average present.

MEDICAL DEPARTMENT

The hospital is divided into 17 wards, and has a capacity for 395 patients. Quarters for convalescents provided for 355, and tubercular cottage annex for 83 patients. Combination barracks have a capacity of 355.

There are 8 assistant surgeons, 1 chief, and 26 female trained nurses. On June 30 there were 329 patients in hospital, 273 sick in quarters, and 704 members at sick call. There were 89 vacant beds in hospital on that date.

Average present sick, number treated, number of deaths, etc., for the year ending June 30, 1929, and for the prior fiscal year, were as follows:

FARM

Stable.—Average number of public animals kept during the year, 7 horses, 4 mules for 3 months; appraised value, \$1,050; purchased during the year, 4 mules; average number of private horses kept, 1, for 3 months only; number and kind of public vehicles in use, 11 wagons, assorted; 2 dump carts, 1 sprinkling and road oil wagon; 2 motor ambulances, 1 Ford 1-ton truck, 1 G. M. C. light aviation truck, 1 Ford 1-ton fire truck equipped with chemical tank and hose, 1 Fordson tractor.

Feeds purchased, \$445.25; feeds raised, \$614.45; veterinary services, \$69.75.

OPERATION OF DAIRY

Calves produced and added to the herd are accounted for under the heading "Herd"; calves sold, as such, are accounted for under the heading "Production." Feed raised and consumed, and milk transferred to subsistence or sold, are charged at market prices. No account is taken of pasturage on home grounds, this being offset by the manure.

Herd:		Cost of maintenance—Contd.

Summary:	
Increase in investment.....	\$1,316.87
Profit in operation.....	363.35
Net.....	1,680.22

In addition to the 44,004¾ gallons milk shown above, 4,516 gallons were used to feed 15 calves. The average daily yield per cow, figured on the average number of cows, was 3.83 gallons. The average daily yield per cow, figured on the average number of cattle kept, was 1.64 gallons. Gallons of milk purchased during the year, 111,415 at 20 and 23 cents per gallon. The cost of production of milk in commissary and sold was 0.1784 cent per gallon. Average number of cows milked, 34.7. Average number of cows kept, 81.

FARM AND GARDEN

One hundred and twenty acres were cultivated, as follows: 40 acres in corn; 60 acres in forage crops; 15 acres in orchards and vineyards; 5 acres used in field flowers and plants; 7 acres being prepared for forage crops.

One-hundred and thirteen dollars in raised products not consumed this fiscal year, and still on hand. Total expense of operating productive enterprises under this head, \$14,867.10; value of products, \$15,799.37; total profit, \$932.27.

142 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS

HEATING, LIGHTING AND POWER PLANT, WATER AND GAS

The steam plant consists of five 300-horsepower Sterling water-tube boilers, one installed in 1902, two in 1897, two in 1892; two 300-horsepower Heine tube boilers installed in 1922; one 508-horsepower Badenhausen tube boiler installed in 1928; two fuel-oil pumps installed in 1907; one fire pump installed in 1919; two vacuum pumps, one installed in 1912, one in 1927; one motor-driven water circulating pump installed in 1912; two boiler feed pumps, one installed in 1920, one in 1912; one open-water heater installed in 1919; one closed water heater installed in 1912, and one in 1922; one oil meter replaced in 1926; two water meters and eight cylinder regulators.

The lighting system consists of two engines direct connected to 60-kilowatt one-hundred and ten 22-volt (McEwen) installed in 1910, (Skinner) installed in 1911; 3-wire direct-current dynamo installed in 1895; one engine bolted to two dynamos 55 kilowatts each, and necessary switchboard equipped with usual instruments installed in 1895. Electric current purchased from local firm, who furnished convertor and transformers which are installed in local plant. Home plant operates only when contractor is unable to furnish electrical energy.

The refrigeration and ice plant consists of one direct-connected engine and double-cylinder ammonia compressor installed in 1914; one brine tank installed in 1925 and one in 1929; two condensers and filters rebuilt in 1927; one brine pump installed in 1926; one ice hoist replaced in 1929.

Total cost of maintenance and operation for the year:

Employees:			Repairs, including parts.....	4,860.13
Steam plant.....	\$13,898.61		New units of machinery purchased	
Refrigeration and ice plant.....	1,462.83		(boiler, ice tank).....	18,345.62
			All other supplies.....	312.56
		15,361.44		
Fuel.....	70,839.04		Total.....	109,960.19
Oils, other than fuel.....	241.40			

Fuel: 2,144,884 gallons fuel oil, at \$0.031898 per gallon. Year prior, 2,000,789 gallons fuel oil, at \$0.03859 per gallon.

Electric current: Electric current purchased, 517,560 kilowatt-hours; cost per kilowatt-hour, \$0.01465; total cost of current, \$7,582.20.

Gas: Gas was used for cooking, general mess, hospital wards, and kitchens, nurses' cottage, officers' and employees' quarters, dairy, barber shop, store, laundry, bakery, and boiler house; 7,997,300 cubic feet were purchased at \$5,625.38. Year prior, 7,837,260 cubic feet were purchased at \$5,516.04.

Water: Daily average consumption of water was 330,301 gallons; purchased 120,559,872 gallons, at \$0.1152 per thousand gallons; prior year purchased 111,404,610 gallons, at \$0.1183 per thousand gallons.

Ice: Capacity of ice plant, 9 tons refrigeration and 6 tons ice; 880 $\frac{1}{2}$ tons produced at a cost of \$2.50 per ton; 11 tons purchased at a cost of \$6.50 per ton.

LAUNDRY AND DRY-CLEANING PLANT

Laundry machinery and equipment consist of five washing machines (four American, one Troy), three extractors (two Troy, one American), one 5-cylinder mangle (Troy Duplex), two body ironers (American), two pressers (Prosperity) two motors, one starch cooker, one soap chip tank, two dry tumblers, three washing machines (Troy) one extractor (Troy), one large pressing machine (Hoffman), two exhaust fans, one motor, one dry tumbler (Troy), one Singer sewing machine.

Cost of operation

	Employees		Amount for services	Supplies	Parts	Total
	Male	Female				
Laundry.....	6	6	\$7,359.36	\$1,588.98	\$365.47	\$9,313.81
Dry cleaning plant.....	3	0	1,810.00	433.85	21.45	2,265.30
Total.....	9	6	9,169.36	2,022.83	386.92	14,579.11

Pieces laundered, 906,996; cost per piece, \$0.01027; cost per capita, \$4.983. Pieces dry cleaned, 37,522; cost per piece, \$0.06037; cost per capita, \$1.212.

Average number for which service was rendered, 1,862.

BAKERY

OPERATION AND AVERAGE COST PER POUND OF BREAD, ETC., PRODUCED

	Pounds of flour and meal used	Pounds of bread etc., produced	Cost per pound
Bread.....	217,920	310,312	\$0.02091
Cake.....	14,560	48,048	.00043
Pies.....	7,040	27,086	.1199
Ice cream.....gallons.....		1,212	.8252
Total.....	239,520	385,446	

Average pounds of bread produced from 100 pounds of flour, 142.39.

Average number of employees, 3; amount paid employees, \$3,240; cost of fuel, \$1,396.96; total, \$4,636.96.

LIBRARY

Reading room has a capacity of 75 persons, and is open daily between the hours of 8 a. m., and 4.30 p. m., and evenings; 26 newspapers and 1,748 periodicals were supplied; 388 volumes of new books were purchased during year; total number of volumes, 10,874. There are 3 persons employed in the library; cost of services, \$1,565.80; 22,243 books were circulated or read.

RELIGIOUS SERVICES

Protestant.—The chaplain is a commissioned officer, is furnished quarters, and resides at the branch. The chapel has a seating capacity of 250 persons; 4 choristers and 1 organist were employed. Regular services were held twice per week; average attendance, 200; other services, 3 per week. The chaplain officiated at 113 funerals, and regularly visited the hospital daily.

Catholic.—The chaplain is a commissioned officer, is furnished quarters, and resides at the branch. The chapel has a seating capacity of 200 persons; 4 choristers and 1 organist were employed. Regular services were held 15 times per week; average attendance, 80; other services, Good Friday and holy days. The chaplain officiated at 26 funerals, and regularly visited the hospital daily, except Sunday. A change in the Catholic chapel from children singers to an adult quartette of trained singers has improved the services materially.

CEMETERY

There were 158 burials in the cemetery during the year; total number buried there, 7,748; total capacity of the cemetery, practically unlimited.

BAND

Average number of men in band during the year, 10½; paid from general fund, \$10,441.65; clothing \$220; subsistence, \$752.94; total, \$11,414.59.

GENERAL

Much improvement has been made in the appearance of the lawns, cemetery, and grounds generally. Additional shrubbery has been planted, and an increase in cultivation of flowers throughout the grounds has added materially to the general appearance of the grounds.

