1. PURPOSE

This Veterans Health Administration (VHA) Handbook provides the required procedures for maintaining a viable Veterans Canteen Service.

2. BACKGROUND

a. The Veterans Canteen Service (VCS) was established in the Department of Veterans Affairs (VA) by Public Law 636, 79th Congress, 1946, as amended. The VCS furnishes, at reasonable prices, merchandise and services to specified classes of persons and is financed by a revolving fund.

b. To carry out its authorized purpose, the VCS organization was established consisting of a Central Office in St. Louis, Missouri; offices in designated geographical areas; and canteens located at VA facilities.

c. VCS is by law an independent unit within VA. No instructions or directives may be issued which would place VCS under any degree of control or supervision by any official other than the Secretary of Veterans Affairs (VA), the Under Secretary for Health, or the Deputy Under Secretary for Health for Operations and Management with respect to performance of VCS duties and functions authorized by the law. NOTE: While recommendations and suggestions may be made by other officials, all action on the basis of such recommendations or suggestions requiring direct control and supervision must be taken by the Under Secretary for Health or subordinate officials, who have the delegated authority and responsibility for operation of the VCS.

3. SCOPE

a. Under the direction of the Deputy Under Secretary for Health for Operations and Management, the Director, VCS, has been designated to exercise control over VCS activities including both VA Central Office and facility canteens, as prescribed by title 38 United States Code (U.S.C.) Chapter 78.

b. VCS Region Managers are responsible for all canteen activities in their assigned geographical areas.

c. The Chiefs, Canteen Service, who report to the Region Managers in their respective geographical regions, are responsible for all phases of canteen operations. The Canteen Chief at each facility is responsible to the facility Director and the VCS Region Manager for certain administrative phases of canteen operations and to the facility Director for the conduct of canteen employees and for their compliance with applicable facility policies and regulations.

d. The Director, VCS, VCS Executive Staff, and VCS Region Managers are authorized to sign correspondence of a technical, nondirective nature addressed to VA facility Directors.

e. Direct correspondence necessary for the conduct of VCS business is authorized
between offices of the VCS, VCS Region Managers and VA Integrated Service Network (VISN) Directors as well as between VCS Region Managers and VA facility Directors. The VCS Region Managers and VCS Executive staff are authorized to correspond directly with officials of other Government agencies, except on matters of Department policy.

For commercial transactions the offices of the VCS will be designated as follows:

Veterans Canteen Service Central Office
#1 Jefferson Barracks Rd.
Bldg. 25
St. Louis, MO 63125-4194