Some additional conveniences have been provided for the members, such as shower baths and drinking fountains. An intensive program of repair work has been carried on. This has improved the condition of buildings, also heating facilities and service lines generally, including electric lines and pipe lines. A life net has been added to the fire equipment, and a fire-proof storage room for X-ray films provided.

C. I. MARTIN, *Governor.*

FORMER OFFICERS

Governors:

- Col. A. J. Smith, April 1, 1885, to June 30, 1897.
- Col. A. C. Rowland, July 1, 1897, to August 5, 1903.
- Col. S. G. Cooke, January 5, 1904, to February 28, 1925.
- Brig. Gen. Chas. H. Barth, May 4, 1925, to December 5, 1926.

Treasurers:

- Maj. W. S. Shockley, October 10, 1885, to August 31, 1901.
- Maj. William W. Martin, September 9, 1901, to July 31, 1918.

Surgeons:

- Maj. J. L. Weaver, January 19, 1886, to July 31, 1893.
- Maj. Daniel C. Jones, October 21, 1893, to October 14, 1899.
- Maj. A. G. Hull, October 15, 1899, to June 30, 1904.
- Maj. John L. Fryer, July 1, 1904, to October 31, 1913; June 1, 1917, to October 3, 1917, and April 1, 1919, to July 1, 1920.
- Maj. John A. Barker, November 1, 1913, to May 31, 1917.
- Maj. Arthur W. Bartel, October 20, 1917, to March 31, 1918, and July 1, 1920, to August 1, 1922.
- Maj. Robert Conard, August 1, 1922, to September 15, 1925.

Quartermasters:

Col. U. B. Pearsall, January 1, 1900, to February 28, 1907.
 Lieut. Col. Robert H. Hunt, June 20, 1907, to June 24, 1908.
 Capt. Charles W. Pearsall, July 28, 1908, to February 26, 1915.
 Capt. George D. Vogel song, March 1, 1915, to January 6, 1918.
 Capt. M. E. Drew, January 7, 1918, to July 31, 1918.
 Capt. Frank C. Kibbey, August 1, 1918, to January 1, 1922.
 Capt. J. S. Gamble, January 1, 1922, to February 28, 1926.

Quartermaster and commissary of subsistence: Capt. D. C. Goodrich, November 17, 1888, to December 31, 1900.

Commissary of subsistence:

Capt. D. C. Goodrich, January 1, 1900, to September 30, 1912.
 Capt. Hiram Crampton, October 1, 1912, to November 13, 1916.

Inspector: Capt. E. A. Waterhouse, May 6, 1907, to June 30, 1910.

Adjutant and inspector:

Capt. E. A. Waterhouse, July 1, 1910, to March 4, 1914.
 Capt. M. E. Drew, March 5, 1914, to January 6, 1918.
 Capt. Frank C. Kibbey, January 8, 1918, to August 1, 1918.
 Capt. Clark W. Hines, August 11, 1918, to April 4, 1919.
 Capt. J. S. Gamble, May 15, 1919, to January 1, 1922.
 Capt. A. B. Conley, February 1, 1922, to February 28, 1926.

Chaplains:

Rev. W. J. Gillespie, October 1, 1886, to June 30, 1898.
 Rev. Thomas H. Kinsella, November 1, 1902, to February 28, 1910.
 Rev. Owen E. Degan, April 1, 1918, to December 12, 1918.
 Rev. James M. Payne, June 27, 1898, to October 1, 1921.
 Rev. Delphos L. Berry, December 31, 1921, to September 30, 1927.
 Rev. Charles S. Vail, October 1, 1927, to March 31, 1928.

Senior assistant surgeons:

Capt. Lloyd G. Campbell, March 1, 1913, to May 25, 1916.
 Capt. John L. Fryer, May 26, 1916, to May 31, 1917.
 Capt. John J. Moore, June 1, 1917, to July 28, 1917.
 Capt. Oliver A. Menges, December 15, 1917, to March 31, 1919.
 Capt. A. W. Bartel, April 1, 1918, to July 1, 1920, and August 1, 1922, to August 1, 1926.

GOVERNOR'S REPORT OF THE PACIFIC BRANCH, YEAR ENDING JUNE 30, 1929

Branch established 1888 by act of Congress approved March 21, 1866. Located in Los Angeles County, 4 miles east of Santa Monica. Post-office address, National Military Home, California. The reservation comprises 675.5 acres, of which 393.5 are included in lawns, parks, and cemetery, and 7.65 miles of roadway; 282 acres are used for farming, gardening, and orchards, and 20 acres in pasture. There are 113 buildings on the reservation, including 13 barracks, and 13 frame, maximum capacity 2,325; 3 hospital buildings, 1 brick, 1 frame, and 1 concrete and tile, maximum capacity 845 patients, and 97 other buildings, including storehouses, powerhouse, theater, chapels, library, mess hall, etc., of which 3 are brick, 1 reinforced concrete, and 93 frame. Land acquired by donation; original cost of buildings, \$3,368,194.50; appraised value of buildings and grounds, \$9,537,540.

FARM

The appropriation for farm includes expenditures in the upkeep of roads, cemeteries, lawns, parks, greenhouses, flower gardens, stables, dairies, feeds, purchase of all animals, and all supplies used and services required in connection with these places.

Stable: Average number of public animals kept during the year, 7 horses, 9 mules; appraised value, \$1,100. Average number of private horses kept, 1 (8 months). Number and kind of public vehicles in use, 4 motor trucks, 5 motor ambulances, 2 motor fire trucks, 2 caissons, 2 sprinkling wagons, 1 dump wagon, 15 farm wagons, 2 dump carts.

OPERATION OF DAIRY

No dairy operated.

SUMMARY

One hundred and ninety-four thousand five hundred and seventy-one gallons of milk were purchased during the year at 38 cents per gallon.

FARM AND GARDEN

Two hundred and sixty-two acres were cultivated, as follows: By the home under farm appropriation, 28 acres hay land, 36 acres orchards, and 19 acres vegetable gardens. By renters on lease, 179 acres.

Products and disposition

Articles	Used in commissary, and sales	Consumed by farm	Total product
Vegetables.....	\$11,246.18		\$11,246.18
Fruit.....	1,684.80		1,684.80
Lemons.....	2,497.95		2,497.95

Productive: Farm proper and vegetable garden.....	13½	7,340.00	3,146.23	10,486.23

Total expenses of operating productive enterprises under this head, \$10,486.23; value of products, \$15,929.93; net gain, \$5,443.70.

HEATING, LIGHTING, AND POWER PLANT, WATER, AND GAS

The steam plants consist of two 88-horsepower, installed in 1904; three 188-horsepower, installed in 1911, 1914, and 1920; one 350-horsepower Stirling, installed in 1922; and one 400-horsepower UIW water-tube boilers. The one 400-horsepower was installed in 1927; one 75-horsepower cross compound, vertical steam engine, installed in 1895; one 110-horsepower automatic self-contained, horizontal Chuse engine, installed in 1915; 2 Ingersoll-Rand, type 10, compound steam air compressors, 375 cubic feet air capacity, 1 installed in 1909 and the other in 1910; 1 No. 5 Stilwell hot-water heater installed in 1922; and 1 type L special Moffat installed in 1926; 2 centrifugal pumps, 1 hot water and 1 cold water, FM make, approximately 300 gallons per minute capacity, installed in 1924; 1 fire pump 1,000 gallons per minute capacity at 125 pounds pressure, Deane duplex type, installed in 1905; 2 dynamos, 250 volts direct current, 1 of 55 kilowatts installed in 1909, and the other of 75 kilowatts capacity installed in 1916. Boilers 5 and 6 are replacements of the 5 original boilers.

The lighting system consists of poles and wire, together with necessary fittings and furnishings, carrying the primary 2,200 volts, and the secondary, 110-volt circuits, and 220-volt direct current power and street lighting circuits, including the controlling and distributing apparatus, appliances, and lamps of same installed in 1895. Part of current for lighting is furnished by the California Edison Co., but transformers are the property of the home.

Refrigerating and ice plant consists of 2 steam-driven, 10-ton ice-making capacity ammonia compressors—1 York installed in 1909, and 1 Vilter installed in 1914; 4 ammonia condensers, York; 2 brine tanks; 2 brine pumps, together with all necessary accessories and equipment for refrigeration work and artificial ice making. In addition to the central plant, there are 4 isolated refrigerating plants, electric operated—1 Vilter installed in 1915 in Companies 5 and 6 kitchen; a Bedell installed in 1921 in the hospital annex; a Vilter installed in the main hospital in 1927; and a Vilter installed in the general mess building in 1929.

Total cost of maintenance and operation for the year:

Employees, refrigeration and ice plant (11 men combined in 1 plant).....	\$12,592.00
Fuel.....	50,287.12
Oils, other than fuel.....	201.50
Repairs, including parts.....	973.70
All other supplies.....	568.25
Total.....	64,602.57

Fuel: 2,175,397 gallons crude oil were purchased at \$0.0231 per gallon. Year prior 2,009,611 gallons were purchased at \$0.024 per gallon.

Electric current: Electric current produced, 323,700 kilowatt-hours; cost per kilowatt-hour, \$0.01726; purchased, 789,200 kilowatt-hours; cost per kilowatt-hour, \$0.01524; total cost of current, \$17,615.47.

158 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS

Gas: Gas was used for cooking in messes, officers and employees' quarters, and bakery; 7,276,200 cubic feet purchased, at \$5,093.34. Year prior, 6,451,000 cubic feet purchased, at \$4,724.55.

Water: Pumped 118,926,368 gallons, at \$0.0576; \$6,860. Daily average consumption of water was 882,345 gallons. Purchased 203,149,500 gallons at \$0.07948 per 1,000 gallons, \$16,147.82. Prior year purchased 117,038,250 gallons at \$0.089 per 1,000 gallons, \$10,483.85.

Ice: Capacity of ice plant, 30 tons refrigeration and 15 tons ice; 677 tons produced at a cost of \$1.36 per ton.

LAUNDRY AND DRY-CLEANING PLANT

Laundry machinery and equipment consists of 4 Troy extractors, 4 Troy washing machines, 2 steam mangles, 5 electric motors, 3 tumblers, 2 clothes presses, and 2 motor-driven sewing machines. Dry-cleaning equipment consists of 1 washing machine, 1 motor, 2 presses, 1 tumbler, 2 motor-driven sewing machines, 1 gasoline pump, 1 condenser, and 1 still.

Cost of operation

	Employees		Amount for services	Supplies	Parts	Total
	Male	Female

Average pounds of bread produced from 100 pounds of flour, 144.

Average number of employees, 3; amount paid employees, \$1,820; cost of fuel, \$333.90; total, \$2,353.90.

LIBRARY

Reading room has a capacity of 65 persons, and is open daily between the hours of 8 and 11.30 a. m.; 12.30 and 4.30 p. m., 6 and 8 p. m. Forty-five newspapers and 377 periodicals were supplied. Three hundred and fifty-eight new new books purchased during year; total number of volumes, 13,849.

There are three persons employed in the library. Cost of services, \$1,540; 38,395 books were circulated or read.

RELIGIOUS SERVICES

Protestant.—The chaplain is a commissioned officer, is furnished quarters, and resides at the branch. The chapel has a seating capacity of 400 persons. Five choristers were employed. Regular services were held twice a week. Average attendance, 300. The chaplain officiated at 431 funerals, and regularly visited the hospital twice a week.

Catholic.—The chaplain is not a commissioned officer, is not furnished quarters, and resides outside the branch. The chapel has a seating capacity of 300 persons. Five choristers were employed. Regular services were held seven times a week. Average attendance, 200. Other services once a week. The chaplain officiated at 99 funerals, and regularly visited the hospital seven times per week.

CEMETERY

There were 581 burials in the cemetery during the year. Total number buried there, 9,865. Total capacity of the cemetery, 14,000 graves.

NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS 161

BAND

Average number of men in band during the year, 10. Paid from general fund, \$10,614.32; clothing, \$174.40; subsistence, \$573.95; total, \$11,362.67.

WM. A. HADLEY, *Governor*.

FORMER OFFICERS OF THE PACIFIC BRANCH FROM JUNE 30, 1919, TO JUNE 30, 1929

Governors:

Col. P. H. Barry, March 1, 1913, to December 31, 1920.

Col. O. K. Marshall, February 1, 1921, to November 30, 1926.

Surgeons:

Maj. H. P. Dulaney, August 1, 1917, to November 5, 1920.

Maj. Vernon Roberts, November 6, 1920, to June 30, 1923.

Quartermasters:

Capt. M. S. Murray, August 1, 1914, to March 31, 1923.

Capt. E. B. Newcomb,¹ April 1, 1923, to July 17, 1926.

Capt. W. M. Martin, July 17, 1926, to November 1, 1927.

Commissary of subsistence: Capt. John Miller, July 1, 1916, to September 15, 1926.

Chaplains: Rev. Mathias Kaufman, March 20, 1918, to December 31, 1922.

Senior assistant surgeons:

Capt. C. E. Perry, August 26, 1921, to September 16, 1921.

Capt. Clyde Leeper, October 6, 1921, to February 19, 1922.

Capt. A. C. Weaver, February 16, 1922, to September 30, 1923.

Maj. E. B. Frisbee, November 10, 1923, to May 10, 1926.

¹ Reemployed in the same capacity Nov. 1, 1927.

GOVERNOR'S REPORT OF THE MARION BRANCH, YEAR ENDING JUNE 30, 1929

Branch established 1890 by act of Congress approved July 23, 1888. Located near Marion, in Grant County, Ind., post-office address, National Military Home, Ind. The reservation comprises 299.03 acres; 107 acres are included in lawns, parks, cemetery, and 4.87 miles of roadway; 78½ acres used for farming; 62.03 acres of woods; and 51½ acres of pasture. A dairy is operated with 41 milch cows and 68 in herd. There are 67 buildings on the reservation, including 11 cottage buildings, all brick, maximum capacity 720 patients; 4 hospital buildings, all brick, maximum capacity 372 patients; and 52 other buildings, including storehouses, mess hall, power house, theater, chapels, library, etc., of which 20 are brick, 28 frame, and 4 concrete. Land acquired by purchase, cost \$34,262.75. Original cost of buildings, \$1,602,657.19; appraised value, \$2,376,230.72.

AMUSEMENTS

Members are admitted to all entertainments and have the privileges of the club-houses, games, and library free of charge.

There were given 335 band concerts, 292 motion-picture shows, 12 baseball games and 9 theatrical performances.

Under this head there was expended for:

292 motion-picture shows.....	\$3,280.54
12 baseball games.....	225.50
9 theatrical entertainments.....	827.53
Books, etc., and clubroom equipment.....	770.32
For services, members of the band and other employees authorized.....	6,045.00
Christmas Day activities.....	500.00
Miscellaneous.....	1,345.93
Total.....	13,094.82

The expenditures from post fund for amusements and welfare of members amounted to \$13,094.82, a per capita of \$12.78, figured on the average present.

MEDICAL DEPARTMENT

The treatment hospital is divided into four wards, and has a capacity for 122 patients.

Annex No. 1 is divided into two wards and has a capacity for 31 patients.

Annex No. 2 (reception hospital) is divided into seven wards and has a capacity for 139 patients.

The neuropsychiatric-tuberculosis unit has a capacity for 80 patients.

Eleven cottages, each divided into three wards, with a total capacity for 732 patients.

There are 15 assistant surgeons, including 2 dental surgeons; 53 female trained nurses, and 162 male attendants.

On June 30 there were 1,056 patients present. There were 48 vacant beds on that date, of which 5 were in treatment hospital, 6 in reception hospital, 26 in neuropsychiatric-tuberculosis unit, and 11 in cottage group.

Average present sick, number treated, number of deaths, etc., for the year ending June 30, 1929, and for the prior fiscal year, were as follows:

	June 30, 1929	June 30, 1928
Average present sick in hospital.....	1,025	1,013
Percentage of average present sick to average present.....	100	100

FARM

Stable: Average number of public animals kept during the year, 1 horse, 7 mules; appraised value, \$1,074. Purchased during the year, 2 mules. Number and kind of public vehicles in use: 4 dump carts; 1 (1-horse) delivery wagon; 5 farm wagons; 2 jigger wagons; 3 autotrucks (Ford and 2 G. M. C.).

Two auto ambulances under hospital.

OPERATION OF DAIRY

Calves produced and added to the herd are accounted for under the heading "Herd;" calves sold as such are accounted for under the heading "Production." Feed raised and consumed and milk transferred to subsistence or sold are charged at market prices. No account is taken of pasturage on home grounds, this being offset by the manure.

Herd:	
On hand June 30, 1928, 43 cows, 24 other cattle (value).....	\$5,265.00
On hand June 30, 1929, 41 cows, 27 other cattle (value).....	5,175.00
Decrease.....	90.00
Received for stock sold out of herd.....	595.20

Cost of maintenance:	
Feeds purchased.....	3,371.80
Feeds raised on farm and consumed.....	2,776.68
Veterinary and other expenses.....	48.20
Services, employees.....	3,602.23
Total cost.....	9,798.91

Production:	
35,628½ gallons at \$0.2175 per gallon used in commissary and sold.....	\$7,749.20
16 calves sold.....	110.00
Total receipts.....	7,859.20
Loss.....	1,939.71
Summary:	
Increase in investment.....	505.20
Loss in operation.....	1,939.71
Net loss.....	1,434.51

In addition to the 35,628½ gallons of milk shown above, 1,813½ gallons were used to feed 27 calves. The average daily yield per cow, figured on the average number of cows, was 2.95 gallons. The average daily yield per cow, figured on the average number of cattle kept, was 1.478 gallons. 78,746 gallons of milk were purchased during the year, at \$0.2175 per gallon. The cost of production of milk in commissary and sold was \$0.27½ per gallon.

FARM AND GARDEN

Seventy-eight and one-half acres were cultivated, as follows: 25 alfalfa, 37 corn, 16½ garden.

Products and disposition

170 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS

HEATING, LIGHTING, AND POWER PLANT, WATER, AND GAS

The steam plant consists of six 250-horsepower Stirling water-tube boilers, two installed in 1903, two in 1905, one in 1908, and one in 1913; one 352-horsepower Badenhause water-tube boiler installed in 1922; two turbo-blowers installed in 1918; three boiler-feed pumps, one American Marsh installed in 1928, one Marsh installed in 1913, one Dean installed in 1923, one Graves sand filter, capacity 6,000 gallons per hour, installed in 1923; one Detrick-Hagen steam-jet ash conveyor, installed in 1923; one Stillwell feed-water heater No. 5, manufactured about 1900, installed in 1923; one International filter water-softening system, capacity 6,000 gallons per hour, installed in 1922; live and exhaust steam heaters and three circulating pumps, one DeLaval installed in 1904, one Lawrence installed in 1904, one Midwest turbine pump installed in 1922 are used in connection with the general hot-water heating system. One 30-horsepower General Electric motor, installed in 1921, driving stoker and coal-elevator equipment.

The pump system consists of one 10-inch, eight 8-inch, and one 6-inch well 87 feet deep; one 24-inch well 103 feet deep pumped direct into standpipe by a Layne & Bowler centrifugal pump driven by a 35-horsepower Westinghouse electric motor, installed in 1922. The 10, 8, and 6 inch wells are operated only in cases of emergency by an Ingersol-Rand steam-driven air compressor, installed in 1900, used to lift the water from the wells into a 150,000-gallon reservoir, from which it is pumped into a 240,000-gallon standpipe with an R. D. Wood & Co. electric-driven centrifugal pump, installed in 1914.

The lighting system consists of one 250-horsepower McEwen simple engine, installed in 1900, and one 450-horsepower Hamilton-Corliss engine, installed in 1922; one 120-kilowatt Westinghouse generator, installed in 1900, and one 385-kilowatt Westinghouse generator, installed in 1922; one Westinghouse 11-panel switchboard, installed in 1923; and 1 complete electrical substation capable of producing 300 kilowatts, this current obtained from a 33,000-volt transmission line from Indiana General Service Co., a public utility, installed in 1921.

The refrigeration and ice plant consists of one 10 by 22 inch Ruemmeli-Dawley ammonia compressor driven by a 100-horsepower Corliss engine, installed in 1903, also by a 85-horsepower Westinghouse electric motor, installed in 1925; together with tanks, pipe lines, condensers, and other apparatus necessary to produce ice and circulate calcium chloride brine through cold-storage rooms at commissary, hospital, main kitchen, and reception hospital.

Total cost of maintenance and operation for the year:

Employees:		Fuel.....	\$38,944.14
Steam plant.....	\$13,220.00	Oils, other than fuel.....	625.00
Lighting plant.....	3,185.00	Repairs, including parts.....	4,413.53
Refrigeration and ice plant.....	2,640.00	All other supplies.....	1,009.68
	19,045.00	Total.....	61,038.25

Fuel: 14,551.75 tons bituminous coal were purchased at \$2.9128 per ton. Year prior 9,959.55 tons were purchased at \$4.10 per ton.

Electric current: Electric current produced 946,460 kilowatt-hours; cost per kilowatt-hour, \$0.01847; purchased 4,200 kilowatt-hours; cost per kilowatt-hour, \$0.0446; total cost of current, \$17,677.96.

Gas: Gas was used for cooking in all messes and private families, baking at bakery, and heating water in families' private quarters; 10,558,000 cubic feet purchased at \$7,963.50; year prior 12,379,000 cubic feet purchased at \$9,329.25.

Water: Daily average consumption of water was 390,000 gallons.

Ice: Capacity of ice plant, 12 tons refrigeration and 6 tons ice; 449,975 tons produced at a cost of \$2.22 per ton.

LAUNDRY AND DRY-CLEANING PLANT

Laundry machinery and equipment consists of one 5-horsepower Westinghouse motor, installed in the laundry annex in 1928; one 30-horsepower Westinghouse motor, installed in 1904; 3 American Laundry Machine Co. washers, 2 installed in 1922 and one in 1923; 2 Troy Laundry Machine Co. washers installed in the laundry annex in 1928 (old machines transferred from the Battle Mountain Sanatorium), 1 Troy Laundry Machine Co. washer, installed in 1927 (new machine received by transfer from the Danville Branch); 3 American Laundry Machine

Co. extractors, 2 installed in 1914, 1 installed in 1922, and one American Laundry Machine Co. extractor, installed in the laundry annex in 1928; 2 American Laundry Machine Co. dry tumblers, 1 installed in 1914 and 1 installed in 1922; 1 Ohio Laundry Machine Co. mangle, installed in 1914; 4 Troy Laundry Machine Co. prosperity garment presses, 2 installed in 1921 and 2 installed in 1922.

Dry-cleaning plant equipment consists of 2 American Laundry Machine Co. washers, installed in 1915; 1 National Anoline Chemical Co. extractor, installed in 1910; 1 Atlas Machine Co. tumbler, installed in 1915; 1 U. S. Hoffman 7A pressing machine, installed in 1924; 1 U. S. Hoffman 8A-Oval pressing machine, installed in 1924; 1 DeLaval continuous flow gasoline clarifier, installed in 1926; 5 gasoline storage tanks and 1 pump, installed in 1915; 1 U. S. Hoffman valet pressing machine, installed in 1929.

Cost of operation

	Employees		Amount for services	Supplies	Parts	Total
	Male	Female				
Laundry.....	3½	6	\$8, 100. 67	\$1, 870. 42	\$223. 43	\$10, 194. 52
Dry cleaning plant.....	1½	1	1, 790. 00	315. 11	41. 16	2, 146. 27
Total.....	5	7	9, 890. 67	2, 185. 53	264. 59	12, 340. 79

1,381,119 pieces laundered; cost per piece, \$0.00733; cost per capita, \$9.95; 38,074 pieces dry cleaned; cost per piece, \$0.0299; cost per capita, \$1.139.

Electric-light plant data

Average steam consumed per horsepower-hour, produced in power house in year..... 3, 529, 680
 Average number of kilowatts generated in the light plant, during the entire year..... 946, 460
 946,460 kilowatts equals 946,460,000 watts; 1 horsepower steam produces 746 watts.
 946,460,000 divided by 746 gives the amount of horsepower-hours of steam required to produce the current for the year as 1,268,713.

The loss of steam because of condensation, traps, leaks, etc. is estimated to be 5 per cent, making the total amount of horsepower-hours of steam required to produce the current 1,332,149.

Low pressure steam is used for heating purposes during 7 months of the year, during which time one half of the steam used in the light plant is credited that plant.

Seven-twelfths of 1,332,149 equals 777,056 horsepower-hours used to produce current in 7 months.

One-half of 777,056 equals 388,528 horsepower-hours consumed to produce current in 7 months.

1,332,149 less 388,528 equals 943,621 horsepower-hours consumed to produce current in 12 months.

943,621 divided by 3,529,680 gives the per cent of steam consumed by light plant to produce current to be 26.7 per cent.

Total cost of employees for the power house for the year is..... \$13, 220. 00

26.7 per cent of \$13,220 is portion of power-house labor cost to the light plant..... 3, 529. 74

Cost of employees in the light plant only..... 3, 185. 00

Total cost of employees to produce current..... \$6, 714. 74

Total cost of fuel consumed in power house for year, \$38,944.14.

5 per cent of \$38,944.14 is \$1,947.21 required for ice plant.

\$38,944.14 less \$1,947.21 is \$36,996.93.

26.7 per cent of \$36,996.93 equals cost of fuel to produce current..... 9, 878. 18

Total cost of oils consumed by the light plant..... 510. 77

Cost of water:

1 horsepower-hour of steam consumed 7½ pounds of water.

3, 529, 680 times 7½ equals 26,472,600 pounds of water.

26,472,600 divided by 8 equals 3,309,075 gallons of water consumed.

Cost of production of water is \$0.00001153 per gallon.

3,309,075 times \$0.00001153 equals cost of water required to produce current for the year..... 38. 15

Repairs including parts (for light plant only)..... 103. 63

All other supplies: 26.7 per cent of \$917.87 equals amount for light plant..... 245. 07

Total cost of current produced..... 17, 490. 54

\$17,490.54 divided by 946,460 equals \$0.01847 cost per kilowatt-hour produced.

SUBSISTENCE DEPARTMENT

Separate messing facilities are provided for the general cottage group, treatment hospital, and neuropsychiatric-tuberculosis unit. In addition, one building is equipped with a combination kitchen and dining room and is used as a reception hospital; also for the more disturbed patients five cottages are equipped with diet kitchens and dining rooms. To date four of these diet kitchens have been in operation, the patients in the other cottage taking their meals in the general mess hall.

In the treatment hospital, in addition to the main dining room which will seat 60, there are four diet kitchens with dining room attached to accommodate 30 patients each. All are in use by patients, the employees taking their meals in the main dining room of the building. All food for the diet kitchens in treatment hospital and those in the cottages is prepared in the treatment hospital kitchen and delivered in food conveyors.

The reception hospital is also equipped with a kitchen and dining room on the second floor, for use of the more disturbed patients, the food being prepared in the main kitchen of the building and delivered to the upper floor in food conveyors.

The clerks' mess was discontinued on March 12.

The mess-hall capacity of the branch at one sitting is as follows: General mess hall, 864; combination messes, 112; noncommissioned officers' and clerks' mess, 48; hospital general mess, 60; tubercular-cottage mess, 60; nurses' mess, 72; total, 1,216.

Average number of persons served by waiter at each sitting in above messes is, respectively, 43, 37, 15, 40, 34, 17.

Average sittings each meal, average number served each meal, average number of employees, and cost of rations

	Sittings	Number served	Dining room	Kitchen	June 30, 1929	June 30, 1928
General mess.....	1	772	18	23	\$0. 3739	\$0. 3018

Average pounds of bread produced from 100 pounds of flour, 137.

Average number of employees, 4; amount paid employees, \$3,408; cost of fuel, \$1,206.42; total, \$4,614.42.

LIBRARY

Reading room has a capacity of 40 persons, and is open daily between the hours of 8 a. m. and 8 p. m., October 1 to April 30; and 8 a. m. to 4.30 p. m., May 1 to September 30; 13 newspapers and 35 periodicals were supplied; 398 volumes new books purchased during year. There were received from various post offices an average of 146 periodicals per month.

Total number of volumes, 6,144.

There are two persons employed in the library; cost of services, \$1,305; 9,213 books were circulated or read.

RELIGIOUS SERVICES

Protestant.—The chaplain is a commissioned officer, is furnished quarters, and resides at the branch. The chapel has a seating capacity of 200 persons. Four choristers and one organist were employed. Regular services were held once a week. Average attendance, 110. The chaplain officiated at 15 funerals, and regularly visited the hospital four times per week.

Catholic.—The chaplain is not a commissioned officer, is not furnished quarters, and does not reside at the branch. The chapel has a seating capacity of 160 persons. Four choristers and one organist were employed. Regular services were held once a week. Average attendance, 100. Other services on holy days. The chaplain officiated at four funerals, and regularly visited the hospital four times per week.

CEMETERY

There were 20 burials in the cemetery during the year. Total number buried there, 3,033. Total capacity of the cemetery, 4,800 graves.

BAND

Average number of men in band during the year, 9.5. Paid from general fund, \$9,584.98; subsistence, \$1,157.34; total, \$10,742.32.

W. E. REARDON, *Executive Officer.*

FORMER OFFICERS OF THE MARION BRANCH, JULY 1, 1928, TO JUNE 30, 1929

Chaplain: Capt. E. S. Scott, January 1, 1917, to August 21, 1928.

Adjutant and inspector, executive officer: Capt. F. A. Cleveland, January 1, 1923, to April 12, 1929.

Assistant surgeon: Capt. George W. Lee, December 9, 1921, to May 15, 1929.

GOVERNOR'S REPORT OF THE DANVILLE BRANCH, YEAR ENDING JUNE 30, 1929

Branch established August 10, 1898, by act of Congress of June 4, 1897. Located, Danville, Ill.; post-office address, National Home, Danville, Ill. The reservation comprises 324.56 acres; 201 acres are included in lawns, parks, cemetery, and lake, and 7.97 miles of roadway; 80 acres are grass and pasture land; no woodland; 42 acres hay and farming, and 1.56 acres for flowers. There are 57 buildings on the reservation, including 14 barracks, all brick; maximum capacity, 1,958 members; 1 hospital building, brick, maximum capacity, 263 patients; and 42 other buildings, including storehouses, mess hall, power house, theater, chapels, library, etc., of which 18 are brick, 3 brick and frame, 19 frame, 1 frame and glass, and 1 frame and stone. Land acquired by purchase; cost, \$45,961.26; original cost of buildings, \$1,360,482.95; appraised value, \$1,290,810.

UTILITIES

Heating: Steam, with 12 boilers, 120 horsepower, using 19,551.34 tons coal, at \$2.48 per ton.....	\$48,487.33
Gas: 3,269,600 cubic feet, for cooking, at \$1.35 per thousand cubic feet.....	4,416.22
Power and lighting: 470,019 kilowatt-hours, purchased, at \$0.0354 per kilowatt-hour.....	16,509.70
Water:	
67,912,500 gallons purchased at \$0.1051 per thousand gallons.....	\$7,137.26
9,805,420 gallons pumped, at \$0.0066 per thousand gallons.....	64.70
	7,201.96

Productive: Farm proper and vegetable garden.....		1	506.67		371.91	878.58

Total expenses of operating productive enterprises under this head, \$878.58; value of products, \$1,322.66; net gain, \$444.08.

HEATING, LIGHTING AND POWER PLANT, WATER AND GAS

The steam plant consists of twelve 120-horsepower Babcock & Wilcox boilers and conveyor equipment installed in 1898. The refrigeration and ice plant consist of 1 Vilter ammonia compressor, 1 brine and freezing tank, 1 ammonia storage tank, 1 condenser, 1 ice dump, 1 ice hoist track car, 1 agitator, 2 brine pumps, 3 motors, 1 rotary pump, 1 fresh-water circulating pump, 160 freezing cans; installed in 1922.

Total cost of maintenance and operation for the year:

Employees:		Oils, other than fuel.....	\$165.50
Steam plant.....	\$15,253.07	Repairs, including parts.....	1,568.12
Refrigeration and ice plant.....	2,257.20	All other supplies.....	383.94
	\$17,510.27	Total.....	68,115.16
Fuel.....	48,487.33		

Fuel: 19,601.25 tons bituminous coal were purchased, at \$2.48 per ton. Year prior 18,581.25 tons were purchased, at \$2.62 per ton.

Electric current: Purchased 470,019 kilowatt-hours; average cost per kilowatt-hour, \$0.0354; total cost of current, \$16,509.70.

Gas: Gas was used for cooking—small quantity for dry cleaning and heating of water; 3,269,600 cubic feet were purchased, at an average price of \$1.35 per thousand. Year prior, 3,236,600 cubic feet were purchased, at an average price of \$1.351 per thousand.

Water: Daily average consumption of water was 212,926 gallons. Purchased 67,912,500 gallons, at \$0.1051 per thousand gallons. Prior year purchased 66,015,000 gallons, at \$0.1059 per thousand gallons.

Ice: Capacity of ice plant, 5 tons refrigeration and 9 tons ice; 1,170 tons produced at a cost of \$2.06 per ton.

LAUNDRY AND DRY CLEANING PLANT

Laundry machinery and equipment consist of 2 mangles, 1 dry room, 2 drying tumblers, 2 extractors, 1 steam engine, 2 electric motors, 1 sterilizer, 3 washers, and 1 pressing machine; dry-cleaning equipment, 1 drying tumbler, 1 dust wheel, 1 extractor, 2 pressing machines, 1 still, 2 washers, and 1 electric motor.

Cost of operation

	Employees		Amount for services	Supplies	Parts	Total
	Male	Female				
Laundry.....	9	4	\$6,647.32	\$3,114.92	\$81.16	\$9,843.40

Total.....	221,043	351,727	.0344

Average pounds of bread produced from 100 pounds of flour, 143; average number of employees, 3; amount paid employees, \$2,552.33; cost of fuel, \$700.83; total, \$3,253.16.

LIBRARY

Reading room has a capacity of 72 persons, and is open daily between the hours of 8 a. m. and 8 p. m.; 17 newspapers and 37 periodicals were supplied; 315 volumes of new books purchased during year. Total number of volumes, 8,317.

There are three persons employed in the library; cost of services, \$1,591.44. Books circulated or read, 23,150.

RELIGIOUS SERVICES

Protestant.—The chaplain is a commissioned officer, is furnished quarters, and resides at the branch. The chapel has a seating capacity of 250 persons. Five choristers were employed. Regular services were held once a week; average attendance, 100. Other services, five midweek services during Lent. The chaplain officiated at 72 funerals, and regularly visited the hospital six times per week.

Catholic.—The chaplain is a commissioned officer, is furnished quarters, and resides at the branch. The chapel has a seating capacity of 250 persons. Five choristers were employed. Regular services were held once a week; average attendance, 150. Other services six times per week (services during Lent three times a week, and every evening during October). The chaplain officiated at 19 funerals, and regularly visited the hospital six times per week.

CEMETERY

There were 84 burials in the cemetery during the year. Total number buried there, 3,860. Total capacity of the cemetery, 6,000 graves.

BAND

Average number of men in band during the year, 10½. Paid from general fund, \$10,895.99; subsistence, \$761.89; total, \$11,657.88.

O. K. MARSHALL, *Governor.*

OFFICERS, JUNE 30, 1929

Col. Oliver K. Marshall, governor. Appointed December 1, 1926.
Maj. Ralph W. Jones, treasurer. Appointed January 1, 1927.
Maj. Aldine E. Morgan, surgeon. Appointed August 16, 1926.
Capt. Claude R. Forshier, quartermaster. Appointed January 1, 1927.
Capt. John H. Steward, commissary of subsistence. Appointed September 23, 1927.
Capt. Donald S. Slade, adjutant and inspector. Appointed January 1, 1927.
Rev. J. D. Ewers, chaplain. Appointed April 1, 1924.
Rev. J. M. Sheedy, chaplain. Appointed August 1, 1925.
Capt. L. S. Hughes, senior assistant surgeon. Appointed October 6, 1924.

FORMER OFFICERS, DANVILLE BRANCH, SUBSEQUENT TO REPORT FOR FISCAL YEAR 1919

Governors:

Col. Henry E. Rives, July 1, 1917, to June 30, 1920.
Col. Marcus W. Collett, July 1, 1920, to December 31, 1921.
Col. Frederick E. Bury, January 1, 1922, to December 31, 1923.
Col. John A. Hadley, January 1, 1924, to November 30, 1926.

Treasurers:

Maj. Frederick E. Bury, December 1, 1919, to August 31, 1920.
Maj. Elbert M. Rowland, September 1, 1920, to April 30, 1923.
Maj. Frank F. Bott, May 1, 1923, to December 31, 1926.

Surgeons:

Maj. John C. Bird, August 1, 1917, to November 30, 1920.
Maj. Harry Miller, December 1, 1920, to August 31, 1922.
Maj. Edward N. Schillinger, September 1, 1922, to December 31, 1922.
Maj. J. L. Fryer, January 1, 1923, to June 30, 1923.
Maj. Vernon Roberts, July 1, 1923, to April 30, 1924.
Maj. Thos. S. Roach, May 1, 1924, to August 15, 1924.
Maj. A. B. Thompson, August 16, 1924, to August 15, 1926.

Quartermasters:

Capt. Elbert M. Rowland, April 1, 1918, to August 31, 1920.
Capt. R. C. Finley, September 1, 1920, to April 30, 1924.
Capt. Ralph W. Jones, May 1, 1924, to December 31, 1926.

186 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS

Commissaries:

Capt. Joseph Ziesing, July 1, 1918, to July 20, 1921.
Capt. J. B. Machle, July 21, 1921, to August 13, 1924.
Capt. A. V. Bormann, August 16, 1924, to March 31, 1927.
Capt. A. G. Thomas, April 1, 1927, to September 22, 1927.

Adjutant and inspectors:

Capt. William H. Platt, March 11, 1917, to December 31, 1919.
Capt. Claude R. Forshier, January 1, 1920, to December 31, 1926.

Chaplains:

Rev. T. L. Stipp, September 1, 1915, to May 31, 1921.
Rev. F. J. McAuliffe, August 24, 1917, to July 31, 1922.
Rev. F. P. Smith, May 31, 1921, to December 31, 1923.
Rev. Jerome W. Walsh, August 1, 1922, to July 31, 1925.

Senior assistant surgeons:

Capt. E. N. Schillinger, November 20, 1919, to August 31, 1922.
Capt. L. G. Campbell, May 1, 1923, to January 10, 1924.
Capt. George R. Randall, May 1, 1924, to October 5, 1924.

GOVERNOR'S REPORT OF THE MOUNTAIN BRANCH, YEAR
ENDING JUNE 30, 1929

Branch established 1903 by act of Congress. Located in Washington County, Johnson City, Tenn. Postoffice, Soldiers Home Branch, Tennessee. The reservation comprises 447.48 acres; 130.48 acres are included in lawns, parks, cemetery, and 9.33 miles of roadway; 192 acres used for farming, 20 acres of woods, and 104 acres of pasture. A dairy is operated, with 75 cows, 27 heifers, and 3 bulls. There are 59 buildings on the reservation, including 5 barracks, brick, maximum capacity 1,040 members; 4 hospital buildings, 3 brick, 1 frame, maximum capacity 661 patients; and 50 other buildings, including storehouse, mess hall, power house, theater, chapels, library, etc., of which 20 are brick, 28 frame, and 2 concrete. Land, acquired by purchase, cost \$29,356.50; original cost of buildings, \$2,165,045.61; appraised value, \$2,146,253.

Utilities

Heating: Steam, with 6 boilers 1,730 horsepower, using 19,783 tons coal--16,015 tons at \$2.24 per ton and 3,768 tons at \$2.09 per ton.....	\$43,748.72

W. F. DAVIS, *Member.*

Stable.—Average number of public animals kept during the year: 1 horse, 4 mules. Appraised value, \$475. Number and kind of public vehicles in use: 1 G. M. C. truck, 2 White trucks, 1 Chevrolet truck, 3 motor ambulances, 1 dump cart, 5 farm wagons, and 1 manure spreader.

OPERATION OF DAIRY

Calves produced and added to the herd are accounted for under the heading "Herd"; calves sold, as such, are accounted for under the heading "Production." Feed raised and consumed and milk transferred to subsistence or sold are charged at market prices. No account is taken of pasturage on home grounds, this being offset by the manure.

Herd:		Production:	
On hand June 30, 1928, 58 cows, 42 other cattle (value).....	\$6,440.35	68,292 gallons, at 31 cents per gallon, used in commissary and sold.....	\$21,170.52
On hand June 30, 1929, 75 cows, 30 other cattle (value).....	7,354.55	26 calves sold.....	143.28
Increase.....	914.20	Total receipts.....	21,313.80
Expended for stock added to herd....	925.00	Profit.....	2,476.37
Received for stock sold out of herd....	577.00		
Expenditures more than receipts.....	348.00	Summary:	
Net increase in investment.....	566.20	Increase in investment.....	566.20
		Profit in operation.....	2,476.37
Cost of maintenance:		Net Profit.....	3,042.57
Feeds purchased.....	4,936.62		
Feeds raised on farm and consumed....	5,755.92		
Veterinary and other expenses.....	129.88		
Services, employees.....	8,015.01		
Total cost.....	18,837.43		

In addition to the 68,292 gallons milk shown above, 1,624 gallons were used to feed 36 calves. The average daily yield per cow, figured on the average number of cows, was 2.86 gallons. The average daily yield per cow, figured on the average number of cattle kept, was 1.74 gallons; 36,500 gallons of milk were purchased during the year at 31 cents per gallon. The cost of production of milk in commissary and sold was \$0.276 per gallon.

FARM AND GARDEN

Two hundred and ninety-six acres were cultivated, as follows: Corn, 55 acres; hay, 68 acres; barley, 45 acres; vegetable garden, 10 acres; vineyard, 4 acres; pasture, 106 acres; soy beans, 8 acres.

Products and disposition

Articles	Used in commissary and sales	Consumed by farm	Total product
Milk and calves.....	\$21,313.80		\$21,313.80

Total expenses of operating productive enterprises under this head, \$26,203.43; value of products, \$32,144.97; net profit, \$5,941.54.

196 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS

HEATING, LIGHTING, AND POWER PLANT, WATER, AND GAS

The steam plant consists of 4 Worthington water-tube boilers, 295 horsepower each, installed 1903; 2 Babcock & Wilcox water-tube boilers, one 200 horsepower, installed 1909, one 350 horsepower, installed 1923, all equipped with Detroit underfeed stokers and ash blower; 2 electric-driven draft fans; 2 boiler-feed pumps; 1 feed-water heater; and 2 auxiliary pumps connected to retaining cistern for emergency boiler feed.

The lighting system consists of three 100-kilowatt and one 50-kilowatt Western Electric Co. generators directly connected to Buckeye tandem compound engine, noncondensing, installed year 1903; 1 electric distribution switchboard, and 1 air pump.

The refrigeration and ice plant consist of 18 cold-storage rooms; 1 steam-driven compressor, installed year 1903-4; one 8 by 8 electric-driven York compressor, installed 1925; 1 York electric-driven 2-ton refrigerating system at hospital, installed 1927; 1 Lipman electric-driven 1-ton refrigerating system, annex No. 1, installed 1928; 1 freezing 130-can of 100 pounds' capacity, and condensers and cooling tank.

Total cost of maintenance and operation for the year:

Employees:	
Steam plant.....	\$12,382.57
Lighting plant.....	5,133.62
Refrigeration and ice plant.....	3,428.14
	20,944.33
Fuel.....	43,748.72
Oils, other than fuel.....	950.60
Repairs, including parts.....	3,368.74
All other supplies.....	6,297.95
Total.....	76,310.34

Fuel: 16,000 tons bituminous coal were purchased, at \$2.24 per ton, and 2,500 tons bituminous coal were purchased at, \$2.09 per ton. Year prior, 17,900 tons were purchased, at \$2.44 per ton.

Electric current: Electric current produced, 1,251,330 kilowatt hours; cost per kilowatt-hour, \$0.0092; total cost of current, \$11,512.86.

Gas: Gas was used for cooking in diet kitchens and in laboratories; 109,500 cubic feet purchased, at \$1.80 per 1,000 cubic feet; 50,300 cubic feet purchased, at \$1.70 per 1,000 cubic feet. Year prior, 116,700 cubic feet purchased, at \$1.80 per 1,000 cubic feet; 65,800 cubic feet purchased, at \$1.70 per 1,000 cubic feet.

Water: Daily average consumption of water was 477,585 gallons. Purchased, 174,317,800 gallons, at \$0.050335 per 1,000 gallons. Prior year purchased, 150,576,000 gallons, at \$0.050721 per 1,000 gallons.

Ice: Capacity of ice plant, 25 tons refrigeration and 6 (daily) tons ice produced, 7,300 tons. Refrigeration produced at a cost of \$0.72 per ton; 750 tons ice produced at cost of \$1.27 per ton.

LAUNDRY AND DRY-CLEANING PLANT

Laundry machinery and equipment consists of 1 large steam mangle, installed in 1903, 2 pressing machines, 3 hand irons, 5 washing machines, 1 drying tumbler, 1 steam dryer, 3 extractors, 2 motors, 1 soap-boiling tank, and 1 large sterilizer, 1 cloth press, 1 gas still.

Dry-cleaning equipment consists of 1 gasoline pump, 5 gasoline storage tanks, 1 motor, and 1 automatic steam fire extinguisher.

Cost of operation

	Employees		Amount for services	Supplies	Parts	Total
	Male	Female				
Laundry.....	6	8	\$8,348.00	\$1,075.61	\$637.34	\$10,060.95

Capt. Earle L. Hunter, adjutant and inspector.
Rev. W. R. Hughes, Protestant chaplain.
Rev. Georges Carpentier, Catholic chaplain.
Capt. R. L. Peyton (radiologist), assistant surgeon.
Capt. John D. Carpenter, assistant surgeon.
Capt. Warren M. Royal, assistant surgeon.

Capt. Sidney L. Mackey, assistant surgeon.
Capt. F. W. Willien, assistant surgeon.
Capt. W. H. VanBrackle (dental), assistant surgeon.
Lieut. Herbert L. Johnson, assistant surgeon.
Lieut. James M. Campbell (dental), assistant surgeon.
Lieut. Edwin H. Hayman, assistant surgeon.
Lieut. John E. McGinnis, assistant surgeon.
Lieut. Alexander J. Bryant, assistant surgeon.
Lieut. F. W. Ogg, assistant surgeon.
Lieut. Roy C. Long, assistant surgeon.
Lieut. George O. Webb, assistant surgeon.

Copy of report furnished to Inspector General, War Department, attached hereto, together with copy of appraisalment of the branch.

DAVID TOWNSEND, Governor.

GOVERNOR'S REPORT OF THE BATTLE MOUNTAIN SANI-TARIUM BRANCH, FISCAL YEAR ENDING JUNE 30, 1929

Branch established April, 1907, by act of Congress approved May 29, 1902. Located at Hot Springs, Fall River County, S. Dak. Post-office address is Hot Springs, S. Dak. The reservation comprises 101.36 acres; 70.36 acres are included in lawns, parks, cemetery, and 2¼ miles of roadway; 16 acres are used for farming purposes; no woods; 15 acres of pasture. There are 23 buildings on the reservation; 2 hospital buildings of stone, maximum capacity 560 patients, including administration, service, theater, chapels, plunge, laundry, storerooms, etc.; and 21 other buildings, including storehouses, power house, ice plant, etc., of which 1 is brick, 2 concrete, 2 stone, and 16 frame. Land acquired by dona-tion, 87 acres; by purchase, 34.36 acres; cost, \$18,452.81; original cost of build-ings, \$1,299,072.26; appraised value, \$1,270,408.

Utilities

	Total cost
Heating: Steam, 3 boilers, 250 horsepower, 1 boiler 300 horsepower, using 12,345.3 tons coal, at \$3.35 per ton.....	\$41,356.76
Gas: No gas used at this branch.	
Lighting: Electricity; purchased 189,136 kilowatt-hours, at \$0.04 per kilowatt-hour.....	7,565.44
Water: Pumped approximately 500,000 gallons per day. No water or steam meters at this branch. Impossible to estimate cost of pumping.	
Ice: Made 319 tons, at \$2.15 per ton.....	685.85
Laundry: 886,352 pieces laundered, at \$0.00522 per piece.....	4,634.76
Dry cleaning plant: None at this branch.

Transverse myelitis.....	1	Total.....	128

Amount expended from appropriation for hospital during the year:	
Services.....	\$112,983.29
Drugs and medicines.....	5,242.74
Wines, liquors, alcohol, and beer.....	180.21
All other supplies and appliances.....	5,896.00
Total.....	124,302.24

QUARTERMASTER'S DEPARTMENT—BUILDINGS

During the year no new buildings were constructed at this branch.

Major repairs and improvements were made during the year as follows: Grading, improvements of grounds and roads, approximate cost, \$2,062; painting officers' quarters, approximate cost, \$696. Total, \$2,758.

FARM

The appropriation for farm includes expenditures in the upkeep of roads, cemeteries, lawns, parks, greenhouses, flower gardens, stables, dairies, feeds, purchase of all animals, and all supplies used and services required in connection with these places.

Stable.—Average number of public animals kept during the year, two horses; appraised value, \$200. Number and kind of public vehicles in use, two motor ambulances and two motor trucks.

There is no dairy at this branch; 43,996 gallons of milk were purchased during the year, at \$0.278 cents per gallon; 1,957 gallons purchased at \$0.335 per gallon.

FARM AND GARDEN

Sixteen acres were cultivated, as follows: 10 acres of orchard; 6 acres of alfalfa. Alfalfa hay produce and consumed by farm, \$150.

Cost of operation

Nonproductive	Average number employees	Amount paid for services	Amount paid for supplies	Total
Upkeep, roads, cemeteries, etc.....	6½	\$4,659.06	\$486.43	\$5,145.43
Team, camp work.....	1	480.00	258.90	738.90

No garden operated by the home.

Cost of gasoline issued to officers, \$248.40.

208 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS

HEATING, LIGHTING AND POWER PLANT, WATER AND GAS

The steam plant consists of three water-tube boilers, B. & W. type, one hundred and twenty-six 4½-inch tubes, 18 feet long; two 36-inch steam drums to each boiler; 2,500 square feet of heating surface, 250 horsepower for each boiler, installed in 1906-7; and one 300-horsepower boiler, Casey-Hedges type, one hundred and forty 4-inch tubes, 18 feet long; one 48-inch drum; 3,000 feet of heating surface, installed in 1926-27. Also two steam pumps 14 by 8 by 12 inches; one steam water-fed pump, 12 by 7 by 12 inches; one steam creek pump, 12 by 7 by 12 inches; one steam pump, 8 by 5 by 12 inches; and one feed water heater, 600 horsepower.

The lighting system consists of switchboards and wiring, and cluster lights for grounds and stairway. Alternating current is used for the lighting system throughout all the buildings and direct current is used for the power system. Current is furnished by the Central West Public Service Co. on yearly contract. Transformers are furnished and maintained by the contractor.

The refrigeration plant consists of one electric and steam operated 11-ton, high-speed compressor of the Baker Ice Machine type, with all necessary condensing coils, gauges, etc.; two electric driven brine pumps, one brine tank of 72 cans, each of 100-pound capacity, with coils, etc.; two coolers—one 14 feet 6 inches by 13 feet 8 inches and one 16 feet 6 inches by 9 feet 3 inches, 9 foot ceilings; one ice storage room 10 by 13 by 9 feet. This equipment is housed in a 1-story stone building 38 by 44 feet. There are five cold-storage rooms in the new hospital annex No. 1—one 16 feet 4 inches by 7 by 9 feet, one 9 by 7 by 9 feet, one 7 feet 9 inches by 6 feet 6 inches, by 9 feet, and two 4 by 4 by 9 feet. There are also two cold-storage rooms in the service building of the main group, each 10 by 12 by 9 feet.

Total cost of maintenance and operation for the year:

Employees:	
Steam plant.....	\$7,970.18
Refrigeration and ice plant.....	480.00
	<hr/>
	8,450.18
Fuel.....	41,355.75
Oils, other than fuel.....	140.00
Repairs, including parts.....	1,200.00
All other supplies.....	24.35
	<hr/>
Total.....	51,170.28

Fuel: 12,430 tons coal (lignite screenings), were purchased at \$3.35 per ton. Year prior 13,127.15 tons were purchased at \$3.70 per ton; 403.65 tons coal (lignite egg), purchased at \$5.65 per ton.

Electric current: Electric current purchased, 408,209 kilowatt-hours (189,136 lighting, at \$0.04; 90,173 power, at \$0.035; 128,900 power, at \$0.0225); total cost of current, \$13,621.75.

Gas: No gas used.

Water: Daily average consumption of water was 500,000 gallons, all pumped by the home. No meters are used at this branch.

Ice: Capacity of ice plant 5½ tons refrigeration and 5½ tons ice; 319 tons produced at a cost of \$2.15 per ton.

LAUNDRY AND DRY CLEANING PLANT

The laundry machinery and equipment consist of two washers, direct motor driven; one washer, belt motor driven; three extractors, direct motor driven; one mangle, direct motor driven; one dry tumbler, belt motor driven; two steam presses, foot power; two steam presses, direct motor power; one bedding sterilizer, three ironing boards with electric irons; three electric fans.

There is no dry cleaning plant at this branch.

Cost of operation

Employees: Laundry—male, 2; female, 3. Amount for services, \$3,400.67; supplies, \$1,139.09; parts, \$95; total, \$4,634.76.

Pieces laundered, 886,352; cost per piece, \$0.00522; cost per capita, \$9.98. Pieces cleaned and pressed at this branch, 1,881.

¹ Cost per pie.

² Total cost of bread, pie, and cake.

Average number of employees, 1; amount paid employees, \$1,260; cost of fuel, \$118; total, \$1,378.

LIBRARY

Reading room has a capacity of 30 persons, and is open daily between the hours of 8 a. m. and 4.15 p. m.; 10 newspapers and 51 periodicals were supplied; 242 volumes new books purchased during year; total number of volumes, 5,371.

There are one and one-half persons employed in the library; cost of services, \$762.67; 1,165 books were circulated or read.

RELIGIOUS SERVICES

Protestant.—The chaplain is a commissioned officer, is furnished quarters, and resides at the branch. The chapel has a seating capacity of 500 persons. Four choristers were employed. Regular services were held twice each week; average attendance, 50. The chaplain officiated at 23 funerals, and regularly visited the hospital daily.

Catholic.—The chaplain is a civilian. The chapel has a seating capacity of 80 persons. Four choristers were employed. Regular services were held once each week; average attendance, 60; other services, holy mass and every holy day of obligation. The chaplain officiated at five funerals, and regularly visited the hospital twice each week.

CEMETERY

There were 28 burials in the cemetery during the year. Total number buried there, 605. Total capacity of the cemetery is about 4,000 graves.

BAND

Average number of men in band during the year, 10. Paid from general fund, \$10,158.99; clothing, \$259.35; subsistence, \$1,164.74; total, \$11,583.08.

GENERAL

There is a general increase in load at this branch, and it is expected that capacity will be reached early this fall. It is felt, however, that with the opening of the Veterans' Bureau hospital at Fargo, N. Dak., and next year one of 300 beds at Lincoln, Nebr., will relieve the situation for some years to come, after the coming winter.

The general physical conditions at the branch are excellent. No extensive alterations or repairs are needed. The roads have been built and oiled, and no repairs will be necessary for years to come. Officers' quarters have been painted and furnished.

There are four boilers at the power house in excellent working order. But two are being used during the summer months. Consumption of coal is at a minimum. A soft-water plant has been in operation for nearly a year, and giving splendid satisfaction.

The death rate has been small and from natural causes. Flies and mosquitoes are not a problem in this climate. Sanitation is good, there being no still water for miles. Drinking water is pure and abundant from a large spring.

A splendid spirit of cooperation exists between the citizens of Hot Springs and the local management upon all matters. Members of the home are treated with every courtesy. General morale has been good.

E. R. LINDNER, *Governor and Surgeon.*

GOVERNOR'S REPORT OF THE BATH BRANCH FOR THE YEAR ENDING JUNE 30, 1929

(The National Home assumed control of this Branch from the State of New York on May 1, 1929. This report covers May and June only.)

BRANCH OFFICERS

R. A. Bringham, governor.	G. J. Collins, adjutant and inspector.
V. B. Kincaid, treasurer.	C. E. Sutton, chaplain.
J. A. Barker, surgeon.	A. A. LeMay, chaplain.
N. G. Ehle, quartermaster.	J. E. Kelly, first assistant surgeon.
A. D. Salisbury, commissary of subsistence.	W. H. Armstrong, assistant surgeon.
	E. B. Downs, assistant surgeon.

LOCATION, RESERVATION, AND BUILDINGS

The branch is located 2 miles southwest of Bath, N. Y. Post-office address is Bath, N. Y. The reservation comprises 375½ acres, of which 75½ acres are included in lawns, roadways, and park, and 300 acres devoted to farm, garden, orchards, and woodland purposes. Acquired by lease May 1, 1929. Appraised value, \$606,476 at time home was built, 1878. There are 71 buildings on the reservation, including 6 barracks, brick, with a maximum capacity for 1,800 members; of the barracks, 2 occupied, 4 closed, 1 hospital building with a maximum capacity for 150 patients; and 64 other buildings, including storehouse, mess hall, power house, theater, chapels, library, etc., of which 43 are brick and 21 of frame construction. No buildings have been added during the past year. Original cost of buildings to date, \$579,866.

FARM

The appropriation for farm includes expenditures in the upkeep of roads, cemeteries, lawns, parks, greenhouses, flower gardens, stables, dairies, feeds, purchase of all animals, and all supplies used and services required in connection with these places.

Stable.—Average number of public animals kept during the year, 11 horses. Appraised value, \$950.

Number and kind of public vehicles in use: 1 Ford truck, 1 Larrabee truck, 1 Willys-Knight sedan (not used).

OPERATION OF DAIRY

Calves produced and added to the herd are accounted for under the heading "Herd"; calves sold, as such, are accounted for under the heading "Production." Feed raised and consumed, and milk transferred to subsistence or sold, are charged at market prices. No account is taken of pasturage on home grounds, this being offset by the manure.

Herd: On hand May 1, 1929, 24 cows, 19 other cattle; value \$3,175; on hand June 30, 1929, 25 cows, 18 other cattle; value, \$3,200; increase, \$25. Born, 5; killed, 5. Net increase in investment, \$25.

Total receipts.....	1,489.96
Profit.....	600.73
	3

SUMMARY

Increase in investment.....	\$25.00
Profit in operation.....	600.73
Net profit.....	625.73

In addition to the 3,716 gallons milk shown above, 1,075 gallons were used to feed 15 calves. The average daily yield per cow, figured on the average number of cows, was 1.9 gallons. The average daily yield per cow, figured on the average number of cattle kept, was 1.77 gallons. The cost of production of milk in commissary and sold was \$0.2394 per gallon.

FARM AND GARDEN

One hundred and fifty acres were cultivated, as follows: Farm—potatoes, 8 acres; corn, 8 acres; grain, 32 acres; hay and alfalfa, 85 acres. Garden, 17 acres.

PRODUCTS AND DISPOSITION

Articles	Used in commissary	Articles	Used in commissary

BAND

Average number of men in band during the year, 10. Paid from general fund, \$917.50.

GENERAL

This branch came into existence on May 1, 1929, through transfer under lease from the State of New York. The branch has a capacity of about 1,800 members, but only the hospital building and one barrack building, out of seven buildings, have been in use by the State for many years. The remaining five buildings are in such deteriorated condition through lack of use that quite an extensive repair program is necessary before the branch is ready for a capacity membership.

R. A. BRINGHAM, *Governor.*
